There are two ways to react to a setback.

One, to let it bring you down. Two, to take it in your stride, learn the lessons and create a powerful position to rise from the next time.

The year that has gone by may not have been one of our most spectacular ones. But, it definitely has been the preparing ground for an even stronger business model. We've geared up our core capabilities, expertise, and strategies, which would help us turn the tides to our favour the next time.

In other words, we are now positioned to emerge stronger.

And to leave an example worth following!.

From the Desk of Managing Director

Dear Shareholders,

We all know that the small and medium enterprises (SMEs) contribute to the growth of any economy. India is no exception. The growth of the SME segment has been immense, considering the size of the country, the needs of our population and the large proportion of young aspiring entrepreneurs. However, as the SMEs have limited statutory certified information and keep minimal records, the supply of finance to this sector has always been minimal. If the SMEs are properly funded, our GDP growth can increase from 7-8% to 9-10%. At Intec, we are committed to financing the SMEs. We have been working with this sector for the last 22 years and hence have the requisite domain knowledge.

Economy Outlook

While global growth improved marginally during the year, the Indian economy managed to clock 7.6% GDP growth, making it the fastest growing major economy in the world. The growth in India has been primarily because of consumption, increase in per capita income and, to some extent, due to the capital expenditures undertaken by the government. Taking advantage of the drop in international oil prices during the year under review, the government excelled in fiscal management by adhering to its targets, rationalizing subsidies, and expanding investments in infrastructure. However, the muted global demand has resulted

in 17 consecutive months of declining exports from India and the consequent excess capacity in the manufacturing sector leading to no new investments in capacity creation. For the economy, it will be a while until the investment in capacity creation picks up pace, and thereby increases the sale of capital goods.

The policy stalemate that had gripped the nation a few years ago is certainly over now. The present government has brought a sense of purpose and urgency to its functioning. A series of reforms and practical guidelines spanning multiple sectors has once again gotten the global investor community interested in the Indian growth story. It is no coincidence that the inbound foreign direct investment to India had reached a record high during the period under review, though the domestic product growth has been mostly consumption driven in the recent times. Key economic indicators like volume of cargo traffic at ports, sale of two wheelers, three wheelers and commercial vehicle, cement production and steel consumption, amongst others, point towards a nascent recovery on the investment side. On the infrastructure front, the government announced a number of sectoral schemes, stepped up public investment, restarted many stalled projects and ushered in a sense of competitive federalism. The government has even roped in

governments of other nations to jointly implement the flagship infrastructure projects. In addition, the government has conceptualized new investment vehicles which can channelize funds from India and abroad into India's infrastructure projects.

The government's effort to push land and labour reforms by encouraging state governments to frame their own policies is a strategic masterstroke and can do wonders for industrialization and infrastructure. The government also deserves credit for its attempt to enhance the ease of doing business through better centre-state coordination. The government has done well in improving the tax administration and its immediate aim should be to roll out the goods and service tax act 2016. A predictable tax regime can do wonders in reviving the investment climate and bringing about a new spurt of entrepreneurship. To sum up, the business scenario is much better today than it was during the last 3-4 years. A strong foundation for long-term growth is being laid. Things can only get better from here. Corrective action is being taken sector wise on several fronts and this is paving the way for a more robust economy.

Company outlook

During the year your company posted an income of Rs. 13,172.59 Lakhs and registered a net profit after tax of Rs. 643.02 Lakhs. Your company's

disbursements during FY 2015-16 stood at Rs. 35,792.24 Lakhs and total consolidated assets under management were at Rs. 91,847.03 Lakhs. Looking at the macroeconomic scenario, the management is adopting a cautious approach and is being careful about the quality of assets. We are continuously working on improving the quality of portfolio and NPA are being aggressively followed for recovery. A lot of work is being done on the analysis of risk and the learning is being used in upgrading the underwriting methodologies. The focus is to generate a good quality portfolio.

For any NBFC, collection is critical and in this tough economic environment it gains even more importance. For the coming year we will have a huge focus on collections. We have appointed a specialized team to work on stressed assets. The legal infrastructure we have today is very strong and is helping us recover from difficult and delinquent accounts. We have appointed a strong in-house telecalling team which supports the collection team in getting in touch with the customers and generating promises to pay. We are seeing a lot of traction in collection with some of the old vintage accounts coming to us for settlement. The improvement in the economy will help us recover faster in the coming year.

The speed of providing finance is crucial for every NBFC. We at Intec are continuously working to ensure that our customers get the finance in the shortest possible time. As an organization, we continue to strengthen and streamline our processes, push our vendors for faster service, train our team for faster delivery, move to rationalize documentation and use technology to the maximum to reduce turnaround time.

There has been a lot of focus on rationalization of costs. The avoidable expenses have been reduced. We have re-negotiated terms with a lot of vendors and renewed the agreements with favorable terms. We have also done a consolidation in the level of supervisory staff and come up with effective and productive organization structure. We are looking at innovative ways of reducing costs and maximising profitability.

As an organization, earlier we were focused on the manufacturing sector alone, but now we have started focusing on the trading and services sectors as well. We are developing products which will help business growth in these sectors. With these new products in place we would be in a better position to combat the down trends in core sectors, which have been impacting our organization growth for last 2-3 years.

