III. Other Information:

- (1) **Reasons for Loss or inadequate profit, Steps taken or proposed to be taken for improvement and Expected increase in productivity and profits in measurable terms:**

Company has been witnessing a lack of demand for its LED TVs and Air conditioners for almost most last one year. Company imports raw materials for the production of LED TVs and Air Conditioners from Sharp Group Companies abroad and sales final product to Sharp Business Systems (India) Private Limited, which in turn are responsible for sale of those products throughout India. The market demand for the above two products has significantly dropped since last year and hence in turn the supply of the LED TVs and ACs by your Company to Sharp Business Systems (India) Private Limited has significantly dropped down in the last year. There was no production of LED TVs from April 2015 (except in August 2015) and of Air conditioners since June 2015, in the

absence of any orders. This significant drop in the sales of the LEDs and Air conditioners has resulted in to loss of Rs.1406.22 Lacs for the financial year 2015-16 & accumulated loss of Rs.3098.31 Lacs.

Company is trying its best to improve the situation with the help of Sharp Corporation Japan being the promoter of the company and is considering, exploring and evaluating various strategic alternatives. However it will be difficult to predict the same in measurable terms.

IV. DISCLOSURES :

The disclosures as required under this clause have been made separately in notice of the annual general meeting & also Corporate Governance section.

Except Mr. Tomio Isogai none of the directors, key managerial personnel or their respective relatives are interested in this resolution. He does not have any relationship with any other director of the Company. It is considered desirable that the company should have benefit of his experience and advice The Board recommends the resolution for acceptance by the members. Other information of Mr. Tomio Isogai is provided below the explanatory statement and also forms part of this explanatory statement.

Item No. 5 :

In terms of Section 23 of the Sick Industrial Companies (Special Provisions) Act, 1985, (SICA) if the accumulated losses of an industrial company, as at the end of any financial year have resulted in erosion of fifty percent or more of its peak net worth during the immediately preceding four financial years, the said company falls under the category of 'Potentially Sick Industrial Company' and is required to report the fact of such erosion to the Board for Industrial and Financial Restructuring ("BIFR") and hold a general meeting of members of such company for considering such erosion both within 60 days from the date of finalization of the audited accounts, which is the date of the Annual General Meeting in which such accounts are approved by the members.

Further the board of directors of the company is required to forward to every member of the company a report as to such erosion and causes for such erosion, at least twenty-one days before the date on which the above mentioned general meeting is held.

As per the audited annual accounts of the Company for the financial year ended 31st March, 2016 to be adopted by the members at their 31st Annual General Meeting to be held on 28th September 2016, the accumulated losses of the Company as at 31st March, 2016 amounting to Rs.3098.31 Lacs have resulted in erosion of more than fifty percent of its peak net worth of Rs.4400.40 Lacs during the four financial years preceding the financial year ended 31st March, 2016 (calculated as per the provisions of SICA).

The facts relating to such erosion and its causes and the revival measures being taken by the Company are explained in the Report of the Board of Directors forming part of this notice.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives are any way concerned or interested, financially or otherwise, in the resolution set out at item No. 5 of this Notice.

The Board recommends the resolution as given in the Notice for your approval as an ordinary resolution.

REPORT OF BOARD OF DIRECTORS TO THE SHAREHOLDERS OF SHARP INDIA LIMITED UNDER SECTION 23(1) (b) OF SICK INDUSTRIAL COMPANIES (SPECIAL PROVISIONS) ACT, 1985.

To the Members of Sharp India Limited :

In terms of the requirements of Section 23(1) (b) of the Sick Industrial Companies (Special Provisions) Act, 1985, a report of the Board of Directors on erosion of more than 50% of the Company's peak net worth during the immediately preceding four financial years along with its causes and revival plan is being submitted herewith to the Members of the Company.

As per the audited financial accounts of the Company for the financial year ended March 31, 2016 to be adopted by the members at their 31st Annual General Meeting to be held on 28th September 2016, the accumulated losses as at the end of financial year ended March 31, 2016 stood at `3098.31 lacs which exceeds 50% of its peak net worth of Rs.4400.40 lacs during the four financial years preceding the financial year ended March 31, 2016, calculated as per the provisions of SICA. Corresponding accumulated losses for the financial years, 2012-2013, 2013-2014 and 2014-2015 were Rs.2125.49 lacs, Rs.1848.46 lacs and Rs.1692.08 lacs respectively)

Causes for Erosion of more than fifty percent of Peak Net worth & steps taken :

As you are aware that from 1st April 2011, the company has shifted to a new model wherein it has focused on its core strength of manufacturing. The products manufactured by the company were sold to Sharp Business System (India) Limited, a 100% subsidiary company of Sharp Corporation Japan. However due to intense competition, increase in input cost and reduction in selling prices, fluctuations in the currency exchange rates, and seasonal demand for the air conditioners has affected the profitability of the company. There was no production of LED TVs from April 2015 (except in August 2015) and of Air conditioners since June 2015, in the absence of any orders. This significant drop in the sales of the LEDs and Air conditioners has resulted in to loss of Rs.1406.22 Lacs for the financial year 2015-2016 & accumulated loss of Rs.3098.31 Lacs.

Sharp Corporation Japan being the promoter of the company is considering, exploring and evaluating strategic alternatives including the possibility of sale of its shares in the company to potential buyers and entering in to appropriate transactions that would be in the best interest of the company and its members.

ITEM No. 6 :

Your Company is principally engaged in the manufacture and sale of colour televisions (CTVs), light emitting televisions("LED TVs") and Air Conditioners ("ACs").

In the course of its business operations, your Company engages in transactions with its holding company, Sharp Corporation, Japan ("SC Japan"). Your company substantially depends on SC Japan for financial and operational support.

SC Japan is a related party, with reference to the Company within the meaning of clause (76) of section 2 of the Companies Act, 2013 and Regulation 2 (1) (zb) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

As per Regulation 23 of the Listing Regulations, all material related party transactions, that is to say, transactions by a listed entity with a related party if entered individually or taken together with previous transactions during a financial year, exceeding 10 per

cent of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, shall require approval of the members by an ordinary resolution.

SC Japan has provided financial support to your Company at the end of the financial year 2015-2016 of Rs.1987.35 lacs which was in the nature of reimbursement of expenses incurred by your Company and other transactions entered into by your Company with SC Japan in the financial year 2015-2016 are in the nature of payment of interest on ECB Loan, payment for royalty and patent expenses, interest on late payment of royalty, reimbursement of expenses received /paid . totally amounting to Rs. 2253.82 Lacs and hence the related party transactions with SC Japan have exceeded 10% of the last financial year's annual turnover of the Company as at March 31, 2015, thereby qualifying as material related party transactions in the context of the SEBI Listing Regulations.

Your Company continues to rely on SC Japan for necessary financial and operational support.

In the financial year 2016-2017, your Company proposes to enter into arrangements or transactions with Sharp Corporation, Japan which may include reimbursement of expenses received /paid , repayment and any other activity relating to ECB Loan, interest on ECB Loan and other transaction. As per estimates, these transactions would qualify as material related party transactions as they are likely to exceed 10% of the annual turnover of the Company for the financial year 2015-2016.

The particulars of the transactions entered into and proposed to be entered into between your Company and Sharp Corporation, Japan (SC Japan) are as follows:

Name of the Related Party	Relationship	Nature of Transactions	Estimated Value of the Transactions in the financial year INR(in Lacs)	Period
Sharp Corporation	Holding Company	Reimbursement of Expenses Received, Reimbursement of Expenses Paid, Royalty & Patent Expenses incurred, Interest on Late Payment of Royalty, Interest on ECB Loan	2253.82	01.04.2015 to 31.03.2016
Sharp Corporation	Holding Company	Reimbursement of expenses paid / received, repayment and any other activity relating to ECB Loan, interest on ECB Loan and any other transaction	3000.00	01.04.2016 to 31.03.2017

MANAGEMENT DISCUSSION & ANALYSIS

Based on the latest estimates, the Indian economy witnessed a moderate growth rate of around 7.6.% in the fiscal 2015-2016 as compared to 7.2% in the fiscal 2014-2015. This was highest in the last five years despite the continuous slowdown in the global growth and weak monsoon in the last two years.. The fall in the crude oil prices has further helped the economy leading to a fall in inflation with whole price index remaining in the negative territory for the complete year 2015-16.

