ANNEXURE A TO INDEPENDENT AUDITORS REPORT

Referred to in paragraph 8(f) of the Independent Auditor’s Report of even date to the members of M/S. Atcom Technologies Limited on the consolidated financial statements for the year ended 31 March 2016.

Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Act

1. We have audited the internal financial controls over financial reporting of M/S. Atcom Technologies Limited (the Company’) as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective board of directors of the of the Holding company, its subsidiary companies and its associate company, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting

criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with our Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the

company;(2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorisations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at **31 March 2016**, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Note No. "1":- SIGNIFICANT ACCOUNTING POLICIES**Basis of accounting**

The financial statements have been prepared under the historical cost of convention on an accrual basis.

Fixed Assets

Fixed assets are recorded at the cost of acquisition or construction. They are stated at historical cost less accumulated depreciation.

Depreciation

Depreciation is charged on Fixed Assets on Straight Line Method and in the manner prescribed in the Companies Act, 2013. Cost of leasehold land is amortized over the period of lease.

Investments

Current investments are carried at lower of cost or fair value. Long-term investments are carried at cost. However, provision for diminution in the value is made to recognize a decline other than temporary in the carrying amount of investments.

Inventories

Items of inventories are valued at cost or net realizable value, whichever is lower. Cost is determined as follows.

- a. Raw Materials – on FIFO (First In First Out) basis.
- b. Work-in-progress and finished goods on absorption costing method.

Doubtful Debts/Advances

Provision has been made in the accounts for debts/ advances, which in the opinion of the managements are considered doubtful of recovery.

Revenue Recognition

Revenue (Income) is recognized when no significant uncertainty as to determination or realization exists.

Taxes on Income

Tax expense comprises current tax and deferred tax, at the applicable enacted/ substantially enacted rates. Current income tax represents the amount of income tax payable/recoverable in respect of the taxable income/loss for the reporting period. Deferred income tax represents the

effect of timing difference between taxable income and accounting income for the reporting period that originate in one period and are capable of reversal in one or more subsequent periods. Deferred taxes are not recognized as management considers it imprudent to do so.

Other Accounting Policies

These are consistent with generally accepted accounting practices. The figures have been regrouped for comparison purpose wherever applicable.
