(Pursuant to Clause 31(a) of Listing Agreement)

No.	Particulars	Details
1.	Name of the Company	Balasore Alloys Ltd.
2.	Annual financial statements for the year ended	31 st March, 2014
3.	Type of Audit observation	<p>Matters of Emphasis – Paragraph inserted in Auditor’s Report of Standalone Financial Statements and also in Consolidated Financial Statements:</p> <p>We invite attention to the following notes:-</p> <p>(a) Note No. 31 regarding demand by North Eastern Electricity Supply Company of Orissa Limited (NESCO) towards revocation of the waiver of dues granted under a settlement in an earlier year and towards take or pay benefit claimed by the company. NESCO has raised total claim for Rs. 20,843.14 Lacs as at 31st March, 2014 (Rs.18,927.66 Lacs as at 31st March, 2013) (including delayed payment surcharge). Company has paid Rs. 3,400 Lacs in previous years against these disputed claim and provided the same in that year as a matter of prudence. The matter of revocation of settlement is pending with Honourable High Court of Orissa and that of demand towards takes or pay benefit before Electricity Appellate Tribunal, New Delhi. Pending outcome of the court/tribunal decision and based on discussion with Company’s legal counsel, no provision has been made towards above demand.</p> <p>(b) Note No. 32 regarding demand by lenders for their right to recompense under CDR Scheme sanctioned in earlier years. Lenders have demanded Rs. 3,219.95 lacs for the recompense amount made up to</p>

		<p>31st March, 2007. Company has paid Rs. 536 Lacs as on 31st March, 2014 and provided the same in previous and current year as a matter of prudence. Further, the recompense amount for the period from 1st April, 2007 to till date has not been finally worked out. The management has approached its lenders to determine the final liability towards such recompense amount, pending which no provision has been made towards above demand.</p> <p>Our opinion is not qualified in respect of these matters.</p>
4.	Frequency of observation	The matters of emphasis are repetitive.

11. In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, the Company is pleased to inform that all the resolutions as stated in the notice can be transacted by electronic voting system and the company has provided to the members, facility to exercise their right to vote at the 26th Annual General Meeting (AGM) by electronic means through e-Voting Services provided by Central Depository Services (India) Ltd.

NOTICE - (Contd.)

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013.

Item No. 5 to 10

Pursuant to the provisions of Section 149 and other applicable provisions of the Companies Act, 2013 with respect to appointment and tenure of the Independent Directors which came into effect from April 1, 2014, the Independent Directors shall be appointed for not more than two terms of five years each and shall not be liable to retire by rotation.

The Board of Directors of the Company have decided to adopt the provisions with respect to appointment and tenure of Independent Directors which is consistent with the Companies Act, 2013 and the amended Listing Agreement.

Accordingly, Mr. Mahesh Trivedi, Mr. Shantanu Mohapatra, Mr. Sujit Kumar Majumdar, Mr. Susil Kumar Pal, Mr. Kashi Prasad Khandelwal and Mr. Asish Kumar Bhattacharyya, the existing Independent Directors are proposed to be appointed as Independent Directors of the Company by the shareholders of the Company at the 26th Annual General Meeting of the Company for a term upto 31st March, 2019 and whose offices shall not, henceforth, be liable to retire by rotation. Notices have been received from members proposing their candidature for the office of Directors of the Company.

In the opinion of the Board, all the above Independent Directors fulfil the conditions specified in the Companies Act, 2013 and rules made thereunder for their appointment as Independent Directors of the Company and are independent of the management. The Independent Directors have also given to the Board, a declaration of their meeting the criteria of independence as provided in section 149(6) of the Companies Act, 2013. Copy of the draft letters for appointment of all the above persons as Independent Directors would be available for inspection without any fee by the members at the administrative Office of the Company in Kolkata during normal business hours (1.00 P.M. to 5.00 P.M.) on all working days except Saturdays.

The Board considers that their continued association would be of immense benefit to the Company and it is desirable to continue to avail services of all the above Independent Directors. Accordingly, the Board recommends the resolutions in relation to appointment of all the above persons as Independent Directors, for the approval by the shareholders of the Company. A brief profile of proposed Independent Directors, including nature of their expertise, is provided as Annexure to the Notice.

Your Directors seek your approval to the resolutions as set out at Item Nos. 5 to 10. None of the Directors or Key Managerial Personnel of the Company and their relatives, other than Independent Directors for their respective appointment, are concerned or interested, financially or otherwise, in these resolutions.

Item No. 11

Mr. R K Parakh was appointed as Director-Finance with effect from 17th November, 2011 for a period of three years. The said appointment was duly approved by the shareholders at their meeting held on 26th September, 2012. The Board of Directors of the Company at their meeting held on 20th May, 2014, based on the recommendations of Nomination and Remuneration Committee, have revised the remuneration payable to Mr. Parakh by increasing his basic salary from Rs. 1,50,000/- (Rupees One lac fifty thousand only) to Rs. 2,00,000/- (Rupees Two Lacs only) per month. The Perquisites and allowances payable to him shall also undergo consequential changes. Such increase in remuneration of Mr. Parakh is in accordance with the Agreement entered into between the Company and Mr. Parakh on 17th November, 2011.

The revised remuneration payable to Mr. Parakh is within the limits prescribed in Section 197 and Section I of Part II of Schedule V of the Act. The revised remuneration is also in accordance with the Agreement dated 17th November, 2011, which agreement was specifically approved by the shareholders at the AGM held on 26th September, 2012. In terms of Section 196(4) payment of remuneration to managerial personnel requires approval of shareholders in a general meeting of the company.

None of the Directors or Key Managerial Personnel of the company and their relatives, except Mr. R K Parakh is concerned or interested, financial or otherwise in the resolution set out at Item No. 11.

BALASORE ALLOYS LIMITED

NOTICE - (Contd.)

Item No. 12

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s Shome & Banerjee, Cost Accountants as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2015 at a remuneration of Rs. 1,50,000/- (Rupees One lac fifty thousand only) (net of Service Tax) plus reimbursement of travelling and other out of pocket expenses incurred to conduct the audit of the cost records.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

The Board therefore, submits the proposed resolution for your consideration and recommends it to be passed as an ordinary resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 12.

Item no. 13 & 14

The members at the Annual General Meeting of the Company held on 25th September, 2008, had accorded their consent to the Board of Directors for borrowings up to Rs. 1000 Crores under section 293(1)(d) of the Companies Act, 1956. In order to secure the borrowings made by the Company by suitable mortgage/charge on all or any of the moveable and/or immovable properties of the Company, the Company in its Annual General Meeting held on 25th September, 2008 has granted necessary authorisation to the Board of Directors under Section 293(1)(a) of the Companies Act 1956.

The Company is expanding its business activities which entail deployment of huge funds. It is in the process of setting up Sixth Arc furnace and has also commenced its underground mining project. The expansion programme is likely to result in increased production and higher profitability to the Company. Accordingly, it would be necessary for the Company to borrow more funds from various lending agencies, much in excess of its existing limits of Rs. 1000 crores.

It is, therefore, necessary for the members to pass Special Resolutions under Section 180(1)(a) and Section 180(1)(c) of the Companies Act, 2013, as set out at Item No. 13 and 14 of the Notice, to enable the Board of Directors to borrow money in excess of the aggregate of the paid up share capital and free reserves of the Company and for creation of security on assets. Approval of members is being sought to borrow money upto Rs 1,500 Crores (Rupees One thousand five hundred crores only) in excess of the aggregate of the paid up share capital and free reserves of the Company and to create security on assets of the Company.

Your directors recommend the resolutions at item no. 13 and 14 for approval of the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolutions set out at Item Nos. 13 and 14.

Kolkata
7th August, 2014

By Order of the Board

Trilochan Sharma
VP & Company Secretary

	566.31	373.60
Surplus carried to the Balance Sheet (12-13)	22,506.20	18472.22

FINANCIAL REVIEW

Your Company's strong business model stood the test of challenges for another year. Despite the economic slowdown, policy paralysis and inflationary pressure which dampened industry prospects, your Company strengthened its growth momentum.

Your Company's ability in consistently delivering on customer aspiration resulted in a 13.51% growth in turnover, from Rs. 71,531.58 Lacs in 2012-13 to Rs. 81,191.91 Lacs in 2013-14. Its painstaking efforts in streamlining costs facilitated in a 16.93% increase in EBITDA from Rs. 11,252.51 Lacs in 2012-13 to 13,157.72 Lacs in 2013-14.

DIRECTORS' REPORT (Contd.)

Profit after tax increased from Rs. 2,878.45 Lacs to Rs. 4,600.29 Lacs, a 59.82% growth over the previous year. The Basic earnings per share increased from Rs. 4.48 to Rs 7.16 per share during the same period.

DIVIDEND

Your Board needed to strike a prudent balance between dividend payout and reinvestment of business surplus for organisational growth. But considering robust business growth and improved profitability, the Board of Directors recommended a 12% dividend on equity shares (Re. 0.60 per equity share, face value of Rs. 5/- each) subject to the approval of Shareholders at the ensuing Annual General Meeting and necessary approval from Lenders.

OPERATIONS

Fiscal Year 2013-14 is an important milestone in the your Company's existence as, we achieved the highest ever production of ferro alloys at 1,04,550 MT against 98,466 MT in 2012-13, an increase of 6.18% over the previous year.

This achievement was the result of the untiring efforts of the entire team in successfully implementing numerous projects (using the TPM, Six Sigma, Lean JIT and BAL Q1 techniques) which also contributed immensely in optimizing operational costs. In addition, accurate supply chain strategies and innovative customer relationship management practices facilitated in surpassing the forecasted business plan targets.

In keeping with its commitment to saving the environment, your Company undertook a number of green initiatives as :

- In-plant measures towards energy conservation, optimized power and fuel consumption
- The Company sold 1,08,489 MT of slag which facilitated in conserving granite stone otherwise used in construction activities

Going forward, your Company plans to implement a volume-drive and value-led growth strategy. On the one hand, your Company is seeking novel ways of upping its annual production capacity to about 1,45,000 MT while on the other, the team is working on increasing the production of value-added products namely low-silicon, low-phosphorous, low-carbon and high-chromium, among others, to maximise value-addition. In addition, your Company is focused on maximizing its net realization through accurate market segmentation in the domestic and international markets.

Further, Your Company is working on expanding the capacity by acquisition of plants lying idle in close proximity to its existing mines and manufacturing facility.

EXPORT

Your Company exported 70,675 MT valued at Rs. 54,329.80 Lacs during the year under review as against 61,385 MT valued at Rs. 44,769.06 Lacs during the previous year 2012-13. As a result, exports constituted 67.10% of your Company's turnover in 2013-14.

MINES

Your Company owns large natural resource assets namely chromite ore mines located at Sukinda Valley, Jajpur, Odisha.

Your Company's management is concerned with the reality that the available reserve for open cast mining in the Sukinda mines would exhaust in the next few years. For sustained business operations, the management is developing underground mining in Sukinda mine. A reputed international consultant has been appointed for undertaking a threadbare analysis of the underground mining project. A reputed International Design Institute has been engaged for preparation of detailed design and engineering for underground mining project.

Your Company also envisages setting up a Ferro Chrome production unit commensurate with the mine output. Your Company expects to commence construction activities for underground mining in next year.

The project is expected to strengthen business productivity and organizational sustainability over the long-term.

MANAGEMENT INITIATIVES

During the year, your Company has institutionalized all four verticals of the Business Excellence functions namely TPM, Lean Management, Six Sigma and BAL Q1 Quality Management System. Extensive in-class and shop-floor training was imparted to the entire team on the relevance and processes of all the aforementioned tools.

The team's efforts in implementing these quality management techniques have yielded heartening results. Product quality variations have reduced considerably, wastages have been marginalized and equipment health has improved significantly leading to improved product quality and man-machine productivity. Your Company has also bagged national and regional awards in Quality Circle competitions.

DIRECTORS' REPORT (Contd.)

In addition, your Company successfully implemented 11 modules of SAP. This is resulting into accurate and real-time data capture facilitating faster and more accurate decision making. Your management plans to extend this platform to address Business Integration and Optimization.

FUTURE OUTLOOK

2013 proved to be a year of expansion for the chrome industry, after the low performance of 2012 for both chrome ore and ferro chrome. Global ferro chrome output reached a record high last year at 10.8 Million Tonne, in tandem with the global stainless steel production which also touched a new high. Ferro chrome output volume expanded sharply in China, which confirmed its position of the world's largest ferro chrome producer. South Africa also increased its ferro chrome production.

Despite the increase in production volumes, the profitability of the Ferro chrome industry did not improve due to several impediments namely rising costs, infrastructural constraints and over-capacity.

Going forward, with developed economies namely the US and Europe expected to report a healthy economic growth numbers, the demand for stainless steel and consequently ferro chrome is expected to improve.

But the growing ferro-chrome demand is unlikely to translate into superior realizations in the short-term, due to planned capacity expansions in China, Finland, Kazakhstan, Oman and South Africa, resulting in a potential over-supply. Over the longer-term, the ferro-chrome market is forecast to move into balance.

