The Company is not carrying out any manufacturing operations and has substantial accumulated losses. The net worth of the Company is fully eroded due to accumulated losses. Therefore, your Directors are not able to comment anything substantive through this report.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS & OPPORTUNITIES AND THREATS

The packaging segment in India is an amalgamation of both organized and unorganized players ranging from very small players with limited presence to big players with large market share. Demand for this segment is anticipated to grow rapidly across all the players. Also there is an increasing focus on innovative and cost effective packaging materials.

Packaging sales in the emerging markets are expected to continue to show strong growth as both increased consumption and demand for consumer goods drives the need for more sophisticated packaging, due to a growing middle class. Thus, the industry players are keeping in track with the changing trends in packaging and making efforts to capture the market with higher technology orientation.

2. OUTLOOK

Indian plastics industry is emerging as one of the fastest growing global markets with 12% growth rate. By 2020, plastics consumption of the country is expected to increase from the current 12 million metric tonnes per annum (MMTPA) to 20 MMTPA. The centre of gravity is rapidly shifting to India as the country offers huge opportunities for the global plastics industry. India is the world's next plastic destination by virtue of both, its sheer size and tremendous growing domestic demand.

INDEPENDENT AUDITORS' REPORT

To,

The members of

Ayepee Lamitubes Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **Ayepee Lamitubes Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, Cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended, and other accounting principles generally accepted in India.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the order issued under section 143(11) of the Act.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment,

including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the Ind AS financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Basis for Qualified Opinion

Attention is drawn to the note 16.2 regarding the Company not carrying out any manufacturing Operations and has substantial accumulated losses. The net worth of the Company has been fully eroded due to the accumulated losses. In view of the above, the company is not a going concern. However the accounts have been prepared on the going concern basis as the management is exploring possible steps to revive its operations of the Company. The effect of the loss for the year and networth of the Company is unascertained. Our audit opinion on the financial statements for the year ended 31st March, 2017 was also qualified in respect of the above matter.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state affairs of the Company as at March 31, 2018, and its Loss, total comprehensive income, its Cash Flows and the changes in equity for the year ended on that date.

Emphasis of Matter

- a) Attention is drawn to the note 16.3 regarding the amalgamation, the Board of Directors of the Company on 22 December 2017, on the recommendation of the Audit Committee, has approved the Scheme of Amalgamation of the Company with Solid Containers Limited (the Scheme), pursuant to the applicable provisions of the Companies Act, 2013. The Company has received approval from BSE Ltd. as per requirement of applicable regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015. The Scheme is subject to requisite approvals of shareholders, NCLT and other Statutory or Regulatory authorities as may be applicable. The Scheme is in process of various compliance and approvals and therefore the above results do not include any effects thereof.
- b) Attention is drawn to the note 16.4 regarding the forfeiture of shares, the Company has forfeited 36,500 partly paid Equity shares of the company on account of non-payment of allotment money or call money or call in arrears.

Our report is not modified in respect of the above matters.

Other Matters

The comparative financial information of the Company for the year ended 31st March, 2017 and the transition date opening Balance Sheet as at 1st April, 2016 included in these Ind AS financial statements, are based on the statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by us for year ended 31st March, 2017 dated 30th May, 2017 and by other auditors for year ended 31st March, 2016 dated 31st March, 2016 whose report for the year ended expressed an unmodified opinion on those financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion on the Ind AS financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters.

Report on other Legal and Regulatory Requirements

- (I) As required by section 143(3) of the Act, based on our audit, we report, to the extent applicable that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) *Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above*, in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - d) Except for the effects of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.

