ANNEXURE TO THE NOTICE**The Explanatory Statement setting out the material facts and reasons pursuant to Section 102 of the Companies Act, 2013**

Item 5

Apollo Tyres Limited is related party within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2 of the LODR

Company's plant at Kalamassery has been leased to Apollo Tyres Ltd in terms of Lease Agreement dated 01.05.2012 for a period of Eight years from 01.04.2014 to 31.03.2022 on the lease rental of Rs. 50 Crore per annum and reimbursement of expenses.

The Board of Directors of the Company had, on the recommendation of the Audit Committee, passed a resolution at its meeting held on 4th May 2017, enhanced the term of Lease till 31st March 2030 and Lease Rent from Rs. 50 Crore p.a. to Rs. 60 Crore p.a. and security deposit equivalent to one year rent or such other increased amount and at such terms and conditions as may be mutually agreed with Apollo Tyres Limited (Lessee)

The increase in lease rent is necessary as the company would have to expand its infrastructure and facilities which are currently provided to Lessee, for installation of additional machinery by Lessee required for enhancement of production capacity of the plant.

Since the transaction is a related party transaction under Section 188 of the Companies Act, this would be subject to the approval from the shareholders of the company. Valuation of the transaction is at arm's length basis as certified by an independent valuer .

Name of the related party and Nature of Relationship;	Apollo Tyres Limited ,
Nature of Relationship	Common Directors
The nature, duration of the contract and particulars of the contract or arrangement;	Lease Agreement, from 01.04.2014 to 31.03.2030 for leasing of PTL's Land Building and Plant and Machinery on lease rental

Any advance paid or received for the contract or arrangement, if any;	One year rent or such other amount as may be mutually agreed between the parties on the basis of contemporaneous arm's length analysis conducted from time to time.
The manner of determining the pricing and other commercial terms, both included as part of contract and not considered as part of the contract;	The transaction is at arm's length and valuation has been done by independent valuer
Whether all factors relevant to the contract have been considered, if not, the details of factors not considered with the rationale for not considering those factors; and	yes
Any other information relevant or important for the Board to take a decision on the proposed transaction.	NA

The Board is of the opinion that the aforesaid related party transaction is in the best interests of the Company.

Except Mr. Onkar S Kanwar, Mr. Neeraj Kanwar and Mr. Akshay Kumar Narendrasinhji Chudasama, who may deem to be interested being the directors of the Board of the Lessee, none of the Directors or Key Managerial Personnel (KMP) of the Company or their relatives are concerned or interested in the resolution.

The Board of Directors recommend resolution set out at item no. 5 for your consideration and approval as a Special Resolution.

Item 6

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other body corporate or as and when required.

Pursuant to the provisions of section 186(3) of the Companies Act, 2013 and rules made there under, the Company needs to obtain prior approval of shareholders / members by way of special resolution passed at the General Meeting in case the amount of investment, loan, guarantee or security proposed to be made is more than the higher of sixty percent of the paid up share capital, free reserves and securities premium account or one hundred percent of free reserves and securities premium account.

Accordingly, the Board of Directors of the Company proposes to obtain approval of shareholders by way of special resolution as contained in the notice of the Extra-Ordinary General Meeting for an amount not exceeding INR 30,00,000,000 (Indian Rupees Three Hundred crores Only) outstanding at any time notwithstanding that such investments, outstanding loans given or to be given and guarantees and security provided are in excess of the limits prescribed under Section 186 of the Companies Act, 2013.

The Directors therefore, recommend the Special Resolution for approval of the shareholders. None of the Directors, Key Managerial Personnel of the Company or their relatives or any of other officials of the Company as contemplated in the provisions of Section 102 of the Companies Act, 2013 is, in any way, financially or otherwise, concerned or interested in the resolution.

- n. abide by Company's Memorandum and Articles of Association, company's policies and procedures including code of conduct, insider trading guidelines etc.

8B. Evaluation of Board Performance

A regular process of evaluating the board's performance can help to identify strengths and weaknesses of its processes and procedures. The Company has formulated a questionnaire to assist in assessing the effectiveness of the board. The tool takes the form of a series of assertions/ questions which should be awarded a rating on a scale of 1 to 5 by individual directors or by the board as a whole. Once complete, the matters should be discussed at a board meeting.

9. Remuneration of Directors, Key Managerial Personnel and other Employees

The Committee will recommend the remuneration to be paid to the Managing Director, Whole-time Director, KMP and Senior Management Personnel to the Board for their approval. The remuneration to be paid to the other employees shall be as per HR policy of the company.

The level and composition of remuneration as determined by the Committee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management of the quality required to run the company successfully.

The relationship of remuneration to performance should be clear and meet appropriate performance benchmarks. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long-term

performance objectives appropriate to the working of the company and its goals:

9.1 General:

9.1.1 Nomination and Remuneration Committee shall recommend the remuneration, including the commission based on the net profits of the Company for the Non- Executive Directors and

Whole-time Director and other Executive Directors. This will be then approved by the Board and shareholders. The remuneration / compensation / commission etc. shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required.

9.1.2 Increments to the existing remuneration/ compensation structure may be recommended by the Committee to the Board which should be within the slabs approved by the Shareholders in the case of Whole-time Director.

9.1.3 Directors' and officers' Insurance : Where any insurance is taken by the Company on behalf of its Whole-time Director, Chief Executive Officer, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

9.2 Remuneration to Whole-time / Executive / Managing Director

9.2.1 Fixed pay:

The Whole-time Director shall be eligible for remuneration as may be approved by the Shareholders of the Company on the recommendation of the Committee and the Board of Directors. The break-up of the pay scale, performance bonus and quantum of perquisites including, employer's contribution to P.F, pension scheme, medical expenses, club fees etc. shall be decided and approved by the Board on the recommendation of the Committee and shall be within the overall remuneration approved by the shareholders and Central Government, wherever required.

9.2.2 Minimum Remuneration:

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Whole-time Director in accordance with the provisions of the Companies Act, 2013.

9.2.3 Provisions for excess remuneration:

If any Whole-time Director draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Act or without the prior sanction of the Central Government, where required, he / she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it unless permitted by the Central Government.

REPORT ON CORPORATE GOVERNANCE

PTL Enterprises Limited's corporate governance system has the highest standards of ethical and responsible conduct of business to create value for all stakeholders. It continues to focus on good corporate governance, in line with emerging national standards. It understands and respects its fiduciary role in the corporate world. Besides following prescribed corporate governance norms as per the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and Companies Act, 2013, the company voluntarily governs itself as per best standards of ethical and responsible conduct of business in all facets of its operations and in all interactions with its stakeholders, including shareholders, employees, consumers, lenders and the community at large.

This report, along with the report on Management Discussion and Analysis and additional shareholders information provides the information on the corporate governance compliance by your company as contained in SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and Companies Act, 2013.

CORPORATE GOVERNANCE PHILOSOPHY

PTL philosophy is to view corporate governance principles in true letter and genuine spirit rather than mere compliances of norms. Corporate Governance has been considered as a business strategy as this adds considerable value to the company both internally and externally. Ideal governance practices have rewarded the Company with improved share valuations, stakeholder's confidence, market capitalization, environmental protection, etc. These have helped PTL to pay uninterrupted dividends to its shareholders.

The Company has established systems and procedures to ensure that its Board of Directors is well informed and well equipped to discharge its overall responsibilities and to provide the management with the strategic direction catering to exigency of long term shareholders value. Your Company seeks to execute the practices of corporate governance by maintaining strong business fundamentals and by delivering high performance through relentless focus on the following:

- (a) Transparency: - By classifying and explaining the Company's policies and actions to those towards whom it has responsibilities, including its employees. This implies the maximum possible disclosures without hampering the interests of the Company and those of its shareholders.
- (b) Accountability is a key pillar, where there cannot be a compromise in any aspect of accountability and full responsibility, even as the management pursues profitable growth for the Company.
- (c) Professionalism ensures that management teams at all levels are qualified for their positions, have a clear understanding of their roles and are capable of exercising their own judgment, keeping in view the Company's interests, without being subject to undue influence from any external or internal pressures.

Dematerialization of Shares and Liquidity

Trading in equity shares of the Company in dematerialized form became mandatory from May 31, 1999. To facilitate trading in demat form, in India, there are two depositories i.e. National Securities Depository Limited (NSDL) and Central

Depository Services (India) Limited (CDSL). PTL has entered into agreement with both these depositories. Shareholders can open their accounts with any of the Depository Participant registered with these depositories.

- As on March 31, 2017, 95.60% shares of the Company were held in dematerialized form.
- The equity shares of the Company are frequently traded at Bombay Stock Exchange Ltd. and National Stock Exchange of India Ltd.

