2. PERFORMANCE

The sales and other income of the company has improved from ₹ 534 crores to ₹ 568 crores despite there being a demand compression for some finished goods used by the FMCG sector which was adversely affected from poor rural demand due to consecutive droughts in the Country. The Earnings before Interest, tax and Depreciation came in at ₹ 63.07 crores (₹ 65.55) which after interest of ₹ 15.28 crores (₹ 17.77 crores) and depreciation of ₹ 12.11 crores (₹ 13.29 crores) resulted in Net profit before tax at ₹ 35.68 crores (₹ 34.49 crores). The availability of the basic raw material at higher price did impact the operating margin of the Company.

Since the matter is subjudice, the Department has continuously been issuing the show cause notices against the differential duty. So the demand is totally baseless and without any substance. The company has been manufacturing Maize Starch by following the standard Wet Milling Process for the last many decades and the product is sold and accepted by the market as Maize Starch, so the company does not foresee any liability to crystallize on this account. Other items include show cause notice concerning demand of ₹ 1.19 crores on exempted goods and the case is pending before the Commissioner, Central Excise and ₹ 1.05 Crores wrongly levied for R&C measures by A.P. ANNEXURE 'A' TO THE DIRECTORS' REPORT

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS SEGMENT :

Your company is one of the large manufacturers of Starch and its derivatives in India. It has manufacturing facilities in four states i.e. Phagwara in Punjab, Gurplah in Himachal Pradesh, Malda in West Bengal and Nizamabad in Telengana. The company is fully equipped for developing, manufacturing and distribution of Maize Starch, Dextrins, Liquid Glucose, Malto-dextrins, Dextrose Monohydrate, Dextrose Anhydrous, Sorbitol 70% Sol. and bye products like Maize Oil, Maize Oil Cake, Corn Gluten etc. The manufacturing facilities have well equipped Research & Development units to continuously improve the product-line and their applications.

The company's products enjoy an enviable position in the market and the company believes that quality is the lifeline of every business. It follows a balanced fair business policy for dealing with all stakeholders including its vendors and customers. The Management works with a vision to maximize shareholders' value by following fully transparent and most ethical business practices.

The company's products find extensive use mainly in four vital sectors like Food, Textiles, Pharmaceuticals and Paper. The multi-locational presence of the company has enabled it to increase its market visibility with extensive geographical reach and broader customer base. The Company has an excellent customer profile, which includes multinational companies and leading corporates in the field of Food, FMCG, Textile, Pharmaceuticals and Papers etc.

OPPORTUNITIES, THREATS/CONCERNS :

The Starch Industry appears to be in the take off stage in the country as per capita consumption of Maize Starch is much lower than the world average. Even, our neighboring country China's per capita consumption of starch is 4-5 times higher than that of our per capita consumption. So, the industry in our country has to grow at a faster pace, to at least come near the world average.

The products of the industry find wider use in Food Industry where phenomenal growth is expected due to fast changing food habits of the working class in the country. Presently, Maize Starch has a very limited use in India whereas it finds more than 1000 applications in the developing countries. Nearly one-fourth of stock keeping units in a modern grocery store contain Starch in one form or the other, ranging from Tooth Paste, Detergent, Paper, Dyes, Soaps to artificial sweeteners. Starch also finds wider application in food containers, plastic food packaging, baby food powder, medicines, vitamin tablets, textile products, candies and so on. The use of Maize Starch in the manufacture of biodegradable plastic packaging offers an excellent opportunity for the industry as Govt. moves to ban the use of plastic packaging to control environmental hazards.

The industry faces major threats/risk on the raw material front as Maize is its basic raw material, which is an

ANNEXURE 'A' TO THE DIRECTORS' REPORT

agriculture produce. The availability and price of Maize remain very volatile as its production/cultivation is subject to natural vagaries.

Corn Milling Industry is one of the largest consumers of Corn worldwide. About two-third of starch produced globally is made out of Corn. Indian Starch industry consumes about 14-15% of total Maize produced in the country. The annual Maize production, which had reached a level of 25+ Million tons, has come down drastically in the last two years owing to consecutive droughts. The crop has been adversely affected in major Maize growing states of the country like Karnataka, Maharashtra, Telangana & Andhra Pradesh. Total global yearly production of Maize is much higher at 950+ Million Tons with USA, Argentina, Brazil & Ukrain producing about 80% of the total production in the world.

Maize production, in India, continues to be in the primitive stage and has a very long way to go to come of age. Besides, low acreage, country's productivity is less than half of the global average production of Maize per hectare. Currently hybrids constitute only about 35% of the area in India against 80% in the U.S. So, spurring Maize production in the country is a technological intervention in the form of hybridization. The area under Maize hybrids needs to be expanded every year to achieve a surge in production, which has a potential to double in the next 10 years, if there is a clear focus on increasing productivity.

It is also important to ensure proper price discovery of Maize and employ better marketing practices to offer better realization for the small and marginal farmers and optimize costs to the consumers.

Other concerns / risks include competition in the market place, low demand for Company's products due to poor economic conditions and consequent margin risks.

