MANAGEMENT DISCUSSION AND ANALYSIS

The core business of the company is Trading and developers sector. The management discussion and analysis given below discusses the key issues of the Trading and developers sector.

I. Industry Structure and Development

This was a tough year with a continued challenging global economic scenario, putting the bricks on the growth of the major economies. During the year, expansion of global trade and services moved at a moderate pace. GDP growth however decelerated further in last year's. The Company has been formed to carry on the business of LPG bottling, distribution and transportation activity. The LPG is highly competitive industry with major stake of PSUs and MNCs in the Industry. The Company has also extended its area of operation to other allied activities and expects better growth in the coming years.

II. Opportunities and Threats

In view of the undergoing economic reforms the better prospect of the Industry seems certain. Company keeps close watch on new industrial developments to keep track of changing demand and supply trends and will grab the opportunity of developing the business and to get the momentum. The major threat to our industry is again the subsidies provided by the Central Government to the PSUs only. The entire private sector faces competitive pressures from the PSUs, which enjoys access to lower costing due to the subsidies available to them.

III. Future Outlook

The Company foresees some strategic decision with the other Corporate to overcome the stringent condition of the Company and thereby hopes to get a stand in the competitive market. The Company expects the LPG business operation to resume sooner.

IV. Risk & Concerns:

The global economy is passing through an uncertain phase. There is a marked slowdown in the major economies which could persist for some time. There is bound to be some impact of this on the Indian economy as well. RGL will therefore, be operating in a tough environment. There is no clear indication of the Government's plans with regard to revision in the prices of sensitive petroleum products. Although the Government and the upstream companies are compensating the losses suffered on the sale of sensitive products, the delays in the receipt of the monies is adding to the interest burden and hence, impacting the financial performance. RGL is therefore, likely to encounter several risks in the course of its operations.

V. Internal Control system and their adequacy

The Company has adequate system of internal controls commensurate with its size and operations to ensure orderly and efficient conduct of business. These controls ensure safeguarding of assets, reduction and detection of frauds and error, adequacy and completeness of the accounting records and timely preparation of reliable financial information.

VI. Financial performance with respect to operational performance

The financial performance of the Company for the year 2015-16 is described in Directors Report. A critical appraisal is also made by the Audit Committee before drawing Quarterly Statement of Accounts and the Board also reviewed the same on each occasion.

VII. Human Resource Management

The management firmly believes that the people are the driving force behind the growth of every organization and continues to focus on people development. The company has made optimum utilization of resources and technology and also used advanced methods and technology for the enhancement of efficiency and productivity.

VIII. Cautionary Statement:-

Statement in this management Discussion and Analysis describing the company's objectives, projections, estimates and expectations are "forward looking statements". Actual results might differ, materially from those anticipated because of changing ground realities.

IX. Environmental Protection, Health and Safety (EHS)

EHS continues to receive the highest priority in all operational and functional areas at all locations of your Company. Systematic process safety analysis, audits, periodic safety inspections are carried out by expert agencies and suitable control measures adopted for ensuring safe operations at the site. Various processes as required for Pollution Control and Environmental Protection are strictly adhered to.

X. Corporate Social Responsibility

Board of Directors of the Company has serious concern about Corporate Social Responsibility (CSR) and devised a CSR policy to carry out CSR initiatives in line with the requirements specified under the Companies Act, 2013. Since the Company has no average net profit, there is no CSR Obligation for the FY 2017-18.

We have audited the internal financial controls over financial reporting of RAJASTHAN GASES LIMITED (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

- receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018.

NOTES TO THE FINANCIAL STATEMENTS**• CORPORATE INFORMATION**

Rajasthan Gases Limited ('the Company') is a public limited Company domiciled in India and incorporated on August 27, 1993 under the provisions of the Companies Act, 1956 having its registered office at 103, Roha Orion, 16th Street Near 33rd Road, Tps III, Bandra West Mumbai City Maharashtra) 400050. The Company is listed on BSE Stock exchange and The Calcutta Stock exchange Association Ltd. The company in the past has been engaged in gas filling, transportation and distribution of gases within the limits of Rajasthan. Now the company intends for further expansion by setting up warehouse almost measuring 10,000 square feet area.

(II) SIGNIFICANT ACCOUNTING POLICIES**• Statement of compliance with Indian Accounting Standards (Ind AS)**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015. The accounting policies as set out below have been applied consistently to all years presented in these financial statements.

For all periods up to and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with the requirement of previous GAAP, which includes accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended). These financial statements for the year ended March 31, 2018 are the first financial statements under Ind AS. The date of transition to Ind AS is April 1, 2016 and the Company restated the previous Indian GAAP accounts to Ind AS compliant accounts for the financial year ended March 31, 2017.

