We have audited internal financial controls over financial reporting of NIWAS SPINNING MILLS LIMITED ("The Company") as of March 31, 2016 in conjunction with our audit of the Financial statements of the Company for the year then ended on the date.

Management's Responsibilities for the Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). The responsibilities includes design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of business, including adherence to Company's policies, the safeguarding of the assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsiblity

Our responsibility is to express an opinion on Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and Guidance note require that we comply with ethical requirements and plan and perform audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedure to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedure that:

- 1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2. Provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with the generally accepted accounting principles, and the receipts and expenditures of the Company are being made only in accordance with authorization of management and the directors of the Company; and
- 3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management overrides of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material aspects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2016

1. SIGNIFICANT ACCOUNTING POLICIES:

1.1 Basis for preparation of financial statements

The financial statements have been prepared and presented under the historical cost convention on accrual basis of accounting and in accordance with the Generally Accepted Accounting Principles (GAAP) in India. GAAP includes Accounting Standards (AS) noticed by the Government of India under Section 133 of the Companies Act, 2013, provisions of the Companies Act, 2013, pronouncements of Institute of Chartered Accountants of India and guidelines issued by Securities and Exchange Board of India (SEBI). The Company has presented financial statements as per format prescribed by Revised Schedule III, notified under the Companies Act, 2013, issued by Ministry of Corporate Affairs. Except where otherwise stated, the accounting policies are consistently applied.

1.2 Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make assumptions, critical judgements and estimates, which it believes are reasonable under the circumstances that affect the reported amounts of assets, liabilities and contingent liabilities on the date of financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Difference between the actual results and estimates are recognized in the period in which the results are known or materialize.

1.3 Fixed assets, depreciation and amortization Tangible assets:
