MANAGEMENT DISCUSSION AND ANALYSIS

[Schedule V – Regulation 34(3) of SEBI (LODR) Regulations, 2015]

Introduction

Management Discussion and Analysis mainly comprises of the statements which, inter-alia, involve predictions based on perceptions and may, therefore, be prone to risks and uncertainties. It is the sum total of the Company's expectations, beliefs, estimates and projections which may be forward looking within the meaning of applicable laws and regulations. The actual results could differ materially from those expressed herein specifically or impliedly.

a) Industry structure and developments

In India, many states announced Capital subsidy and interest subsidy apart from Technology Up-gradation Fund Scheme (TUFS) announced by Government of India for New investments in Textile Sector. However, under Amended Technology Up-Gradation Fund Scheme (ATUFS) the capital investment subsidy is available to textile industries other than spinning sector. The pace of investments was not higher than the previous years due to reduced yarn export and downward trend of crude oil price during the year 2015-16.

With positive sentiments about consistent growth projections for India, we expect to do well in coming year.

b) Opportunities & Threats

We expect that there will be good growth potential in Apparel sector. With the growth of Automobile industries, demand for Technical and home textiles will also grow. The awareness of fashion amongst the youngsters is pushing up per capita consumption of Textiles in India. The Government of India has been given special incentives to garment sector under TUF Scheme, which is an opportunity.

The downward trend in Petroleum products creating uncertainty in the Textile chain as a whole, resulting which there may be fall in the yarn prices & profitability. Also there is shortage of skilled / unskilled labour, which may also effects the working of the company.

c) Segment-wise performance

The Company has only one line of business, namely, manufacturing of Synthetic Blended Yarn. The Company has no activity outside India except export of yarn manufactured in India; therefore, there is no geographical segment and no segment wise information is required.

d) Outlook

The company continues to modernize its plant and machinery and add balancing equipment. The production capacity increased from 50336 to 52976 Spindles during the Financial Year 2015-16.

The company has planned to replace 7632 spindles, along with other balancing machinery for modernization of plant & machinery and up-gradation of Effluent Treatment Plant to the level of Zero Liquid Discharge in the year 2016-17. This would enable the company to improve productivity as well as quality of its products and fulfill requirement under Rajasthan Pollution Control Act.

The company's performance in the current year is expected to be satisfactory.

e) Risks & Concerns

Volatile oil prices directly influence pressure on Polyester Fibre prices almost on daily basis. This cannot be passed on to the customers on day to day basis. Hence new element of risk has been introduced in yarn industry. Also the non-availability of trained/skilled man power is a matter of concern.

f) Internal control systems and their adequacy

The company has a professional internal control system, which provides adequate safeguards and effective monitoring of transactions. The company has a strong internal audit system and an independent Internal Auditor. The Internal Auditor reports to the Chairman, and the Audit Committee of the Board. Personnel of the Internal Auditor conduct periodical audits in all the areas to ensure that the company's control mechanism is properly followed and all statutory requirements are duly complied with.

g) Discussion on financial performance with respect to operating performance

The operating performance of the Company has been discussed in Directors Report under the head Financial Results, Operations and Prospects. The profit before tax for the year 2015-16 was at Rs 30.58 crores as against Rs.28.75 crores in the year 2014-15.

h) Material developments in Human Resources / Industrial Relations front, including number of people employed

The company treats its human resources as its most important asset and believes in its contribution to the all-round growth of the company. Your company's progress is a reflection and outcome of the human resources it has. Your company has fostered a culture of ownership, accountability and self-evaluation that encourages employees to continuously improve on their efficiency. The industrial relations remained cordial throughout the year.

i) Overview of the company's performance

During the year 2015-16, the production of Synthetic Blended Yarn was marginally lower i.e. 176 lac kg as compared to 184 lac kg., in 2014-15 and the gross revenue decreased by 14.34% from Rs.316 crores to Rs.271 crores in 2015-16. The gross revenue decreased due to reduction in sale volume and price of finished product. However, the profit were higher because of reduction in raw material prices. Your company achieved a net profit Rs.20.10 crores in 2015-16 as against Rs.18.85 Crores during the previous year, which is higher by 6.63%. The earnings per share for the year 2015-16 was Rs.9.30, as compared to the previous year's Rs.8.72.

j) Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's expectations or predictions may be forward looking within the meaning of applicable laws or regulations. Actual results may differ materially from those expressed or implied.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of "APM INDUSTRIES LIMITED ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating

effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
