ANNUAL REPORT 2015-16

Chairman speaks

Dear Shareholders,

It gives me immense pleasure to be able to reach out to all of you, and share with you the successes and achievements of the year gone by. Every year we push ourselves towards greater goals, and this year has been no exception. What motivates us is a simple desire to become the leaders in the ethnic foods business while maintaining high quality standards. At the heart of all of our activities is a genuine celebration of food, which we wish to share with people, allowing them the freedom to taste a wide range of delicious and guilt-free foods.

To start with, a word about our financial performance. During the Financial Year 2015-16, the company improved its standalone revenue from operations to ₹160.59 crores as compared with ₹149.45 crores in the previous financial year. During the said financial year, the company achieved an EBITDA (Earnings Before other Income, Interest, Tax, Depreciation & Amortization) on a standalone basis of ₹27.26 crores as against ₹20.39 crores in the previous year. Calculated on a percentage basis, this is an impressive increase of 34%.

Our consolidated revenue for the fiscal year 2016 stood at ₹209.14 crores as against the previous year's consolidated revenue from operations of ₹203.80 crores. During the year under review, the company on a consolidated basis achieved an EBITDA of ₹19.78 crores against the previous year's figures of ₹15.61 crores, resulting into a significant increase of 27%. Our financial performance has been healthy, and is a sign of our continued success across markets, and proof of the quality of our products.

I would like to share with you various business developments that we have initiated across different markets. Looking at the domestic market first, during the year under review, our company re-launched its Instant Masala Mix range of ADF Soul products with new and improved packaging in eight exciting variants. In line with our commitment to healthy, guilt-free food products, majority of ADF Soul range is made with olive oil, and do not contain any preservatives or artificial flavours. We have been extremely gratified by the very encouraging market response. To provide an added impetus to the ADF Soul range, we have also entered into smart e-distribution tie-ups in major cities like Mumbai, Delhi, Ahmedabad and Bangalore. We are extremely optimistic that in the years to come, the ADF Soul range will become more and more popular with a generation that is concerned with tasty and healthy foods.

In the United States, the company stopped its manufacturing operations since December 2015, on the expiry of the factory lease. We have instead switched to a more cost-effective

option of getting our products manufactured through contract packing. During the year under review, we developed a new product category, and we are looking forward to the launch of new and exciting products in the US market during the current fiscal year.

Our other International business has also shown greater growth with the widening of our product portfolio under the Ashoka brand. We have enriched the Ashoka brand with interesting and zesty variants in Frozen foods and ready-to-eat category. We have introduced a new range of vegan, dairy-free products in the ready-to-eat category. The company's R&D team is continuously developing the new products to meet the ever changing taste of the consumers.

In continuation of the Company's efforts to effectively utilize its surplus cash, the Board of Directors has approved a buyback of equity shares through the Stock Exchange route at a price not exceeding ₹125 per equity share with a face value of ₹10 each for an aggregate amount not exceeding ₹18 crores. Additional details of the buyback offer are provided in the Director's Report. In view of the buyback, the Board of Directors did not recommend any dividend on the equity shares of the Company.

Your company is committed to long-term sustainable growth in tandem with the economic and social progress of the urban and rural poor through its CSR activities. During the previous financial year, major activities undertaken under our CSR programmes were the construction of 100 personal toilets under the Swatchcha Bharat Abhiyan, and the construction of a hospital floor at Nadiad for the underprivileged sections of our society. We remain committed to our various CSR initiatives, and strive to reach out and improve many more individual lives in the years to come.

Lastly, I would like to take this opportunity to thank each of our stakeholders including the employees for the support that they have given us. I am extremely grateful to my fellow Board members for their invaluable support and constant guidance. Thank you.