Online Traction

Visibility on the internet is one of the major sources of enquiries and business. A lot of business generation happens online today. Therefore we are looking at having a new website which is going to be more interactive and will carry all information on our products and services. We want to communicate about our newest offering to our customers at the earliest. In line with the constantly changing digital landscape, we are enhancing our robust technology platform to ensure customer satisfaction and are thereby moving in step with Digital India.

As an organization, we have to continuously remain profitable. Hence, we might have to look at merging branches which are not profitable or we might have to focus on having lesser branches and more number of customers.

Way Forward

India is now rapidly entering a phase of massive entrepreneurship.

Firstly, we are moving towards 'retailisation' to address the multiple sector needs which would give us high returns. Retailisation helps us in growing the margins, reducing the risks and increasing the opportunities to serve more customers. As an organization, we are continuously reducing our ticket size of disbursement.

Technology continues to be a key differentiator in every sphere of life and work. We have to effectively use IT in every aspect of our business. We have leveraged our technology capabilities to facilitate faster and convenient processes, create best in class technology platform and optimise transactional costs.

At Intec, our intellectual capital is a critical asset. We aim to attract, train and retain talent to create effective partnerships to fuel the growth for the organization. Our practices and processes enable our people to deliver the best results, build upon their own capabilities, and get recognized for their efforts.

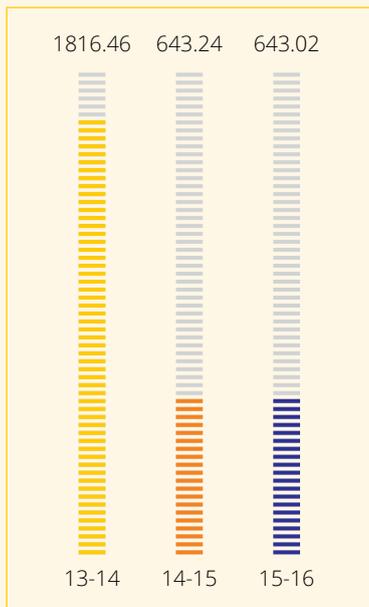

Change is never easy. But the time has come to move Intec aggressively and with increased focus and accountability. There is a lot of work to be done and whatever be challenges ahead, we'll tide past them.

On behalf of Intec and the Board of Directors, I would hereby like to extend my respect and gratitude to our shareholders, customers, bankers, and business partners who have always been on our side and have placed their trust in us.

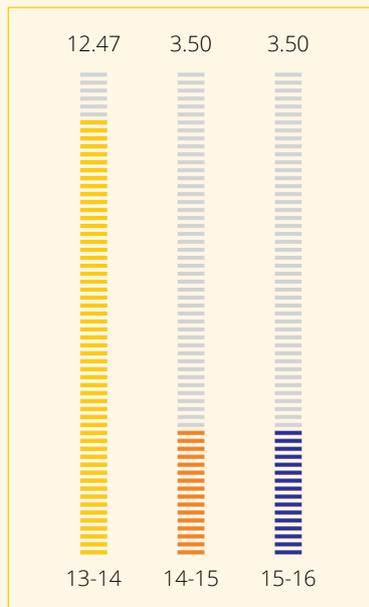

Regards
Sanjeev Goel

Management Discussion and Analysis Report

Global Economy

World economy witnessed bleak growth during 2015 primarily due to fall in prices of major commodities like oil, which is more than 60% down from its highest levels. Also, slowdown in China, world's second largest economy, was a serious headwind for global market in 2015. China had been a major importer of raw commodities from Southeast Asia, Europe and Latin America. But since China has transformed to a consumer-led economy from a manufacturing economy, the demand for all those commodities has dropped in the region. Advanced economies did not post much growth in 2015 based on weak demand due to unfavorable demographics and low productivity. The IMF downgraded its forecast for global economic growth based on Brexit after effects as it is supposed to create a wave of uncertainty amid already fragile business and consumer confidence. It is expected that the global economy would sustain at 3.1% level in the coming year as well.

GDP Growth Rate (Source: IMF)

Indian Economy

Among emerging economies, India has been one country that has post decent growth during 2015-16 at 7.6%. Urban households were the main drivers of growth during the fiscal year, as the manufacturing and services sectors expanded 7.4% and 8.9%, respectively. Lower food prices around the world pushed down inflation, which indirectly inflated real incomes, and allowed RBI to cut interest rates. Moreover, the fall in oil price directly benefited the country as for the first time in five years it exceeded its revenue collection, which helped contain the fiscal deficit and investment in infrastructure. Progressive reforms and proposed capital spending by the Central Government is expected to push the economy in the coming months.

While the prediction of a normal monsoon augurs well for 2016-17, the agriculture sector needs coherent policy measures to address sustained food price pressures and the overall rural distress. While stress in the corporate sector showed some signs of moderation in 2015-16, the risks of lower demand and weaker debt servicing capacity continue to be areas of concern in 2016-17.

Industry Overview

Non-banking finance companies (NBFCs) forms an integral part of the Indian financial system as they cater to the credit requirements of unorganized segments of society and contribute effectively for financial inclusion. The NBFCs also provide a shot in the arm to the micro, small and medium enterprises (MSMEs), which is the foundation of entrepreneurship and innovation. NBFCs primary activity involves hire-purchase finance, vehicle financing, equipment lease finance, personal loans, working capital loans, consumer loans, housing loans, loans against shares and investment, etc.

Performance of NBFC

The aggregated balance sheet of the NBFC sector expanded by 15.5 per cent on a y-o-y basis in March 2016 as compared to 15.7 per cent in the previous year. Loans and advances increased by 16.6 per cent, while, total borrowings increased by 15.3 per cent in March 2016. The financial performance of NBFC sector has remained unchanged for the last two years. Net profit as a percentage to total income remained at 18.3 per cent between March 2015 and March 2016 and RoA stood at 2.2 per cent during the same period. RoE increased to 10.6 per cent from 10.3 per cent. While the regulatory norms for the NBFC sector are sought to be brought closer to those applicable to SCBs, the performance of this sector (RoE and RoA) seems to be much better as compared to that of banks.

Asset quality and capital adequacy

GNPAs of the NBFC sector as a percentage of total advances declined to 4.6 per cent in March 2016 from 5.1 per cent in September 2015. NNPA as a percentage of total advances also declined to 2.5 percent from 2.9 per cent during the same period.

NBFC's contribution to the Indian economy has grown from 8.4% in 2006 to more than 14% in 2015 and in terms of financial assets; it has NBFCs have recorded a CAGR of 19% over the past couple of years. Lending through NBFC accounted for approximately 13% of the total credit, which is expected to reach to approx 18% by FY2018-19 (Source: PWC) based on mounting NPAs in the banking sector.

Looking at the size of the sector, it is seen that the total number of NBFCs registered with RBI is decreasing year on year, but their assets are increasing as their lending ability has increased.

NBFC segment has witnessed considerable growth in the last few years and is now being recognized as complementary to the banking sector due to implementation of innovative marketing strategies, introduction of various products, customer oriented services, attractive rates of return on deposits and simplified procedures, etc.

The Government has simplified the process of registration for NBFC in 2014 and in the Union Budget 2016; it has provided certain benefits like 5% deduction in respect of NPAs, which is likely to strengthen the sector in the long run. FDI in Indian stock exchanges was enhanced from 5 to 15%, which is likely to improve competitiveness of stock exchanges and speed up adoption of technology and global practices. 100% FDI in Asset Reconstruction Companies (ARCs) was permitted through automatic route and Foreign Portfolio Investors were allowed up to 100% of each tranche in securities receipts issued by ARCs subject to sectoral caps. Government also proposed to make necessary amendments in the SARFAESI Act 2002 to enable the sponsor of ARCs to hold up to 100% stake in the ARC and permit non-institutional investors to invest in Securitization Receipts. In order to get more investment in ARCs which play a very important role in resolution of bad debts, it proposed to provide complete pass through of income tax to securitization trusts including trusts of ARCs. The income will be taxed in the hands of the investors instead of the trust. However, the trust will be liable to deduct tax at source. The move to strengthen ARCs would strongly benefit NBFC by allowing them to raise more capital and funds.

Stress levels

Stress test on credit risk for the NBFC sector as a whole for the period ended March 2016 was carried out under three scenarios: (i) GNPA increase by 0.5 SD, (ii) GNPA increase by 1 SD and (iii) GNPA increase by 3 SD. The results indicate that in the first and second scenarios, the CRAR of the sector was marginally affected while in the third scenario, it declined to 23.3 per cent from 24.3 per cent. This however, was much above the regulatory minimum required level of 15 per cent.

SWOT Analysis

Strengths	Opportunities	Weakness	Threats
Large population	Demographic changes and under penetration	Weaker riskmanagement & technology systems	High cost of funds
Easy and fast appraisal and disbursements	Augmentation of capital and leveraging for growth	Higher regulatory restrictions	Asset quality deterioration may not only wipe out profits but also network
Able to generate higher yield on assets	Large untapped market both rural & urban	Uncertain economic and political environment	Increased FDI
Product innovation and superior delivery	New opportunities		Growing competition
Strong market			Restrictions on deposit taking NBFC
			Rising NPAs

Outlook

Non-banking financial companies (NBFCs) have been playing an important role in the Indian financial sector and this role assumes even greater significance at a time when banking institutions are focusing on cleaning up their balance sheets. In the current context, NBFCs can support the drive towards promoting inclusive growth, by catering to diverse financial needs, especially of MSMEs and individuals.

In view of the continued importance of ensuring timely flow of funds to the infrastructure sector, the Government of India has set up the National Investment and Infrastructure Fund (NIIF) in the nature of an alternative investment fund (AIF). In addition, a separate category of NBFCs, called NBFC infrastructure debt fund (NBFC-IDF) has been created. The NBFC-IDFs have also been permitted to raise funds through shorter tenor bonds and commercial papers (CPs) from the domestic market up to 10 per cent of their total outstanding borrowings.

Driven by higher disposable incomes through increased effectiveness of government schemes and the 7th Pay Commission, we remain confident of healthy growth in the consumer finance segment. On the small and medium Enterprises (SME) front, business and professional loans seem to be on a growth trajectory, but mortgage-backed loans (loan against property), which form a large proportion of the SME loans, will remain muted due to the increased competition from new entrants in the market and traditional banks, who have been successful in capturing and retaining the upper end of the ticket-sized band.

