MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

1. Industry overview:

The financial year 2018-2019 started with a bleak mindset on the global economy but afterward, it progressed in a positive direction in comparison to the last year. The year under review was expected to face the force of the economic crises. However, the Indian Economy displayed remarkable resilience and has almost bounced back from the after-effects of the recent global meltdown.

There has been an increasing demand impacting both, exports as well as domestic consumption. However, the Indian economy continues to grow robustly. This is evident from increased demand in steel, cement, and other sectors. There has been stress on the development in the field of agriculture by the Government.

In spite of all this, the company managed to perform relatively better since it is driven more by domestic consumption. It is anticipated that there shall be increased business opportunities for the company in the near future.

2. Outlook on opportunities, threats, risks, and concerns:

The company is focused on PVC Pipes as well as its core product Sprinkler Irrigation System and Drip Irrigation System to the retail segment. Increasing demand for the product of the company has created opportunities for further growth in the sale of the company's product. It is expected that recovery in the economy and stress of the government in the agriculture area will together result in ample business opportunities for the company. However, there will also be increased competition, mainly from small manufactures of unorganized sectors.

3. Internal Control System & Adequacy:

The company has an adequate system of internal controls commensurate with the size and nature of the business of the company designed to provide reasonable assurance that assets are safeguarded; transactions are executed in accordance with the management's authorization and properly recorded. Accounting records are adequate for the preparation of financial statements and other financial information. Internal audit is conducted on a continuous basis to ascertain the adequacy and effectiveness of internal control systems. Their observations are reviewed by the senior management and the Audit Committee.

4. Financial Performance:

The Sales Turnover for the year under review was Rs. 5774.36 Lacs as compared to Rs. 5757.00 Lacs for the previous year. The company was able to earn a profit after tax for the year under review of Rs. 58.41 Lacs as against a profit of Rs. 206.30 Lacs for the previous year.

5. Material Development in H.R. Fronts:

Human capital is the most crucial asset of the company, the company has to continue to invest in the development of its employees, which is very important for ensuring sustained high performance. The company is in the process of strengthening and introducing a system that would enable employees to track their own progress as well as bring up issues that concern them and the company for better performance

The industrial relation continued to remain cordial throughout the year.

- “Senior Management” means the employee of the Company holding the position of Vice President or above, Company Secretary and Chief Financial Officer of the Company.

3. Appointment And Removal Of Directors, KMPs And Senior Management Personnel:

Appointment Criterion and Qualifications:

A person proposed to be employed by the Company at Senior Management shall fulfill the following criterion:

- a) He/she should be a person of integrity with a high level of ethical standards.
- b) The person should possess the adequate qualification, positive attributes, expertise and experience commensurate with the position he/she is considered for appointment. The Committee has the discretion to decide whether qualifications, expertise, and experience possessed by a person are sufficient/adequate for the concerned position.
- c) The person should not have been convicted by a court of law of any offense, whether involving moral turpitude or otherwise and sentenced in respect thereof to imprisonment for 6 months or more during the last 5 years or imprisonment for 7 years or more at any point in time.

- d) The person should possess requisite qualifications (wherever applicable) as may be prescribed under any law, rules, regulations and Listing Regulations.
- e) The persons proposed to be appointed as Directors including Managing Director or Whole Time Director(s) shall fulfill the following criterion:
- f) He/she should be a person of integrity with a high level of ethical standards.
- g) The person should have requisite qualifications and experience in any of the areas like technical, finance, law, public administration, management, marketing, production, human resource, etc., as may be required in the context of the business and operations of the Company. The Committee has the discretion to decide whether the qualifications, expertise, and experience possessed by a person are sufficient/ satisfactory for the concerned position.
- h) The person should not have been disqualified to be a director as per the provisions of the Act, Rules and any other law and regulation for the time being in force.
- i) In the case of appointment as Independent Director, the person should fulfill the criterion of independence prescribed under the Act, Rules and the Listing Regulations.

Recommendation of the Committee:

Depending upon the requirement of the Company, the Committee shall identify the persons who are qualified to become Directors including Managing Director and Whole Time Director(s) and who may be appointed in Senior Management and as Key Managerial Personnel in accordance with the criterion mentioned above and recommend to the Board their appointment including the remuneration and other terms of their appointment.

The Committee shall also recommend to the Board, all Remuneration in whatever form payable to the Directors including Managing Director and Whole Time Director(s), KMPs and Senior Management personnel including the increment and performance incentive payable to them.

