We are Indians. We are optimists. We are proud of our country being the largest democracy in the world. We are proud of its secular fabric. We are proud of our Constitution. And we are proud of Indian judiciary that protects them all.

In the aftermath of the payment default on your Company's subsidiary NSEL's exchange trading platform, your Company has been single handedly targeted:

- by declaring it 'not fit & proper' without due process by various regulators
- by being forced to exit its investments in national assets like MCX, IEX, MSEI (Formerly MCX-SX) and global assets like SMX and DGCC
- by invoking the provisions of the Maharashtra Protection of Interest of Depositors Act (MPID) calling NSEL a financial establishment and the trading of commodities as a deposit
- by forcibly being merged into NSEL (first time in Indian corporate history) for private companies
- by invoking section 388B and 397 seeking to supersede its completely new Board for protesting against the amalgamation
- by arresting its Founder & Promoter yet again on the same complaint
- by arresting a person who had not received single paisa as against 22 defaulters who had received money, and admitted by ED and EOW
- by securing for attachments its assets despite similar previous letter being stayed by Hon'ble HC

And all this despite two very important facts:

- after three years of investigation there is no money trail established to either your Company or its Promoters, a fact that is mentioned not only in the Hon'ble Bombay HC Order dated 22nd August 2014 but also by MCA through a self-statement by EOW in its Final Order for Amalgamation, charge sheet filed by ED and also in statements issued by FMC. And the entire money trail is to 22 Defaulters
- all the matters and allegations against your Company and its subsidiary NSEL are sub-judice

It's now been three years since the NSEL payment default. Your Company continues to be at the receiving end. Your Company has been supporting the efforts of its subsidiary NSEL in all recovery efforts through regular funding. Your Company continues to co-operate with every investigation.

Your company has utmost faith in the Indian judiciary. It is a proud Indian.

And it hopes.

MESSAGE FROM MANAGING DIRECTOR

PRASHANT DESAI

MD & CEO

63 moons technologies limited

Dear Shareholders,

2015-16 continued to be a challenging year.

Your Company continued to witness hostility towards itself. It would not be improper to state that despite no money trail being established to your Company after three years of investigation by all the investigative agencies, your Company continues to be singled out for all the adverse actions. Your Company continues to have the highest respect for Indian judiciary and firmly believes that truth will prevail.

This year I write to you to update you on each of the following:

LEGAL UPDATE:

1. Forced amalgamation under section 396 of NSEL with your Company:
 - The stay on the final order continues till 26/9/2016
 - The Hon'ble High Court will in all likelihood hear the matter from that date
2. Replacement of the entire Board under section 397:
 - The NCLT has formed a Committee comprising of Ex-Judge of Supreme Court, a GOI nominee (both with veto powers), two independent Board members and MD & CEO of your Company for (a) divestment (b) surplus treasury and (c) investment in subsidiaries
 - The next hearing for the matter is on 28/9/2016
3. Letter from EOW dated 18/7/2016 directing your Company not to sell/create third party rights on any assets including cash and bank balances thereby stopping day to day operations:

- Affidavit filed by EOW on 1/8/2016 allows for day to day operations
 - The matter will come up for hearing on 13/9/2016
4. Class representation suit against NSEL where your Company is a party:
- The next hearing is scheduled for 29/9/2016
5. Challenging not Fit & Proper issued by FMC, SEBI and CERC:
- The next hearing is in due course

BUSINESS UPDATE

The member technology business has now settled down. Your Company, despite the ongoing challenges, continues to focus on client servicing and new product development that will lead to growth of the member technology business. Notable changes include hiring senior talent and also trimming the team to enhance efficiency and productivity. It would be prudent to note that member technology business is a critical part of the financial market eco-system with leadership from ODIN (retail and institutional broking trading platform), STP Gate (messaging for institutions) and Risk Solutions (risk solutions for Central Banks like RBI and institutions like NABARD).

The exchange technology business continues to support financial exchanges like MCX (commodities derivative with 80%+ market share), IEX (spot energy exchange with 95%+ market share) and MSEI (currency and equity exchange). Your company is a provider of mission critical technology. The growth of the exchange technology business is a function of the growth of volumes on these exchanges.

TREASURY UPDATE

Your Company has gross liquid funds of ~₹ 2300 cr and post ECB debt of USD 77 million, the net liquid fund is ~₹ 1800 cr. All treasury investments are in debt instruments i.e. in liquid and debt mutual funds, tax free and taxable bonds.

FT 3.0: 63 moons™

As you are aware your company embarked on FT 3.0 to create a new digital ecology by partnering through innovation and technology to digital entrepreneurs as the new growth path for 63 moons™. Your Company continues to build new age IP and innovations. However, its plans to further the growth in FT 3.0 has been curtailed due to the ongoing legal challenges and it hopes that subject to legal challenges being overcome, 2017-18 could be a year to look forward to from that perspective.

Your company continues to put equal efforts on all the fronts to protect and create value for its shareholders.

I take this opportunity to personally thank every member and vendor of 63 moons™ for having displayed unprecedented loyalty and solidarity in such challenging times including when their salary and dues were almost stopped. I also thank every shareholder for their unwavering faith in the Board and management of 63 moons™ and being patient.

I also thank the Government and all investigative agencies. I assure all of them that we at 63 moons™ will continue to co-operate with every investigative agency and have the highest respect for Indian judiciary.

I am confident, truth will prevail.

BUSINESS OVERVIEW: FISCAL YEAR 2015-16

63 moons technologies limited (63 moons™) (Formerly Financial Technologies (India) Limited (FTIL)) has been facing a lot of challenges in the aftermath of the 2013

National Spot Exchange Limited (NSEI) crisis. Your Company has the highest respect for Indian Judiciary and will use every resource available to counter allegations against it. Your Company believes that the truth will ultimately prevail. In the meantime, your Company continues to provide all assistance to every investigative agency in the country.

In the last three years, your Company has made every effort to negate the impact of the NSEI payment default in its business and will continue to endeavour to grow and create shareholder value.

Technology Business & Outlook

1. Exchange Technology

During the year under review, your Company was successful in maintaining a healthy relationship as a vendor and providing services as per the technology contract with Multi Commodity Exchange of India Ltd. (MCX), Metropolitan Stock Exchange of India Ltd. (MSEI - formerly popular as MCX-SX) and Indian Energy Exchange Ltd (IEX).

During the year under review, in the exchange technology business, your Company had a mixed year with volumes on MCX remaining flat, and IEX growing which had a positive impact on its exchange technology revenues. However, MSEI saw decline in volumes that had a minor negative impact.

The outlook for 2016-17 is neutral to positive for the exchange technology business. With the merger of Forward Market Commission (FMC) with Securities and Exchange Board of India (SEBI) and the expectations of clearance for MCX to launch Options, MCX may witness better volumes. However, this is subject to clearance and subsequent launch. We expect IEX volumes to remain stable and may grow depending on the macro generation and surplus of power for the day-ahead market.

2. Brokerage Technology Solutions

Business witnessed a challenging year in 2015-16 due to the volatility of the market and decreasing margins for the brokerages. However, there are new opportunities of growth that are now visible in the area of premium mobility and online products.

The outlook for the Member Technology business is improving and the Company expects the business environment to improve in the ensuing years. With the upturn in the economy and favorable policy environment, Indian Capital markets are positioned for strong growth in the forthcoming years. Your Company is now working on creating newer products and services and believes is well positioned to take advantage of the anticipated growth in the capital markets through its Brokerage Technology Solutions Business.

Divestments

Without prejudice to its legal rights and remedies, your Company has successfully completed the divestments of its balance holdings in Indian Energy Exchange Limited (IEX) and Dubai Gold and Commodities Exchange (DGCX).

The order of the Supreme Court restored the order passed by the Company Law Board of June 30, 2015. However, the Supreme Court permitted your Company to incur expenses for its day to day business and granted liberty to your Company to seek modification of the order dated June 30, 2015 from the Company Law Board. This Committee is formed pending hearing and final disposal of the abovesaid Company Petition.

Your Company continues to defend itself in various other litigations filed against it.

The Economic Offences Wing ("EOW") had issued a Notice dated February 28, 2015 to your Company inter alia restraining / restricting your Company from dealing with its assets. The Hon'ble Bombay High Court has granted a stay vide its order dated June 12, 2015 in respect of the direction given in EOW's abovementioned letter restraining / restricting on the dealing of assets. Further, Economic Offence Wing (EOW), Mumbai Police, Mumbai, vide its notice dated July 18, 2016, secured the assets of the Company. The same was challenged by the Company before the Hon'ble Bombay High Court. By an Order dated August 01, 2016, the Hon'ble Bombay High

Court directed EOW to file an affidavit, which, inter alia, states that it has no objection, if the Company utilizes the funds secured by its above said notice for incurring expenses necessary towards the running of its ordinary course of day-to-day business, payment of salaries to its employees and payment of statutory dues. EOW obliged to the same by submitting the affidavit before the Hon'ble Bombay High Court.

Modulus, USA has filed a case against the Company for alleged infringement of its trademark. The Notice of Motion filed in the said suit is listed for hearing and final disposal on August 24, 2016. The Company has strongly opposed these allegations.

Further legal steps are being explored by the NSEL and IBMA looking at the materiality aspect of the outstanding amounts. (iii) Qualification 2(c) in Auditors Report:

"As stated in note no. 42 (a) and (b) of Notes to Accounts, the Company had rendered services to one M/s SNP Designs Pvt. Ltd (SNP) relating to trade in future commodity contracts in earlier financial years. At the end of the year a sum of ₹ 77,47,18,046/- was due and receivable from SNP. The Managing Director and majority shareholder of SNP is Mrs. Shalini Sinha, wife of Mr. Anjani Sinha (Director and KMP at IBMA). This related party relationship was not informed by Mr. Anjani Sinha to the Company. No money has been received from SNP despite substantial amounts dues and outstanding. SNP denied having any liability to pay to the Company and the matter is under dispute. It has been informed by management that such transactions were carried out on the instruction issued by erstwhile- director of the Company Mr. Anjani Sinha who was managing the affairs of the Company." [Refer note 67(b) of the consolidated financial statements of the Group]

Management response:

Post the crisis that ensued at NSEL, NSEL appointed an Internal Enquiry Committee (IIC) to investigate and report on matters in relation to the crisis. IIC also covered trades undertaken by IBMA on future commodity exchanges on behalf of SNP Designs Pvt Ltd (SNP) in terms of an agreement signed between IBMA and SNP. IIC observed that such trades were

executed on the directions of erstwhile Director and Key Managerial Personnel, Mr. Anjani Sinha and as per the available records, Mr. Anjani Sinha was exclusively dealing with SNP and no efforts were made by him to recover the outstanding from SNP. No funds were received by IBMA during the course of the trades. Board of IBMA did not approve of such trades executed on behalf of SNP. The trades for SNP were executed by Mr. Anjani Sinha without informing the board.