With warm regards,
Ashok H. Thakkar

Policy

Every employee is expected to promptly report to the management any actual or possible violation of the Principles or any other unlawful or unethical or improper practice or act, or activity. The unlawful or unethical or improper practice or act or activity (hereinafter referred to as an “alleged wrongful conduct”) may include, but is not limited to, any of the following:

- A violation of any law
- Misuse or misappropriation of the Organization’s assets
- Gross waste of or misuse or misappropriation of the Organization’s funds
- Incorrect financial reporting or misrepresentation of facts which are not in line with applicable company policy
- A substantial and specific danger to health and safety
- Serious improper conduct (including any kind of mental or sexual harassment) No manager, director, department head, or any other employee with authority to make or materially influence significant personnel decisions shall take or recommend an adverse personnel action against an employee in knowing retaliation for a disclosure of information, made in good faith, about an alleged wrongful conduct.

Definitions

1. “This Policy” or “Policies”

“This Policy” or “Policies” refers to the “Whistle-Blower Policy.”

2. Whistle-Blower (WB)

WB means an Employee making a Disclosure under this Policy.

3. Adverse Personnel Action

An employment-related act or decision (relating to, but not limited to, compensation, promotion, job location, job profile, leave or other privileges) or a failure to take appropriate action by a manager, which may affect the employee negatively.

4. Designated Committee

WB Committee shall comprise of:

- 1) Mr. Bimal R. Thakkar - The Managing Director;
- 2) Mr. Dilip Golwala - General Manager - Accounts (Representative for Mumbai office);
- 3) Ms. Shalaka Ovalekar - Company Secretary & HR Head (Representative for Mumbai office);
- 4) Mr. Manoj Bhure - Senior Manager - Accounts (Representative for Nasik Division)
- 5) Mr. Mahesh Patel (Representative for Nadiad Division)

The mechanism shall be reviewed by the Audit Committee of the Company (in accordance with the SEBI (Listing Obligation & Disclosure Requirements) Regulations, 2015

5. Good Faith

An employee shall be deemed to be communicating in good faith if there is a reasonable basis for communication of the alleged wrongful conduct. Good faith shall be deemed lacking when the employee does not have personal knowledge of or a factual basis for the communication or where the employee knew or reasonably should have known that the communication about the alleged wrongful conduct is malicious, false or frivolous.

Roles, Rights and Responsibilities of Whistle-Blowers

- Whistle-Blowers provide initial information based on a reasonable belief that an alleged wrongful conduct has occurred. The whistleblower is not expected to prove the truth of an allegation, but he needs to demonstrate to the Committee that there are sufficient grounds for concern. Certain safeguards have been provided which will prevent harassment or victimization of the Whistle Blower and could constitute sufficient grounds for dismissal of the concerned employee. However, the intentional filing of a false report, whether orally or in writing is itself considered an improper activity, which the Designated Committee has the right to act upon.
- Whistle-Blowers shall refrain from obtaining evidence for which they do not have a right of access. Such improper access may itself be considered an improper activity.
- Whistle-Blowers have a responsibility to be candid with the members of the Designated Committee or others to whom they make a report of alleged improper activities and shall set forth all known information regarding any reported allegations.
- Anonymous Whistle-Blowers must provide sufficient corroborating evidence to justify the commencement of an investigation. An investigation of unspecified wrongdoing or broad allegations would not be undertaken without verifiable evidence. Because investigators are unable to interview anonymous Whistle-Blowers, it may be more difficult to evaluate the credibility of the allegations and, therefore, less likely to cause an investigation to be initiated.
- Whistle-Blowers are “reporting parties,” not investigators. They are not to act on their own in conducting any investigative activities, nor do they have a right to participate in any investigative activities other than as requested by the investigating authority.
- The identity of the Whistle-Blower will not be disclosed except where required under the law or for the purpose of the investigation. Should, however, the whistle-Blower self-discloses his or her identity, there will no longer be an obligation not to disclose the Whistle-Blower’s identity.
- This policy may not be used as a defense by an employee against whom an adverse personnel action has been taken for legitimate reasons or cause under Company rules and policies. It shall not be a violation of this policy to take adverse personnel action against an employee, whose conduct or performance warrants that action, separate and apart from that employee making a disclosure.

