01/04/2010	31/03/2011	88,94,708

**(3) Recognition or Awards:**

Major Thakar (Retd.) was in the elite parachute brigade of Indian Army which was in the forefront in the 1971 Bangladesh War. Having been in various assignments including Kargil and Pokharan (India's nuclear test site) for 17 years, he was honoured by the Army Chief for outstanding services and devotion to duty. In his stint at CIDCO, Navi Mumbai where he was the Chief Engineer having developed large urban infrastructure which included townships, railway projects, roads and highways, IT Parks and SEZ's, he was commended by then CM Late Shri Vileasao Deshmukh for outstanding services.

**(4) Job profile and his suitability:**

Major Thakar was the Chief Infrastructure & Regulatory Officer (CIRO) for the Arshiya Group and additionally wore multiple hats within the Organization. He joined Arshiya in December 2008 and was responsible for the planning, design and development and obtaining all regulatory approvals for the world class infrastructure which has been developed by the company.

**(7) Pecuniary relationship directly or indirectly with the Company, or relationship with the Managerial Personnel, if any:**

Except the remuneration and perquisites as stated above, Major Suhas Thakar (Retd.) has no other direct or indirect pecuniary relationship with the Company.

### **III OTHER INFORMATION:**

**(1) Reasons of loss or inadequate profits and Steps taken or proposed to be taken for improvement:**

The Company has built on its business vision, and created world-class infrastructure facilities. The change in regulatory procedures which impacted the Company operations and steps taken by Company is explained below:

• **Stoppage of Transhipment of cargo from Mumbai Port to FTWZ:**

- Mumbai port customs in September 2012 stopped the movement of cargo from Mumbai port to FTWZ in Panvel which is continuing to hamper the operations.
- Company is in discussion with the customs and ministry officials and awaits clarification for the same.

• **Delays In Duty Drawback:**

- Lack of procedural clarity for claiming the duty drawback for exports made through FTWZ, due to this exporter is being deprived of major benefits that an FTWZ offers.
- Company is trying to get clarification regarding the same from customs and ministry officials.

• **Non-availability of Customs EDI system in FTWZ:**

- EDI link system is used by customs for getting relevant notifications, instructions, exchanges rates, valuation references, historic data etc. to facilitate imports and exports.
- Non availability of EDI link system at FTWZ, has resulted in delays in the imports and exports procedures at FTWZ.
- Company has installed all the required data exchange facilities and IT connectivity for implementing the EDI and have requested the highest authorities for allowing EDI link at FTWZ.

• **Non- recognition of Arshiya FTWZ as a Port for Import of few items especially cars:**

- Imports of cars into India are permitted from specified Ports/ICDs which does not include Arshiya FTWZ. About 1000+ cars were initially handled by Arshiya FTWZ, based on temporary approvals from DGFT. This approval was subsequently withdrawn.
- This resulted in car companies withdrawing their decision to use Arshiya FTWZ.
- However, the matter is presently under consideration as the Company has presented the case to highest governing authorities including DGFT and Finance and Commerce Ministries that Arshiya FTWZ has all the required facility, customs systems and competent customs officials posted in FTWZ and hence should be treated at par with other ports eligible for importing cars.

The above factors affected the utilization of capacity arising out of huge capital expenditure and consequently impacted the operations of the Company. The Company could not reach the scale of operations as planned and, hence not succeeded in generating revenue to sustain smooth operations. Due to this the Company approached its term lenders under Corporate Debt Restructuring (CDR) mechanism for financial restructuring.

With the ongoing efforts of your company, the year ahead may see more clarity on the regulatory aspects, movement of cargo and removal of restrictions on FTWZ. FTWZ to become trading hub and a possible conduit for increasing global trade of the country.

There could be good enough reason to believe for a robust, comprehensive and business-friendly policy for the FTWZ sector in very near future.

**(2) Expected increase in productivity and profits in measurable terms:**

Though the economy is witnessing a continued slowdown, in anticipation of revival of the overall economy in future, the aforesaid steps taken/to be taken by the Company are expected to improve the Company's performance and profitability.

**2. BUSINESS AND FUTURE OUTLOOK:**

**I.) Business**

Arshiya plans to capitalize on India's mammoth logistics opportunity by being India's only Unified Supply Chain Infrastructure and Solutions Group. With a rich legacy in the logistics and supply chain industry in India, Arshiya's unique business model makes it a pioneering company in the country.

**a.) Rail and Rail Infrastructure:**

Arshiya Rail Infrastructure Limited started its operations in February 2009. Our unique model has resulted in Arshiya Rail being the second largest Container Train Operator (CTO) and largest in Private sector in India. This company is operating total 20 container trains along with 4000 multipurpose domestic containers at present and mostly in domestic sector at more than 25 locations in pan India. The company stands atop with regard to freight transportation per annum among all PCTO. Arshiya Rail is giving customized and long term freight services to corporate clients. The company has also recently started EXIM freight services for various gateway ports like Vizag, Kolkata, Mumbai and Haldia.

**Private freight terminal at Khurja**

Arshiya Rail Siding at Khurja took one more step towards addressing the growing demand of the business and subsequently got notified as Brownfield Private Freight Terminal for handling all types of inward and outward traffic in full rakes, also being the First to be notified in NCR.

Apart from the existing container trains coming into Arshiya Rail Infrastructure, Khurja (ARIK) with commodities such as Ingots, Billets and Sponge Iron, the cement industry looks at this terminal as strategic for feeding the plants and end users considering the growing demand for Infrastructure in and around Delhi NCR. With investments increasing in setting up of Cement (Grinding and Mixing) Plants in and around Khurja, ARIK sees its utilization in inwarding of raw material from various sectors and outwarding of finished product in times to come.

The terminal opens itself to other commodities also which will be critical to the growth of business in that region such as Iron & Steel, Salt, essential commodities, etc.

Also, Arshiya Industrial & Distribution Hub Limited, a fellow subsidiary has got the approval of the Government for setting up of Inland Container Depot (ICD) at Khurja, Uttar Pradesh. This development will give a boost to the rail operations of the Company.

**b.) Free Trade and Warehousing Zones (FTWZ):**

Over the last few decades India has been losing investments to neighbouring economies, which were being used by global corporations as bases for feeding India, due to lack of comparable infrastructure availability in India.

With FTWZs developed by Arshiya, our country will be able to leverage 'Soft Infrastructure' such as skilled manpower, cost competitiveness, regulatory framework, IT connectivity, as well as 'Hard Infrastructure' such as dedicated state-of-the-art mega logistics parks FTWZs, rail connectivity, industrial & distribution hubs, transport and handling and world class supply chain management services. FTWZ will be a game changer for International as well as domestic companies which are importing, exporting or re-exporting products to and from India.

FTWZ provides assistance to various potential clients for Import and export, who struggle hard to recover taxes and duties paid while Import of the inputs and other merchandises. They face the burden of spending heavy amounts towards recovery expenses apart from the time consumption or have to forego the duties paid because of lack of provisions. Through FTWZ they reduce their cost burden because of available special provisions in Law.

The first FTWZ developed by Arshiya in Maharashtra near Mumbai/Panvel is a credential for FTWZ concept in India. With over 500 customer base domestic as well as international, India can be proud of providing a successful unified supply chain concept in the country.

Arshiya Northern FTWZ Limited (ANFL), a subsidiary has developed a FTWZ at Khurja, Uttar Pradesh, to cater to the needs of Northern India. The state of the art railway siding, rail connectivity and ICD at Khurja will further reduce the overall logistics cost between gateway ports and FTWZ/ICD.

Being a pioneer in FTWZ business in India, Arshiya FTWZ is facing a few regulatory challenges which have been taken up at the highest level with concerned Government authorities and the authorities are appreciative of the issues and your Management hopes to get all of the issues sorted out at the earliest.

#### c.) Industrial and Distribution Hub:

During the year under review Arshiya Industrial & Distribution Hub Limited, a subsidiary has got the approval of the Government for setting up of Inland Container Depot (ICD) at Khurja, Uttar Pradesh. This approval is a booster for the affairs of the Company and group as a whole because of its impact of integrating Rail, FTWZ and ICD operations at Khurja.

#### d.) Supply Chain Management

# MANAGEMENT DISCUSSION & ANALYSIS REPORT

## OVERVIEW

India being one of the fastest growing economies has great potential for growth in every sector. Infrastructure Industry is the backbone of development and a strong and growing Infrastructure indicates healthy trend of growing economy. Further, the impetus provided by the Government of India, with special focus on Infrastructure, is expected to boost the economic growth.

Indian Industry is at developing stage with technology usage at its minimum level. With large multinational players entering Indian market with introduction of technology, face of Infrastructure sector is also changing fast. India today is looking at developments in Warehousing, Cold Storage, Shipping and Ports where huge investments are expected.

Industry is expecting a high growth rate which is based on the expectation that the new government will soon implement the GST regime. With the implementation of GST, the logistics companies, which are currently forced to set up many small warehouses across multiple cities can set up just a few, big warehouses region wise and can follow the hub-and-spoke model for freight movement from the warehouses to the different manufacturing plants, wholesale outlets, retail outlets and the various POS. This growth is also backed by the boom in the e-commerce sector and expansionary policies of the FMCG firms. This has increased the service geography of the logistics firms but they also have to meet the demands of quick delivery and tight service level agreements.

## I. INDUSTRY OVERVIEW, STRUCTURE AND DEVELOPMENTS

### **Evolution of Logistics in India**

The logistics and warehousing sector in India is still in its initial stage of development and has a long way to catch up with most of the advanced economies. Managing transportation network and storage of finished goods, used to define the supply chain strategy for most of the companies in India until a few years back. However, integration of the Indian economy with the global economy and various multi-national companies setting up manufacturing facilities locally have helped in bringing the global best practices to the domestic market. This has resulted in a gradual shift from simply managing transport network and godowns towards a more integrated supply chain management system.

### **Demand Drivers of India's Logistics Sector**

The need for logistics arises when there is a gap between the time a product is initially manufactured and then finally consumed. The larger this gap, the higher the need for storing the product. Since each product is uniquely placed depending on who consumes it and where it is consumed, the need for logistics is different for each product category. For example, a TV unit that is manufactured in India and sold in the domestic market will have a different requirement for logistics compared to the same TV unit sold in the export market. For domestic consumption, the TV unit will have to be warehoused close to one of the urban centers from where it can be delivered to the final point of consumption. However, in case of export, it will have to be stacked in a container that will be warehoused in a Container Freight Station (CFS) close to one of the ports from where it can be exported. Taking into account such varying needs for each product, demand drivers of logistics can be broadly classified into four categories namely:

- i) Manufacturing led demand
- ii) Consumption led demand
- iii) Exim (Export - Import) led demand

### **Manufacturing Led Demand**

Logistics cost constitutes a critical component of a manufacturer's total cost and is largely dependent on the location of his plant. The distance between the manufacturer's factories, his raw material suppliers and the consumption markets of final goods primarily determine the cost of logistics for a company. Apart from these factors, the type of product manufactured also influences the total logistics cost. For example, the cost of transporting and storing diamond products is much higher than that of cement and steel. Thereby, within the manufacturing led demand for logistics, the cost can differ drastically for different types of products.

The manufacturing sector is a major driver of the logistics industry in India with companies spending anywhere between 2%-20% of their revenue on this. Growth of the logistics sector is positively related to growth of the manufacturing sector. With the government of India's renewed focus on expanding the manufacturing sector through various initiatives such as dedicated industrial corridors and investment zones, the logistics sector in the country is bound to reap the benefits in the coming years. Additionally, opening up of various manufacturing sectors to Foreign Direct Investment (FDI) in the last decade has provided a fresh impetus to the logistics sector.

### Consumption Led Demand

The changing dynamics of the retail industry has shifted the focus from supplier to consumer in the last two decades with concepts such as delivering the right product at the right time gaining importance. Previously consumers had few options as most of the retailers were small-time operators facing frequent stock-outs and limited choice of products. The entire retail segment was heavily skewed towards the supplier. However, with the advent of modern retail and emergence of large-sized retail formats the entire focus of retailing has shifted towards consumers.

Today any delay in the delivery of product or stock-outs at the stores could threaten the entire business model of a retailer. This has compelled retailers in maintaining a steady flow of SKUs (Stock Keeping Units) with real time inventory management and order placement.