Pursuant to the forensic audit report of Grant Thornton India LLP, the IBMA came to know that Mrs. Shalini Sinha, wife of erstwhile director and KMP Mr. Anjani Sinha, was the Managing Director and major shareholder of SNP Designs Pvt. Ltd. The details of such relationship were not disclosed by Mr. Anjani Sinha to the board of directors. SNP had confirmed the balance outstanding to IBMA as on March 31, 2013 and continued transacting with IBMA until July 2013. Later, when demand was raised by IBMA, SNP denied owing any liability to IBMA. IBMA sent a legal notice rebutting their contention in response to their reply. In the wake of such irregularities and on directions received from the holding Company NSEL, Mr. Anjani Sinha was removed from the Board of Directors of IBMA on October 23, 2013. IBMA has filed a civil suit in the Hon'ble Bombay High court under Civil jurisdiction praying for, directions to SNP to pay the outstanding sum with interest.

(iv) Qualification 2(d) in Auditors Report:

"As stated in note no. 42 (c) of Notes to Accounts the company has made provision for bad and doubtful debts, in case of receivables for sale and services entered by the company to the extent of ₹ 20,43,18,363/-. In our opinion the Company should have provided 100% of all its bad and doubtful debts and other receivables. In our view including the above other receivables and debtors as stated in paragraph 4(b) and 4(c) above, the unrealized outstanding debtors and receivables should also have been provided fully in the books of accounts. Accordingly, had the Company provided for the entire amount as provision for Bad and Doubtful Debts (including other receivables) the amount of provision should have been higher by ₹ 20,54,71,918/-.

The matters stated above could also have a consequential impact on the measurement and disclosure of information provided under, but not limited to statement of profit and loss, provision for tax, cash flow statement and earnings per share for the year ended March 31, 2016 in these Financial Statements." [Refer note 67(f) of the consolidated financial statements of the Group]

Management response:

IBMA has taken steps towards recovery of the overdue receivables. IBMA on prudent basis has provided for doubtful debts of ₹ 2,043.18 lacs in total during FY 2015-16 being 25% of the outstanding receivables of debtors and believes that such provision is currently reasonable.

3. With respect to item no. 3 which is pertaining to the qualifications made by the Statutory Auditors of a subsidiary FT Group Investments Private Limited ('FTGIPL') vide their audit report on the consolidated financial statement of FTGIPL for the year ended March 31, 2016 which has been reproduced by the Statutory Auditors of the Company in their Independent Auditors Report (Auditors Report) dated May 30, 2016 on the Consolidated Financial Statements for the year ended March 31, 2016.

Qualification 3 in Auditors Report:

"The Company's subsidiary, Bourse Africa Limited (BAL) holds a Securities Exchange Licence issued by the Financial Services Commission (FSC) to operate as a Commodity Exchange.

Further to issues affecting the ultimate holding company during the financial year 2014/2015, the FSC has requested the latter to dispose of its stake in BAL. As at date of this report, the disposal has not yet taken place due to legal issues presently being debated at the level of the Supreme Court in India and which affect the ability of the ultimate holding company to dispose of its assets.

The FSC has on March 30, 2016 given a deadline of May 31, 2016 for the change in shareholding to take place failing which the Securities Exchange Licence will be revoked. The ultimate holding company has on May 11, 2016 made a request to the FSC for an extension of the deadline of May 31, 2016 because of the ongoing legal cases in India. However, as at the date of this report the FSC has not responded to this request.

Because of the significance of the licence for BAL, we believe that if the revocation takes place as stipulated in the letter of March 30, 2016, this will deeply affect the very reason for existence of BAL in its capacity to act as a Multi-Asset Class Exchange. Such revocation will also affect the carrying value of the investment." [Refer note 49 of the consolidated financial statements of the Group]

Management response:

The Company has on May 11, 2016 made a request to the FSC for an extension of the deadline of May 31, 2016 because of the ongoing legal cases in India. As on at the date of this Audit report the FSC has not responded to this request.

Though FSC had granted time till June 30, 2016 in view of NCLT referred to in the legal matter para above, based on our further representation to FSC, as on date of this Report, FSC has granted time upto September 18, 2016 to complete the stake sale in BAL.

REPORT

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMIC REVIEW

The last financial year witnessed slow growth by developed as well as emerging economies, resulting in an overall lower global economic growth of 3.1% in 2015. The US economy continued to grow at a lower growth than the potential GDP growth of around 1.4% in the Q4 of 2015 and posted growth of 1.9% for the entire year. The European Union expanded at 1.6% in 2015, which was largely driven by private consumption with persisting downside risks from debt burden of some of the EU member nations.

Japan's economy continued to display economic recession, with GDP contracting by -1.1% in Q4 of 2015 despite active intervention by the Japanese Government and the Japan's Central Bank, and had to resort to negative interest rate regime in January this year.

Emerging Market Economies (EMEs) such as Brazil and Russia showed tardy economic growth during 2015, amidst this Chinese economy, too, displayed sluggish growth. The recent surge in commodity prices is expected to boost the economic growth in the commodity exporting emerging economies, but persisting constraint on domestic fronts among these countries on one hand and weaker external demand, on the other, may put downward pressure on growth dynamics. These factors seem to have affected global trade, which posted a lower than 3% growth in 2015.

Slowdown in China, increase in financial volatility, adverse exchange rate movements and large debts may put downward pressure on trade dynamics. On the inflation front, divergent trends are visible with accelerating consumer prices in EMEs and decelerating pricing trends in advanced economies during the period under review.

INDIAN ECONOMIC REVIEW

Despite headwinds, both external and internal, the Indian economy proved to be robust with GDP growth of 7.6% in 2015-16 as against 7.2% growth recorded in 2014-15. The 8.9% growth in service sector and 7.4% growth in industrial sector fuelled India's GDP growth while the agriculture sector's performance remained subdued on account of deficient rainfall in 2015.

Industrial output as measured by Index of Industrial Production (IIP) remained under pressure on account of lower manufacturing output, while the electricity generation remained resilient thereby freeing the entire country from power shortages.

The overall investment in the country has shown marked improvement with 40% increase Foreign Direct Investment (FDI) being witnessed in the year-on-year April-December period of 2015. Aggregate supply measured by Gross Value Added (GVA) at basic prices stood by 7.3% in 2015-16 against recorded growth of 7.1% in 2014-15.

Inflation as measured by the Wholesale Price Index (WPI) and Consumer Price Index (CPI) have remained under control during 2015-16. WPI inflation remained in negative territory – the average WPI was -2.5% in 2015-16 as compared to 2.1% recorded in 2014-15. CPI inflation also fell significantly to average 4.9% in 2015-16 against average 6% recorded during 2014-15. However, 14% deficient rainfall last year and resulting drought-like situation in several parts of India pushed the inflation rate up in the recent months. This situation is likely be rectified with expected good monsoon this year.

On external front, the current account deficit (CAD) narrowed to \$7.1 billion (1.3% of GDP) in Q3 of 2015-16 from \$7.7 billion (1.5% of GDP) in Q3 of 2014-15. The contraction in CAD was primarily on account of a lower trade deficit due to decline in both exports and imports due to weak global demand and low commodity prices.

ECONOMIC OUTLOOK

Given the above factors, the economic scenario appears to be a mixed one – challenging and exciting for a number of reasons. Crucial decisions such as 'Brexit' and its impact on the global economy as well as EU area and the UK itself, the exit need to be smooth one. However, there are going to be some frictions at macro level leading to some instability in the systems world over.

Another factor that would impact is, the US Federal Reserve's stance on further hike in the interest rate. If the Fed decides to go ahead with further hike in policy rate, then it would result in some instability in financial markets, leading to flight of capital to the US.

With a range of supply-side measures in the domestic economy, such as prudent food management, appropriate monetary policy and subdued global commodity prices would aid the decline in inflation, which may provide some room for RBI for another rate cut.

Similarly, demand-side initiatives such as 'Make in India' and 'Start Up India', power sector reforms, higher government capital expenditure and liberalization in FDI norms point to an incipient revival in investment activity. Government's recent decision to implement recommendations the 7th Central Pay Commission is expected to boost household consumption, thereby leading to some economic recovery.

Amidst these positive factors, consumer confidence survey conducted by RBI in March 2016 remained upbeat with optimism on prospects for income and economic conditions. Government's attempts in structural reforms coupled with heavy investment in large projects such as highway building projects, and RBI's accommodative policies would further bolster the rising trend of economic activities.

ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT

on the standalone financial statements of 63 moons technologies limited (*Formerly Financial Technologies (India) Limited*)

(Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements')

Report on the internal financial controls under clause (i) of sub-section (3) of section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **63 moons technologies limited (formerly Financial Technologies (India) Limited)** ('the Company') as of 31 March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Current investments are carried individually at the lower of cost and fair value. Long-term investments are carried individually at cost less provision for diminution. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the Management. Cost of investments include acquisition charges such as brokerage, fees and duties. The difference between carrying amount of the investment determined on average cost basis and sale proceeds, net of expenses, is recognised as gain or loss on sale of investments.

H. Revenue recognition

Revenue is recognised when no significant uncertainty as to determination and realisation exists. Income from software products (IPR based licenses) and income from software services (project based contracts) for the use of software applications is recognised on delivery/granting of right to use.

