Refreshing Values

“ Dairy, our flagship business segment clocked a revenue of Rs.1,556 cr in the year 2014 - 15 a 17.14% growth Year-on-Year (Y-o-Y). In the year under review, the revenue contribution of value-added products in the dairy product mix is 20% against 17% in the previous year. This is in sync with our long-term strategy to increase the revenue from value-added products and to capitalise on the growing demand for value-added dairy products in India ”

Dear Fellow Shareholder,

Before taking you to the highlights of the performance of the year under review, I would like to inform you with profound grief, the demise of Dr. A Appa Rao, who served the Board of your Company as Non-Executive Independent Director, early this financial year. He served the Company for 14 long years and contributed significantly to put in place good operational systems. He guided the management in adopting best practices in governance and made significant contributions during Board deliberations. At this juncture, along with my colleagues on the Board, I sincerely appreciate the contributions made by Dr. A Appa Rao, during his tenure with the Company.

The company continues to maintain its growth momentum. I have immense pleasure in informing you that the Financial Year 2014-15 is another milestone in the history of the company and a memorable year for the organization, with gross revenue from operations crossing the Rs. 2,000 cr mark.

The revenue for the year stands at

Rs. 2,073 cr as against Rs. 1,722 cr in the previous year.

In tune with our progressive dividend policy, the Board of Directors have recommended a final dividend of Rs. 3 per share for FY 2014-15.

Another hallmark of this year's performance has been the increase in the store level EBIDTA by 61% on a Y-o-Y basis in our retail business. This is a clear indication of our strategies to turnaround the retail business yielding results. As you may recall, since the last 5 years we have been rationalising the retail business by renegotiating rents, relocating underperforming stores and improving various retail business practices. We continue to expand on the retail business front. The retail carpet area crossed 3 lakhs sq ft during the year to reach a total of 3.38 lakhs sq ft at the end of the year. While we added 22 new stores during the year, we closed 4 underperforming stores as part of our rationalization process. During the year we could also reduce the Stores Fixed Costs by Rs. 20 per sq ft per month.

Dairy, our flagship business segment

clocked a revenue of Rs. 1556 cr in the year - a 17.14% growth. In the year under review, the revenue contribution of value-added product in the dairy products mix is 20% against 17% in the previous year. This is in sync with our long-term strategy to increase the revenue from value-added products and to capitalise on the growing demand for value-added dairy products in India. Going forward we are confident that the value-added dairy product sales will increase its share in the overall dairy revenue.

Today Heritage is a pan-India dairy brand with our footprints in Kerala, Tamil Nadu, Andhra Pradesh, Telangana, Karnataka, Odisha, Maharashtra and NCR Delhi. Commercial production of our 14th Packing Station was commenced on December 26, 2014 at our newly acquired plant at Sonipet, Haryana. This unit comes with 75,000 litres per day capacity to process liquid milk, paneer, pouch and cup curd, buttermilk and lassi. With this new plant, we are able to serve the consumers in and around NCR.

“We have clearly set our targets for 2020 to become a Rs. 6,000 cr (USD 1 Billion) company. While our operational mechanism is gearing up to achieve this goal, our strategies are aimed at increasing the value-added products sales in the dairy business and making a complete turnaround of the retail business by improving margins”

Our Renewed Mission and Values

We remain clear on our long-term strategy to grow branded and value-added products sales, to become more efficient, to reduce risk, to improve the quality of our earnings and to make value enhancing acquisitions and disposals.

We have clearly set our targets for 2020 to become a Rs. 6,000 cr (USD 1 Billion) company. While our operational mechanism is gearing up to achieve this goal, our strategies are aimed at increasing the value-added products sales in the dairy business and making a complete turnaround of the retail business by improving margins.

To strengthen our endeavour towards achieving this goal we have engaged an external consultant to guide us on all aspects of the business which includes rationalization of business operations, opportunity mapping, and business restructuring.

Milk Procurement

Currently we procure milk from over 300,000 farmers in Southern and Western India. Procurement of more milk gives us the strength to grow.

Heritage, therefore increased its milk volume significantly in 2015. Out of 9.69 lakhs liters per day (LLPD) milk procured, AP contributes 51%, Maharashtra 18.5%, Tamil Nadu 17% and Telangana 10%.

Farmer empowerment is inherent in our vision. What makes Heritage attractive for a dairy farmer is that the company over the years, has been handholding farmers for better managing their cattle. This is assisting on optimal feed and animal health and by facilitating animal insurance and dairy farm loans from Banks and Financial Institutions.

Emerging Segments

Agriculture and Bakery segments of the company continued the growth momentum generating a revenue of Rs. 840 Million and Rs. 58 Million respectively.

Let me conclude by thanking all our stakeholders for their continued support.

Regards

Strategic Review

Our key strategies continue to aim at enhancing the value proposition across our business segments. With capex infusion and product and market expansions we have been able to substantially improve our revenue over the years. Along with revenue growth, our long-term plans are to further improve margins by adding value across business segments, products and operations. As an indication of this, we saw retail store level EBIDTA improvement in FY15 and the Value-Added Dairy Product (VADP) sales growth by 33%. VADP which has twice the EBIDTA margins of liquid milk, increased its revenue share in the overall dairy business to 20%. We added 22 new retail stores to strengthen our retail store network. During the year under review, we also made our dairy footprint in NCR Delhi.

The overall dairy business in India is getting consolidated with the entry of MNCs and with large national dairy brands expanding the market. Against this emerging scenario, regional and small dairy firms with limited access to capital, inadequate operational leverage and market reach will find the going tough.

On the contrary, today Heritage is a pan-India dairy brand with milk procurement, processing and distribution network across many states. Our VADP range consists of 22 products processed from our plants and made available to consumers through 1,274 dairy parlours besides General Trade outlets.

In addition to this operational advantage, we are the only dairy company in India with own Modern Retail Format. This

enables us to further increase the customer reach. Last but not least, the key stakeholders in our dairy business are over 300,000 cattle owners, who supply us milk. We handhold them on various animal feed, health and farm development initiatives.

On expansion /capex plans :

Capital expenditure is key to our growth and going forward we would continue to invest for all expansion plans. This primarily includes dairy and retail segments.

Expectations from FY16 and goals for FY16 & beyond:

We expect FY16 to be an encouraging year with continued growth and improvement in margins. Going forward we will increase the Heritage reach and simultaneously expand the range of value-added products.

We will work towards increasing the value-added products sales contribution in the dairy segment from 20% today to 40% in the next 5 years. On the retail front, the goal is to increase the carpet area from the current 3.38 lakhs sq ft to 5 lakhs in the next 3 years.

“We expect FY16 to be an encouraging year with continued growth and improvement in margins. Going forward we will increase the Heritage reach and simultaneously expand the range of value-added products.”

Dairy Business

Heritage is among the largest dairy firms in India. The dairy products sale of Heritage extends across Andhra Pradesh, Telangana, Tamil Nadu, Karnataka, Kerala, Maharashtra, Odisha and Delhi. Known for its high-quality standards, Heritage Milk is consumed by over 11 lakh households in India. Heritage's value-added dairy range of products such as **Curd, Paneer, Ice Cream and Flavoured Milk** have a high brand equity in all its markets. Beyond adding value to its loyal and increasing customer base, Heritage's business model is also akin to adding value to dairy farmers from whom the company has been procuring milk. As an outcome of adding value to the entire dairy value chain, this segment has been growing at a CAGR of 15% between 2010-15.

How we create environment and social value

Conserving energy is akin to our business model. Energy conservation methods and audits are carried out at various levels of our manufacturing process regularly. The Dairy Division of the Company has received the 1st prize, 'National Energy Conservation Award' 2014, in Dairy sector from the Ministry of Power, Govt. of India in December-2014. This is the 4th time that the Company has been recognised with this award (previously the Company won the award, 1st prize in the Year-2012, 2nd prize in the Year-2010 and 1st prize in the Year-2008).

