During the year, the Company's turnover was Rs.2235.54 lakhs, compared to the turnover of Rs.3228.30 lakhs, achieved during the previous year. As reported in the last year's Report, the Company did not receive indigenous orders from the Government for Aerospace, Naval and Power System Battery Division during the first half of the financial year under review. The Company could get substantial orders from October / November 2015 onwards. The losses in Silver Zinc Division, coupled with losses in Lead Acid Batteries Division (LAB) and delayed collection of dues from LAB customers resulted in

difficult liquidity position for the Company. Renewal / sanction of additional limits by the Banks to meet the difficult ways and means position is also getting delayed. This led to delayed payment to suppliers / sub-contractors which in turn affected timely supply of materials and sustained production.

Further, import of critical raw material was withheld by customs in the exporting country resulting in delayed despatches of Batteries to Navy. While this led to drop in turnover of Silver Zinc Division, the Company was not in a position to meet the challenges of price reduction and increased credit period in LAB Division that forced the Company to scale down the operation in LAB Division. A cumulative effect of the above led to lower the turnover. With revamping measures taken by the Company and receipt of substantial orders from Defence establishments, the Company is confident of achieving reasonable level of production and report a reasonable turnover during the current financial year.

With one of the Group Companies agreeing to support the Company financially, a renewal proposal has been submitted to the Bankers which is expected to be approved soon.

### **DIVIDEND**

In the absence of distributable profits, no dividend is recommended.

### TRANSFER FROM GENEARL RESERVE

The Company has transferred Rs.648 lakhs from General Reserve to Profit and Loss Account to bring down the accumulated losses.

### PERFORMANCE HIGHLIGHTS SILVER ZINC BATTERIES

The Company recorded a turnover of Rs.1961.83 lakhs during the year, as against Rs.2213.84 lakhs achieved during the previous year. The reduction in turnover was due to late

### **BOARD'S REPORT (Continued)**

receipt of major Defence orders, non-receipt of critical materials, due to delayed payment to creditors and non-clearance of development items for production by DRDO Laboratories.

### **NICKEL CADMIUM BATTERIES**

During the year, the Company could make a turnover of Rs.183.01 lakhs only due to paucity of orders, as against Rs.414.08 lakhs achieved during the previous year.

### **LEAD ACID BATTERIES (LAB)**

During the year, the turnover in LAB Division was only Rs.90.70 lakhs, as against the turnover of Rs. 600.38 lakhs achieved during the previous year. The production was kept onhold due to severe price competition from established players, market demand for increased credit limit, as well as extended credit period and inordinate delay in collection of receivables in the 'aftermarket' segment. Efforts are on to change the marketing strategy to focus on 'private labeling'. The Company is negotiating with few parties which are in an advanced stage. The Company is confident of increasing the production to reasonable levels by middle of the current financial year.

### **EXPORT**

With recession in the global economy and cut in Defence expenditure by developing countries, the Export Turnover was only Rs.61.91 lakhs, as compared to Rs.817.86 lakhs achieved in the previous year.

### **CURRENT YEAR - 2016-17**

Presently, the Company has substantial orders for Silver Zinc Division which will help the Company achieve reasonable turnover and posting positive results for the current financial year. However, as stated earlier, Lead Acid Batteries Division will operate to reasonable levels of production from the third / fourth quarter of the current financial year.

### **FINANCE**

As mentioned in the last year's Report, the poor liquidity position severely affected the Company's operations. However, the infusion of funds by one of the Group Companies and sale of shares held in Ponni Sugars (Erode) Limited, helped the Company in improving its financial position and submit a bankable proposal to the Bankers.

### **ISO SYSTEMS**

The company continues to be certified both under ISO 9001:2008 and ISO 14001:2004 (Revised) Systems.

### RESEARCH AND DEVELOPMENT

The Company has taken up the development cum supply of 330 kW Silver Zinc Batteries to NSTL, Vizag. The development qualifications of new Batteries to Missile System Division of DRDO are in progress.

### SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

# MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). # MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and Directors of the company; and
- (iii)provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