The changing dynamics of the retail industry in India has resulted in the business model of a modern retailer becoming heavily dependent on a smooth and efficient supply chain network. This has brought the logistics industry at the forefront of this business. Large consumption markets like the NCR, Mumbai, Bengaluru, Chennai and Kolkata among others require a massive amount of investment in logistics in order to ensure an uninterrupted supply of goods. This has created demand for logistic services like warehousing, last-mile connectivity and inventory management.

Demand for logistic services is strongly linked to growth in the retail industry which is induced by higher consumption spending. The emergence of modern retail in the last decade has accelerated the need for maintaining an efficient supply chain network. Additionally, opening up of the retail industry to the FDI has further boosted demand for logistics services in the last few years as foreign retailers rope in global best practices in the sector.

### EXIM Led Demand

Export-Import (Exim) market constitutes the largest demand driver for the logistics sector in India as the cargo that moves through ports requires a huge amount of supporting logistics infrastructure. Services such as transportation (rail, road and sea) and warehousing form the primary activities in Exim related logistics. Currently, majority of the Exim cargo in India is moved through containers that are standard in terms of dimension (twenty-foot equivalent unit of TEU) across the globe. This makes it easier to transport cargo from one modal to another whether it is rail, road or sea.

India's containerized traffic in TEUs has grown at an annual average growth rate of 11% in the last ten years fuelling robust demand for logistic services. Apart from the huge investment in transportation sector, Inland Container Depots (ICD) and Container Freight Stations (CFS) have also attracted significant traction due to the strong growth achieved in the Exim trade. Currently, India has more than 200 operational ICD and CFS with another 50 expected to become operational in the next five years.

Economic recovery in key western markets of the USA and Europe is expected to further boost India's Exim trade in the coming years thereby driving the domestic logistics market.

### Warehousing Space Demand

Logistics cost can be broadly divided into three major components namely transportation, storage and distribution. Warehousing costs constitute around 15%-35% of the total logistics cost depending on the product and markets served. The sheer size and growth potential of warehousing space in India warrants the need to study it separately from other components of logistic services.

Demand driver of warehousing space, similar to logistics, can be broadly classified into manufacturing, consumption and Exim. Currently, manufacturing based demand has the largest share in total warehousing space at 631 mn. sq. ft. in 2014. This is primarily because of three reasons. Firstly, India has a large manufacturing base covering all the major sectors like automobile, steel, cement, pharmaceutical, fertilizer and textile among others that require vast amount of space for raw material and final product storage. Secondly, India's large landmass results in a wider gap between production and consumption of manufactured products. This compounds the need for holding a larger inventory at warehouses in order to avoid disruptions in the supply chain network. Finally, the existing tax structure has compelled manufacturers to maintain a separate warehouse in each stage in order to avoid a higher tax outgo.

Such dynamics have shaped a strong demand base for warehousing space in the country from the manufacturing sector.

Demand for warehousing space from Exim sector constitutes the second largest share at 211 mn. sq. ft. in 2014. This is primarily because ICD & CFS require a much larger land area to operate the various material handling equipment and supporting infrastructure like rail sidings. In terms of future growth, Exim led demand is expected to lead with a 13% Compounded Annual Growth Rate (CAGR) from 2014-2019. Strong recovery of the export market and rapid expansion by CFS operators in the coming five years are expected to support such a growth. The total warehousing space demand in India is expected to grow at 9% CAGR from 919 mn. sq. ft. in 2014 to 1,439 mn. sq. ft. by 2019. A total of 520 mn. sq. ft. of incremental warehousing space will be required by the end of 2019 or 104 mn. sq.ft. in each of the coming five years.

### Free Trade and Warehousing Zone (FTWZ)

In order to create trade related infrastructure to facilitate import as well as export of goods and services the Government of India announced setting up a Free Trade and Warehousing Zone (FTWZ) in the Foreign Trade Policy 2004-09. The FTWZ is a special category of the Special Economic Zone (SEZ) and is governed by the provisions of the SEZ Act. The SEZ Act defines FTWZ as a Special Economic Zone carrying mainly trading, warehousing and other related activities.

Before delving into the principal benefits of the FTWZ, it will be useful to grasp the background of the SEZ law. The SEZ scheme was introduced in the year 2000 with an ambitious and directional change of Foreign Trade Policy to provide an internationally competitive hassle free environment for foreign exchange earners, promoting FDI and augmenting employment opportunities in line with the successful Chinese experience. To provide impetus and instill confidence in the stability of the SEZ regime, the Ministry of Commerce proposed enactment of the Special Economic Zone Act, 2005.

As a concept an FTWZ is similar to an SEZ. It is a specifically delineated duty free enclave treated as a foreign territory for carrying on business. Equipment and materials sourced from the Domestic Tariff Area will be considered as imports by the FTWZ and vice versa. Each FTWZ provides quality infrastructure including warehouses, commercial office space, handling and transportation equipment and more importantly facilitate a one stop-clearance for import and export of goods. FTWZ is positioned as a logistics and distribution center and by integrating various aspects of logistics operations, it enables efficient operational environment for trade facilitation. In a nutshell, a FTWZ provides an integrated logistics service thereby forming an important link in the supply chain for both India and the world. FTWZ is principally governed by the SEZ Act 2005 and SEZ Rules 2006. Hence, all the benefits available to SEZs shall be applicable to FTWZs too. The SEZ Act states that the minimum area for an FTWZ should be 40 hectares with a built up area of 100,000 sq. mt. The Act also allows, through an automatic route, 100% Foreign Direct Investment (FDI) for the development and establishment of a storage and warehousing facility including warehousing of agricultural products with refrigeration (cold storage). The Development Commissioner (DC) is appointed by the Central Government for administrative control of the FTWZ. A DC is an officer not below the rank of the Deputy Secretary to the Government of India. Moreover, he can be a DC to one or more SEZ/FTWZ. Some of the primary roles of a DC include guiding entrepreneurs for setting up units in the SEZ/FTWZ; monitoring the performance of the developer and the units and ensuring proper co-ordination with the concerned Central and State Government departments.

### Warehouses as Distribution Centers

Supply chain management is all about flow, be it is the flow of goods from the producer to the consumer or flow of information from the consumer to the producer. Warehouses play a critical link in this process and were conventionally set up as inventory buffer points along this supply chain so that any irregularities within this network could be ironed out. However, the need to reduce the service response time and contain inventory cost has necessitated the progression of warehouses from storage points to distribution centers. Additionally, the advent of technology with real-time information exchange and IT systems such as Warehousing Management System (WMS) have made it possible to operate the warehouses more efficiently and achieve greater integration with the rest of the supply chain modules.

The need to improve efficiency of warehouses has led to the evolution of various distribution models such as cross docking, hub and spoke model among others. Each of these strategies requires some sort of customization of the warehouse. Factors such as location, design, infrastructure, built-up area and amount of automation required are determined by the end purpose for which the warehouse is to be used. With the streamlining of the taxation aspects through GST over the coming years, usage of the following distribution models is expected to become more widespread thereby increasing the importance of warehouses in the supply chain network.

### Cross Docking

In a conventional warehousing system, all inbound goods are stored in the warehouse and retrieved as and when the outbound shipping order is received. This system runs efficiently as long as there is a lag between the in-bound and out-bound goods. However, in case the goods have to be immediately sent out for delivery, the conventional system falls short in efficiency as the time involved in storing the goods and immediately retrieving them leads to unnecessary duplication of work.

Cross docking system removes the above shortcoming as it involves receiving the merchandise at the inbound docks and then shipping it out shortly after without the need to stock it at the warehouse. It eliminates the intermediate disposition, storage and order fulfillment tasks in the warehouse thereby saving resources in terms of labor, space, time and equipment. Additionally, as the inventory moves directly from the receiving to shipping docks, there is no storage at the warehouses for the cross docked items resulting in lower inventory holding costs.

Cross docking is more commonly used in the retail industry where multiple Stock Keeping Units (SKUs) are to be delivered to stores in small quantities at regular intervals. Since the supplier of each SKU sends the merchandise in large packages, it has to be broken down at the distribution center into smaller packages and consolidated with multiple SKUs as required by each store. Cross docking not only saves a lot of time and resources in such cases but also facilitates in providing value added services such as labelling, kitting, shrink wrapping and tagging among others.

### Hub and Spoke Model

Increasing demand from consumers for better service levels has forced companies to locate their warehouses as close to the consumers as possible. Such a strategy entails operating multiple smaller sized warehouses catering to each region. The cost

of maintaining multiple warehouses is not only prohibitive but also inefficient in terms of transportation. This has led to the evolution of the hub and spoke model of distribution in the supply chain management.

In the hub and spoke model, the distribution hub is the location that holds inventory for a large region, with each spoke leading to smaller distribution centers that house inventory for a smaller region. The main driver of the hub and spoke model is the proximity to the customer, with the goal being supply to a maximum number of customers in minimum time. Since the number of warehouses reduces significantly, massive cost saving in terms of rent, utility, operational and administrative expenses is achieved. Additionally, economies of scale bring down the inventory holding cost for the company.

The hub and spoke model can bring immense cost saving to companies operating in countries like India where the consumption centers are geographically spread out over a large area. However, despite various advantages, the model has not been widely implemented in the country due to various taxation related issues on inter-state sales. Post GST implementation, choice of warehouse location will be primarily based on this model.

#### **Transport Network**

An efficient transportation network leads to faster movement of goods and services, resulting into greater turnover and a consequent increase in GDP. Generally following modes of transportation are used:

##### **Rail Network**

Rail networks form the backbone of freight infrastructure within developed countries and are arguably the most efficient means of transporting bulk freight compared to any other mode. The share of Indian railways however, has receded consistently from 86% in 1950-1951 to 38% in 2011-2012.

The Indian rail network is fourth largest in the world with a total route length of 84,800 km. and 7,600 stations as on March 2012. Of the total route network, 19,368 km., i.e., almost 30% is double and multi-track. Freight traffic went up by more than 10 times over F.Y. 1951-2012 due to the increasing levels of industrialization across the country, particularly over the last decade. 869 million tons of freight was transported via trains in F.Y.12 that includes a huge variety of goods like mineral ores, iron and steel, fertilizers, petrochemicals, and agricultural produce. Increasing freight traffic is generated from these industries year-on-year which are spread out across the country.

Being the most efficient form of transport for the bulk commodities listed above, the growth and proliferation of railways is critical for a developing economy like India. In order to boost its share of freight traffic, Indian railways have undertaken construction of dedicated freight corridors along the country's Eastern and Western corridors. Based on this investment, freight traffic is estimated to increase significantly in ensuing years from 989 mn. tons in F.Y.12 to 1,405 mn tons by F.Y.17. They will boost the growth of the manufacturing sector and catalyze the development of the Indian logistics and warehousing industry.

##### **Road Network**

Roads have evolved to be the most widely used mode of transport for commodities in India as they provide maximum access to the hinterland and are much easier to set up compared to railways. India has one of the largest road networks in the world with a total length of approximately 4.7 million km. However the quality of road infrastructure is poor compared to other countries. Road Transport & Highways Department datashow that 57% of the total freight traffic is carried by Indian roads and has grown by 8.7% during the 2007-12 period.

In recent years special efforts have been made by the central government to strengthen the National Highways and also to improve rural road connectivity. Despite this, the road network remains inadequate in various respects. It is unable to handle high traffic density and high speeds at many places and has poor riding quality. It is necessary to accelerate completion of ongoing projects, including expressways besides speedy implementation of the Golden Quadrilateral (GQ) and the North-South and East-West (NS-EW) corridors and also to address the deterioration of large stretches of the national highways.

The biggest chunk of the logistics and warehousing activities relating to bulk commodities and containerized cargo are dependent on the arterial state and national highways. National highways form the mainstay of the country's road infrastructure and despite the fact that they comprise only 2% of the total road length in India, they carry almost 40% of the country's road traffic. The Ministry of Road Transport and Highways (MORTH) is in the process of widening Single and Double Lane highways into Four Lane or Six Lane highways as is the norm in developed economies. The twelfth Five Year Plan aims to increase the share of Four to Six Lane highways to over 40% of the total National Highway length compared to 24% today.

