RISK AND CONCERNS

PVC resin is the most important raw material for the company. Demand for PVC resin in the country has been increasing every year. “ANNEXURE-B” TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph-2(f) under “Report on Other Legal & Regulatory Requirements” section of our report of even date
Report on the Internal Financial Controls under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)
We have audited the internal financial controls over financial reporting of Premier Polyfilm Ltd. (“the Company”) as at March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE - 1 : SIGNIFICANT ACCOUNTING POLICIES

Corporate Information

Premier Polyfilm Ltd. has been incorporated on 17th July, 1992 under the Companies Act, 1956. The Company is mainly engaged in manufacturing and sale of PVC films and sheets.

Basis of Preparation

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) - [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31 March 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act. These financial statements are the first financial statements of the Company under Ind AS. Refer Note 2.42 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Borrowing Cost :

Borrowing Costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary, interruption. All other borrowing costs are charged to the Statement of Profit and Loss as incurred.

Capital Work in Progress

All directly attributable project related expenses via civil works, machinery under erection, construction and erection materials, pre-operative expenditure net of revenue incidental / attributable to the construction of project, borrowing cost incurred prior to the date of commercial operations are shown under Capital Work-in- Progress. These expenditures are net off corresponding recoveries, if any, and income from project specific borrowed surplus funds.

Property, Plant and Equipment

Property , plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed , its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Depreciation on Fixed assets except Leasehold Land is provided on Straight Line Method according to the useful lives of the assets and procedure prescribed in Schedule II of the Companies Act, 2013. However, Leasehold Land is amortised every year at a uniform rate over the period of lease.

Intangible Assets

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Impairment of non-financial Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are generally classified as at fair value through profit and loss (FVTPL). For all other equity instruments , the Company decides to classify the same either as at fair value through other comprehensive income (FVTOCI) or fair value through profit and loss (FVTPL). The classification is made on initial recognition and is irrecoverable.

Financial liabilities

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted.

Inventories

- i) Raw Materials and Stores and Spares are valued at lower of cost and net realisable value.
- ii) Work-in-progress is valued at actual material cost plus estimated manufacturing cost.
- iii) Finished Goods are valued at lower of cost and net realisable value.

Revenue Recognition

Revenue is recognised when it is probable that the economic benefits will flow to the Company and it can be reliably measured. Revenue is measured at the fair value of the consideration received / receivable net of rebates and taxes. Revenue from the sale of goods are recognised upon passing of title to the customers which generally coincides with their delivery. Interest income is recorded using the effective interest rate.

Foreign Currency Transaction

The financial statements are presented in currency INR. Foreign currency are translated using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from re-measurement of monetary items denominated in foreign currency at year-end exchange rates are recognised in the statement of profit and loss.

Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

Retirement Benefits

The Company has Defined Contribution plans for post employment benefits namely provident Fund Contribution which is made at the prescribed rates to the Provident Fund Commissioner and is charged to the Profit and Loss Account. There are no other obligation other than the contribution payable.

The Company has defined benefit plans namely leave encashment as Compensated Absence and Gratuity for employees. The liability for Gratuity and Compensated Absence is determined on the basis of an actuarial valuation at the end of the year using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Income Tax

Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of reporting year. Deferred income taxes are calculated using the liability method. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Provision, Contingent liabilities and Contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Segment Reporting

The Company is mainly engaged in manufacturing and sale of PVC Films and Sheets. From the operations of the Company, it is considered as a single business Products and accordingly segment reporting on business segment is not required. The company has identified its geographical segments based in the areas in which the customers of the company are located. However, it is not feasible to maintain the accounts on the basis of geographical segments. Hence, segment reporting on geographical segments is not prepared.