While considering the Appointment and Remuneration of Directors including Managing Director and Whole Time Director(s), KMPs and Senior Management personnel, the Board shall take into consideration the recommendations of the Committee in this regard. Unless it is required to be determined/approved by the Board or Committee or any other committee of the Board in pursuance of any provision of law, rules or regulation, the terms of employment and Remuneration including increment, performance incentive, etc. of the employees (excluding Senior Management) are determined by the Management Committee or Managing Director of the Company.

Removal:

Due to any disqualification mentioned in the Act, Rules or under any other law, rules and regulations or violation of the Code of Conduct and Ethics of the Company, the Committee may recommend to the Board, removal of the concerned Director including Managing Director and Whole Time Director, KMP or Senior Management personnel from the services of the Company, with the reasons recorded in writing. Such removal of a Director, KMP or Senior Management personnel by the Board shall be subject to the provisions and in compliance of the Act, Rules and any other laws, rules and regulations, as may be applicable.

Retirement:

Unless removed by the competent authority,

- a) A Director including Managing Director and Whole Time Director(s), if any, shall retire as per the terms of his/ her appointment / re-appointment.
- b) Senior Management personnel shall retire as per the prevailing retirement policy of the Company.
- c) The Board shall have the discretion to retain KMPs or Senior Management personnel on the same or similar position, remuneration or otherwise even after their attaining the age of superannuation, as it may deem fit.

4. Remuneration Structure & Components:

Managing Director and Whole Time Director(s)

The Managing Director and Whole Time Director(s) shall be paid both fixed and variable components of Remuneration subject to the provisions of the Act, Rules and other laws, rules and regulations and the Listing Regulations. The variable component of Remuneration shall have a co-relationship with the performance of such a Director against a prescribed benchmark along with the factors such as the financial performance of the Company. The Committee shall recommend to the Board from time to time Remuneration packages for Managing Director(s) and Whole Time Director(s) keeping a

balance between fixed and variable pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals including internal comparison amongst compensation of Managing Director / Whole Time Director(s) and median employee pay.

Non-Executive Directors

Non-executive Directors shall be paid an adequate and reasonable sitting fee for attending meetings of the Board and committees thereof subject to the maximum amount permissible under the Act and Rules. Subject to the adequacy of the profits and approval of the Shareholders, the Company may pay commission to the Non- Executive Directors of the Company.

The Board shall determine the appropriate criterion for payment of commission to Non- Executive Directors which may include the time devoted by the Directors for the business of the Company, the contribution made by the Director in the functioning of the Company, etc.

Other KMPs and Employees

The payment structure, salary levels and policies pertaining to perquisites and benefits including retirement benefits are designed as per the industry practice, business needs or other factors related to the business of the Company.

The Human Resource Department undertakes a review of the Remuneration through periodic benchmarking exercises, surveys and/ or market trends. The various Remuneration components are combined to ensure an appropriate and balanced Remuneration package depending upon the level of employee, job profile, performance, future potential, and other relevant variables.

The Remuneration of Senior Management personnel and other employees are based on the following main principles:

- a) Demand-supply relationship of the concerned job expertise.
- b) The need of the organization to retain and attract talent and its ability to pay.
- c) Employees' social aspiration for enhancing the standard of living.
- d) Compensation Trends in the industries in which the Company operates.

The compensation of Senior Management personnel comprises of the fixed component as well as performance-based incentives apart from perquisites and benefits including retirement benefits. While recommending the increment and performance incentive of Senior Management personnel, the Committee shall strike a balance between fixed and variable pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

The Remuneration package of other employees depends upon the nature of the business, job profile and other factors mentioned above. Apart from a fixed component, the package may include one or more variable components such as performance-based incentives, annual bonuses, production linked bonus, etc., as the case may be.

5. General:

This Remuneration Policy can be amended, modified or revised by the Board from time to time. In case any provisions of this Remuneration Policy are contrary or inconsistent with the provisions of the Relevant Laws, the provisions of Relevant Laws shall prevail.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of Rungta Irrigation Limited

Report on the IND AS Financial Statements

We have audited the accompanying IND AS financial statements of Rungta Irrigation Limited [CIN: L74899DL1986PLC023934] ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including other comprehensive income), and the Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS financial statements that give a true and fair view of the State of affairs, Profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Indian Accounting Standards "(IND AS)" specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibility

Our responsibility is to express an opinion on these IND AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the IND AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the IND AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate to modify the opinion. Our conclusions are based on the audit evidence obtained up to the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the IND AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss [including other comprehensive income], the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid IND AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2019, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its IND AS financial statements. Refer Note No. 36 to the IND AS financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

There were no amounts that were required to be transferred to the Investor Education and Protection Fund by the Company.