In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public in accordance with the provisions covered under Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
6. As per the information and explanations given to us, the maintenance of cost records has not been specified by the Central Government prescribed under section 148(1) of the Companies Act, 2013.
7. According to the records of the Company, examined by us and information and explanations given to us:
 - (a) Undisputed statutory dues including Income tax ,Sales-tax, Service Tax, duty of customs, duty of excise, Value Added Tax, Cess and other statutory dues, as applicable have generally been regularly deposited with the appropriate authorities except delay in significant cases. There are no undisputed amounts payable in respect of aforesaid dues outstanding as at 31st March, 2018 for a period of more than six months from the date of they became payable except tax deducted at source of Rs.9,24,425/-.
 - (b) There are no dues of Sales tax, duty of Excise, duty of Customs, and value added tax which have not been deposited on account of any dispute. The disputed dues of income tax which have not been deposited are as under:

Name of the statute	Nature of dues	Period to which the amount relates	Forum where dispute is pending	Amt. in Rs.
The Income Tax Act, 1961	Income Tax	F.Y. 2002-03	Assistant Commissioner of Income Tax	1,075,551
		F.Y. 2007-08 F.Y. 2008-09	Commissioner of Income Tax (Appeals), Mumbai	481,920 376,450

8. The Company has not taken any loans from banks / financial Institutions / Government or issued debentures during the year.
9. In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer of equity shares (including debt instruments) or term loans during the year and hence reporting under clause (ix) of the Order is not applicable.
10. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the company by its officers/ employees, noticed or reported during the year, nor have been informed of any such instance by the Management.
11. According to information and explanations given to us, no managerial remuneration has been paid or provided during the year under the Act and hence relevant clause regarding its approvals does not arise.
12. According to the information and explanations given to us, the Company is not a Nidhi Company as prescribed under section 406 of the Act. Accordingly reporting under clause (xii) of the Order is not applicable to the Company.
13. In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the financial statements etc., as required by the applicable Indian Accounting Standards.
14. The Company has not made any private placement / preferential allotment of shares or fully or partly convertible debentures during the year hence reporting under clause (xiv) of the Order is not applicable to the Company during the year.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
16. According to the information and explanations given to us, the Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

The Annexure referred to in paragraph (I)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act').

We have audited the internal financial controls over financial reporting of **Ayepee Lamitubes Limited** (the Company) as of 31st March, 2018 in conjunction with Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. Corporate Information

Ayepee Lamitubes Limited is a Public limited Company and incorporated in India having its registered office at B-1, MIDC , P.O. Murbad, Thane -421401. The manufacturing activities of the Company has been suspended for years because of unfavorable market conditions, commercial & other reasons.

2. Application of new and revised Indian Accounting Standards

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparing these financial statements.

2.1. Standards / Amendments issued but not yet effective

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying amendments to Ind AS 7, 'Statement of cash flows' and Ind AS 102, 'Share-based payment.' These amendments are in accordance with the recent amendments made by International Accounting Standards Board (IASB) to IAS 7, 'Statement of cash flows' and IFRS 2, 'Share-based payment,' respectively. The amendments are applicable to the Company from April 1, 2018.

2.2. Amendment to Ind AS 7:

The amendment to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the balance sheet for liabilities arising from financing activities, to meet the disclosure requirement.

The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

2.3. Amendment to Ind AS 102:

The amendment to Ind AS 102 provides specific guidance to measurement of cash-settled awards, modification of cash-settled awards and awards that include a net settlement feature in respect of withholding taxes.

As the Company has not issued any stock options plans, hence this amendment will have no effect on the Company's financial statements.

2.4. Amendment to Ind AS 12:

Recognition of deferred Tax Assets and Unrealised Losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate) without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose the fact.

These amendments are effective for annual periods beginning on or after 1st April, 2018. The company is evaluating the requirements and the effect on the financial statements is being evaluated.

3. Significant Accounting Policies:

3.1 Statement of compliances

In accordance with the notification dated 16th February, 2015, issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as “Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017.

The financial statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015. The date of transition to Ind AS is April 1, 2016. Refer note 3.24 for details of first time adoption mandatory exceptions and optional exemptions availed by the Company.

Previous year figures in the financial statements have been restated in compliance with Ind AS upto the year ended March 31, 2017, the Company had prepared its financial statements under the historical cost convention on accrual basis in accordance with the Generally Accepted Accounting Principles (Previous GAAP) applicable in India and the applicable Accounting Standards as prescribed under the provisions of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014.

In accordance with Ind AS 101-“First Time adoption of Indian Accounting Standards” (Ind AS 101), the Company has prepared and presented a reconciliation of Shareholders’ equity under Previous GAAP and Ind AS as at March 31, 2017, and April 1, 2016 and of the Profit / (Loss) after tax as per previous GAAP and Total Comprehensive Income under Ind AS for the year ended March 31, 2017.

3.2. Basis of preparation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

The financial statements are presented in Indian Rupees and all values are rounded to the nearest two decimal thousands except otherwise stated.

Fair Value Measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (b) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- (c) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

3.3. Non-current assets held for sale

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell. Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject to terms that are usual and customary for sales of such assets.

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

3.4. Revenue Recognition

- 3.4.1. Sales are recognised when risks and rewards (transfer of custody of goods) are passed to customers and include all statutory levies except Value Added Tax (VAT) and are net of discounts.
- 3.4.2. Dividend income is recognised when the right to receive the dividend is established.
- 3.4.3. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable (which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition).
- 3.4.4. For non financial assets, interest income is recognised on a time proportion basis.
- 3.4.5. Revenue from sale of scrap are recognised when risks and rewards (transfer of custody of goods) are passed to customers.
- 3.4.6. Revenue in respect of Liquidated Damages from contractors/ suppliers is recognised when determined as not payable.

3.4.7. Goods and Service Tax (GST) is presented as expense in the statement of profit and loss. GST duty in respect of difference between closing and opening stock of excisable goods is included under “Other Expenses”.

3.5. Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Leasehold lands where the ownership of the land will not be transferred to Company at the end of lease period are classified as operating leases.

Upfront operating lease payments are recognized as prepayments and amortised on a straight-line basis over the term of the lease. Leasehold lands are considered as finance lease where ownership will be transferred to the Company as at the end of lease period. Such leasehold lands are presented under property, plant and equipment and not depreciated.

3.6. Borrowing Costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged in the statement of profit and loss.

3.7. Employee Benefits

Employee benefits include provident fund, superannuation fund, gratuity fund, compensated absences, post-employment medical benefits and resettlement allowances.

Defined contribution plans

Employee benefit under defined contribution plans comprising of provident fund and superannuation fund are recognized based on the amount of obligation of the Company to contribute to the plan. The same is paid to a Provident Fund Trust authorities and to Life Insurance Corporation of India respectively, which are expensed during the year.

Defined benefit plans

Defined retirement benefit plans comprising of gratuity, post-retirement medical benefits and other long-term retirement benefits, which are recognized based on the present value of defined benefit obligation and is computed using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. These are accounted as current employee cost or included in cost of assets as permitted.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognized in the statement of profit and loss except those included in cost of assets as permitted.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above) are recognised in other comprehensive income except those included in cost of assets as permitted in the period in which they occur and are not subsequently reclassified to profit or loss.

The Company contributes all ascertained liabilities with respect to Gratuity to the MRPL's Gratuity Fund Trust (MGFT). Other defined benefit schemes are un-funded.

The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans.

Any surplus resulting from the actuarial calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plans.

Short-term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

3.8. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

(ii) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred taxes are recognised in respect of temporary differences which originate during the tax holiday period but reverse after the tax holiday period. For this purpose, reversal of temporary difference is determined using first in first out method.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

Current and deferred tax for the year

Current and deferred tax are recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

3.9. Property, plant and equipment (PPE)

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses if any. Freehold land is not depreciated.

PPE in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management. It includes professional fees and borrowing costs for qualifying assets capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Parts of an item of PPE having different useful lives and material value as assessed by management and subsequent capital expenditure on Property, Plant and Equipment are accounted for as separate components.

PPE are stated at cost less accumulated depreciation and accumulated impairment losses if any.

Depreciation of PPE commences when the assets are ready for their intended use.