PERFORMANCE AND FUTURE OUTLOOK :

The sales and other income of the Company has improved from ₹ 534 crores to ₹ 568 crores despite there being a demand compression for some finished goods used by the FMCG sector which was adversely affected from poor rural demand due to consecutive droughts in the Country. The Earnings before Interest, tax and Depreciation came in at ₹ 63.07 crores (₹65.55 crores) which after interest of ₹15.28 crores (₹17.77 crores) and depreciation of ₹12.11 crores (₹13.29 crores) resulted in Net profit before tax at ₹ 35.68 crores (₹ 34.49 Crores). Substantial reduction in interest cost has been achieved due to prudent fund management and lower carrying cost of raw material. Company continuous to enjoy good credit ratings from the rating agency. The availability of basic raw material being maize remains a concern throughout the year due to consecutive droughts in the major maize producing states of the country. The availability of the basic raw material at higher price did impact the operating margin of the Company.

INDEPENDENT AUDITORS' REPORT

ANNEXURE B TO THE AUDITORS' REPORT :

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Sukhjit Starch & Chemicals Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. **Contingent Liabilities not provided for include :**
 - (i) **LCs / Bank Guarantees** issued for ₹ 350.33 lacs (Previous Year ₹ 294.64 lacs) in favour of West Bengal State Electricity Board & Himachal Pradesh State Electricity Board for power connection of Malda unit & Gurplah unit, Assistant Excise & Taxation Commissioner for VAT rebate, Commissioner of Customs / Jt. Director of Foreign Trade for the import of machinery under EPCG licence etc.
 - (ii) **Central Excise Duty** : Disputed Liabilities, not provided as expense in the accounts, comprise of ₹ 27.18 Crores. The amount mainly includes ₹ 24.94 Crores as disputed Central Excise Duty (excluding penalty and interest) demand raised by the Central Excise Department since 01/04/1997 alleging the sale of Maize Starch as that of Modified Starch. Since the matter is subjudice, the Department has continuously been issuing the show cause notice against the differential duty. However, pertinent to mention that the product has been repeatedly got tested by the Department from its Central Revenue Laboratory where it has been clearly held to be Maize Starch. So the demand is totally baseless and without any substance. The company has been manufacturing Maize Starch by following the standard Wet Milling Process for the last many decades and the product is sold and accepted by the market as Maize Starch, so the company does not foresee any liability to crystallize on this account. Other items include show cause notice concerning demand of ₹ 1.19 crores on exempted goods and the case is pending before the Commissioner, Central Excise and Rs. 1.05 Crores wrongly levied for R&C measures by A.P. Northern Power Distribution Company Ltd., Nizamabad against exemption enjoyed by the unit, the matter is pending before the Hon'ble High Court of Andhra Pradesh.

ANNEXURE A TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Sukhjit Starch & Chemicals Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

INDEPENDENT AUDITORS' REPORT

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

INDEPENDENT AUDITORS' REPORT

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2016

32. Figures for the previous year have been recast / regrouped wherever necessary.
33. Contingent Liabilities not provided for include :
- (a) **LCs / Bank Guarantees** issued for ₹ 350.33 lacs (Previous Year ₹ 294.64 lacs) in favour of West Bengal State Electricity Board & Himachal Pradesh State Electricity Board for power connection of Malda unit & Gurplah unit, Assistant Excise & Taxation Commissioner for VAT rebate, Commissioner of Customs / Jt. Director of Foreign Trade for the import of machinery under EPCG licence etc.
- (b) **Central Excise Duty** : Disputed Liabilities, not provided as expense in the accounts, comprise of ₹27.18 Crores. The amount mainly includes ₹ 24.94 Crores as disputed Central Excise Duty (excluding penalty and interest) demand raised by the Central Excise Department since 01/04/1997 alleging the sale of Maize Starch as that of Modified Starch. Since the matter is subjudice, the Department has continuously been issuing the show cause notice against the differential duty. However, pertinent to mention that the product has been repeatedly got tested by the Department from its Central Revenue Laboratory where it has been clearly held to be Maize Starch. So the demand is totally baseless and without any substance. The company has been manufacturing Maize Starch by following the standard Wet Milling Process for the last many decades and the product is sold and accepted by the market as Maize Starch, so the company does not foresee any liability to crystallize on this account. Other items include show cause notice concerning demand of ₹1.19 crores on exempted goods and the case is pending before the Commissioner, Central Excise and Rs. 1.05 Crores wrongly levied for R&C measures by A.P. Northern Power Distribution Company Ltd., Nizamabad against exemption enjoyed by the unit, the matter is pending before the Hon'ble High Court of Andhra Pradesh.
- (c) Estimated value of contracts remaining to be executed on capital account and not provided for (net of advances) : ₹ 3.00 crores (Prev. year ₹ 6.70 crores)
- (d) Export obligation pending to be fulfilled is US\$ 8.81 lacs (Prev. year US\$ 8.61 lacs) in next 6 years under EPCG scheme of the Central Government against import of capital goods at concessional rates. The company has achieved an export turnover of US\$ 13.00 lacs during the year under reference (Prev. Year US\$ 7.21 lacs).