Disqualification

- While it will be ensured that genuine Whistle-Blowers are accorded complete protection from any kind of unfair treatment as herein set out, any abuse of this protection will warrant disciplinary action.
- Protection under this Policy would not mean protection from disciplinary action arising out of false or bogus allegations made by a whistle-blower knowing it to be false or bogus or with a mala fide intention.
- Whistle-Blowers, who make any Disclosures, which have been subsequently found to be mala fide or malicious or whistle-blowers who makes three or more Disclosures, which have been subsequently found to be frivolous, baseless or reported otherwise than in good faith, will be disqualified from reporting further Disclosures under this Policy. This itself will be considered as an improper activity which the Designated Committee members have the right to act upon.

Procedures

A. For Making a Disclosure

- Any employee who observes or has knowledge of an alleged wrongful conduct shall make a disclosure to any of the members of the Company's WB Committee as soon as possible but not later than 60 consecutive calendar days after becoming aware of the same. The disclosure may be made in writing (by e-mail or on paper) or orally (a personal meeting or over the telephone). Complainants must put their names to allegations as follow-up questions and investigation may not be possible unless the source of the information is identified. Concerns expressed anonymously WILL NOT BE usually investigated BUT subject to the seriousness of the issue raised, the WB Committee can initiate an investigation independently.
- The Committee to which the disclosure has been made shall appropriately and expeditiously investigate all whistle-blower reports received. Every effort will be made to protect the complainant's identity, subject to legal constraints. Malicious allegations by employees may result in disciplinary action.
- In this regard, the Committee, if the circumstances so suggest, may appoint a senior officer or a committee of managerial personnel to investigate into the matter.
- The Committee shall have the right to outline a detailed procedure for an investigation.

B. For filing a Complaint by Whistle-Blower

- No later than 30 days after a current or former employee is notified or becomes aware of an adverse personnel action, he or she may protest the action by filing a written Whistle-Blower complaint with any member of the WB Committee. The Committee on receipt of a Whistleblower complaint shall appoint a senior officer or a committee of managerial personnel to review the complaint.
- Within 45 days of the complaint, the Senior Officer or committee will submit a report to the Delegation or Company's WB Committee. After considering the report, the Committee shall determine the future course of action and may order remedial action.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 2 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ADF FOODS LIMITED** ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, and both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India"

Current / non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

An asset is classified as current when it satisfies any of the following criteria;

- (a) it is expected to be realized in, or is intended for sale or consumption in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;

All other liabilities are classified as non-current.

Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

b. Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) in India requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities, revenues and expenses and disclosures relating to contingent liabilities as at the date of financial statements. Changes in estimates are recognised in the year these arise.

c. Fixed Assets

i) Tangible assets

Tangible fixed assets are carried at cost less accumulated depreciation and impairment, if any. Cost comprises the purchase price or construction cost including any attributable cost of bringing the asset to its working condition for its intended use.

ii) Intangible assets

Intangible fixed assets are carried at cost less accumulated amortization and impairment, if any. The cost comprises the purchase consideration paid for brands and goodwill and any attributable cost of bringing internally generated asset to its working condition for its intended use.

iii) Capital work in progress

Capital work in progress includes the acquisition/commissioning cost of assets under expansion/acquisition and pending commissioning. Expenditure of revenue nature related to such acquisition/expansion is also treated as capital work in progress and capitalized along with the asset on completion of the expansion project or otherwise on commencement of commercial use of the asset.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

d. Depreciation

i) Tangible assets

Depreciation has been provided under the straight-line method on all Fixed Assets at the rates specified as per Schedule II to the Companies Act, 2013 except in case of carboys and pallets where a lower rate of depreciation i.e. five years under straight line method is applied based on technical advice obtained by the company. Depreciation on additions to assets or where any asset has been sold or discarded, is calculated on a pro-rata basis from the date of such addition or up to the date of such sale or discard as the case may be.