Depreciation is provided on the cost of PPE (other than freehold land and properties under construction) less their residual values over their useful lives, using Straight Line Method, over the useful life of component of various Assets as specified in Schedule II to the Companies Act, 2013, except in case of certain components of the Plant and Equipment whose useful lives are determined based on technical evaluation and the useful life considered under Company's policy for the employee's vehicle and furniture scheme.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Expenditure on overhaul and repairs on account of planned shutdown which are of significant value (5% of the value of particular assets) is capitalized as component of relevant items of PPE and is depreciated over the period till next shutdown on straight line basis. Catalyst whose life is more than one year is capitalised as property, plant and equipment and depreciated over the guaranteed useful life as specified by the supplier when the catalyst is put to use.

Insurance spares received along with the plant or equipment and those purchased subsequently for specific machinery and having irregular use are capitalised.

Major capital spares are capitalised as property, plant and equipment. Depreciation on such spares capitalised as property, plant and equipment are depreciated over the period starting when it is brought into service and continuing over the shorter of its useful life and the remaining expected useful life of the asset to which it relates and written down value of the spare is charged to the statement of profit and loss as and when replaced.

Depreciation on additions/deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions/deletions except low value items not exceeding 5,000/- (other than company purchase scheme for employees) which are fully depreciated at the time of addition.

Estimated useful lives of the assets are as follows:

Sr. No.	Particulars	Useful lives (in years)
1	Buildings	1-60
2	Plant and equipment –catalysts	2-10
3	Plant and equipment –computers	3-7
4	Plant and equipment –continuous process plant not covered under specific industries (Triple shift)	7.5
5	Plant and equipment – electrical/ lab/ canteen/ school	10
6	Plant and equipment –instrumentation items/ DCS/ hospital/ others	15
7	Plant and equipment –refinery assets	25
8	Plant and equipment –pipelines/ SPM/ offshore component/civil structure	30

Sr. No.	Particulars	Useful lives (in years)
9	Plant and equipment –power plant	40
10	Office equipment	5
11	Furniture and fixtures	6-10
12	Vehicles	4-8

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets.

An item of property, plant and equipment is derecognised upon disposal, replacement or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

3.10. Intangible assets

3.10.1.Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses if any.

3.10.2Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognised in profit or loss when the asset is derecognised.

3.10.3Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Sr. No.	Particulars	Useful lives (in years)
1.	Computer software	3-10
2.	License and franchise	3

3.11. Impairment of tangible and intangible assets other than goodwill

The Company reviews the carrying amounts of its intangible assets and Property, plant and equipment (including capital works-in-progress) of a “Cash Generating Unit” (CGU) to determine whether there is any indication that those assets have suffered an

impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statement of profit and loss.

An assessment is made annually as to see if there are any indications that impairment losses recognized earlier may no longer exist or may have come down. The impairment loss is reversed, if there has been a change in the estimates used to determine the asset's recoverable amount since the previous impairment loss was recognized. If it is so, the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. After a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

Reversals of Impairment loss are recognized in the statement of profit and loss.

3.12. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit after tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows.

The cash flows are segregated into operating, investing and financing activities.

3.13. Provisions, Contingent Liabilities and Contingent Assets.

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

3.14. Financial instruments

Financial assets and financial liabilities are recognised when Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

3.15. Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

(i) Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(ii) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both selling financial assets and collecting contractual cash flows, the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iv) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

(v) Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to

be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

(vi) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

3.15. Financial liabilities and equity instruments

3.15.1 Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by the Company are recognised at the proceeds received.

Incremental costs directly attributable to the issuance of new ordinary equity shares are recognized as a deduction from equity, net of tax effects.

3.15.2 Financial liabilities

a) Financial Guarantee

When the Company receives financial guarantee from its holding company, initially it measures guarantee fees at the fair value. The Company records the initial fair value of fees for financial guarantee received as "Deemed Equity" from holding company with a corresponding asset recorded as prepaid guarantee charges. Such deemed equity is presented under the head 'other equity' in the balance sheet. Prepaid guarantee charges are recognized in statement of profit and loss over the period of financial guarantee received.

b) Financial liabilities subsequently measured at amortised cost

Financial liabilities are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

c) Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

3.16. Insurance Claims

In case of total loss of asset, on intimation to the insurer, either the carrying cost of the asset or insurance value (subject to deductible excess) whichever is lower is treated as claims recoverable from insurance company. In case insurance claim is less than the carrying cost of the asset, the difference is charged to statement of profit and loss.