Dematerialization of Shares

For convenience of shareholders, the process of getting the shares dematerialized is given hereunder:

- a) Demat account should be opened with a depository participant (DP).
- b) Shareholders should submit the dematerialization request form (DRF) along with share certificates in original, to their DP.
- c) DP will process the DRF and will generate a dematerialization request number (DRN).
- d) DP will submit the DRF and original share certificates to the Registrar and Transfer Agents (RTA), which is Alankit Assignments Limited.
- e) RTA will process the DRF and confirm or reject the request to DP/ depositories.
- f) Upon confirmation of request, the shareholder will get credit of the equivalent number of shares in his demat account maintained with the DP.

Consolidation of folios and avoidance of multiple mailing

In order to enable the company to reduce costs and duplicity of efforts for providing services to investors, members who have more than one folio in the same order of names, are requested to consolidate their holdings under one folio. Members may write to the Registrars & Transfer Agents indicating the folio numbers to be consolidated along with the original shares certificates to be consolidated.

Registrar and Transfer Agent

Securities and Exchange Board of India (SEBI), through its Circular No. D& CC/FITTC/CIR-15/2002 dated December 27, 2002, has made it mandatory for all work related to share registry, both in physical and electronic form, to be handled either wholly 'in-house' by companies or wholly by a SEBI-registered external registrar and transfer agent. PTL had appointed MCS Limited as its Registrar and Transfer agent in 1994 for both segments, much before this was mandated by SEBI. The Company has subsequently appointed Alankit Assignments Limited as its Registrar. Details of the Registrar and Transfer Agent are given below-

Share Transfer System

All share transfer and other communications regarding share certificates, change of address, dividends, etc should be addressed to Registrar and Transfer Agents.

Stakeholders Relationship Committee is authorized to approve transfer of shares in the physical segment. The committee has delegated authority for approving transfer and transmission of shares and other related matters to the authorized officers of the Company. Such transfers take place on weekly basis. A summary of all the transfers/transmissions etc. so approved by authorized officers of the Company is placed at every committee meeting. All share transfers are completed within statutory time limit from the date of receipt, provided the documents meet the stipulated requirement of statutory provisions in all respects. The Company obtains from a Company Secretary in practice half yearly certificate of compliance with the share transfer formalities as required under SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, and files a copy of the same with the Stock Exchanges.

Reconciliation of Share Capital Audit

As stipulated by SEBI, a qualified Company secretary in practice conducts the Reconciliation of Share Capital Audit of the Company for the purpose of reconciliation of total admitted capital with the depositories, i.e. NSDL and CDSL, and the total issued and listed capital of the Company.

The Company secretary in practice conducts such audit in every quarter and issues a Reconciliation of Share Capital Audit Certificate to this effect to the Company. A copy of such audit report is submitted to the stock exchanges, where the Company's shares are listed and is also placed before the Board.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

MARKET OVERVIEW

The economy of India is the seventh-largest in the world measured by nominal GDP and the third-largest by purchasing power parity (PPP). The country is classified as a newly industrialised country, and one of the G-20 major economies, with an average growth rate of approximately 7% over the last two decades.

The World Bank is forecasting 7% economic growth in India this year, making the country the fastest growing large economy. The implementation of the goods and services tax (GST) and government expansion of infrastructure investments, as indicated in the recent budget, should further support economic expansion.

The long-term growth prospective of the Indian economy is positive due to its young population, corresponding low dependency ratio, healthy savings and investment rates, and increasing integration into the global economy. The Indian economy has the potential to become the world's 3rd-largest economy by the next decade, and one of the two largest economies by mid-century. And the outlook for short-term growth is also good as according to the IMF, the Indian economy is the «bright spot» in the global landscape. India also topped the World Bank's growth outlook for 2015-16 for the first time with the economy having grown 7.6% in 2015-16. Growth is expected to decline slightly to 7.1% in the 2016-17 fiscal year

Automotive

The auto sector, which saw a revival last year after two years of turbulence, is set to continue the momentum this year with demand picking up across all segments, says a report. The growth of the auto industry is expected to continue in 2017 across all vehicle categories-commercial and passenger vehicles, as well as two and three-wheelers.

The auto industry continues to go through challenging times, grappling with the short-term effects of demonetization as well as reduced and postponed purchase decisions. In 2016, auto sales grew 9.2 percent driven by two-wheelers that moved up by 9.6 per cent from 0.7 percent in 2015. At the same time, cars clipped at 7 per cent and commercial vehicles grew 7.8 per cent. Improving economic growth, robust demand from rural and semi-urban markets and lower cost of ownership have driven sales in 2016, bringing in a much-needed recovery for the industry, after growth slumped in 2015," the report said.

The positive sentiment is driven primarily by the rural and semi-urban demand for two-wheelers and cars, driven on the back of good monsoons. Another boost up will be the 7th pay commission that will infuse around Rs. 1.02 trillion of disposable income of over 1 crore employees. Another reason is the aggressive play by the cab aggregators who are expanding their operations extensively.

