16. The Company has transferred the unpaid or unclaimed dividend declared upto the financial year 2009-2010 from time to time, to the Investor Education and Protection Fund (IEPF) established by the Central Government. The unclaimed dividend in respect of the financial year ended on 31st March, 2011 is due for transfer to the IEPF in month of September, 2018. The shareholders whose dividend remained unclaimed for the financial year 2010-11 and for subsequent financial years are requested to claim it immediately from the Company. The Company has uploaded the year-wise details of unpaid and unclaimed dividend amounts lying with the Company as on 25th September, 2017 (date of the 113th AGM) under “Investor Relations” section at the website of the Company. The said details have also been uploaded at the website of the Ministry of Corporate Affairs and the same can be accessed through the link: www.mca.gov.in and at the website of IEPF Authority viz. www.iepf.gov.in

Attention of the members is drawn to the provisions of Section 124(6) of the Companies Act, 2013 which requires a company to transfer in the name of IEPF Authority all shares in respect of which dividend has not been paid or claimed for 7 (seven) consecutive years or more.

In accordance with the aforesaid provisions of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the Company has already initiated necessary action for transfer of all shares in respect of which dividend has not been paid or claimed by the Members for 7 (seven) consecutive years (FY 2010-11 to FY 2016-17) or more.
17. The Securities & Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in the electronic form are, therefore, requested to submit their PAN to their Depository Participant(s). Members holding shares in physical form can submit their PAN to the Company / RTA.
18. Members holding shares in single name and in physical form are advised to make nomination in respect of their shareholding in the Company. The nomination form can be downloaded from the Company’s website www.rasoigroup.in under the section ‘Investor Relations’.
19. To comply with the provisions of Sections 88 of the Companies Act, 2013 read with Rule 3 of the Companies (Management and Administration) Rules, 2014, the Company is required to update its database by incorporating some additional details of its Members. Members are thus requested to kindly submit their e-mail ID and other details vide Members Database Updation Form attached with this Annual Report by filling up and signing at the appropriate place in the said form and return the same to the RTA. The e-mail ID provided shall be updated subject to successful verification of your signature(s) as per record available with the RTA of the Company.
20. The Annual Report 2017-18, the Notice of 114th AGM and instructions for e-voting along with Attendance Slip and Proxy Form are being sent by electronic mode to all members whose e-mail address are registered with the Company / Depository Participant(s), unless a member has requested for physical copy of the documents. 6. If you are unable to retrieve or have not received the ‘Initial password’ or have forgotten your password:

- a) Click on “**Forgot User Details/ Password ?**” (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
- b) “**Physical User Reset Password ?**” (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/ folio number, your PAN, your name and your registered address.

7. After entering your password, tick on Agree to “Terms and Conditions” by selecting on the check box.
8. Now, you will have to click on “Login” button.
9. After you click on the “Login” button, Home page of e-voting will open.

Details on Step 2 are given below:

How to cast your vote electronically on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see the Home page of remote e-Voting. Click on Remote e-voting. Then, click on Active Voting Cycles.

2. After click on Active Voting Cycles, you will be able to see all the Companies “EVEN” in which you are holding shares and whose voting cycle is in active status.
3. Select “EVEN” of Rasoi Limited.
4. Now you are ready for remote e-voting as Cast Vote page opens.
5. Cast your vote by selecting appropriate option i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on “Submit” and also “Confirm” when prompted.
6. Upon confirmation, the message “Vote cast successfully” will be displayed.
7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
8. Once you confirm your vote on the resolution, you will not be able to modify your vote.

General Guidelines for shareholders

- I. Corporate/Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer through e-mail to goenkamohan@hotmail.com with a copy marked to evoting@nsdl.co.in
- II. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the “Forgot User Details/Password?” or “Physical User Reset Password?” option available on www.evoting.nsdl.com to reset the password.
- III. In case of any queries regarding remote e-voting, you may refer the Frequently Asked Questions (FAQs) and remote e-voting user manual for Members available at the downloads section of NSDL website at www.evoting.nsdl.com or contact Ms. Pallavi Mhatre , Assistant Manager, NSDL, 4th Floor, ‘A’ Wing, Trade World, Kamala Mills Compound, Lower Parel, Mumbai 400013, e-mail: evoting@nsdl.co.in, phone No. (022) 24994545 or 1800-222-990. STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice:

Item No. 4, 5 & 6

Mr. R S Vaidyanathan (DIN: 00063959), Mr. H M Parekh (DIN: 00026530) and Mr. Vijai Singh (DIN: 00627741) were appointed as Independent Directors of the Company. Pursuant to the provisions of Section 149 of the Companies Act, 2013 read with the Companies (Appointment and Qualification of Directors) Rules, 2014, they hold office as Independent Directors of the Company upto 31st March, 2019 (“first term” in line with the explanation to Sections 149(10) and 149(11) of the Companies Act, 2013) and are eligible for re-appointment as Independent Directors of the Company for a second term for five consecutive years.