Revenue from fixed price service contracts is recognised based on milestones/acts performed as specified in the contracts or on a straight line basis over the contract period where performance of several acts is required over that period.

In the case of time and material contracts, revenue is recognised on the basis of hours completed and material used.

Revenue from annual maintenance contracts, lease of licenses, IT infrastructure sharing income and Shared Business Support Services is recognised proportionately over the period in which the services are rendered/licenses are leased.

Revenue from sale of traded goods is recognised when the significant risks and rewards in respect of ownership of products are transferred by the Company.

Sales are stated net of returns, VAT and service tax wherever applicable.

I. Other income

Dividend income is recognised when the Company's right to receive dividend is established. Interest income is recognised on time proportion basis on certainty of realisation. Insurance claim is recognised when such claim is admitted by the Insurance Company.

J. Foreign currency transactions and translations

Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Monetary items denominated in foreign currency are restated using the exchange rate prevailing at the balance sheet date. Exchange differences relating to long term monetary items are dealt with in the following manner:

- i. Exchange differences arising during the year on settlement / restatement, in so far as they relate to the acquisition of a depreciable capital asset are added to / deducted from the cost of the asset and depreciated over the remaining useful life of such assets.
- ii. In other cases, such differences are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" and amortised to the statement of profit and loss over maturity period / upto the date of settlement of such monetary item, whichever is earlier. The unamortised exchange difference is carried under Reserves and Surplus as "Foreign Currency Monetary Item Translation Difference Account (FCMITDA)"

All other exchange differences are dealt with in the statement of profit and loss.

Non-monetary items denominated in foreign currency are carried at historical cost.

Foreign branches :

The translation of the financial statements of foreign branches (non-integral) is accounted for as under:

- a) All revenues and expenses are translated at average rate.
- b) All monetary and non-monetary assets and liabilities are translated at the rate prevailing on the balance sheet date.

NOTES

forming part of the financial statements for the year ended March 31, 2016

- c) Resulting exchange difference is accumulated in Foreign Currency Translation Reserve Account (FCTR) until the disposal of the net investment in / closure of the said non-integral foreign operation, in which case the accumulated balance in FCTR is recognised as income / expense in the same period in which the gain or loss on disposal / closure of branch is recognised.

K. Derivative contracts

Premium / discount on forward exchange contracts, which are not intended for trading or speculation purposes, are amortised over the period of the contracts if such contracts relate to monetary items as at the balance sheet date. Exchange differences on such contracts are recognised in the statement of profit and loss.

The Company uses derivative financial contracts in the nature of forward foreign exchange contracts entered into for hedging the risks of foreign currency exposure in respect of highly probable forecasted transactions / firm commitments and interest rate swap contracts to hedge its risks associated with fluctuations in interest rate. As per principles of prudence as enunciated in Accounting Standard 1, "Disclosure of Accounting Policies", losses, if any, on Mark to Market basis, are recognised in the statement of profit and loss and gains are not recognised until realised on grounds of prudence.

L. Employee Benefits

a) Post-employment benefits and other long term benefits

Payments to defined contribution retirement schemes and other similar funds are expensed as incurred.

For defined benefit schemes and other long term benefit plans viz. gratuity and compensated absences expected to occur after twelve months, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the balance sheet date. Actuarial gains and losses are recognised in full in the statement of profit and loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of the available refunds and reduction in future contributions to the scheme.

b) Short term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the period when the employee renders those services. These benefits include compensated absences such as leave expected to be availed within a year and performance incentives.

M. Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. Ancillary borrowing costs are amortised to the statement of profit and loss over maturity period / upto the date of settlement of loan, whichever is earlier. All other borrowing costs are charged to revenue.

N. Income taxes

Income taxes are accounted for in accordance with Accounting Standard 22 "Accounting for Taxes on Income". Tax expense comprises current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income-tax Act, 1961. Current tax assets and liabilities are offset if the Company has a legally enforceable right for such set off and the Company intends to settle the asset and the liability on a net basis.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets are reviewed at each balance sheet date for their realisability.

NOTES

forming part of the financial statements for the year ended March 31, 2016

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

O. Stock based compensation

The compensation cost of stock options granted to employees is measured by the intrinsic value method, i.e. difference between the market price of the Company's shares on the date of grant of options and the exercise price to be paid by the option holders. The compensation cost, if any, is amortised uniformly over the vesting period of the options.

P. Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the statement of profit and loss.

Q. Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

R. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

S. Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

The dividend recommended by the Board of Directors is subject to the approval of the shareholders at the ensuing annual general meeting, except in the case of interim dividend. - 48** Bourse Africa Limited, Mauritius ("BAL") and its subsidiary BAL hold licences (Securities Exchange Licence and Clearing and Settlement Facility Licence) issued by the Financial Services Commission (FSC) to operate as a Commodity Exchange and to provide Clearing and Settlement services respectively. The Company received letter from Financial Services Commission (FSC) in May, 2014 informing that FSC does not consider the Company as fit & proper, pursuant to Section 23(3) of the Financial Services Act, 2007 of Mauritius and directed the Company to dispose of its shareholding in BAL. The disposal is yet to be concluded.

The FSC has on 30 March 2016 given a deadline of 31 May 2016 for the change in shareholding to take place failing which the Securities Exchange Licence and the Clearing and Settlement Facility Licence will be revoked. The company has on 11 May 2016 made a request to the FSC for an extension of the deadline of 31 May 2016 because of the recent order of the Hon'ble Supreme Court of India (Refer note 55). However, as at the date of this report the FSC has not responded to this request.

- 49** As at March 31, 2016, the Company's investment in certain subsidiaries aggregating ₹ 1,21,821.86 lacs (Previous Year ₹ 84,069.44 lacs) and loans and advances / recoverable from these entities aggregating ₹ 3,310.77 lacs (Previous Year ₹ 3,321.18 lacs) (excluding NSEL and its subsidiaries) which presently have accumulated losses, [share of aggregate losses till March 31, 2016 ₹ 1,04,172.83 lacs (Previous year ₹ 106,979.33 lacs)].

On a conservative basis during year, the Company has made an additional provision of ₹ 27,406.86 lacs (Previous Year ₹ 65,726.76 lacs) towards provision for other than temporary diminution in the value of long term investments excluding NSEL which is shown in Exceptional items (Refer Note 28). Accordingly, total provision of ₹ 1,01,800.33 lacs (Previous Year ₹ 74,393.47 lacs) for other than temporary diminution in the value of long term investments excluding NSEL and provision of ₹ 3,138.95 lacs (Previous Year ₹ 178.57 lacs) for doubtful loans and advances excluding NSEL as at the year ended on March 31, 2016 is considered to be adequate for these investments and loans and advances / receivables.

- 50** In order to meet the working capital requirements of NSEL, during the year, Company has subscribed to the right issues made by NSEL to the extent of ₹ 4,900.00 lacs (Previous Year ₹ 1,500.00 lacs). On conservative basis, the Company has made a provision towards diminution other than temporary in value of long term investments of the same in respective years (Refer Note No. 28).

- 51** In view of the developments on trading platform of NSEL during the year ended March 31, 2014, to protect the interest of the large number of small clients of the trading members of the NSEL who had to receive money from its defaulting members, NSEL had requested the Company to give a bridge loan, which request was accepted by the Company's then Board of Directors as a goodwill gesture without admitting any liability on behalf of NSEL and a onetime bridge loan amounting to ₹ 17,939.81 lacs was given which NSEL will have to repay to the Company from the receipt of the amounts from defaulting members.

Further, during the same year, the company had debited, an amount of ₹ 3,143.25 lacs to NSEL for amount recovered from the Company's bank account to the extent of outstanding balance including interest in respect of a banking facility availed by them for procurement of cotton on behalf of National Agricultural Cooperative Marketing Federation of India Ltd.(NAFED), for which a bank guarantee was given by the Company on behalf of NSEL. Recovery of the said loan amount is dependent on the recovery by NSEL from NAFED. During the previous year, an additional loan of ₹ 1,098.76 lacs have been provided to NSEL for its working capital.

In view of the current status of recovery in NSEL, possibility of recovery of the said loan amount from NSEL seems very remote and difficult. Hence the Company has written off the loan of ₹ 4,592.01 lacs (Previous Year ₹ 17,939.81 lacs), without prejudice to its right to recover the loan and interest amount from NSEL in future, for which the provision was made during respective years. (Refer Note No. 28).

- 52** During the year, the Company has raised invoices / debit notes for income from rent, interest and reimbursement of expenses. The additional amount receivable from NSEL towards taxes as applicable and reimbursement of expenses is ₹ 22.73 lacs (Previous Year ₹ 22.26 lacs). The Company has made provision of ₹ 22.26 lacs during the previous year. In view of the current status of recovery in NSEL, possibility of recovery of the said amount from NSEL seems very remote and difficult. Hence the Company has written off the above receivable ₹ 176.66 lacs, without prejudice to its right to recover from NSEL in future, for which the provision was made during the previous years ₹ 153.94 lacs. (Refer Note No. 28).

- 53** The Hon'ble Bombay High Court passed an ad interim order dated September 30, 2015 inter alia restraining the Company from distributing any dividend or depositing the same in the dividend distribution account in accordance with the provisions of the Companies Act, 1956 (to be read as Companies Act, 2013) pending the final hearing and disposal of the Notice of Motion bearing no 1490 of 2015. AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

BASIS FOR QUALIFIED OPINION

1. *As stated by the Management of the Holding Company in Note 56 to the consolidated financial statement, Writ Petitions (WP), Public Interest Litigation (PIL) and Civil Suits have been filed against the Holding Company in relation to event occurred on NSEL's trading platform, wherein the Holding Company has been made a party in the WP and Civil Suits. These matters are pending at various stages of adjudication. As stated in the said note, the management of the Holding Company does not foresee that the parties who have filed the WP, PIL, Civil Suits would be able to sustain any claim against the Holding Company. In addition, as stated by the management in note 46, 56 and 59 to the consolidated financial statement, there are First Information Reports/complaints/notice registered/received against various parties including the Holding Company with the Economic Offences Wing of the Mumbai Police (EOW), Central Bureau of Investigation (CBI) and MIDC Police Station, Mumbai District. Above matters are pending at various stages of adjudication/investigation.*

In this regard, the Management and those charged with Governance have represented to us that other than as stated in the said note to the consolidated financial statement, there are no claims, litigations, potential settlements involving the Holding Company directly or indirectly which require adjustments to/disclosures in the consolidated financial statement.