On commercial vehicles sales which recovered in 2015 with a growth of 6.3 per cent and 7.7 per cent in 2016, demand will be driven by replacement demand, construction and mining, increasing freight movement and moderation in fuel prices and firm freight rates, while increased government focus on infra sector will drive demand for specialised heavy goods vehicles such as construction trucks, mining tippers etc.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Tyre Industry

The overall Tyre Industry is estimated to have grown by 7% in 2016-17 on the back of increased demand from both OEM (6% growth) and replacement segments (11%). OEM demand has improved during the year for all segments, barring MHCV's (medium and heavy commercial vehicles).

Pick-up in rural demand, above-normal monsoon, and implementation of 7th pay commission has led to higher OEM offtake from the rural-driven two-wheeler, tractor segments and also passenger cars segment.

Likewise demand in the replacement market was seen across all categories but remained subdued in M&HCV tyres due to increasing radialisation. M&HCV radial tyre imports, largely from Chinese manufacturers, grew aggressively until October and then dropped post demonetization accounting for nearly 30% of the replacement market sales. Chinese tyres are 25-30% cheaper than the Indian variants.

OPPORTUNITIES AND THREATS

SWOT Analysis

Strengths

- Tyre manufacturing facility leased to Apollo Tyres Ltd – a global player.
- Experienced team of workers.
- Fixed Income from lease rent of the tyre unit.

Weakness

- A relatively old tyre manufacturing unit with not very modern machinery.
- No direct presence in the tyre market.
- Dependence on Apollo Tyres Limited.

Opportunities

- Production of Apollo Tyres leading to technology up gradation.
- Diversification into other sector through its subsidiaries or through new investments.

Threats

- Gradually growing trend of radial tyres in the commercial vehicle segment.
- Competition with established corporate brands tyre industry
- Impact of slow growth in tyre industry.

SEGMENT WISE PERFORMANCE

The truck-bus, cross ply tyres manufactured at the Company's plant – leased to Apollo Tyres Ltd- under the brand name 'Apollo' are sold/exported by Apollo Tyres Ltd.

OUTLOOK

Government push on the infrastructure and 24% increase in budget allocation to agriculture and other allied industries is expected to perk up demand. Measures to increase farm credit and other initiatives towards rural infrastructure development are expected to further spur rural demand in FY18.

The CV industry is transitioning from BS III to BS IV emission norms effective April 2017, resulting in 8-10% increase in prices of commercial vehicles. This has led to advancement of purchases in FY17 which might hamper sales in early 2017-18. In FY18, uncertainty regarding the logistics and compliance adherence scenario post introduction of Goods and Services Tax (GST) is likely to lead to postponement of purchases. On the other hand, improved consumption expenditure and the proliferation of the hub-and-spoke model post

GST will drive long-term CV demand. In the emerging hub and spoke model with fewer primary warehouses, ICVs will gain weightage to cater to secondary distribution.

Automotive Industry body SIAM expects FY2018 to post a better growth compared to FY17. The CV industry is projected to grow by 4-6% in FY2018, led by the voluntary scrappage scheme and improved economic outlook. The passenger vehicle industry is expected to maintain healthy growth rates of 7-9% and the 2W industry is expected to grow by 9-11% as well.

As regards replacement demand, faster execution of infrastructure projects, mining and better freight availability could be accelerating factors for commercial vehicle tyres. GST would bring both positive and negative impact to the tyre industry. While there will be more price consistency given a common tax scenario, the effect of seamless inter-state movement of vehicles on tyre consumption and replacement rate remains to be seen.

Overall in FY2018 the tyre industry is expected to grow at 7-9%.

RISK AND CONCERNS

Demand in the tyre industry is dependent on economic growth and/or infrastructure development. Any slowdown in the economic growth across regions impacts the industry fortunes. In Europe, the company's winter tyre sales are subject to seasonal requirement, which can be adversely impacted in case of a mild winter season.

Slower increase in radialisation level in truck tyre segment, than expected, may impact production. Excess capacity may result in competitive pressures and decline in profit. At the same time, an unexpected quicker increase in the level of radialisation can result in faster redundancy of cross ply capacities and create a need for fresh investments.

INFORMATION TECHNOLOGY /INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACIES

There is an established internal control system in place for the Company and its subsidiaries. Annexure “B” To the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **PTL Enterprises Limited** (“the Company”) as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

PART A-SIGNIFICANT ACCOUNTING POLICIES

1. Basis of preparation:

The financial statements have been prepared to comply in all material respects with the Notified accounting standard by Companies Accounting Standards Rules, 2006 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the Company .