ALLOTMENT OF SHARES PURSUANT TO CONVERSION OF WARRANTS

The Committee for Preferential Issue of Warrants has allotted 33,00,000 (Thirty Three Lakhs) Equity Shares each to Dankuni Investment Ltd. and Navoday Consultants Ltd., being Promoter Group companies on preferential basis at Rs. 5/- each at a premium of Rs. 11/- each on 16th April, 2014 pursuant to conversion of equivalent number of Warrants.

AWARD AND RECOGNITION

Your Company has received many awards from various organizations in recognition of its outstanding performance and contribution to the industry and society. Some of the awards received for Mines and Balasore Plant during the financial year 2013-14 are mentioned below:

- 1) All India Odisha Quality Circle Convention Prizes from NALCO:
 - TPM Circle competition – two awards of Good Performer
 - TPM Circle competition – one award of Runner Up
- 2) Our Chromite Ore Mines secured the following Awards in **Odisha Metalliferous Mines Safety Week Celebration 2013-14** under the aegis of Director of Mines Safety (DGMS), Bhubaneswar Region in January 2014.
 - Best Award on implementation of 10th Conference on Safety in Mines guidelines - First Prize
 - Best Award on Electrical Installations in Mines - 2nd Prize
 - Best Drill Operator - 3rd Prize
- 3) Our Chromite Mines has bagged two Nos. of prizes during Mining Environment and Mineral Conservation week, 2013-14, celebrated under aegis of Indian Bureau of Mines, Bhubaneswar Region.
 - 2nd Prize in Installation and use of mechanical beneficiation
 - 2nd prize in Noise and vibration study

CORPORATE DEBT RESTRUCTURING

Your Company is currently under CDR mechanism. Your management has showcased the Company's continued superior financial performance against the projections made under the CDR scheme, to its Lenders for an early exit from CDR mechanism.

BOARD OF DIRECTORS

The Companies Act, 2013 ("the Act") provides for appointment of Independent Directors. Section 149 of the Act (effective from April 1, 2014) provides that Independent Directors shall not hold office for more than two consecutive terms of upto five years each, provided that the Director is re-appointed by passing a special resolution on completion of his first term. Independent Directors are no longer liable to retire by rotation. Further, as per explanation provided under Section 149 of the Act, any term of an Independent Director on the date of commencement of this Section, i.e., April 1, 2014 shall not be counted as a term.

BALASORE ALLOYS LIMITED

DIRECTORS' REPORT (Contd.)

The Board of Directors of the Company has decided to adopt the provisions with respect to appointment and tenure of Independent Directors which is consistent with the Act and the revised Listing Agreement.

Accordingly, Mr. Mahesh Trivedi, Mr. Shantanu Mohapatra, Mr. Sujit Kumar Majumdar, Mr. Susil Kumar Pal, Mr. Kashi Prasad Khandelwal and Mr. Asish Kumar Bhattacharyya, the existing Independent Directors are proposed to be appointed as Independent Directors of the Company by the shareholders of the Company at the Annual General Meeting of the Company for a term upto 31st March, 2019 and whose offices shall not, henceforth, be liable to retire by rotation.

The Company has received declarations from all the Independent Directors of the Company confirming that they meet with the criteria of independence as prescribed under sub-section (6) of Section 149 of the Act and under Clause 49 of the Listing Agreement with the Stock Exchanges.

In accordance with the provisions of the Act and Article 149 of the Articles of Association of the Company, Ms. Vartika Mittal, Director, retire by rotation at the ensuing Annual General Meeting and being eligible offer herself for reappointment.

The Board recommends the appointment of above directors with a view to avail their valuable advices and wise counsel. Brief resume of the Directors seeking appointment, reappointment, nature of their expertise in specific functional areas and names of companies in which they hold directorships and memberships/chairmanships of Board Committees, as stipulated under Clause 49 of the Listing Agreement, are provided as annexure to the Notice calling the Annual General Meeting forming part of this Annual Report.

SUBSIDIARY COMPANY

MILTON HOLDINGS LIMITED (MHL)

Milton Holdings Limited (MHL), Mauritius, a wholly-owned subsidiary, had invested through joint venture in Manganese-ore mining projects in Brazil. As at the date of Balance Sheet, the Company has an investment in shares of MHL, aggregating in value to USD 4.7351 million (Equivalent to Rs 2194.83. Lacs).

BALASORE METALS PTE. LIMITED

Balasore Metals Pte. Limited, Singapore, a wholly-owned subsidiary of the Company. As at the date of Balance Sheet, the Company has an investment in share of Balasore Metals PTE. Limited aggregating, in value, to USD \$ 1.00.

In accordance with the general circular issued by the Ministry of Corporate Affairs, Government of India, the Balance Sheet, Statement of Profit and Loss and other documents of the subsidiary companies are not being attached with the Balance Sheet of the Company. The Annual Reports for the financial year 2013-14 of the aforesaid subsidiaries will be made available to the shareholders of the Company upon receipt of written requests from them. The Annual Reports for the financial year 2013-14 of the aforesaid subsidiary companies will also be kept open for inspection by the shareholders at the Registered Office of your Company and of the subsidiaries concerned between 10.30 a.m. to 1.30 p.m. on any working day.

In compliance with the requirements of the MCA Circular, a Statement showing relevant details for the year ended March 31, 2014 of the subsidiaries have been included in the Consolidated Financial Statements of the Company which forms part of this Annual Report.

Statement pursuant to Section 212(3) of the Companies Act, 1956 relating to MHL & Balasore Metals PTE. Ltd as at 31st March, 2014 is also annexed to this Report.

CONSOLIDATED FINANCIAL STATEMENT

The Consolidated Financial Statements of the Company and its subsidiary, prepared and presented in accordance with Accounting Standard (AS) 21, are attached to and form part of the Annual Report.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 217(2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed that:

- i. In the preparation of the annual accounts for the financial year ended 31st March, 2014, the applicable accounting standards have been followed and there have been no material departures;
- ii. The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the Profit of the Company for that year;

DIRECTORS' REPORT (Contd.)

- iii. The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
- iv. The Directors have prepared the annual accounts for the financial year ended 31st March, 2014 on a going concern basis.

AUDITORS

The Company's Auditors M/s Chaturvedi & Shah, Chartered Accountants, retire at the conclusion of the ensuing Annual General Meeting and have expressed their willingness to be reappointed.

Pursuant to provision of Sections 139 and 142 and other applicable provisions, if any, of the Act and Rules made thereunder, M/s. Chaturvedi & Shah, Chartered Accountants (Firm Registration No. 101720W) are proposed to be appointed as the Statutory Auditors of the Company, to hold office from the conclusion of this Annual General Meeting until the conclusion of the thirtieth Annual General Meeting of the Company.

The Company has obtained a letter from the Auditors to the effect that reappointment, if made, shall be in accordance with the provision of Section 139 and also satisfies the criteria provided in Section 141 of the Act.

AUDITORS' REPORT

In relation to the matters dealt with by the Auditors in their Audit Report, we have to state that:

1. North Eastern Electricity Supply Company of Orissa Limited (NESCO) has revoked the waiver of dues granted under a settlement in an earlier year and disputed on take or pay benefit claimed earlier. The Company has paid and, on conservation basis, provided Rs 3,400 lacs towards such claims upto 31st March, 2014. The matter is pending with Honorable High Court of Orissa & Appellate Tribunal respectively. The company is actively pursuing the matter legally and hence no further liability has been accounted for in this financial result.
2. The computation of recompense amount for the period from 1st April, 2007 to present date is being computed by the Consortium bankers and they are in process to crystallize the same. On finalization of the recompense amount, necessary action will be taken.
3. The Company has taken necessary steps to regularize the matter in regard to use of short term funds to the extent of Rs. 11,643.04 Lacs for long term investment as referred to in the point no. 17 of Annexure to the Auditors' Report. It was necessitated to meet certain long term requirements and future growth of the Company.

FIXED DEPOSITS

During the year, your Company has not accepted any Deposits under Section 58A and Section 58AA of the Companies Act, 1956, read with Companies (Acceptance of Deposits) Rules, 1975.

CORPORATE GOVERNANCE

Pursuant to clause 49 of the listing agreement with Stock Exchanges, the Management Discussion and Analysis and Corporate Governance Report together with the Certificate from the Auditors of the Company confirming compliance of the conditions of Corporate Governance form a part of the Annual Report.

Your Company has taken adequate steps for strict compliance with the Corporate Governance guidelines, as amended from time to time.

CODE OF CONDUCT

The Code of Conduct for the Directors and Senior Management Personnel has been made applicable to all the Directors whether executive or non-executive including all Senior Management Personnel of the Company. The Board members and Senior Management Personnel of the Company have affirmed compliance with the Code of Conduct during the year and no violation of the same was reported. The Code of Conduct is also posted on the Company's web-site.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report for the year under review, as stipulated under clause 49 of the Listing Agreement with Stock Exchanges in India, is presented in a separate section forming part of the Annual Report.

DIRECTORS' REPORT (Contd.)

COST AUDITORS

Pursuant to the Cost Audit Order dated January 24, 2012 issued by the Ministry of Corporate Affairs (MCA), and based on the Audit Committee recommendations, the Board of Directors at its meeting held on May 20, 2014, has approved the re-appointment of M/s. Shome & Banerjee as the Cost Auditors of the Company for the Financial Year 2014-15 to conduct audit of the Cost Records, maintained by the company in respect of its ferro chrome / charge chrome manufacturing plant at Balgopalpur - 756 020 Dist. Balasore, Odisha.

The Cost Audit Report for the Financial Year ended March 31, 2013 was filed on 27th September, 2013 i.e. within the due date by the Cost Auditor of the Company. The Report of the Cost Auditors for the Financial Year ended March 31, 2014 is under finalization and will be filed with the MCA within the prescribed period.

INTERNAL AUDITORS

Pursuant to the provisions of Section 138 of the Act read with Rule 13 of 'The Companies (Accounts) Rules 2014' and based on the Audit Committee recommendations, the Board of Directors of the Company at its meeting held on May 20, 2014, has approved the appointment of M/s Das & Prasad, as the Internal Auditor of the Company for the financial year 2014-15 to conduct the internal audit of the Company.

SECRETARIAL AUDITORS

Pursuant to the provisions of Section 204 of the Act the Board of Directors at its meeting held on May 20, 2014, has approved the appointment of M/s MKB & Associates as the Secretarial Auditor of the Company for the financial year 2014-15 to conduct the secretarial audit of the Company.

CORPORATE SOCIAL RESPONSIBILITY

Pursuant to section 135 of the Act and Companies (Corporate Social Responsibility Policy) Rules 2014, Board have constituted the Corporate Social Responsibility (CSR) Committee comprising Mr. M Trivedi as the Chairman and Prof. S K Majumdar, Mr. K P Khandelwal, Mr. Anil Sureka and Mr. R K Parakh as other members.

The Board in its meeting held on 20th May, 2014 has approved the CSR Policy as formulated and recommended by the CSR Committee pursuant to the requirements of the Act and rules made there under.

VIGIL MECHANISM / WHISTLE BLOWER POLICY OF THE COMPANY

Pursuant to Section 177 of the Act and revised Clause 49 of the Listing Agreement the Board of Directors at its meeting held on May 20, 2014, has approved and adopted Vigil Mechanism / Whistle Blower Policy for the directors and employees to report to the management, instances of unethical behaviour, actual or suspected fraud or violation of the company's code of conduct.

**DIRECTORS' REPORT (Contd.)****INITIATIVE TO PREVENT SEXUAL HARASSMENT OF WOMEN AT WORKPLACE**

Sexual harassment of women at the workplace continues to plague corporate India. Considering the need of the society, the Government of India, has enacted, The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 to provide protection against sexual harassment of women at workplace. This Act came into force with effect from 9th December, 2013. The enacted act prescribes a range of measures to be compulsorily adopted by employers for creating a sexual harassment free workplace environment.

Your Company has adopted the policy against Sexual Harassment of Women at Workplace, for the purpose of preventing, prohibiting and redressing sexual harassment of female employees including permanent, temporary, on training and on contract basis at all the workplace within the company, which are based on fundamental principles of justice and fair play.

Further, an Internal Complaints Committee (ICC) has been constituted which shall be responsible for redressal of complaints related to sexual harassment. The Company has put in place suitable processes and mechanisms to ensure issues of sexual harassment, if any, are effectively addressed. During the year, no complaints of sexual harassment were received.

REMUNERATION POLICY FOR THE MEMBERS OF THE BOARD AND EXECUTIVE MANAGEMENT

The Board of the Directors of the Company in its meeting held on 20th May, 2014, has adopted a policy for remuneration of the Board Members, Key Managerial Personnel (KMPs) & Senior Management Personnel (SMPs) in adherence with the provisions of revised clause 49 of the listing agreement, Section 178 of the Act and Rules made there under.

PERSONNEL

Your company is continuing the tradition of excellence in human capital management by adopting all modern tools and techniques of human management. The pragmatic and proactive approach of management has contributed in enhancing the job satisfaction of employees. The cordial industrial relations continue to remain the core strength of the company. The signing of long term settlement with the recognized union for three years in peaceful atmosphere is another milestone in the journey of maintaining cordial industrial relations. It will remain in force till 31st December, 2015. The continuous dialogue sessions with the office bearers of union, prompt grievance redressal and implementation of employees' friendly welfare scheme has been institutionalized. A congenial productive atmosphere has been created through mutual trust and transparency between the management and the union. Your company always remains vigilant to capitalize on talent pool in order to promote performance driven work culture, both within and outside the organization.

