THE LAKSHMI MILLS COMPANY LIMITED

ANNEXURE TO NOTICE

EXPLANATORY STATEMENT

Pursuant to Section 102 of the Companies Act, 2013 Item No. 4, 5 & 6

Sri SATISH AJMERA (DIN: 00208919) and Sri D. RAJENDRAN (DIN: 00003848), were appointed as an Independent - Non-Executive Directors of the Company by the Members at the 104th Annual General Meeting held on 15th September 2014 to hold office for a term of 5 (FIVE) consecutive years till the conclusion of the 109th Annual General Meeting or 14.09.2019, whichever is earlier and Sri VIJAY VENKATASAMY (DIN: 00002906) was appointed as an Independent - Non-Executive Director of the Company by the Members at the 108th Annual General Meeting held on 20th September 2018 to hold office for a term of 1 (ONE) year till the conclusion of the 109th Annual General Meeting or 19.09.2019, whichever is earlier.

Sri Satish Ajmera (DIN: 00208919) and Sri D Rajendran (DIN: 00003848) Independent Directors shall be completing their first term of appointment upon completion of five years & Sri Vijay Venkatasamy (DIN: 00002906) shall be completing his first term of appointment upon completion of one year from the respective dates of their appointment during the current year, they are eligible for re-appointment for another term of five consecutive years subject to approval of the Members by way of passing a Special Resolutions.

The Nomination and Remuneration Committee of the Board has recommended the reappointment of Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906), as Independent Directors for a second term of five (5) consecutive years from the date of conclusion of this Annual General Meeting. The Board of Directors of the Company are of the opinion that the continuation of Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906), as Directors of the Company would be immeasurably beneficial to the Company.

As per Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, ("Amendment Regulations, 2018"), inter alia, provides that "no listed Company shall appoint a person or continue the directorship of any person as a non executive director who has attained the age of 75

(seventy five) years unless it is approved by the members by passing a special resolution to that effect". Accordingly, Sri Satish Ajmera (DIN:00208919), Sri D. Rajendran (DIN:00003848) and Sri Vijay Venkatasamy (DIN:00002906) will attain the age of 75 years on 26th October 2019, 17th December 2023 and 12th August 2022 respectively and hence, continuation of their directorship beyond the age of 75 years requires the approval of members by way of a special resolutions.

Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906) are not disqualified from being appointed as Directors in terms of Section 164 of the Companies Act, 2013 and not debarred from holding the office of Director by virtue of any SEBI order or any other such Regulatory Authority. They have given their consent to act as Directors along with the declaration that they meet the criteria of independence as prescribed under the Companies Act 2013 and the SEBI (LODR) Regulations, 2015.

In the opinion of the Board of Directors, Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906) fulfil the conditions specified in the Companies Act, 2013 read with Rules made thereunder and the SEBI (LODR) Regulations, 2015 for their reappointment as Independent - Non Executive Directors of the Company and are independent of the management.

A notice in writing under Section 160 of the Companies Act, 2013, has been received from the member proposing Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906) as a candidature for the office of Independent Directors of the Company. During their tenure of appointment, they shall not be liable to retire by rotation as provided under Section 152(6) of the Companies Act, 2013.

The Board of Directors recommends Special Resolutions for the reappointment of Sri Satish Ajmera (DIN: 00208919), Sri D. Rajendran (DIN: 00003848) and Sri Vijay Venkatatsamy (DIN: 00002906) as Independent Directors for another term of 5 (FIVE) consecutive years for approval by the Members of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

I. INDUSTRY STRUCTURE AND DEVELOPMENTS

Indian Textile Industry is the largest manufacturing sector in the Country providing employment to millions of people. This sector is in two segments - the organized sector and the decentralized sector. Majority of the manufacturing activities like knitting, weaving, processing, garmenting etc., are in the decentralized sector providing large scale employment - several fold more than workers employed in the organized sector.

This sector - the back bone of the Indian Textile Industry is yet to get itself adjusted to tax compliance environment and is struggling to attain the growth as was before GST implementation.

Though the organized sector had adjusted itself to the new tax compliance environment quickly, yet it is facing acute shortage of skilled labour. Shortage of skilled personnel not only affects production activities but also affects quality aspect.