Heritage Foods is committed to co-creating value for over 300,000 dairy farmers from whom we procure milk twice a day. We offer farmers a fair and market-related price and provide them with the most comprehensive farm support service for improving their income.

Significant amount of transformation has taken place in the Indian demographic space, which led to heightened consumer interest in VADPs. Over the last couple of years, this shift in the dynamics of the sector proved beneficial for the company as we added more variants of VADPs in our dairy products mix.

VADP revenue share in the total dairy business has been increasing for Heritage Foods. From a 12 % share in FY13, revenue from over 20 product varieties of VADPs such as curd, ice cream, paneer, lassi, cooking butter etc. has increased to 20 % share in FY15. The company is confident of increasing the total value-added dairy products revenue share to 40 % of the Dairy business in 5 years.

Retail Business

Heritage Fresh chain is designed to meet the needs of the modern Indian consumer. The unique value of our retail outlets is that, it rediscovers the taste of nature every day by bringing in fresh farm and grocery items for consumers.

The unique value proposition of Heritage Retail is built around three key pillars.

A wide range of fresh fruits and vegetables which are directly sourced from the farmers through our integrated pack houses.

“Farmers Pride” under which we offer a full range of staples (rice, pulses, spices and dry fruits) of the highest quality sourced from the best growing areas in the country which also ensures that the customer gets them at the most competitive prices.

“Oven @ Fresh”, our own brand of bakery products includes an extensive range of cakes, pastries, savouries, cookies, sandwiches and salads.

Heritage Retail formats:

Heritage Fresh store – Spread over an average of 3000 sq ft with a merchandise mix which fulfills all the essential home needs of an Indian Kitchen. This includes fresh fruits and vegetables, grocery, processed food, cleaning aids, general merchandise, bakery, dairy, beverages, and frozen food.

Agri Business

1,00,000 Metric Tons of Fruits & Vegetables Sourced from Farmers Every Year

Heritage's Agri segment is a 'farm-to-fork' business model. Objective of this segment is to reduce the cost of Fruits & Vegetables (F&V) by optimizing cost of cultivation and disintermediation. While this model creates benefit to consumers by making available farm fresh F&V at a reasonable price, it adds value to farmers by creating more income through a viable market linkage.

The vertical integration of farm level production, procurement and down stream processing and trade, enables more efficient and effective control of the quality of F&Vs in the retail stores.

Pack Houses :

The company maintains two state of the art integrated pack houses at Mattam in Chittoor district of AP and at Mulugu in Medak district of Telangana state.

The facility comes with Reverse Osmosis (RO) and De-Mineralized Plant (DM)

and Effluent Treatment Plant (ETP). Processing and dispatch areas are fully air conditioned with sorting and grading lines, pre-cooling, short, and long-term humidity controlled storage chambers & ripening chambers.

Dairy Feed

The company supplies cattle feed to dairy farmers and to the other farmers through general trade across South India.

Maize and Other Commodities

Leveraging on the Company's farmer network across south India, we source the best quality maize at competitive prices to supply to various feed mills. The company has infrastructure to store maize for off season requirements.

Bakery Business

Heritage Bakery created its own production facility in Hyderabad for cookies and muffins in 2007. We further continued to expand our menu selections adding delicious brownies, croissants, quiches, sandwiches and signature cakes.

Our menu items are freshly prepared daily and with only the finest ingredients available. Just as you would do at home. We are a “hands on” bakery and café. It’s what sets us apart and keeps our loyal customers coming back.

We are respected today as a leading brand in the bakery and cafe segment of the industry.

Business Review

Your Company has five Divisions in operation in different States in India.

Dairy Business:

With the economic slowdown, most sectors have been struggling and have reported subdued growth in the last couple of years, except the dairy sector, which has witnessed double digit growth with demand for milk and milk products rising in the country.

The Dairy sector shot up 12.6 per cent from a year ago this financial year and is expected to grow at 15.6 per cent in 2015-16 driven by strong sector growth both in demand and prices, continued policy and monetary support from the Centre and an expected improvement in the economy.

Domestic prices of milk have remained firm in 2014-15 despite the collapse of global milk and dairy product prices in 2014. The demand for milk and milk-based products remained high due to changing dietary habits and rising buying power. As a result, dairy products witnessed a steep rise in prices in 2014.

The dairy sector will reap benefits from the federal government's increased focus on dairy development, enhanced availability of quality fodder and promotion of bovine breeding, among other aspects of raising milk productivity.

However, despite being the world's largest milk producer, India is not a significant player in the global dairy market. India's dairy exports have remained slow due to a drop in international prices, sluggish global demand, rising cost of domestic milk production and the abolition of skimmed milk powder export incentives by the government in July 2014.

Although FY16 is likely to open up new export markets for India in view of Russia approaching Indian dairy Companies.

Operation Flood' and other initiatives by, several States and central government to improve the livestock productivity and increase the

availability of quality fodder helped India to become the world's largest milk producer. The milk production is expected to increase to 151 million tonnes by FY16 from 138 million tonnes in FY14.

During the financial year 2014-15, Dairy Division has increased milk Chilling capacity by 35,000 LPD by commissioning of 22 units which includes Bulk mini chilling units, Mini Chilling units, chilling centres and Franchisee Bulk mini chilling units and Franchisee units to increase the milk procurement and to maintain the quality. The Turnover has grown by 17.14% from ₹ 132819.16 Lakhs to ₹ 155585.71 Lakhs.

Retail Division:

Indian Retail sector has been at the helm of India's growth story. The sector accounts for 22% of the gross domestic product (GDP) and contributes to 8% of the total employment. Indian Retail sector continues to grow despite irregular global economic trends. A report has estimated that the total retail sales in India to grow from \$411 billion in 2011 to \$804 billion by 2015. Robust economic growth, high disposable income with the end-consumer and rapid construction of organized retail infrastructure are key factors behind the forecast.

Over the last decade, the Indian Retail industry has grown phenomenally with a remarkable shift towards organized retailing formats. However, more than 90% of the Indian retail sector still falls in the unorganized sector category. While, the market of organized retail segment despite the downturn is growing exponentially as economic growth brings more people into the consuming classes and organized retail lures more shoppers, its share remains at nascent 7.50%. Meanwhile, online retail business, which is relatively a new phenomenon in India, a format, which has high potential for growth in the near future, has share of 0.50%.

As observed in past years, the organized retail space in the first decade of this century was viewed as offering enormous potential for growth in India. However, post FY08 the industry witnessed a sharp moderation in expectations with most retailers across formats facing significant head winds in terms of like-to-like growth and viability of stores. Following the pronounced slowdown, the industry witnessed a modest recovery in FY10. This recovery gathered further momentum in the first three quarters of FY11 and yielded strong double-digit like-to-like growth across most credible retail formats. Consumer sentiment thereafter was impacted in FY12 and continued to be muted till the second quarter of FY14 with high inflation expectations, pronounced interest rates and economic uncertainty being key contributing factors. In the recent quarters consumer sentiment improved, which was seen with retailers reporting an improving trend.

Growing Purchasing Power of Indian Middle Class: This is yet another driving force for the organized retail industry. Most research studies suggest rising incomes in the next decade. This is likely to continue propelling the rise of the middle class whose consumption will become the largest in the country. Therefore, targeting the mid-market seems to offer substantial revenue potential. The number of households with annual income brackets in the range of ₹ 2 lakhs to ₹ 10 lakhs is expected to increase significantly in the next decade.

During the Financial year 2014-15, Retail Division turnover has grown by 30.70% from ₹ 37793 Lakhs to ₹ 49397 Lakhs. The Institutional sales segment achieved sales of ₹ 3049 Lakhs and sales delivered by General Trade FMCG distribution business of ₹ 191 Lakhs. For comparable stores in both the years Retail business has grown by 32.32 %, and also the new stores which are opened this year have delivered more throughput than previous year.