Overall, NBFCs are on their way to setting a record of a robust growth of 19–22% CAGR in retail credit to reach an AUM of approximately 6.04 trillion INR by March 2017

Highlights of FY 2015-16

During the year, the Company posted an income of Rs. 13,172.59 Lakhs and registered a net profit of Rs. 643.02 Lakhs. Your company's disbursements for FY 2015-16, stood at Rs. 35,792.24 Lakhs and total consolidated assets under management were at Rs. 91,847.03 Lakhs. The management is adopting a cautious approach and is being careful about the quality of assets. We are continuously working on improving the quality of portfolio and NPA are being aggressively followed for recovery. A lot of work is being done on the analysis of risk and the learning is being used in upgrading the underwriting methodologies. The focus is to generate a good quality portfolio.

The Company has appointed a specialized team to work on stressed assets. The legal infrastructure of the Company is very strong and is helping the Company to recover from difficult and

delinquent accounts. The Company has appointed a strong in-house telecalling team which supports the collection team in getting in touch with the customers and generating promises to pay. The Company is witnessing a lot of traction in collection with some of the old vintage accounts coming closing for settlement.

We at Intec are continuously working to ensure that our customers get the finance in the shortest possible time. As an organization, we continue to strengthen and streamline our processes, push our vendors for faster service, train our team for faster delivery, move to rationalize documentation and use technology to the maximum to reduce turnaround time.

There has been a lot of focus on rationalization of costs. The avoidable expenses have been reduced. We have done a consolidation in the level of supervisory staff, merger of lesser profitable branches and come up with effective and productive organization structure. We are looking at innovative ways of reducing costs and maximizing profitability.

Visibility on the internet is one of the major sources of enquiries and business generation. A lot of business generation happens online today. Therefore the Company is looking at having a new website which would be more interactive and carry all information on the products and services. The website would intend to communicate about the newest offering to its customers at the earliest. In line with the constantly changing digital landscape, the Company is looking to enhance its technology platform to ensure customer satisfaction and is thereby moving in step with Digital India.

Risk Management

Integral to its business, the Company takes on various types of risks, the most important of which are credit risk, market risk, liquidity risk and operational risk. The identification, measurement, monitoring and management of risks remain a key focus area for the Company.

The Board is eventually responsible for risk management, which comprises risk governance, Oversight structure and for maintaining an appropriate internal control framework. The Board reviews and approves the threshold limits of risk to be taken in line with the Company's strategic objectives. These limits are continuously monitored by an experienced risk management team and overseen by the Risk Monitoring Committee, a sub-committee of the Board.

Liquidity risk is the non-availability of cash to pay a liability that falls due. A company is deemed to be financially sound if it is in a position to carry on its business smoothly and meet all the

obligations - both long term as well as short term - without strain.

A strong banking consortium and striking a balance between sourcing funds through non-banking sources (like Commercial papers) has helped the Company maintain financial prudence over a period of time. The increased financial limits by existing banking partners and addition of new banks has also helped maintain sustainable fund flow at required times. The policy framework for liquidity and interest rate risk management is established in the Company's ALM policy which is guided by regulatory instructions.

Operational risk: In a competitive market, it is critical for any business unit to control its costs at all levels. To measure the operational efficiency, the turnover ratios and profitability ratios are used. The company's integrated technology framework, backed by its well defined credit policy, helps achieve seamless centralized operations across its pan India network. Faster loan disbursement through quick credit appraisalment has defined the operational benchmarks for the company. In addition, regular internal audits provide a check on deviation from any contingent operational inefficiency.

Credit risk: Credit risk is risk resulting from uncertainty in a counter party's willingness to meet his contractual obligations. The business character of a borrower rests on traits as trustworthiness and commitment. The Company's efficient credit management team works diligently to monitor its disbursement profile. In close collaboration with the recovery team and strong ground workforce, the Company has been successful in maintaining a low NPA over the years.

Internal Control systems

To assess the potentiality of its internal control system, Intec has implemented robust audit and control mechanisms. To ensure that all assets are safeguarded; transactions are authorized, recorded and reported properly and all applicable statutes and corporate policies are duly complied with, the Company's audit processes are made aware of the nature of its operations. The Company's internal auditors are responsible for evaluating the adequacy and efficacy of internal controls. They work closely with the Audit Committee and discuss critical audit observations for its effective monitoring.

Independent Auditor's Report

To
The Members of
Intec Capital Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Intec Capital Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment,

including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016, its profit, and its cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 2.30 of the Notes to the financial statements. As represented to us by the management, the Company is in the process of obtaining the shareholder's approval for the managerial remuneration. Pending receipt of approval, no adjustments are considered necessary in these financial statements. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - a We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF INTEC CAPITAL LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To
The Members of
Intec Capital Limited

We have audited the internal financial controls over financial reporting of Intec Capital Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based

on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

1 Corporate information

Intec Capital Limited ('the Company') incorporated in India on 15 February 1994, is registered with the Reserve Bank of India ('RBI') as a Non-Banking Financial Company ('NBFC') vide Certificate No. B-14.00731 dated 4 May 1998 in the name of Intec Securities Limited. Subsequently, due to change in name of the Company, the Company received a revised Certificate of Registration ('CoR') in the name of Intec Capital Limited on 4 November 2009 under Section 45-1A of the Reserve Bank of India Act, 1934. It is a systemically important non-deposit taking Non-Banking Financial Company (NBFC-ND-SI). The Company is primarily engaged in the business of providing machinery loans to Small and Medium Enterprises ('SME') customers. During the financial year 2014-15, Company has been registered as an Asset Finance Company ('AFC'), as defined by the RBI.