Similarly, the twelfth Five Year Plan also undertakes to convert an additional 30,731 km. of single and double lane state highway to Four/Six lanes. This will result in an eight time increase in the length of Four/Six lane highways by the end of the current Five Year Plan.

##### **Ports Network**

The Indian coastline is more than 7,500 km long and spread over 200 ports. There are 13 major and about 190 minor ports in the country that make up the gateways through which practically all of container traffic and bulk cargo is transported. Ports are critical points of focus for the logistics and warehousing industry and need to be extremely well connected and equipped to handle the massive amounts of containerized and bulk cargo that pass through there. India's ports are benefiting from strong growth in Export-Import (EXIM) trade. India's total EXIM trade is estimated to have grown to US\$793 bn in F.Y.13 at a CAGR of

17.8% since FY06. Ports handle almost 95% of trade volumes; thus rising trade has contributed significantly to cargo traffic. The total cargo traffic in India stood at 913.9 million metric tons(MMT) during FY12 and is expected to touch 1,758 MMT by FY17. In FY12, major ports handled 81.3% of the total cargo traffic while minor ports handled 38.7%. However, share of minor ports has increased substantially over the years, growing from 25% in FY01 to 38.7% in FY12. During FY08-12, cargo traffic at minor ports grew at 14.42% CAGR while major ports grew by only 1.9% for the same period. With rising demand for port infrastructure due to growing imports (crude, coal) and containerization, public ports (major ports) will fall short of meeting demand, thereby providing private ports with an opportunity to serve the spill-off demand from major ports and increase their capacities in line with forecasted new demand.

### **FUTURE TRENDS**

**Transportation** – Container cargo represents only about 30% (by value) of India's external trade much lower when compared with the global containerized cargo average of 70-75%. At a growth rate of 12%, India's container cargo traffic is estimated to reach 15 million TEUs by FY16E from about 7.5 million TEUs now (at 12 major ports). In comparison, China has created capacity at its ports to handle more than 100 million TEUs a year. Out of the 15 mn TEUs of total container traffic, we estimate Exim rail container traffic to be 5 mn TEUs by FY16E. This would be a huge opportunity and will significantly benefit container rail operators.

Rising investment in the rail and port spaces also fuels growth in allied industries like wagon manufacturing, port handling equipment, railway electrification systems and construction companies.

To reduce the transportation cost and for quicker movement of cargo Multimodal Transport Operation is Introduced (MTO). MTO helps exporters with less documentation for instance single document for all modes of transport.

**Third Party Logistics (3PL)** – Outsourcing is everywhere. Logistics industry is no exception. Logistics services like transportation, warehousing, cross docking, inventory management, packaging and freight forwarding all are part of third party logistics. Companies in India currently outsource an estimated of 52% of logistics. And 3PL industry was estimated to be US\$ 1.5 bn in FY18.

3PL represents only 1% of logistics cost emphasizes its significance in the industry. Future is no doubt lying in outsourcing. As the growth in the 3PL market is expected to be in the range of 25-30% CAGR over FY11-14E. As of now, the 3PL activity is limited to only few industries like automotive, IT hardware, telecom and infrastructure equipment.

**Private Participation** – The industry is becoming more competent with the entry of global giants like Gazeley Broekman (Wal-Mart's logistics partner), CH Robinson and Kerry logistics and large India corporate houses like Tata, Reliance and Bharti group. A series of mergers and acquisition like DHL acquired Blue Dart, TNT acquired Speedage Express Cargo Service and Fedex bought over Pafex, are also leading to consolidation industry at various levels and segments. Many of these companies are planning to broaden their areas of operation and are also planning to develop their own logistic parks across the country. If the trend continues as per the estimates, the market share of the organized logistics players is expected to double from 8% in 2013 to approx. 12% by 2020.

**Warehouses** – Recently, warehouses have become key growth drivers in the logistics industry. Apart from conventional storing services, warehouses now providing value-added services like consolidation and breaking up of cargo, packaging, labelling, bar coding and reverse logistics, etc., warehousing and related activities account for approx. 20% of the total logistics industry.

Most of the warehousing space in India lies with unorganized players in domestic front, which is causing wide supply and demand gap in storage space. According to KPMG, an additional 120 million square feet of warehousing space is needed by 2018 to bridge this gap.

Currently, the organized warehousing industry in India has a capacity of approx. 80 million metric tons and is growing at 35 to 40 per cent per annum. An investment of approximately US\$ 500 million is being planned by various logistics companies for the development of about 45 million square feet of warehouse space by 2018. Many players in this segment such as Multi Modal Logistics Park, Mega Food Parks and Free Trade and Warehousing Zones have planned next generation storage models.

The warehousing sector in India is still in its initial stage of development and has a long way to catch up with most of the advanced economies. Managing transportation network and storage of finished goods, used to define the supply chain strategy for most of the companies in India until a few years back. However, integration of the Indian economy with the global economy and various multi-national companies setting up manufacturing facilities locally have helped in bringing the global best practices to the domestic market. This has resulted in a gradual shift from simply managing transport network and godowns towards a more integrated supply chain management system.

**Logistics Parks** – About 110 logistics parks spread over approximately 3,500 acres at an estimated cost of \$1 bn are expected to be operational and an estimated 45 mn sqft of warehousing space with an investment of \$ 500 mn is expected to be developed by various logistics companies by 2020.

Majority of these logistics parks are planned in close proximity to state capitals. However, availability of large land parcels at relatively low cost, connectivity to multiple markets across states and industrial clusters has led to the emergence of some tier-2 and tier-3 cities as favored destinations for the development of logistics parks and warehouses.

The Indian railways has realized the necessity to improve the infrastructure to provide better services. The plan to develop Logistics Parks or hubs has the potential to streamline and optimize the supply chain and reduce the costs. Currently around 80% of the goods in India move by road, the railways have to essentially devise plans to divert this traffic to the rail.

India's infrastructure sector attracted huge investments, leaving behind some of the major sectors including aviation, metals, and consumer durables. The growths in the retails and manufacturing industry, commodity markets and development of SEZs have been key factors in the growth of Indian logistics industry. A number of infrastructural projects involving warehouse and logistics parks are being undertaken are expected to be operational in the next 2-3 years.

The setting up special economic zones (SEZs) has led to increased logistics activities around them. Several logistics parks have come up at locations like Mumbai, Kolkata, Chennai and Hyderabad because of their excellent port, rail and road connectivity and are witnessing significant investment in infrastructure. Many of the large logistics players are in the process of setting up warehouses, container freight stations (CFS), inland container depots (ICD), logistics parks, distribution centers and other facilities to leverage the abundant opportunities. Increase in foreign trade is expected to further accelerate the demand for logistics services.

The future of the industry is very bright and is sure to witness exponential growth in the coming years. The increased participation of both public and private sector is crucial for developing logistics and improving supply chain management. Not only do the logistics companies need to create efficient business to thrive in the logistics sector, but they also need to explore ways for investing energy, costs and time to grow a strong logistics system.

The Indian economy has been growing at an average rate of more than 8 per cent over the last four years putting enormous demand on its productive infrastructure. Whether it is the physical infrastructure or roads, ports, water, power, etc., or the digital infrastructure of broadband networks, telecommunication, etc., or the service infrastructures of logistics – all are being stretched to perform beyond their capabilities. Interestingly, this is leading to an emergence of innovative practices to allow business and public service to operate at a higher growth rate in an environment where the support systems are getting augmented concurrently.

Broadly speaking, the Indian logistics sector, as elsewhere, comprises the entire inbound and outbound segments of the manufacturing and service supply chains. Of late, the logistics infrastructure has received lot of attention both from business and industry as well as policy makers. However, the role of managing this infrastructure for the logistics management regimen to effectively compete has been slightly under-emphasized. Inadequate logistics infrastructure has an effect of creating bottlenecks in the growth of an economy; the logistics management regimen has the capability of overcoming the disadvantages of the infrastructure in the short run while providing cutting edge competitiveness in the long term. It is here that exist several challenges as well as opportunities for the Indian economy. There are several models that seem to be emerging based on the critical needs of the Indian economy that can stand as viable models for other global economies as well.

## **II. OPPORTUNITIES AND THREATS**

### **Opportunities**

- **Growth in GDP and EXIM Trade**
  - o -2x relationship between growth rates of GDP and the logistics industry.
  - o Post-recession resurgence of sectors like retail and manufacturing to drive volume growth.
  - o Growth in EXIM trade – direct positive impact on port-oriented logistics, 1.5-2x GDP multiple for EXIM container trade
- **Rising Outsourcing and Consolidation**
  - o Current outsourcing of logistics at around 52% in India.
  - o Many more - increasingly considering outsourcing and 3PL models to reduce cost and focus on core businesses, giving rise to industry consolidation
- **Rapid Supply Side Changes**
  - o Significant private investment - warehousing and improvement in transportation systems
  - o Moving away from 'Store-n-Transport' to real supply chain management
- **Key Regulatory Changes**
  - o Introduction of GST - Leads to creation of integrated supply chain facilities like warehousing
  - o near consumption centers
  - o Privatization of sectors like container rail, rail freight terminals, port and airports
  - o FDI in retail marketing and distribution – Will increase opportunities for intermediary logistics service providers
- **Significant Spending on Infrastructure**
  - o Govt. spending over US 300 billion on infrastructure in 12<sup>th</sup> Five Year Plan of which - 27%
  - o to be spent on rail, road, aviation and port projects
  - o Approx. US\$ 500 billion expected to be spent in logistics infrastructure development in coming decade

Over next 5-10 years, India is expected to evolve as a moderate-sized export hub for key sectors such as automotive, engineering goods, Pharmaceuticals, and processed foods. Moreover within the next 2-3 years, consumption led economic

growth is likely to continue supporting import into the country. India also offers the significant cost arbitrage opportunity when compared with other regions.

JNPT port where one of the FTWZ of the company is located handled more than 55% of India's total container traffic. Its dominance as the most viable port and Navi Mumbai's accessibility to major manufacturing destinations across India makes it one of the most preferred logistics and warehousing destination in India.

The JNPT port is already working at a 120% capacity on an installed capacity of 3.8 million TEUs. The Port is expected to add another terminal thereby more than doubling its capacity to 10 million TEUs by 2016. This will consequently increase demand in logistics and warehousing activity in the region.

#### **Threats**

Despite showing immense growth potential, the Indian Logistics and warehousing industry encounters various issues and challenges today which are discussed as under:

India lacks efficient road and rail network to facilitate smooth movement of goods. Also there is over dependence on the road infrastructure unlike the developed countries where rail is an equally mode of freight movement. The rail network in our country is saturated due to limited addition in tracks during the past decade. Likewise, cargo handling capacity of our ports is also inadequate leading to delay in delivery. The typical turnaround time of Indian ports is twice that of the neighboring ports of Colombo and Singapore. Such transport related issues in turn affect the export and import time which in turn pose a challenge.

### **III. OUTLOOK**

Arshiya's businesses offer unique solutions by way of unified supply chain infrastructure and warehousing facilities along with value added services and capability of providing all related technology solutions and end-to-end transportations.

The warehousing industry in India has come a long way from the erstwhile days of storage in godowns to the highly automated warehousing parks. Historically, Indian companies have considered warehousing activity as an unavoidable cost and the objective has always been to reduce this cost as much as possible. Such an attitude has resulted in huge under-investment in the sector over the years and adversely impacted efficient functioning of the supply chain network. However, increasing competition and introduction of global best practices by multinational companies are compelling Indian businesses to rethink on the importance of warehousing activity and the resultant benefits of managing an efficient supply chain.

The shift from godowns to warehouses has increased the scope of warehousing activity in the supply chain network. Apart from storage, warehouses are increasingly being used to carry out value added functions such as distribution, cross docking, consolidation & segregation, packing, sorting, labelling and tagging among others. Additionally handling of Export-Import (EXIM) goods requires further infrastructure support in terms of stuffing & de-stuffing of containers, customs clearance, storing of empty containers, railway access and container handling equipment. Hence, the amount of space and infrastructure required to support such activities is significantly higher as compared to godowns or even a standalone warehouse. The need for such infrastructure has gradually led to the development of integrated logistic parks in India.

An integrated logistics park as the name suggests is one centralized place for all types of logistic activities and value added services needed by exporters and local traders for shipment of their goods.