ACKNOWLEDGEMENT

Your Directors express their sincere appreciation for the continued co-operation and support extended to the Company by the Central Government, the Government of Odisha, Government Agencies, Company's Bankers, Business Associates, Shareholders and the Community at large. Your Directors also express their warm appreciation to all employees for their diligence and contribution.

**ANNEXURE TO THE DIRECTORS' REPORT****PARTICULARS PURSUANT TO COMPANIES (DISCLOSURE OF PARTICULARS IN THE REPORT OF BOARD OF DIRECTORS) RULES, 1988 AND FORMING PART OF DIRECTORS' REPORT****A. CONSERVATION OF ENERGY****a) Energy conservation measures taken:**

- i) Replacement of Cast Aluminium Blade by FRP Blade in All Furnace Bottom Cooling Blowers.
- ii) Replacing 36 watt florescent tubes by T5.
- iii) Installation of VFD in Screw compressor.
- iv) Replacement of reciprocating compressor by Screw compressor.
- v) Installation of lighting transformer to reduce lighting voltage in administrative building & MRP.

b) Additional investments and proposals, if any, being implemented for Energy conservation:

- i) Installation of VFD in ID fan of Furnace-5 Gas cleaning plant. (Investment Rs. 10 Lacs).
- ii) Replacement of Cast Aluminium Blade by FRP Blade for Furnace-4 cooling Tower (fan-1 & 2) Investment Rs 3 lacs.
- iii) Replacement of Cast Aluminium Blade by FRP Blade in Axial Flow fan of Furnace- 1 & 2 GCP (Investment Rs 5 Lacs)

c) Impact of measures at (a) & (b) above for reduction of energy consumption & consequent impact on the cost of production:

- i) SI No-1 Annual saving 140160 KWH @Rs 5.6/KWH = Rs. 7,84,896.
- ii) SI No-2 Expected Annual saving after implementation all projects (244512 Kwh)- Rs. 13,69,267 Impact on cost of production/MT on account of reduction in auxiliary power consumption will be Rs 21.54 (considering production volume of 1,00,000MT/annum).

d) Total energy consumption and energy consumption per unit of production.

The required data with regard to conservation of Energy as applicable to our Industry is furnished below:

Coal (MT)	0.56	0.72

ANNEXURE TO THE DIRECTORS' REPORT (Contd.)

B. TECHNOLOGY ABSORPTION

1) Research & Development (R & D)

a) Specific areas in which R & D was carried out by the Company

1. Installation of sand dryer for reducing moisture from sand thereby improving the quality of casting.
2. Mud gun and drilling machine to be installed in Furnace- 1,2,4 & 5.
3. Installation of on Line hot metal weighing system in EOT Crane.
4. Installation of PLCC in 132 kv switch yard and at Balasore grid for power trading

b) Benefit derived as a result of the above R & D

The R & D efforts helped in reduction of cost of production, improvement in production process and metal recovery.

c) Future plans of action

- i) Feasibility of Production of Value Added Products like Low Carbon, Low Silicon Ferro Chrome.
- ii) Automation of Briquetting Plant.
- iii) Use of Fuel catalyst for optimising consumption of FO in dryer.

d) Expenditure on R & D

- | | | |
|--|---|---|
| i) Capital | } | Expenses incurred are charged to respective heads and not allocated separately. |
| ii) Recurring | | |
| iii) Total | | |
| iv) Total R & D Expenditure (% of total turnover) : | | Not determinable. |

2) Technology Absorption, Adaptation & Innovation

a) Efforts, in brief, made towards technology absorption, adaptation and innovation.

- i) Installation of Mud gun and Tap hole drilling machine in furnace-3.
- ii) Ladle Preheating system.
- iii) Pneumatic lime handling system in briquetting Plant.

b) Benefits derived as a result of the above efforts, e.g. product improvement, cost reduction, product development, import substitution, etc.

The above efforts have helped in cost reduction.

c) Future plans of action

- i) Development of Underground Chrome Mines.
- ii) Built up Ferro Chrome production capacity.

d) Particulars of technology imported during the last five years

Not applicable.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

1. Activities relating to Exports, Initiatives taken to increase Exports to new export markets for our products and Export Plan.

i) Activities relating to Exports

The Company has exported 70,675 MT valued at Rs. 54,329.80 Lacs during the financial year ended 31st March, 2014. Special emphasis has been given on timely shipment and strict adherence to all quality and product norms of customers.

ii) Initiatives taken to increase exports

- a) **Expand Product basket** : Various special grade of High Carbon Ferro Chrome is developed to meet niche customers/market requirement in close coordination with Production, PPIC, SCM and CRM department.
- b) **Flexible payment terms**: To minimise financial costs of the customer, company is working with ECGC and various banks to extend flexible payment terms convenient to the customers.

ANNEXURE TO THE DIRECTORS' REPORT (Contd.)

- c) **JIT Delivery** : To minimise inventory costs of the customer, facilitating staggered deliveries as per requirements of the customers and also working further on stock and sale to various long distance market where transit time is high for the buyers.
 - d) **Quality Assurance** : Apart from our own Quality assurance Certification, Company is arranging inspection by an Neutral surveyor at load port for all export shipment. Material is moved from plant to port duly packed and sealed bags and trucks to avoid any in-transit theft and pilferage. Any customer complaint is accorded highest priority.
 - e) **Customer service**: A single window service on 24x7 basis is provided to customers for all matters related to their orders.
 - f) **Technical service**: A Technical team has been developed to provide full technical support to the customer regarding usage of our product in their production process. Technical team is visiting customers from time to time to understand their need and process innovation.
 - g) **Customer Visits**: Regular visits has been initiated to customer's place. Customer's are also invited to visit our plant and mines in order to make a bonding with the customers.
 - h) **Expand Customer basket** : Global demand mapping has been done to understand the customer's need and target various untapped countries and attracting OEMs to expand our market reach and at the same time retain reliable and sustainable customers to increase customer base.
 - i) **Customer Satisfaction Survey**: Conducting Customer Satisfaction Survey at regular intervals by an Independent Agency to get true and fair feedback of the customers on the quality and services. Voice of the customers are captured for identifying opportunities for improvement in order to meet Industry bench mark for customer satisfaction by continual improvement in quality of products and services.
 - j) **Long term Off Take Agreement**: Entering into long term off take agreement with various customers to develop regular and stable buyers.
- iii) **Development of new export markets for products**: To promote our product in different parts of the world, new customers and special grade of FeCr are identified by participating in seminars and customer visits in different regions/areas.

2. Total Foreign Exchange used and earned

		(Rs in Lacs)
–	Foreign Exchange Earnings (on Accrual Basis)	
	FOB Value of Exports	48,827.40
–	Foreign Exchange Outgo	
	1. CIF Value of Imports	
	– Raw Materials	3,801.74
	– Stores & Spares	–
	2. Other Expenditure	1,198.91

Statement pursuant to Section 217(2A) of the Companies Act, 1956 read with Companies (Particulars of Employees) Rules, 1975 and forming part of the Directors' Report

Name	Age (Years)	Designation/ Nature of Duties	Gross Remuneration (Rs)	Net Remuneration (Rs)	Qualification	Experience (Years)	Date of Commencement of Employment	Last Employment
Anil Sureka	58	Managing Director	1,32,65,670/-	86,13,356/-	B. Com & Company Secretary	41	17.04.2012	JSW Ispat Steel Ltd

- Notes:
1. Gross remuneration comprises salary, allowances, medical reimbursement, production incentive, leave travel assistance, contribution to provident fund, monetary value of other perquisites, etc.
 2. Net Remuneration is after Income Tax, Professional Tax, Employee's own contribution to Provident Fund and recreation club membership.
 3. The nature of employment is contractual. The employee is not a relative of any Director of the Company.

Kolkata
20th May, 2014

For and on behalf of the Board

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

The world economy reported subdued growth of 3% in 2013 against 3.1% in 2012 primarily due to the continuing economic volatility in the first half of the year.

While most developed economies continued to address the challenge of taking appropriate fiscal policy actions in the aftermath of the financial crisis, a number of emerging economies, which had already experienced a notable slowdown in the past two years, encountered new domestic and international headwinds during the period.

Prospects: Global activity has broadly strengthened and is expected to improve further in 2014-15, with the global economic growth projected to strengthen to 3.6% in 2014 and 3.9% in 2015 much of the impetus is expected to come from advanced economies. Within Advanced Economies, growth is likely to be strongest in the US, at about 2.8% in 2014 driven by supportive monetary conditions and lower impact on account of fiscal consolidation. Euro area growth is likely to be varied with the core Euro countries expected to register stronger growth. Inflation in these economies, however, has undershot projections, reflecting still-large output gaps and recent commodity price declines. Activity in many emerging market economies has disappointed in a less favourable external financial environment, although they continue to contribute more than two-thirds of global growth. Their output growth is expected to be lifted by stronger exports to advanced economies.

Challenges: Global recovery still remains subdued despite improved prospects due to downside risks. Among existing risks, those related to emerging market economies increased. The rapid normalisation of the American monetary policy and a renewed tendency to avoid risks on the part of investors could complicate things further (*Source: IMF, April 2014*). Besides, new geopolitical risks emanating from the Ukrainian crisis, continuing concerns of deflationary conditions and weak sovereign balance sheets in the Euro Area and weakening growth in China are some of the other key impediments to economic progress in the current year.

INDIAN ECONOMY

India's economic growth rate in FY14 has been estimated at 4.7%, marginally higher than 4.5% in the previous year following an improved performance in its agriculture and allied sectors (source: CSO). The higher headline number was reported on the back of a lower base of 4.5% in 2012-13, indicating that there was no significant improvement in economic activities during the year under review.

High borrowing costs and delays in securing mandatory government approvals staggered corporate investments and moderated cash flows, while inflation and slower hiring shook consumer confidence.

This resulted in the lacklustre performance by the Industrial section, which grew by 0.7% during the year; the manufacturing sector (55% of the Industrial sector) 55% of de-grew by 0.2%

Despite the aforementioned challenges, there were a number of factors that raised hopes regarding India's resurgence:

- The current account deficit contracted; the fiscal deficit target was met
- India implemented concrete measures to narrow external and fiscal imbalances, tighten its monetary policy, usher structural reforms and address market volatility
- India built upon its foreign exchange reserves to reduce vulnerability

The Indian economy is placed better than it was in 2013. A dynamic government at the centre strengthens optimism of robust economic growth which is projected at 5.6% in 2014, rising to 6.0% in 2015 (*Source: RBI*).

CHROME ORE SECTOR

Global Chrome Ore Sector

Global chrome ore production in 2013 continued its expansion last year, pulled by an expanding ferrochrome production. About 20 nations especially South Africa, Finland, Oman and Kazakhstan (with the exception of America, Asia and Australia) contributed to produce 30.3 MT of chrome ore and concentrate last year, including metallurgical, chemical, refractory grades, foundry sands and UG2-concentrate. This is 9% more than in 2012, and a new record high.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

Production of high-carbon ferrochrome/charge chrome stood at 10.2 MT in 2013, up by 14.5% from the previous year. And that of low- and medium-carbon ferrochrome totalled 5,51,000 tonnes last year, compared to 8,67,000 tonnes in 2012. Accordingly, the output volume of ferro-silico-chrome, which is mostly used to manufacture low-carbon ferrochrome, decreased as well, amounting 3,15,000 tonnes, from 4,47,000 tonnes in 2012.

Increased demand from the steel sector ensured a balance between production and consumption of chrome ore and concentrate, as a result stocks of the mineral decreased. This improvement in the chrome ore industry resulted in a recovery of prices: South Africa's chrome concentrate price remained stable, and price for chrome ore from Oman and Turkey increased in 2013. The recovering stainless steel industry in Europe and the USA, and better expectations for the future, explain the growth of global ferrochrome production in 2013.

Indian Chrome Ore Sector

Despite being one of the world's largest chrome ore producers, India is the world's second largest chrome ore importer, after China. India imported around 0.25 MT of chrome ore in 2013, mainly lump-ore from Oman, Sudan and Turkey and concentrate from South Africa. Interestingly, India also exported almost 2,23,000 tonnes of chrome ore in 2013, mostly to China.

Historically, a large exporter of chrome ore, India's priority today is the conservation of its chrome ore reserves for sustaining the competitive advantage of the nation's ferro chrome and stainless steel sectors over the long-term.

GLOBAL FERRO CHROME SECTOR

Performance in 2013: In 2013, the global ferrochrome production increased by 10% over the previous year (contributed by China and South Africa) following a 7.8% increase in stainless steel production during the same period. Global ferrochrome consumption also increased in 2013, which heralds good prospects for the chromium industry over the coming years.

Outlook: The prospects of the global ferrochrome industry in the foreseeable future depends on numerous, including China's growth rate, South Africa's energy supply, the fiscal cliff in the US, the recovery in Europe and geopolitical issues in the Middle East and Asia. Ferrochrome producers are expected to witness several challenges which include a production cost increase, energy supply stress and stricter environmental regulations.