Agri Division:

India has no doubt provided opportunities for multinationals to participate in industrial development with new technologies and resources. However, we cannot neglect agriculture and expect economic progress sans rural development. The opportunities in agri-business are enormous and can be encashed with locally available technologies.

With plenty of labour, land and water resources along with tropical weather conditions, India can compete with other developed countries and capture the global market, with improved agricultural practices and water resources management. These crops can be fruits, vegetables, flowers and medicinal plants having good export market. The surplus land can also be utilised to cultivate crops like maize and sugarcane and the produce can be diverted to industrial production of alcohol, a substitute for imported petroleum. Such industrial products having good demand can provide assured market and remunerative price to the growers.

The farmers should be oriented to make a swift forecast of the demand for various commodities and exploit the opportunities. There is good scope for setting up market outlets to reach the customers without involving middlemen. Business houses can establish a direct link with farmers' organisations for procuring raw materials. Such agencies can support farmers with seeds of improved varieties, finance and other critical inputs for optimising their crop yield.

Your Company, during the year under review apart from the sourcing the fruits & vegetables and custom farming, started the Veterinary care business with an aim to provide the quality feed, fodder and vet medicines to the farmers to increase the productivity of the animals.

Agri Division of your Company had achieved the turnover of ₹ 8400 Lakhs and 52459 MT with respect to Value & Volume. There is an improvement in Volume of 22.49% over the financial year 2013-14.

Bakery Division:

The Bakery division of your Company had achieved the turnover of ₹ 589 Lakhs in financial year 2014-15 against ₹ 366 lakhs in financial year 2013-14.

Renewable Energy Division:

The Renewable Energy Division of your Company strongly committed to extending the 'Green' footprint. In line with this thinking, Company has embarked on a clean Energy initiative with a 2.34 MW Solar Power Project which provides captive power to Dairy Plant in Hyderabad.

Renewable Energy Division of your Company had achieved the turnover of ₹ 257 Lakhs during the year under review.

Management Discussion and Analysis

OVERVIEW OF THE ECONOMY

Indian Economy did well in Financial Year 2014-15, with the four quarters' economic growth numbers at 6.5%, 8.2% and 7.5%, 7.5% respectively. The Government surpassed its own financial target and contained the fiscal deficit at 3.99 percent of Gross Domestic Product (GDP).

According to national accounts data released by Central Statistics Office (CSO), the GDP at current prices is estimated at ₹ 125.41 lakh crore in the financial year ended March 31, 2015. Despite unpredictable headwinds, the global economic recovery is gaining momentum. These winds of positive change have masked the growth divergence among major economies.

Specifically, the recovery in United States was stronger than expected, while performance in Japan and Eurozone has fallen short of expectations. This has resulted in the dollar appreciating vis-à-vis other G7 currencies. The currencies of commodity exporting countries weakened due to fiscal and trade imbalances.

India's economy is poised to return to its high-growth path, thanks to lower fiscal and current account deficits, falling inflation, benign commodity prices, and structural reforms to boost investments. Monetary policy is also likely to be supportive with the Reserve Bank of India (RBI) having moved to flexible inflation targeting. The manufacturing sector is likely to benefit from lower interest rates. The share of investments in Gross Domestic Product (GDP) is at 29% (compared to 33% in 2007) and is expected to pick up. However, productivity and capital efficiency improvement are likely to drive near-term growth.

Review of operation:

Your Company anticipated that the moderation in the growth rates will show steady recovery in the short term and the growth momentum will revive soon. In this new reality and a volatile and uncertain environment, your Company believes in long term profitable and sustainable growth. Your Company maintained a forward looking approach to ensure that it is well prepared to seize new opportunities and handle new challenges with speed. Since the success of your Company depends on the ability of the business to keep understanding the changing environment and to keep adapting its responses in a seamless manner it continued to focus on realigning its initiatives internally and externally. Your Company remained focussed on the principles of continuous excellence to drive efficiencies. Therefore your Company has grown constantly at CAGR of 15%.

Revenue Mix: The Value Added Dairy Products (VADP), whose profit margins are almost double that of the Liquid Milk, have

contributed nearly 20% of Dairy income. VADP is growing at a CAGR of 30% over the last 5 years.

Newer Markets: Successfully set up entire backend Dairy operations in Mumbai and Delhi markets right from procurement of milk from farmers to chilling plant and there from to processing plants and sell in the market. These markets are huge and are witnessing incremental growth.

Technology Excellence: It's the first company to implement ERP Applications of SAP for Dairy division for its business processes across all locations.

Economies of Scale: Retail vertical losses are coming down, thanks to "economies of scale" of operations. With a 32% increase in total trading area to 3.38 lakh sq. ft as against 2.56 lakh sq. ft, EBITDA profits were reported in 4th Quarter of the Financial Year 2014-15. Efforts are on to achieve EBITDA profits for full year during 2015-16

Quality: Has a dedicated quality assurance and product development team. Its infrastructure is backed by ISO 9001, ISO 22000, ISO 18001, ISO 14000 and ISO 14001.

Relationship Marketing: Currently enjoys relationships with as many as nearly 3,00,000 farmers across seven states in India. Facilitating loans for cattle, arranging for cattle insurance, arranging for insurance to farmers, and other few welfare measures undertaken such as: Veterinary treatment and cattle management practices through Heritage Mobile Veterinary Clinic (HMVC).

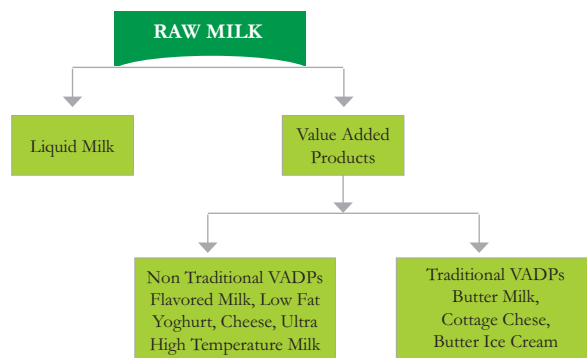

INDUSTRY STRUCTURE AND DEVELOPMENTS

Dairy Industry:

Rising consumption coupled with better margins in the value added dairy products (VADPs) are driving the dairy players to get into the growth and higher profitable trajectory. Change in demographics and rapid urbanization have resulted into manifold surge in the demand for VADPs.

Milk products such as curds which were largely home made products are currently available under various brands. Due to convenience, health benefits and increased consumerism, milk derivatives like buttermilk, low fat yogurt and flavored milk are nowadays a part of regular consumption.

Categorization of the Dairy Products:

For decades, dairy players in India have been engaged in the liquid milk processing activity only. Backed by operation Flood in 1970s, the milk industry in India witnessed the first wave of

development in the milk production which gave India its status of the largest milk producer in the world. This was spearheaded by the 'Co-operative model' which was supported by the Govt. of India. Ownership being with the farmers instilled trust among the member milk producers in the cooperative model, which also ensured transparent returns. In addition, cooperatives also provided various services like cattle vaccination, cattle insurance, artificial insemination, installation of milk coolers at village level etc to improve productivity.

Further, there was minimal involvement of private players in the industry as approximately 80% of the retail price of the liquid milk went back to the farmers leading to low operating margins (4-5%). This was despite the consistent upsurge in the retail prices of the liquid milk. Consequently, the dairy companies were left with insufficient internal funds to plough back into the operations for adoption of modern technologies or development of milk variants.

The above reasons coupled with factors such as evolving tastes and preferences, higher affordability, etc; lead the entities venturing into the VADP segment for better profitability.

Milk production in India is growing substantially year after year as shown in following table.