2 Significant accounting policies

(a) Basis of preparation of financial statements:

The financial statements have been prepared to comply in all material respects with the Accounting Standards ('AS') notified under section 133 of the Companies Act, 2013 (the 'Act') read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and other accounting principles generally accepted in India (IGAAP) and as per the guidelines issued by Reserve Bank of India ('RBI') as applicable to a Non-Banking Financial (Non-deposit accepting or holding) Companies ('NBFC Regulation'). The financial statements have been prepared on an accrual basis and under the historical cost convention. The notified Accounting Standards (AS) are followed by the Company insofar as they are not inconsistent with the NBFC Regulation.

The accounting policies adopted in the preparation of financial statements are consistent with those of the previous year except mentioned below.

(i) Change in Accounting Policy

The Company has changed the method of appropriating the cash collateral against its overdues balances; previously cash collateral was applied towards the overdue principal whereas w.e.f. April 01, 2015, cash collateral is applied towards the overdue principal and interest for delinquent loans. The change has resulted in an increase in the profit before tax for the year ended March 31, 2016 by ₹.447.98 Lakhs

(b) Current / non-current classification of assets / liabilities

As required by Revised Schedule III, the Company has classified assets and liabilities into current and non-

current based on the operating cycle. An operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Since in case of non-banking financial Company normal operating cycle is not readily determinable, the operating cycle has been considered as 12 months.

(c) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any changes in estimates are recognized prospectively.

(i) Change in estimates

The RBI vide its notification no DNBR. 011/CGM (CDS)-2015 dt. March 27, 2015 has revised the asset classification norms for Non-performing assets and substandard assets under its prudential norms applicable to NBFCs in a phased manner commencing from financial year ending March 31, 2016 upto the financial year ending March 31, 2018 which would result in an additional provision. The Company follows prudential norms for income recognition, asset classification and provisioning for Non-performing assets as prescribed by RBI for NBFCs and has also been making additional provision on a prudential basis. Consequent of such change, the provision is higher by ₹5.08 Lakhs for the year ended March 31, 2016.

(d) Revenue Recognition

(i) Interest income on loans is accounted for by applying the Internal Rate of Return (IRR), implicit in the agreement, on the diminishing balance of the financed amount, over the period of the agreement so as to provide a constant periodic rate of return on the net amount outstanding on the contracts.

(ii) Future accrual of interest is suspended for accounts that are contractually delinquent for more than 150 days, after setting-off of collateral amounts. Suspended income on such accounts is recognized as and when collected. Reversal of income not collected for these assets are being netted-off against income as required by the Prudential Norms.

Notes to financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

- (iii) Loan installments received are apportioned between interest income and principal portion. The principal amount is reduced from the loan outstanding, so as to achieve the constant rate of interest on the remaining balance.
 - (iv) Processing fees and other servicing fees is recognized as income on accrual basis and servicing fees on assignment of loans in respect of loans agreement is recognized as income on receipt basis.
 - (v) Dividend income on investments is accounted for as and when the right to receive the same is established.
 - (vi) Profit/ loss on sale of loan assets through direct assignment/ securitization are recognized over the residual life of loan/ pass through certificates in terms of RBI guidelines. Loss arising on account of direct assignment/ securitization is recognized upfront.
 - (vii) Interest income on fixed deposits recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
 - (viii) Income on account of overdue interest, bouncing charges received, foreclosure charges and penal charges is recognized on receipt basis.
- (e) Fixed assets, intangibles and related depreciation/ amortisation/ impairment**
- Tangible assets**
- (i) Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.
 - (ii) Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.
 - (iii) Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- Intangible assets**
- (i) Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in an amalgamation in the nature of purchase is their fair value as at the date of amalgamation. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.
 - (ii) Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the effect that useful life of an intangible asset exceeds ten years, the Company amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.
 - (iii) The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS-5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.
 - (iv) Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying

Notes to financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on Tangible asset / Amortization of Intangible asset

(i) The Company follows the straight-line method for computing the depreciation charge. Other fixed assets are depreciated on a straight line basis over their estimated economic useful lives as estimated by the management, except leasehold improvements, which are being amortized over the lease period. Such rates are higher than the corresponding depreciation rates prescribed in Schedule II of the Companies Act, 2013.

(ii) The management's estimate of the useful lives of the various fixed assets is as follows:

Asset description	Useful life (in years)
Computers and peripherals	3
Furniture and Fixtures	10
Vehicles	8
Air conditioners	10
Office equipment	5
Electrical installations	8
Intangible Assets	6
Leasehold Improvements	Lease period subject to maximum of 2 years

(iii) The Company has estimated the useful life of the following assets lower than the useful life given in the Schedule II of the Companies Act, 2013. The lower life is estimated on the basis of the usage of the assets in past.

Asset description	As per Sch. II	As per Books
Electrical installations	10 years	8 years

(f) Investment

Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which is expected to be realized within 12 months after the reporting date is also presented under 'current assets' as "current portion of long-term investments" in consonance with the current/non-current classification.

Long-term investments are stated at cost. Provision of diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments i.e., equity shares, preference shares, convertible debentures, etc.

Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the Statement of Profit and Loss.

(g) Commercial paper

Commercial paper is recognized at redemption value. The difference between redemption value and issue value is charged to profit and loss account on a Straight line method (SLM).

