MANAGEMENT DISCUSSION & ANALYSIS

Industry Outlook

Indian Equity Market

Indian Equity Markets reflected the improved growth prospects of the economy. The year had a downward trend in line with the world-wide recession and in tandem with the other markets of the world. However, the Overall size of the Indian Capital Market has increased tremendously over the last decade. There is excellent opportunity in the Private Equity.

New Initiatives/ Private Equity

MIL has subscribed to/ acquired Equity stakes in several real estates projects and other upcoming industries. In view of the huge opportunity available in this field, and the valuation potential of these companies upon listing/ after expanded operations, your company can garner excellent profits in the form of Dividends and Capital appreciation. The potential of the sector is tremendous. Although it is highly risky zone, and several investments in Private Equity may go bad, but, in case even 50% or even 20% of the investments in PE go the right way, the yield will be enough to absorb all the losses and give handsome returns. MIL believes in strong pre-investment survey and due diligence of the project before investing and the strategy is to divide the investment and divide the risk in several projects and industries. MIL has earned handsome from its investment in Hydro-power, wherein it had invested as a PE partner.

Business Overview- Financial Year 2011-12

The Indian economy has promising growth prospects. The GDP is looking strong with double digit growth expected in the next year. The prudent policy by the management has helped in ensuring that the year under review was positive and fruitful for Mahanivesh (India) Limited (MIL) and the company has posted higher Net Profit after taxes for the current year.

Corporate Debt Market- Future Growth Prospectus

The Corporate Debt Market and Government Securities Market in India is at a turning point and significant changes are taking place in domestic economic environment alongwith various proposed legislative changes. With the emergence of Private placement market in India, an alternate has emerged for the corporate sector to raise long term funds.

Corporate access to private placement market has several benefits and is cost and time-effective method of raising funds. Further, it does not require detailed compliances and formalities.

Evidently, India has emerged as one of the fastest growing economies in the world and is endeavoring to step up the growth rate. India needs huge capital for its Infrastructure development. And hence, the need for long term debts.

As the debt market functioning improves, the dependence on Banking system will reduce for long term financing of projects. Cost of borrowings will also reduce for the corporate sector. Further, the banking system will be able to concentrate more on the small and medium enterprises and agriculture and service industry.

India has all the pre-requisite for development of its Debt market. It has depository in place. It has several credit rating agencies. Stock Exchanges and clearing corporations are working smoothly and have excellent trading platform with wide reach. Government securities market is well in place.

Operational Performance

Your company has continued its growth in the current financial year. During the last three years, its growth is tremendous and has broken its own records. A snapshot of the past 3 years financial results are as follows:

Financial Particulars	2008-09 (Audited)	2009-10 (Audited)	2010-11 (Audited)
Total Income	1,06,12,99,595	41,24,25,330	45,62,60,611
Net Profit after taxes	7,96,894	8,32,444	9,26,129

Risks & Concerns

India has emerged as one of the fastest growing economies in the world and has generated a lot of interest among the foreign investors. Foreign Investors and global players are making huge investments in different businesses in India as they see India as a future economic powerhouse.

Every opportunity brings with it new competition in the Market. MIL believes that the business can be grown only with the healthy competition. As the company derives its revenue from PE investment, its manpower and management skills are on test. MIL has grown on the strength of competition and will continue to do so. It believes in strong business model and best human talent and excellent client relationship.
