ANNEXURE TO DIRECTORS' REPORT**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****OVERVIEW:**

Indian pharmaceutical industry can be defined as a success story providing employment for millions and ensuring that essential drugs are available at affordable prices to the vast population of Indian sub-continent.

The pharmaceutical industry remained largely unaffected by the economic slowdown, especially critical therapies. The Company diversified its global presence, regulated and emerging economies, making it possible to sustain growth despite short-term slowdowns in any geography. Besides, the Company focus on commercializing products in emerging areas translated into industry out-performance. The Company focused on widening its product basket and increasing product registrations, as a result of which growth is expected to accelerate.

There has been no occurrence of any event or circumstance since the date of the last financial statements that may materially and adversely affect or is likely to affect the trading or profitability of our Company or the value of our assets or our ability to pay our liabilities.

INDUSTRY STRUCTURE & DEVELOPMENT:

As in the present scenario, only a few people can afford costly drugs, which have increased price sensitivity in the pharmaceutical market, the companies are trying to capture the market by introducing high quality and low price medicines and drugs. Driven by growing number of pharmaceutical units, increased knowledge skills, improved quality and increasing national as well as international demand, India is now recognized as a leading global player.

The Indian Pharmaceuticals markets is witnessing dynamic changing trends such as large acquisitions by multinational companies in India, increasing investment by domestic and international players in India, deeper penetration into the rural markets, growth and availability of health care and incentives for setting up special economic zones (SEZ's). We believe these trends combined with increased purchasing power and access to good quality medical care will continue to propel the domestic pharmaceutical industry to new heights.

The Indian Pharma industry is on the threshold of becoming a major global market by 2020. Many experts believe that the industry has the potential to grow at an accelerated 15 to 20 % CAGR for the next 6 years to reach between US \$ 49 billion to US \$ 74 billion in 2020.

GLOBAL ECONOMY:

The global Pharma industry is under serious pressure from a large number of innovator molecules facing patent expiration, a thin pipeline of new drugs, regulatory challenges and pricing pressures. Indian Pharma industry expects over 40% of the global Pharma industry's incremental growth over the next decade to come from emerging markets.

INDIAN ECONOMY:

Indian policy makers have been boosting growth at the cost of macro stability risks, reflected in high inflation, a widening current account deficit and tight inter-bank liquidity due to low deposit growth. Overall macro conditions will remain vulnerable over the next 4-5 months. Inflation, while moderating, will remain above the RBI's comfort zone; while we believe the current account deficit will also stay relatively high.

There is additional risk of pass through of agricultural and commodity prices.

RISKS & CONCERNS:

The business of the company totally depends upon the changes taking place in the economy either it be relating to fluctuations in stock and capital market, regulations governing such markets, government policies, taxation policies, changes taking place in global economies, etc. The growth of industry provides necessary opportunities for the company to grow. However the company is under constant pressure due to steep competition from unorganized sector and industrial scenario in the nearby area.

The company's strength is built around domestic and international marketing network. The company has a network of 3 marketing offices in India as well as over 30 corporate customers and over 3 channel partners as a part of its domestic network which is comprised from various industry segments, allowing the company to de-risk its business.

The company does face threats from imports and other new emerging players in these product lines.

SEGMENT-WISE PERFORMANCE:

The operation of the company consists of the single statement. Hence, Accounting Standard on Segment Reporting (AS-17) issued by The Institute of Chartered Accountants of India does not apply.

FUTURE OUTLOOK:

The company's future plans are based on experience and ongoing market research for future growth in demand of our key products in the domestic and international markets. Our objective is to concentrate on better margin yielding products and exploit growing market opportunities for these products. For this we are planning for new strategies to be laid down in near future which would help the Company to achieve higher growths and establishment.

Also, we are committed to deliver quality products on a consistent basis and at competitive prices. Our strategy has been to develop strong customer relationship and to be a customer driven Company.

Commodities prices have maintained high volatility, making it difficult to take long-term view on prices continue affect the fuel prices. The appreciation of Rupee against dollar has further been a cause of concern for exporters.

Factors that may affect results of the operations:

Financial conditions and results of operations of the company are affected by numerous factors inter alia-

- Growth of unorganized sector and threat from local regional players
- Change in freight and forwarding charges
- General economic and business conditions
- Company's ability to successfully implement our growth strategy
- Prices of raw materials the company consume and the products it manufacture
- Changes in laws and regulations relating to the industry in which the company operates
- Changes in political and social conditions in India
- Any adverse outcome in the legal proceedings in which the company is involved
- The loss or shutdown of operations of our Company at any time due to strike or labor unrest or any other reason.

Results of Operations:

During the year the Company has achieved a turnover of **Rs. 112542721/-** compared to **Rs. 134813572/-**. Profit before exceptional and extraordinary items and tax in 2016-17 was at 1701210/- compared to Rs 2707501 /- in the previous financial year. Net profit after tax stood at 11,66,060/-, as against Rs. 16,65,564/- in the previous fiscal

INTERNAL CONTROL AND ADEQUACY:

The Company has a defined organization structure and has developed well policy guidelines with predefined authority levels. An extensive system of internal controls to ensure optimal utilization of resources and accurate reporting of financial transactions and strict compliance with applicable laws and regulations has also been implemented. The Company has put in place sufficient systems to ensure that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are authorized, recorded and reported correctly. Also, the company has an exhaustive budgetary control system to monitor capital related as well as other costs,

against approved budgets on an ongoing basis. against approved budgets on an ongoing basis.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT:

The Company's human resources philosophy is to establish and build a strong performance driven culture with greater accountability and responsibility at all levels. To that extent the Company views performance and capability as a combination of the right people in the right jobs, supported by the right processes, systems, structure and metrics.

The Industrial relations remained normal at all locations and there were no significant labor issues outstanding or remaining unresolved during the year. The Board of Directors and the Management wish to place on record their application of the efforts put in by all employees to achieve record performance. The ultimate aim of the management is to create a dependable work force that will play a key role in transforming this Company into a global player in the industry.

The industrial relations climate of the Company remained cordial during the year and continues to be focused towards improving quality and capability.

CAUTIONARY STATEMENT:

Statements in this "Management Discussion and Analysis" describing the Company's objectives, expectations or predictions are forward looking within the meaning of applicable laws and regulations. INDEPENDENT AUDITOR'S REPORT

To
THE MEMBERS
BERYL DRUGS LTD.

Report on the Financial Statement

We have audited the accompanying financial statements of Beryl Drugs Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year ended, and a summary of Significant Accounting Policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters, which are required to be included in the audit report under the provisions of the Act, and the Rules made there under.

We conducted our audit in accordance with Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amount and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

ANNEXURE B TO THE AUDITOR'S REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Beryl Drugs Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