The growth in Dairy Industry in the West has come to a virtual halt. India is where the action is. The West is currently witnessing a stagnation in growth in dairy space, hence some players are looking at India where there is growth coming in liquid milk in general and in value-add products in particular. The value-add products which include: cheese, curd, ice-cream, and others, have impressive profit margins, unlike the liquid milk, thanks to the factors like, rapid urbanization, change in life styles, and rise in disposable income.

Highlights:

- The milk production in 2000 was at 78mn MT as compared to 140 MT in 2014 and is expected to cross 200 MT mark by 2020.
- According to FAO estimates, the milk production in India accounts for more than 15% of the total world output and 60% of total Asia's production.
- However, 'milk yield per cow' in US and New Zealand is around 11 times and 5 times higher than that of India.
- India is lowest cost producer of per liter of milk in the world, at 45 cents, compared with the U.S' 93 cents, and Japan's \$3.2 dollars.

Presently there are around 80,000 village dairy cooperatives across the country. The co-operative societies are federated into

200 district milk producers unions spread over various State cooperative dairy federations. Milk production gives employment to over 100 Mn dairy farmers.

In terms of total production, India is the leading producer of milk in the world followed by USA. According to FAO estimates, the milk production in India accounts for more than 15% of the total world output and 60% of total Asia's production. The top five milk producing nations in the world are India, USA, Russia, Germany and France.

Current Scenario:

Milk prices are rising due to a shortage in produce, and this is being reflected generally even in the prices of chocolates, milkshakes, ice creams and other milk-based products.

During 2014-15 the procurement prices of milk from farmers have gone up. The Milk production is directly linked to the monsoon and the absence of rains has caused the rise in prices of dairy products. There is a clear shortage of milk, of about 15%. The situation could be like this till we get summer showers over the next few days, milk yield will increase and shortage would reduce.

This apart, the prices of Skimmed Milk Power (SMP) have gone up from ₹ 170/kg last year to ₹ 230/kg. When there is shortage of liquid milk the dairy companies add SMP, hence the dairy companies in India are currently storing SMP.

Retail Industry:

Over the last decade, the Indian retail industry has grown phenomenally with a remarkable shift towards organized retailing formats. However, more than 90% of the Indian retail sector still falls in the unorganized sector category. While, the market of organized retail segment despite the downturn is growing as economic growth brings more people into the consuming classes and organized retail lures more shoppers, its share remains to be at nascent 7.50%. Meanwhile, online retail business, which is relatively a new phenomenon in India, a format, which has high potential for growth in the near future, has share of 0.50%.

At about 60%, food and grocery segment is the highest contributor to the Indian retail market followed by the clothing and fashion segment, which contributes 8%. While unorganized retailing accounts for most of the food and grocery segment, penetration of the organized sector is highest in the clothing and fashion segment at 33%. The Indian retail industry has experienced high growth over the last decade with a noticeable shift towards organized retailing formats. Nevertheless, the entire industry is gradually shifting towards a modern concept of retailing, which is a seamless blend of online and offline formats. This concept is called 'Omni-Channel' retailing, which focuses on employing all kinds of shopping channels like internet, brick and mortar, mobile phone, television, direct mail and radio among many others. Merging the two formats of online and offline retailing is to blend technology with smart merchandising and imbibe community building, customer engagement and targeted marketing in their operations.

The government allows 100% FDI in the business-to-business (B2B) e-commerce segment, which has provided several small and medium manufacturers a platform to sell their products through

market place model. In a market place model, online retailers do not actually stock the products but act as a facilitator for vendors who sell their products through their platform. In turn, the e-retailers get commission for the platform use.

Dairy Business Vertical:

₹ 30,420 Lakh Revenue from Value Added Products	₹ 18,687 Lakh Capital Employed
--	---------------------------------------

The Dairy division accounting for 75% of revenue (₹ 155,585 lakh) is the flagship business vertical for your Company. The Last 3 financial year's revenue of the Company is given below:

The Dairy business vertical has gained strength to strength and notched ₹ 1555 crore for Financial Year 2014-15, up by 17% from Financial Year 2013-14's ₹ 1328 core. The division's contribution to overall Company's business remains high at 75% of out of the Company's topline of ₹ 2073 crore, the rest is contributed by Retail and other business divisions, namely, Agri, Bakery and Renewable Energy verticals. The current capital employed in Dairy vertical is at ₹ 187 crore.

During the year as much as 9.69 lakh liters per day were procured as against 8.33 lakh liters per day during the year before. The VADP continued its strong growth at a Compounded Annual Growth (CAGR) of 32%. The VADP, whose EBITDA margins are almost double that of the Pesteaurised Liquid Milk, increased its share in entire Dairy to 19.5% at ₹ 304 crore.

However, the growth story of VADP could not be reflected in Company's bottomline as one of the raw materials - Skimmed Milk Power (SMP) - prices shot up by 52% over the last 2 years from ₹ 153 a Kg to ₹ 232 per Kg. There was a shortage in domestic market for SMP as Government too had announced an export incentive of 5%. The export incentive was recently withdrawn. SMP is now not only available in the markets but is also witnessing decline in prices.

Retail Business Vertical:

------------------------------	---------------------------------	------------------

3,38,118 Sq.ft Operating Space	₹ 8,877 Lakh Capital Employed
---------------------------------------	--------------------------------------

The last 3 financial year's revenue of the Retail Division is given below:

On the Retail side, the 4th Quarter of Financial Year 2014-15 is indeed a watershed period as the Company has made EBITDA profit for the first time at ₹ 3.20 crore on a revenue of ₹ 134.72 crore. The Company is hopeful of sustaining the growth in retail here after based on the principle of "economies of scale". The losses in Retail inversely fell with a surge in increase in trading area. Over the last couple of years the Retail has witnessed a consolidation as some of the smaller stores (with below 3000 sqft) have been wound up.

The EBITDA losses in Retail for Financial Year 2014-15 were at ₹ 2.3 crore as against ₹ 13.8 crore in Financial Year 2013-14 and ₹ 16.76 crore in Financial Year 2012-13. The Retail division witnessed a 32% increase in total trading area at 3,38,000 sqft in Financial Year 2014-15 as against 2,25,000 sqft in Financial Year 2013-14. The total number of Retail stores at the end of Financial Year 2014-15 stood at 92 as against 74 in Financial Year 2013-14. The current capital employed for Retail business vertical at the Financial Year 2014-15 stood at ₹ 88.77 crore.

Agri & Bakery Business Vertical:

The other business divisions, namely: Agri, Bakery and Renewable Energy verticles whose current turnover is ₹ 84 crore in Agri (on a capital employed of ₹ 31.36 crore), Bakery ₹ 5.89 crore (on a capital employed of ₹ 10.75 crore) and Renewable energy ₹ 2.57 crore (on a capital employed of ₹ 15.88 crore)

The last 3 financial year's revenue of the Agri & Bakery Division are given below:

Renewable Energy Business Vertical:

₹ 257 Lakh Revenue

₹ 1,588 Lakh Capital Employed

Way Forward:

Strong rains in the beginning of the current year, have eased concerns of a lower output in the region. Hence progress of monsoon in India has improved compared to the predictions, bettering prospects for agriculture and putting the economy on a stronger footing. Needless to say this will improve the availability of fodder and supply of milk from dairy farmers.

In the Dairy space, Heritage Foods is looking for incremental growth in newer markets like Mumbai and Delhi. The required backend operations from collecting milk from dairy farmers, moving it to chilling plant, and from there to processing plants, have already been set up. On the Retail side, EBITDA profits were made in 4th Quarter of Financial Year 2014-15. Efforts will be on to improve the trend by adding more space to arrive at profits at PAT level.

