10. MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis as required under Regulation 34 of SEBI (LODR) Regulations, 2015 read with Schedule V of the said Regulations, forms part of this Board's Report as follows :

Overview of Industry Structure and Development

The FMCG sector is one of the largest sector in the Indian economy. During the initial period under review, this sector remained challenging due to GST implementation and impact of ash crunch in India. However, the scenario has changed in the second half of the year and the consumer demand which had been reduced started with growth sign due to reduced GST rates. The prices of many products got down thereby benefitting the consumers resulting in the increase in demand and thereby increasing the revenue for the industry. The FMCG products will have a satisfactorily growth with the rising income level of Indian populace. The consumption of health and personal care products in FMCG sector has increased in the recent past with rise in disposable income especially among the early stages group in India.

Further growing awareness, easy access and changing life style have been the key growth drivers for this sector. In India, the number of online users are increasing day by day. This along with retail market and growth in modern trade it is expected it will further boost the revenue for this sector viz a viz to our Company.

Accordingly, the Company expects a good growth in the sale of products of Mother & Baby care, skin care and food products which falls under FMCG.

Opportunities and Threats

Opportunities

Your Company has to go through different stages from conceptualization of the product to its launch in the market. It doesn't end there. The Company will always like to expand its business by entering into new products, increasing the distribution footprint and the sell out by effective marketing techniques/activities in the fast changing scenario.

Threats

High inflation, currency volatility, slowdown in category growth rates and the present high level of inventory are the major concerns of our business.

Segment wise or Product wise performance

The Company is presently dealing mainly in two products lines. One is Mother & Baby care Products including baby carriages products and the second is food products. In both the product lines, Company is striving to increase its turnover.

Outlook

The Indian FMCG sector has been under some stress post demonetization and due to increased compliance requirements from the government. Moreover, GST implementation is likely to have some temporary impact due to probable down stocking in the trade channels and likely conversion from unorganised to organised.

There are abundant opportunities available in the Indian market where your Company through its distribution network can deliver its products in the market. Due to implementation of GST, though there will be a temporary down fall in stocking the products by the retailers but in long run, it will likely to provide growth avenues to the Company being in organised sector. It is likely that overall consumer demand will grow sharply in the medium to long run because of rising income, aspiration and changing life styles. The Company has a strong distribution network product line and accordingly investing in various reputed imported brands in food and personal care products.

Risks and Concerns

Following are the areas of concern and risk for the Company :

1. Any unexpected changes in regulatory framework;
2. High interest rates;
3. Unfavourable exchange rate fluctuations;
4. Rise in counterfeits and lookalikes;

The Company has a Risk Management Committee to identify the major risks and suggest action required to mitigate the same to the extent controllable.

Internal Control Systems and their adequacy

The Company maintains a system of Internal Control including suitable monitoring procedures. The Internal Control System is supplemented by an exhaustive programme of internal audits and said audits are then reviewed by Audit Committee from time to time.

Discussion of Financial Performance with respect to operational performance

The Company has reported a net loss of Rs. 4.35 Lacs during the year under review as against the net loss of Rs. 62.46 Lacs in the previous year. The Company is looking for an opportunity for future growth prospects.

Development in HR

Your Company has laid emphasis on improving the skills of its human resources towards achieving better performance & improving quality. Your Company has always emphasized on the principle that Human Resources are the best Assets for Organization. Thus, we keep on investing in them through modern trainings and seminars. The Company had 89 employees on its payroll as on 31st March, 2018.

Disclosure of Accounting Treatment

The accounting treatment given in preparation of financial statements represents true and fair view of the state of company affairs. It is in compliance with the Accounting Standards issued by the Institute of Chartered Accountants of India. No different treatment has been followed other than prescribed in the Accounting Standards.

Cautionary Note

**AUDITORS' CERTIFICATE ON COMPLIANCE WITH THE CONDITIONS
OF CORPORATE GOVERNANCE**

To
The Members,
Rama Vision Limited

We have examined the compliance of conditions of Corporate Governance by Rama Vision Limited ("the Company"), for the financial year ended on 31st March, 2018, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations').

Managements' Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Auditor's Responsibility

We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountant of India. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that performs Audits & Reviews of Historical Financial information and other Assurance & related service engagements.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance for the year ended 31st March, 2018 as stipulated in the above mentioned Listing Regulations, as applicable.

Independent Auditors' Report

To
The Members of
RAMA VISION LIMITED

1. Report on the Standalone Financial Statements

We have audited the accompanying financial statements of Rama Vision Limited ("the Company") which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including other comprehensive income), Cash Flow Statement and the statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information.

2. Management's responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's responsibility

Our responsibility is to express an opinion on these standalone Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act and the rules made thereunder including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS Financial Statements.

