Statement of material facts in terms of Section 102 of the Companies Act, 2013

Item No. 4 & 5

The Board of directors of the company had at the meeting held on 14.02.2015, re-appointed Shri. R K Garg and Shri. G R Warriar as Independent Directors of the company in terms of Section 149 read with Schedule IV of the Companies Act, 2013('the Act'). They were continuing members of the board as independent directors. The reappointment was to specifically comply with the provisions of Section 149 of the Companies Act 2013, and the General Circular 14/2014 dated 9th June, 2014 of the Ministry of Corporate Affairs read with relative SEBI guidelines. The requisite declarations under Section 149 (6) of the Act have been obtained from these directors. In the opinion of the Board, these two independent Directors fulfill the conditions specified in the Act and Rules made thereunder and they are independent of the management. The continued association of Shri. R K Garg and Shri. G R Warriar with the company as Independent Directors and the rich experience they bring with them would immensely benefit the company. Hence the Board recommend their appointments for the approval of the members of the company.

None of the Directors, key managerial personnel or their relatives, except the appointees, is concerned or interested in the Resolutions.

In terms of Section 161 of the Companies Act, 2013, he holds office upto the ensuing AGM.

The company has received a notice, together with requisite deposit, from a member signifying his candidature to the office of Independent Director of the Company under Section 160 of the Companies Act, 2013.

In the opinion of the Board of Directors, Shri. T P Thomaskutty fulfils the conditions specified in the Act and Rules made thereunder for his appointment as Independent Director and he is independent of the management. Moreover, Mr. Thomaskutty was a member of the company's Board as nominee Director of Kerala State Industrial Development Corporation Ltd. during the period 17th December, 2011 to 30th December, 2014. The Board considers his association with the company would be highly beneficial and hence recommends his appointment. None of the Directors, key managerial personnel or their relatives, except the appointee, is concerned or interested in the Resolution.

A brief profile of Shri. T P Thomaskutty is annexed to this notice.

Annexure-VII**Management Discussion and Analysis**

Cochin Minerals and Rutile Limited is a 100 percent Export Oriented unit in the Mineral Processing sector with manufacturing, marketing and research capabilities. The Company's products and their applications are:

a) Main Product

The main product is synthetic Rutile which finds application as raw material for the Titanium pigment and titanium sponge/metal industry. The annual licensed and installed capacity is 50000 MT.

b) By-Products

The following are the by-products.

- i) Ferric Chloride which has applications as an etching agent and is an effective coagulant for drinking water and Effluent Treatment.
- ii) Ferrous Chloride is coagulant for drinking water and effluent treatment.
- ii) Iron Hydroxide (Cemox) clay used for brick / tile making and substitute for iron ore.
- iii) iv) Recovered TiO₂

Raw Materials

The main raw materials of your company are Ilmenite and Hydrochloric Acid. While Hydrochloric Acid is indigenously available, the availability of ilmenite from domestic source has shown a declining trend. In the year under review, the company was facing a major challenge in its procurement from domestic source. The supply from the domestic market was quite restricted. In the international market also the supply position was not good, the prices were high and the quality was inferior. Your company made all efforts to procure the material from various sources, and maintained the quality of product through process adaptation. The Company had initiated action for carrying out mining and mineral separation as early as in the year 1991. The Company had also promoted Kerala Rare Earths and Minerals Limited (KRML) during the year 2001 and applied for mining lease in the light of the change in policy by the Government of India and the Government of Kerala. Although the company obtained necessary approval from Central Government, mining lease from State Government could not be obtained.

The appeal filed by Kerala Rare Earths and Minerals Limited before the Appellate Authority on rejection of Mining lease applications by the State Government has been favourably disposed with direction to the State Government for issue of Mining Lease.

The Hon. High Court of Kerala has passed an order on 21st February, 2013, in the writ petition filed by K R E M L, with a direction to the Government of Kerala to do the needful for grant of mining lease to the company within a period of six months, which was subsequently extended upto 31st May 2014. Thereafter, the State Government filed a writ appeal with Hon. High Court. The Hon. High Court dismissed the above appeal. Subsequently, the State Government filed a special leave petition with Honourable Supreme Court against the aforesaid order of the High Court and the matter is pending with the Court for admission.