India's GDP growth in the year 2016-17 is expected to be around 7.8%.

INDUSTRY STRUCTURE & DEVELOPMENT :

The Indian Consumer electronics Industry has undergone big changes, in the last two decades. Due to constant technological advancements and cut throat competition, new products with latest technologies are introduced in the market at very short intervals. The increased liberalization has favored foreign direct investment (FDI).

Your Company is principally engaged in the manufacture and sale of liquid crystal display televisions (LED TVs) and Air Conditioners (AC).

Televisions :

The Indian Television market in the year 2015 for Flat Panel display is estimated at 8.5 million and for the conventional CRT TV it is estimated at 6.5 Million sales..

The demand for LED TVs has been growing at a rapid pace, and is demonstrating constant growth in sales with increasing performance for full high-definition TV, with better image quality, audio clarity and color resolution. Introduction of new technologies, such as internet browsing, Bluetooth connection and wireless access in LEDs/LCDs, is driving the replacement of CRTs with LCD/LED TVs

Air Conditioners :

Air Conditioner (AC) market is one of the fastest growing markets in India .It is expected that it will grow at the rate of around 10 % to 15% for the next five years. Traditionally ACs was regarded as a luxury product being preferred by the high-end segment of the society. However gradually, the demand is emerging from the middle income segment of India as well. Increase in the population, per capita income, hot and humid climate , increasing urbanization, , launch of latest and advanced features and eco -friendly ACs are the driving factors for the AC market in India.

OPPORTUNITIES AND THREATS :

Opportunity:

Consumer Durable Industry has good opportunity to grow due to following reasons:

- (1) There is huge untapped demand in the rural India for the consumer electronics products.

- (2) Due to increase in income levels, increase in population and increase in number of households the demand for consumer durable goods is increasing constantly.
- (3) Changes in the lifestyle of the new generation, consumer awareness and preference for new, latest technology models have increased the consumer aspirations for the consumer durable products like air conditioners and big size LED TVs.
- (4) Easy and attractive financing schemes, with participation of banks to purchase the products is also one of the driving force of the consumer electronics sector.
- (5) increase in the number of television channels, and also the HD Channels is a driving force for the sale of televisions.

Threats:

- (1) Constant changes in technologies & consumer preferences is making product life cycle short making the products and technology obsolete.
- (2) Rising cost of raw materials, is putting pressures on margins. Due to stiff competition, there is a constant pressure for reducing the selling prices.
- (3) The Cost of marketing, advertising and after sale services is increasing tremendously.
- (4) Since most of the components are imported, the exchange rate volatility is increasing the import cost.
- (5) Fluctuating and seasonal demand for the products.
- (6) cheap imports of the products is a major threat to the products made in India.

Outlook :

Indian economy is transforming it into one of the fastest growing economy in the world. The consumer electronics and appliances market is projected to grow at rapid speed by 2020. On account of factors such as rising disposable income, easy consumer financing and growth in organized retail. The consumer durable products are becoming necessity rather than a luxury due to change in the socio - economic pattern of the society. All these changes are favorable for the growth of the consumer electronics industry.

Risks & Concerns :

The risk associated with the consumer electronics are:-

- (a) Infrastructure needs to be improved easing foreign investment procedures restructuring of the indirect tax system which in under way.
- (b) In-house research & development is very less, which is hampering development of products & features suitable to local requirements.

- (c) The Consumer Electronics and Home Appliances business is highly competitive and volatile and thereby making it difficult for companies to increase the bottom line.
- (d) There is a risk of obsolescence of technology due to changes in the technology in a short time span.
- (e) Keeping pace, making necessary changes and up gradations in the products along with the ever changing consumer preferences is also a challenge & concern for your company.

