#### RESOURCES AND LIQUIDITY :

The company, as in the past, is not relying on any borrowing except unsecured loans to fund its activities.

#### INDUSTRY STRUCTURE AND DEVELOPMENTS :

The Non Banking Financial Companies (NBFC) sector has not been successful in India. The NBFC sector is doing much better all over the world except Asia as the general perception about NBFC in the mind of public is not very good. This has happened due to the reason that NBFC sector was not well regulated in the past and few people took undue advantage of the general public by not returning their principal amount given to NBFC`s by way of fixed deposit or as an investment in their

shares. Except one or two NBFC`s no other company is working well. This has created a very discouraging situation for the remaining NBFC who have no option except to diversify from its business of financing. Entrance of banks in consumer durable financing as well as in housing finance has brought forth a huge competition and has also added to worst scenario for the NBFC`s. This has virtually put a stop on private financing and most of the Non-Banking Finance Companies are out of this business.

#### **BUSINESS REVIEW :**

Your company being classified as an Investment Company is doing long term and short term investments. No further opportunity has come to diversify the business of the Company as business of financing is no more lucrative. However your board is in constant look out for the new business avenues which can be taken with the existing business.

#### **OPPORTUNITIES :**

Due to recession all over the world, the Indian economy, though not affected substantially, has suffered and the opportunities have become limited in all sphere of businesses. This did not discourage the board of directors of your Company who are constantly looking for an opportunity to expand the business of the Company.

#### **CHALLENGES :**

Your Company being in the financial services sector is facing a very stiff competition from public sector as well as private sector banks and financial institutions. It is trying to cope up with the same but is finding it difficult to match up with them in expertise as well as finances available. However, the Company is trying its level best to achieve the same level of competence to meet the challenges thrown in this sector.

#### **OUTLOOK :**

Your Company is still in the process of consolidation and has not decided to enter into new field. It is exploring various business opportunities but nothing concrete has been derived. Barring unforeseen circumstances your directors hope to find some concrete business opportunity to expand the business of the Company.

#### **RISK AND CONCERNS :**

Your Company at present is exposed to the normal industry risk factor of volatility in interest rate, economic cycle and credit risk. It has not yet decided its future course of activities. The impact of new activity, as and when decided, will be known in the future.

#### **ADEQUACY OF INTERNAL CONTROL :**

The established Internal Control Systems of your Company are adequate to ensure that all the activities are monitored and controlled against any misuse or misappropriation of asset and that the transactions are authorized, recorded and reported correctly. More so, these internal control systems are regularly monitored by the audit committee of your Company and are improved upon on regular basis.

#### **HUMAN RESOURCE DEVELOPMENT:**

The team of experienced industry professionals departs regular training to the employees of the Company.

#### **FIXED DEPOSITS :**

Your Company does not accept fixed deposits from public and to this effect an undertaking is given to the Reserve Bank of India.

**AUDITORS AND AUDITORS' REPORT:**

M/s. Salarpuria & Partners, Chartered Accountants, as Statutory Auditors of the Company, hold office until the conclusion of the ensuing Annual General Meeting and are recommended for reappointment. Your Company has received a certificate from M/s. # REPORT ON CORPORATE GOVERNANCE
