OPPORTUNITIES AND THREATS:

The performance of market in India has a direct correlation with the prospect of economic growth and political stability. Though the growth projections for F.Y. 2015-16 appear reassuring, there are certain downside risks such as pace and shape of global recovery, effect of withdrawal of fiscal stimulus and hardening of commodity prices. Accommodative monetary policies in advanced economies, coupled with better growth prospects in Emerging Markets (EMs) including India, are expected to trigger large capital inflows in EMs which in turn could lead to inflationary pressures and asset price bubble. Our business performance may also be impacted by increased competition from local and global players operating in India, regulatory changes and attrition of employees. The erstwhile providers of funds have now become competitors. Company can sustain in this competitive environment only through optimization of funding costs, identification of potential business areas, widening geographical reach, and use of technology, cost efficiencies, strict credit monitoring and raising the level of customer service.

RISKS & CONCERNS:

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organization's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management. Timely and effective risk management is of prime importance to our continued success. Increased competition and market volatility has enhanced the importance of risk management. The sustainability of the business is derived from the following:

Annexure A to the Independent Auditor's Report of even date on financial statements of Kapashi Commercial Limited.

1. We have audited the internal financial controls over financial reporting of Kapashi Commercial Limited ('the Company') as of March 31, 2016 in conjunction with our audit of financial statements of the Company for the year ended on that date.

Management's Responsibility for the Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').
3. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

4. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note'), to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI.
5. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.
6. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting.

8. An entity's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. An entity's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the entity; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management and directors of the entity; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting.

9. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

10. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
