MANAGEMENT DISCUSSION AND ANALYSIS REPORT**A. OVERALL REVIEW:**

The global economy began its modest recovery in FY 2016- 17. While the trend is expected to accelerate in the current year, emerging markets like India faced multiple challenges capital outflows, intense exchange rate pressures and volatile current account movement. A combination of persistent inflation, fiscal imbalances, external sector vulnerabilities and low investments resulted in sluggish domestic demand growth. Fiscal and monetary initiatives taken by the Indian government and the Reserve Bank of India (RBI) helped stabilize financial market conditions, but the domestic macro-economic environment still remains challenging.

The overall performance of textile industry is badly affected due to lower realization both in export and domestic market. Disturbed power supply and skilled labor shortage in the region has worsened the position.

B. INDUSTRY STRUCTURE AND DEVELOPMENT:

Raw material costs have been increasing globally, coupled with a shortage of skilled workers. While a shift is taking place of textiles industries from China and Bangladesh to India, the industrial climate in India has also become adverse due to regular increases in input costs. Any further appreciation of the Rupee will adversely affect exports from India.

The major sub-sectors that comprise the textiles sector include the following:

- Cotton/Man-Made Fibre Textiles Mill Industry
- The Man-Made Fibre/Filament Yarn Industry
- The Wool and Woolen Textiles Industry
- The Sericulture and Silk Textiles Industry
- The Handlooms Textiles Industry
- The Handicrafts Textiles Industry
- The Jute and Jute Textiles Industry
- The Textiles Exports

India's textiles and clothing industry is one of the mainstays of the national economy. It is also one of the largest contributing sectors of India's exports worldwide.

C. OPPORTUNITIES AND THREATS:

There is good scope for growth for the textile industry as India's share in the global trade in textiles is weak compared to other countries. The free trade environment is a great opportunity for the Indian textile industry to increase its share in the global market. Chinese exports are slowing down on account of various factors inclusive of increase in domestic demand and rising costs. This is a good opportunity of which our textile industry should make use but smaller countries like Bangladesh, Sri Lanka, Pakistan, Turkey and Vietnam etc. are becoming formidable challengers.

Lack of uninterrupted power, increased power costs, higher transaction costs, high cost of labor are hindering the progress. However, we are making all out efforts to cope with all these challenges by continuous efforts at cost reduction, process improvements, diversification of products and improving productivity by improving efficiencies.

D. RISKS AND CONCERNS:

The fluctuation in the currency especially against the dollar is becoming problematic for long term booking of orders. Cotton prices are increasing regularly as are other input costs including power and logistics. Natural Gas has become so much costlier that its use as a source of power has become prohibitive.

E. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has a well-established framework of internal controls in all areas of its operations, including suitable monitoring procedures and competent and qualified personnel. In addition to statutory audit, the financial controls of the Company at various locations are reviewed by the Internal Auditors, who report their findings to the Audit Committee of the Board. The Audit Committee is headed by an Independent Director and this ensures independence of function and transparency of the process of supervision and oversight. The Committee meets to review the progress of the internal audit initiatives, significant audit observations and planning and implementation of follow up action required. The Company conducts its business with integrity and high standard of ethical behavior and in compliance with the laws and regulations that govern its business.

MANAGEMENT RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the designs, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

BLUE PEARL TEXSPIN LIMITED (Formerly known as "E-Wha Foam India Limited")

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Controlling (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls-both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the Audit to obtain responsible assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the Company. (2) provide reasonable assurance that transaction are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