In terms of the provisions of Section 149 read with Schedule IV of the Companies Act, 2013, re-appointment of an Independent Director requires approval of shareholders by Special Resolution. Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh has given the requisite declarations pursuant to Section 149(7) of the Companies Act, 2013, to the effect that they meet the criteria of independence as provided in Section 149(6) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, they are not disqualified from being appointed as Directors in terms of Section 164 of the Companies Act, 2013 and have given their consent to act as Directors.

The Company has received requisite notice under Section 160(1) of the Companies Act, 2013, proposing the re-appointment of Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh.

The Nomination and Remuneration Committee of the Board of Directors, on the basis of the report of performance evaluation of Independent Directors, has recommended the re-appointment of Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh as Independent Directors of the Company for a second term of five consecutive years with effect from 1st April, 2019 to 31st March, 2024.

The Board, based on the performance evaluation of Independent Directors and the recommendation of the Nomination and Remuneration Committee, considers that, given their background, experience and contribution during their tenure, the continued association of Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh would be beneficial to the Company and it is desirable to continue to avail their services as Independent Directors. Accordingly, the Board recommends the re-appointment of Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh as Independent Directors of the Company to hold office

for a second term for five consecutive years with effect from 1st April, 2019 to 31st March, 2024.

In the opinion of the Board, Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh fulfils the conditions as specified in the Companies Act, 2013 for re-appointment as Independent Directors and they are independent of the management.

The Board recommends the Special Resolutions set out at Item Nos. 4, 5 and 6 of the Notice for approval by the Members.

A brief profile of Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh as required to be given pursuant to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and other information pertaining to their appointment has been given in the annexure to this Notice.

Except Mr. R S Vaidyanathan, Mr. H M Parekh and Mr. Vijai Singh, being appointees, none of the other Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in these resolutions.

Annexure to the Notice

Particulars of the Directors being proposed for appointment/re-appointment at the ensuing Annual General Meeting pursuant to Regulation 26(4) and 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and SS-2 Secretarial Standard on General Meetings:

The Corporate Dividend Tax of ₹ 1.99 lakh (previous year ₹ 3.93 lakh) will be payable on the total dividend amount of ₹ 9.66 lakh (previous year ₹ 19.32 lakh).

RESERVES

During the financial year under review, ₹ 25 lakh (previous year ₹ 25 lakh) was transferred to the General Reserve.

BUSINESS OPERATIONS & OUTLOOK

Standalone:

During the financial year ended 31st March, 2018, your Company achieved revenue from operations of ₹ 2,085 lakh as against ₹ 2,341 lakh for the financial year ended 31st March, 2017. The profit after tax for the financial year ended 31st March, 2018 was ₹ 303 lakh as against the profit after tax of ₹ 1090 lakh for the financial year ended 31st March, 2017.

In view of the continued uncertainty which is prevailing due to the global socio-economic and political factors your company decided to continue to maintain a cautious approach in conducting its business activity. GST implementation which was a welcome development for organized businesses like ours is still to stabilize.

In the wakeup of rupee weakening and the global crude prices seeing an uptick which has impacted the inputs costs of our raw materials, the year under review has witnessed flattish growth and decline in profits.

Perils of an election year shall loom in the current year along with deteriorating macros in terms of rising crude prices, depreciating rupee and inflationary outlook for the economy at large.

Consolidated:

On a consolidated basis, your Company achieved revenue from operations of ₹ 2,054 lakh for the financial year ended 31st March, 2018 as against ₹ 2,320 lakh for the financial year ended 31st March, 2017. The Profit for the financial year ended 31st March, 2018 was ₹ 1,229 lakh as against ₹ 2,035 lakh for the financial year ended 31st March, 2017.

There were no changes in the nature of business of the Company during the year under review. There were no material changes and commitments affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the financial statements relate and the date of this report.

SHARE CAPITAL OF THE COMPANY

The paid up equity share capital of your Company as on 31st March, 2018 was ₹ 1,93,20,000 (Rupees One Crore Ninety Three Lakh Twenty Thousand only) divided into 96,600 equity shares of the face value of ₹ 200 (Rupees Two Hundred) each fully paid up.

RISKS AND AREAS OF CONCERN

The Company has laid down a well defined Risk Management Policy covering the risk mapping, trend analysis, risk exposure, potential impact and risk mitigation process. A detailed exercise is regularly carried out to identify, evaluate, manage and monitor both business and non-business risks. The Board periodically reviews the risks and suggests steps to be taken to control and mitigate the same through a properly defined framework.

SUBSIDIARIES, JOINT VENTURES AND ASSOCIATE COMPANIES

Your Company has an Associate Company namely "Hindustan Composites Limited." The Company had no subsidiary or joint venture company during the year under review.

Pursuant to the provisions of Section 129(3) of the Companies Act, 2013, a statement containing salient features of the financial statements of the Associate Company in Form AOC-1 is attached to the financial statements of the Company forming part of this Annual Report. The said form also highlights the financial performance of the Associate Company and its contribution to the overall performance of the

Company during the period under report pursuant to Rule 8(1) of the Companies (Accounts) Rules, 2014.

EXTRACT OF ANNUAL RETURN

An extract of Annual Return in Form No. MGT-9 is annexed to this report as "Annexure A".

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry structure and developments

During the year under review, full benefit of the much needed reforms undertaken by the Government of India have not yet yielded the desired benefits, and these disruption in the economic system still persists, and would seemingly take some more time.

In view of the volatile global political scenario and the consequent rising prices of crude the rupee is witnessing depreciation vis a vis the US Dollar. It is anticipated that the rupee will continue to depreciate and your management keeping an eye on these developments.

Interest rate scenario remained volatile throughout the year and there was pressure in the domestic real estate sector.

In view of the crude complex becoming firmer, the commodity prices have been firm. However, precious metals are not showing any direction and the trading environment remains tough due to the high volatility in precious metal prices.

The situation of the business of manufacturing of baby care and other healthcare products continue to be highly competitive.

2. Opportunities and threats

The anticipated benefits which one perceived would ensue given the slew of reforms unleashed have not materialized as yet, and are taking time, the opportunities that could open up are delayed. Fiscal imbalance caused by the upsurge in crude oil prices and consequent impact on currency and inflation also poses risk for the investment climate in the country.

The immediate threat is the election year looming in the horizon and the impact of this on the business and industry as a whole.

3. Segment – wise or product-wise performance

In view of the economic scenario on the macro level we have also been impacted in the business, and hence the year in review has witnessed flattish growth in the volumes of the business.

4. Outlook

We can safely say that in the state of flux that the economy is in just now, and the general uncertainty that is abounding post the various banking issues prevailing, your company is taking measures to weather these times.

Rising crude prices coupled with a depreciating rupee are exerting pressure on the country's fiscal and government will have to resort to some tough measures to keep the fiscal balance in check.

Banking conundrum and stress in the domestic real estate sector along with pressure on government finances are expected to have negative impact on your company's investment activities. However, your management is taking all necessary precautions to keep the impact to a bare minimum.

Management is keeping a close watch on the heightened volatility in the precious metal space.

5. Risks and concerns

The current banking systemic issues, and the coming election year could pose a risk to the business cycle. Plus added to that the global political upheavals are having an impact on the crude oil complex, this could once again devalue the Indian Rupee vs the US dollar, and spike an inflationary trend once again thereby forcing the Central Bank to raise interest rates in the near term. The concern is that if the monsoon should be deficient this year then it could have a deleterious impact on the overall business environment your company operates in.

6. Internal control systems and their adequacy

Given the slew of reforms as well as the new cyber age issues related to banks, and banking in general, as well with most information being fed virtually, the company makes regular reviews of all its systems specially banking and information systems, and deployed effective means ensuring that your company is not impacted by any such issues in the near future. It will be constantly reviewing this as technology is changing the situation very rapidly.

7. Discussion on financial performance with respect to operational performance

As we have highlighted earlier in the report, and given the current scenario your management adopted a very safe strategy to hedge, and insulate itself from the environment which is prevailing, and hence the year under review has witnessed flattish growth and decline in profits.

8. Material developments in Human Resources / Industrial Relations front, including number of people employed

We are happy to put on record our appreciation for the continuous cooperation and help that your management received from its workers and staff. There were 45 permanent employees on the rolls of Company as on 31st March, 2018.

INDEPENDENT AUDITORS' REPORT

To the Members of Rasoi Limited

Report on the Financial Statements

We have audited the accompanying Standalone financial statements of Rasoi Limited ("the Company"), which comprise the balance sheet as at 31st March 2018, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as Standalone financial statements).