(h) Borrowing Cost

Borrowing costs consists of interest and other ancillary cost that an entity incurs in connection with borrowing of funds. Ancillary costs incurred in connection with the arrangement of borrowings are amortized over the tenor of borrowings.

(i) Loan

Loans are stated at the amount advanced, as reduced by the amount received upto the balance sheet date and loans assigned and less collateral money received from borrowers.

(j) Loan origination cost

Loan origination costs such as credit verification, agreement stamping, processing fee, ROC charges and valuation charges are charged to statement of profit and loss account.

(k) Sale of asset portfolios by way of assignment/ securitization

The Company undertakes sale of its loan portfolios by way of securitization/ assignment out of its loan portfolio. The assigned/ securitized portfolio is derecognized from the books of the Company in situations where the Company relinquishes its contractual rights over the underlying loan receivables and all risks and rewards are transferred to assignee/ buyer.

(l) Employee Benefits:

The Company has various schemes of retirement benefits, namely provident fund, gratuity and leave encashment.

Notes to financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

(i) Short term employee benefits:

All employee benefits payable/ available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

(ii) Other long term employee benefits:

Entitlements to annual leave are recognized when they accrue to employees. Leave entitlements can be availed while in service of employment subject to restriction on the maximum number of accumulation. The company determines the liability for such accumulated leave entitlements on the basis of actuarial valuation carried out by an independent actuary at the year end.

(iii) Defined contribution plan:

Contributions towards Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the year when the expense is actually incurred.

(iv) Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan. The Company pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The Company's contribution to gratuity fund in respect of its employees is managed by a trust, which invests the funds with Life Insurance Corporation of India ('LIC'). The present value of obligations under such defined benefit plans are based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rate used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity period approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

Gains or losses on the curtailment or settlement of any defined benefit plan are recognized when the curtailment or settlement occurs.

(m) Provision for standard, sub-standard and doubtful assets

Provision for standard and sub-standard and doubtful assets is recognized in accordance with prudential norms and guidelines issued by Reserve Bank of India from time to time. Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

In accordance with the Prudential Norms, the Company has separately shown provision for loans under short term/ long term provisions (as applicable) without netting off from loans.

(n) Current and deferred tax

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Notes to financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(o) Provision, contingent liabilities and contingent assets

The Company recognizes a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when

there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(p) Earnings per share

Basic earnings per equity share is computed by dividing net profit/ loss attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year. Diluted earnings per share is computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares except where results are anti-dilutive. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at the fair value.

(q) Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

(r) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term fixed deposits/ investments with an original maturity of three month or less.

Consolidated Financial Statements

Independent Auditor's Report

To
The Members of
Intec Capital Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Intec Capital Limited (hereinafter referred to as "the Holding Company") and its subsidiary 'M/S Amulet Technologies Limited' (the Holding Company and its subsidiary together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions

of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at March 31, 2016, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our opinion, we draw attention to Note 2.29 of the Notes to the financial statements. As represented to us by the management, the Company is in the process of obtaining the shareholder's approval for the managerial remuneration. Pending receipt of approval, no adjustments are considered necessary in these financial statements. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary company, incorporated in India, none of the directors of the Group's companies, incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary company incorporated in India, refer to our separate report in "Annexure 1" to this report;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INTEC CAPITAL LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To
The Members of
Intec Capital Limited

In conjunction with our audit of the consolidated financial statements of Intec Capital Limited as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Intec Capital Limited (hereinafter referred to as the "Holding Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company and its subsidiary, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to a subsidiary company 'M/S Amulet Technologies Limited', which is a company incorporated in India, is based on the corresponding reports of the auditors of such subsidiary incorporated in India.

2 Significant accounting policies

(a) Basis of preparation of financial statements:

The Consolidated Financial Statements comprise of the Financial Statements of Intec Capital Limited (the 'Company' or 'ICL') and its subsidiary (hereinafter collectively referred to as the 'Group').

The financial statements have been prepared to comply in all material respects with the Accounting Standards ('AS') notified under section 133 of the Companies Act, 2013 (the 'Act') read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and other accounting principles generally accepted in India (IGAAP) and as per the guidelines issued by Reserve Bank of India ('RBI') as applicable to a Non-Banking Financial (Non-deposit accepting or holding) Companies ('NBFC Regulation'). The financial statements have been prepared on an accrual basis and under the historical cost convention. The notified Accounting Standards (AS) are followed by the Company insofar as they are not inconsistent with the NBFC Regulation.

The accounting policies adopted in the preparation of financial statements are consistent with those of the previous year except mentioned below

(i) Change in Accounting Policy

The Company has changed the method of appropriating the cash collateral against its over-dues balances; previously cash collateral was

applied towards the overdue principal whereas w.e.f. April 01, 2015, cash collateral is applied towards the overdue principal and interest for delinquent loans. The change has resulted in an increase in the profit before tax for the year ended March 31, 2016 by ₹447.98 Lakhs

Principles of Consolidation:

The consolidated financial statements of the Group have been prepared in accordance with Accounting Standard 21 (AS-21) "Consolidated Financial Statements" notified by the Central Government under the Companies ('AS') notified under section 133 of the Companies Act, 2013 (the 'Act'). The consolidated financial statements have been prepared on the following basis:

- (i) The financial statements of the Holding Company and its subsidiary company have been combined on line by line basis by adding together the book value of like items of Assets, Liabilities, Income and Expenses after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
- (ii) Uniform accounting policies for like transactions and other events in similar circumstances have been adopted and presented, to the extent possible, in the same manner as the Holding Company's separate financial statements.
- (iii) The excess of cost of the Holding Company of its investment in the subsidiary over the Holding Company's portion of equity of the subsidiary as at the date of investment is recognised in the consolidated financial statements as Goodwill. It is tested for impairment on a periodic basis and written-off if found impaired.
- (iv) The excess of Holding Company's portion of equity of the Subsidiary, over cost as at the date of investment, is treated as Capital Reserve.