The trade policies followed in different countries had a pronounced bearing on the growth and development of manufacturing sector in the Indian Textile industry. Bangladesh has been able to step up its exports over the years, thanks to the duty free access to US markets. Some of the big names in Indian Textile industry have set up manufacturing plants outside India like Ethiopia, to get duty free access to US markets.

Though the Indian Textile Industry is endowed with adequate base of raw materials both cotton and man-made fibres, a large work force with competent technical & managerial personnel and a growing domestic market, yet because of external factors the industry is struggling to progress.

THE LAKSHMI MILLS COMPANY LIMITED

India enjoying a dominant position in the international cotton yarn trade, is losing its market share. This is mainly because of new entrants like Vietnam, Cambodia and Bangladesh, who have free access to U.S and European Markets, resulting in a fall in our country's share in cotton yarn trade.

II OPPORTUNITIES AND THREATS

Opportunities

Indian economy is rated as the World's fastest growing economy. The Textile Industry which is one of the key industries in the Country providing large scale employment in the manufacturing sector needs to grow continuously.

Textile industry wants the Government to launch a special mission for the promotion of synthetic fibre so that it could become competitive in the global trade. Global textile markets are swiftly moving from exports of cotton yarn to man-made fibre. The Indian per capita consumption of man-made fibre is 3 kg while the average per capita consumption in the World is 12 kg. It looks that Indian Textile industry needs to pay attention for the growth of man-made fibre sector - which it has not been tapping.

The Textile Policy announced by the Tamilnadu Government envisages the industry to go in for modernization in a big way so that technologically obsolete machines are replaced with modern machines to boost production, quality as well create competitive environment.

Further, the Technical Textiles is a segment which offers ample opportunities to grow and boost the economy. Though lots of promotional activities are done to popularize the products, this sector is yet to pick up. We need to identify the reservations shown by the industry in not taking efforts for the growth of the technical textiles and take steps to develop this sector. We cannot ignore this promising sector. Perhaps implementation of special mission for the growth of man-made fibre may be the right step for the growth of the technical textiles.

Threats

Cotton prices continue to be volatile. While the international cotton prices came down by more than 25%, Indian cotton prices came down only by 8%, mainly on account higher support prices fixed by the government.

The domestic textiles & apparel industry is facing threat from the neighbouring countries. Rising apparel imports from Bangladesh threatens small garment maker in the Country. Garment imports from Bangladesh increased almost 82% in 2018 - 19. Imported garments were 12% to 15% cheaper to the Indian goods. Continuing unrestrained imports from Bangladesh will seriously damage the textile value chain.

By and large, Indian Textiles and clothing exports in 2018 remained sluggish.

Further, implementation of GST Rules for entire value chain - one rate for entire textile value chain is absolute necessary. At present due to different GST rates, refund accumulates due to inversion. These impediments need to be removed.

The last three successive quarters had shown signs of slowing down in Indian economy. This trend needs to be reversed.

III. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company is structured into two separate business segments - "Textiles" and "Rental Services".

Textiles consist of manufacturing and sale of yarn and trading in cloth and garments.

Rental Services consist of letting out of properties.

This restructuring has been done since the last quarter of the current year and the procedure is in line with the segmentwise Information.

IV. OUTLOOK

Indian Textile industry has to be robust and growing, if the Indian economy has to prosper overall. With potential for generating huge employment next to agriculture, it has to grow.

The various State Governments as well as the Central Government need to be proactive to facilitate strong growth in the different sectors of the industry.

Government of India needs to scrap the two outdated & hindrance legislations - the Hank yarn obligation Act and the Handloom Reservation Act. Both the Acts are doing more harm to the industry than facilitating growth.

The industry needs to modernize in a big way at an affordable cost - both to improve quality as well as to reduce the cost of production.

Automation seems to be the need of the hour, if the industry has to survive.

V. RISKS AND CONCERNS

The nature and magnitude of risks associated with the company are reviewed and placed before the Board periodically. Measures have been introduced to automate some of the processes and thereby to some extent reduce the dependency on labour, which also ensures optimum capacity utilisation and quality outputs.

Government of India needs to take proactive steps to bolster up exports. Today our textile trade is very much affected by various trade barriers.

Besides free trade agreements, social sector can be another way - can have more sharing of students across the region.

Potential of the industry to grow faster be recognized and required facilities extended.