The Company has adopted all issued Ind AS standards, as applicable, and the adoption was carried out in accordance with Ind AS 101. The transition was carried out from the Indian GAAP which was the previous GAAP.

• Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule to the Companies Act, 2013.

(c) The financial statements have been prepared in accordance with the historical cost convention and on going concern basis.

(d) Inventories:

Inventories are valued at cost or Net Realisable Value, whichever is lower. Cost is computed on weighted average cost of procurements.

(e) Recognition of Income and Expenditure

Revenues/Incomes and Costs/Expenditure are generally accounted on accrual, as they are earned or incurred.

(f) Employee Benefits:**(i) Short Term Employee Benefits**

Liabilities for wages and salaries, including non monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related services are recognized in respect of employee service up to the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(g) Taxation:

No Provision for Current tax is made as the management does not envisage any tax liability according to the provisions of the Income tax Act, 1961.

Deferred tax is recognized as the tax effect of timing differences being the differences between taxable incomes and accounting income that originated in one period and is capable of reversal in one or more subsequent period.

Since there is no virtual certainty of earning profit by the Company in near future, no deferred tax assets has been created in terms of AS-22 of the ICAI

(h) Provisions and Contingent Liabilities:

Provisions - Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability. There is no contingent liability at the year end.

(i) Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the

post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. The numbers of equity shares are adjusted for share splits and bonus shares, as appropriate.

(j) **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(k) **CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS:**

Preparing the financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Company make estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results.

(l) **FIRST TIME ADOPTION OF INDIAN ACCOUNTING STANDARDS (IND AS) Transition to Ind AS**

These are the Company's first financial statements prepared in accordance with Ind AS. The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. These financial statements for the year ended 31st March, 2018 are the first financials which the Company has prepared under Ind AS. For all periods upto and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the previously applicable Indian GAAP (previous GAAP). The adoption of Ind AS has been carried out in accordance with Ind AS 101, 'First-time Adoption of Indian Accounting Standards'. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended 31st March, 2018, together with the comparative information as at and for the year ended 31st March, 2017. The Company's opening Ind AS Balance Sheet has been prepared as at 1st April, 2016, the date of transition to Ind AS.

EXEMPTIONS AND EXCEPTIONS AVAILED**A.1 Ind AS optional exemptions**

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous previous GAAP to Ind AS.

A.1.1 Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition. This exemption can also be used for intangible assets covered by Ind AS 38 "Intangible Assets". Further, Ind AS 101 permits a first-time adopter to measure an item of property, plant and equipment at the date of transition to Ind AS at its fair value and use that fair value as its deemed cost at that date. The Company has elected to measure the items of property, plant and equipment and intangible assets at its carrying value at the transition date except for certain class of assets which are measured at fair value as deemed cost.

A.1.2 Investments in Associates:

The Company has opted para D14 and D15 and accordingly considered the previous GAAP carrying amount of Investments as deemed cost as at the transition date.

Capital Management Risk management

The Company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'current and non-current borrowings' as shown in the balance sheet). Total capital is calculated as 'equity' as shown in the balance sheet plus net debt.

(l) Event occurring after Balance Sheet Date

No material events have occurred after the balance sheet date.

(m) Related Parties Disclosure

There are no related parties as required under Ind AS 24 "Related Party Disclosures" issued by the Institute of Chartered Accountants of India.

(n) Balances of Unsecured Loans, Sundry Creditors and certain Loans & Advances are subject to confirmation and reconciliation/coursequential adjustment, if any.**(o) In the opinion of the Board there are no contingent liabilities & Commitments during the year in terms of:-**

- Claims against the company not acknowledged as debts.
 - Guarantees.
 - Any Other Sum for which the company is contingently liable.
 - Estimated amount of contracts remaining to be executed on capital account and not provided for.
 - Uncalled liability on shares and other investments partly paid.
 - Or any other commitments.
- (p)** Accounting Policies which are not specifically referred to above are consistent with the generally accepted accounting practices.
- (q)** There was no employee of the Company during the year drawing remuneration @ Rs. 10200000/- P.A. or more if employed for whole of the year or Rs. Rs. 850000/- P.M. More if employed for part of the year.
- (r)** Segment Reporting as defined in IndAS-108, is not applicable to the Company as the Company at present is involved in only one business segment i.e. natural gases and has only one Geographical segment i.e. India.
- (s)** Figures of the previous year have been regrouped and rearranged wherever necessary, to make them comparable with the current year figures.
