Annexure-2 to the Audit Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Fortune Foods Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.13 Income taxes

Current tax

Provision for income tax is recognised under the taxes payable method based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Indian Income Tax Act, 1961.

Since the company is having carried forward of Depreciation losses, Provision for Income Tax payable is not made in books of accounts.

Deferred tax

Deferred tax expense or credit and the related liabilities or assets are recognised for future tax consequences attributable to the differences between accounting profits and taxable income.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. These assets are reviewed for the appropriateness of their carrying value at each balance sheet date. Deferred tax assets and liabilities are measured using the tax rates that have been enacted or substantially enacted on the Balance Sheet date.

2.14 Earnings per share

The basic and diluted earnings per share is computed by dividing the profit/loss after tax available for equity shareholders by the weighted average number of equity shares outstanding during the reporting period.

2.15 Cash Flow Statement

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company.

Cash and Cash equivalents presented in the Cash Flow Statement consist of cash on hand and unencumbered bank balances.

2.16 Accounting for Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

2.17 Exceptional items

Certain occasions size, type or incidence of an item of income or expense pertaining to ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

Ind AS. The adoption of Ind AS was carried out in accordance with Ind AS 101, using 1 April, 2016 as the transition date. The transition was carried out from Previous GAAP (based on the AS framework) to Ind AS. The effect of adopting Ind AS has been summarized in the reconciliations provided below. Ind AS 101 generally requires full retrospective application of the Standards in force at the first reporting date. However, Ind AS 101 allows certain exemptions in the application of particular Standards to prior periods in order to assist companies with the transition process.

Reconciliations

The accounting policies as stated above in Note 2 have been applied in preparing the financial statements for the year ended 31 March, 2018, the financial statements for the year ending 31 March, 2017 and the preparation of an opening Ind AS statement of financial position as at 1 April, 2016. In preparing its opening Ind AS Balance Sheet and Statement of Profit and Loss for the year ended 31 March, 2017, the Company has adjusted amounts reported in financial statements prepared in accordance with Previous GAAP.

An explanation of how the transition from Previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flow is set out in the following tables.

3.1 Explanation of adjustments within Equity:

The transition from Previous GAAP to Ind AS has no impact on the Equity. However, as per Ind AS 101, Revaluation Surplus is transferred to Retained Earnings on date of transition as revalue cost of PPE as per previous GAAP has been considered as deemed cost.