As another step for ensuring long term availability of raw material (ilmenite), the company has applied for exploration licence of mining areas in the offshore region for which bids have been invited by the Indian Bureau of Mines (IBM) and the company have been granted exploration licence for six blocks covering a total area of 504 sq Kms. Since then, a few parties have approached various High Courts against the procedure adopted by IBM in grant of exploration licence and Hon'ble High Court of Andhra Pradesh issued interim order stating that if any steps are taken for grant of exploration licence, the same shall be subject to further orders by the Court. We are awaiting clearance from the Courts to go ahead with further activities.

Operational Performance

The operational performance highlights for the year 2014-2015 are given below:

The Company could make improvement in marketing the main by-product Ferric Chloride during the year. The loss during the year was mainly due to steep fall in the price of Synthetic Rutile and non-availability of domestic raw material. The price of Synthetic Rutile which was in the range of US\$ 2000/- came down to about half the price in 2013-14 and about 1/3rd during 2014-15.

Outlook

The demand for the main product viz. Synthetic Rutile, has decreased due to recession in international market. Further, the scenario in respect of supply of main raw material, ilmenite, from domestic sources also remains uncertain. Supply from outside sources in terms of required quantity and quality is also uncertain and prices remain volatile. However the company is making all efforts to maintain maximum level of production. Your Directors are concerned about the shortage in availability of ilmenite and decrease in demand for synthetic Rutile and are making all out efforts for sourcing of Ilmenite and marketing of the product. The situation is expected to marginally improve in the current year.

The company is also taking steps to increase the production and marketing its by-products viz. Recovered TiO₂ and Ferric Chloride

The company is planning on diversification of its activities. To start with, it is planned to take-up a mini Hydel Project at Thumboormuzhy, Kerala.

Backward Integration

The backward integration project of your company, for Beach Sand Separation and Ilmenite production which was proposed to be implemented jointly with Indian Rare Earths Limited and Kerala State Industrial Development Corporation Limited, as early as in 2001, could not be implemented so far. The company has obtained approval from the concerned agencies and purchased land, but the mining lease has not yet been granted by the State Government. The status of the project is already covered under the head 'Raw -materials'.

Risks, Concerns and Strength

The risk factors, as far as your company is concerned, are the unpredictable situation in the avail-

ability and price of Ilmenite and Hydrochloric Acid, the major and critical raw materials of your company.

The demand and volatile nature of prices of Synthetic Rutile and foreign exchange fluctuations have impact.

The market scenario for TiO₂ Pigment and Titanium Metal industries where-in Synthetic Rutile is used has not been favourable. Moreover due to technological developments, use of Ti Slag as raw material for Pigment and Ti Metal is posing a competition to Synthetic Rutile.

The major strength of your company is that its products are of highest International Standards and are well accepted by the buyers. Your company continues to be certified ISO 9001 : 2008 by the prestigious agency Bureau Veritas Quality International, with accreditation from UKAS London, ANSI-RAB, USA and NABCB, India. The Company also got certification from NSF International for our products Ferric Chloride, Ferrous Chloride and Ferrous Chloride with hydrated Titania catalyst that these products conform to NSF/ANSI standard 60 for drinking water treatment.

Skilled and dedicated work force is another strength of our Company.

Health, Safety and environment

The company gives high priority to issues concerning health, safety and environment.

Health - The company aims to provide comprehensive health services covering preventive, promotive and curative health care to all the employees. Apart from being covered by comprehensive group health insurance scheme, the employees are also entitled to medical reimbursements under the employees medical beneficiary scheme of the company.

Safety - Safety of persons overrides all other considerations. This vision drives the company continuously to look for ways to break new barriers in safety management for the benefit of all. Safety awareness programmes are regularly conducted for the employees.

Environment - The company aims to maintain a clean and pollution free environment. Environment impact assessment and qualitative risk analysis are conducted for all new/major expansion or diversification projects and all necessary safeguard measures are incorporated as part of the project. The effluent treatment plants, air emission abatement units, waste treatment / disposal facilities etc are maintained at better than statutory standards. The company complies with all pollution control and environment protection regulations. The company also undertakes various environment protection programmes such as tree planting, water conservation measures, water purification and energy saving initiatives etc.

The company's by-product Ferric Chloride is now widely and successfully used in water purification and effluent treatment. Another by-product cemox helps in reducing the ecological problems by helping to reduce clay mining and a supplement to Iron Ore supply.