4. Emphasis of Matter

We draw attention to :

The present value of obligation under defined benefit plans i.e. gratuity and leave encashment which were till last year estimated at the liability payable at the end of the financial year has this year been estimated on actuarial valuation resulting in the loss for the year and provision for employees benefit to be lower by Rs. 51.79 Lacs.

5. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its loss (including other comprehensive income), its cash flows and the changes in equity for the period ended on that date.

6. Report on Other Legal and Regulatory requirements

- I) As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure 'A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- II) As required by section 143(3) of the Act, we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and statement of changes in equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of section 164 (2) of the Act.

Annexure "B" to the Independent Auditor's Report Referred to in paragraph 6(ii)(f) to the Independent Auditor's Report of even date on the Standalone Ind AS Financial Statements of Rama Vision Limited for the year ended 31st March, 2018.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Rama Vision Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my /our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that :

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI".

Notes to financial statements for the year ended 31st March, 2018

1 COMPANY OVER VIEW

Rama Vision Limited is a public limited company incorporated in India and has its registered office in Uttarakhand State of India. The Company is one of the leading importer and distributor of Baby and Mother care products, Skin care products, food products etc. all over India through net-work of dealers and distributors and professionally managed strong sales and marketing team.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation of financial statements

Compliance with Ind AS

Standalone Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Accounting Standards) Amendment Rules, 2016.

For all periods up to and including the year ended 31 March 2017, the Company prepared its Standalone financial statements in accordance with requirements of the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 ("Previous GAAP"). These are the first Ind AS Standalone Financial Statements of the Company. The date of transition to Ind AS is 01 April, 2016.

Basis of preparation and presentation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company is required to prepare its Standalone Financial Statements as per the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Accounting Standards) Amendment Rules, 2016 with effect from 1 April, 2017. Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March, 2018, the Statement of Profit and Loss, the Statements of Cash Flows and the Statement of Changes in Equity for the year ended 31 March, 2018, and accounting policies and other explanatory information (together hereinafter referred to as "Standalone Financial Statements" or "financial statements").

The Standalone Financial Statements have been prepared on the historical cost basis except for certain financial instruments measured at fair values at the end of each reporting period, as explained in the accounting policies.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Reporting Presentation Currency

All amounts in the standalone financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primary functional currency of the company) and rounded off to the nearest rupee.

2.2 Classification of Assets and Liabilities

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

2.3 Revenue Recognition

Revenue is recognized based on the nature of activity when consideration can be reasonably measured and there exists reasonable certainty of its recovery.

- (i) Revenue from sale of products is recognized on accrual basis.
- (ii) Interest income from deposits and others is recognized on accrual basis. Dividend income is recognized when the right to receive the dividend is unconditionally established. Profit/loss on sale/redemption of investments is recognized on the date of transaction of sale/redemption and is computed with reference to the original cost of the investment sold.
- (iii) Insurance claims are recognized in the books only after certainty of its realization.

2.4 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.5 Foreign currency transactions and translation

- i) Foreign Currency transaction are initially recorded at the rate of exchange ruling at the date of transaction.
- ii) Foreign currency monetary item (assets and liabilities) are restated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in foreign currency, are reported using the exchange rate at the date of the transaction. Gain and losses, if any, at the year-end in respect of monetary assets and monetary liabilities are recognized in the Statement of Profit and Loss.

2.6 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Transaction cost in respect of long-term borrowings are amortised over the tenure of respective loans using effective interest method. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

2.7 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

(b) Defined Benefit Plans

The present value of obligation under defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations. In case of funded plans the fair value of the planned assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on net basis

(c) Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws in the countries where the Company operates and generates taxable income.

Deferred tax

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax asset against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the period

Current and deferred tax are recognised in profit or loss, except when they are related to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

2.9 Property, Plant and Equipment

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period

in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised if the activities undertaken improves the economic benefits expected to arise from the asset

Expenditure related to and incurred during implementation of capital projects is included under "Capital Work in Progress" or "Project Development Expenditure" as the case may be. The same is allocated on a systematic basis to the respective fixed assets on completion of construction/ erection of the capital project/ fixed assets.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Assets in the course of construction are capitalised in the assets under construction account. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences.

Property, plant and equipment are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any.

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Depreciation on amount of additions made to fixed assets on account of foreign exchange fluctuation is provided for over the residual life of the fixed assets.

Depreciation on Assets acquired /capitalised/ disposed off during the year is provided on pro-rata basis with reference to the date of addition/capitalization/ disposal. Lease hold land is amortized over the period of lease.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

2.10 Intangible Assets

Intangible Assets are stated at cost less accumulated amortization.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its intangible assets recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the Intangible assets.

2.11 Impairment of Property, plant and equipment and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Any reversal of the previously recognised impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

2.12 Inventories

Inventories are valued at lower of cost determined on FIFO basis and net realizable value.