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act 2013 ("the Act") with respect to the preparation of these standalone financial statements that gives a true and fair view of the state of affairs (financial position), Profit or Loss (financial performance including other comprehensive income), cash flows and changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone financial statements in accordance with the Standards on

Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March, 2018, and its financial performance including other comprehensive income, its cash flows and the statement of changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- a. we have sought and obtained all the information

- and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
- d. in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with relevant rule issued thereunder;
- e. on the basis of the written representations received from the directors as on 31 March 2018 and taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act;
- f. with respect to the adequacy of the internal financial controls over financial reporting (IFCoFR) of the Company and the operating effectiveness of such controls refer to our separate report in Annexure 'B'.
- g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. the Company does not have any pending litigations, other than those disclosed in the financial statements; which would materially impact its financial position. Refer note no. 2.29 to the financial statement;
 - ii. the Company has made provision, as required under the applicable laws or Ind AS, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

Annexure B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the standalone financial statements of Rasoi Limited ("the Company") as of and for the year ended 31st March 2018, we have audited the internal financial controls over financial reporting (IFCoFR) of the Company as of that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over financial reporting issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Accounting Policies and Notes on Accounts

CORPORATE OVERVIEW

Rasoi Limited ("the Company") is a public limited company incorporated and domiciled in India. It's shares are listed on Bombay Stock Exchange (BSE) of India. The Registered Office of the Company is located at Rasoi Court, 20 Sir R.N.Mukherjee Road, Kolkata 700001, West Bengal. The Company is engaged in the business of manufacturing of baby care products & corrugated boxes, trading of precious metals and also in investment and treasury operations.

1 SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation and presentation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter, read with section 133 of the Companies Act, 2013. The Company had prepared and presented its financial statements in accordance with the requirements of previously applicable Generally Accepted Accounting Principles (GAAP) till the year ended 31-March-2017, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition is 01-April-2016. Refer note no. 2.36 for the details of first-time adoption exemptions availed by the Company. "The financial statements have been prepared on accrual basis under the historical cost convention except for the followings that are measured at fair value as required by relevant Ind AS: a) Certain financial assets and liabilities. b) Defined employee benefit plans. The accounting policies are applied consistently to all the periods presented in the financial statements including the preparation of the opening Ind AS Balance Sheet as at 01-April-2016 being the date of transition to the Ind AS.

Uses of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such

estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may diverge from these estimates.

Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Property, Plant & Equipment

Freehold land is carried at revalued amount. All other items of property, plant & equipment are measured at historical cost or deemed cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Impairment

Property, plant & equipment are reviewed at each balance sheet date at the year end for impairment. In case events and circumstances indicate any impairment, recoverable amount of fixed assets is determined. An impairment loss is recognized, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds the recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing value in use, the estimated future cash flow from the use of the assets are discounted to their present value at appropriate rate. An impairment loss is reversed, if there has been change in the recoverable amount and such loss no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective asset.

Accounting Policies and Notes on Accounts (Contd..)

Depreciation

The company depreciates property, plant and equipment over the estimated useful life prescribed in Schedule II of the Companies Act, 2013 on a straight line basis from the date assets are ready for intended use, except in respect of some assets, in which case the life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technology changes and maintenance support, etc.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value and have an original maturity of three months or less, including money market deposits, commercial paper and investments.

Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares and Finished Goods are stated at 'cost or net realisable value, whichever is lower'.

Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

Financial Instruments

Financial assets- Initial Recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all Financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the statement of profit and loss.

Subsequent Measurement

Financial assets are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both (a) the entity's business model for managing the Financial assets and (b) the

contractual cash flow characteristics of the Financial asset.

(i) Measured at Amortised Cost

Financial assets are subsequently measured at amortised cost using Effective Interest Rate method (EIR), if these Financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the Financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the Other Comprehensive Income (OCI).

(iii) Measured at Fair Value Through Profit or Loss (FVTPL)

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the Statement of Profit and Loss.

Equity Instruments

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive

Accounting Policies and Notes on Accounts (Contd..)

cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of equity instruments measured at FVTOCI, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from other equity to profit or loss as a reclassification adjustment.

Impairment of Financial assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

The company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses.

Financial Liabilities

Financial liabilities are recognised, when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities initially measured at amortised cost are subsequently measured using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

The effective interest rate (EIR) is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or, In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Accounting Policies and Notes on Accounts (Contd..)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted prices (unadjusted) for identical instruments in active market.

Level 2 : Inputs other than quoted prices including within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained.

Provisions and Contingent Liabilities & Assets

Provisions for legal claims, volume discounts and returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. The carrying amounts of provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that

reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent Assets are also not recognized in the financial statement and if material, are disclosed by way of notes.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duties and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the entity.