The Indian Logistics industry, hitherto dominated by un-organised players, now has innovative and 'game changing' solutions through Arshiya Group having created world class and competitive logistics infrastructure solutions such as:

- **Free Trade and Warehousing Zones (FTWZs)**
  - To enable EXIM (Export-Import) cargo consolidation, value addition, inventory financing and to allow India to become a regional trading and transshipment hub.
- **Inland Container Depot (ICD)**
  - For Domestic and International bound cargo value addition, consolidation
- **Rail Infrastructure Solutions**
  - To comprise innovative customized containers for specific product types, service level agreements on timeliness and delivery with key performance indicators.
  - State-of-the-art Rail Terminals with modern equipment to increase speed of loading/unloading and churn.
  - Private Freight Terminal

#### **IV. RISKS AND CONCERNS**

##### **Risks**

The Enterprise Risk Management (ERM) initiative, at Arshiya encompasses practices related to identification, assessment, monitoring and investigation of various risks to our business. Risk management is integral and fundamental to Arshiya's business. Since Arshiya is operating in a highly competitive environment, it is exposed to various strategic and operational risks like Economic risks, Competition risks, Trade risks, liability risk, Execution risks and regulatory risks. The Company has processes in place to safeguard its assets and liability risks through adequate and appropriate insurance coverage and the Company proposes to further strengthen the same.

The Company faces the following Risks and Concerns;

##### ***Economic Risk***

A part of business is substantially dependent on the prevailing global economic conditions. As witnessed in previous years, global trade directly impacts our FTWZ business. Factors that may adversely affect the global economy and in turn India's economic growth, that could affect the FTWZ include slowdown in the rate of infrastructure development, inflation, changes in tax, trade, fiscal and monetary policies etc. However, given the planned infrastructure investments in FY 2013-2017 will rise to a cumulative US 1 Trillion compared to US 542 billion in FY 2007- 2012, growth in global EXIM traffic and with increasing outsourcing of the logistics function by companies, we do not expect to be significantly affected by this risk.

##### ***Competition Risk***

Arshiya is pioneer in setting up FTWZ in the country and as such there is no competition in near future. The criteria of minimum 100 acres of land for setting up an FTWZ makes it all the more comfortable from the competition perspective as the land acquisition in the current context is not considered as simple activity.

##### ***Trade Risk***

Our business can be affected by the rise and fall in the levels of imports and exports in the country. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space and increasing per capita and disposable income, it is estimated that imports will continue to rise steadily. The Company is also focusing on high margin segment which is essentially dependent on imports and exports of containerized cargo in India. With expected EXIM trade increase along with the growth in containerization, FTWZ business is expected to be good in coming years. Thus, we believe we have adequate mitigation in place for trade risk.

##### ***Regulatory Risk***

The company is facing certain regulatory issues, which it has taken up with the relevant Government Authorities and the same is being sorted out. After the clarity in the regulatory issues, it is expected that the business would grow substantially as all industry predictions suggest that this will be the trend in the future as well and we do not expect this risk to affect us materially in the coming years.

##### ***Liability Risk***

This risk refers to our liability arising from any damage to cargo, equipment, life and third parties which may adversely affect our business. The Company attempts to mitigate this risk through contractual obligations and insurance policies.

##### ***Execution Risk***

The Company has already implemented the project and has developed sufficient project implementation risk and thus does not envisage any execution risk in future.

##### **Concerns**

Despite showing immense growth potential, the Indian logistics infrastructure and warehousing industry encounters various issues and challenges today. Even though some of the biggest challenges require initiatives at the government level, the private sector will also play an equally important role. Some of the key challenges witnessed by the industry are explained below:

##### ***Transport Infrastructure***

The logistic infrastructure and warehousing industry has a very high dependence on physical infrastructure. The challenges pertaining to it are manifold ranging from lack of ample road and rail network to accessible storage options. India lacks efficient road and rail network to facilitate smooth movement of goods. Also there is overdependence on road infrastructure unlike the developed countries where rail is an equally important mode of freight movement.

The rail network in our country is saturated due to limited addition in tracks during the past decade. Likewise cargo handling capacity of our ports is also inadequate leading to delay in deliveries. The typical turn around time of Indian ports is twice that of

the neighboring ports of Colombo and Singapore. All the above transport related issues in turn affect the export and import time which in turn poses a challenge for companies.

#### **Land Availability**

Affordable land availability with clear titles in tactical locations is a big challenge currently. Since land is a state subject, it adds to the challenges as different states have different set of procedures pertaining to agriculture land acquisition. Increasing land values even in the peripheral areas of a city further makes it unviable for companies to invest in warehousing.

### **V. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company maintains a system of internal controls designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls, and compliance with applicable laws and regulations. The organization is well structured and the policy guidelines are well documented with pre-defined authority. The Company has also implemented suitable controls to ensure that all resources are utilized optimally, financial transactions are reported with accuracy and there is strict adherence to applicable laws and regulations.

The CEO and CFO certification provided in the CEO and CFO certification section of the Annual Report discusses the adequacy of our internal control systems and procedures.

### **VI. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE**

During the year under review the Company was not able to fair well and continued to be under financial stress. The financial performance / highlights of the company are as under:

Since during the year there was only one Segment hence Segment wise Performance of Standalone Financials is not required.

- Total Turnover decreased by 37.23% from ₹51,655.73 Lacs in 2013-14 to ₹32,423.04 Lacs in 2014-15
- EBIDTA increased by 383.55.% from Loss of ₹(1,387.22) Lacs in 2013-14 to Profit of ₹3,933.46 Lacs in 2014-15

### **VII. THE YEAR UNDER REVIEW**

The Company has built on its business vision, and created world-class infrastructure facilities. The change in regulatory procedures – more explained below impacted the Company operations during the year under review:

- **Delays In Duty Drawback**
  - o Lack of procedural clarity for claiming the duty drawback for exports made through FTWZ, due to this exporter is being deprived of major benefits that an FTWZ offers.
  - o Your Company is trying to get clarification regarding the same from customs and ministry officials.
- **Non-availability of Customs EDI system In FTWZ**
  - o EDI link system is used by customs for getting relevant notifications, instructions, exchange rates, valuation references, historic data etc. to facilitate imports and exports.
  - o Non availability of EDI link system at FTWZ, has resulted in delays in the imports and exports procedures at FTWZ.
  - o Company has installed all the required data exchange facilities and IT connectivity for implementing the EDI and have requested the highest authorities for allowing EDI link at FTWZ.

- **Import General Manifest (IGM) approvals for FTWZs**

- o An IGM is a regulatory document to be filed with customs by carrier of goods into the country, in this case the shipping lines.
- o The IGM details the particulars of goods to be transhipped. The IGM specifies the location at which the goods would be cleared from customs.
- o As per existing statutory provisions, the IGM cannot list an FTWZ as the end location. Due to this constraint, shipping lines are not moving their cargo to FTWZ.

The above factors affected the utilization of capacity arising out of huge capital expenditure and consequently impacted the operations of the Company. The Company could not reach the scale of operations as planned and, hence not succeeded in generating revenue to sustain smooth operations.

#### **Future ahead**

With persistent efforts of the Company, the Government had granted us the approval for setting up of Inland Container Depot (ICD) at Khurja, Uttar Pradesh. This approval is a booster for the affairs of the group as a whole because of its impact of integrating Rail, FTWZ and ICD operations at Khurja. The Company is looking ahead on capitalizing on the state of art infrastructure being created at Khurja and providing the clients all business solutions at one place only. Under the new Government's regime and recent business development that took place in the company, we can look forward to a bright future.

#### **VIII. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS, INCLUDING NUMBER OF PEOPLE EMPLOYED**

The Directors' have apprised about the material developments in human resources in the Directors' Report. Further, the Company had employed 138 employees during the year under review.

#### **CAUTIONARY STATEMENT**

*Certain statements made in the management discussions and analysis report relating to the Company's objectives, projections, outlook, expectations, estimates and others may constitute "forward looking statements" within the meaning of applicable laws and regulations. Actual results may differ from such expectations, projections and so on, whether express or implied. Several factors could make significant difference to the Company's operations. These include climatic conditions and economic conditions affecting demand and supply, government regulations and taxation, natural calamities and so on, over which the Company does not have any direct control.*

# CORPORATE GOVERNANCE REPORT

## COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Company emphasizes the need for full transparency and accountability in all its transactions, in order to protect the interests of its stakeholders. The Board considers itself as a Trustee of its Shareholders and acknowledges its responsibilities towards them for creating and safeguarding their wealth. Your Company continuously endeavours to uphold the values of transparency, Integrity, professionalism and accountability, and improve upon these aspects on an ongoing basis to help the Company move forward.

The Securities and Exchange Board of India amended the Listing Agreement effective from October 1, 2014, to bring in additional corporate governance norms. These norms provide for stricter disclosures and protection of investor rights. The amended rules require companies to get shareholders' approval for related party transactions, establishment of whistle-blower mechanism, elaborate disclosures on pay packages and have at least one women director on their board. The amended norms are aligned with the provisions of the Companies Act, 2013, and aimed to encourage companies to 'adopt best practices on Corporate Governance'.

Our Corporate Governance framework ensures that we make timely disclosures and share accurate information regarding our financials and performance, as well as leadership and governance of the Company.

We firmly believe that independence of Board is essential to bring objectivity and transparency in the management and in the dealings of the Company. As on March 31, 2015, the majority of our Board members i.e. 4 out of 6 are independent members.

## 1. BOARD OF DIRECTORS

### Composition of Board:

The Board of Directors of the Company has an optimum combination of Promoter Director and Non-Executive Independent Directors, who have in depth knowledge of the business and industry. The composition of the Board is in conformity with Clause 49 of the Listing Agreement with the Stock Exchanges.

Annexure-A**VIGIL MECHANISM/WHISTLE BLOWER POLICY****PREAMBLE**

Section 177 of the Companies Act, 2013 requires every listed company and such class or classes of companies, as may be prescribed to establish a vigil mechanism for the directors and employees to report genuine concerns in such manner as may be prescribed.

The Company has adopted a Code of Conduct for Directors and Senior Management Personnel ("the Code"), which lays down the principles and standards that should govern the actions of the Directors and Senior Management Personnel.

Any actual or potential violation of the Code, howsoever insignificant or perceived as such, is a matter of serious concern for the Company. Such a vigil mechanism shall provide for adequate safeguards against victimization of persons who use such mechanism and also make provision for direct access to the chairperson of the Audit Committee in appropriate or exceptional cases.

Effective October 1, 2014, Clause 49 of the Listing Agreement between listed companies and the Stock Exchanges, *inter alia*, provides for a mandatory requirement for all listed companies to establish a mechanism called "Whistle Blower Policy" for employees to report to the management instances of unethical behaviour, actual or suspected, fraud or violation of the company's code of conduct.

**POLICY**

In compliance of the above requirements, Arshiya Limited, (AL), being a Listed Company has established a Vigil (Whistle Blower) Mechanism and formulated a Policy in order to provide a framework for responsible and secure whistle blowing/vigil mechanism.

**POLICY OBJECTIVES**

The Vigil (Whistle Blower) Mechanism aims to provide a channel to the Directors and employees to report genuine concerns about unethical behaviour, actual or suspected fraud or violation of the Codes of Conduct or policy.

The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations and in order to maintain these standards, the Company encourages its employees who have genuine concerns about suspected misconduct to come forward and express these concerns without fear of punishment or unfair treatment.

The mechanism provides for adequate safeguards against victimization of Directors and employees to avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee in exceptional cases.

This neither releases employees from their duty of confidentiality in the course of their work nor can it be used as a route for raising malicious or unfounded allegations about a personal situation.

**DEFINITIONS**

"Protected Disclosure" means a written communication of a concern made in good faith, which discloses or demonstrates information that may evidence an unethical or improper activity under the title "SCOPE OF THE POLICY" with respect to the Company. It should be factual and not speculative and should contain as much specific information as possible to allow for proper assessment of the nature and extent of the concern.

"Subject" means a person or group of persons against or in relation to whom a Protected Disclosure is made or evidence gathered during the course of an investigation.