In the light of the above representations regarding the ongoing investigations and matters, the outcome of which is not known and is uncertain at this stage, we are unable to comment on the consequential impact in respect of the same on the results for the year ended 31 March, 2016.

2. We reproduce hereunder the 'Basis for Qualified Opinion' issued by the independent auditor(s) of a subsidiary viz. National Spot Exchange Limited ('NSEL') vide their audit report on the consolidated financial statement of NSEL, which also forms the basis for qualified opinion in our audit report on the accompanying Statement of the Group:
 - a) *"As stated in note nos. 51, 56, 58, 59, 60, 61 and 63 to the Financial Statement, the Company has been served with notices/letters/summons from various statutory authorities/regulators/government departments and some purported aggrieved parties, pertaining to the period prior to*

suspension of the exchange related operations from 31 July, 2013. There are some writ petitions, public interest litigations, civil suits including in representative capacity filed by and against the Company. Such matters against the Company are either in progress or sub-judice before different forums. The Company may have civil / criminal liability arising out of one or more of the proceedings initiated against the Company. We are unable to comment on the consequential impact, if any, in respect of the same in the Financial Statement." [Refer note 68, 69, 72, 73, 75, 76 and 78 of the consolidated financial statements of the Group]

- b) "The trade receivables, other receivables, loans and advances and deposits are subject to confirmation and reconciliation. The management, however, does not expect any material changes on account of such reconciliation / confirmation from parties. In many cases legal notices have been sent to the parties; however we are unable to form any opinion on the recoverability of the outstanding balances of such parties.

The Company may be exposed to liabilities in case of any adverse outcome of these investigations / enquiries or legal cases or any other investigations as referred above enquires or suits which may arise at a later date. In the light of the above, the outcome of which is not presently known and is uncertain at this stage, we are not able to comment on the impact in respect of the same on these Financial Statements. Also, the matters stated above could also have a consequential impact on the measurement and disclosure of information provided, but not limited to, profit / (loss) before tax, provision for tax, cash flow statement, segment information, and earnings per share for the year ended 31 March, 2016 in these Financial Statements."

- c) "As stated in note no. 42 (a) and (b) of Notes to Accounts, the Company had rendered services to one M/s SNP Designs Pvt. Ltd (SNP) relating to trade in future commodity contracts in earlier financial years. At the end of the year a sum of ₹ 77,47,18,046/- was due and receivable from SNP. The managing director and majority shareholder of SNP is Mrs. Shalini Sinha, wife of Mr. Anjani Sinha (Director and KMP at IBMA). Such relationship was not informed by Mr. Anjani Sinha to the company. No money has been received from SNP despite of substantial amounts due and outstanding. SNP denied having any liability to pay to the Company and the matter is under dispute. It has been informed by management that such transactions were carried out on the instruction issued by erstwhile- director of the Company Mr. Anjani Sinha who was managing the affairs of the Company." [Refer note 67(b) of the consolidated financial statements of the Group]

- d) "As stated in note no. 42 (c) of Notes to Accounts the company has made provision for bad and doubtful debts, in case of receivables for sale and services entered by the company to the extent of ₹ 20,43,18,363/-. In our opinion the Company should have provided 100% of all its bad and doubtful debts and other receivables. In our view including the above other receivables and debtors as stated in paragraph 4(b) and 4(c) above, the unrealized outstanding debtors and receivables should also have been provided fully in the books of accounts. Accordingly, had the Company provided for the entire amount as provision for Bad and Doubtful Debts (including other receivables) the amount of provision should have been higher by ₹ 20,54,71,918/-.

The matters stated above could also have a consequential impact on the measurement and disclosure of information provided under, but not limited to statement of profit and loss, provision for tax, cash flow statement and earnings per share for the year ended 31 March, 2016 in these Financial Statements." [Refer note 67(f) of the consolidated financial statements of the Group]

3. We reproduce hereunder the 'Basis for Qualified Opinion' issued by the independent auditor(s) of a subsidiary viz. FT Group Investments Private Limited ('FTGIPL') vide their audit report on the consolidated financial statement of FTGIPL, which also forms the basis for qualified opinion in our audit report on the accompanying Statement of the Group:

"The Company's subsidiary, Bourse Africa Limited (BAL) holds a Securities Exchange Licence issued by the Financial Services Commission (FSC) to operate as a Commodity Exchange.

Further to issues affecting the ultimate holding company during the financial year 2014/2015, the FSC has requested the latter to dispose of its stake in BAL. As at date of this report, the disposal has not yet taken place due to legal issues presently being debated at the level of the Supreme Court in India and which affect the ability of the ultimate holding company to dispose of its assets.

The FSC has on 30 March, 2016 given a deadline of 31 May, 2016 for the change in shareholding to take place failing which the Securities Exchange Licence will be revoked. The ultimate holding company has on 11 May, 2016 made a request to the FSC for an extension of the deadline of 31 May, 2016 because of the ongoing legal cases in India. However, as at the date of this report the FSC has not responded to this request.

Because of the significance of the licence for BAL, we believe that if the revocation takes place as stipulated in the letter of 30 March, 2016, this will deeply affect the very reason for existence of BAL in its capacity to act as a Multi-Asset Class Exchange. Such revocation will also affect the carrying value of the investment." [Refer note 49 of the consolidated financial statements of the Group]

QUALIFIED OPINION

Except for the possible effects of the matter specified under 'Basis for Qualified Opinion' and based on our audit conducted as stated above, in our opinion, and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at 31 March, 2016, of consolidated profit and its consolidated cash flows for the year then ended.

INDEPENDENT AUDITORS' REPORT

To the members of 63 moons technologies limited (Formerly Financial Technologies (India) Limited)

EMPHASIS OF MATTER

1. We draw attention to Note 57 to the consolidated financial statement of the Group, which describes the passing of the final order of amalgamation of National Spot Exchange Limited with the Holding Company, by Ministry of Corporate Affairs, Government of India. The Holding Company has filed a Writ Petition before the Honourable Bombay High Court challenging the said order and the Honourable Bombay High Court has stayed the notification of the said order.
2. We draw attention to Note 58 to the consolidated financial statement of the Group. Government of India has filed the Company Petition before the Principal Bench of the Company Law Board, under the Companies Act, 1956, seeking inter alia removal and supersession of the Board of Directors of the Holding Company, which has been protested by the Holding Company and the matter is pending before CLB for consideration.
3. We draw attention to Note 60 to the consolidated financial statement of the Group, regarding utilisation of unexpired MAT credit entitlement by the Holding Company. The Holding Company has a total MAT credit entitlement of ₹17,681.31 lacs as at 31 March, 2016. Based on the projections made by the Holding Company's management regarding income-tax liability of the Holding Company, Management is of the view that the Holding Company will be able to utilise the unexpired MAT credit entitlement in eligible projected years.

Our opinion is not qualified in respect of these matters of emphasis.

4. We reproduce hereunder the 'Emphasis of Matter' paragraphs issued by the independent auditors of a subsidiary viz. NSEL vide their audit report on the consolidated financial statements of NSEL, which also forms the 'Emphasis of Matter' paragraphs in our audit report on the accompanying Statement of the Group:
 - a) "As stated in note no. 2 (B) of the Financial Statements, The Board of Directors of the Company is of the view that in the short term its main challenge is to recover the money from defaulting members. As explained by the management, the Company is making all out efforts in recovering the amounts from defaulter members for settlement as well as its trade and other receivables. The holding company has committed to provide financial and other resources to NSEL for administrative and day to day expenses including legal and salary cost. The Company has continuing support from its holding company and on the basis of such support, business plans of the future & other factors, the accounts for the year ended 31 March, 2016 are prepared on going concern basis. We have relied on the above mentioned explanations and information given by the Management."
 - b) "As stated in Note No. 62, the Ministry of Corporate Affairs (MCA), Government of India has issued on 21 October, 2014, a draft order of Amalgamation of the Company with its holding company, Financial Technologies (India) Limited, u/s. 396 of the Companies Act, 1956 and a final order dated 12 February, 2016. The holding company has contested the same before the Bombay High Court and is currently *sub-judice*." [Refer note 57 of the consolidated financial statements of the Group]
 - c) "As stated in note no. 36 and 37 of the Financial Statements, there are some writ petitions, public interest litigations, civil suits including in representative capacity filed by and against the Company. In the light of some of the litigations made against the Company by seller members, trading and clearing members as also defaulter members, holding the Company responsible as third party/central party counter guarantor, for ensuring payments towards pending settlements on Spot Exchange, which have arisen during financial year. In this regard, the management and those charged with the governance, have represented to us that there are no claims/litigations/potential settlements involving the Company directly or indirectly, which may require adjustments in the Financial Statements. In this regards the management believes that as per legal advice received from an expert, no such third party/central party counter guarantee was ever provided by the Company, and hence there shall not be any liability arising there from against the Company." [Refer note 62 and 63 of the consolidated financial statements of the Group]
 - d) "The Subsidiary Company viz IBMA and WAGCL has recorded losses over the years and the net worth of the companies has been eroded and is negative as at 31 March, 2016. There has been discontinuation of most of the activities carried out by the Company after 31 July, 2013. There have been ongoing litigations and civil proceedings initiated against the Company. The Company had defaulted in payments of dues to various tax authorities /affiliated member's constituents etc., as at 31 March, 2016 due to lower cash inflows from existing receivable and virtual stoppage of major sources of income after 31 July, 2013. The management of the holding Company has agreed to provide all the required financial help to both subject to compliance of Court/regulatory requirements. Necessary adjustment may have to be made to the value of assets and liabilities in case the going concern concept is vitiated. This indicates that existence of a material uncertainty of that may cast significant doubt about the company's ability to continue as going concern. However the financial statement of the company has been prepared on going concern basis. Our opinion is not modified in respect of this materiality. The accompanying Financial Statements have been prepared based on cumulative impact of various mitigating factors to consider the Company as a going concern despite the accumulated losses."