Sale of Goods

Timing of recognition: Sales are recognised when substantial risk and rewards of ownership are transferred to customer. In case of domestic sales, when goods are dispatched or delivery is handed over to customer's logistics and in case of export sales, when goods are shipped on-board based on bill of lading.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Dividend Income

Dividend income is recognised when the Company's right to receive the payment has been established.

Employee Benefits

Short term Employee benefits are accrued in the year services are rendered by the employees.

The Company provides following post-employment plans:

Accounting Policies and Notes on Accounts (Contd..)

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund, Superannuation fund etc.
- (c) Other employee benefit

(a) Defined Benefit plans

The liability or asset recognised in the balance sheet in respect of defined benefit plan is the present value of defined benefit obligations at the end of the reporting period less fair value of the plan assets. The defined benefit obligations is calculated annually by actuaries using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- ii) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of the plan assets. This cost is included in employee benefit expenses in the statement of the profit and loss.

Re-measurement comprising of actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions, the effect of asset, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) ceiling are recognised in the period in which they occur directly in other comprehensive income. Re-measurement are not reclassified to statement of profit and loss in subsequent periods.

b) Defined-Contribution plan

Under defined contribution plans, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during

the period in which the employees perform the services that the payment covers.

c) Other Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date based on an actuarial valuation.

Borrowing Cost

Borrowing cost incurred in relation to the acquisitions or construction of assets are capitalised using Effective Interest Rate method as part of the cost of such assets. Other borrowing cost are charged as an expense in the year in which it is incurred.

Government Grant

Cash subsidy relating to Fixed Assets is deducted from the cost of assets. Other Government Grant including incentive etc. are credited to statement of Profit & Loss or deducted from the related expenses.

Foreign Currency Transactions

The functional currency of the Company is INR (₹) On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates Prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss except when they relate to items that are recognised in other comprehensive income or directly in equity, in such case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Accounting Policies and Notes on Accounts (Contd..)

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in the financial statement. Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Company

reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief-operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Segment Manager who allocates resources and assess the operating activities, financial results, forecasts, or plans for the segment.

Research & Development

Expenditure on research is recognised as an expense when it is incurred. Product development costs are expensed as and when incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

Earnings Per Share

Basic EPS is arrived at based on net profit or loss after taxation available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless the impact is anti-dilutive.

VI) Sensitivity Analysis

Discount Rate, Salary Escalation Rate and Withdrawal Rate are significant actuarial assumptions. The change in the Present Value of Defined Benefit Obligation for a change of 100 Basis Points from the assumed assumption is given below

Particulars	Defined Benefit Obligation	
	<u>2017-2018</u>	<u>2016-2017</u>
Under Base Scenario	3,486	4,197
Salary Escalation (up by 1%)	3,644	4,379
Salary Escalation (down by 1%)	3,344	4,035
Discount Rate (up by 1%)	3,337	4,039
Discount Rate (down by 1%)	3,653	4,378

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting periods and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability derecognised in the balance sheet.

Notes to the Financial Statements

2.35 The Company does not have any subsidiary but has an associate company namely Hindustan Composites Limited.

2.36 First-time adoption of Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 01- April-2017, with a transition date of 01- April-2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31-March-2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A) Optional Exemptions

(i) Deemed Cost

- a) The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 01- April-2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.
- b) Under Previous GAAP investment in associate were stated at cost. Under Ind AS the company has elected to recognise such carrying amount as at 01-April-2016 as deemed cost at the date of transition.

(ii) Designation of previously recognised financial instruments

The Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

(iii) De-recognition of financial instruments

The Company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01- April-2016 (the transition date).

B) Mandatory Exceptions- Estimates

- (i) An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at 01-April-2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company make estimates for Investment in equity instruments carried at FVTPL or FVTOCI in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- (ii) Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

C) Fair valuation of Financial Assets - Investments

In previous GAAP, current investments were measured at lower of cost or fair value and long term investments were measured at cost less diminution in value. Under Ind AS, the Company has

Notes to the Financial Statements

2.36 First-time adoption of Ind AS (Contd..)

valued financial assets - Investments at cost or at fair value i.e. either through Profit and loss or through Other Comprehensive Income. Impact of fair value changes as on the date of transition is recognised in opening reserves/ separate component of other equity and changes thereafter are recognised in Statement of Profit and Loss or Other Comprehensive Income, as the case may be.

D) Fair valuation of Financial Assets - Interest free loan to employee welfare trust and security deposit

Under the previous GAAP, interest free loan to employee welfare trust are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has determined the fair value of the interest free loan given to employee welfare trust and security deposit.