Awards and Recognitions

Excellence Award

The company during the year has won the "Excellence Award" - for pollution control measures, from the Kerala State Pollution Control Board for the seventh consecutive year. The company bagged the First prize in the preceding two years also for implementing effective pollution control

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To
The members of Cochin Minerals and Rutile Limited

We have examined the compliance of conditions of Corporate Governance by Cochin Minerals and Rutile Limited ('the Company'), for the year ended 31st March 2015, as stipulated in Clause 49 of the Listing Agreement of the Company with Stock Exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information, and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

1. Corporate Information

Cochin Minerals and Rutile Limited is a public company incorporated in India. Its shares are listed in Bombay Stock Exchange Ltd. The company is engaged in the manufacture of Synthetic Rutile, Ferric Chloride, Ferrous Chloride, Iron Hydroxide and Recovered TiO₂.

2. Basis of Presentation.

The financial statement of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respect with the Companies (Accounts) Rules 2014 and the relevant provisions of Companies Act, 2013. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those of the previous year.

2.1. Significant Accounting Policies.

a) Accounting Convention

The financial statements are prepared under historical cost convention and in accordance with Generally Accepted Accounting Principles in India and provisions of Companies Act, 2013. Revenues are recognized and expenses accounted on their accrual with necessary provisions for all known liabilities and losses, unless otherwise stated.

b) Use of estimates

The preparation of financial statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and the disclosures relating to contingent assets and liabilities as on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Actual results could differ from these estimates.

c) Fixed Assets and Depreciation

i) Fixed Assets are stated at cost of acquisition less accumulated depreciation. Cost of self constructed fixed assets comprises those costs that relate directly to the specific assets and those that are attributable to the construction activity in general and can be allocated to the specific asset. Financing Costs relating to borrowed funds attributable to construction or acquisition of fixed assets for the period up to the completion of construction or acquisition are capitalised.

The cost of Assets which are not ready for use as at the Balance sheet date are disclosed under the Capital Work in progress.

ii) Depreciation on Fixed Assets is provided based on the useful life of the assets in the manner prescribed in schedule II of the companies act 2013.

d) Investments

Long Term investments are stated at cost. Earnings on investments are accounted on accrual basis, except dividend on shares.

e) Inventories

i) The stock of raw materials, works in process and consumable stores have been valued at cost. Here cost means in the case of raw materials and consumable stores weighted average cost and for work in process technically estimated cost.

ii) Finished goods have been valued at the lower of cost (weighted average) or net realisable value.

f) Impairment of Assets

The company determines whether there is any indication of impairment of the carrying amount of its assets. The recoverable amount of such assets are estimated, if any indication exists and impairment loss is recognized wherever the carrying amount of the assets exceeds its recoverable amount.

g) Foreign Currency Transactions

Transactions in foreign currency are accounted at the exchange rates prevailing on the date of transaction. Payments made in foreign currency are converted at the rate prevailing on the date of remittance. Gain/loss arising out of fluctuation is accounted for on realisation. Monetary assets and liabilities denominated in foreign currency are restated at the rates of exchange gain/loss is suitably dealt with in the Profit and Loss Account.

h) Retirement and Other Benefits

Retirement benefits are accounted for on accrual basis.

The company's liability towards gratuity of employees is covered by a group gratuity policy with the Life Insurance Corporation of India and the premium is charged to the profit and loss account. The accrued liability is actuarially assessed and intimated by the Life Insurance Corporation of India annually.

The company contributes to Employees Provident Fund Scheme maintained by the Central Government.

Provision for leave encashment as per Company rules is made on the basis of actuarial valuation.

Short term employee benefits are charged off in the year in which the related service is rendered

i) Revenue Recognition

Sales are recognised on despatch of goods from factory/ware house. Sales include Excise duty and Sales tax and are net off discount.

Dividend income on investments is accounted for when the right to receive the payment is established.

Interest income is recognised on a time proportionate basis considering the amount outstanding and rate applicable.

j) Research and Development Expenses

Revenue expenditure on Research and Development are charged to Profit and Loss account in the year in which the same are incurred.

k) Taxation

Provision for current tax is made on the basis of assessable Income under the Income tax Act 1961. Deferred tax resulting from timing difference between book profit and taxable profit is accounted on the basis of the rules & laws that have been enacted or substantially enacted as on the balance sheet date.

Deferred tax liabilities are recognized for all timing differences. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realized.

l) Borrowing Cost

Borrowing Costs are charged to Profit and Loss account except in cases where the borrowing costs are directly attributable to the acquisition, construction, production of qualifying asset. The qualifying asset is one that necessarily takes substantial time to get ready for intended use.

m) Provisions contingent liabilities and contingent assets.

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the Notes. Contingent assets are neither recognized nor disclosed in the financial statements.