"Vigilance Officer/Vigilance Committee or Committee" is a person or Committee of persons, nominated/appointed to receive protected disclosures from whistle blowers, maintaining records thereof, placing the same before the Audit Committee for its disposal and informing the Whistle Blower the result thereof.

"Whistle Blower" is a Director or employee who makes a Protected Disclosure under this Policy and also referred in this policy as complainant.

**SCOPE**

The Policy is an extension of the Code of Conduct for Directors & Senior Management Personnel and covers disclosure of any unethical and improper or malpractices and events which have taken place/ suspected to take place involving:

1. Breach of the Company's Code of Conduct
2. Breach of Business Integrity and Ethics
3. Breach of terms and conditions of employment and rules thereof
4. Intentional Financial irregularities, including fraud, or suspected fraud
5. Deliberate violation of laws/regulations
6. Gross or Willful Negligence causing substantial and specific danger to health, safety and environment
7. Manipulation of company data/records
8. Pillaration of confidential/propriety information
9. Gross Wastage/misappropriation of Company funds/assets

#### ELIGIBILITY

All Directors and Employees of the Company are eligible to make Protected Disclosures under the Policy in relation to matters concerning the Company.

#### PROCEDURE

All Protected Disclosures should be reported in writing by the complainant as soon as possible, not later than 30 days after the Whistle Blower becomes aware of the same and should either be typed or written in a legible handwriting in English.

The Protected Disclosure should be submitted under a covering letter signed by the complainant in a closed and secured envelope and should be super scribed as "Protected disclosure under the Whistle Blower policy" or sent through email with the subject "Protected disclosure under the Whistle Blower policy". If the complaint is not super scribed and closed as mentioned above, the protected disclosure will be dealt with as if a normal disclosure.

All Protected Disclosures should be addressed to the Vigilance Officer of the Company or to the Chairman of the Audit Committee in exceptional cases.

#### INVESTIGATION

All Protected Disclosures under this policy will be recorded and thoroughly investigated. The Vigilance Officer will carry out an investigation either himself/herself or by involving any other Officer of the Company/Committee constituted for the same /an outside agency before referring the matter to the Audit Committee of the Company.

The Audit Committee, if deems fit, may call for further information or particulars from the complainant and at its discretion, consider involving any other/additional Officer of the Company and/or Committee and/or an outside agency for the purpose of investigation.

The investigation by itself would not tantamount to an accusation and is to be treated as a neutral fact finding process.

The investigation shall be completed normally within 90 days of the receipt of the protected disclosure and is extendable by such period as the Audit Committee deems fit.

Any member of the Audit Committee or other officer having any conflict of interest with the matter shall disclose his/her concern/interest forthwith and shall not deal with the matter.

**DECISION AND REPORTING**

If an investigation leads to a conclusion that an improper or unethical act has been committed, the Chairman of the Audit Committee shall recommend to the Board of Directors of the Company to take such disciplinary or corrective action as it may deem fit.

Any disciplinary or corrective action initiated against the Subject as a result of the findings of an investigation pursuant to this Policy shall adhere to the applicable personnel or staff conduct and disciplinary procedures.

A quarterly report with number of complaints received under the Policy and their outcome shall be placed before the Audit Committee and the Board.

A complainant who makes false allegations of unethical & improper practices or about alleged wrongful conduct of the Subject to the Vigilance Officer or the Audit Committee shall be subject to appropriate disciplinary action in accordance with the rules, procedures and policies of the Company.

**CONFIDENTIALITY**

The complainant, Vigilance Officer, Members of Audit Committee, the Subject and everybody involved in the process shall maintain confidentiality of all matters under this Policy, discuss only to the extent or with those persons as required under this policy for completing the process of investigations and keep the papers in safe custody.

**PROTECTION**

No unfair treatment will be meted out to a Whistle Blower by virtue of his/ her having reported a Protected Disclosure under this policy. Adequate safeguards against victimization of complainants shall be provided. The Company will take steps to minimize difficulties, which the Whistle Blower may experience as a result of making the Protected Disclosure.

The identity of the Whistle Blower shall be kept confidential to the extent possible and permitted under law. Any other employee assisting in the said investigation shall also be protected to the same extent as the Whistle Blower.

**DISQUALIFICATIONS**

While it will be ensured that genuine Whistle Blowers are accorded complete protection from any kind of unfair treatment as herein set out, any abuse of this protection will warrant disciplinary action.

Protection under this Policy would not mean protection from disciplinary action arising out of false or bogus allegations made by a Whistle Blower knowing it to be false or bogus or with a mala fide intention.

Whistle Blowers, who make any Protected Disclosures, which have been subsequently found to be mala fide, frivolous or malicious, shall be liable to be prosecuted.

**ACCESS TO CHAIRMAN OF THE AUDIT COMMITTEE**

The Whistle Blower shall have right to access Chairman of the Audit Committee directly in exceptional cases and the Chairman of the Audit Committee is authorized to prescribe suitable directions in this regard.

**COMMUNICATION**

Directors and Employees shall be informed of the Policy by publishing on the notice board and the website of the Company.

**RETENTION OF DOCUMENTS**

All Protected disclosures in writing or documented along with the results of investigation relating thereto, shall be retained by the Company for a period of 5 (five) years or such other period as specified by any other law in force, whichever is more.

**AMENDMENT**

The Company reserves its right to amend or modify this Policy in whole or in part, at any time without assigning any reason whatsoever. However, no such amendment or modification will be binding on the Directors and employees unless the same is not communicated in the manner described as above.

Annexure -B**DECLARATION OF COMPLIANCE WITH CODE OF CONDUCT**

## FINANCIAL SECTION

---

# INDEPENDENT AUDITOR'S REPORT

---

To,

**The Members of Arshiya Limited (Formerly Known As Arshiya International Limited)**

## **Report on the Standalone Financial Statements**

We have audited the accompanying standalone financial statements of ARSHIYA LIMITED (Formerly known as Arshiya International Limited) ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2015, the Statement of Profit and Loss and Cash Flow Statement for the year ended on that date, and a summary of significant accounting policies and other explanatory information.

## **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

## **Basis for Qualified Opinion:**

*We draw attention to Note No. 50, relating to remuneration paid to ex-executive Director of the company for FY 2013-14, which have turned out to be in excess of the limits prescribed under section 198 read with Schedule XIII to the Companies Act, 1956 due to the reasons stated in the note and hence, it is subject to the approval of the Central government.*

**Qualified Opinion:**

In our opinion and to the best of our information and according to the explanations given to us, *except for the effect of the matter described in Basis for Qualified Opinion paragraph*, these financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
- (b) in the case of the Statement of Profit and Loss, of the loss for the year ended on that date;  
and
- (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

**Emphasis of Matters**

1. The Company continues to be under severe financial stress as reflected by:
  - (a) During the year, some of the secured borrowings turning to Non Performing Assets and assignment of a bank's dues in favour of Edelweiss Asset Reconstruction Company (Refer Note No. 31).
  - (b) Substantial creditors remaining outstanding to be paid.
  - (c) Unpaid employee dues amounting to ₹2,27,85,758/- (Refer Note No. 10)
  - (d) Overdue loans from bank and other Parties aggregating to ₹3,25,66,79,256/- (Including Interest accrued and due ₹1,57,21,57,406/-) (Refer Note No. 10)
  - (e) Unpaid Statutory dues of ₹8,59,53,558/- remaining unpaid (Refer Note No. 10)

Despite the foregoing, these accounts have been prepared on a "Going Concern" basis as referred to in note no. 29 of the financial statements.

2. Further to above, we draw attention to the following matters in the Notes to the financial statements:
  - (a) Note No. 34 Re: Tax Deducted at source.
  - (b) Note No. 35(a) Re: Fixed Assets
  - (c) Note No. 35(b) Re: Capital work-In-Progress
  - (d) No provision for diminution in value of investments in subsidiaries having been made for the reasons as stated in Note No 38.
  - (e) Note No. 37 Re: Mark to Market Losses.

Our Opinion is not modified in respect of these matters.

**Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;

- d. In our opinion, the aforesaid financial statements comply with Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e. On the basis of written representations received from the Directors as on March 31, 2015 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2015, from being appointed as a Director in terms of section 164(2) of the Act.
- f. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The company has disclosed the impact of pending litigation on its financial position in its financial statements— Refer to Note No. 24(i) to 24(iv) and 39 of other notes to the financial statements.
  - ii. The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term derivative contracts. Refer Note no. 37 of other notes to the financial statements.
  - iii. There has been a delay in transferring unclaimed dividend amounting to ₹6,19,750/- which was due on 21<sup>st</sup> October, 2014, and which has since been transferred on 9<sup>th</sup> April, 2015.

#### **Annexure to the Independent Auditors' Report**

As referred to in the Annexure to the Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31<sup>st</sup> March 2015, we report that :

- i. In respect of its fixed assets:
  - (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
  - (b) As explained to us, fixed assets have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification.
- ii. Considering the nature of the business the Company does not require to purchase any inventory and hence, the provisions of clause 3(ii) of the Order are not applicable to the Company..
- iii. The Company has granted interest free unsecured loans to five parties covered in the register maintained under Section 189 of the Companies Act, 2013. According to the terms of arrangement the loans are receivable after one year but within five years, hence the question of repayment during the year does not arise. There are no overdue amounts exceeding ₹ One lakh as of year-end with respect to such loans granted.
- iv. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of fixed assets and sale of services. We have not noticed any major weaknesses in the internal control system during the course of audit.
- v. The Company has not accepted any deposits and hence, the directions of the Reserve Bank of India and the provisions of section 73 to 76 and other relevant provisions of the Companies Act, 2013 and its rules, are not applicable.

vi. We have broadly reviewed the books of accounts maintained by the Company in respect of services rendered pursuant to rules made by Government of India with regard to the maintenance of cost records as prescribed under section 148(1) of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed basic cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. In respect of statutory dues:

(a) The Company is generally regular in depositing undisputed applicable statutory dues, except, tax deducted at source of ₹6,55,71,556/- which is outstanding as of the year-end for a period of more than six months from their due dates of payment.

(b) There are no disputed dues in respect of wealth tax, service tax, customs duty and excise duty which have not been deposited on account of any disputes. Details of disputed dues of Income Tax and Value Added Tax which have not been deposited are as under :

Name of the Statute	Nature of Dues	Amount Involved (₹)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	12,67,53,458	Assessment Year 2008-2009 to 2010-2011	Commissioner of Income Tax (Appeal)
		7,11,78,440	Assessment Year 2013-2014	Deputy Commissioner of Income Tax
Value Added Tax	Maharashtra Value Added Tax	20,51,279	Assessment Year 2005-06	Deputy Commissioner of Sales Tax - (Appeal)

(c) There has been a delay in transferring unclaimed dividend amounting to ₹6,19,750/- which was due on 21<sup>st</sup> October, 2014, and which has since been transferred on 9<sup>th</sup> April, 2015.

viii. The accumulated losses of the Company are more than 50% of its net worth. The Company has incurred cash losses during the year and in the immediately preceding financial year.

ix. The Company has not issued any debentures. Based on our audit procedures and according to the information and explanations given by the management, during the year, the Company, taking into account approved Corporate Debt Restructuring Package, has defaulted in repayment of dues to Banks and a Financial Institution, the defaults whereof are stated hereunder:

(Amount in ₹)

Period of Delay	Banks		Financial Institution

Total	67,03,55,183	134,53,43,661	69,00,00,000	18,27,04,021

x. In our opinion and according to the information and explanation given to us, the terms and conditions on which the company has given guarantees for loans taken by subsidiaries from Banks and Financial Institutions are prima facie not prejudicial to the interest of the Company.

xi. According to information and explanations given to us, and on examination of the balance sheet and other records, we report that the term loan availed by the company has been applied for the purpose for which it is raised.

- xii. To the best of our knowledge and belief, and according to the information and explanations given to us, and considering the size and nature of the Company's operations, no fraud of material significance on or by the Company has been noticed or reported during the year.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

### Note 1: Corporate Information

Arshiya Limited (formerly known as Arshiya International Limited) (the Company) is a unified supply chain and integrated logistics infrastructure provider and is engaged in the business of Free Trade and Warehousing Zone (FTWZ) and value added services along with development, operations and maintenance of FTWZ.