E) Defined benefit liabilities:

Under Ind AS, re-measurements i.e. actuarial gains and losses on the net defined benefit liability are recognised in other comprehensive income instead of profit and loss as in previous GAA

F) Excise Duty

Under previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of the Statement of Profit and Loss as part of expenses.

G) Proposed Dividend

Under previous GAAP, dividends proposed by the board of directors after balance sheet date but before the approval of the financial statements were considered as adjusting events. However under Ind AS, such dividends are recognized when the same is approved by the shareholders in the general meeting. Accordingly the liability for proposed dividend recognized as on transition date has been reversed with corresponding adjustment to opening retained earnings and dividend in the subsequent period has been recognized in the year of approval in the general meeting.

H) Deferred tax

Under previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base.

I) Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- (i) Reconciliation of Balance sheet as at 01-April-2016 (Transition Date) and Balance sheet as at 31-March-2017 - Refer Note 2.36-I(i)
- (ii) Reconciliation of Statement of total Comprehensive Income for the year ended 31-March-2017 - Refer Note 2.36-I(ii)
- (iii) Reconciliation of equity for the year ended 01-April-2016 & 31-March-2017 - Refer Note 2.36-I(iii)

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company and its associate company which are incorporated in India, IFCoFR based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting

principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its associate company incorporated in India has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Accounting Policies and Notes on Consolidated Financial Statements

CORPORATE OVERVIEW

Rasoi Limited ("the Company") is a public limited company incorporated and domiciled in India. Its shares are listed on Bombay Stock Exchange (BSE) of India. The Registered Office of the Company is located at Rasoi Court, 20 Sir R.N.Mukherjee Road, Kolkata 700001, West Bengal. The Company is engaged in the business of manufacturing of baby care products & corrugated boxes, trading of precious metals and also in investment and treasury operations.

The Consolidated financial statements comprise financial statements of Rasoi Ltd, Parent Company and its associate Hindustan Composites Ltd.

The name, country of incorporation or residence and the proportion of ownership interest of associate company considered in the consolidated financial statements are as under :

Name of Associate Company	Country of Incorporation	Proportion of ownership
Hindustan Composites Ltd	India	41.65%

1 SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation and presentation of financial statements

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS), notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter, read with section 133 of the Companies Act, 2013. The Company had prepared and presented its Consolidated financial statements in accordance with the requirements of previously applicable Generally Accepted Accounting Principles (GAAP) till the year ended 31-March-2017, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements. The date of transition is 01-April-2016. Refer note no. 2.33 for the details of first-time adoption exemptions availed by the Company. "The Consolidated financial statements have been prepared on accrual basis under the historical cost convention except for the followings that are measured at fair value as required by relevant Ind AS: a) Certain

financial assets and liabilities. b) Defined employee benefit plans."The accounting policies are applied consistently to all the periods presented in the Consolidated financial statements including the preparation of the opening Ind AS Balance Sheet as at 01-April-2016 being the date of transition to the Ind AS.

Uses of Estimates and Judgements

The preparation of Consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of Consolidated financial statements. The actual outcome may diverge from these estimates.

Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

Property, Plant & Equipment

Freehold land is carried at revalued amount. All other items of property, plant & equipment are measured at historical cost or deemed cost, less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Impairment

Property, plant & equipment are reviewed at each balance sheet date at the year end for impairment. In case events and circumstances indicate any impairment, recoverable amount of fixed assets is

determined. An impairment loss is recognized, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds the recoverable amount. The recoverable amount is the greater of assets net selling price or its value in use. In assessing value in use, the estimated future cash flow from the use of the assets are discounted to their present value at appropriate rate. An impairment loss is reversed, if there has been change in the recoverable amount and such loss no longer exists or has decreased. Impairment loss/reversal thereof is adjusted to the carrying value of the respective asset.

Depreciation

The company depreciates property, plant and equipment over the estimated useful life prescribed in Schedule II of the Companies Act, 2013 on a straight line basis from the date assets are ready for intended use, except in respect of some assets, in which case the life of the assets have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technology changes and maintenance support, etc.

Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand and deposits which are readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value and have an original maturity of three months or less, including money market deposits, commercial paper and investments.

Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares and Finished Goods are stated at 'cost or net realisable value, whichever is lower'.

Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

Basis of Consolidation

The Consolidated financial statements comprise the financial statements of the Company and its associate. The Parent Company prepares and report its Consolidated financial statements in INR (₹).

Investments in Associate

Associates are those enterprises in which the group has significant influence, but does not have control. Investment in associates are accounted for using the equity method and are initially recognised at cost, from the date significant influence commences until the date that significant influence ceases. Subsequent changes in the carrying value reflect the post-acquisition changes in the Group's share of net assets of the associate and impairment charges, if any.