In case of partial or other losses, expenditure incurred / payments made to put such assets back into use, to meet the third party or other liabilities (less deductible excess) if any, are accounted for as claims receivable from insurance company.

Insurance Policy deductible excess are expensed in the year in which corresponding expenditure is incurred.

As and when claims are finally received from the insurance company, the difference, if any, between the claim receivable from insurance company and claims received is adjusted to statement of profit and loss.

All other claims and provisions are booked on the merits of each case.

3.17. First-time adoption – mandatory exceptions and optional exemptions

3.17.1. Overall principle

The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2015 (the 'transition date') by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to the certain exception and certain optional exemptions availed by the Company as detailed below.

3.17.2. Derecognition of financial assets and financial liabilities

The Company has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2015.

3.17.3. Business combinations

The Company has elected not to apply Ind AS 103 Business Combinations retrospectively to past business combinations that occurred before the transition date of April 1, 2015.

3.17.4. Classification of debt instruments

The Company has determined the classification of debt instruments in terms of amortised cost criteria based on the facts and circumstances that existed as of the transition date.

3.17.5. Impairment of financial assets

The Company has applied impairment requirement of Ind AS 109 prospectively from the transition date.

3.17.6. Government loans

The Company has applied the exception available and accordingly carried

the amount pertaining to government loans at the carrying amount under Previous GAAP at the transition date.

3.17.7. Deemed cost for property, plant and equipment and intangible assets

The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets recognised as of April 1, 2015 measured as per the Previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.17.8. Investments in subsidiaries and joint ventures

The Company has elected to carry its investments in subsidiaries and joint ventures at deemed cost being carrying amount under Previous GAAP on the transition date.

3.17.9. Determining whether an arrangement contains a lease

The Company has applied Appendix C of Ind AS 17 'Determining whether an Arrangement contains a Lease' at the transition date on the basis of facts and circumstances existing at that date.

3.17.10. Long Term Foreign Currency Monetary Items

The Company has adopted the same accounting policy as per Previous GAAP for the treatment of exchange differences arising from translation of long-term foreign currency monetary items those were recognized as at March 31, 2016.

3.17.11. Non-current assets held for sale

The Company has measured non-current assets held for sale at the lower of carrying value and fair value less cost to sell at transition date in accordance with Ind AS 105.

4. Critical Accounting Judgments, Assumptions and Key Sources of Estimation Uncertainty

Inherent in the application of many of the accounting policies used in preparing the financial statements is the need for management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key source of judgments, assumptions and estimation uncertainty in the preparation of the financial statements which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are in respect of useful lives of property, plant and equipment, employee benefit obligations, provision for income tax and measurement of deferred tax assets.

4.1. Critical judgments in applying accounting policies

The following are the critical judgments, apart from those involving estimations (Refer note 4.2), that the Management have made in the process of applying the Company's accounting policies and that have the significant effect on the amounts recognized in the Financial Statements.

(a) Determination of functional currency

Currency of the primary economic environment in which the Company operates (“the functional currency”) is Indian Rupee (₹) in which the company primarily generates and expends cash. Accordingly, the management has assessed its functional currency to be Indian Rupee (₹).

4.2. Assumptions and key sources of estimation uncertainty

Information about estimates and assumptions that have the significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may differ from these estimates.

(a) Useful lives of property, plant and equipment and intangible assets

Management reviews its estimate of the useful lives of PPE and intangible assets at each reporting date, based on the future economic benefits expected to be consumed from the assets.

(b) Defined benefit obligation (DBO)

Management’s estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

(c) Provision for income tax

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

(d) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company’s future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits or uncertainties.
