**“Annexure B” to the Independent Auditor’s Report of even date on the Standalone Financial Statements of
Confidence Finance And Trading Limited.**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Confidence Finance And Trading Limited (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal controls over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant in India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on internal controls over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant on India ('ICAI').

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON FINANCIAL STATEMENT

A. SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statement:-

These financial statements have been prepared to comply in all material aspects with applicable accounting principles in India, the applicable Accounting Standards prescribed under Section 133 of the Companies Act, 2014 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2015, the provisions of the Act (to the extent notified) and other accounting principles generally accepted in India, to the extent applicable. All assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2014. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification

2. Use of Estimates:-

The preparation of financial statement requires the management of the Company to make estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statement of and reported amounts of income and expenses during the period. Examples of such estimate includes provision for doubtful debts, future obligation, employees retirement benefit plans, provision for income taxes, useful lives of fixed assets and intangible assets. Contingencies are recorded when it is probable that a liability will be incurred and the amount can be reasonably estimated. Actual results may differ from such estimates.

3. Fixed Assets:-

All fixed assets are valued at cost (including adjustment on revaluation) less accumulated depreciation. Cost of acquisition is inclusive of freight, duties and other incidental expenses incurred during construction period and exclusive of cenvat credit availed thereon.

4. Depreciation:-

During the year, the Company has adopted estimated useful life of fixed assets as stipulated by schedule II to the Companies Act, 2013. Accordingly, on account of assets whose useful life is already exhausted on April 01, 2014 has been adjusted against general reserves.

5. Inventories:-

Inventory is valued at lower of cost or net realizable value.

6. Provision for Current and Deferred Tax:-

Provision for current tax made after taking into consideration benefits admissible under the provisions of the Income-Tax Act, 1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax asset is recognized and carried forward only to extent that there is virtual certainty that the asset will be realized in future.

7. Revenue Recognition:-

In appropriate circumstance, revenue is recognized when no significant uncertainty as to determination or realisation exists.

8. Contingent Liability:-

These are disclosed by way of notes on the Balance Sheet date. Provision is made wherever applicable for those contingencies which are likely to materialise into liabilities after the year end till the finalization of accounts and have material effect on the position stated in Balance Sheet.

9. Impairment:-

At each Balance Sheet date, the Company reviews the carrying amounts of its assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of assets net selling price and value in use. In assessing value in use, the estimated future cash flow expected from the continuing use of the assets and from its disposal is discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and risks specific to the assets. Reversal of impairment loss is recognized immediately as income in the Profit and Loss Statement.

10. Earning Per Share:-

The earning considered in ascertaining EPS comprise the Net Profit after Tax. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.