ii) Intangible assets

Intangible assets are amortized over a period of 5 years in the case of Goodwill and over a period of 10 years in the case of Brands purchased / acquired.

iii) Leasehold land

Cost of leasehold land is amortized over the balance period of the lease.

iv) Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

e. Valuation of stock

i) In determining cost of raw materials, packing materials, traded items, semi-finished goods, finished goods, stores, spares and consumables, weighted average cost method is used. The cost of inventory comprises of cost of purchase, duties, taxes (other than those subsequently recoverable in tax authorities) and all other cost incurred in bringing the inventory to their present location and condition. Damaged, unserviceable and inert stocks are suitably written down.

ii) Traded goods and finished goods are valued at cost or net realizable value whichever is lower. Cost of finished goods and semi-finished goods includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location.

f. Employee benefits

i) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognised in the period in which the employee render the related services. The Company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered as a liability (accrued expense) after deducting any amount already paid.

ii) Post-employment benefits

(a) Defined contribution plans

Defined contribution plans are Employee Provident Fund scheme and Employee State Insurance scheme for eligible employees. The Company's contribution to defined contribution plans is recognised as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined benefit plans

(i) Compensated absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefits. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for, based on the actuarial valuation using the Projected Unit Credit Method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

(ii) Gratuity scheme

The Company operates defined benefit plan for its employees, viz., gratuity. The cost of providing benefits under these plan are determined on the basis of actuarial valuation at each year-end.

Separate actuarial valuation is carried out for each plan using the Projected Unit Credit Method. Actuarial gains and losses for both defined benefit plans are recognised as expense in the Statement of Profit and Loss.

g. Foreign Currency transactions

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Exchange differences arising on foreign exchange transaction settled during the year are recognised as gains / (losses) in Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding as at the year-end are translated at the closing exchange rate and the resultant gains / (losses) due to exchange differences are recognised in the Statement of Profit and Loss.

Forward contracts, other than those entered to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions, are treated as foreign currency transactions and accounted accordingly as per Accounting Standard 11 ["the effect of changes in foreign exchange rates"]. Exchange differences arising on such contracts are recognised in the period in which they arise.

The premium / discount on a foreign currency forward contract is accounted as expense / income over the period of the contract.

Gains and losses arising on account of roll over / cancellation of forward contracts are recognised as income / expenses of the period in which such rollover / cancellation takes place.

h. Hedging:

The Company has adopted Accounting Standard 30, Financial Instruments; Recognition and Measurement (AS 30) issued by ICAI to the extent the adoption of AS 30 does not conflict with existing Accounting Standards prescribed by Companies (Accounting Standards) Rules, 2006 and other authoritative pronouncements.

Accordingly, the resultant gains or losses or fair valuation / settlement of the derivative contracts covered under Accounting Standard (AS) 30 ["Financial instruments; Recognition and Measurement"] are recognised in the Statement of Profit and Loss or balance sheet as the case may be after applying the test of hedge effectiveness. Where the hedge is effective, the gains or losses are recognised in the "Hedging Reserve" which forms part of "Reserves and Surplus" in the Balance Sheet, while the same is recognised in the Statement of Profit and Loss where the hedge is ineffective. The amount recognised in the "Hedging Reserve" is transferred to the Statement of Profit and Loss in the period in which the underlying Hedge item affects the Statement of Profit and Loss.

i. Revenue recognition

Revenue from sale of goods is recognised on transfer of significant risks and rewards of ownership to the buyer on dispatch of goods and is net of sales return, taxes and excise duty.

Scrap sales are accounted upon sales.

Dividend income is recognised when the right to receive payment is established.

Interest, export benefits and other income are recognised on accrual basis.

j. Research and development

Research and Development costs (other than the cost of fixed assets acquired) are charged as expenses in the year in which these are incurred.

k. Provisions and contingencies

The Company creates a provision when there exist a present obligation as a result of past events and that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

l. Investments

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

m. Lease accounting

i) Where the Company is lessee

Leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

A leased asset is depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower. However, if there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule II to the Companies Act, 2013.