On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

Distributions received from an associate reduce the carrying amount of the investment. Unrealised gains on transactions between the group and its associate are eliminated to the extent of the group's interest in the associate. Unrealised losses are also eliminated unless the transactions provides evidence of an impairment of the assets transferred.

When the Group's share of losses exceeds the carrying value of the associate, the carrying value is reduced to nil and recognition of further losses is discontinued, except to the extent that the Group has incurred obligations in respect of the associate.

Financial Instruments

Financial assets- Initial Recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all Financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value and transaction costs are expensed in the statement of profit and loss.

Subsequent Measurement

Financial assets are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both (a) the entity's business model for managing the Financial assets and (b) the contractual cash flow characteristics of the Financial asset.

(i) Measured at Amortised Cost

Financial assets are subsequently measured at amortised cost using Effective Interest Rate method (EIR), if these Financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the Financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at Fair Value Through Other Comprehensive Income (FVTOCI)

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the Other Comprehensive Income (OCI).

(iii) Measured at Fair Value Through Profit or Loss (FVTPL)

Financial assets are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the Statement of Profit and Loss.

Equity Instruments

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the

extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of equity instruments measured at FVTOCI, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from other equity to profit or loss as a reclassification adjustment.

Impairment of Financial Assets

A financial asset is assessed for impairment at each reporting date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

The company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

However, for trade receivables or contract assets that result in relation to revenue from contracts with customers, the company measures the loss allowance at an amount equal to lifetime expected credit losses.

Financial Liabilities

Financial liabilities are recognised, when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities initially measured at amortised cost are subsequently measured using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

The effective interest rate (EIR) is the rate that exactly discounts estimated future cash payments or receipts (including all fees and points paid or received, transaction costs and other premiums or discounts) through the expected life of the Financial Asset or Financial Liability to the gross carrying amount of the financial asset or to the amortised cost of financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted prices (unadjusted) for identical instruments in active market.

Level 2 : Inputs other than quoted prices including within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the Consolidated financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained.

Provisions and Contingent Liabilities & Assets

Provisions for legal claims, volume discounts and returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. The carrying amounts of provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent Assets

are also not recognized in the financial statement and if material, are disclosed by way of notes.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duties and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties. The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the entity.

Sale of Goods

Timing of recognition: Sales are recognised when substantial risk and rewards of ownership are transferred to customer. In case of domestic sales, when goods are dispatched or delivery is handed over to customer's logistics and in case of export sales, when goods are shipped on-board based on bill of lading.

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Dividend Income

Dividend income is recognised when the Company's right to receive the payment has been established.

Employee Benefits

Short term Employee benefits are accrued in the year services are rendered by the employees.

The Company provides following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund, Superannuation fund etc.
- (c) Other employee benefit

(a) Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit plan is the present value of defined benefit obligations at the end of the reporting period less fair value of the plan assets. The defined benefit obligations is calculated annually by actuaries using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- ii) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of the plan assets. This cost is included in employee benefit expenses in the statement of the profit and loss.

Re-measurement comprising of actuarial gains and losses arising from experience adjustment and changes in actuarial assumptions, the effect of asset, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) ceiling are recognised in the period in which they occur directly in other comprehensive income. Re-measurement are not reclassified to statement of profit and loss in subsequent periods.

b) Defined-Contribution Plan

Under defined contribution plans, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. These comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date based on an actuarial valuation.

Borrowing Cost

Borrowing cost incurred in relation to the acquisitions or construction of assets are capitalised using Effective Interest Rate method as part of the cost of such assets. Other borrowing cost are charged as an expense in the year in which it is incurred.

Government Grant

Cash subsidy relating to Fixed Assets is deducted from the cost of assets. Other Government Grant including incentive etc. are credited to statement of Profit & Loss or deducted from the related expenses.

Foreign Currency Transactions

The functional currency of the Company is INR (₹). On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss except when they relate to items that are recognised in other comprehensive income or directly in equity, in such case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in the financial statement. Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief-operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Segment Manager who allocates resources and assess the operating activities, financial results, forecasts, or plans for the segment.

Research & Development

Expenditure on research is recognised as an expense when it is incurred. Product development costs are expensed as and when incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

Earnings Per Share

Basic EPS is arrived at based on net profit or loss after taxation available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless the impact is anti-dilutive.