VI. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an adequate internal control system commensurate with its size of operation. Management has overall responsibility to the Company's internal control system to safeguard the assets and to ensure reliability of financial records.

VII. DISCUSSIONS ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Revenue during the year was ₹ 24,770 lakhs and your company sustained a Net Loss of ₹ 415 lakhs before deferred tax of ₹ 378 lakhs.

VIII. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NO.OF WORKERS:

The relations with employees continue to be cordial. The Company had on its roll 416 employees as on 31.03.2019 as against 426 employees as on 31.03.2018.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st March 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and pursuant to Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

To
The Members,
The Lakshmi Mills Company Limited
(CIN: L17111TZ1910PLC000093)
686, Avanashi Road,
Pappanaickenpalayam,
Coimbatore - 641037.

I have conducted the Secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. The Lakshmi Mills Company Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of M/s. The Lakshmi Mills Company Limited's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board - processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and bye-laws framed thereunder;
- iv. The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

THE LAKSHMI MILLS COMPANY LIMITED

INDEPENDENT AUDITORS' REPORT

To the Members of The Lakshmi Mills Company Limited Report on the Audit of Standalone Financial Statements Opinion

We have audited the standalone financial statements of The Lakshmi Mills Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement and for the year then ended, and notes to the financial statements including a summary of the significant accounting policies and other explanatory information. (hereinafter referred to as standalone financial statements).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ["the Act"], in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the Loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the

Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Standalone Ind AS financial statements section of our report, including in relation to these matters.

S.No.	Key Audit Matters	Auditor's Response
1	<p>Evaluation of uncertain tax positions</p> <p>The Company has uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p>	<p>Principal Audit Procedures</p> <p>We obtained details of completed tax assessments and demands received upto the end of the financial year and till the date of finalisation of our report, from management. We analysed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. We considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions to evaluate whether any change was required to management's position on these uncertainties.</p>

S.No.	Key Audit Matters	Auditor's Response
2	<p>Recoverability of Income tax assets and Receivables from Government authorities</p> <p>As at March 31, 2019, non-current assets in respect of Income tax assets to the extent of Rs.32.11 lakhs and Receivable from government authorities to the extent of Rs. 43.66 lakhs are outstanding.</p>	<p>Principal Audit Procedures</p> <p>We analysed and reviewed the nature of the amounts recoverable, the sustainability and the likelihood of recoverability upon final resolution. The income tax assets represents tax deducted at sources; the amounts receivable from government authorities represent input tax credits eligible for set off and as such we considered and concluded that these recoverables are sustainable upon final resolution.</p>
3	<p>Revenue from contracts with Customers</p> <p>Ind AS 115 on Revenue from Contracts with customers, establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period, etc.</p> <p>Accordingly, revenue recognition relating to the above was determined as a key audit matter in our audit of the standalone financial statements.</p>	<p>Principal Audit Procedures</p> <p>We assessed the company's revenue recognition policy as per Ind AS 115 and the design and operating effectiveness of internal controls related to revenue recognition. Our audit procedure included making sample tests of individual transactions relating to revenue and whether such revenue was recognized as per the stated accounting policy adopted pursuant to Ind AS 115. It was concluded that Ind AS 115 had no impact on the revenue.</p>

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis Report, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude

that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (IND AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate

THE LAKSHMI MILLS COMPANY LIMITED

accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures

that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable
2. As required by Section 143 (3) of the Act, based on our audit we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

THE LAKSHMI MILLS COMPANY LIMITED

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of The Lakshmi Mills Company Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Lakshmi Mills Company Limited ("the Company") as of March 31, 2019, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

THE LAKSHMI MILLS COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

1 CORPORATE INFORMATION

The Lakshmi Mills Company Limited, "the Company", is a public company domiciled in India and incorporated under the provisions of The Companies Act, 1882. Its shares are listed with BSE Limited, Mumbai. The Company is mainly engaged in the manufacture of Yarn and trading in cloth and garments. The Company caters to both domestic and international markets.

2 SIGNIFICANT ACCOUNTING POLICIES

(i) Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standard ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 read with section 133 of the Companies Act, 2013.

