### **MANAGEMENT DISCUSSION & ANALYSIS REPORT**

Your Directors are pleased to present before you the Company's Management Discussion and Analysis Report for the year ended on 31.03.2018.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may differ materially from those expressed or implied depending upon global and Indian demand-supply conditions, changes in government regulations, tax regimes and economic developments within India and overseas.

#### **INDUSTRY STRUCTURE AND DEVELOPMENT**

The Dairy Industry plays an important role in the socio-economic development of India. India's production of milk has strongly increased over time with significant technical, policy and institutional support. This led to significant changes in the Indian dairy sector. In fact, the Indian dairy sector has undergone significant structural changes over time and some interesting patterns are unfolding along the milk value chain.

Dairy industry in India is instrumental in providing cheap nutritional food to the vast population of India and also generates huge employment opportunities for people in the rural places. India's dairy industry is largely traditional, local and informal. Milk production is dominated by smallholders. Approximately 78 percent of milk producers are marginal and small farmers and they together contribute around 68 percent to total milk production. This trend holds true more or less across all the states. A series of efforts have been made to promote organized milk marketing in the country and several policy initiatives have been taken to develop formal milk marketing and processing institutions in the country. The Indian foods industry is growing rapidly. The Food Products Export Development Authority (APEDA), under the Ministry of Commerce, is investing a substantial share of its budgeted allocation in promoting technology upgradation and value addition in key segments (rice, wheat, pulses oilseeds, spices, and dairy products among others).

The prospectus of the country's dairy sector is increasingly attractive. The sector's growth is being catalyzed by modern retail format growth, making it possible to stock a large product variety under one roof coupled with customer centric distribution schemes.

#### **QUALITY & FOOD SAFETY POLICY**

The Company's Quality Policy is: -

“Company is committed to manufacture and supply nutritional and safe products to satisfy customer requirements by a motivated team using eco-friendly measures with continual improvement in quality and food safety”

The Company has consistently shown quality improvement with regard to various processes, keeping strict control on deviations. Customer complaints are resolved using laid down systems of quality assurance. Several initiatives are being taken to further improve customer satisfaction in consonance with the Company's quality policy.

---

## **OPPORTUNITIES & THREATS**

Strengths and Opportunities:

- Great potential for export of milk products.
- Established and expanding domestic market for dairy products.
- Increasing demand for fluid milk as well as value added Products.
- By product Utilization for import substitution.
- Huge Employment generation & opportunities for Self employment.
- Liberalized Government policies in dairy sector.
- Availability of large resources of unconventional feeds and fodders for Dairy owners.
- Availability of diverse germ plasm of dairy cattle and buffaloes that have unique features like heat tolerance, disease resistance, draft ability and ability to survive, breed and produce under stress conditions.

Weaknesses and Threats:

- Entry of Multi National Companies manufacturing dairy products in domestic market.
- Increasing chemical contaminants as well as residual antibiotics in milk.
- Poor microbiological quality of milk.
- Incentive on export of quality feed ingredients particularly cakes.
- Deficiency of molasses, a rich source of energy and binding agent in feed industry and constituent of urea molasses mineral lick.
- Excessive grazing pressure on marginal and small community lands resulting in complete degradation of land.
- Extinction of the indigenous breeds of cattle due to indiscriminate use of crossbreeding programmed to enhance milk production.

The liberalization of the Dairy Industry is likely to be exploited by multi-nationals. They will be interested in manufacturing milk products which yield high profits. It will create milk shortage in the country adversely affecting the consumer.

The analysis also shows that the 'strengths' and 'opportunities' far outweigh 'weaknesses' and 'threats'. Strengths & opportunities are fundamental and weaknesses & threats are transitory.

### **SEGMENT WISE / PRODUCT WISE PERFORMANCE**

The Company is primarily engaged in the business of manufacture, purchase and sales of a wide range of Dairy products like ghee, skimmed milk powder, whole milk powder, dairy whitener, lactose and milk. The income from these activities and export of dairy products is not materially significant in financial terms. Accordingly segment information has not been disclosed.

### **OUTLOOK**

The year 2017-18 was marked by demonetization however, the growth in the Indian economy and the Indian Dairy industries sales is expected further increase in 2018 over 2017.

The future growth expected in the domestic Dairy industries will give a fillip to the dairy industry may face stagnation for couple of years after a phenomenon growth in the past. The Indian dairy industry as

whole offers great potential considering the low penetration along with rising income levels and a rapidly growing middle class. These factors will witness a boost in demand for the customers. With the dairy industries fast growing in term of volume.

### **RISK AND CONCERNS**

The major risk and concerns attributed to the performance of the company are:

## **Independent Auditors' Report**

To the members of **KMG MILK FOOD LIMITED**

### **Opinion**

We have audited the accompanying Ind AS financial statements of **KMG MILK FOOD LIMITED** (“**the company**”) which comprise the Balance Sheet as at 31st March, 2018 and the Statement of Profit & Loss (including other comprehensive income), Cash flow Statement and the statement of changes in the equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as “Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the company as at 31<sup>st</sup> March, 2018 and its Statement of Profit & Loss and its cash flow and the statement of changes in the equity for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the code of ethics issued by the Institute of Chartered Accountant of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key Audit matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements of the current period. These matters were addressed in the context of our audit of financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### **Management’s Responsibility for the financial statements**

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibility for Audit of the Financial Statements**

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence economic decisions of users taken on the basis of these financial statements

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

### **Report on Other legal Regulatory Requirements**

**“Annexure B” to the Independent Auditor’s Report of even date on the Financial Statements of KMG Milk Food Limited**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of KMG Milk Food Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