FTWZ's are developed under the provisions of Special Economic Zone Act, 2005 and the Special Economic Zone Rules, 2006.

The Company's equity shares are listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

### Note 2: Significant Accounting Policies

#### (I) Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention and accrual basis of accounting and in accordance with Generally Accepted Accounting Principles in India ("Indian GAAP") and are in conformity with mandatory accounting standards issued by Institute of Chartered Accountants of India, as prescribed under the Section 133 of Companies Act, 2013 (Act) read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act (to the extent notified).

#### (II) Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, as of the date of financial statements and the reported amounts of revenue and expenses for the year. The difference between the actual results and estimates are recognised in the period in which the results are known or materialised.

#### (iii) Fixed assets

##### (a) Tangible Fixed Assets

- Fixed assets except Land are stated at original cost of acquisition / installation (net of credit availed) less accumulated depreciation and impairment losses, if any. All costs including financing costs till commencement of commercial operations are capitalised.
- Land is carried at its revalued amount being the estimated market value on the date of revaluation.

##### (b) Intangible Fixed Assets

Intangible assets are carried at cost less accumulated amortization. The capitalised cost of software includes license fees, cost of implementation and system integration services. These costs are capitalised as intangible assets in the year in which related software is implemented.

##### (c) Capital work-in-progress

The cost of fixed assets which are not ready for its intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

#### (iv) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised till the date of commencement of commercial operations as part of cost of such assets. All other borrowing costs are charged to revenue.

#### (v) Depreciation and Amortization

- (a) Depreciation on tangible fixed assets is provided on straight-line method at the rates and manner in accordance with Schedule II to the Companies Act, 2013.
- (b) Amortisation of intangible assets other than (c) below, is provided on a straight-line basis over a period of three to six years from the date of its implementation based on management's estimate of useful life over which economic benefits will be derived from its use.
- (c) Cost of Enterprise Resource Planning (ERP) software (Intangible asset) including expenditure on implementation is amortised over a period of ten years based on management's estimate of useful life over which economic benefits will be derived from its use.
- (d) Leasehold Improvements are amortized over the period of lease.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

### (vi) Leases

#### (a) Finance lease

Assets acquired under finance lease are capitalised and the corresponding lease liability is recognised at lower of the fair value of the leased assets and the present value of minimum lease payments at the inception of the lease. Initial costs directly attributable to lease are recognised with the asset under lease.

#### (b) Operating lease

Lease of assets under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Lease payments under operating leases are recognised as expenses on accrual basis in accordance with the respective lease agreements.

### (vii) Investments

(a) Investments intended to be held for more than a year, from the date of acquisition are classified as long term and are valued at cost. Provision for diminution, if any, in the value of long term investments is made to recognise a decline, other than temporary.

(b) Current investments are valued at lower of cost and fair value, computed individually for each investment.

### (viii) Revenue recognition

(a) Revenue from logistic operations is accounted on the basis of date of departure of the vessel/aircraft for jobs related to export shipments and date of arrival of the vessel/ aircraft for jobs related to import shipments, considering substantial completion of contracted services.

(b) Revenue from allotment of warehousing space and open yard area for use is accounted on accrual basis as per agreed terms.

(c) Revenue from value added services and other activities is recognised based on completion of agreed contracted services.

(d) Interest and other income is accounted on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

(e) Export benefits under Serve from India Scheme of Foreign Trade Policy are recognised when utilized.

### (ix) Employee benefits

Employee benefits include schemes such as provident fund, Employee State Insurance, gratuity and leave encashment entitlements.

#### (a) Defined Contribution Plan

Contributions to defined contribution scheme such as provident fund and Employees' State Insurance are charged to the Statement of Profit and Loss as and when incurred.

#### (b) Defined Benefit Plan

The Liability for Leave Encashment and Gratuity is determined on actuarial basis as per the Accounting Standard - 15 "Employee Benefits" (AS-15) issued by the Institute of Chartered Accountants of India and as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with the Rule 7 of the Companies (Accounts) Rules, 2014.

### (x) Foreign currency transactions

(a) Transactions in foreign currencies are initially recognised at the prevailing exchange rates on the date of the transaction. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

(b) Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange difference is recognised in the Statement of Profit and Loss.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

- (c) In respect of derivative contracts assigned to foreign currency monetary assets and liabilities, the difference due to change in exchange rate between the inception of derivative contracts and date of Balance Sheet and the proportionate premium/discount for the period upto the date of Balance Sheet is recognised in the Statement of Profit and Loss.

### (xi) Accounting for taxes on Income

- (a) Provision for Current Tax is made, based on the tax payable under the Income-tax Act, 1961.
- (b) Deferred Tax is recognised, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods and are measured using relevant enacted tax rates. Deferred Tax assets are not recognised unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized.
- (c) Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Company and the assets can be measured reliably.

### (xii) Impairment of tangible and intangible assets

At the end of each year, the Company determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard – 28 "Impairment of Assets" (AS-28) issued by the Institute of Chartered Accountants of India and as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

### (xiii) Employee stock options

The Company calculates the employee stock compensation expense based on the intrinsic value method wherein the excess of market price of underlying equity shares as on the date of the grant of options over the exercise price of the options given to employees under the Employee Stock Option Scheme, is recognised as deferred employee stock compensation expense and is amortized over the vesting period.

### (xiv) Provisions, Contingent Liabilities and Contingent Assets

- (a) A provision is made based on a reliable estimate when it is probable that an outflow of resources embodying economic benefits will be required to settle an obligation and in respect of which a reliable estimate can be made. Provision is not discounted and is determined based on best estimate required to settle the obligation at the year-end date.
- (b) Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.
- (c) Contingent Assets are not recognised or disclosed in the financial statements.

### (xv) Earnings per Share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed and disclosed using the weighted average number of equity and diluted equivalent shares outstanding during the year, except when the results would be anti-dilutive.

### (xvi) Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company.

- (xvii) Accounting policies not specifically referred to otherwise are consistent with the generally accepted accounting principles followed by the Company.

## 29. Preparation of financial statements on "Going Concern" basis

The financial statements of the Company have been prepared on a "Going Concern" basis in view of:

- Package under Corporate Debt Restructuring approved by the Secured Lenders
- The Restructuring of the Business Operations (Refer Note No. 30)

## NOTES FORMING PART OF FINANCIAL STATEMENTS

### 30. Revival Plans

The management of the Company is in the process of restructuring its business operations as also those of its subsidiaries in which it has substantial investments, by :-

- \* expanding the business volumes,
- \* establishing an Inland Container Depot,
- \* Infusion of fund by promoters through subscribing of equity capital and providing interest free unsecured loans. The above steps shall enable the Company to Improve Company's Net worth and its ability to discharge its debts/liabilities in near future.

### 31. Corporate Debt Restructuring (CDR)

31.1 During the previous year, Secured Lenders (Banks) have approved the restructuring package under "Corporate Debt Restructuring Package" (CDR), which Inter-alia provides for:

- (a) (i) Reschedulement of the Principal amounts of the loans and dates thereof.
- (ii) Funding of unpaid interest on the Term Loans due from October 2012 to September 2014 into Funded Interest Term Loans.
- (iii) Waiver of all liquidated damages/penal charges/penal interest/excess interest i.e. in excess of documented rate of all the facilities from the cut-off date i.e. 1<sup>st</sup> October, 2012 till the implementation of the package.
- (b) A right to recompense in favor of Secured Lenders.

31.2 This year, the Company has not been able to generate sufficient cash flows to service the loan repayments/interest payments which resulted into Company's borrowings becoming "Non Performing Assets" (NPA's) with the some of the Banks.

31.3 Such defaults entitle the CDR lenders to reverse the waiver/sacrifices granted by them, which is estimated to be ₹73,35,00,000/- as on 31<sup>st</sup> March, 2015.

31.4 During the year, a lender, State Bank of Patiala (SBP) which was part of the "Corporate Debt Restructuring" (CDR) has assigned its respective outstanding dues in favor of Edelweiss Asset Reconstruction Company (EARC) on the same terms and conditions as applicable to said lender.

### 32. Depreciation

Consequent to the enactment of the Companies Act, 2013 (the Act) and its applicability for accounting periods commencing on or after 1st April, 2014, the Company has re-worked depreciation with reference to the useful lives of fixed assets prescribed by Part 'C' of Schedule II to the Act. Where the remaining useful life of asset is nil, the carrying amount of the assets after retaining the residual value, as at 1st April, 2014 amounting to ₹ 2,15,32,821/- has been adjusted to the balance of Surplus in Statement of Profit and Loss. In other cases the carrying values have been depreciated over the remaining useful lives of the assets and recognised in the Statement of Profit and Loss. As a result the charge for depreciation is higher by ₹ 9,13,01,625/- for the year ended 31st March 2015.

### 33. Provision for Interest

The Company has provided interest for the year:

- (a) In respect of loans from banks, on the basis of statements received from them and in absence thereof as per the concessional rates (excluding penal interest) as mentioned in Letter Of Approval (LOA) under the CDR.
- (b) In respect of loans assigned to EARC, on the basis of balance confirmations received from them.

### 34. Tax Deducted at Source

During the year:

- (a) The Company had deducted income tax at source (TDS) aggregating to ₹ 11,42,71,793/- during the earlier years from the amounts payable to various parties. The Company has not paid the said TDS to the government on assumption that such parties would have paid their income tax dues on the income declared by them in the respective years. Accordingly, during the year, the Company has transferred an amount of ₹ 11,42,71,793/- back to the respective parties.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

- (b) The Company has written back an aggregate amount of ₹ 3,04,24,584/- representing Interest on unpaid tax deducted at source provided in earlier years on the premise that since the corresponding tax deducted is not payable as mentioned in Note no.(a) above, interest thereon is not payable.

**35. Capital Expenditure :****(a) Fixed Assets:**

In view of revival plans of the Company as referred to in Note 29, in the opinion of the management, the carrying value of the Fixed Assets of the Company is not lower than their recoverable amounts and hence, no provision for impairment of Fixed Assets is called for.

**(b) Capital work-in-progress:**

The Company has suspended further capital expenditure and incurrence of other expenses in connection therewith due to non-optimum utilization of the existing capacity as also non-availability of funds for incurring the balance expenditure. The management expects that in future, the company shall be able to tie up business agreements as also the required funds which will enable it to complete the Project Work- In- Progress.

**36. Investments**

The Company holds strategic and long term investments by way of equity shares in its subsidiaries, the aggregate cost of which is ₹ 8,34,59,72,336/- as on 31<sup>st</sup> March, 2015. The present "net asset value" of the said investments are lower than their costs of acquisition. Considering that the said investments are long-term and strategic in nature as also the said subsidiaries are in the process of implementing their respective Revival Plans alongwith the future business plans of the Company, the Management is of the view that the diminution in value of its investments is temporary in nature and no provision for diminution in value is called for at this juncture except in respect of the following subsidiaries:-

Name of the Subsidiary	Amount in ₹
Arshiya International Singapore Pte. Limited	34,31,000
Arshiya Technologies (India) Private Limited	1,00,000
<b>Total</b>	<b>35,31,000</b>

**37. Mark to Market Losses****37.1 Axis Bank**

In respect of Derivative contracts assigned to foreign currency assets and liabilities, an amount of ₹ 2,23,31,581/- in respect of MTM losses upon determination of fair market value of derivatives entered into by the Company has been charged to the Statement of Profit and Loss. The Company is of the view that MTM loss has to be worked out taking into account the spot exchange rate(s) on the reporting date as it is committed to continue derivative contracts till their maturity and hence, applying the fair market values presuming that the derivative contracts would be cancelled on the reporting date, shall not reflect the correct financial position. However, the Bank which has entered into derivative contracts with the Company has intimated that, the loss on account of MTM is ₹ 36,47,77,182/- as upto 31<sup>st</sup> March, 2015 as against the amount of ₹ 23,84,83,890/- determined as per the Company's view.

**37.2 ING Vysya Bank**

In respect of derivative contracts entered into by the company with ING Vysya Bank (now amalgamated with Kotak Mahindra Bank Limited w.e.f.1<sup>st</sup> April, 2015) the contracts have been prematurely terminated by the Bank, which is disputed by the company.