Where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, such leases are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

ii) Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

n. Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed during the period they occur.

o. Government grants and subsidies

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

p. Taxation

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of the timing differences between accounting income and taxable income for the period)

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognised only to that extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date to reassess realization.

q. Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

r. Earnings per share

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity share holders by the weighted average number of equity shares outstanding during the period.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than conversion and potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity share holders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 1(f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the consolidated financial statements for the year ended March 31, 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ADF FOODS LIMITED**(hereinafter referred to as "the Holding Company")and its subsidiary companies which are incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company,its subsidiary companies , which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion on the Holding Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

d. Depreciation

i) **Tangible assets**

Depreciation has been provided under the straight-line method on all Fixed Assets at the rates specified as per Schedule II to the Companies Act, 2013 except in case of carboys and pallets where a lower rate of depreciation i.e. five years under straight line method is applied based on technical advice obtained by the group. Depreciation on additions to assets or where any asset has been sold or discarded, is calculated on a pro-rata basis from the date of such addition or upto the date of such sale or discard as the case may be.

ii) **Intangible assets**

Intangible assets are amortized over a period of five years in the case of Goodwill and over a period of 10 years in the case of Brands purchased / acquired.

iii) **Leasehold land**

Cost of leasehold land is amortized over the balance period of the lease.

iv) **Impairment of Assets**

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the group estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

e. Valuation of stock

i) In determining cost of raw materials, packing materials, traded items, semi-finished goods, finished goods, stores, spares and consumables, weighted average cost method is used. The cost of inventory comprises of costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other cost incurred in bringing the inventory to their present location and condition. Damaged, unserviceable and inert stocks are suitably written down.

ii) Traded goods and finished goods are valued at cost or net realizable value whichever is lower. Cost of finished goods and semi-finished goods includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location.

f. Employee benefits

i) **Short Term Employee Benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognised in the period in which the employee render the related services. The Group recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii) **Post-employment benefits**

(a) **Defined contribution plans**

Defined contribution plans are Employee Provident Fund scheme and Employee State Insurance scheme for eligible employees. The group's contribution to defined contribution plans is recognised as an expense in the Statement of Profit and Loss in the financial year to which they relate.

(b) **Defined benefit plans**

(i) **Compensated absences**

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the Projected Unit Credit Method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

(ii) **Gratuity scheme**

The Group operates defined benefit plan for its employees, viz., gratuity. The cost of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end.

Separate actuarial valuation is carried out for each plan using the Projected Unit Credit Method. Actuarial gains or losses for both defined benefit plans are recognised in full in the period in which they occur in the Statement of Profit and Loss.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

g. Foreign Currency transactions / translations

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in Statement of Profit and Loss for the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding as at the year-end are translated at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss.

In translation, the financial statements of foreign entities for incorporation in the consolidated financial statements, the assets and liabilities are translated at the exchange rate prevailing at the Balance Sheet date of respective subsidiaries and the Income and Expenses item are translated at the average rate of exchange for the year. The resulting exchange differences are classified as 'Foreign Currency Translation Reserve'.

Forward contracts, other than those entered to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions, are treated as foreign currency transactions and accounted accordingly as per Accounting Standard 11 ["the effect of Changes in Foreign Exchange Rates"]. Exchange differences arising on such contracts are recognised in the period in which they arise.

The premium / discount on foreign currency forward contract is accounted as an expense / income over the period of the contract.

Gains or losses arising on account of roll over / cancellation of forward contracts are recognised as income / expenses of the period in which such rollover / cancellation takes place.

h. Hedging:

The Group has adopted Accounting Standard (AS) 30 Financial Instruments, Recognition and Measurement issued by ICAI to the extent the adoption of AS 30 does not conflict with existing Accounting Standards prescribed by Companies (Accounting Standards) Rules, 2006 and other authoritative pronouncements.