(ii) Basis of preparation and presentation

The financial statements have been prepared on accrual basis under the historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period, as below:

- a) certain financial assets and liabilities
- b) defined employee benefit plans - plan assets are measured at fair value

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(iii) Use of estimates and judgement

In the application of the Company's accounting policies, the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may diverge from these estimates.

(iv) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

(v) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for rebates, and similar allowances.

a) **Sale of goods and services:** Revenue from the sale of goods and services is recognised when the company transfers control of goods or services to its customer at the amount to which the company expects to be entitled.

b) **Interest income:** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset of that asset's net carrying amount on initial recognition.

(vi) Government Grants

Government grants (including export incentives) are recognised only when there is reasonable assurance that the Company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

The benefit of a government loan at a below market

Notes to the financial statements for the year ended March 31, 2019

rate of interest is treated as a government grant, measured at the difference between proceeds received and the fair value of the loan based on prevailing market rates.

The Company has applied Ind AS 109 'Financial Instruments' and Ind AS 20 'Accounting for Government Grants and Disclosure of Government Assistance' prospectively to government loans existing at the date of transition and the Company has not recognised the corresponding benefit of the government loans at the below-market rate of interest as a government grant. Consequently, the Company has used the previous GAAP carrying amounts of the government loans at the date of transition as the carrying amount of these loans in the opening Ind AS Balance Sheet.

(vii) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. However, where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals, if any, arising under operating leases are recognised as an expense in the period in which they are incurred.

(viii) Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the statement of profit and loss in the period in which they arise except for exchange differences on transactions designated as fair value hedge.

(ix) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their

intended use or sale are added to the cost of those assets, until such time the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

(x) Employee benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

Short-term employee benefits

All short-term employee benefits such as salaries, wages, bonus, and other benefits which fall within 12 months of the period in which the employee renders related services which entitles them to avail such benefits and non-accumulating compensated absences are recognised on an undiscounted basis and charged to the statement of profit and loss.

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Defined contribution plan

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The gratuity fund is unfunded. The Company's

THE LAKSHMI MILLS COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurement, comprising actuarial gains and losses is reflected immediately in the balance sheet with charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected in retained earnings and is not reclassified to the statement of profit and loss.

(xi) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

- a) Current tax: Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.
- b) Minimum Alternate Tax (MAT): MAT paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.
- c) Deferred tax: Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(xii) Property, plant and equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price/ acquisition cost, net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use. Machinery spares which can be used only in connection with an item of Property, plant and equipment and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Notes to the financial statements for the year ended March 31, 2019

Depreciation on Property, plant and equipment (other than freehold land) has been provided on the WDV method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

The estimated useful life of the tangible assets and the useful life are reviewed at the end of the each financial year and the depreciation period is revised to reflect the changed pattern, if any.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

(xiii) Intangible assets

Intangible assets include cost of software and designs. Intangible assets are initially measured at acquisition cost including any directly attributable costs of preparing the asset for its intended use.

Intangible assets with finite lives are amortized over their estimated useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Intangible Assets with indefinite useful lives are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

(xiv) Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the

net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

For transition to Ind AS, the Company has elected to continue with the carrying value of its investment property recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

(xv) Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss. When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(xvi) Non-Current assets held for sale

Non-current assets or disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable.

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell and disclosed separately in balance sheet. Liabilities

THE LAKSHMI MILLS COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

associated with assets classified as held for sale are estimated and disclosed separately in the balance sheet.

(xvii) Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is determined using weighted average basis.

Cost comprises all costs of purchase including duties and taxes (other than those subsequently recoverable by the Company), freight inwards and other expenditure directly attributable to acquisition. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

(xviii) Provisions and contingencies

Provisions: A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount in the present value of those cash flows (when the effect of time value of money is material).

Contingent liabilities: Contingent liabilities are not recognised but are disclosed in notes to accounts.

(xix) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially recognised at fair value. Transaction costs that are directly attributable to financial assets and liabilities [other than financial assets and liabilities measured at fair value through profit and loss (FVTPL)] are added to or deducted from the fair value of the financial assets or liabilities, as appropriate on initial recognition. Transaction costs directly attributable to acquisition of financial assets or liabilities measured at FVTPL are recognised

immediately in the statement of profit and loss.

a) **Non-derivative Financial assets:** All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Financial assets at amortised cost

A financial asset is measured at amortised cost if both of the following conditions are met:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets. Interest income is recognised in profit or loss and is included in the "Other income" line item.

b) **Derecognition of financial assets:** A financial asset is derecognised only when the:

- Company has transferred the rights to receive cash flows from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

When the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the

Notes to the financial statements for the year ended March 31, 2019

entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. When the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

- c) **Foreign exchange gains and losses:** The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in statement of profit and loss.