2. Use of Estimate:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

3. Fixed Assets:

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Leasehold Land is amortized over the period of lease proportionately.

4. Borrowing Costs:

Borrowing Costs are capitalized as a part of qualifying asset when it results in future economic benefits. Other borrowing costs are expensed.

5. Impairment of Assets:

The carrying amounts of assets are reviewed at each balance sheet date. If there is any indication of impairment based on internal/external factors , an impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

6. Investments:

Investments are stated at Cost and provision for diminution is made if the decline in the value is other than temporary in nature.

7. Inventory Valuation:

Inventories are valued at lower of cost and net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

8. Depreciation:

Depreciation on fixed assets is provided on the straight-line basis at the rates specified in Schedule II of the Companies Act, 2013, classifying certain plant and machinery as continuous process plant.

9. Component Accounting:

The company was previously not identifying components of fixed assets separately for depreciation purposes; rather, a single useful life /depreciation rate was used to depreciate each item of fixed asset. Due to application of Schedule

Il to the Companies Act, 2013, the Company has changed the manner of depreciation for its fixed assets. Now, the Company identifies and determines separate useful life of each major component of the fixed asset, if they have useful life that is materially different from that of the remaining asset. This change in accounting policy did not have any material impact on financial statements of the Company for the current year.

10 **Revenue recognition:**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

11 **Employee Benefits:**

Liability for gratuity to employees is determined on the basis of actuarial valuation as on the balance sheet date.

Liability for long term compensated absences is determined on the basis of actuarial valuation as on the balance sheet date.

Contributions to defined contribution schemes such as provident fund, employee's pension fund and cost of other benefits are recognized as an expense in the year incurred.

Actuarial gains and losses arising from experience adjustments and effects of changes in actuarial assumptions are immediately recognized in the Profit & Loss account as income or expense.

12 **Taxes on Income:**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Unrecognized deferred tax assets of earlier years are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

13 **Expenditure on New Projects:**

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as part of the indirect construction cost to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is not related to the construction activity nor is incidental thereto is charged to the Profit and Loss Account. Income earned during construction period is deducted from the total of the indirect expenditure.

14 **Provisions**

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value, except gratuity and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

15 **Reimbursement of Expenses:**

The manufacturing and operating expenses of the company reimbursed by M/s Apollo Tyres Ltd. in terms of operating lease are deducted from the total expenses and only net expenses are taken to Profit & Loss account.

- 13 Govt. of Kerala, proposed to acquire 62.22 Ares (1.50 Acres) of land held by the company, comprised in Survey No. 369/1 of Trikkakara North Village for the Kochi Metro Rail Project (KMRP), through an agreement to sale dated 03.09.2014 for Rs 2936.28 Lacs. The rate for the above piece of land was fixed in a tripartite meeting of Kochi Metro officials, District Revenue Officials and representatives of PTL Enterprises Ltd through negotiation at District Level Purchase Committee (DLPC) on 16.12.2013. The rate was fixed on the same basis at which the land acquired from a private party on the opposite side of the road. KMRP has issued D form cheques for 80% of the compensation on 18.09.2014 amounting to Rs 2325.54 Lacs after deducting TDS of Rs 23.49 Lacs, however the same were not allowed

to be presented by the KMRP and they have filed a complaint to Finance Department (Govt. of Kerala) to reexamine the rates fixed by DLPC. The company has filed a WRIT petition against KMRP in Kerala High court. The Kerala high court disposed off the WRIT petition filed by the company by its judgment dated 21st March 2016, directing the Govt. to examine whether any revisionary right has been reserved with the Govt. at the time of assignment of land in favour and take a decision. The Additional Chief Secretary (General Administration,) Kerala Govt. has passed its decision vide order no Ext.P19 dated 31st March 2017 holding that the Govt. is having revisionary right over the land assigned to PTL Enterprises Limited and the Company is entitled to get compensation only the amount paid by it at the time of assignment. The Company has again filed a WRIT petition on 5th April 2017 challenging the order dated 31st March, 2017 of the Govt. and the court has passed an interim order directing the Govt. to deposit the amount of Rs 2325.54 Lacs in Fixed Deposit earning maximum interest in a Nationalised bank/ Treasury Deposit and produce the receipt before the High Court. The Govt. has also sought time for filing counter in the WRIT petition at the end of May, 2017. In view of above since the revenue is not certain, the company has not recognised this income and related TDS.