China - yesterday and tomorrow: China dominates the global ferro chrome industry, trade and hence prices. China is the largest producer and consumer of ferro chrome and the largest importer of chrome ore from across the globe.

The Chinese economy decelerated as industrial activity remained subdued in 2012-2013. Industrial production and external trade indicators, two main drivers of China's economy, slowed as did structural indicators, such as electricity and cement consumption. As a result, investments into China reduced to a trickle, adversely impacting the progress of the investment-driven Chinese economy.

With the Chinese economy expected to hover around the 7% mark with no policy measures for a sustained economic revival, structural progress is expected to remain restrained. This could have an adverse impact on the prospects of the global ferro chrome sector.

INDIAN FERRO CHROME SECTOR

Overview: India is the fourth largest ferrochrome producer globally. The country's ferro chrome market is fragmented, involving several small and medium-sized players, a few large ferro chrome companies and fully integrated players. Fully integrated players, represent around 25% of the industry's output and benefit from captive minerals and energy sources. About 50% of India's ferro chrome output is produced by partially integrated players. India's ferrochrome industry mostly produces high-carbon ferrochrome. No low- and medium-carbon ferrochrome production has been reported in the recent past.

Production: India's ferrochrome output volume remained stable over the last 4 years, at around 1 million tonnes. In 2013, it was 0.97 MT, up 2.8% from 2012. After Indian ferrochrome producers reduced their production during the first half of last year in keeping with India's economic slowdown, they expanded production in the second half of 2013. India's share of the world's ferrochrome output volume now reaches 9%.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

Consumption: Around half of India's ferrochrome production is exported overseas, largely to China. Other key export destinations are South Korea and Japan. India's ferro chrome exports, which had declined sharply in 2012 against 2011, regained the 2011 levels benefitting from the weakening rupee against the dollar. Domestic consumption remained moderate despite the rising demand for stainless steel - according to the ISSF in 2013, India's stainless steel output was 2.4 million tonnes, up by 5.5% from the previous year.

Prospects: In the short-term the Indian ferro chrome producers are expected to witness challenging times as India's main ferrochrome customer, China is increasingly becoming self-sufficient in terms of ferrochrome supply.

Over the medium-term, the prospects of the Indian ferro chrome sector appear bright, for an important reason. Credible sources report that India's stainless steel per capita consumption at over 2kg/year in 2013 was one of the lowest in developing countries. Increasing disposable income in the hands of the average Indian and growing urbanisation is expected to up this number towards the global per capita consumption benchmark, significantly expanding stainless steel demand and capacity. As a result, India could become a ferrochrome net importing country and change the global supply/demand balance.

With domestic stainless steel capacity due to go up to 3 million tonne annually, the demand for ferrochrome is also slated to rise in the coming years.

OPPORTUNITIES AND THREATS

Opportunity

- South Africa's power problem has jeopardised the prospects of its ferro chrome industry. This has forced its customers to seek for alternative supply source. This provides India with a good opportunity to fill in the gap. This also helps in de-risking the growth prospects of the ferro chrome industry from an over dependence on China for exports.
- The pro-business Government's thrust on implementing stuck infrastructural projects and initiating new projects is expected to drive the demand for steel which augurs well for the ferro chrome industry.
- The depreciation of Indian Rupee is also helping in strengthening the profitability of companies.

Threats

- India's chrome ore depleting reserves is a major concern for the Industry. Therefore immediate efforts are required for underground mining as well as step up R&D activities to develop techno-commercially feasible techniques of low grade ore beneficiation.
- Rising power rates in the state of Odisha, rising production of ferro chrome in China and depreciation of South African Currency (Rand) are key concerns which could impede the growth of the domestic industry.

FUTURE PROSPECTS AND THE COMPANY'S STRATEGIES

While stainless steel output continues to increase primarily due to the growth emerging out of China, the ferro chrome industry is likely to maintain a balance on supply side.

The traditional powerhouse in the ferro chrome space, South Africa, has been upstaged by China, but will continue to be a significant player. India's role as a niche producer is well established but requires a pragmatic strategy to value-add to captive ore resources and finally emerge a net importer of chrome ore on a sustained basis.

In the global ferro chrome sector the over-capacity scenario is expected to persist. But the excess volumes available would be lesser than the planned addition as unviable operating units would face closure or consolidation.

The market for both chromite and ferro-chrome would be significantly affected by any restrictions placed on future South African chromite exports. However, an introduction of export duties or quotas on the supply of chromite raw materials to Chinese ferro-chrome producers would exert upward pressure on prices.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

In the view of the above, the Company has planned to expand its market segmentation - catering to special steel manufacture sector with value added products. This will expand the Company's global footprint, particularly in Europe, USA and South America.

OPERATIONAL PERFORMANCE

Highlights, 2013-14

- Production grew by 106% from 98,466 MT in 2012-13 to 1,04,550 MT in 2013-14
- Exports stood at 70,675 MT (Rs 54,329.80 Lacs) in 2013-14 against 61,385 MT (Rs. 44,769.06 Lacs) in 2012-13
- Sold 1,08,489MT of slag thereby conserving the natural resources (granite stone) used in construction

Business-Strengthening Initiatives

The Company successfully implemented a number of initiatives at the shop-floor and in the market space which is expected to strengthen, sustain profitable business operations over the long-term:

- Restructured the marketing strategy for accurate segmentation in the domestic and international markets which is expected to improve net realisations
- Focusing on arriving at an optimum quantity-quality mix through intelligent production planning for maximising value addition
- Continued the efforts towards achieving overall plant effectiveness which is facilitating in maximising asset utilisation
- Implemented numerous projects adopted towards energy conservation across the shop-floor which optimised energy and fuel consumption
- Undertook upgradation projects in areas like tap hole drilling machine, automation level, energy saving measures with consultation and assistance of leaders in the domain area.
- Strategic Planning in Supply Chain Management and Customer Relationship Management along with aggressive use of modern management initiatives namely TPM, Six Sigma, Lean JIT and BAL Q1 practices has contributed in minimising operating cost and improving shop-floor productivity.
- Initiated a project which will facilitate in underground mining for ore with the adoption of latest technology which is expected to increase ore output, improve productivity and profitability of the organization. More importantly, it promises long-term business sustainability.

Road Ahead

In the current year, the Company will focus on enhancing plant capacity (by changing of furnace transformer to higher capacity and executing lining of furnaces) and introducing value-added products (low silicon, low phosphorous, low carbon, high chromium etc). Further, the management is also analysing acquisition opportunities of idle capacities proximate to the Company's mines and plant. The Company has set itself a target of producing about 1,45,000 MT of ferro alloy in 2015-16 in addition to maximising the value addition.

QUALITY ASSURANCE

The ISO 9001: 2008 and ISO 14000 accreditation showcases the Company's commitment to quality, technology excellence and environment management systems and provides an important watermark to the Company's adherence to stringent global standards in these areas.

In 2013-14, the company successfully cleared the surveillance and renewal audit conducted by senior auditors of BIS. In keeping with its commitment to maintaining the highest quality of its products, the Company installed one Wave length dispersive X-ray-Fluorescence (WDXRF) for better testing accuracy. In addition to reducing the testing time, this equipment will reduce the chemical consumption in testing, making the testing-process more environment friendly.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

ENVIRONMENTAL AND SAFETY MEASURES

Your company continues to accord the highest priority for safety and environmental protection.

Environment management: The Company has institutionalised a structured environmental management system that takes care of all the environmental aspects. The team ensures that the Company continues to maintain discharge norms far below the stipulated statutory norms. In terms of liquid waste management, the Company's plant operates on a zero-discharge model. The entire waste water is recycled within the system and used for horticulture purposes. The solid waste is utilized as a good replacement of stone chips used in construction activity.

Green cover: The Company continued its plantation programme at local villages to enhance the green cover with the objective of better environmental balance. It has also strengthened its effort with massive plantation activity at the mines.

Safety: The Company has left no stone unturned to ensure the safety of employees, visitors and local people. The safety team, through periodic review and audit, identifies and eliminates all unsafe conditions and practices, thereby sustaining the safety commitment of the Company. Round the clock ambulance and fire tender service are maintained to meet any emergency in the factory or the neighbouring areas. Your company has taken some new initiatives for preventing accidents & incidents, including stringent monitoring of safety circles and implementations LOTO (Lock out and Tag Out) for energy isolation during shut down work. Also implemented different safety check sheets for equipment (EOT Crane, conveyer belt & fire Extinguisher) which is to be inspected periodically.

THE OPERATIONAL EXCELLENCE JOURNEY

Keeping in mind the 3Ps (People / Planet / Profit) of socially responsible way of doing business, the Company has adopted a Business Excellence Model which addresses all stakeholders. These initiatives have been championed by various head of functions and the results have enabled it gather momentum under the Business Excellence approach. Active involvement of employees across the organisation and structured review mechanisms put in place at the apex level has made these initiatives conducive to operational excellence and sustainable growth of the organization.

The practice allows managers/leaders to understand the cause and effect relationship between the activities and the achieved results. Systematic use of quality management principles and tools has contributed in achieving the objectives of improvement in performance, customer satisfaction, stakeholder value and process management. The different initiatives functioning under the umbrella of Business Excellence are:

Six Sigma: The Six Sigma initiative has significantly contributed in transforming business by breaking myths of conventional wisdom. The re-designing of business process and standard operating practices in line with Six Sigma technique has resulted in breakthrough improvements and enhanced bottom line.

Total Productive Maintenance (TPM): The TPM Program was initiated to create a preventive philosophy, total employees participation and to build a profitable culture. We started with the basic concept of eight pillars (Autonomous Maintenance, Kobetsu Kaizen, Planned Maintenance, Education & Training, Safety, Health & Environment, Office TPM, Initial Flow Control and Quality Maintenance) for internal improvements. To widen the TPM culture across the organization, two more pillars i.e. Sales & Marketing and Supply Chain Management were initiated. The Company identified and initiated 30 improvement projects in 2013-14; their progress is being monitored periodically.

Lean Management: Implementation of the Lean Management practices resulted in lead time reduction, inventory reduction, elimination of non value-added activities across the supply chain.

Supply Chain Management: This initiative has facilitated in reduced cost and risk of inputs, reduced logistic cost, optimized product mix and input feed mix through streamlined processes and scientific inventory management practices.

Performance Management System (PMS): The Company completed the first level exercise of this technique which was aimed at optimizing performance of the employees and bringing sharper accountability. This initiative is expected to focus on redefining the roles and responsibilities for key positions, realigning the organization structure to emerge as a highly performance oriented outfit and removing structural anomalies for seamless business control.

BAL Q1: During the year, BAL Q1 standards were initiated to strengthen all processes. Material management operating guidelines were adopted to enhance customer confidence. New tools like APQP, PPAP, 8D, MSA, among others, have been leveraged to pre-empt process and product failures.

**MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)****FINANCIAL PERFORMANCE**

	Financial year ended 31st March, 2014	(Rs in Lacs) Financial year ended 31st March, 2013
1. Turnover (Gross)	81,191.91	71,531.58
2. Total Income	79,128.71	70,277.11
3. Profit before Interest & Finance charges and Depreciation (PBDIT)	13,157.72	11,252.51
4. Profit before Taxes	7,154.11	5,072.60
5. Profit after Taxes	4,600.29	2,878.45

The net profit for the year is at Rs 4600.29 Lacs and the Company has announced a dividend of 12% for the year.

The Company achieved impressive performance with the improvements across key parameters. The turnover achieved for the year ended March 31, 2014, Rs 81,191.91 Lacs was registering a growth of 13.51% over the previous year. During the year the company's main focus was exports and book sales of Rs 54,329.80 Lacs higher by 21.36% over the last year.

The cost of consumption of raw materials decreased by 9.36% from Rs 25,614.74 Lacs to Rs 23,216.58 Lacs. Power and fuel cost increased by 8.44% - from Rs 20,116.23 Lacs to Rs 21,814.65 Lacs, because of increased volume of production as compared to the previous year.

PBDIT stood at Rs 13,157.72 Lacs against Rs 11,252.51 Lacs over corresponding financial year.

Interest and finance charges decreased by 7.04% from Rs 4,430.86 Lacs to Rs 4,119.07 Lacs. The decrease was mainly due to the effect of repayment of term loan during the year.

PBT stood at Rs 7,154.11 Lacs as against Rs 5,072.60 Lacs for the previous year, showing an increase of 41.03%. PAT stood at Rs 4,600.29 Lacs as against Rs 2,878.45 Lacs for the previous year. The Basic Earnings per Share (EPS) for the year was Rs 7.16 as against Rs 4.48 and the Diluted Earnings per Share (EPS) for the year was Rs 6.61 as against Rs 4.30 for the previous year.

Shareholders' funds (Net worth) increased from Rs 31,872.93 Lacs to Rs 36,021.91 Lacs as on March, 2014 registering a growth of 13.02% over the previous year.

HUMAN RESOURCES

Balasure Alloys's competitive advantage in its business space is built around the foundation of its intellectual capital. This capital comprises a rich mix of experience and youthfulness with the objective to create a 'centre of excellence'.

This has been achieved due to the Company's human resource philosophy that facilitates in fostering performance, transparency, team work, fairness and empowerment at all levels. This is complemented with the Company's established systems and procedures that have been instrumental in realizing the full potential of its human capital

The Company's focus on growing the knowledge curve of its people has facilitated in developing a vibrant workforce capable of meeting the present and future requirement.

