d) Impairment:

The Company, at each balance sheet date, assesses whether there is any indication of impairment of any asset and / or cash generating unit. If such indication exists, assets are impaired by comparing carrying amount of each assets and / or cash generating unit to the recoverable amount being higher of the net selling price or value in use. Value in use is determined from the present value of the estimated future cash flows from the continuing use of the assets.

The carrying amounts of assets are reviewed at each Balance Sheet date. If there is any indication of impairment based on internal / external factors, i.e. when the carrying amount of the asset exceeds the recoverable amount, an impairment loss is charged to the statement of Profit and Loss when an asset is identified as impaired. An impairment loss recognized in prior