FORWARD LOOKING STATEMENTS

Statements in this report describing the Company's objectives, projections, estimates and expectations may constitute "forward looking statements" within the meaning of applicable laws and regulations that involve risks and uncertainties. Such statements represent the intention of the Management and the efforts being put into place by them to achieve certain goals. Actual results might differ materially from those either expressed or implied in the statement depending on the circumstances. Therefore, the investors are requested to make their own independent assessments and judgments by considering all relevant factors before making any investment decision.

Report on Corporate Governance

A. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is an integral part of values, ethics and the best business practices followed by your Company. Your Company's corporate governance framework has helped to be aligned with the new guidelines of the Companies Act, 2013 and Clause 49 of the Listing Agreement as amended from time to time. Your Company believe that an active, well-informed and independent board is necessary to ensure the highest standards of corporate governance. At the Company, the Board of Directors ('the Board') is at the core of your corporate governance practice. The Board thus oversees the Management's ('the Management') functions and protects the long-term interests of the stakeholders.

Your Company's Corporate Governance Framework ensures that making timely disclosures and share accurate information regarding the financials and performance, as well as the leadership and governance of the Company.

Your Company's Corporate Governance Philosophy is based on the following principles:

- Corporate Governance Standards should satisfy both the spirit of the law and the letter of the law
- Ensure transparency and maintain a high level of disclosure
- Clearly distinguish between personal conveniences and corporate resources
- Communicate externally and truthfully, about how the Company is run internally
- Have a simple and transparent corporate structure driven solely by business needs
- The Management is the trustee of the shareholders' capital and not the owner.

Transparency and accountability are the two basic requirements of Corporate Governance. Responsible Corporate conduct is integral to the way the Company do the business. The actions are governed by the values and principles which are reinforced at all levels in your Company. The code of business is reflected in the continued commitments to ethical business practices across the dealings.

Your Company firmly believe that Board independence is essential to bring objectivity and transparency in the management and in the dealings of your Company. As on March 31, 2015, the Board consists of 9 members out of which three members are independent directors.

ETHICS/GOVERNANCE POLICIES

Your Company strive to conduct the business and strengthen the relationship in a manner that is dignified, distinctive and responsible. Your Company adhere to ethical standards to ensure integrity, transparency, independence and accountability in dealing with stakeholders. Therefore, your Company have adopted various codes and policies to

carry out the duties in an ethical manner. Some of these codes and policies are:

- Code of Conduct & Ethics for Board & Senior Management
- Code of Conduct for Fair Disclosure of Unpublished Price Sensitive Information
- Code of Conduct to Regulate, Monitor & Report Trading by Insiders
- Whistle Blower Policy
- Policy on Materiality of Related Party Transactions
- Corporate Social Responsibility Report
- Remuneration policy for Directors, Key Managerial Personnel and other employees
- Board Evaluation Framework
- Policy for determining Material Subsidiaries
- Anti Sexual Harassment Policy
- Risk Management Policy

Appropriate Governance Structure with defined roles and responsibilities:

Your Company has put in place an internal governance structure with defined roles and responsibilities of every constituent of the system. The Company's shareholders appoint the Board of Directors, which in turn governs the Company. The Board has constituted six Committees to discharge its responsibilities in an effective manner. The Company Secretary acts as the Secretary to all the Committees of the Board constituted under the Companies Act, 1956 / Companies Act, 2013. The Chairperson and Vice Chairperson & Managing Director (VC&MD) provide overall direction and guidance to the Board. Concurrently, the VC&MD is responsible for overall implementation. In the operations and functioning of the Company, the VC&MD is assisted by Executive Director & Whole Time Director and a core group of senior level executives.

Board Leadership:

Your Company believes that an enlightened Board consciously creates a culture of leadership to provide a long-term vision and policy approach to improve the quality of governance. The Board's actions and decisions are aligned with the Company's best interests. It is committed to the goal of sustainably elevating the Company's value creation. Your Company has defined guidelines and an established framework for the meetings of the Board and Board Committees. These guidelines seek to systematise the decision-making process at the meeting of the Board and Board Committees in an informed and efficient manner.

The Board critically evaluates your Company's strategic direction, management policies and their effectiveness. The agenda for the Board reviews include strategic review from each of the Board committees, a detailed analysis and review of annual strategic and operating plans and capital allocation and budgets. Additionally, the Board reviews

related party transactions, possible risks and risk mitigation measures, financial reports from the Chief Financial Officer (CFO) and business reports from each of the division heads. Frequent and detailed interaction sets the agenda and provides the strategic roadmap for the Company's future growth.

B. BOARD OF DIRECTORS

Size and composition of the Board

The current policy is to have an appropriate mix of executive, non-executive, independent and women directors to maintain the independence of the Board, and separate its functions of governance and management. As on March 31, 2015, the Board consists of 9 members, three (3) of whom are Non-Executive Independent Directors, three (3) are Non-Executive Directors and three (3) are Executive/ Whole-time Directors. The Board periodically evaluates the need for change in its composition and size.

None of the Directors on the Board is a member of more than 10 Committees and Chairman of more than 5 Committees as specified in Clause 49 of the Listing Agreement, across all the Companies in which he/she is a Director. The Directors have made the necessary disclosures regarding Committee positions during the period under review.

[§] In accordance with Clause 49 of the Listing Agreement, Memberships / Chairmanships of only Audit Committee, Stakeholders Relationship Committee of all Public Limited Companies have been considered.

Selection of Independent Directors

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field/profession and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment as Independent Directors on the Board. The Committee inter alia, considers qualification, positive attributes, area of expertise and number of Directorships and Memberships held in various committees of other Companies by such persons in accordance with the Company's Policy for Selection of Directors and determining Directors' independence. The Board considers the Committee's recommendation and takes appropriate decision.

Familiarisation programmes for Board Members

The Board members are provided with necessary documents/brochures, reports and internal policies to enable them to familiarise with the Company's procedures and practices. Periodic presentations are made at the Board and Board Committee Meetings on business and performance updates of the Company and business strategy. Detailed presentations on the Company's business segments were made at the meetings of the Directors held during the year. Site visits to various plant locations are organized for the Directors to enable them to understand the operations of the Company.

Meetings of Independent Directors

Pursuant to Schedule IV of the Companies Act, 2013 and the Rules made there under, the independent directors of your Company shall hold at least one meeting in a year, without the attendance of non-independent directors and members of the Management. All the independent directors of the Company shall strive to be present at such meetings. The meeting shall review the performance of non-independent directors and the Board as a whole; review the performance of the Chairperson of the Board, taking into account the views of the executive directors and non-executive directors; assess the quality, quantity and timeliness of flow of information between the Management and the Board that is necessary for it to effectively and reasonably perform its duties.

Your Company's Independent Directors meet at least once in every financial year without the presence of Executive Directors or management personnel. Such meetings are conducted to enable Independent Directors to discuss matters pertaining to the Company's affairs and put forth their views to the Board of Director.

One meeting of Independent Directors was held during the year.

Mechanism for evaluating Board Members

One of the key functions of the Board is to monitor and review the board evaluation framework. The Board works

with the nomination and remuneration committee to lay down the evaluation criteria for the performance of executive / non-executive / independent directors. The questionnaire is a key part of the process of reviewing the functioning and effectiveness of the Board and for identifying possible paths for improvement. Each Board member is requested to evaluate the effectiveness of the Board dynamics and relationships, information flow, decision-making of the directors, relationship to stakeholders, company performance, company strategy, and the effectiveness of the whole Board and its various committees on a scale of one to five. Feedback on each director is encouraged to be provided as part of the questionnaire.

Succession planning

The Nomination and Remuneration Committee works with the Board on the leadership succession plan, and also prepares contingency plans for succession in case of any exigencies.

Board compensation policy

The Nomination and Remuneration Committee determines and recommends to the Board the compensation payable to director(s). All Board-level compensation is approved by the shareholders and disclosed separately in the financial statements. Remuneration for the Vice-Chairperson & Managing Director and Executive Director consists of a fixed component and a variable component. The Compensation of the executive directors is approved by the Nomination and Remuneration Committee, and placed before the shareholders at the shareholders' meeting.