Accordingly, the resultant gains or losses or fair valuation / settlement of the derivative contracts covered under Accounting Standard (AS) 30 Financial instruments. Recognition and Measurement are recognised in the Statement of Profit and Loss or Balance Sheet as the case may be after applying the test of hedge effectiveness. Where the hedge is effective, the gains or losses are recognised in the "Hedging Reserve" which forms part of "Reserves and Surplus" in the Balance Sheet, while the same is recognised in the Statement of Profit and Loss where the hedge is ineffective. The amount recognised in the "Hedging Reserve" is transferred to the Statement of Profit and Loss in the period in which the underlying Hedge item affects the Statement of Profit and Loss.

i. Revenue Recognition

Revenue from sale of goods is recognised on transfer of significant risks and rewards of ownership to the buyer on dispatch of goods and is net of sales return, taxes and excise duty.

Scrap sales are accounted upon sales.

Dividend income is recognised when the right to receive payment is established.

Interest, export benefits and other income are recognised on accrual basis.

j. Research and Development

Research and Development costs (other than the cost of fixed assets acquired) are charged as expenses in the year in which these are incurred.

k. Provisions and contingencies

The Group creates a provision when there exists a present obligation as a result of past events and that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

l. Investments

Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary decline in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

m. Lease accounting

i) Where the Group is a lessee:

Leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Lease management fees, legal charges and other initial direct costs of lease are capitalized.

A leased asset is depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower. However, if there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, the capitalized asset is depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule II to the Companies Act, 2013.

Where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, such leases are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

ii) **Where the Group is the Lessor**

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

n. **Borrowing costs**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

o. **Government grants and subsidies**

Grants and subsidies from the government are recognised when there is reasonable assurance that (i) the group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

p. **Taxation**

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of the timing differences between accounting income and taxable income for the period)

The Company has calculated its tax liability after considering Minimum Alternate Tax (MAT).

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date to reassess realization.

q. **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the Financial Statements.

r. **Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity share holders by the weighted average number of equity shares outstanding during the period.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than conversion and potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity share holders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

37. The Group is engaged mainly in the business of manufacturing and exporting food products like pickles, chutneys, ready to eat items, paste and sauces, frozen foods, spices, etc. local and overseas, which is the only business segment of the group. PBFPL is presently under voluntary liquidation process.

Pursuant to a special resolution passed on November 5, 2012 by its members, PBFPL went into the members' voluntary liquidation. In the course of liquidation process, the voluntary liquidator, with the prior approval of the members vide their special resolution dated March 8, 2013, distributed PBFPL's intangible asset - Ashoka brand and part of cash and bank balance to its Shareholders in proportion to their respective shareholding in PBFPL while retaining certain other fixed and current assets to meet its contingent and other liabilities.

By virtue of the above distribution, the Group received Ashoka brand in the financial year 2012-13 (valued at Rs. 2,935.99 lacs by an independent valuer) in lieu of its investment in PBFPL's equity shares of Rs. 2,211.08 lacs. Accordingly, the Group capitalised the said brand in its books at Rs. 2,935.99 lacs in the said financial year after adjusting the same against the investment value of Rs. 2,211.08 lacs and carried the balance of Rs. 724.91 lacs to the credit of the Statement of Profit and Loss as an exceptional item in that year.

During the previous Financial Year, the voluntary liquidator, with the prior approval of the members vide their special resolution dated 10th November 2015, distributed PBFPL's immovable property situated at Sewree, Mumbai and part of cash and bank balance to its Shareholders in proportion to their respective shareholding in PBFPL while retaining certain other current assets to meet with its contingent and other liabilities. The excess value of assets so received over the investment value in Equity Shares of PBFPL has been accounted for in the Consolidated Statement of Profit & Loss under the head exceptional item.

Consequently, the investment in Equity shares of PBFPL stand fully realised. However, pending completion of liquidation process, the group has not surrendered the said shares to the Voluntary liquidator and they have been shown under the head "Investment" at nil value.
