SIGNIFICANT ACCOUNTING POLICIES

1. ACCOUNTING CONCEPTS & BASIS OF PRESENTATION

i. Basis of preparation of Financial Statements :

The financial statements are prepared in accordance with Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis, except for certain fixed assets which are revalued. GAAP comprises mandatory accounting standards as specified in the Company (Accounting Standards) Rules 2006, the provisions of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The management evaluates all recently issued or revised accounting standards on an on-going basis. Where changes are made in presentation, the comparative figures of the previous year are regrouped and re-arranged accordingly.

ii. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

iii. Revenue Recognition:

- a) Revenue from sale of goods and services rendered is recognized from passage of title which generally coincides with delivery of materials and rendering of services to the customers.
- b) Interest income is recognized from time proportion basis taking into account the amount outstanding and rate applicable.

iv. Where changes are made in presentation, the comparative figures of the previous year are regrouped accordingly.

v. Figures have been rounded off to the nearest rupee.

2. FIXED ASSETS:

Capitalised at acquisition cost including directly attributable costs such as freight, insurance, installation charges and incidental expenses for bringing the assets to its working condition for use.

3. INVENTORIES:

- a) Stock of Raw Materials, Consumables, Stores and spare parts and Goods under Process are valued at cost. Cost represents purchase price and other costs for bringing inventories upto their present location and condition and is generally determined on weighted average basis.
- b) Finished goods are valued at lower of cost and net realisable value.

4. TAXATION:

Income-tax expenses comprises current tax and deferred tax charge or release. The deferred tax charge or credit is recognised using current tax rates. Where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets based on expected future profits. Other deferred tax assets are recognised only to the extent there is reasonable certainty of realisation in future. Such assets are reviewed as at each Balance Sheet date to reassess realisation.

5. FOREIGN CURRENCY TRANSACTIONS:

- a) Transactions denominated in foreign currencies are normally recorded at the exchange rates prevailing at the time of the transactions.
- b) In conformity with revised Accounting Standard (AS – 11), issued by the Institute of Chartered Accountants of India (ICAI), monetary items denominated in foreign currencies at the year end and not covered by forward exchange contracts are translated at year end rates and those covered by forward exchange contracts are translated at the rate ruling at the date of transaction as increased or decreased by the difference between the forward rate and exchange rate on the date of transaction, such difference having been amortised over the life of the contract.
- c) Non-monetary items carried at historical cost are reported using the rate at the date of transaction.
- d) Other non-monetary items are carried at fair value, are reported using the rate that existed when the fair values were determined.

6. CONTINGENT LIABILITIES :

Contingent Liabilities are not provided for but are disclosed by way of Notes on Accounts.

7. VAT, SERVICE TAX & EDUCATION CESS

Various expenses are accounted for after deducting the refunds receivable in respect of VAT, Service Tax & Education cess.

8. DEPRECIATION:

- a) Depreciation on Fixed Assets is provided for on straight line method in accordance with and generally at the rates specified in Schedule XIV to the Companies Act, 1956.
- b) Depreciation in respect of additions to assets has been charged on pro rata basis with reference to the period of use of such assets. The provision for depreciation for multiple shifts has been made on the basis of the actual utilisation of respective eligible assets.

9. EMPLOYEE BENEFITS:

- a) Short-term employee benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.
- b) Post Employment and other long term employee benefits are charged off in the year in which the employee has rendered services. The amount charged off is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains and losses in respect of past employment and other long term benefits are charged to the Statement of Profit and Loss.