(b) Current / non-current classification of assets / liabilities

As required by Revised Schedule III, the Company has classified assets and liabilities into current and non-current based on the operating cycle. An operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Since in case of non-banking financial

Notes to Consolidated financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

Company normal operating cycle is not readily determinable, the operating cycle has been considered as 12 months.

(c) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any changes in estimates are recognized prospectively.

(i) Change in estimates

The RBI vide its notification no DNBR. 011/CGM (CDS)-2015 dt. March 27, 2015 has revised the asset classification norms for Non-performing assets and substandard assets under its prudential norms applicable to NBFCs in a phased manner commencing from financial year ending March 31, 2016 upto the financial year ending March 31, 2018 which would result in an additional provision. The Company follows prudential norms for income recognition, asset classification and provisioning for Non-performing assets as prescribed by RBI for NBFCs and has also been making additional provision on a prudential basis. Consequent of such change, the provision is higher by ₹5.08 Lakhs for the year ended March 31, 2016.

(d) Revenue Recognition

- (i) Interest income on loans is accounted for by applying the Internal Rate of Return (IRR), implicit in the agreement, on the diminishing balance of the financed amount, over the period of the agreement so as to provide a constant periodic rate of return on the net amount outstanding on the contracts.
- (ii) Future accrual of interest is suspended for accounts that are contractually delinquent for more than 150 days, after setting-off of collateral amounts. Suspended income on such accounts is recognized as and when collected. Reversal of income not collected for these assets are being netted-off against income as required by the Prudential Norms.
- (iii) Loan installments received are apportioned between interest income and principal portion. The principal amount is reduced from the loan

outstanding, so as to achieve the constant rate of interest on the remaining balance.

- (iv) Processing fees and other servicing fees is recognized as income on accrual basis and servicing fees on assignment of loans in respect of loans agreement is recognized as income on receipt basis.
 - (v) Dividend income on investments is accounted for as and when the right to receive the same is established.
 - (vi) Profit/ loss on sale of loan assets through direct assignment/ securitization are recognized over the residual life of loan/ pass through certificates in terms of RBI guidelines. Loss arising on account of direct assignment/ securitization is recognized upfront.
 - (vii) Interest income on fixed deposits recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
 - (viii) Income on account of overdue interest, bouncing charges received, foreclosure charges and penal charges is recognized on receipt basis.
- ### (e) Fixed assets, intangibles and related depreciation/ amortisation/ impairment

Tangible assets

- (i) Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.
- (ii) Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.
- (iii) Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Notes to Consolidated financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

Intangible assets

- (i) Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in an amalgamation in the nature of purchase is their fair value as at the date of amalgamation. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.
- (ii) Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the affect that useful life of an intangible asset exceeds ten years, the Company amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.
- (iii) The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS-5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.
- (iv) Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Depreciation on Tangible asset / Amortization of Intangible asset

- (i) The Company follows the straight-line method for computing the depreciation charge. Other fixed assets are depreciated on a straight line basis over their estimated economic useful lives as estimated by the management, except leasehold improvements, which are being amortized over the lease period. Such rates are higher than the corresponding depreciation rates prescribed in Schedule II of the Companies Act, 2013.
- (ii) The management's estimate of the useful lives of the various fixed assets is as follows:

Asset description	Useful life (in years)
Computers and peripherals	3
Furniture and Fixtures	10
Vehicles	8
Air conditioners	10
Office equipment	5
Electrical installations	8
Intangible Assets	6
Leasehold Improvements	Lease period subject to maximum of 2 years

- (iii) The Company has estimated the useful life of the following assets lower than the useful life given in the Schedule II of the Companies Act, 2013. The lower life is estimated on the basis of the usage of the assets in past.

Asset description	As per Sch. II	As per Books
Electrical installations	10 years	8 years

(f) Investment

Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, that part of long-term investments which is expected to be realized within 12 months after the reporting date is also presented under 'current assets' as "current portion of long-term investments" in consonance with the current/non-current classification.

Notes to Consolidated financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

Long-term investments are stated at cost. Provision of diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

Current investments are carried at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments i.e., equity shares, preference shares, convertible debentures, etc.

Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the Statement of Profit and Loss.

(g) Commercial paper

Commercial paper is recognized at redemption value. The difference between redemption value and issue value is charged to profit and loss account on a Straight line method (SLM).

(h) Borrowing Cost

Borrowing costs consists of interest and other ancillary cost that an entity incurs in connection with borrowing of funds. Ancillary costs incurred in connection with the arrangement of borrowings are amortized over the tenor of borrowings.

(i) Loan

Loans are stated at the amount advanced, as reduced by the amount received upto the balance sheet date and loans assigned and less collateral money received from borrowers.