In 2013-14, the Company completed the competency assessment process (for the management team) through external consultants. In addition, process competency rating has been completed for other employees as well, as per the designed process based Organogram and the findings have been forwarded to the Training & Development sections for necessary action.

The management has accorded special focus to areas like role clarity, organizational development, employee engagement and team work to facilitate a performance driven culture. In addition, the Company is working on identifying the star-performers within the organisation to create a robust leadership-pipeline which can spearhead the Company's growth over the medium term.

The Board records its appreciation for the support of employees at all levels and looks forward to their total involvement in the growth process of the Company.

INTERNAL CONTROL SYSTEMS

Control ensures that freedom of management is exercised within a framework of checks and balances and is designed to prevent misuse of power, facilitate timely management of change and ensure effective management of risk.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

Based on that premise, the Company remained committed to ensure the prevalence of an effective internal control environment, commensurate with its size and nature of business that provides reliable financial and operational information, to ensure compliance of corporate policies and applicable statutory regulations and safeguard Company's assets. The internal audit process includes review and evaluation of effectiveness of the existing processes, controls and compliances. It also ensures adherence to policies and systems and mitigation of the operational risks perceived for each area under audit.

For effective business control, there is a full-fledged internal audit function, which is headed by a firm of independent Chartered Accountants to monitor adherence to all internal policies and procedures as well as compliance with all external regulatory guidelines. The Company has an elaborate financial reporting process, which ensures timely review of all financial information. Periodic reviews are undertaken through internal and external audit teams to monitor efficacy of the prevalent systems. Independence of the audit and compliance function is ensured by a direct line of reporting to the Audit Committee comprising of all Independent Directors as members to maintain the objectivity.

The Audit Committee of the Board provides re-assurance to the Board on the existence of effective internal control environment that ensures:

- Efficacy and effectiveness of operations
- Compliance with the relevant statutes
- Safeguarding of assets and adequacy of provisions towards all liabilities
- Reliability of financial and management information along with adequacy of disclosures
- All significant audit observations and follow-up actions are reported to the Audit Committee. The Audit Committee's observations and suggestions are acted upon, timely, by the Management.

MANAGING RISKS AND CONCERNS

Risk and its management: Risk accompanies prospects. As a responsible corporate, it is the endeavour of the management to minimise the risks inherent in the business with the view to maximise returns from business situations.

The architecture: At the heart of the Company's risk mitigation strategy is a comprehensive and integrated risk management framework that comprises prudential norms, structured reporting and control. This approach ensures that the risk management discipline is centrally initiated by the senior management but prudently decentralised across the organisation, percolating to managers at various organisational levels helping them mitigate risks at the transactional level.

The discipline: The Company has clearly identified and segregated its risks into separate components, namely potential, operational, financial, strategic and growth execution. All the identified risks are inter-linked with the Annual Business Plans of the Company, so as to facilitate Company-wide reviews.

The review: A Risk Management Committee of the Board of Directors, comprising Board Members, has been constituted to review periodically updates on identified risks, implementation of mitigation plans and adequacy thereof, identification of new risk areas etc. The Board of Directors also reviews the Risk identification process and mitigation plans regularly. Further, the Company has engaged a reputed consultant to revisit / reassess the Risk Management framework of the Company to identify the method / process of identification and mitigation of the risks and to assure their adequacy in the ever-evolving business environment.

Key counter measures: The Company has institutionalised certain risk mitigation procedures outline as under:

- Wherever possible and necessary, appropriate insurance cover is taken for financial risk mitigation. Confirmation of compliance with applicable statutory requirements are obtained from the respective unit/divisions and subjected to an elaborate verification process.
- Quarterly reports on statutory compliances, duly certified, are submitted to the Audit Committee as well as the Board of Directors for review.
- Compliance(s) with exception(s), if any, are duly reported to the Audit Committee and the Board of Directors.
- Status of Demand/Notices on the Company, under various Acts and Rules, as well as status of litigations are reported to the Board of Directors every quarter.

MANAGEMENT DISCUSSION AND ANALYSIS (Contd.)

CORPORATE SOCIAL RESPONSIBILITY

Balasure Alloys has been at the forefront in extending benefits to the local communities in and around its projects. We have always believed in the sustainable development of the society. We have earned the trust of the local community over the years through our community services, on a regular basis, throughout the year.

Some of the activities undertaken during the year are as follows:

1) Environment Conservation & Tourism (Chandipur Sea Beach Cleaning)

The organised 'Chak Chak Chandipur' - a programme to clean the world famous Chandipur Beach in Balasure district. The programme was initiated by Youth Development Foundation (YDF); Balasure Alloys took the lead role in implementing the programme. This initiative was appreciated by the masses in the Balasure district. The representatives of Local Hotel & Restaurant Association, Local Fisherman Association and many tourists broadly participated in this programme. Every member of the YDF, along with local people and NSS members from various schools cleaned the sea beach. A sand art was organized by the eminent sand artist Kesu Das.

2) Basic Infrastructure (Drinking water facility in the nearby villages)

- Installed tube wells at Rasalpur and Purusottampur villages of Balgopalpur and Ganipur Panchayat. More than 1,000 people were benefited by these projects.

3) Facilitation in times of emergency (Floods and cyclone)

- Donated Rs. 11 lac to the Chief Minister Relief Fund for funding flood relief activities in Odisha.
- Distributed clothing, polythene, candle etc. to the flood affected people in the villages near our plant.
- Distributed blankets, polythene and clothing to the 150 physically-challenged people at Baliapal Block as part of flood relief efforts by the Company.

4) Distribution of blankets in winter season

- Blankets were distributed to the poor and needy people of the nearby villages like Nuapardhi, Partipal, Mukhura and Nuagaon of Remuna Block.
- Distributed blankets to the poor and needy SC & ST school students of Sunita Memorial Harijan Adibasi Abasik (Ashram) School, Bhograi, Balasure.

CAUTIONARY STATEMENT

Statements in this Management Discussion and Analysis report detailing the Company's objectives, projections, estimates, expectations or predictions may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and Indian demand supply conditions, raw material prices, finished goods prices, cyclical demand and pricing in the Company's products and their principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries with which the Company conducts business and other factors such as litigation and/or labour negotiations.

REPORT ON CORPORATE GOVERNANCE

1. CORPORATE GOVERNANCE

Sound Corporate Governance practices are guided by culture, conscience and mindset of an organization and are based on principles of openness, fairness, professionalism, transparency and accountability with an aim to building confidence of its various stakeholders and paving way for its long-term success. In Balasore Alloys Limited, Corporate Governance is defined as a systematic process by which companies are directed and controlled keeping in mind the long-term interests of all their stakeholders. Achievement of excellence in good Corporate Governance practices requires continuous efforts and focus on its resources, strengths and strategies towards ensuring fairness and transparency in all its dealings with its stakeholders including society at large. Corporate Governance has indeed assumed greater significance as the world has moved towards closer integration and free trade.

COMPANY'S PHILOSOPHY ON GOVERNANCE:

Your Company's philosophy on the Corporate Governance is founded upon a rich legacy of fair and transparent governance practices which are essentially aimed at ensuring transparency in all dealings and hence seeks to focus on enhancement of long-term shareholder value without compromising on integrity, social obligations and regulatory compliances. Your Company has continued its pursuit of achieving these objectives through the adoption and monitoring of corporate strategies and prudent business plans, thereby ensuring that the Company pursues policies and procedures to satisfy its legal and ethical responsibilities. The Company's comprehensive written code of conduct serves as a guide for your company and its employees on the standards of values, ethics and business principles, which should govern their conduct. Your company operates within accepted standards of propriety, fair play and justice and aims at creating a culture of openness in relationships between itself and its stakeholders. Even in a fiercely competitive business environment that the Company is operating in, the management and employees of your Company are committed to uphold the core values of transparency, integrity, honesty and accountability, which are fundamental to the Company and for achieving Corporate Excellence.

CORPORATE GOVERNANCE PRACTICES:

The Company's Corporate Governance practices seek to go beyond the regulatory requirements and with a view to ensuring commitment to transparent, law abiding behaviour and good Corporate Governance, the Company has put in place the following practices:-

- a) **Code of Conduct:** The Company's Code of Conduct is based on the principle that business should be conducted in a professional manner with honesty and integrity and thereby enhancing the reputation of the Company. The Code ensures lawful and ethical conduct in all affairs and dealings of the Company.
- b) **Business Policies:** The Business Policies of Company ensures transparency and accountability to its stakeholders. The policies provide motivation and support for professional development of employees, fair market practices and high level of integrity in financial reporting. The policies recognize Corporate Social Responsibility of the Company and also seek to promote health, safety and quality of environment.
- c) **Prohibition of Insider Trading:** The Code on prevention of Insider Trading, which applies to the Board Members and all officers and employees, seeks to prohibit trading in the securities of the Company based on unpublished price sensitive information. Trading window remains closed so long unpublished price sensitive information is not made public.
- d) **Risk Management:** The Company has developed and implemented a comprehensive Enterprise risk management framework for risk identification, assessment, minimization and mitigation procedure. The risk management procedures are clearly defined and periodically reviewed by the Board of Directors with a view to strengthen the risk management framework and to continuously review and reassess the risk that the Company may confront with.
- e) **Safety, Health and Environment Policy:** The Company is committed to conduct its business in a manner that values the environment and helps in ensuring the safety and health of all its employees and society at large. The policy is aimed towards strengthening pollution prevention and control measures.
- f) **Equal Employment Opportunity:** The employment policy of the Company assure that there shall be no discrimination or harassment against an employee or applicant on the grounds of race, colour, religion, gender, age, marital status, disability, national origin or any other factor made unlawful by applicable laws and regulations. The policy also ensures fair and respectful treatment of all fellow employees.
- g) **Whistle Blower / Vigil Mechanism:** The Company has established a Whistle Blower / Vigil mechanism for its directors and employees to report the concerns about unethical behaviour, actual and suspected fraud or violation of the Company's Code of Conduct.

**REPORT ON CORPORATE GOVERNANCE (Contd.)****2. Board of Directors****Board Composition and Category of Directors**

Note: Shareholders holding shares in dematerialized form should address all correspondence to their respective depository participants.		

17 Shareholder Reference**Dematerialise your shares**

All the investors are requested to convert their physical share into demat holdings. This will facilitate the immediate transfer of shares, no need of paying any stamp duty on transfer of shares and risks associated with physical share certificates such as forged transfer, fake certificates and bad deliveries are avoided.

Consolidate Multiple Folios

The Investors having multiple folios are advised to consolidate the same. This would result in the one-stop tracking of all corporate benefits on the shares and would reduce time and effort required to monitor multiple folios.

Nomination

Shareholders holding shares in physical form and desirous of submitting / changing nomination in respect of their shareholding in the company may submit Form SH - 13 (in duplicate) as per the provisions of section 72 of the Companies Act, 2013 and Rule 19 of the Companies (Share Capital and Debentures) Rules 2014, to the Company's Registrars & Transfer Agent. This would help the successors to get the shares transmitted in their favour without any hassle.

Confidentiality

Folio no., DP and ID no., as the case may be, should not be disclosed to and blank signed transfer form should not be given to any unknown persons.

General Points While Writing to Company or Registrar and Transfer Agent

While writing to the Company and / or Registrar and Transfer Agent, investor should mention their Folio no., DP ID no., full name, address in the letter and sign the same. Signature should be as per the company's record. In case of joint holders, all the joint holders should sign the documents and in case of transfer, the transfer form accompanied with original share certificates should be delivered to the Registrar and Transfer Agent. Shareholders are requested to also mention their telephone no. and / or e-mail ID, if any, in the correspondence for speedy and immediate communication.

Permanent Account Number (PAN)

SEBI has clarified that for securities market transactions and off-market / private transactions involving transfer of shares in physical form of listed companies, it is mandatory for the transferee(s) to furnish copy of PAN card to the Company / RTAs for registration of such transfer of shares.

Accordingly all shareholders are requested to submit duly attested photocopy (both side) of their PAN card alongwith duly executed transfer form to facilitate the speedy transfer of shares.

Shareholders holding shares in electronic form are required to furnish their PAN details to their Depository Participants with whom they maintain their account alongwith the documents as required by them.

BALASORE ALLOYS LIMITED

REPORT ON CORPORATE GOVERNANCE (Contd.)

