MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Developments:

The Government of India is keenly interested in promoting the Brand “Made in India” in global market. As the textile industry is the second largest sector of economy in providing employment opportunities, the Government is committed to the growth and betterment of this sector.

The Government is also supporting this expansion mood by way of Textile Park Scheme, wherein the Government is providing capital subsidy for such park upto 40% on the total infrastructure facilities in Textile parks.

With the phasing out of Multi Fiber Agreement (MFA) from 1st January, 2005, which had imposed quota regime on Indian Textile Exports, it has opened the way for the most competitive developing countries to develop stronger clusters of textile. The infusion of fresh capital in this sector has been evidence by numerous companies setting up projects for spinning, weaving, processing, embroidery and garments and by way of various public issues of companies engaged in this line of business. The Companies are also expanding their line of operation by way of forward and backward integration of production facilities. The healthy capital market conditions, with series of ‘bull run’ on bourses, have boosted the dreams of Indian Textile industry to attain new heights in textile manufacturing and export.

In the liberalized post quota period, India has emerged as a major sourcing destination for buyers from all over the globe. As a measure of growing interest in the Indian textiles and clothing sector, a number of reputed houses opened their sourcing / liaison office in India. These include Marks and Spencer, Haggar Clothing, Kellwood, Little Label, Boules Trading Company, Castle, Alster International, Quest Apparel Inc., etc. Commercially the buoyant retailers across the world are looking for options of increasing their sourcing from the Indian markets. Indian manufacturers are also proactively working towards enhancing their capacities to fulfil this increased demand.

Opportunities and Threats:

The imminent opening up of the export markets without the fetters of the quota system, the strong demand for fabrics from the garment sector and the slew of policy initiatives by the government to revitalize the industry are key factors that have led to a more favorable business environment and enhanced investor interest.

The removal of mandatory duty on pure cotton will lead to increased transparency especially in the cotton yarn market. Tax compliant mills will now have a fair deal in the market as against Tax evading/exempted mills.

The opening of the doors of World markets by desalting of quotas by January 2005 is a tremendous opportunity for cost-effective and quality producers although China is expected to offer stiff competition in order to reap the opportunities.

Segment-wise or product-wise performance:

The Company's main business Segment is Textile Processing but in the year 2004-05 the Company has enter into a new segment of Power generation by installing Wind turbine of 1.25 MW in Dhule Maharashtra. Again in the year 2005-06 Company has installed 8 WTG of 0.25 MW each (total 2.00 MW) in NetturTamilnadu. Presently power generated through Wind is being sold to Maharashtra State Electricity Distribution Corporation and Tamilnadu Electricity Board. The Turnover and Profit figures of both the segments are shown separately in Notes to Accounts.

The geographical segment is India.

Outlook:

The Company is proactively responding to the changing business environment and is confident of sustaining its market share by improving competitive position in the market. The overall business outlook for the Company is promising with improvement in overall economic environment. Efforts towards higher operational efficiencies shall continue.

The Company continues to examine the possibilities of expansion and will make the necessary investments when attractive opportunities arise.

Risks and Concerns:

The Company continues to remain focused on its core competence product i.e. textile products. Competition in the market place continues to have an impact on the Company's operational performance and also exerts pressure on the margins.

Internal Control Systems and their adequacy:

The Company's operating and business control procedures have been framed in order that they ensure efficient use of resources and comply with the procedures and regulatory requirements. The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and that transaction are authorized, recorded and reported correctly.

Discussions on financial performance with respect to operational performance:

Inspite of the adverse effect of increase in input cost, your company has achieved growth of 12.76%% in turnover and 269.13% in operational profits in comparison to previous year.

We have audited the internal financial controls over financial reporting of **DHANLAXMI FABRICS LIMITED** (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

CONSOLIDATED FINANCIAL STATEMENTS

CONSOLIDATED AUDITORS' REPORT

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”) .

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended as of March 31, 2016 ,we have audited the internal financial controls over financial reporting of Dhanlaxmi Fabrics Limited (“the Holding Company”) and its subsidiary companies which are companies incorporated in India as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes

CONSOLIDATED FINANCIAL STATEMENTS

CONSOLIDATED AUDITORS' REPORT

those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