- d) **Investments**

The Company measures investments in quoted equity investments (other than the investment in subsidiaries, joint ventures and associates which are measured at cost) at fair value. Where the Company has elected to present fair value gains and losses on equity investments in Other Comprehensive Income ("FVOCI"), there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

At the date of transition to Ind AS, the Company has made an irrevocable election to present in Other Comprehensive Income subsequent changes in the fair value of equity investments that are not held for trading.

When the equity investment is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Retained Earnings directly.

Other Investments are carried at cost inclusive of all expenses incidental to acquisition. Provision for diminution in value of such investments is made only if such a decline is other than temporary in nature.

- e) **Financial liabilities:** All financial liabilities are

subsequently measured at amortised cost using the effective interest method or at FVTPL. "

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities at FVTPL

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in statement of profit and loss incorporates any interest paid on the financial liability and is included in the 'Other income/Other expenses' line item.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in the statement of profit and loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in the statement

THE LAKSHMI MILLS COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability

(xx) Segment reporting

Operating segments are reported in the manner consistent with the internal reporting to the Chief Operating Decision Maker (CODM) as per Ind AS 108. The Company is structured into two reportable business segments "Textile" and "Rental Services". Textiles consists of manufacturing and sale of yarn and trading in cloth and garments. Rental services consist of letting out of properties. During the last quarter of the current year, the Company has restructured its verticals and accordingly, as required by the accounting standards, comparatives have been restated and presented in line with the current segments. The reportable business segments are in line with the segment wise information which is being presented to the CODM. Geographic information is based on business sources from that geographic region. Accordingly the geographical segments are determined as Domestic i.e., within India and External i.e. Outside India.

(xxi) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition) and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks.

(xxii) Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

(xxiii) Recent accounting pronouncements

1 Ind AS 116 Leases : On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

2 Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments : On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition -

i) Full retrospective approach - Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and
ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the

Notes to the financial statements for the year ended March 31, 2019

standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives.

- 3 Amendment to Ind AS 12 - Income taxes : On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

- 4 Amendment to Ind AS 19 - plan amendment, curtailment or settlement: On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

NOTE 26 - SEGMENT INFORMATION

"The Chairman & Managing Director of the company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108 Operating Segments. The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by industry classes. Accordingly, segment information has been presented. The Company is structured into two reportable business segments - "Textiles" and "Rental Services". Textiles consists of manufacturing and sale of yarn and trading in cloth and garments. Rental services consists of letting out of properties. During the last quarter of the current year, the Company has restructured its verticals and accordingly, as required by accounting standards, comparatives have been restated and presented in line with the current segments. The reportable business segments are in line with the segment wise information which is being presented to the CODM."

Each segment item reported is measured at the measure used to report to the Chief Operating Decision Maker for the purposes of making decisions about allocating resources to the segment and assessing its performance. Geographic information is based on business sources from that geographic region. Accordingly the geographical segments are determined as Domestic i.e., within India and External i.e., Outside India.

Income and direct expenses in relation to segments are categorized based on items that are individually identifiable to that segment, while the remainder of costs are apportioned on an appropriate basis. Certain expenses are not specifically allocable to individual segments as the underlying services are used interchangeably. The management therefore believes that it is not practicable to provide segment disclosures relating to such expenses and accordingly such expenses are separately disclosed as "unallocated" and directly charged against total income.

Disputed tax dues are appealed before concerned appellate authorities. The Company is advised that the cases are likely to be disposed off in favour of the Company and hence no provision is considered necessary therefor.

NOTE 30 - EMPLOYEE BENEFIT PLANS

(a) Defined Contribution Plan

The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company has recognised ₹ 111.65 Lakhs (for the year ended March 31, 2018: ₹ 129.15 Lakhs) as contribution to Provident Fund, and ₹ 53.50 Lakhs (for the year ended March 31, 2018 ₹ 53.88 Lakhs) as contribution to Employee State Insurance (ESI) in the Statement of Profit and Loss. These contributions have been made at the rates specified in the rules of the respective schemes and has been recognised in the Statement of Profit and Loss under the head Employee Benefits Expense.

(b) Defined Benefit Plans:

Gratuity

The Company has funded its gratuity obligations. The following table sets out the status of the defined benefit schemes and the amount recognised in the financial statements as per the Actuarial Valuation done by an Independent Actuary:

The remeasurement of the net defined liability is included in Other Comprehensive Income.		
Actuarial assumptions		
Discount Rate (per annum)	7.62%	7.52%
Expected rate of return on plan assets	7.62%	7.52%
Rate of escalation in Salary (per annum)	6.00%	4.00%
Attrition rate (per annum)	3.00%	1.00%

The retirement age of employees of the Company is 58 years.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary. The mortality rates considered are as per the published rates in the Indian Assured Lives Mortality (2006-08) Ult table.

Sensitivity analysis

The key actuarial assumptions to which the defined benefit plans are particularly sensitive to are discount rate and full salary escalation rate. The sensitivity analysis below, have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity analysis is given below:

THE LAKSHMI MILLS COMPANY LIMITED

Notes to the financial statements for the year ended March 31, 2019

Particulars	(₹ in Lakhs)	
	Discount rate	Salary escalation rate
As at March 31, 2019		
Defined benefit obligation on plus 100 basis points	515.67	581.38
Defined benefit obligation on minus 100 basis points	582.16	515.83
As at March 31, 2018		
Defined benefit obligation on plus 100 basis points	413.80	472.74
Defined benefit obligation on minus 100 basis points	471.84	412.56

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Maturity profile of defined benefit obligation

Particulars	31.03.2019	31.03.2018
Expected total benefit payments		
Within 1 year	46.18	28.00
1 year to 2 years	41.57	26.16
2 years to 3 years	44.22	24.95
3 years to 4 years	50.76	26.47
4 years to 5 years	43.78	27.75
5 years to 10 years	320.53	307.74

These plans typically expose the Company to actuarial risks such as: longevity risk and salary risk.

Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan's participants will increase the plan's liability.

Note 32 FINANCIAL INSTRUMENTS

32.1 Capital management

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern
- to create value for shareholders by facilitating the meeting of long term and short term goals of the Company.

The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term strategic expansion plans. The funding needs are met through equity, cash generated from operations, long term and short term bank borrowings.

The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the Company. Net debt includes interest bearing borrowings less cash and cash equivalents and other bank balances (including non-current earmarked balances)

The table below summarises the capital, net debt and net debt to equity ratio (Gearing ratio) of the Company

Particulars	31.03.2019	31.03.2018
Net Debts	6,499.46	7,263.98
Total Equity	44,357.68	49,132.66
Gearing ratio	0.15	0.15

32.2 Categories of Financial Instruments

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet items that contain financial instruments. The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised in respect of each class of financial asset, and financial liability are disclosed in Note 2(xix)

A. Financial assets and liabilities

The accounting classification of each category of financial instruments, and their carrying amounts, are set out below:

Notes to the financial statements for the year ended March 31, 2019

Particulars	31.03.2019		31.03.2018	
	Carrying value	Fair value	Carrying value	Fair value
Financial assets				
Measured at amortised cost				
Investments (unquoted)	31,945.29	31,945.29	36,252.11	36,252.11
Others financial assets - non current	230.07	230.07	266.87	266.87
Trade receivables	3,273.81	3,273.81	3,373.52	3,373.52
Cash and cash equivalents	191.68	191.68	136.43	136.43
Others financial assets - current	22.77	22.77	23.60	23.60
Total financial assets	35,663.62	35,663.62	40,052.53	40,052.53
Financial liabilities				
Measured at amortised cost				
Borrowings	6,144.73	6,144.73	6,814.16	6,814.16
Trade payables	3,502.56	3,502.56	2,917.37	2,917.37
Others financial liabilities	1,460.92	1,460.92	1,603.96	1,603.96
Total financial liabilities (a+b)	11,108.21	11,108.21	11,335.49	11,335.49

The management assessed that fair values of cash and bank balances, trade receivables, other financial assets, trade payables and other financial liabilities recorded at amortised cost is considered to be a reasonable approximation of fair value.