Our opinion is not qualified in respect of matters stated above.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

on the consolidated financial statements of 63 moons technologies limited (*Formerly Financial Technologies (India) Limited*)

(Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION (3) OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT')

In conjunction with our audit of the consolidated financial statements of **63 moons technologies limited (formerly Financial Technologies (India) Limited)** as of and for the year ended 31 March, 2016, we have audited the internal financial controls over financial reporting of the Holding Company and subsidiaries (together referred to as 'the Group') which are incorporated in India as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective board of directors of the Holding company and its subsidiary companies which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, both issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the 'Other Matters' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its subsidiary companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

- ii. In other cases, such differences are accumulated in a "Foreign Currency Monetary Item Translation Difference Account" and amortised to the Statement of Profit and Loss over the balance life of the long-term monetary item.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss for the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to the present value of the available refunds and reduction in contributions to the scheme.

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax laws. The Group recognises deferred tax (subject to consideration of prudence) based on the tax effect of timing differences, being differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. The effect on deferred tax assets and liabilities of a change in tax rates is recognised in the statement of profit and loss using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are not recognised on unabsorbed depreciation and carry forward of losses unless there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the entity will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that entity will pay normal income tax during the specified period.

P. Inventories

Inventories are valued at lower of cost on First in First out (FIFO) basis or net realizable value. Q. Impairment of assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the assets. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at lower of the carrying amount that would have been determined had no impairment loss been recognised and recoverable amount.

R. Provisions, contingent liabilities and contingent assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but disclosed by way of notes to the accounts. Contingent assets are neither recognised nor disclosed in the financial statements.

Various updates and relevant notes relating to NSEL and its subsidiary companies: (Note No 62 to 79)

62 SETTLEMENT GUARANTEE FUND:

- (i) SGF-MC balance as at March 31, 2016

NSEL has a separate Settlement Guarantee Fund, which is created out of Members' Contribution (SGF-MC) in respect of the activities carried out on the spot trading in various contracts on Exchange. The members are required to contribute to the fund in the form of security deposit and interest free margin money in the form of cash and non-cash, which forms part of the SGF-MC. The margin money was refundable, subject to adjustments, if any and exposure of members. The cash margin money forming part of SGF-MC was ₹ 3,746.09 lacs (Previous year ₹ 3,746.09 lacs) (included in of Note 7 Other Long term Liabilities under Members liabilities & Note 11 on other current liabilities under members liabilities). NSEL had also collected non cash portion of the SGF-MC comprising of collaterals such as bank guarantees, securities and fixed deposits receipts received from the members amounting to ₹ NIL (Previous year ₹ NIL).

The composition of SGF-MC as on March 31, 2016 was as under.

	(₹ in lacs)	
Initial Margin	As at 31.03.2016	As at 31.03.2015
Cash Margin	3,746.09	3,746.09
Non Cash Margin- FDR	-	-
Non Cash Margin- Bank Guarantee	-	-
TOTAL	3,746.09	3,746.09

It is a practice in India among the Stock and Commodity Exchanges that SGF-MC consists of aforesaid 2 components viz. cash and non-cash, collected from the members as security deposit and margin money. Cash Component shall form part of liabilities in Balance Sheet. Non cash component is disclosed by way of "Notes to Accounts."

- (ii) The SGF-MC currently shows a net outstanding amount of ₹ 3,746.09 lacs (Previous year ₹ 3,746.09 lacs) which is pertaining to the existing non-defaulting clearing Members. While the exchange has taken many legal, regulatory and commercial measures against the defaulters, it is not clear how much money would be eventually recovered and by when, as the entire process is *sub-judice*. In case the Exchange fails to secure the balance money or there is undue delay in recovery then the exchange would as per the bye laws call for the balance amount as may be considered appropriate to be recovered from the all non-defaulting clearing members as per its bye law number 12.9.2 and 12.10 besides other applicable bye laws for settlement of claims. However, this decision would be taken post the legal adjudication of pending legal cases wherein this subject matter is being adjudicated or at an appropriate time when considered suitable by the Board of NSEL.

63 OTHER MATTERS PERTAINING TO SETTLEMENT DEFAULT AND RECOVERIES:

In NSEL, as on the date of the Balance Sheet, amounts to be recovered from defaulting members was ₹ 5,323.56 Crores (Previous Year ₹ 5,331.54 Crores) and amount to be paid to non-defaulting members is ₹ 4,905.60 Crores (Previous Year ₹ 4,905.60 Crores). Apart from this, an amount of ₹ 209.11 Crores (Previous Year ₹ 209.11 Crores) is payable to certain seller Members after completion of required documentation on part of seller Members. However major portion of the same is yet to be recovered from buying members and such unrecovered amount is included in amount recoverable from defaulting members. None of the amounts payable to members are liabilities of NSEL, as the Exchange is only a provider of platform to its members for trading.

64 BAD DEBTS AND PROVISION FOR DOUBTFUL DEBTS OF NAFED AGAINST PROCUREMENT TRANSACTIONS:

In NSEL, outstanding recoverable from National Agricultural Co-operative Marketing Federation of India Limited (NAFED) against procurement of cotton as on March 31, 2016 was ₹ 10,333.68 lacs (before write off and provisions for doubtful advances). NAFED had acknowledged NSEL's claim of only ₹ 7,232.18 lacs (₹ 6,837.04 lacs for Price Support Scheme (PSS) 2012-13 and ₹ 395.14 lacs for PSS 2008-09) vide their letter dated September 2, 2014, September 12, 2014 and December 11, 2014 in their books. NSEL had been interacting with NAFED officials and management estimated that an amount of ₹ 2,646.22 lacs is irrecoverable, accordingly on prudence basis written off said amount during the previous year, 2013-14. NSEL had already made a provision of ₹ 455.28 lacs for PSS 2008-09 during the earlier years and the management of NSEL believes that provision needs to be continued in books of account.

The balance recoverable amount of ₹ 6,984.72 lacs (net of provision ₹ 6,529.44 lacs) has been included under "Other Current Assets" and ₹ 702.74 lacs (Previous Year ₹ 702.74 lacs) were been shown under "Trade receivables".

65 WRITE OFF OF BAD DEBTS (OTHER THAN NAFED):

NSEL had taken various steps including meeting with the representative of debtors, notices to the debtors for making payment, reminders to pay the dues, legal cases against dishonours of cheques etc. NSEL has reviewed the recoverability of various amounts from debtors toward sales and services rendered from time to time. NSEL has written off above amounts without prejudice to its legal right to recover the same.

66 PROVISION FOR DOUBTFUL DEBTS AND LOANS AND ADVANCES (OTHER THAN NAFED)

NSEL and IBMA have evaluated the various events and its effect on various receivables as on March 31, 2016. Likelihood of recoverability of such receivables has been impacted due to the abrupt closure of the business, loss of credibility and several other factors. Both NSEL and IBMA are following up with the parties to recover such outstanding amount and exploring legal options to proceed against them. Based on that evaluation, NSEL and IBMA has made additional provision during the year for doubtful debts of ₹ 1,916.87 lacs (Previous year ₹ 1,117.78 lacs) and provision for doubtful other receivables of ₹ 126.31 lacs (Previous year ₹ 1,916.87 lacs) by charging the same to the Statement of Profit and Loss.