FINANCIAL AND OPERATIONAL PERFORMANCE:

The financial highlights for the fiscal 2015-2016 are dealt with in the Directors' Report. During the current year under review, your company has made a loss of rupees 1406.22 Lacs. This was mainly due absence of any orders for the products resulting in to substantial drop in sale.in the year 2015-2016.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY :

Your company has in place proper and adequate internal audit and control system which is commensurate to the size and nature of the business of the company. The company has proper and adequate internal control system in place to safeguard the assets and protect against loss from any unauthorized use or disposition. The Company's internal controls are supported by an extensive program for internal audit, review by the management and documented policies, guidelines and procedures.

The internal audit is based on an internal audit plan, which is reviewed each year in consultation the audit committee. The audit committee reviews audit reports submitted by the internal auditors. Suggestions

for improvement are considered and the audit committee follows up on corrective action.

HUMAN RESOURCES:

Your company continues to maintain a cordial and healthy atmosphere with the employees at all levels.

Your company considers the quality of its human resources to be the most important asset and places emphasis on training and development of employees at all levels. Company ensures equal opportunities to the employees to excel in their work and advance themselves in their carrier depending on their abilities. It commits itself to grow hand-in-hand with its employees, encouraging and aiding them to reach their full potential and improve their standard of living.

Industrial relations were cordial during the year under review. The total number of employees as on March 31, 2016 is 138.

CAUTIONERY STATEMENT :

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be treated as 'Forward Looking Statements' within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a down trend in consumer durable industry, significant changes in government policies, laws and political environment in India or abroad and also exchange rate fluctuations, interest and other costs.

INDEPENDENT AUDITORS' REPORT

To
The Members of Sharp India Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Sharp India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair

view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its loss, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF SHARP INDIA LIMITED ("ANNEXURE 2")

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Sharp India Limited

We have audited the internal financial controls over financial reporting of Sharp India Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2016

(All amounts in Lakhs of Rupees, unless otherwise stated)

Note- 1 : Corporate Information

Sharp India Limited ('the Company') was incorporated on July 5, 1985. The company is principally engaged in the manufacture and sale of colour televisions ('CTVs'), light emitting diode televisions ('LED TVs') and Air-conditioners ('ACs').

Sharp Corporation ('Sharp'), a company incorporated in Japan, holds 75 per cent of the issued share capital of the company. The company has a technical collaboration with Sharp for the manufacture of colour televisions ('CTVs') and ('LED TVs') & air conditioners ('ACs').

Note- 2 : Basis of preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read together with Paragraph 7 of the Companies (Accounts) Rule, 2014. The financial statements have been prepared under the historical cost convention on an accrual basis.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in the accounting policy explained below :

Note- 2.1 : Summary of significant accounting policies**Change in accounting policies**

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013 from 1 April 2015. The company was previously not identifying components of fixed asset separately for depreciation purposes; rather, a single useful life/ depreciation rate was used to depreciate each item of fixed asset.

Due to application of Schedule II to the Companies Act, 2013, the Company has changed the manner of depreciation for its fixed asset. Now, the company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. These components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

The Company has also changed its policy on recognition of cost of major inspection/ overhaul. Earlier company used to charge such cost of major inspection/ overhaul directly to statement of profit and loss, as incurred. On application of component accounting, the major inspection/ overhaul is identified as a separate component of the asset at the time of purchase of new asset and subsequently. The cost of such major inspection/overhaul is depreciated separately over the period till next major inspection/ overhaul. Upon next major inspection/ overhaul, the costs of new major inspection/ overhaul are added to the asset's cost and any amount remaining from the previous inspection/overhaul is derecognized.

On the date of component accounting becoming applicable, i.e., 1 April 2015, there was no component having zero remaining useful life. Hence, no amount has been directly adjusted against retained earnings.

There is no impact of the above change in accounting policy on the financial statements as at and for the year ended March 31, 2016.

(a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Tangible fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

The company adjusts exchange differences arising on translation/ settlement of long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset to the cost of the asset and depreciates the same over the remaining life of the asset. In accordance with MCA circular dated 09 August 2012, exchange differences adjusted to the cost of fixed assets are total differences, arising on long-term foreign currency monetary items pertaining to the acquisition of a depreciable asset, for the period. In other words, the company does not differentiate between exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other exchange difference.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The company identifies and determines cost of asset significant to the total cost of the asset having useful life that is materially different from that of the remaining life.