The compensation payable to the independent directors is limited to sitting fees for attending the Board & Committee meeting(s), only as approved by the Board & shareholders, as per the provisions of the Companies Act, 2013. The performance of the independent directors is reviewed by the Board on an annual basis.

BOARD MEETINGS

Scheduling and selection of agenda items for Board meetings

The tentative dates for Board meetings in the ensuing year are decided in advance and published as part of the Annual Report. The Non-executive Chairman of the Board and the Company Secretary, draft the agenda for each meeting, along with explanatory notes, in consultation with the VC&MD, and distribute these in advance to the Directors. Every Board member can suggest the inclusion of additional items in the agenda. The Board meets at least once a quarter to review the quarterly results and other items on the agenda. Additional meetings are held when necessary. Independent directors are expected to attend at least four Board meetings in a year. Five Board meetings were held during the year ended March 31, 2015. These were held on 23rd May 2014, 30th July 2014, 20th October 2014, 30th January 2015 and 25th March 2015.

The Company successfully completed the process of obtaining approval of its shareholders for special resolutions on the items detailed above, vide postal ballot.

Mrs Savita Jyothi, Practicing Company Secretary was appointed as the scrutinizer for carrying out the postal ballot process in a fair and transparent manner.

Procedure for postal ballot

In compliance with Clause 35B of the Listing Agreement and Sections 108, 110 and other applicable provisions of the Companies Act, 2013, read with the related Rules, the Company provides electronic voting facility to all its members, to enable them to cast their votes electronically. The Company engages the services of Karvy Computers Share Pvt. Ltd., Hyderabad for the purpose of providing e-voting facility to all its members. The members have the option to vote either by physical ballot or e-voting.

The Company dispatches the postal ballot notices and forms along with postage prepaid business reply envelopes to its members whose names appear on the register of members / list of beneficiaries as on a cut-off date. The postal ballot notice is sent to members in electronic form to the email addresses registered with their depository participants (in case of electronic shareholding) / the Company's registrar and share transfer agents (in case of physical shareholding). The Company also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the Act and applicable Rules.

Voting rights are reckoned on the paid-up value of the shares registered in the names of the members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms are requested to return the forms duly

completed and signed, to the scrutinizer on or before the close of voting period. Members desiring to exercise their votes by electronic mode are requested to vote before close of business hours on the last date of e-voting.

The scrutinizer submits her report to the Chairperson of the Company, after the completion of scrutiny, and the consolidated results of the voting by postal ballot are then announced by the Chairperson. The results are published in the newspapers and also displayed on the website of the Company, i.e., www.heritagefoods.in, besides being communicated to the stock exchanges, registrar and share transfer agent. The date of declaration of the results by the Company is deemed to be the date of passing of the resolutions.

Auditor's Certificate on Corporate Governance

To
The Members of
HERITAGE FOODS LIMITED
(Formerly known as Heritage Foods (India) Limited)
HYDERABAD.

We have examined the compliance of conditions of Corporate Governance by **HERITAGE FOODS LIMITED** for the year ended on 31st March, 2015 as stipulated in clause 49 of the listing agreement of the said Company with Stock Exchanges in India.

The Compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the Compliance of the conditions of corporate Governance. It is neither an audit nor an expression of opinion on the financial statement of the Company.

In our opinion and to the best of information and explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing agreement.

We state that in respect of investor grievances received during the year ended 31st March, 2015, no investor grievances are pending against the Company for a period exceeding one month as per records maintained by the Company which are presented to the Shareholders/investors grievance committee.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To

The Members of

HERITAGE FOODS LIMITED

(Formerly Known as Heritage Foods (India) Limited)

Report on the Financial Statements:

We have audited the accompanying standalone financial statements of **Heritage Foods Limited**, which comprise the Balance Sheet as at 31st March, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements:

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial

statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- i) in the case of the standalone Balance Sheet, state of affairs of the company as at 31 March 2015;
- ii) in the case of the standalone Statement of Profit and Loss, profit of the company for the year ended on that date; and
- iii) in the case of the standalone Cash Flow Statement, cash flows of the company for the year ended on that date.

Report on Other Legal and Regulatory Requirements:

As required by 'the Companies (Auditor's Report) Order, 2015', issued by the Central Government of India in terms of sub-section (II) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position, except as listed in the notes to accounts (note: 29).
 - ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure to the Auditor's Report

The Annexure referred to in our Report of even date to the members of Heritage Foods Limited on the accounts of the company for the year ended 31st March, 2015.

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) These fixed assets have been physically verified by the management during the year and discrepancies noticed on such verification have been properly dealt with in the books of account. In our opinion, the frequency of verification is reasonable having regard to the size of the company and the nature of the assets.
- (c) No substantial part of fixed assets has been disposed off during the year.
- ii. (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- iii. The company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act.

- (c) The amount required to be transferred to Investor Education and Protection Fund has been transferred within the stipulated time in accordance with the provisions of the Companies Act, 2013 (Companies Act, 1956) and the rules made there under.
- viii. The company does not have any accumulated losses as at the end of the financial year under reference and the company has not incurred cash loss in the financial year under reference and in the financial year immediately preceding such financial year.
- ix. The Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders as at the balance sheet date.
- x. The company has not given any guarantee for loans taken by others from banks or financial institutions.
- xi. In our opinion, the term loans taken by the Company were applied for the purpose for which they were obtained.

- iv. In our opinion and according to the information and explanations given to us, considering the size of the company and nature of business of various divisions of the company with regard to purchase of inventory and fixed assets and with regard to sale of goods and services, the internal control system commensurate with the size of the company and nature of its business. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73 and 74 of the Act and the rules framed there under to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) The company is regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues with the appropriate authorities. There are no undisputed statutory dues outstanding for more than six months as on 31.3.2015.
- b) According to the information and explanations given to us, following are the disputed dues relating to income tax, wealth tax, cess and sales tax, which have not been deposited as at 31st march, 2015

- xii. Based on the audit procedures performed and the information and explanations given to us, we have neither come across any instance of material fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

Significant Accounting Policies and Notes on Accounts

1. Significant Accounting Policies

1.1. Basis of Preparation of financial statements

The financial statements of the Company have been prepared under the historical cost convention and on accrual basis in accordance with Indian Generally Accepted Accounting Principles, applicable provisions of Companies Act, 2013, and as per the Accounting standards specified under section 133 of the Companies Act, 2013 read with rule 7 of Companies (Accounts) Rules 2014. The Financial statements have been prepared as per the schedule III of Companies Act, 2013.

1.2 Changes in Accounting Policies

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use or for the purpose of better presentation of financial statements. Management evaluates all recently issued or revised Accounting Standards on an ongoing basis and accordingly changes the Accounting policies as applicable.

1.3 Use of estimates

The preparation of financial statements is in conformity with Indian GAAP which requires management to make judgments, estimates and assumptions that affect the reported balances of assets, liabilities, income and expenses the disclosures of contingent liabilities at the end of reporting period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from operations includes revenue from sale of products, services and other operating revenue.

Revenue from sales of products: Revenue from sale of products is recognized when all the significant risks and rewards of ownership of products have been passed to the buyer, usually on delivery of the products. The revenue from sale of products is inclusive of Excise duty and net of discounts, value added taxes and sales tax.

With respect to Renewable Energy business, Revenue from Power supply and transmission charges are accounted for on

the basis of billing to other divisions under inter-segment and includes unbilled revenues accrued up to the end of the accounting period. The inter-segment revenue is based on arms length price under comparable uncontrolled price (CUP) method as per the Specified Domestic Transfer Pricing regulations. Revenue from sale of Renewable Energy Certificates is recognized at the time of sale.

