**“Annexure B” to the Independent Auditors Report of the even date on the financial statements of
Ashram online. Com Limited**

**Report on the Internal Financial Controls under clause (i) of sub-section 3 of the section 143 of the
Companies Act, 2013 (“the Act”)**

I have audited the internal financial controls over the financial reporting of Kreon Financial Services Limited (“the Company”) as of March 31st, 2017 in conjunction with my audit of financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on established criteria of the company based on essential components of internal controls stated by Guidance note issued ICAI in this regard. This responsibility also includes design, implementation and maintenance of adequate Internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

My responsibility is to express an opinion on the company’s internal financial controls over the financial reporting based on my audit. I conducted my audit in accordance with Guidance note on audit of internal financial controls over financial reporting (the Guidance note) and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal

financial controls, both applicable to an audit of Internal financial controls and both issued by ICAI. Those standards and the guidance note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing, evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatements of the financial statements, whether due to fraud or error.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting included those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipt and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effects on the financial statements.

Inherent Limitations of Internal financial controls over financial reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to the future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of change in conditions, or that the degree of compliance with the policies or procedure may deteriorate.

Opinion

In my opinion, the company has, in all material respects has an adequate internal financial control systems over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on established policies of the company based on essential components of internal controls as stated in Guidance note issued by ICAI in this regard..