The following methods and assumptions were used to estimate the fair values:

- i) Fair values of the Company's interest-bearing borrowings are determined by using EIR method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2019 was assessed to be insignificant.
- ii) The Company enters into derivative financial instruments with various counterparties, principally banks with investment grade credit ratings. As at March 31, 2019, the market-to-market value of derivative asset positions is net of a credit valuation adjustment attributable to derivative counterparty default risk. The changes in counterparty credit risk had no material effect on the hedge effectiveness assessment for derivatives designated in hedge relationship and other financials instruments recognised at fair value.

B. Fair value hierarchy

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Quantitative disclosures fair value measurement hierarchy

The derivative instruments in designated hedge accounting relationships is measured at fair value at level 1, with valuation technique being use of market available inputs such as foreign exchange rates.

32.3 Financial risk management objective

The Company's activities expose it to a variety of financial risks. The Company's primary focus is to foresee the unpredictability of such risks and seek to minimize potential adverse effects on its financial performance.

The Company has a robust risk management process and framework in place. This process is coordinated by the Board, which meets regularly to review risks as well as the progress against the planned actions. The Board seeks to identify, evaluate business risks and challenges across the Company through such framework. These risks include market risks, credit risk and liquidity risk.

The risk management process aims to:

- improve financial risk awareness and risk transparency
- identify, control and monitor key risks
- identify risk accumulations
- provide management with reliable information on the Company's risk situation
- improve financial returns

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements:

Risk	Exposure arising from	Risk management
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (₹)	Periodic review by management
Market risk - interest rate	Borrowings at variable rates	Mix of borrowings taken at fixed and floating rates
Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments and other financial assets	Bank deposits, diversification of asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Availability of committed credit lines and borrowing facilities

Market risk - Foreign exchange

The Company undertakes transactions denominated in foreign currencies and thus it is exposed to exchange rate fluctuations. The Company actively manages its currency rate exposures, arising from transactions entered and denominated in foreign currencies, through a centralised treasury division and uses derivative instruments such as foreign currency forward contracts to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by Management.

The Company does not have any derivatives financial instruments either for hedging or for speculation purpose.

The details of foreign currency exposures that are not hedged by any derivative instrument or otherwise are:

Particulars	Foreign Currency (FC)	Amount in FC		Equivalent ₹ in Lakhs	
		31.03.2019	31.03.2018	31.03.2019	31.03.2018
Trade Receivables	USD	390,691	112,195	268.25	72.03
Trade Receivables	GBP	119,000	182,874	106.43	163.97
Suppliers' line of credit	EURO	-	1,138,311	-	917.73

Notes to the financial statements for the year ended March 31, 2019

Foreign currency sensitivity analysis

The above table details the Company's sensitivity to a 5% increase and decrease in the ₹ against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit where the Rupees strengthens 5% against the relevant currency will increase the profit and equity by ₹18.73 lakhs (Previous year ₹ 34.08 Lakhs). For a 5% weakening of the Rupees against the relevant currency, there would be an equal and opposite impact on profit and equity.

Market risk - Interest rate

(i) Liabilities:

The Company's borrowings are carried at amortised cost and are at fixed rate only. They are, therefore, not subject to interest rate risk since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Assets:

The Company's financial assets are carried at amortised cost and are at fixed rate only. They are, therefore, not subject to interest rate risk since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Credit risk on receivables is limited as the nature of the business is cash and carry except for related parties and other large number of individual customers in various geographical areas. The Company has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

Therefore, the Company does not expect any material risk on account of non performance by any of the Company's counterparties. The credit risk for cash and cash equivalents, bank deposits, security deposits and loans is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

Liquidity risk

The Company requires funds both for short-term operational needs as well as for long-term expansion programmes. The Company remains committed to maintaining a healthy liquidity ratio, deleveraging and strengthening the balance sheet. The Company manages liquidity risk by maintaining adequate support of facilities from its holding company, and by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The Company's financial liability is represented significantly by long term and short term borrowings from banks and trade payables. The maturity profile of the Company's short term and long term borrowings and trade payables based on the remaining period from the date of balance sheet to the contractual maturity date is given in the table below. The figures reflect the contractual undiscounted cash obligation of the Company.