However in the meantime, pending dispute, the Company has made provision on account of MTM losses amounting to ₹17,99,43,021/- as up to 31<sup>st</sup> March, 2015, as per past practice of providing MTM losses taking into account the spot exchange rate(s) on the reporting date.

**38. Other Advances**

Other Advances includes ₹ 31,01,229/- being cash seized by the Income Tax Department at the time of search on 13<sup>th</sup> June, 2014. The company shall be lodging necessary claim for refund of the same as according to it, the said cash on hand was duly accounted for in its books of accounts and tallied with balance on hand as on date of search.

## NOTES FORMING PART OF FINANCIAL STATEMENTS

**39. Proceedings against Company**

Certain lenders and creditors have filed winding up petitions/cases/other legal proceedings for recovery of the amounts due to them which are at different stages before the respective judicial forums/authorities. Claims by the said lenders and creditors have been contested by the Company in those proceedings and not acknowledged as debts. It is not possible at this juncture to estimate the financial implications of such claims.

**40. Scheme of Amalgamation of Arshiya FTWZ Limited and Arshiya Domestic Distripark Limited**

The Scheme of Amalgamation of Arshiya FTWZ Limited and Arshiya Domestic Distripark Limited with the Company became effective from 4<sup>th</sup> January, 2013. The entire undertaking of the transferor companies including all assets, liabilities and reserves vested in the Company on the appointed date, i.e. 1<sup>st</sup> April, 2012 for which necessary impact had been given in the accounts for the year ended 31<sup>st</sup> March, 2013. However, land belonging to Arshiya Domestic Distripark Limited has yet not been transferred in the name of the Company.

**41. Logistic Operations**

During the year, the Company has decided to phase out its logistics operations. The book debts and trade payables aggregating to ₹ 57,75,28,915/- and ₹ 61,66,84,389/- respectively of which ₹ 57,20,31,603/- and ₹ 57,05,06,058/- respectively have been assigned on 30th June, 2014.

**42. Maharashtra VAT Refund Receivable**

**42.1** As per the Notification dated 16th May, 2013, issued by the government of Maharashtra, MVAT exemption/refund is available to SEZ Developer after 15th October, 2011 (record date). However, the Company has claimed refund of ₹17,43,34,100/- in respect of transactions prior to record date. The Company is of the view that the state government has exempted it from local taxes, levies and duties on goods required for authorized operations by a Developer vide GR dated 12<sup>th</sup> October, 2001 passed by Industries, Energy and Labour Department, Government of Maharashtra.

**42.2** The Company has filed a writ petition in the High Court of Bombay challenging the constitutional validity of MVAT on various grounds and has claimed refund of ₹ 17,43,34,100/- which is pending hearing and disposal.

**42.3** Accordingly, these financial statements reflect a sum of ₹ 17,43,34,100/- as refund receivable on account of MVAT. In case the refund is not granted, the necessary adjustment entries shall be recorded in the year in which finality is reached.

**43. Taxation**

**43.1** In view of loss for the year as calculated as per the provisions of the Income Tax Act, 1961 (The "Act"), no provision for taxation has been made.

**43.2** Deferred Tax Assets consist of substantial amounts of carry forward losses and unabsorbed depreciation under the Income Tax Act, 1961. However, since the availability of sufficient future taxable income against which the said benefits can be set off is not possible to be ascertained with virtual certainty, the Deferred Tax Assets have not been recognised as a measure of abundant caution.

**44. Disclosure pursuant to Accounting Standard 15 (Revised) – Employee Benefits****a. Brief descriptions of the plans**

The Company's defined contribution plans are Provident Fund and Employees State Insurance where the Company has no further obligation beyond making the contributions. The Company's defined benefit plans include gratuity. The employees are also entitled to leave encashment as per the Company's policy.

**45. Disclosure pursuant to Accounting Standard 17 – Segment Information**

The Company is primarily engaged in providing end to end supply and demand chain solutions to its customers in FTWZ. In the opinion of the Company, the entire business is governed by same set of risks and returns and hence, the same has been considered as representing a single primary segment. The Company provides services within India and hence, doesn't have any operations in economic environments with different risks and returns. Hence, it is considered that the Company is operating in single geographical segment.

# INDEPENDENT AUDITOR'S REPORT

---

To,

**The Members of Arshiya Limited (Formerly Known As Arshiya International Limited)**

## **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Arshiya Limited (Formerly Arshiya International Limited) (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2015, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

## **Management's Responsibility for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the subsidiaries included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and our comments referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

## **Basis for Qualified Opinion:**

*We draw attention to Note No. 37, relating to remuneration paid to ex-executive Director of the Holding Company for FY 2013-14, which has turned out to be in excess of the limits prescribed under section 198 read with Schedule XIII to the Companies Act, 1956 due to the reasons stated in the note and hence, it is subject to the approval of the Central Government.*

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effect of the matter described in Basis for Qualified Opinion paragraph*, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31st March, 2015, and their consolidated loss and their consolidated cash flows for the year ended on that date.

### Emphasis of Matter

1. The group continues to be under severe financial stress as reflected by :
  - (a) Majority balance of the secured borrowings of the Group turning into Non Performing Assets (Refer Note no. 38).
  - (b) Substantial Creditors remaining outstanding to be paid.
  - (c) Unpaid Full and Final Employees dues aggregating to ₹5,24,02,547/-.
  - (d) Statutory dues aggregating to ₹27,71,18,077/- remaining unpaid.
  
2. We draw attention to the following matters in the Notes to the financial statements::
  - (a) Note No. 41 Re: Tax Deducted at Source.
  - (b) Note No. 32(a) Re: Fixed Assets
  - (c) Note No. 32(b) Re: Capital Work-in-Progress
  - (d) Note No. 47 Re: Mark to Market Losses.

Our opinion is not modified in respect of these matters.

### Other Matters

The consolidated financial statements include the financial statements/financial information of four foreign subsidiaries which have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on the financial statements/financial information furnished to us by the Management.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the Other Matters' as stated above with respect to our reliance on the work done and the financial statements/financial information certified by the Management.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' reports of the Holding company and subsidiary companies incorporated in India, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable. (Refer to 'Other Matters' above).
2. As required by Section 143 (3) of the Act, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books. (Refer to 'Other Matters' above).
  - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements. (Refer to 'Other Matters' above).
  - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the Directors of the Holding Company as on 31st March, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group companies, incorporated in India is disqualified as on 31st March, 2015 from being appointed as a Director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. (Refer Note 24(a),24(b),24(g),24(h) and 49 to the consolidated financial statements).
  - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contracts including derivative contracts. (Refer Note No. 47 to the consolidated financial statements in respect of such items).
  - iii. There has been a delay in transferring unclaimed dividend to Investor Education and Protection Fund by Holding Company amounting to ₹6,19,750/- which was due on 21st October, 2014, which has been transferred on 9th April, 2015.

**Annexure to the Independent Auditors' Report on Consolidated Financial Statements**

As referred to in the Annexure to the Independent Auditors' Report on Consolidated Financial Statements to the members of the Holding Company on the financial statements for the year ended 31<sup>st</sup> March 2015, we report that :

- I. (a) The Group has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) As explained to us, fixed assets have been physically verified by the Group's Management at reasonable intervals; and no material discrepancies were noticed on such verification.
- II. (a) As explained to us, the inventories of stores and spares were physically verified during the year by the Group's Management at reasonable intervals.
- (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the Group's Management were reasonable and adequate in relation to the size of the Group and the nature of its business.
- (c) In our opinion and according to the information and explanations given to us, the Group has maintained proper records of its inventories and no material discrepancies were noticed on physical verification.
- III. The Group has not granted any loans to any party, covered in the register maintained under section 189 of the Companies Act, 2013 and hence clause 3(III) of the Order is not applicable.
- iv. In our opinion and according to information and explanations given to us, there is an adequate internal control procedure commensurate with the size of the Group and the nature of its business for the purchase of Inventory and Fixed Assets and sale of Services. During the course of our audit, we have not observed any major weakness in such internal control system. Further, the activities carried on by the Group do not require sale of goods.
- v. The Group has not accepted any deposits and hence, the directions of the Reserve Bank of India and the provisions of section 73 to 78 and other relevant provisions of the Companies Act, 2013 and its rules, are not applicable. Hence clause 3(v) of the Order is not applicable.
- vi. We have broadly reviewed the books of accounts maintained by the Group in respect of services rendered pursuant to rules made by Government of India with regard to the maintenance of cost records as prescribed under sub section (1) of section 148 of the Companies Act, 2013, wherever applicable, and are of the opinion that, prima facie, the prescribed basic cost records have been made and maintained. We have, however, not made detailed examination of cost records with a view to determine whether they are accurate or complete.
- vii. (a) The Group is generally regular in depositing undisputed applicable statutory dues, *except, income tax deducted at source, entry tax and work contract tax. The arrears of such outstanding as of the year-end for a period of more than six months from their due dates of payment are ₹ 21,65,12,234/-, ₹8,53,762/- and ₹16,13,306/- respectively.*
- (b) According to the information and explanations given to us, there are no disputed dues in respect of wealth tax, service tax, customs duty and excise duty which have not been deposited on account of any disputes.

Details of disputed dues of Income Tax and Value Added Tax which have not been deposited are as under:

Name of the Statute	Nature of Dues	Amount Involved ₹	Period to which amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax	12,67,53,457	A.Y. 2008-09 to 2010-11	Commissioner of Income Tax (Appeals)
Income Tax Act, 1961	Income Tax	7,11,78,440	A.Y. 2013-14	Deputy Commissioner of Income Tax
Maharashtra Value Added Tax Act, 2002	Value Added Tax	20,51,279	A.Y. 2005-06	Deputy Commissioner of Sales Tax (Appeals)

(c) According to the information and explanations given to us, the Holding Company of the Group has delayed in transferring unclaimed dividend amount of ₹ 6,19,750/-, which was due on 21<sup>st</sup> October, 2014, which has been transferred on 9<sup>th</sup> April, 2015.

- viii. Accumulated losses at the end of the financial year are not less than 50% of its net worth and the Group has incurred cash losses during the year and in the immediately preceding financial year.
- ix. The Group has not issued any debentures. Based on our audit procedures and according to the information and explanations given by the Group's Management, during the year, the Group, taking into account approved Corporate Debt Restructuring Package, has defaulted in repayment of dues to Banks and a Financial Institution, the defaults whereof are stated hereunder:

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### Note 1: Corporate Information

Arshiya Limited (formerly Arshiya International Limited) (hereinafter referred to as "the Holding Company", "the Company" or "AL") together with its subsidiaries (collectively referred to as "Group") is Flagship Company of the Arshiya Group. Arshiya is a pioneering Unified Supply Chain- Infrastructure and Solutions Group headquartered in India. The Group business comprises of Free Trade and Warehousing Zone (FTWZ), Industrial & Distribution Hubs, Rail & Rail Infrastructure, Forwarding, Transport & Handling, Supply Chain Technology and Management Solutions.

### Note 2: Basis of Consolidation

The Consolidated Financial Statements (CFS) relating to the Company and its subsidiaries are drawn up to the same reporting date as followed by the Holding Company, i.e. 31<sup>st</sup> March, 2015 (Previous Year 31<sup>st</sup> March, 2014). The CFS has been prepared on the following basis.

- i) The CFS of the Group are prepared under Historical Cost Convention on going concern basis in accordance with Generally Accepted Accounting Principles in India and Accounting Standard – 21 on "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India (ICAI), to the extent possible in the same manner as that adopted by the holding company for its separate financial statements by regrouping, recasting or rearranging figures, wherever considered necessary.
- ii) The consolidation of the financial statements of the holding company and its subsidiaries is done to the extent possible on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. Figures pertaining to the subsidiary companies have been reclassified wherever necessary to bring them in line with the Group financial statements. All inter-group transactions, unrealised inter-company profits and balances have been eliminated in the process of consolidation. Minority Interest in subsidiaries represents the minority shareholders proportionate share of the net assets and net income.
- iii) The excess of cost to the Company of its investment in the subsidiaries over the Company's share of equity and reserves of the Subsidiaries is recognised in the financial statements as Goodwill, which is tested for Impairment on every balance sheet date. The excess of Company's share of equity and reserves of the subsidiaries over the cost of acquisition is treated as Capital Reserve.
- iv) The CFS have been prepared using uniform accounting policies for like transactions and other events in similar circumstances except deviations, if any, in case of certain subsidiaries, whose financial statements are based on the Financial Reporting Standards as required under the laws of the respective countries in which they are registered. However, such deviations, if any, do not have any significant effect on the CFS.
- v) The CFS includes the Financial Statements of the holding company and the subsidiaries (as listed in the table below). Subsidiaries are consolidated from the date on which effective control is acquired and are excluded from the date of transfer/disposal.