Interest Income: Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Dividend Income: Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

1.5 Fixed Assets

Tangible Assets: Tangible Assets are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price (net of discounts and rebates), borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition and location for the intended use.

Subsequent expenditure related to an item of fixed assets is added to its book value only if it increases the future economic benefits from the existing assets beyond its previously assessed standard of performance.

Intangible Assets: Intangible assets that are acquired are recognized at cost initially and carried at cost less accumulated amortization and accumulated impairment loss, if any.

Capital Work-in-Progress: Capital work-in-progress is recognized at cost. It comprises of fixed assets that are not yet ready for their intended use at the reporting date and capital stores issued

Gain or loss arising from de-recognition of fixed assets (tangible and intangible) are measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss when the asset is de-recognized.

1.6 Depreciation and Amortization

Depreciation on Tangible Assets: Depreciation on tangible assets is provided on the basis of straight line method at the rates and in the manner prescribed in Schedule II of the Companies Act, 2013 except in respect of the following assets where useful life is different from than those described in Schedule II

Plant and Machinery: Depreciation on Plant and Machinery is provided on the basis of straight line method based on the useful life ranging from 1 to 20 years. Useful life of each asset is determined based on internal and external technical evaluation.

Improvements to leasehold property : Depreciation on Improvements to leasehold property is provided over a period of lease.

Depreciation on assets which are commissioned during the year is charged on pro-rata basis from the date of commissioning.

Depreciation in respect of its Renewable Energy business is provided on straight line method and at rates / methodology prescribed under the relevant Central Electricity Regulatory Commission (CERC) regulations.

Amortization on Intangible Assets : Intangible assets are amortized over their respective individual estimated useful lives not exceeding five years on a straight-line basis in the manner as prescribed in the Schedule II of the Companies Act, 2013.

1.7 Borrowing Cost

Borrowing cost directly attributable to the acquisition, construction or production of qualifying assets, till the time such assets are ready for intended use, are capitalized as part of the cost of such assets as defined in Accounting Standard (AS-16) on "Borrowing Costs". Other Borrowing costs are recognized as expenses in the year in which they are incurred.

Borrowing cost includes interest, amortization of ancillary cost incurred in connection with arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

1.8 Impairment of Fixed assets

An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value and the resultant impairment loss is charged to profit and loss account in the year in which impairment is identified. Impairment loss of earlier years is reversed in the event of the estimated recoverable amount is higher.

1.9 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date of such investments are classified as current investments. Current investments are carried at the lower of cost and fair value of each investment individually. All other investments are classified as long-term investments which are carried at cost less provisions for decline (if any), other than temporary, in the carrying value of each investment.

1.10 Government Grants

The investment subsidies (Non-refundable) received from Government in lieu of promoters contribution are treated as capital reserve. Subsidies received towards acquisition of assets are treated as deferred Government grants and the amount in proportion to the depreciation is transferred to statement of profit and loss.

1.11 Employee Retirement Benefits

Provident Fund : Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund administered by the Central Government under the Provident Fund Act, 1952, are charged to the statement of profit and loss for the year in which the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

Gratuity : Accrued liability is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided in accounts as per AS-15

Leave Encashment : Accrued liability for leave encashment including sick leave is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided in accounts as per AS-15.

1.12 Foreign Exchange transactions :

Transactions made during the year in foreign currency are recorded at the exchange rate prevailing at the time of transaction. Foreign currency monetary items remaining unsettled at the year end are translated at the contract rates, when covered by firm commitment forward cover contracts and at the year end rates in other cases. Gains and losses on foreign currency transactions are recognized in the profit and loss account as per AS-11.

1.13 Leases

Operating leases (Lessee): The Company has taken properties on operating lease, Civil works and other improvements of enduring nature are capitalized. Operating lease payments for properties and other assets are recognized as an expense in the statement of profit and loss on a straight line basis over the term of the lease.

1.14 Inventories

Inventories are valued as under

Independent Auditor's Report

To The Members of **HERITAGE FOODS LIMITED**

(Formerly known as Heritage Foods (India) Limited)

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of HERITAGE FOODS LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, comprising of the Consolidated Balance Sheet as at 31st March, 2015, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group and its Associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those

Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- i) in the case of the consolidated Balance Sheet, state of affairs of the Group and its associate as at 31 March 2015;
- ii) in the case of the consolidated Statement of Profit and Loss, profit of the Group and its associate for the year ended on that date; and
- iii) in the case of the consolidated Cash Flow Statement, cash flows of the Group and its associate for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' reports of the Holding company, subsidiary companies and associate company incorporated in India, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, associate companies and jointly controlled companies incorporated in India, none of the directors of the Group companies and its associate companies incorporated in India is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- There were no pending litigations which would impact the consolidated financial position of the Group and its associate, except as listed in note no.29 of holding company's financial statements.
 - The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies and associate company

Annexure to the Auditor's Report

The Annexure referred to in our Report of even date to the members of Heritage Foods Limited on the accounts of the Group for the year ended 31st March, 2015.

- i. (a) The Group and associate are maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) These fixed assets have been physically verified by the management during the year and discrepancies noticed on such verification have been properly dealt with in the books of account. In our opinion, the frequency of verification is reasonable having regard to the size of the group and associate and the nature of the assets.
- c) No substantial part of fixed assets has been disposed off during the year.
- ii. (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Group and associate and the nature of its business.
- (c) The Group and associate are maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- iii. The Group and associate has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act.
- iv. In our opinion and according to the information and explanations given to us, considering the size of the group and associate and nature of business of various divisions

of the Group and associate with regard to purchase of inventory and fixed assets and with regard to sale of goods and services, the internal control system is commensurate with the size of the Group and associate and nature of its business. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.

- v. The group and associate have not accepted any deposits from the public within the meaning of Sections 73 and 74 of the Act and the rules framed there under to the extent notified.
- vi. We have broadly reviewed the books of account maintained by the holding company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been specified under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete. In case subsidiaries and associate maintenance of cost records as referred above is not applicable.
- vii. (a) The Group and associate is regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues with the appropriate authorities. There are no undisputed statutory dues outstanding for more than six months as on 31.3.2015.
- b) According to the information and explanations given to us, following are the disputed dues relating to income tax, wealth tax, cess and sales tax, which have not been deposited as at 31st march, 2015

Nature of Statute	Nature of Dispute	Amount (₹ In Lakhs)	Period to which the amounts relate (A.Y)	Forum where the dispute is pending

Significant Accounting Policies and Notes on Accounts

1. Significant Accounting Policies

1.1 Basis of Preparation of Consolidated financial statements

The consolidated financial statements of Heritage Foods Limited (referred to as “the Company”) and its Subsidiaries Heritage Foods Retail Limited, Heritage Conpro Limited (collectively referred to as “the Group”) have been prepared under the historical cost convention and on the accrual basis of accounting in accordance with Indian Generally Accepted Accounting Principles, applicable provisions of Companies Act, 2013, and as per the Accounting standards specified under section 133 of the Companies Act, 2013 read with rule 7 of Companies (Accounts) Rules 2014. The Financials have been prepared as per the schedule III of Companies Act, 2013.

1.2 Principles of Consolidation: The consolidated Financial Statements have been prepared on the following basis:

- The Financial Statements of the Company and its Subsidiaries have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses.
- Intra group balances and intra group transactions and resulting unrealized profits are eliminated in full. Unrealized losses resulting from such transactions are also eliminated unless cost cannot be recovered.
- Minority Interest's share of net profit/loss of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- Minority Interest's share of net assets of consolidated subsidiaries as on March 31, 2015 is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.
- Unrealized profits and losses resulting from transactions between the Company and the Associate are eliminated to the extent of the Company's interest in the associate.