67 IN IBMA, A SUBSIDIARY OF NSEL,

- a) As an ITCM the IBMA had received margin money from its constituent trading members and clients. The outstanding margin amount as on the balance sheet date was ₹ 244.28 Lacs (Previous year ₹ 244.28 lacs) and is shown under the head "Other Current Liabilities".
 - b) IBMA had entered into an agreement with one M/s Snp Design Pvt Ltd (SNP) on March 01, 2012 and renewed such agreement on March 01, 2013 to carry out commodity derivative transactions for and on their behalf. As on March 31, 2016 a sum of ₹ 7,747.18 lacs is due and recoverable from SNP, as per the terms and conditions of the agreement. On demanding the amount from the party, SNP replied through their lawyers disputing the entire amount as payable to IBMA. IBMA's board has approved to initiate action to proceed on the matter legally. Grant Thornton India LLP had observed vide their forensic report that Mrs. Shalini Sinha, wife of Mr. Anjani Sinha, was a Managing Director and a majority shareholder of SNP. In view of the said discrepancies and irregularities investigations are in progress. Mr. Anjani Sinha had been removed from the board of directors of IBMA on October 23, 2013 and was arrested on account of complaint against him in other matter pertaining to IBMA. Pursuant to such findings by Grant Thornton India LLP about shareholding and management interests in SNP, and on the basis of information available on the website of Ministry of Corporate Affairs, IBMA has included such transactions carried out with SNP for disclosures required to be made as per AS 18. No such communication thereto was received from such related party disclosing the requisite information to IBMA. On May 28, 2015, IBMA filed a civil suit at the Original Side of the Bombay High Court being Suit No. 745 of 2015 against i) SNP Designs Pvt Ltd. ii) Mr. Anjani Sinha iii) Mrs. Shalini Sinha iv) Mr. Prajwal Kumar Badwe and v) Mr. Shashank Raj for an amount of ₹ 10,022.28 lacs made up of ₹ 7,747.18 lacs being the aggregate value of loss caused by the Defendants to the Plaintiff for various trades that the Plaintiff executed on behalf of Defendant No.1 on the futures commodity exchange platform along with interest thereon in the sum of ₹ 2,275.10 lacs, IBMA is in the process of filing an Application for interim relief pending hearing and final disposal of the said Suit.
 - c) IBMA had entered into a procurement agreement with Harley Carmbel Pvt Ltd. (Harley) for buying spices and other commodities in the state of Kerala. As per the terms of agreement, IBMA was to buy commodities on behalf of Harley, sell the commodities to Harley as per their needs on credit, and Harley was to pay back IBMA after the credit period. Subsequently the transactions were carried by IBMA as per the terms but Harley failed to make full payment of its obligations. An amount of ₹ 293.58 lacs is outstanding from the party as on balance sheet date. IBMA had sent legal notice to the party but the party denied owing any amount to IBMA. An application has been made for proceeding under 156(3) of Cr P.C. 1973, before Court of additional chief metropolitan magistrate's 47th Court at Esplanade for getting process issued against Harley, under sections 409, 420, 465, 467, 468, 471, 474, 477-A r/w 34 & 120-B of Indian Penal code. On May 16, 2015, this Application was withdrawn by NSEL as the Court of a Metropolitan Magistrate has no jurisdiction to direct EOW to investigate any matter and file a FIR. NSEL has, on December 22, 2015, through their Advocates and Solicitors, Mrugank & Basutkar Law Partners, sent a Notice to Harley invoking Arbitration and have proposed the name of Hon'ble Ms. Justice Pratibha Upasani (Retd.) to act as the Sole Arbitrator between the parties. Harley, vide their reply, has objected to the same and has instead proposed the name of Mr. Justice T. K. Chandrashekhar Das (Retd.) to act as the Sole Arbitrator.
 - d) In Case of IBMA Post the receipt of no objection from FMC, NSEL had initiated the rematerialization process and financial close out of the E series units. As per the said process the unit holders could take physical delivery of their respective units or could participate in the financial closure process whereby their units would be auctioned to bidders as per the competitive bidding process. IBMA as an authorized dealer had to act as a facilitator for conversion of E-series units in to physical commodities. During this process the IBMA raised sales invoices at the applicable clearing rate on delivery of the underlying physical commodity to the extent of ₹ 36,585.97 lacs in the previous year.
 - e) In case of IBMA, there is no open Interest in Commodity Futures outstanding as at the Balance Sheet date.
 - f) IBMA has evaluated the various events and its effect on various receivables till 31st March, 2016. The likelihood of recoverability of such receivables has been impacted due to the abrupt closure of the business, loss of credibility and several other factors. IBMA is following up with the parties to recover such outstanding amount, has initiated legal action and is exploring further legal options to proceed against them. IBMA as a matter of prudence has made a provision for doubtful trade receivables of ₹ 126.31 lacs and provision for doubtful other receivables of ₹ 1,916.86 lacs in the current year by charging to the Statement of Profit and Loss.
- 68** In NSEL, the commodities lying in the designated delivery centers relating to transactions carried out by Members on Exchange platform were not the property of the NSEL and hence such inventory of commodities is not getting reflected in the books of accounts of NSEL. Similarly, such inventory was never purchased by NSEL and hence any liability thereto was neither liability of NSEL nor contingent liability of NSEL requiring any disclosure. This is an admitted fact in various proceedings pending before various forums. This is also the industry practice in this regards.

As far as availability of commodity is concerned, it was confirmed by earlier management of NSEL that there were systems and processes in place for deposit of commodities and generation of warehouse receipts and charging for the same. NSEL believed that existence of commodities in warehouse on the following grounds:

NOTES

forming part of the Consolidated financial statements for the year ended March 31, 2016

- a) The depositing members' declarations offering the commodity for warehousing.
- b) Invoices submitted by the depositing, Members along with proof of paying VAT on the commodities deposited,
- c) The Officials concerned in NSEL at the relevant time satisfying themselves, that there were commodities deposited,
- d) Generation of warehouse receipt's by the concerned officials for assigning to trades.

It has come to the notice later when the matter was investigated by Audit/others that there were instances where the commodities were found missing and there were instances of commodities being available partly or fully. This is now part of the investigations by EOW and other investigation agencies.

- 69** In NSEL, with regard to internal controls relating to storage of goods and issuance of warehouse receipts ,prior to the suspension of the exchange related operations of the company, it is the case of NSEL that the concerned officials in management prima facie might have colluded with the defaulting members and apparently facilitated issuance of warehouse receipts purportedly without adequate underlying stocks, which is under investigation. It is a fact that there were cases where stocks were available and in some cases adequate stock was not available. The Members were satisfied with the same, without any demur as some of them in fact visited the concerned warehouses. The verification of reconciliation of the commodities claimed to have been made available by erstwhile management with the other corroborative documents, contemporaneously maintained at various levels is possible only after investigations are concluded. The relevant documents and other records have been seized by investigation agencies and the exact nature of malfeasance and mismatch if any, cannot be ascertained at this stage. Investigating agencies are investigating genuineness of the warehouse receipts issued by the Exchange and impact on financials if any can be ascertained after investigations are concluded and orders are obtained from the Court. Enforcement Directorate has applied provisions of Prevention of Money Laundering Act 2002 (PMLA) on defaulting members and NSEL.
- 70** In NSEL, during the year, the management on prudent basis written-off service tax credit amount of ₹ 269.38 lacs. The decision is based on the review and reconciliation of books of account with service tax returns filed with the service-tax department and corresponding lapse of service tax credit benefit to NSEL. Although, NSEL is trying its best to resolve the issue and get the credit benefit of the same.

71 IN IBMA, A SUBSIDIARY OF NSEL,

- a) As on July 31, 2013 ₹ 1,17,009.86 lacs was the settlement payout receivable by IBMA, from NSEL on account of trades executed by its affiliated members and clients that were part of the revised settlement plan. Up to March 4, 2015, NSEL has completed 65 weekly payouts and has released ₹ 11,036.90 lacs towards the obligation of IBMA's affiliated members and clients. Payout after November 20, 2013 has been made by NSEL directly to constituent members and clients of IBMA. The amount receivable by affiliated members and clients were not fully received from NSEL as per the revised settlement plan. On the basis of the legal opinion received by NSEL, and as NSEL acted as the member broker, NSEL may not has any liability on net basis towards such unsettled obligation to its members and clients. In view thereof, no provision for the same is made in the books of accounts of the IBMA.
- b) An amount of ₹3,128.43 lacs pertaining to VAT on unsettled trades on NSEL exchange platform is outstanding as on balance sheet date. This amount is receivable from the defaulting members on NSEL exchange platform and is in turn payable to the constituent members and clients of the company as part of outstanding settlement obligation.
- c) Sahara Q Shop Unique Products Range Ltd. was registered as a client with IBMA to trade on Exchange platform. As per the revised settlement plan IBMA had to receive obligation from NSEL on account of the trades executed by the client. However SEBI vide letter dated March 11, 2014, had directed NSEL to retain payouts to Sahara group companies and hold the same in a deposit account with any public sector bank until further instructions. Accordingly payouts up to the balance sheet date, amounting to ₹ 921.47 lacs pertaining to the client have been deposited into Fixed deposits by NSEL and equivalent amount is reduced from the exchange's obligation to IBMA. Accordingly IBMA has reduced such amount from both receivable from NSEL and payable to the said client.

72 VIEWS ON MCrA POSITION ON TRADES DONE IN NSEL:

All contracts traded on the exchange platform were proper and in consonance with the applicable laws and there were no violations in this regard. NSEL had obtained a legal opinion on the legality of the contracts. In this regard NSEL refers to the affidavit filed by Department of Consumer Affairs (DCA) in writ petition no. 2340/2013, wherein the following points are mentioned:

View of Ministry of Consumer Affairs (MCrA) on Legality of NSEL contracts

- Extracts from Affidavit of MCrA in Writ Petition (Lodge) No. 2340 of 2013
 - Para 28, Pg 31 "The NSEL instead of adhering to the conditions of exemption quoted practical difficulties and also contended that the exemption is not confined to any specific section of FCRA, rather it extends to all provisions of FCRA was taken into account. Also the fact which emanated from FMC's communication that the other exchange that is, NCDEX Spot Exchange, which was also granted exemption under section 27 of FCRA was violating the conditions of the exemption order."
 - Para 29, Pg 31 "pending legal advice with respect to withdrawal of exemption granted under section 27 of the FCR Act, the answering respondent on July 12,2013 directed NSEL to give an undertaking"
 - Para 31, Pg 32 "FMC in its detailed response dated July 19,2013 has stated. exemption from operation of the provisions of the said Act are silent whether the exemption is applicable to all or specific provisions of the Act"

NOTES

forming part of the Consolidated financial statements for the year ended March 31, 2016

- Para-wise Reply 9, Pg 54 “this direction was issued in public interest to ensure that all the existing obligation is honoured on due date and the exchange is stopped from entering any fresh contract as to ensure that till a proper decision in the matter is taken, the exchange should not be allowed to invite and promote fresh contracts.”
- It may be highlighted here that Government while issue the further notifications dated August 06, 2013 and September 19, 2014 didn't adjudicate the SCN dated April 27, 2012 by declaring the NSEL contracts illegal.
 - Para-wise Reply 9, Pg 57 “it was appropriately thought by the answering respondent that additional conditions be imposed to restore the market sanctity as well as to allay the fears in the minds of the people that NSEL is unregulated.”
- This proves the point that in the eye of the Ministry of Consumer Affairs, the NSEL was a regulated entity even in August, 2013.

The above comments of Ministry of Consumer Affairs confirms that:

1. There were differences in views between NSEL and FMC as to the extent of the exemption notification dated June 05, 2007.
2. FMC finally confirmed by its letter dated July 19, 2013 that the exemption is silent as to whether it is from all or specific provisions of FCRA
3. NCDEX Spot Exchange was also having contracts with deliveries beyond 11 days.
4. FMC/MCrA were monitoring/regulating NSEL and other Spot Exchanges
5. As on July 12, 2013 when directions were issued by MCrA to stop market, MCrA had not even taken legal opinion whether NSEL was in violation. In fact MCrA's view was that after final decision taken, new contracts may be allowed (Pg 54 of affidavit).