(c) Depreciation on tangible fixed assets

Depreciation on tangible assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management. The company has used the following rates to provide depreciation on its fixed assets:

Particulars	Useful lives estimated by the management (years)
Buildings	
- Factory	29.94
- Others	60
Plant and machinery	2-15
Moulds, jigs and fixtures	3-6.17
Furniture, fittings and equipment (including office equipments)	4-10
Computers	3-6
Vehicles	5

The management has estimated, supported by independent assessment by professionals, the useful lives of certain Plant and machinery, Factory buildings, Moulds, jigs and fixtures, Vehicles and Office equipments as per table above, which are lower than those indicated in Schedule II.

(d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangible assets excluding capitalised development costs are not capitalised and are reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Intangible assets amortised on straight line basis over the estimated useful economic life. The company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If persuasive evidence exists to the effect that useful life of an intangible asset exceeds ten years, the company amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from the previous estimates, the amortisation period is changed accordingly. The amortisation period of the intangible assets are given below:

SAP software - 6 years

Technical know-how and Model fees for Air conditioner 3 years and LCD-1 year

Gains or losses arising from de-recognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

(e) Impairment of tangible and intangible assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss, except for previously revalued tangible fixed assets, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the company estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

(f) Borrowing costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(g) Leases

Operating lease- Where company is the lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

(h) Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a weighted average basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.

Traded goods are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and that the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of goods

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, on the basis of terms of sale and are recorded net of trade discounts and sales taxes, but including excise duty. The company collects sales taxes and value added taxes (VAT) on behalf of the government and therefore, these are not economic benefits flowing to the company. Hence they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable. Interest income is included under the head "other income" in the statement of profit and loss.

Export incentives

Export incentives consist of duty drawback income which is recognised in statement of profit and loss on the basis of realisation of claims from the concerned authority.

(j) Foreign currency translation

Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

Exchange differences

Exchange differences arising on the settlement of monetary items of the company at rates different from those at which they were initially recorded are recognised as income or expenses, in the period in which they arise.

Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contract is amortised and recognised as an expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the period.

(k) Retirement and other employee benefits

Retirement benefits to employees comprise of gratuity, contributions to superannuation, pension fund, provident fund and employee deposit linked insurance as per the approved scheme of the company.

Retirement benefit in the form of provident fund, pension fund and employee deposit linked insurance are defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund, pension fund and employee deposit linked insurance. The company recognizes contribution payable to the provident fund, pension fund and employee deposit linked insurance as expenditure, when an employee renders the related service. If the contribution payable to provident fund, pension fund and employee deposit linked insurance for services received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contributions already paid. If the contributions already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Contributions to superannuation fund with LIC through its employees' trust are charged to the statement of profit and loss on an accrual basis. There are no obligations other than the contribution made each year.

Gratuity liability is a defined benefit obligation and is provided on the basis of an actuarial valuation made at the end of each financial year. The actuarial valuation is done as per projected unit credit method. Actuarial gains and losses are recognised in full in the period in which they occur in the statement of profit and loss.

Long term compensated absences are provided for based on actuarial valuation at the end of each financial year. The actuarial valuation is done as per projected unit credit method. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as current in the balance sheet, since it does not have an unconditional right to defer its settlement for more than 12 months after the reporting date.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss immediately.

(l) Income tax

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date the company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer virtually certain, that sufficient future taxable income will be

available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes virtually certain, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

(m) Earnings per share

Basic earnings/loss per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average numbers of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(n) Provisions

A provision is recognised when the company has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

(o) Cash and cash equivalents

Cash and cash equivalents in the balance sheet and for the purposes of cash flow statement comprise of cash at bank and in hand and short-term investments with an original maturity of three months or less.

(p) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. The company does not recognise a contingent liability but discloses its existence in the financial statements.

(q) Segment reporting

Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

Inter-segment transfers

The company generally accounts for intersegment sales and transfers at cost plus appropriate margins.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

(r) Measurement of EBITDA

As permitted by the guidance note on the Revised Schedule VI to the Companies Act 1956, the company has elected to present earnings before interest cost, tax, depreciation and amortisation (EBITDA) as a separate line item on the face of the statement of profit and loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortisation expenses, finance cost and tax expense.
