MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Outlook

The global economy remained flat in 2016 with growth slowing down to just 3.1% compared to 3.4% in 2015 (as per latest IMF estimates). This marks the slowest pace of expansion since the global financial crisis in 2009 and the fourth successive year that the global economy has grown at a rate lower than its long-term average of 3.6% p.a. The Emerging Market & Developing Economies witnessed further deceleration in growth from 4.6% in 2015 to 4.0% in 2016 with the Chinese economy slowing down from 7.3% in 2015 to 6.9% in 2016 and other major constituent economies like Brazil and Russia witnessing contraction. The Advanced Economies, on the other hand, recorded a marginal uptick in growth - from 1.8% in 2015 to 1.9% in 2016. The US economy posted a muted growth of 2.4% for the second year in a row due to weak exports and decline in investments.

The Emerging Market & Developing Economies are likely to witness another year of muted growth at 4.0% before improving to 4.6% in 2017, aided by Brazil and Russia coming out of deep recession. Growth in China is projected to slow down further to 6.5% in 2016 and 6.2% in 2017, reflecting the ongoing rebalancing of the economy towards a more sustainable and broad-based consumption and services led growth.

The Indian economy witnessed another challenging year growing by 7.5% in real terms during the first nine months of 2015-16 representing a marginal improvement over 2015-15 (7.2%). However, there was a marked decline in Nominal GDP growth which stood at 8.1% for the period April 2016 to December 2016 compared to 11.4% for the corresponding period in the previous year. Looking beyond the GDP numbers, a wide range of economic indicators suggest tepid performance across consumption, private investments and exports which have contracted significantly against the backdrop of a 6.5% in 2016 and 6.2% in 2017, reflecting the ongoing rebalancing of the economy towards a more sustainable and broad-based consumption and services led growth.

Report on the Internal Financial Controls under Clause (i) of Sub- section (3) of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **Pankaj Piyush Trade and Investment Limited** (the Company) as on 31st March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that: -

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipt and expenditures of the Company are being only in accordance with authorisations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and could not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on "the internal financial controls over financial reporting criteria considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".