CERTIFICATION BY CHIEF EXECUTIVE OFFICER (CEO) AND CHIEF FINANCIAL OFFICER (CFO)

The Board of Directors
Balasore Alloys Limited
Park Plaza, 1st Floor
71, Park Street
Kolkata - 700 016

20th May, 2014

We, Anil Sureka, Managing Director and R. K. Parakh, Chief Financial Officer of Balasore Alloys Limited, together certify to the Board that we have reviewed the financial statements and the cash flow statement of the Company for the financial year ended 31st March, 2014 and to the best of our knowledge and belief, we certify that –

1. The statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
2. These Statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations;
3. There are no transactions entered into by the Company during the financial year ended 31st March, 2014, which are fraudulent, illegal or violative of the Company's Code of Conduct;
4. For the purposes of financial reporting, we accept the responsibility for establishing and maintaining the internal controls which are monitored by the Company's Internal Auditor and we have evaluated the effectiveness of the internal control systems of the Company based on feedbacks received from the Company's Internal Auditor and accordingly state that there are no deficiencies in the design or operation of the internal controls, of which we are awareof;
5. There have been no significant changes in internal controls during the year, nor has there been any significant changes in the Accounting policies during the financial year ended 31st March, 2014 which requires to be disclosed in the notes to the financial statements;
6. There have been no instances of frauds, of which we are awareof, for the financial year ended 31st March, 2014.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To
The Members of Balasore Alloys Limited

We have examined the compliance of conditions of Corporate Governance by BALASORE ALLOYS LIMITED ("the Company"), for the year ended on 31st March 2014, as stipulated in Clause 49 of the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the above-mentioned Listing Agreement.

We state that such compliance is neither an assurance as to future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF BALASORE ALLOYS LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **BALASORE ALLOYS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2014, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, as the case may be, the aforesaid financial statements give the information required by the Act in the manner so required, and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (ii) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (iii) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter

We invite attention to the following notes:

- a) Note No. 31 regarding demand by North Eastern Electricity Supply Company of Orissa Limited (NESCO) towards revocation of the waiver of dues granted under a settlement in an earlier year and towards take or pay benefit claimed by the company. NESCO has raised total claim for Rs. 20,843.14 Lacs as at 31st March, 2014 (Rs. 18,927.66 Lacs as at 31st March, 2013) (including delayed payment surcharge). Company has paid Rs 3,400 lacs in previous years against these disputed claim and provided the same in that year as a matter of prudence. The matter of revocation of settlement is pending with Honourable High Court of Orissa and that of demand towards take or pay benefit before Electricity Appellate Tribunal, New Delhi. Pending outcome of the court/tribunal decision and based on discussion with Company's legal counsel, no provision has been made towards above demand.

- b) Note No. 32 regarding demand by lenders for their right to recompense under CDR Scheme sanctioned in earlier years. Lenders have demanded Rs 3,219.95 lacs for the recompense amount made up to 31st March, 2007. Company has paid Rs. 536 lacs as on 31st March, 2014 and provided the same in previous and current year as a matter of prudence. Further, the recompense amount for the period from 1st April, 2007 to till date has not been finally worked out. The management has approached its lenders to determine the final liability towards such recompense amount, pending which no provision has been made towards above demand.

Our opinion is not qualified in respect of these matters.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by sub-section (3) of section 227 of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the accounting standards notified under the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013; and
 - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

Annexure referred to in paragraph 1 under the heading Report on other legal and regulatory requirements of our Report of even date

Re: Balasore Alloys Limited ("the Company")

1. In respect of its Fixed Assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b) Fixed assets have been physically verified by the management in a phased periodical manner as per regular programme of verification, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
 - c) There are no substantial disposals of fixed assets during the year.
2. In respect of its Inventory:
 - a) The inventory has been physically verified during the year by the management, except stock lying with third parties. In our opinion, the frequency of verification is reasonable. In respect of the inventory lying with third parties, these have been confirmed by them.
 - b) The procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.

BALASORE ALLOYS LIMITED

- c) The Company has maintained proper records of inventory. As explained to us, there were no material discrepancies noticed on physical verification of inventory.
3. In respect of the loans, secured or unsecured, granted or taken by the Company to/ from Companies, firms or other parties covered in the register maintained under Section 301 of the Act:
- a) The Company has not given any loan during the year to companies, firms or other parties covered in the register maintained under Section 301 of the Act. Consequently, the requirements of Clauses (iii) (b) to (iii) (d) of paragraph 4 of the Order are not applicable to the Company.
- e) The Company during last year has taken interest free advance from promoter group companies towards participation in equity and/or quasi debt instruments. In respect of said loans, the maximum amount outstanding at any time during the year is Rs. 19,405 lacs and the year- end balance is Rs. 19,405 lacs.
- f) Pending finalisation of the terms and pricing, we are unable to comment on the clause (iii) (f) and (g) of paragraph 4 of the Order.
4. In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and for the sale of goods. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
5. According to information and explanation given to us, there are no contracts or arrangements referred to in section 301 of the Act that need to be entered into the register maintained under section 301. Therefore, the provisions of clause (v) (b) of paragraph 4 of the Order are not applicable to the Company.
6. The Company has not accepted any deposit from the public.
7. In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
8. The Company has maintained cost records under Section 209 (1) (d) of the Companies Act, 1956 as per the Companies (Cost Accounting Records) Rules, 2011. We have broadly reviewed the accounts and records of the Company in this connection and are of the opinion, that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, carried out a detailed examination of the same.
9. In respect of statutory dues:
- a) According to the records of the Company, undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, cess and other statutory dues have generally been regularly deposited with the appropriate authorities.
- b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, cess and other statutory dues were outstanding, as at March 31, 2014 for a period of more than six months from the date they became payable.
- c) The disputed statutory dues aggregating Rs. 3,276.02 lacs that have not been deposited on account of disputed matters pending before authorities are as under :

Name of the statute	Nature of the Dues	Amount (Rs in Lacs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax (including interest)	2,361.25	2005-11	Commissioner (Appeals)
Central Sales Tax Act, 1956 and Orissa Sales Tax Act	Sales Tax/VAT (including interest and Penalty)	10.97	1996-97	Orissa High Court, Cuttack
		73.00	1997-98 & 2009-10	Sales Tax Appellate Tribunal
		2.89	1994-97& 2011-12	Additional Commissioner
		0.23	2008-09	Commissioner (Appeals)

BALASORE ALLOYS LIMITED

Name of the statute	Nature of the Dues	Amount (Rs in Lacs)	Period to which the amount relates	Forum where dispute is pending
Entry Tax Act, 1999	Entry Tax	98.86	2009-10 & 2011-12	Additional Commissioner
Central Excise Act, 1944	Excise Duty & Service Tax (including interest)	43.56	2010-2013	Commissioner Appeals
Chapter V of Finance Act, 1994	Service Tax	6.80	2005-2007	Orissa High Court , Cuttack
		678.46	1996-1998 & 2004-2012	Central Excise & Service Tax Appellate Tribunal

10. The Company does not have accumulated losses at the end of the financial year. The Company has not incurred cash losses during the financial year covered by the audit and in the immediately preceding financial year.
11. Based on our audit procedures and as per the information and explanations given to us, we are of the opinion that the Company has not defaulted in repayments of dues to banks.
12. According to the information and explanations given to us and based on the documents and records produced to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the Company is not a chit fund or a nidhi/mutual benefit fund/ society. Therefore, the provisions of clause (xiii) of paragraph 4 of the Order are not applicable to the Company.
14. In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause (xiv) of paragraph 4 of the Order are not applicable to the Company.
15. According to information and explanations given to us the Company has not given any guarantee for loans taken by others from bank or financial institutions. Therefore, the provisions of Clause (xv) of paragraph 4 of the Order are not applicable to the Company.
16. During the year no term loans has been raised. Therefore, the provisions of Clause (xvi) of paragraph 4 of the Order are not applicable to the Company.
17. According to the information and explanations given to us and on an overall examination of the Balance Sheet of the Company, we report that *funds amounting to Rs. 11,643.04 Lacs raised on short term basis have been used for long-term investment.*
18. During the year the Company has not made preferential allotment of shares to parties covered in the Register maintained under section 301 of the Act.
19. The Company did not have any outstanding debenture during the year.
20. The Company has not raised any monies by way of public issue during the year.
21. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no material fraud on or by the Company has been noticed or reported during the year.

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2014****1. Corporate information**

Balasore Alloys Limited (the Company) is a public company domiciled in India and incorporated in 1984 under the provisions of the Companies Act, 1956. Its shares are listed on Bombay Stock Exchange of India and The Calcutta Stock Exchange Limited. The Company have its registered office and manufacturing facility at Balasore, Odisha

The Company is primarily engaged in raising of Chrome Ore and Manganese Ore from its captive mines located in Odisha and Madhya Pradesh and manufacturing and selling of Ferro Alloys of various grades.

2. Summary of significant accounting policies**(a) Basis of preparation of Financial Statements**

The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on accrual basis, except in respect , for certain fixed assets which are revalued and interest income on overdue bills and insurance & other claims / refunds, which due to uncertainty in realization, are accounted for on acceptance/actual receipt basis.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company ascertains its operating cycle for the purpose of current or non- current classification of assets and liabilities.

(b) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(c) Tangible fixed assets

Tangible fixed Assets are stated at cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment, if any. The cost of acquisition comprises purchase price inclusive of duties (net of Cenvat), taxes, incidental expenses, erection/commissioning/trial run expenses and interest etc, up to the date the assets are ready for intended use.

In case of revaluation of tangible fixed assets, the original cost as written up by the approved valuers is considered in the accounts and the differential amount is transferred to the revaluation reserve.

Machinery spares which can be used only in connection with an item of tangible fixed assets and whose use, as per technical assessment, is expected to be irregular, are capitalized and depreciated over the residual life of the respective assets.

Assets awaiting disposal are valued at the lower of written down value and net realizable value and disclosed separately under Other Current Assets.

Subsequent expenditure related to an item of tangible fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Expenditure of cost of exploration, Net Present Value of Forest Restoration , developing ore bodies and to expand the capacity of mine are capitalized as Mine Development Cost under Intangible Asset.

Computer software not being part of the hardware operating system are capitalized as intangible asset.

NOTES TO THE FINANCIAL STATEMENTS (contd.)

(e) Depreciation/Amortization

The classification of plant & machinery into continuous and non-continuous process is done as per the technical evaluation and depreciation thereon is provided accordingly.

Depreciation on fixed assets is provided on straight-line method at the rates and in the manner prescribed in schedule XIV of the Companies Act, 1956 or at rates determined based on useful lives of the respective assets, as estimated by the management, whichever is higher.

Depreciation on revalued assets is provided at the rates specified in Section 205(2) (b) of The Companies Act, 1956. However in case of fixed assets whose life is determined by the valuer to be less than their useful life under Section 205, depreciation is provided at the higher rate, to ensure the amortization of these assets over their life determined by the valuer.

Additional depreciation arising due to revaluation of fixed assets is adjusted against Revaluation reserve.

Leasehold land is amortized on a straight line basis over the period of lease of 90 years.

Mining lease and mines development expenditure are amortised over the balance period of mining leases on straight line basis.

Computer software are amortized over a period of three years on straight line basis.

(f) Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs relating to the acquisition / construction of qualifying assets are capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

(g) Impairment of tangible and intangible assets

The carrying amounts of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price and 'Value in use' of the assets. The estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(h) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

**NOTES TO THE FINANCIAL STATEMENTS (contd.)****(i) Inventories**

Raw materials, Stores, spares & consumables are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on moving weighted average basis. Royalty on stock lying at mines is accounted on dispatch of materials.

Work in Progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials, labour cost and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a moving weighted average basis.

Obsolete/damaged stores, saleable dust and saleable scrap are valued at estimated net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

The recovery of ferro chrome from slag generated at the plant during the manufacturing operations is accounted for on actual ascertainment of quantity thereof, since it is not feasible to determine the quantum till the re-processing of such slag.

(j) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized :

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Export Benefits

Export benefits are recognized on accrual basis as per schemes specified in Foreign Trade Policy, as amended from time to time.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

(k) Foreign currency translation**(i) Initial recognition**

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange differences

Exchange differences arising on the settlement / or reporting of monetary items, at rates different from those at which they were initially recorded during the period or reported in previous financial statements, are recognized as income or expenses in the period in which they arise

(iv) Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/ liability

The premium or discount arising at the inception of forward exchange contracts is amortized as expenses or income over the life of the respective contracts. Losses on account Exchange differences on such contracts are recognized in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or expense for the period.

NOTES TO THE FINANCIAL STATEMENTS (contd.)

(v) **Derivative Instruments**

In terms of the announcement made by the Institute of Chartered Accountants of India, the accounting for derivative contracts (other than those covered under Accounting Standard -11 "The Effects of Changes in Foreign Exchange Rates") is done based on the "marked to market" on a portfolio basis, and the net loss after considering the offsetting effect on the underlying hedge item is charged to the income statement. Net gains are ignored as a matter of prudence.

(l) **Retirement and other employee benefits**

Retirement benefits in the form of Provident Fund, Superannuation Fund and Employee State Insurance are defined contribution schemes and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no obligations other than the contribution payable to the respective funds.

Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Long term compensated absences are provided for based on actuarial valuation, as per projected unit credit method made at the end of each financial year.

Actuarial gains/losses are taken to Statement of profit and loss and are not deferred

(m) **Income taxes**

Tax expense comprises of current, deferred and prior year tax expenses, if any (net of MAT credit entitlement).

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflect the impact of current period timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the company has carry forward unabsorbed depreciation and tax losses, deferred tax assets are recognized only if there is virtual certainty backed by convincing evidence that such deferred tax assets can be realized against future taxable profits. Unrecognized deferred tax assets of earlier periods are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(n) **Segment reporting**

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Allocation of common costs

Common allocable costs are allocated to each segment on case to case basis by applying the ratio, appropriate to each relevant case.