**Note 3: Significant Accounting Policies****(I) Use of estimates**

The preparation of CFS in conformity with India Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, as on the date of financial statements and the reported amount of revenue and expenses of the year. Actual results could differ from these estimates. Any revision to estimates is recognised prospectively in current and future periods.

**(II) Fixed assets****(a) Tangible Fixed Assets**

- Fixed assets are stated at original cost of acquisition / installation (net of contra credit availed, if any) less accumulated depreciation and impairment losses, if any, except land which is carried at cost. All costs including borrowing costs incurred during pre-operational period till the commencement of commercial operations are capitalised.
- Land is carried at its revalued amount being the estimated market value based on Valuation Report.

**(b) Intangible Fixed Assets**

Intangible assets are carried at cost less accumulated amortization and impairment losses. The capitalised cost of software includes license fees, cost of implementation and system integration services. These costs are capitalised as intangible assets in the year in which related software is implemented.

**(c) Capital work-in-progress**

The cost of fixed assets which are not ready for its intended use are carried at cost comprising direct cost, related incidental expenses and attributable interest.

**(iii) Borrowing costs**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised till the date of commencement of commercial operations as part of cost of such assets. All other borrowing costs are charged to revenue.

Contributions to defined contribution scheme such as provident fund are charged to the Statement of Profit and Loss as and when accrued.

#### b) Defined Benefit Plan

The liability for Leave encashment and Gratuity is determined on actuarial basis as per the Accounting Standard -15 "Employee Benefits" (AS 15) issued by the Institute of Chartered Accountants of India and as prescribed under Section 133 of Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

### (x) Foreign currency transactions

#### A. Accounting of transactions

- (a) Transactions in foreign currencies are initially recognized at the prevailing exchange rates on the date of the transaction. Realized gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.
- (b) Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange difference is recognised in the Statement of Profit and Loss.
- (c) In respect of derivative contracts assigned to foreign currency monetary assets and liabilities, the differences due to change in exchange rate between the inception of derivative contracts and date of Balance Sheet and the proportionate premium/discount for the period upto the date of Balance Sheet are recognised in the Statement of Profit and Loss.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### B. Translation and exchange rates

Financial statements of overseas non-integral operations are translated as under:

- (a) Assets and liabilities at the exchange rates prevailing at the end of the year. Depreciation is accounted at the same rate at which assets are converted.
- (b) Revenue and expenses are at yearly average rates. Off balance sheet items are translated into Indian Rupees at year-end rate.

### (xi) Accounting for taxes on Income

- (a) Provision for Current Tax is made, based on the tax payable under the Income Tax Act, 1981 and under the respective Tax Laws of the countries in which subsidiaries operate.
- (b) Deferred Tax is recognised, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods and are measured using relevant enacted tax rates. Deferred Tax assets are not recognised unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised.
- (c) Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognised as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Group and the assets can be measured reliably.

### (xii) Impairment of tangible and intangible assets

At the end of each year, the Group determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard - 28 "Impairment of Assets" (AS-28) issued by the Institute of Chartered Accountants of India and as prescribed under Section 133 of Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014.

### (xiii) Employee stock options

The Group calculates the employee stock compensation expense based on the intrinsic value method wherein the excess of market price of underlying equity shares as on the date of the grant of options over the exercise price of the options given to employees under the Employee Stock Option Scheme, is recognised as deferred employee stock compensation expense and is amortised over the vesting period.

### (xiv) Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised, but are disclosed in the Notes. Contingent assets are neither recognised nor disclosed in the Financial Statement.

### (xv) Earnings per Share

Basic earnings per share is computed and disclosed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed and disclosed using the weighted average number of equity and diluted equivalent shares outstanding during the year, except when the results would be anti-dilutive.

### (xvi) Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Group.

### (xvii) Accounting policies not specifically referred to otherwise are consistent with the generally accepted accounting principles followed by the Group.

In view of absence of profits as also Holding Company not being able to repay its debts and interest payable thereon to lenders, the remuneration paid/provided for F.Y. 2013-14 to Mr. Suhas Thakar, Ex-Executive Director, turned out to be in excess of limits prescribed under section 198 read with Schedule XIII of the Companies Act, 1958. The Holding Company has sought approval from the Central Government during financial year 2014-15 for payment of excess remuneration and the approval is still awaited in this regard.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

### 38. Corporate Debt Restructuring (CDR)

38.1 During the previous year, Secured Lenders (Banks) of the Group have approved the restructuring package under "Corporate Debt Restructuring Package" (CDR), which Inter-alias provided for:

- (a) (I) Reschedulement of the Principal amounts of the loans and dates thereof.
- (II) Funding of unpaid interest on the Term Loans ranging from October, 2012 to September, 2014.
- (III) Waiver of all liquidated damages/penal charges/penal interest/excess interest i.e. in excess of documented rate of all the facilities from the cut-off date 1<sup>st</sup> October, 2012 till the implementation of the package.

(b) Secured Lenders have a right to recompense.

38.2 This year, the Group has not been able to generate sufficient cash flows to service the loan repayments/interest payments which resulted into Group's borrowings becoming "Non Performing Assets" (NPA's) with the Banks.

38.3 Such defaults entitle the CDR lenders to reverse the waiver/sacrifices granted by them, which is estimated to be ₹68,67,00,000/- as on 31<sup>st</sup> March, 2015.

38.4 During the year, certain lenders i.e. State Bank of India (SBI), State Bank of Patiala (SBP), State Bank of Travancore (SBT) and South Indian Bank who were part of the "Corporate Debt Restructuring" (CDR) have assigned their respective outstanding loans and accrued interest thereon in favor of Edelweiss Asset Reconstruction Company (EARC) on the same terms and conditions as applicable to original lenders.

### 39. Provision for Interest

The Group has provided interest for the year:

- (a) In respect of loans from banks, on the basis of statements received from them and in absence thereof, as per the concessional rates (excluding penal interest) as mentioned in Letter Of Approval (LOA) under the CDR.
- (b) In respect of loans assigned to EARC, on the basis of balance confirmations received from them.

### 40. Future Business Plans

- (a) The Group's revenue and margins from Rail operations have improved during the year on account of stabilization of Rolling stock, operational efficiencies and expanded service offerings.
- (b) The group has an established tie-up with key metal producers (contract period between 3-5 years) for its container cargo movement operations in India.
- (c) The favorable consideration of the Group's representation at various levels for rationalization of haulage charges is expected to enhance its revenue and margins.
- (d) The Management of the Company has taken steps for conversion of Industrial and Distribution Hub (IDH) into Inland Container Depot (ICD), which will attract more number of containers and will enable the Group to explore revenue streams with higher margins. The Group has obtained an approval as per clause (aa) of sub-section (1) of section 7 of Customs Act, 1962 (52 of 1962), for Inland Container Depot facility vide notification no. 36/2015-Customs (N.T.) dated 7<sup>th</sup> April, 2015, the Central Board of Excise and Customs, Department of Revenue, Ministry of Finance, Government of India. The Group expects to complete all regulatory formalities and commence operations in the Financial Year 2015-16.
- (e) Infusion of fund by promoters through subscribing of equity capital and providing interest free unsecured loans.
- (f) Expanding the business volumes.

The above steps shall enable the management to improve Group's Net Worth and its ability to discharge the debts/liabilities of the group in near future. In view of foregoing, the Group's financial statements have been prepared on a "going concern basis".

### 41. Tax Deducted at Source

During the year:

- (a) The group had deducted income tax at source (TDS) aggregating to ₹16,45,88,243/- during the earlier years from the amounts payable to various parties. The group has not paid the said TDS to the government on assumption that such parties would have paid their income tax dues on the income declared by them in the respective years. Accordingly, during the year, the group has transferred an amount of ₹16,45,88,243/- back to the respective parties.
- (b) The Group has written back an aggregate amount of ₹13,91,416/- representing tax deducted at source on the premise that since the corresponding liability is not payable to the parties, the tax deducted is also not payable.

## NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

- (c) The Group has written back an aggregate amount of ₹5,53,84,301/- representing interest on unpaid tax deducted at source provided in earlier years on the premise that since the corresponding tax deducted is not payable as mentioned in Note no. (a) & (b) above, interest thereon is not payable.
- 42. Containers taken on Lease**  
Rail freight and other operating charges include ₹ 2,39,04,574/- in respect of operating lease for containers in terms of the settlement with the lessor of the containers.
- 43. Interest on Secured Creditors**  
An amount of ₹ 2,10,91,355/- representing interest provided on Secured Creditor in the earlier years has been written back in terms of settlement reached with the party during the year.
- 44. Depreciation**  
Consequent to enactment of Companies Act, 2013 (the Act) and its applicability for accounting period commencing on or after 1st April, 2014, the Group has re-worked depreciation with respect to the useful lives of fixed assets prescribed by Part 'C' of Schedule II to the Act. Where the remaining useful life of asset is nil, the carrying amount of the assets after retaining the residual value, as at 1st April, 2014 amounting to ₹ 2,53,96,560/- has been adjusted to the balance of Surplus in Statement of Profit and Loss. In other cases, the carrying values have been depreciated over the remaining useful lives of the assets and recognised in the Statement of Profit and Loss. As a result, the charge for depreciation is higher by ₹ 2,82,3,28,352/- for the year ended 31st March 2015.
- 45.** The Group is of the view that the provisions of Section 185 of the Companies Act, 2013 as regards loans/guarantees granted/received are not applicable, as the same are provided/received in the normal course of business.
- 46.** Outstanding balances in respect of Trade Receivables, Loans and Advances, Trade Payables and Other Liabilities other than due from/to Holding/Fellow Subsidiaries are subject to confirmations. Adjustments, if any, shall be made in the accounts of the year in which such differences are crystallised.
- 47. Mark to Market Losses:**
- Axis Bank**  
In respect of Derivative contracts assigned to foreign currency assets and liabilities, an amount of ₹ 2,23,31,581/- in respect of MTM losses upon determination of fair market value of derivatives entered into by the Company has been charged to the Statement of Profit and Loss. The Group is of the view that MTM loss has to be worked out taking into account the spot exchange rate(s) on the reporting date as it is committed to continue derivative contracts till their maturity and hence, applying the fair market values presuming that the derivative contracts would be cancelled on the reporting date, shall not reflect the correct financial position. However, the Bank which has entered into derivative contracts with the Group has intimated that, the loss on account of MTM is ₹ 36,47,77,182/- as upto 31st March, 2015 as against the amount of ₹ 23,84,63,890/- determined as per the Company's view.
- ING Vysya Bank**  
In respect of derivative contracts entered into by the Group with ING Vysya Bank (now amalgamated with Kotak Mahindra Bank Limited w.e.f.1<sup>st</sup> April, 2015) the contracts have been prematurely terminated by the Bank, which is disputed by the Group.
- However in the meantime, pending dispute, the Group has made provision on account of MTM losses amounting to ₹ 17,99,43,021/- as upto 31<sup>st</sup> March, 2015, as per past practice of providing MTM losses taking into account the spot exchange rate(s) on the reporting date.
- 48. Other Advances**  
Other Advances includes ₹61,66,529/- being cash seized by the Income Tax Department at the time of search on 13<sup>th</sup> June, 2014. The company shall be lodging necessary claim for refund of the same as according to it, the said cash on hand was duly accounted for in its books of accounts and tallied with balance on hand as on date of search.
- 49. Proceedings against Group**  
Certain Lenders and Creditors have filed winding up petitions/cases/other legal proceedings for recovery of the amounts due to them which are at different stages before the respective judicial forums/authorities. Claims by the said lenders and creditors have been contested by the Group in those proceedings and not acknowledged as debts. It is not possible at this juncture to estimate the financial implications of such claims.
- 50. Scheme of Amalgamation of Arshiya FTWZ Limited and Arshiya Domestic Distripark Limited**
