NOTES FORMING PART OF FINANCIAL STATEMENTS

NOTE - 1 SIGNIFICANT ACCOUNTING POLICIES

1.1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS:

The financial statements are prepared in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Account) Rules 2014.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use.

All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Company and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time between the procurement of raw material and realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities

1.2. USE OF ESTIMATES:

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenditure during the period. Actual results might differ from the estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

1.3. FIXED ASSETS, INTANGIBLE ASSETS AND CAPITAL WORK-IN-PROGRESS:

- a) Fixed Assets are stated at their original cost (net of accumulated depreciation and impairments). Cost, (net of cenvat) includes acquisition price, import duties, other non-refundable taxes and levies, attributable expenses and pre-operational expenses including finance charges, wherever applicable.
- b) Intangible Assets expected to provide future enduring economic benefits are recorded at the consideration paid for acquisition of such assets and are carried at cost of acquisition less accumulated amortization and impairment, if any.
- c) Expenditure during Construction Period:
Expenditure (including financing cost relating to borrowed funds for construction or acquisition of fixed assets) incurred on projects under implementation are treated as Pre-operative Expenses pending allocation to the assets and are shown under "Capital Work-In-Progress". Capital Work-In-Progress is stated at the amount expended up to the date of Balance Sheet for the cost of fixed assets that are not yet ready for their intended use.

1.4. DEPRECIATION AND AMORTISATION:

- a) Depreciation on Fixed Assets is provided on Straight Line method in accordance with the rates as specified in Schedule II to the Companies Act, 2013 (as amended).
- b) Depreciation/Amortization on assets added, sold or discarded during the year has been provided on pro-rata basis.

1.5. INVESTMENTS:

Current investments are carried at the lower of cost and fair value, category wise. Cost for overseas investments comprises of the Indian Rupee value of the consideration paid for the investment translated at the exchange rate prevalent at the date of investment. Cost includes acquisition charges such as brokerage, fee and duties.

1.6. INVENTORIES:

- a) Inventories (other than by-products) are valued at lower of cost and net realizable value after providing for obsolescence, if any. Interest costs are not included in value of inventories. The cost of Inventories is computed on weighted average basis.

- c) By products are valued at net realizable value.

1.7. REVENUE RECOGNITION:

1.9. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

- a) Provision is recognized in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered probable.
- b) A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the balance sheet date.
- c) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.
- d) Reimbursement expected in respect of expenditure to settle a provision is recognized only when it is virtually certain that the re-imburement will be received.
- e) A Contingent Asset is not recognized in the accounts.

1.10. IMPAIRMENT OF ASSETS:

Impairment loss, if any, is recognized to the extent, the carrying amount of assets exceed their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

Impairment Losses recognized in prior years are reversed when there is an indication that the impairment losses recognized no longer exist or have decreased. Such reversals are recognized as an increase in carrying amount of assets to the extent that it does not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized in previous years

After impairment, depreciation or amortization on assets is provided on the revised carrying amount of the respective asset over its remaining useful life.

- c) In case of items which are covered by forward exchange contracts, the difference between the year end rate and the rate on the date of the contract is recognised as exchange difference. The premium or discount on forward exchange contracts is recognised over the period of the respective contract.
- d) Any income or expense on account of exchange difference either on settlement or on translation at the year end is recognised in the Statement of Profit and Loss.

1.12. BORROWING COSTS:

Deferred tax is recognized, subject to the consideration of prudence in respect of deferred tax assets, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, when there is a brought forward loss or unabsorbed depreciation under taxation laws, deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each Balance Sheet date and written down or written up to reflect the amount that is reasonably/virtually certain to be realized.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in the guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement.

The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.