Revenue and expenses which relates to the enterprise as a whole and are not allocable to segments on a reasonable basis, are included under the head "Unallocated - Common"

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole

**NOTES TO THE FINANCIAL STATEMENTS (contd.)****(o) Earnings Per Share**

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding and to the extent ascertainable during the year are adjusted for the effects of all dilutive potential equity shares.

(p) Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle such obligation, in respect of which a reliable estimate can be made.

Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

(q) Contingent liabilities & Commitments

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Capital commitments' are future liabilities for capital expenditure in respect of Capital Contracts yet to be executed.

'Other commitments' include all future liabilities for Contractual Commitments arising out of non cancellable contracts having penalty disproportionate to the benefits.

(r) Cash and cash equivalents

Cash and cash equivalents as indicated in the cash flow statement comprise cash on hand, cash at bank and short-term deposits with an original maturity of three months or less.

(s) Royalty

Royalty on mining materials is accounted based on the rates notified by Indian Bureau of Mines for each month in absence of monthly rates, these are accounted on the basis of latest available rates.

(t) Lease

Finance leases, which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

A leased asset is depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule XIV to the Companies Act, 1956, whichever is lower. However, if there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule XIV to the Companies Act, 1956.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

BALASORE ALLOYS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (contd.)

Funded Interest Term Loans	1254.58	–	–	–	–

b) Nature of Security

Term loans and Funded interest term loans are secured by a first charge over Plant & Machinery and other fixed assets (including factory land and building) and by way of second charge over current assets of the Company. The loans are also secured by pledge of a part of shareholding of the promoter group [including shares held by Mr Pramod Mittal (a director) and Mr V K Mittal (ceased to be director w.e.f 28th July, 2010)]. The above loans are further guaranteed by personnel guarantee issued / to be issued by Mr Pramod Mittal and Mr V K Mittal (ceased to be director w.e.f 28th July, 2010) and by corporate guarantee of Shakti Chrome Limited & Ispat Minerals Limited. All the mortgages and charges created in favour of the Banks for Term Loan and Working Capital Facilities rank pari passu inter se.

Deferred Payment Credits**a) Maturity Profile**

Particulars	2014-15	2015-16	2016-17	2017-18	2018-19
Deferred Payment Credits	133.30	151.60	166.80	83.06	–

b) Nature of Security

Deferred Payment Credits are secured against hypothecation of assets purchased against such loans.

Advance towards Promoter Contribution

Amount received from promoter group companies towards participation in equity and/ or quasi debt instruments. Pending finalisation of the terms and pricing, the same has been shown as interest free advance towards promoter contribution.

**NOTES TO THE FINANCIAL STATEMENTS (contd.)**

26. Contingent liabilities not provided for in respect of:		(Rs in Lacs)	
Particulars	<u>As at 31st March, 2014</u>	<u>As at 31st March, 2013</u>	
a) Sales tax matters under appeal {Amount paid under appeal Rs 21.31 lacs (Rs. 106.71 lacs)}*	36.86	108.94	
b) Entry tax matters {Amount paid under appeal Rs 18.71 lacs (Rs. 23.98 lacs)}*	117.57	200.68	
c) Excise / Service tax matters {Amount paid under appeal Rs 10.83 lacs (Rs. 2.30 lacs)}*	1200.79	1384.42	
d) Un-expired Bank Guarantees and Letters of Credit	636.89	968.59	
e) Bills discounted with Banks	5,447.53	5,049.71	

* In respect of above cases based on favorable decisions in similar cases/legal opinions taken by the Company/discussions with the solicitors etc., the management is of the opinion that it is possible, but not probable, that the action will succeed and accordingly no provision for any liability has been made in the financial statements.

27. Capital and other commitment:

Estimated amount of Capital commitments (net of advances) Rs 1684.81 lacs (Rs 1573.46 lacs)

28. The income tax assessment of the company have been completed up to Assessment year 2011-12. The disputed demand up to the said Assessment year is Rs. 2,586.25 lacs (Amount Paid under appeal Rs. 225 Lacs). Based on the decisions of the appellate authorities and the interpretations of other relevant provisions, the company has been advised that the demand is likely to be either quashed or substantially reduced and accordingly no provision has been made.

29. The Company had filed petitions against the orders of Dy. Director Mines, Jajpur demanding Rs. 487.80 lacs towards payment of additional Royalty pointed out by Accountant General (A.G) audit for adopting wrong method of calculation of royalty by them for period December, 2009 to January, 2011. The company holds the view that the payment of royalty is correctly made based on the actual quantity of chrome Ore extracted from the mining area. In view of above demand being legally unjustifiable, the Company does not expect any liability in above matter and hence not provided for.

30. Gratuity and other post retirement benefit plans

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to Gratuity on terms not less favorable than the provisions of the Payment of Gratuity Act, 1972. The scheme is funded with Life Insurance Corporation of India in form of qualifying insurance policy.

The Company also extends benefit of compensated absences to the employees, whereby they are eligible to carry forward their entitlement of earned leave for encashment. This is an unfunded plan.

The following tables summaries the components of net expense recognised in the statement of profit and loss and balance sheet for the respective plans.

(a) Expenses recognized in the statement of profit and loss for respective years are as follows:

Particulars	(Rs in Lacs)			
	<u>Gratuity</u>		<u>Leave</u>	
	<u>(2013-14)</u>	<u>(2012-13)</u>	<u>(2013-14)</u>	<u>(2012-13)</u>
Current service cost	71.53	52.69	38.01	29.94
Interest cost on benefit obligation	50.26	39.10	21.65	17.99
Expected return on plan assets	(15.68)	(19.30)	-	-
Net actuarial (Gain)/losses	(22.02)	164.99	26.92	37.24
Net benefit expense	84.09	237.48	86.58	85.17
Actual return on plan assets	17.84	15.98	-	-

(B) Net Liability recognized in the balance sheet as at respective dates are as follows:-

Particulars	(Rs in Lacs)			
	<u>Gratuity</u>		<u>Leave</u>	
	<u>31st March 2014</u>	<u>31st March 2013</u>	<u>31st March 2014</u>	<u>31st March 2013</u>
Defined benefit obligation	698.58	621.74	342.02	287.41
Fair value of plan assets	218.76	179.18	-	-
Net liability	479.82	442.56	342.02	287.41

**NOTES TO THE FINANCIAL STATEMENTS (contd.)**

(c) Changes in the present value of the defined benefit obligation during respective years are as follows:-

Particulars	(Rs in Lacs)			
	Gratuity		Leave	
	(2013-14)	(2012-13)	(2013-14)	(2012-13)
Opening defined benefit obligation	621.74	525.51	287.41	208.85
Interest cost	50.26	39.10	21.65	17.99
Current service cost	71.53	52.69	38.01	29.94
Benefit paid	(25.09)	(157.23)	(49.97)	(6.61)
Actuarial (Gain)losses	(19.86)	161.67	26.92	37.24
Closing defined benefit obligation	698.58	621.74	324.02	287.41

(d) Changes in the fair value of plan assets during respective years are as follows:

Particulars	(Rs in Lacs)	
	Gratuity	
	(2013-14)	(2012-13)
Opening fair value of plan assets	179.18	277.94
Expected return on plan assets	15.68	19.30
Contribution by the Company	46.83	42.49
Benefits paid	(25.09)	(157.23)
Actuarial (losses)/Gains	2.16	(3.32)
Closing fair value of plan assets	218.76	179.18

(e) The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

Particulars	Gratuity plan assets as at	
	31st March, 2014	31st March, 2013
	Investments with insurer	100 %

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

(f) The principal assumptions used in determining gratuity and leave liability are as shown below:

Particulars	Gratuity		Leave	
	(2013-14)	(2012-13)	(2013-14)	(2012-13)
	Discount rate	9.20%	8.25%	9.20%
Rate of increase in salary	10.00%	10.00%	10.00%	10.00%
Expected average remaining working life of the employees	15.88	15.82	15.88	15.52
Return on Plan Assets (Gratuity Scheme)	9.25%	9.25%	Not Applicable	
Mortality Table	Standard Table Indian Assured Lives Mortality (2006-08) ultimate.			

**NOTES TO THE FINANCIAL STATEMENTS (contd.)**

(g) Amounts of gratuity and leave for current and previous years are as follows:-

Particulars	(Rs in Lacs)				
	2013-14	2012-13	2011-12	2010-11	2009-10
Gratuity					
Defined benefit obligation	698.58	621.74	525.51	507.97	451.69
Fair value of plan assets	218.76	179.18	277.94	181.98	152.10
Deficit	479.82	442.56	247.57	325.99	299.59
Experience adjustments on plan liabilities - (gains)/losses	(50.18)	129.13	(1.49)	0.83	81.42
Experience adjustments on plan assets - (gains)/losses	2.16	(3.32)	2.40	2.52	2.19
Leave					
Defined benefit obligation	324.02	287.41	208.85	308.01	269.85
Deficit	324.02	287.41	208.85	308.01	269.85
Experience adjustments on plan liabilities - (gains)/losses	60.78	21.39	(32.48)	1.39	65.04

(h) The estimate of future salary increase, considered in actuarial valuation, takes account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employee market.

(i) The Company expects to contribute Rs. 100 lacs (Rs 50 lacs) to gratuity fund in the year 2014-2015.

(j) The amounts provided for defined contribution plans are as follows:

Particulars	(Rs in Lacs)	
	(2013-14)	(2012-13)
Provident Fund	209.01	128.23
Employees' State Insurance	20.40	21.64
Superannuation Fund	114.67	87.29
Total	344.08	237.16

31. North Eastern Electricity Supply Company of Orissa Limited (NESCO) has revoked the waiver of dues granted under a settlement in an earlier year and disputed on take or pay benefit claimed in year 2012-13 and raised total claim for Rs 20,843.14 lacs (including delayed payment surcharge). The matter of revocation of settlement is pending with Honourable High Court of Orissa and that of demand towards take or pay benefit before Electricity Appellate Tribunal, New Delhi. The Company has paid & provided Rs 3,400 lacs towards such claims and also continues to receive un-interrupted power supply from NESCO. Pending outcome of the court/tribunal decision and based on discussion with Company's legal counsel, no further provision has been made towards above demand.

32. During the year 2011-12, the lender's have exercised their right to recompense under CDR Scheme sanctioned in earlier years and demanded Rs 3,219.95 lacs for the sacrifice made up to 31st March, 2007 towards which Rs 536 lacs was paid & provided as on 31st March, 2014. Further, the recompense amount for the period from 1st April, 2007 to till date has not been worked out. The management has approached its lenders to determine the final liability towards such recompense amount including liabilities pending which no liability has been provided for.

**NOTES TO THE FINANCIAL STATEMENTS (contd.)****33. Segment Information****(a) Primary Segments:**

Based on the synergies, risks and return associated with business operations and in terms of Accounting Standard-17, the Company is mainly engaged in the Manufacturing/Mining of Ferro alloys. All activity of the company revolves around this main business. As such, there are no separate reportable segments as per the Accounting Standard 17 (Segment Reporting) notified by Companies (Accounting Standard) Rules, 2006.

(b) Secondary Geographical Segments

	(Rs in Lacs)	
Sales Revenue :-	2013-14	2012-13
Domestic Revenues (Net of Excise Duty)	23,979.17	23,825.76

INDEPENDENT AUDITOR'S REPORT

THE BOARD OF DIRECTORS BALASORE ALLOYS LIMITED

1. Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **BALASORE ALLOYS LIMITED** ("the Company") and its subsidiaries (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2014, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

2. Management's responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, as the case may be and based on the consideration of the reports of the other auditors on the financial statement of the subsidiaries and associates as noted below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (i) in the case of the consolidated Balance Sheet, of the state of affairs of the Group as at March 31 2014;
- (ii) in the case of the consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (iii) in the case of the consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

5. Emphasis of Matter

We invite attention to the following notes: -

- a) Note No. 31 regarding demand by North Eastern Electricity Supply Company of Orissa Limited (NESCO) towards revocation of the waiver of dues granted under a settlement in an earlier year and towards take or pay benefit given to the company. NESCO has raised total claim for Rs. 20,843.14 Lacs as at 31st March, 2014 (Rs.18,927.66 Lacs as at 31st

March, 2013) (including delayed payment surcharge). Company has paid Rs 3,400 lacs in previous years against these disputed claim and provided the same in that year as a matter of prudence. The matter of revocation of settlement is pending with Honourable High Court of Orissa and that of demand towards take or pay benefit before Electricity Appellate Tribunal, New Delhi. Pending outcome of the court/tribunal decision and based on discussion with Company's legal counsel, no provision has been made towards above demand.

- b) Note No. 32 regarding demand by lenders for their right to recompense under CDR Scheme sanctioned in earlier years. Lenders have demanded Rs 3,219.95 lacs for the recompense amount made up to 31st March, 2007. Company has paid Rs. 536 lacs as on 31st March, 2014 and provided the same in previous and current year as a matter of prudence. Further, the recompense amount for the period from 1st April, 2007 to till date has not been finally worked out. The management has approached its lenders to determine the final liability towards such recompense amount, pending which no provision has been made towards above demand.

Our opinion is not qualified in respect of these matters.