73 LEGAL AND REGULATORY FRAMEWORK FOR SPOT EXCHANGE AND RELATED ISSUES IN NSEL:

NSEL had commenced trading on October 15, 2008 pursuant to a notification of exemption no. S.O. No. 906 (E) dated June 05, 2007 issued by the Department of Consumer Affairs, Ministry of Consumer Affairs, Govt. of India (MCrA) (“Notification”). The Forward Markets Commission (FMC) was nominated as the Designated Agency w.e.f. August 5, 2011 by the Ministry of Consumer Affairs vide letter S.No.(3)/F.No. 12/3/2003-IT(Pt).

The 2007 notification has been withdrawn by the Central Government through Notification SO 2529(E) on September 19, 2014 with immediate effect; consequently the Notification SO 228(E) dated February 6, 2012 and Notification SO 2406(E) dated August 6, 2013 cease to be in force w.e.f. September 19, 2014.

NSEL received Show Cause Notice (SCN) dated April 27, 2012 from the Ministry of Consumer Affairs, Food and Public Distribution, Government of India, alleging inter-alia that NSEL was running contracts with more than 11 days delivery period and enabling short sales. NSEL filed detailed reply to the SCN vide its letter dated May 23, 2012 and followed up later on dated August 11, 2012 and July 08, 2013. The market was also informed about the show-cause notice dated April 27, 2012, and its response vide communication dated October 3, 2012.

Ministry of Consumer Affairs, Food And Public Distribution, Government of India, vide its letter dated July 12, 2013 directed NSEL to submit an undertaking in the context of the said SCN stating that:

- a) No further/fresh contracts shall be launched until further instructions from the concerned authority.
- b) All the existing contracts will be settled on the due dates.

Accordingly, NSEL submitted an undertaking on July 22, 2013, stating that:

- a) We undertake not to launch any further/fresh contracts in new commodities and/or at new places till further instruction from concerned authority.
- b) We undertake that we shall settle all the contracts traded on the Exchange on their respective 'settlement due dates', as per contract specification notified by the Exchange.

In view of the above, there was loss of trading interest among the participants due to uncertainties leading to trade in-equilibrium. There was possibility of payment and settlement defaults at NSEL exchange platform by some Members, which came to the notice of Board on July 30, 2013. Therefore, NSEL issued a circular on July 31, 2013, informing its members inter-alia that with immediate effect all one day forward contracts would be suspended till further instructions; however the trading in e-series contracts, e-auction, e-procurement, MSP operations on behalf of Government agencies (NAFED and SFAC), etc. would continue.

The operating activities of NSEL was suspended w.e.f. August 7, 2013 under directive from the Ministry of Consumer Affairs, Food & Public Distribution, Government of India dated August 6, 2013 in continuation of its earlier directive dated July 12, 2013. NSEL has been also facing enquiries/investigations from Government agencies in relation to alleged fraud at NSEL. Further, MCrA has issued notification vide no. F.No.12/3/2003-IT(Vol. II) dated 6th August, 2013 to NSEL to stop e-series.

The Government by Gazette Notification SO 2529(E) dated September 19, 2014 has withdrawn the Gazette Notification SO 906 (E) dated June 5, 2007 (by which NSEL was granted exemption u/s. 27 of the FCR Act, 1952 for trading of forward contracts of one day duration) with immediate effect and consequently the notification SO(E) 228 dated February 6, 2012 and notification SO 2406 (E) dated August 6, 2013 ceased to be in force w.e.f. September 19, 2014, as informed to NSEL by the FMC vide letter dated November 5, 2014.

74 IRREGULARITIES IDENTIFIED IN NSEL

In view of the alleged fraud perpetrated by the defaulting members in collusion with the erstwhile MD & CEO of NSEL and other senior officials. Due to sudden stoppage of the trading activities on Exchange platform, settlement payment default to the tune of ₹ 5,689.50 Crores occurred. NSEL has launched complaints against the ex-MD & CEO and other senior officials with Mumbai Police. Relevant documents and other records have been seized by investigating agencies and the exact nature of malfeasance and mismatch, if any, as to commodities cannot be ascertained at this stage. Without completion of investigation, impact if any, of the said irregularities on NSEL, cannot be ascertained. Since matter is under investigation by EOW, CBI and ED, neither the nature of irregularity involved in such misuse of powers, nor the amount involved can be presently ascertained as in all matters investigation is under progress or matter is sub judice. NSEL also suspended services of erstwhile MD & CEO and other senior officials of NSEL on August 20, 2013 and terminated services immediately thereafter, as remedial measures.

The availability of commodities sold and purchased by members on the exchange platform on March 31, 2013 was not under any doubt since there were no disputes on the availability of stock and all settlement obligations were smoothly completed including the delivery of commodities. The erstwhile NSEL's management had regularly provided details of warehouse receipts assigned to different trades. The Members were satisfied with the same, without any demur, as some of them in fact visited the concerned warehouses to verify the physical stock. The then NSEL's MD & CEO submitted to the Board of NSEL as well as FMC, the stock position as on 31st July 2013 which has reported adequacy of value of stock to cover the trades. Further then NSEL's MD & CEO and other senior official always maintained in various reports that the seller had deposited stocks in the designated warehouses. NSEL understand that the reconciliation of the commodities claimed to have been available by erstwhile NSEL's management team with the other corroborative documents contemporaneously maintained at various levels is possible only after investigations are concluded. The relevant documents and other records have been seized by investigation agencies and the exact nature of malfeasance and mismatch, if any cannot be ascertained at this stage. Investigating agencies are investigating genuineness of the warehouse receipts issued by the Exchange and impact on financials, if any, can be ascertained after investigations are concluded and orders are obtained from the Court. Enforcement Directorate has applied provisions of the Prevention of Money Laundering Act 2002 (PMLA) on defaulting members and exchange and investigation are in progress.

75 NOTICES / INSPECTIONS / AUDITS / INVESTIGATIONS IN NSEL AND ITS SUBSIDIARY IBMA:

- a) NSEL has been served with notices / letters / summons from various statutory authorities / regulators / government departments and some purported aggrieved parties. Most of the matters against NSEL are *sub-judice* before different forums. NSEL may have civil / criminal liability arising out of one or more of the proceedings initiated against NSEL.
- b) NSEL is in process of surrendering Agriculture Produce Market Committee (APMC) licenses in view of the fact that it is no more operational and has initiated the process for the same.
- c) An inspection of NSEL under section 209A of the Companies Act, 1956 was carried out. Pursuant to such inspection, NSEL has received certain notices of non-compliances with certain provision of the Companies Act, 1956 from the Ministry of Corporate Affairs and prosecution has been launched. NSEL has replied to all such notices. NSEL has filed applications for compounding of all compoundable violations as per the provisions of the Companies Act, 1956. These proceedings may result in payment of certain monetary penalties under the Companies Act 1956. The amount of penalty cannot be accurately ascertained at this stage. NSEL has taken suitable steps to avoid such non compliances.
- d) Director, FIU-India had issued a Show Cause Notice alleging that NSEL is 'deemed intermediary' and therefore a 'reporting entity' under PMLA and hence was required to comply with the provisions of the Act. NSEL reiterated the position along with the exemption granted under section 27 of Forward Contracts (Regulation) Act. NSEL also stated in its replies that the term 'deemed intermediary' is not mentioned and is arbitrary. However, Director-FIU has passed an Order on 04.11.2015, imposing a total penalty of ₹ 1.66 Crore on NSEL for not getting registered as a reporting entity and allegedly not furnishing reports and consequently not appointing Principal Officer as prescribed under the Prevention of Money-Laundering Act (PMLA).
NSEL has filed an appeal under Section 26 of the Prevention of Money-Laundering Act (PMLA) challenging the above Order. The said proceedings are pending at the Appellate tribunal, Delhi.
- e) NSEL received a Summons dated 4 April, 2016 from the Superintendent (Anti-evasion) Service Tax-V, Mumbai calling upon NSEL to submit certain documents/ records, which is being looked into by NSEL and necessary representation is being processed. The Officer of the Commissioner of Service Tax issued demand notice of ₹ 1,322.51 lacs for contravening the provisions of the Finance Act, 1994 and have made liable for penalty u/s 78A of the Finance Act, 1994. NSEL is in the process to file suitable reply for the same.
- f) On the direction of FMC, NSEL had appointed Grant Thornton India LLP (GT), a forensic auditor for carrying out audit of the affairs of NSEL for the preceding 5 quarters ended 30 June, 2013. GT had furnished their forensic audit report and a detailed response was sent by NSEL to the FMC with its observations on most of the issues raised in the said audit report.
- g) NSEL had appointed M/s Sharp & Tannan Associates, Chartered Accountants for verifying physical stocks of precious metals & base metals traded under e-Series contracts. - h) Further the FMC had appointed M/s Chokshi & Chokshi, Chartered Accountants, to conduct forensic audit pursuant to the order dated October 28, 2013 passed by the Hon'ble Bombay High Court. The said audit did not bring out any adverse finding with reference to the e-Series contracts. Consequently, as per directives of the FMC, as on date, about 98% e-Series free holdings have been settled to approximately 33,000 e-Series investors by way of re-materialization/financial closure.
- i) In the prior years, some of the irregularities which have been observed arising out of misuse of power of Ex-MD AND CEO and erstwhile senior officer of NSEL are under investigation by investigating agencies in response to the complaint made by NSEL and others against such employees and also by others against the employee and NSEL. Without completion of the investigation impact if any, of the same irregularity of NSEL cannot be ascertained, as matters are under investigation with different investigating agencies.