2.13 Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to

determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.14 Investment in subsidiaries, associates and joint ventures

Investment in subsidiaries, associates and joint ventures are shown at cost. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

2.15 Borrowings

Borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the statement of profit or loss over the period of the borrowings using the effective interest method.

2.16 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

2.17 Earnings Per Share

Earnings per share is calculated by dividing the Profit after tax by the weighted average number of equity shares outstanding during the year.

2.18 Contingent Liability and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.19 Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

2.20 Investments and other financial assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

(a) Classification

The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

b.1 Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments :

Amortised Cost :

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI) :

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

b.2 Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no

subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(d) Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(f) Income recognition

Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

2.21 First time adoption – optional exemptions

Overall principle

The Company has prepared the opening Standalone Balance Sheet as per Ind AS as of 1st April, 2016 (the transition date) by,

- recognising all assets and liabilities whose recognition is required by Ind AS,
- not recognising items of assets or liabilities which are not permitted by Ind AS,
- by reclassifying items from previous GAAP to Ind AS as required under IndAS, and
- applying Ind AS in measurement of recognised assets and liabilities.

However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company as detailed below. Since, the financial statements are the first financial statements, the first time adoption – mandatory exceptions and optional exemptions have been explained in detail.

Deemed cost for property, plant and equipment and intangible assets including capital work in progress and intangible assets under development: The Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets including capital work in progress and intangible assets under development recognised as of 1 April, 2016 (transition date) measured as per the previous GAAP as its deemed cost as at the date of transition.

Deemed cost for investments in subsidiaries, associates and joint ventures: The Company has elected to continue with the carrying value of all of its investments in subsidiaries, joint ventures and associates recognised as of 1 April, 2016 (transition date) measured as per the previous GAAP as its deemed cost as at the date of transition.

3 USE OF ESTIMATES

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes :

3.1 Property, Plant and Equipments

Property, Plant and Equipments represent a significant proportion of the asset base of the company. The management of the Company makes assumptions about the estimated useful lives, depreciation methods or residual values of items of property, plant and equipment, based on past experience and information currently available. In addition, the management assesses annually whether any indications of impairment of intangible assets and tangible assets. The management of the Company believe that on balance sheet date no impairment indications were existing.

3.2 Trade Receivables

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their

past experience in the market and their assessment of the credit worthiness of debtors at at Balance Sheet date. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management are not aware of, which could significantly affect their estimations.

3.3 Defined Benefit Plans

The provisions for defined benefit plans have been calculated by a actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. The discount rate have been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

3.4 Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

3.5 Provisions and liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

3.6 Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.

31 FIRST TIME ADOPTION OF IND-AS

31.1 Transition to Ind-AS

The Company has adopted The Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Companies Act 2013 from 1 April 2017 and accordingly financial statements have been prepared in accordance with the recognition and measurement principles laid down in the Ind AS, prescribed under Section 133 of the Companies Act 2013 read with the relevant rules issued thereunder. These are the Company's first financial statements prepared in accordance with Ind AS. The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet as at 1 April 2016 (the transition date).

In preparing the opening Ind AS balance sheet as at 1 April 2016, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). The impact of transition has been made in the Reserves as at 1 April 2016 in accordance with the Ind AS 101 and the figures of the previous year ended 1 April 2016 and 31 Mar 2017 have been presented/restated after incorporating the applicable Ind AS adjustments.

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

31.2 Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows, from as reported in accordance with previous GAAP. The following tables represent the reconciliations from previous GAAP to Ind AS.

Explanatory Notes to First Time Adoption are as follows :

a Long Term Security Deposits :

Under Indian GAAP the interest free security deposits, with fixed terms, were considered at cost basis. Under Ind-AS these financial assets have been adjusted to be carried at amortised cost, resulting in the present value being treated as cost and the interest accrual recorded to restate the asset balance over its term.

b Accounting of non-current investments at fair value

Under Indian GAAP demerit in value of non-current investments was provided only when the diminution was other than temporary in the opinion of the management. Under Ind-AS the company has opted for accounting for investment in non-current investments at their fair value on the date of presentation of the financial results.

c Provision for bad and doubtful debts

Under Indian GAAP, provision for bad and doubtful debts were made if there were uncertainty of realisation of any debt. Under Ind-AS, provision for bad and doubtful debts has been made on the basis of past experience.

d Deferred Tax :

Under Indian GAAP, deferred taxes are recognised using income statement approach i.e. reflecting the tax effects of timing differences between accounting income and taxable income for the period. Under Ind-AS, deferred taxes are recognised using balance sheet approach i.e. reflecting the tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purpose and the amounts used for taxation purpose using the income tax enacted or substantively enacted at reporting date.