6. Other Matters

1. We did not audit the financial statements of an associate in which the share of loss of the Group is Rs. (0.15) lacs. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors.
2. We have relied on the unaudited financial statement of subsidiaries, who's financial statement reflect total assets of Rs. 2,833.07 lacs as at 31st march, 2014, total revenue of Rs. (10.28) lacs and net cash outflows amounting to Rs. 0.96 lacs for the year then ended. These unaudited financial statements as certified by the respective management of these companies have been furnished to us and our report in so far as it relates to the amounts included in respect of the subsidiaries is based solely on such certified unaudited financial statements.

Our opinion is not qualified in respect of these matters.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2014****1. Corporate information**

Balasure Alloys Limited (“the Company”) and its wholly owned subsidiaries Milton Holdings Limited & Balasure Metals Pte Limited (collectively referred as “the Group”), is engaged in mining of Chrome Ore, Iron Ore and Manganese Ore and manufacturing and selling of Ferro Alloys of various grades. The Group is also engaged in trading business of various allied products like Coke, Chrome Ore Lumpy etc. The associate company of the Group “Balasure Energy Limited” is in the process of setting up power plant at Balasure, Odisha.

2. Summary of significant accounting policies**(a) Principles of Consolidation**

- (i) The Consolidated Financial Statements present the consolidated Accounts of Balasure Alloys Limited and its following Subsidiaries:

Name of the Subsidiaries	Country of Incorporation	Proportion of Ownership / Interest	
		31st March, 2014	31st March, 2013
Milton Holding Limited (MHL)	Mauritius	100 %	100 %
Balasure Metals Pte Limited (BMPL)	Singapore	100%	100%

In terms of Accounting Standard 21 notified pursuant to the Companies (Accounting Standards) Rules, 2006, (as amended), no minority interest exists. MHL is into the business of mining and has not yet commenced commercial operations. BMPL is into the business of trading of ferro alloys.

- (ii) The financial statements of the Company and its subsidiaries have been consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and any unrealized profits.
- (iii) In terms of Accounting Standard 23 “Accounting for investment in Associates in Consolidated Financial Statements”, Balasure Energy Limited (BEL), incorporated in India, in which the Company holds 34% (34%) shares, is an associate company, and the proportionate share of BEL’s net profit/loss has been duly considered in these accounts.
- (iv) The financial statements of Milton Holding Limited have been prepared in accordance with International Financial Reporting Standards which has been converted using the accounting policies of the company by the management and considered for consolidation.
- (v) The financial statements of Balasure Metals Pte Limited have been prepared in accordance with Singapore Financial Reporting Standards which has been converted using the accounting policies of the company by the management and considered for consolidation.
- (vi) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and events in similar circumstances and necessary adjustments required for deviation in accounting policies, if any, to the extent possible, are made in the consolidated financial statements and are presented in the same manner as the Company’s separate financial statements.
- (vii) In translating the financial statements of the non-integral foreign Subsidiaries for incorporation in the consolidated financial statements, the assets and liabilities, both monetary and non-monetary are translated at the closing rate; income and expense items are translated at average exchange rate; and all resulting exchange differences are accumulated in foreign currency translation reserve.

(b) Basis of preparation of Financial Statements

The financial statements have been prepared to comply in all material respects with the Accounting Standards notified by the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on accrual basis, except in respect , for certain fixed assets which are revalued and interest income on overdue bills and insurance & other claims / refunds, which due to uncertainty in realization, are accounted for on acceptance/actual receipt basis.

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company ascertains its operating cycle for the purpose of current or non- current classification of assets and liabilities.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)****(c) Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

(d) Tangible fixed assets

Tangible fixed Assets are stated at cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment, if any. The cost of acquisition comprises purchase price inclusive of duties (net of Cenvat), taxes, incidental expenses, erection/commissioning/trial run expenses and interest etc, up to the date the assets are ready for intended use.

In case of revaluation of tangible fixed assets, the original cost as written up by the approved valuers is considered in the accounts and the differential amount is transferred to the revaluation reserve.

Machinery spares which can be used only in connection with an item of tangible fixed assets and whose use, as per technical assessment, is expected to be irregular, are capitalized and depreciated over the residual life of the respective assets.

Assets awaiting disposal are valued at the lower of written down value and net realizable value and disclosed separately under Other Current Assets.

Subsequent expenditure related to an item of tangible fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

(e) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Expenditure of cost of exploration, Net Present Value of Forest Restoration, developing ore bodies and to expand the capacity of mine are capitalized as Mine Development Cost under Intangible Asset.

Computer software not being part of the hardware operating system are capitalized as intangible asset.

(f) Depreciation/Amortization

The classification of plant & machinery into continuous and non-continuous process is done as per the technical evaluation and depreciation thereon is provided accordingly.

Depreciation on fixed assets is provided on straight-line method at the rates and in the manner prescribed in schedule XIV of the Companies Act, 1956 or at rates determined based on useful lives of the respective assets, as estimated by the management, whichever is higher.

Depreciation on revalued assets is provided at the rates specified in Section 205(2) (b) of The Companies Act, 1956. However in case of fixed assets whose life is determined by the valuer to be less than their useful life under Section 205, depreciation is provided at the higher rate, to ensure the amortization of these assets over their life determined by the valuer.

Additional depreciation arising due to revaluation of fixed assets is adjusted against Revaluation reserve.

Leasehold land is amortized on a straight line basis over the period of lease of 90 years.

Mining lease and mines development expenditure are amortised over the balance period of mining leases on straight line basis.

Computer software are amortized over a period of three years on straight line basis.

(g) Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs relating to the acquisition / construction of qualifying assets are capitalized until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

(h) Impairment of tangible and intangible assets

The carrying amounts of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price and 'Value in use' of the assets. The estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)**

In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(i) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

(j) Inventories

Raw materials, Stores, spares & consumables are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on moving weighted average basis. Royalty on stock lying at mines is accounted on dispatch of materials.

Work in Progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials, labour cost and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a moving weighted average basis.

Obsolete/damaged stores, saleable dust and saleable scrap are valued at estimated net realizable value.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

The recovery of ferro chrome from slag generated at the plant during the manufacturing operations is accounted for on actual ascertainment of quantity thereof, since it is not feasible to determine the quantum till the re-processing of such slag.

(k) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized :

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Export Benefits

Export benefits are recognized on accrual basis as per schemes specified in Foreign Trade Policy, as amended from time to time.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

(l) Foreign currency translation**(i) Initial recognition**

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)****(ii) Conversion**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange differences

Exchange differences arising on the settlement / or reporting of monetary items, at rates different from those at which they were initially recorded during the period or reported in previous financial statements, are recognized as income or expenses in the period in which they arise

(iv) Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/ liability

The premium or discount arising at the inception of forward exchange contracts is amortized as expenses or income over the life of the respective contracts. Losses on account Exchange differences on such contracts are recognized in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as income or expense for the period.

(v) Derivative Instruments

In terms of the announcement made by the Institute of Chartered Accountants of India, the accounting for derivative contracts (other than those covered under Accounting Standard -11 "The Effects of Changes in Foreign Exchange Rates") is done based on the "marked to market" on a portfolio basis, and the net loss after considering the offsetting effect on the underlying hedge item is charged to the income statement. Net gains are ignored as a matter of prudence.

(m) Retirement and other employee benefits

Retirement benefits in the form of Provident Fund, Superannuation Fund and Employee State Insurance are defined contribution schemes and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no obligations other than the contribution payable to the respective funds.

Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Long term compensated absences are provided for based on actuarial valuation, as per projected unit credit method made at the end of each financial year.

Actuarial gains/losses are taken to Statement of profit and loss and are not deferred

(n) Income taxes

Tax expense comprises of current, deferred and prior year tax expenses, if any (net of MAT credit entitlement).

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflect the impact of current period timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the company has carry forward unabsorbed depreciation and tax losses, deferred tax assets are recognized only if there is virtual certainty backed by convincing evidence that such deferred tax assets can be realized against future taxable profits. Unrecognized deferred tax assets of earlier periods are re-assessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

(o) Segment reporting*Identification of segments*

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)***Allocation of common costs*

Common allocable costs are allocated to each segment on case to case basis by applying the ratio, appropriate to each relevant case.

Revenue and expenses which relates to the enterprise as a whole and are not allocable to segments on a reasonable basis, are included under the head "Unallocated - Common"

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole

(p) Earnings Per Share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding and to the extent ascertainable during the year are adjusted for the effects of all dilutive potential equity shares.

(q) Provisions

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle such obligation, in respect of which a reliable estimate can be made.

Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

(r) Contingent liabilities & Commitments

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

Capital commitments' are future liabilities for capital expenditure in respect of Capital Contracts yet to be executed.

'Other commitments' include all future liabilities for Contractual Commitments arising out of non cancellable contracts having penalty disproportionate to the benefits.

(s) Cash and cash equivalents

Cash and cash equivalents as indicated in the cash flow statement comprise cash on hand, cash at bank and short-term deposits with an original maturity of three months or less.

(t) Royalty

Royalty on mining materials is accounted based on the rates notified by Indian Bureau of Mines for each month in absence of monthly rates, these are accounted on the basis of latest available rates.

(u) Lease

Finance leases, which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

A leased asset is depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule XIV to the Companies Act, 1956, whichever is lower. However, if there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule XIV to the Companies Act, 1956.

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)**

Particulars	As at 31st March, 2014	(Rs.in Lacs) As at 31st March, 2013
a) Sales tax matters under appeal {Amount paid under appeal Rs 21.31 lacs (Rs. 106.71 lacs)}*	36.86	108.94
b) Entry tax matters {Amount paid under appeal Rs 18.71 lacs (Rs. 23.98 lacs)}*	117.57	200.68
c) Excise / Service tax matters {Amount paid under appeal Rs 10.83 lacs (Rs. 2.30 lacs)}*	1200.79	1384.42
d) Un-expired Bank Guarantees and Letters of Credit	636.89	968.59
e) Bills discounted with Banks	5,447.53	5,049.71

* In respect of above cases based on favorable decisions in similar cases/legal opinions taken by the Company/discussions with the solicitors etc., the management is of the opinion that it is possible, but not probable, that the action will succeed and accordingly no provision for any liability has been made in the financial statements.

27. Capital and other commitment:

Estimated amount of Capital commitments (net of advances) Rs 1684.81 lacs (Rs 1573.46 lacs)

28. The income tax assessment of the company have been completed up to Assessment year 2011-12. The disputed demand up to the said Assessment year is Rs. 2,586.25 lacs (Amount Paid under appeal Rs. 225 Lacs). Based on the decisions of the appellate authorities and the interpretations of other relevant provisions, the company has been advised that the demand is likely to be either quashed or substantially reduced and accordingly no provision has been made.

29. The Company had filed petitions against the orders of Dy. Director Mines, Jajpur demanding Rs. 487.80 lacs towards payment of additional Royalty pointed out by Accountant General (A.G) audit for adopting wrong method of calculation of royalty by them for period December, 2009 to January, 2011. The company holds the view that the payment of royalty is correctly made based on the actual quantity of chrome Ore extracted from the mining area. In view of above demand being legally unjustifiable, the Company does not expect any liability in above matter and hence not provided for.

30. North Eastern Electricity Supply Company of Orissa Limited (NESCO) has revoked the waiver of dues granted under a settlement in an earlier year and disputed on take or pay benefit claimed in year 2012-13 and raised total claim for Rs 20,843.14 lacs (including delayed payment surcharge). The matter of revocation of settlement is pending with Honourable High Court of Orissa and that of demand towards takes or pay benefit before Electricity Appellate Tribunal, New Delhi. The Company has paid & provided Rs 3,400 lacs towards such claims and also continues to receive un-interrupted power supply from NESCO. Pending outcome of the court/tribunal decision and based on discussion with Company's legal counsel, no further provision has been made towards above demand.

31. During the year 2011-12, the lender's have exercised their right to recompense under CDR Scheme sanctioned in earlier years and demanded Rs 3,219.95 lacs for the sacrifice made up to 31st March, 2007 towards which Rs 536 lacs was paid & provided as on 31st March, 2014. Further, the recompense amount for the period from 1st April, 2007 to till date has not been worked out. The management has approached its lenders to determine the final liability towards such recompense amount including liabilities pending which no liability has been provided for.

32. Segment Information**(a) Primary Segments:**

Based on the synergies, risks and return associated with business operations and in terms of Accounting Standard-17, the Company is mainly engaged in the Manufacturing/Mining of Ferro alloys. All activity of the company revolves around this main business. As such, there are no separate reportable segments as per the Accounting Standard 17 (Segment Reporting) notified by Companies (Accounting Standard) Rules, 2006.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (contd.)****(b) Secondary Geographical Segments**

	(Rs in Lacs)	
Sales Revenue :-	2013-14	2012-13
Domestic Revenues (Net of Excise Duty)	23,979.17	23,825.76
Overseas Revenues (Including Export Benefits)	54,281.59	44,787.15
Total	78,260.76	68,612.91

The Company has common fixed assets in India for producing goods for domestic and overseas markets. Hence, separate figures for fixed assets / additions to fixed assets cannot be furnished. The year-end balance of overseas trade receivables is Rs 1,066.39 lacs (Rs 242.35 lacs).

33. Derivative Instruments & Un hedged foreign currency Exposure :