76 CIVIL SUITS / COMPLAINTS / WRITS / PUBLIC INTEREST LITIGATIONS IN NSEL AND ITS SUBSIDIARY IBMA :

- a) Some of the defaulting members of the Exchange have filed cases against NSEL. These case are in the nature of
 - (i) disowning their pay in liability for the trades done on Exchange platform
 - (ii) counter claim from NSEL
 - (iii) claims by clients of the trading/ clearing members
- b) There are some writ petitions, Public Interest Litigations (PILs), civil suits including in representative capacity filed by and against NSEL.
- c) NSEL filed third party claims against the defaulting Members in the existing civil litigation for recovery of their pay-in obligation.
- d) These matters are currently *sub-judice* before Bombay High Court and other forums and are at various stages. The writ petitions and civil suits are primarily against the various defaulting members of NSEL. However, claims have also been made against NSEL alleging that NSEL was responsible as guarantor of such settlement and payment as also alleging deficiency of certain services rendered by NSEL. NSEL had disputed all such claims, interalia on the ground that, the obligation of NSEL is to settle the trade using the SGF-MC created out of members' contribution and the procedures stipulated in the bye laws is to be followed for obtaining the additional contribution from non-defaulter members to complete the pay-outs.
- e) Post the defaults that occurred in July/Aug 2013, it has been revealed that the contracts in respect of which the default occurred may be hit by the proviso to bye-laws 5.26 of bye-laws* of the Exchange. NSEL has contested various claims from various parties that it ever acted as central counterparty to the contracts. The matters are currently *sub-judice*. NSEL would follow the procedure stipulated in Chapter 12 of bye-laws to call in required contribution from the non-defaulter members, after excluding the transactions which are hit by proviso to bye-law 5.26. NSEL had not offered any corporate guarantee to complete the settlement out of its funds, therefore there is no liabilities of NSEL on these grounds.
- f) NSEL received a legal opinion to the effect that NSEL is not liable for payment under the provisions of SGF in the bye-laws. Further in case of e-Series contract related transactions, no major infirmity in underlying physical stock was observed. Therefore, at this stage and in the opinion of the Management of NSEL, relying upon the legal advices, and as per the provisions of bye-laws of the exchange, there are no direct ascertainable financial claims against NSEL, is sought to be made in the books of accounts of NSEL. NSEL may be exposed to liabilities in case of any adverse outcome of these investigations/ enquiries or legal cases or any other investigations/enquires or suits which may arise at a later date.
- g) NSEL took various actions including, arranging a joint meeting of Members with outstanding and receivable dues with FMC, appointing SGS & Group 4 securities to survey & secure stocks at various warehouses, appointing Sharp & Tannan Associates for audit of outstanding dues, appointed officer on special duty to assist the management of NSEL, declaring members as defaulters under bye-laws, terminating the services of ex-MD & CEO and other few senior officials, filed criminal complaints against the defaulters and ex-senior officials of NSEL and initiated various recovery proceedings against defaulting members. The High court of Bombay is seized of the recovery matter and has appointed a committee to assist them in recovery proceedings. The High court appointed a Committee (HCC) with powers mentioned in the Bombay High Court order dated September 2, 2014. NSEL has also filed criminal Complaints under section 138 of the Negotiable Instruments Act, 1881 (as amended) against some defaulters who had issued cheques against their pay in obligation under default and bounced the said cheques, proceedings are pending at different courts.

NSEL is fully cooperating with HCC in the recovery proceedings. The proceedings against defaulting members are at various stages and so far no significant recovery has taken place in these matters. HCC on 31st March 2016 has recommended to the Hon'ble High Court of Bombay to carry out an audit of certain trading clients, their Brokers and the exchange, after it came across discrepancies in the figures submitted by them. HCC has through its various reports has placed before High Court various recommendations based on its findings. Reports have been filed by HCC with regard to sale of Sugar and sale of ferrochrome and the same was accepted by High Court of Bombay.

- h) Due to various actions taken by NSEL to enforce payment by defaulting members following developments have taken place till March 2016.
 - i. The High Court of Bombay is seized of the recovery matters and has appointed a committee to assist them in recovery proceedings. The Hon'ble Bombay High Court has appointed a 3 member Committee (HCC) headed by a High Court Judge (Rtd) with all powers mentioned in the Hon'ble Bombay High Court order dated September 2, 2014. NSEL is fully cooperating with HCC in the recovery proceedings. The proceedings against defaulting members are at various stages and so far no significant recovery has taken place in these matters. HCC on 31st March 2016 has recommended to the Hon'ble High Court of Bombay to carry out an audit of certain trading clients, their Brokers and the exchange, after it came across discrepancies in the figures submitted by them. HCC has through its various reports has placed before High Court various recommendations based on its findings. Reports have been filed by HCC with regard to sale of Sugar and sale of ferrochrome and the same was accepted by High Court of Bombay.

- II. Further HCC committee has called for trading members records from Brokers for ascertaining the ultimate liability of clients who had purchased/sold commodities in the exchange. Closed covers have been received by HCC and they are yet to open and confirm the correctness of liability. Few of the Trading members have filed petition against calling for such details.
 - III. NSEL has also filed criminal Complaints under section 138 of the Negotiable Instruments Act, 1881 (as amended) against some defaulters who had issued cheques against their pay in obligation under default and bounced the said cheques, proceedings are pending at different courts.
 - IV. NSEL has obtained decrees on admission against 5 defaulters and has secured an amount of ₹ 1,233.02 crores. The Decrees are under execution proceedings and pending for further course in Hon'ble Bombay High Court.  - V. The list of attached/secured assets has been notified by the Government of Maharashtra through 5 notifications/Gazettes.
 - VI. Hon'ble Special MPID Court has passed Order to sell 2 (two) properties of one Defaulting member namely Mohan India and the auction process of the same is in process. The Hon'ble MPID Court has also passed Orders by making the attachment on some bank accounts of some defaulters absolute and further directed the Competent Authority to transfer the amounts from the attached bank accounts of the following defaulters to the Competent Authority's Bank account - Aastha Minmet, Juggernaut Projects, Yathuri Associates, Metkore Alloys, MSR Foods, ARK Imports, Shree Radhey Trading, Swastik Overseas, Mohan India, Tavishi Enterprises, NCS Sugars, and Lotus Refineries. Recently the Hon'ble MPID Court directed the Competent Authority to open a new bank account i.e. NSEL MPID account and transfer the funds in the said account.
 - VII. EOW through its money trail report has found 36 companies in which the 22 defaulters have diverted money which was invested in the exchange. So far 799 properties of the Defaulters have been identified for attachment by the EOW Mumbai Police. NSEL through its Recovery Team and with the assistance of expert, Asset Tracing Agencies, has extended its full support to the EOW Mumbai Police in identifying several of these properties and is playing a key role in the entire recovery process from the defaulters.
- i) In case of IBMA on writ petition filed in Bombay High Court by one Mr. Tarun Amarchand Jain HUF and others, the Hon'ble Court had vide their order dated October 7, 2013 directed NSEL to not process any application for re-materialization of e-series stock in respect of entities associated with NSEL and IBMA including their employees and relatives has withdrawn their writ petition on 14th August 2015. Further IBMA was directed to not settle any re-materialization in respect of such entities. In view of the above development the undertaking given by NSEL for not dematerializing the metals of IBMA, other associated entities and employees is no more in force and thus there is no impediment in the way of NSEL to de-materialize the metals pertaining to IBMA. Based on the above, IBMA disposed of the stock. The Hon'ble High court vide their order dated October 28, 2013 had directed FMC to initiate a forensic audit in respect of e-series contracts. M/s Chokshi & Chokshi, Chartered Accountants were accordingly appointed by FMC to conduct the forensic audit. The audit report confirmed the stock underlying the e-series to be intact and made no adverse observations of diversion of funds from contracts traded on NSEL exchange platform for buying the underlying commodities. The e-series rematerialization and financial settlement for non-associated entities was initiated by FMC post the receipt of audit report. Consequently, approximately 98.5% of the outstanding e-series contracts have been settled by May 16, 2015 and payment made to approximately 33,000 e-Series investors through re-materialization / financial closure process.
- 77** In respect of FY 2013-14, as reported by members that there are large number of small clients of the Members who had to receive money from the respective defaulting members, NSEL had requested its Holding company (Parent company) to give an interest bearing bridge loan of ₹ 17,939.81 lacs without admission of the liability of NSEL to pay the dues on behalf of defaulters. Accordingly Holding company (Parent company), purely as a goodwill gesture, without admitting any liability and without prejudice, granted interest bearing loan of ₹ 17,939.81 lacs to NSEL, repayable to Holding company (Parent company) from future income/accrual/recoveries. Out of such loan, NSEL had paid, without prejudice, to small clients of the Members in full whose dues were less than or upto ₹ 2.00 lacs and 50% of the amount to those, whose dues were between ₹ 2.00 lacs and ₹ 10.00 lacs. The same was executed under intimation to the FMC and under guidance from FMC. NSEL has a right to recompense from the proceeds of recovery of the defaulted members. It is stated that such dues were the amounts payable by the buying members (pay-in) to selling members (pay-out) and that since buying members had defaulted in making payments to selling members and in the larger interest of the small clients of the selling members, NSEL had made such payments to Members and in turn to small clients of such Members, under intimation to the FMC and under guidance from the FMC / Ministry of Consumer Affairs, Government of India.

The current NSEL management, for the purpose of ensuring appropriate controls over the financial reporting process and the preparation of the financial statements, have specific implemented specific procedures.
- c) As per assessment, necessary disclosures arising from the irregularities in controls have been made in the notes to accounts to the financial statements and other reports. Since matters relating to several of the irregularities are *sub-judice* and the various investigations are ongoing, any further adjustments/disclosures, if required, be made in the financial statements of NSEL as and when the outcome of the above uncertainties is known and the consequential adjustments/disclosures are identified. The EOW is also investigating the role played by other brokers of trading clients which enhanced the risk on NSEL due to client code modification, mis-selling, etc.
- d) Several agencies such as the Police (EOW), Ministry of Corporate Affairs (MCA), Enforcement Directorate (ED), CBI etc. are currently investigating/enquiring the extent of alleged irregularities and any breach of law. The matters are also *sub-judice* before various forums including the Hon'ble High Court of Bombay. NSEL may be exposed to liabilities in case of any adverse outcome of these investigations or any other investigations which may arise at a later date.
- e) Currently, operations of many of the bank accounts of the company have been restricted by various authorities, and the said bank accounts are now mainly used only for payment of legal, administrative and employee related expenses. All settlement of members' dues are done as per the directions of the Court.

79 As per the assessment of the Management of NSEL, necessary disclosures arising from the irregularities as stated above have been made in the financial statements.