(j) Loan origination cost

Loan origination costs such as credit verification, agreement stamping, processing fee, ROC charges and valuation charges are charged to statement of profit and loss account.

(k) Sale of asset portfolios by way of assignment/ securitization

The Company undertakes sale of its loan portfolios by way of securitization/ assignment out of its loan portfolio. The assigned/ securitized portfolio is de-recognized from the books of the Company in situations where the Company relinquishes its contractual rights over the underlying loan receivables and all risks and rewards are transferred to assignee/ buyer.

(l) Employee Benefits:

The Company has various schemes of retirement benefits, namely provident fund, gratuity and leave encashment.

(i) Short term employee benefits:

All employee benefits payable/ available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

(ii) Other long term employee benefits:

Entitlements to annual leave are recognized when they accrue to employees. Leave entitlements can be availed while in service of employment subject to restriction on the maximum number of accumulation. The company determines the liability for such accumulated leave entitlements on the basis of actuarial valuation carried out by an independent actuary at the year end.

(iii) Defined contribution plan:

Contributions towards Provident Fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the year when the expense is actually incurred.

(iv) Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan. The Company pays gratuity to employees who retire or resign after a minimum period of five years of continuous service. The Company's contribution to gratuity fund in respect of its employees is managed by a trust, which invests the funds with Life Insurance Corporation of India ('LIC'). The present value of obligations under such defined benefit plans are based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rate used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity period approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

Notes to Consolidated financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

Gains or losses on the curtailment or settlement of any defined benefit plan are recognized when the curtailment or settlement occurs.

(m) Provision for standard, sub-standard and doubtful assets

Provision for standard and sub-standard and doubtful assets is recognized in accordance with prudential norms and guidelines issued by Reserve Bank of India from time to time. Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

In accordance with Prudential Norms, the Company has separately shown provision for loans under short term/ long term provisions (as applicable) without netting off from loans.

(n) Current and deferred tax

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

(o) Provision, contingent liabilities and contingent assets

The Company recognizes a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Notes to Consolidated financial statements for the year ended March 31, 2016

(All amounts in Indian Rupees (₹) in lakhs, unless otherwise stated)

Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

(p) Earnings per share

Basic earnings per equity share is computed by dividing net profit/ loss attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding for the year. Diluted earnings per share is computed using the weighted average number

of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares except where results are anti-dilutive. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at the fair value.

(q) Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased asset are classified as operating leases. Operating lease charges are recognized as an expense in the Statement of Profit and Loss on a straight line basis over the lease term.

(r) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term fixed deposits/ investments with an original maturity of three month or less.

PAN*	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)
	<ul style="list-style-type: none"> • Members who have not updated their PAN with the Company/Depository Participant are requested to use the first two letters of their name and the 8 digits of the sequence number in the PAN field. • In case the sequence number is less than 8 digits enter the applicable number of 0's before the number after the first two characters of the name in CAPITAL letters. Eg. If your name is Ramesh Kumar with sequence number 1 then enter RA00000001 in the PAN field.
DOB#	Enter the Date of Birth as recorded in your demat account or in the company records for the said demat account or folio in dd/mm/yyyy format.
Bank Details#	Enter the Bank Details as recorded in your demat account or in the company records for the said demat account or folio.
	<ul style="list-style-type: none"> • Please enter the DOB or Bank Details in order to login. If the details are not recorded with the depository or company please enter the member id / folio number in the Dividend Bank details field.

- viii. After entering these details appropriately, click on "SUBMIT" tab.
- ix. Members holding shares in physical form will then reach directly the Company selection screen. However, members holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- x. For Members holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- xi. Click on the EVSN for the Intec Capital Limited on which you choose to vote.
- xii. On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- xiii. Click on the "RESOLUTIONS FILE LINK" if you wish to view the entire Resolution details.

- xiv. After selecting the resolution you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.
- xv. Once you “CONFIRM” your vote on the resolution, you will not be allowed to modify your vote.
- xvi. You can also take out print of the voting done by you by clicking on “Click here to print” option on the Voting page.
- xvii. If Demat account holder has forgotten the changed password then enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.

- Institutional shareholders (i.e. other than Individuals, HUF, NRI etc.) are required to log on to <https://www.evotingindia.com.in> and register themselves as Corporates.
- They should submit a scanned copy of the Registration Form bearing the stamp and sign of the entity to helpdesk.evoting@cdslindia.com.
- After receiving the login details they have to create a user who would be able to link the account(s) which they wish to vote on.

- The list of accounts should be mailed to helpdesk.evoting@cdslindia.com and on approval of the accounts they would be able to cast their vote.
- They should upload a scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, in PDF format in the system for the scrutinizer to verify the same.

xviii. The E-voting facility shall be available at the link www.evotingindia.com during the following voting period from 11:00 a.m. till 5:00 p.m.:

Commencement of E-voting	21st September, 2016
End of E-voting	23rd September, 2016

E-voting shall not be allowed beyond 5.00 p.m. on 23rd September, 2016. During the E-voting period, members of the Company holding equity shares either in physical form or in dematerialized form, as on the record date may cast their vote electronically through E-voting. The cut-off date for the purpose of E-voting is 17th September, 2016.

xix. In case you have any queries or issues regarding e-voting, you may refer the Frequently Asked Questions (“FAQs”) and e-voting manual available at www.evotingindia.com.in under help section or write an email to helpdesk.evoting@cdslindia.com.