The Subsidiaries / Associates considered in the Consolidated Financial Statements are :

Company status / Name	Country of Incorporation	Ownership interest / % voting power held as at March 31, 2015	Ownership interest / % voting power held as at March 31, 2014
i) Subsidiary:			
a) Heritage Foods Retail Limited	India	99.64%	99.64%
b) Heritage Conpro Limited	India	75.70%	75.70%
ii) Associate:			
a) SKIL Raigam Power (India) Limited	India	44.83%	44.83%

1.3 Changes in Accounting Policies

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use or for the purpose of better presentation of financial statements. Management evaluates all recently issued or revised Accounting Standards on an ongoing basis and accordingly changes the Accounting policies as applicable.

1.4 Use of estimates

The preparation of financial statements is in conformity with Indian GAAP which requires management to make judgments, estimates and assumptions that affect the reported balances of assets, liabilities, income and expenses along with the disclosures of contingent liabilities at the end of reporting period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate

changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in financial statements in the period in which changes are made and, if material, its effects are disclosed in the notes to the financial statements.

1.5 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from operations includes revenue from sale of products, services and other operating revenue.

Revenue from sales of products: Revenue from sale of products is recognized when all the significant risks and rewards of ownership of products have been passed to the buyer, usually on delivery of the products. The revenue from sale of products is inclusive of Excise duty and net of discounts, value added taxes and sales tax.

With respect to Renewable Energy business, Revenue from Power supply and transmission charges are accounted for on the basis of billing to other divisions under inter-segment and includes unbilled revenues accrued up to the end of the accounting period. The inter-segment revenue is based on arms length price under comparable uncontrolled price (CUP) method as per the Specified Domestic Transfer Pricing regulations. Revenue from sale of Renewable Energy Certificates is recognized at the time of sale.

Interest Income : Interest is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Dividend Income : Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

1.6 Fixed Assets

Tangible Assets: Tangible Assets are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price (net of discounts and rebates), borrowing costs if capitalization criteria are met and any attributable cost of bringing the asset to its working condition and location for the intended use.

Subsequent expenditure related to an item of fixed assets is added to its book value only if it increases the future economic benefits from the existing assets beyond its previously assessed standard of performance.

Intangible Assets: Intangible assets that are acquired are recognized at cost initially and carried at cost less accumulated amortization and accumulated impairment loss, if any.

Capital Work-in-Progress : Capital work-in-progress is recognized at cost. It comprises of fixed assets that are not yet ready for their intended use at the reporting date and capital stores issued.

Gain or loss arising from de-recognition of fixed assets (tangible and intangible) are measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss when the asset is de-recognized.

1.7 Depreciation and Amortization

Depreciation on Tangible Assets: Depreciation on tangible assets is provided on the basis of straight line method at the rates and in the manner prescribed in Schedule II of the Companies Act, 2013 except in respect of the following assets where useful life is different from than those described in Schedule II

Plant and Machinery : Depreciation on Plant and Machinery is provided on the basis of straight line method based on the useful life ranging from 1 to 20 years. Useful life of each assets is determined based on internal and external technical evaluation.

Improvements to leasehold property : Depreciation on Improvements to leasehold property is provided over a period of lease.

Depreciation on assets which are commissioned during the year is charged on pro-rata basis from the date of commissioning.

Depreciation in respect of its Renewable Energy business is provided on straight line method and at rates / methodology prescribed under the relevant Central Electricity Regulatory Commission (CERC) regulations.

Amortization on Intangible Assets : Intangible assets are amortized over their respective individual estimated useful lives not exceeding five years on a straight-line basis in the manner as prescribed in the Schedule II of the Companies Act, 2013.

1.8 Borrowing Cost

Borrowing cost directly attributable to the acquisition, construction or production of qualifying assets, till the time such assets are ready for intended use, are capitalized as part of the cost of such assets as defined in Accounting Standard (AS-16) on "Borrowing Costs". Other Borrowing costs are recognized as expenses in the year in which they are incurred.

Borrowing cost includes interest, amortization of ancillary cost incurred in connection with arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

1.9 Impairment of Fixed assets

An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value and the resultant impairment loss is charged to profit and loss account in the year in which impairment is identified. Impairment loss of earlier years is reversed in the event of the estimated recoverable amount is higher.

1.10 Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date of such investments are classified as current investments. Current investments are carried at the lower of cost and fair value of each investment individually. All other investments are classified as long-term investments which are carried at cost less provisions for decline (if any), other than temporary, in the carrying value of each investment.

1.11 Government Grants

The investment subsidies (Non-refundable) received from Government in lieu of promoters contribution are treated as capital reserve. Subsidies received towards acquisition of assets are treated as deferred Government grants and the amount in proportion to the depreciation is transferred to statement of profit and loss.

1.12 Employee Retirement Benefits

Provident Fund : Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund administered by the Central Government under the Provident Fund Act, 1952, are charged to the statement of profit and loss for the year in which the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

Gratuity : Accrued liability is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided in accounts as per AS-15

Leave Encashment : Accrued liability for leave encashment including sick leave is determined on actuarial valuation basis using Projected Unit Credit (PUC) Method at the end of the year and provided in accounts as per AS-15.

1.15 Inventories : Inventories are valued as under

S. No.	Particulars	Valuation	Method
1	Raw Materials	Cost or net realizable value whichever is lower	Cost has been ascertained on FIFO basis
2	Finished Goods	Cost or net realizable value whichever is lower	Cost has been ascertained on FIFO basis
3	Stores, Spares and Consumables	at cost	Cost has been ascertained on FIFO basis
4	Work- in- progress	Cost or net realizable value whichever is lower	Cost has been ascertained on FIFO basis
5	Tradable Goods	Cost or net realizable value whichever is lower	Cost has been ascertained on moving weighted average basis
6	Packing Material	at cost	Cost has been ascertained on FIFO basis

1.16 Taxes on Income

Income Taxes are accounted for in accordance with Accounting Standard (AS-22) on “ Accounting for Taxes on Income”. Income tax expenses comprises current tax (i.e., amount of tax for the period determined in accordance with the Income Tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax liability / assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realized. Taxes on distributed profits payable in accordance with the Guidance note on “Accounting for Corporate Dividend Tax” regarded as a tax on distribution of profits and is not considered in determination of profits for the year. MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal tax during the specific period.

1.13 Foreign Exchange transactions :

Transactions made during the year in foreign currency are recorded at the exchange rate prevailing at the time of transaction. Foreign currency monetary items remaining unsettled at the year end are translated at the contract rates, when covered by firm commitment forward cover contracts and at the year end rates in other cases. Gains and losses on foreign currency transactions are recognized in the profit and loss account as per AS-11.

1.14 Leases

Operating leases (Lessee): The Company has taken properties on operating lease, Civil works and other improvements of enduring nature are capitalized. Operating lease payments for properties and other assets are recognized as an expense in the statement of profit and loss on a straight line basis over the term of the lease.

1.17 Cash flow statement

The cash flow statement is prepared as per the “Indirect Method” set out in Accounting Standard (AS-3) “Cash Flow Statements” and presents the cash flows by operating, financing and investing activities of the Company. Operating cash flows are arrived by adjusting profit or loss before tax for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

1.18 Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, cash at bank, cash on deposits with banks.

1.19 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity

shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

1.20 Segment Reporting

The Company is engaged in Dairy, Retail, Agri, Bakery and Renewable Energy businesses which are identified as reportable segments as per the Accounting Standard (AS-17) –“Segment Reporting”. The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

The Company accounts for inter-segment sales and transfers at cost plus appropriate margins. Allocation of common allocable costs allocated to each segment according to the relative contribution of each segment to the total common costs.

1.21 Provisions

Provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the year end. These estimates are reviewed at each year end and adjusted to reflect the current best estimates.

1.22 Contingent Liabilities

Contingent liabilities are identified and disclosed as per the requirements of “Accounting Standard AS-29”.