Notes to the Consolidated Financial Statements

2.33 First-time adoption of Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 01- April-2017, with a transition date of 01- April-2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31-March-2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A) Optional Exemptions

(i) Deemed Cost

- a) The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of 01- April-2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.
- b) Under Previous GAAP investment in associate were stated at cost. Under Ind AS the company has elected to recognise such carrying amount as at 01-April-2016 as deemed cost at the date of transition.

(ii) Designation of previously recognised financial instruments

The Company has classified the financial assets in accordance with Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS.

(iii) De-recognition of financial instruments

The Company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after 01- April-2016 (the transition date).

B) Mandatory Exceptions- Estimates

- (i) An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at 01-April-2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company make estimates for Investment in equity instruments carried at FVTPL or FVTOCI in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- (ii) Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

C) Fair valuation of Financial Assets - Investments

In previous GAAP, current investments were measured at lower of cost or fair value and long term investments were measured at cost less diminution in value. Under Ind AS, the Company has valued financial assets - Investments at cost or at fair value i.e. either through Profit and loss or through Other Comprehensive Income. Impact of fair value changes as on the date of transition is recognised in opening reserves/ separate component of other equity and changes thereafter are recognised in Statement of Profit and Loss or Other Comprehensive Income, as the case may be.

Notes to the Consolidated Financial Statements

2.33 First-time adoption of Ind AS (Contd..)

D) Fair valuation of Financial Assets - Interest free loan to employee welfare trust and security deposit

Under the previous GAAP, interest free loan to employee welfare trust are recorded at their transaction value. Under Ind AS, all financial assets are required to be recognised at fair value. Accordingly, the Company has determined the fair value of the interest free loan given to employee welfare trust and security deposit.

E) Defined Benefit Liabilities

Under Ind AS, re-measurements i.e. actuarial gains and losses on the net defined benefit liability are recognised in other comprehensive income instead of profit and loss as in previous GAA

F) Excise Duty

Under previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of the Statement of Profit and Loss as part of expenses.

G) Proposed Dividend

Under previous GAAP, dividends proposed by the board of directors after balance sheet date but before the approval of the financial statements were considered as adjusting events. However under Ind AS, such dividends are recognized when the same is approved by the shareholders in the general meeting. Accordingly the liability for proposed dividend recognized as on transition date has been reversed with corresponding adjustment to opening retained earnings and dividend in the subsequent period has been recognized in the year of approval in the general meeting.

H) Deferred Tax

Under previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base.

I) Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- (i) Reconciliation of Balance sheet as at 01-April-2016 (Transition Date) and Balance sheet as at 31-March-2017 - Refer Note 2.33-I(i)
- (ii) Reconciliation of Statement of total Comprehensive Income for the year ended 31-March-2017 - Refer Note 2.33-I(ii)
- (iii) Reconciliation of equity for the year ended 01-April-2016 & 31-March-2017 - Refer Note 2.33-I(iii)

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

2.35 Risk Management

Financial risk management objective and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activities expose it to a variety of financial risk : Liquidity risk, Market risk and Credit Risk.

The Company's financial liabilities comprises mainly of borrowings, trade payables and other payables. The Company's financial assets comprises mainly of Investments, loans, cash and cash equivalents ,trade receivables and other receivables. A summary of the risks have been given below:

a) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet it's financial obligations as they become due. The Company manages its liquidity risk by ensuring that it will always have sufficient liquidity to meet its liabilities as and when due. The Company's anticipated future cash flows and undrawn committed credit facilities are expected to be sufficient to meet the liquidity requirements

(i) Financing arrangements

The Company has access to the following undrawn borrowing facilities as at the end of the reporting period:

Particulars	As at 31-March-2018	As at 31-March-2017	As at 1-April-2016

Financial liabilities as at 31-March-2018			
Trade Payables	3,634	–	3,634
Other financial liabilities	1,931	–	1,931

b) Market risk

Market risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, price risk and currency risk. Financial instruments affected by market risk includes investments, loans, trade receivables and payables. The objective of market risk management is to manage and control market risk exposure within acceptable parameter, while optimising the return.

(i) Interest rate risk

Interest rate risk is the risk that the future cash flows of the financial instruments will fluctuate due to changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's investment in bonds, debentures and preference shares.

Sensitivity

The table below summarises the impact of increase/decrease in the interest rate over the value of bonds, debentures and preference shares. The analysis is based on the assumption that the Interest rate has increased by 100 bps or decrease by 100 bps with all other variables held constant.

Impact on profit before tax	Year ended 31-March-2018	Year ended 31-March-2017
Increase of 100 bps -Gain / (loss)	(33,651)	(33,945)
Decrease of 100 bps-Gain / (loss)	33,651	33,945