To the Independent Auditor's Report – 31 March 2019 on the IND AS Financial Statements

(Referred to in our report of even date)

- i. (a) The company has maintained proper records showing full particulars, including quantitative details and situation of its fixed assets.
(b) As explained to us, fixed assets have been physically verified by the management at reasonable intervals; no material discrepancies were noticed on such verification.
(c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the financial statements, the lease agreements are in the name of the Company.
- ii. As explained to us, inventories have been physically verified during the year by the management at reasonable intervals. The discrepancies noticed on physical verification of stocks between the physical stocks and the book records were not material.
- iii. According to the information and explanations are given to us and on the basis of our examination of the books of account, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties listed in the register maintained under Section 189 of the Companies Act, 2013. Consequently, the provisions of clauses iii (a), (b) and (c) of the order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations are given to us, the company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. According to the information and explanations are given to us, the company has not accepted any deposits during the year and does not have any unclaimed deposits as at March 31, 2019 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. We have broadly reviewed the records maintained by the Company pursuant to the rules prescribed by Central Government for maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- vii. According to the information and explanations are given to us, in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Value Added Tax, Customs Duty, Excise Duty, Cess, and other material statutory dues applicable to it with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax (except as mentioned in the notes to accounts), Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
- viii. In our opinion and according to the information and explanations given by the management, we are of the opinion that, the Company has not defaulted in repayment of dues to a financial institution, bank, Government or debenture holders, as applicable to the company.

- ix. Based on our audit procedures and according to the information given by the management, the company has not raised any money by way of an initial public offer or further public offer (including debt instruments) or taken any term loan during the year.
- x. According to the information and explanations given to us, we report that no fraud by the company or any fraud on the Company by its officers or employees has been noticed or reported during the year.
- xi. According to the information and explanations are given to us and based on our examination of the records, the Company has paid or provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V of the Act.
- xii. In our opinion and according to the information and explanations are given to us, the company is not a Nidhi Company. Therefore paragraph 3 (xii) of the order is not applicable to the company.
- xiii. According to the information and explanations are given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the IND AS Financial Statements etc. as required by the applicable accounting standards.
- xiv. According to the information and explanations are given to us and based on our examination of the records, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- xv. According to the information and explanations are given to us and based on our examination of the records, the company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

Report on Internal Financial Controls Over Financial Reporting

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/S Rungta Irrigation Limited ("the Company") as of March 31, 2019, in conjunction with our audit of the IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of IND AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the IND AS financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

6. Summary of Significant Accounting Policies

1.1. Basis of Preparation

Compliance with Ind AS

The Financial Statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the "Ind-AS") as notified by the Ministry of Corporate Affairs, pursuant to section 133 of the Companies Act 2013 (The Companies (Indian Accounting Standards) Rules, 2015) and comply in all material aspects with their provisions.

The financial statements up to the year ended 31st March 2017 were prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India, Accounting Standards specified under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies Act, 2013. During the Previous year ending 31st March 2018, the Company has prepared its financial statements in accordance with Ind- AS and is consistently following the same in the current year also.

Historical Cost Conventions and Fair Value

These financial statements have been prepared on a historical cost basis, except for some assets and liabilities which have been measured at fair value, as specifically disclosed.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Reporting Presentation Currency

All amounts in the financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and the primary functional currency of the company) and rounded off to the nearest Lacs with two decimals, unless otherwise stated.

1.2. Classification of Assets and Liabilities

All the assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

1.3. Accounting Estimates & Judgments and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgments principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimated useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)
- Provision for doubtful debts
- Provision for employee's post-employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognized in the period in which the same is determined.

The management of the Company makes assumptions about the estimated useful lives, depreciation methods or residual

values of items of property, plant, and equipment, based on past experience and information currently available. In addition, the management assesses annually whether any indications of impairment of intangible assets and tangible assets. The management of the Company believes that on balance sheet date no impairment indications were existing.

The management of the Company believes that the inventory balances on hand could be sold to the third parties at the disclosed value taking into consideration the condition of inventories held and current conditions in the market.

Furthermore, the management believes that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the creditworthiness of debtors on 31st March 2019. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management is not aware of, which could significantly affect their estimations.

The provisions for defined benefit plans have been calculated by a local (external) actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. Management believes that the mortality tables used are generally acceptable mortality tables the countries involved. The discount rate has been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

1.4. Operating Segments.

The company operates in only one report table operating segment of manufacturing of irrigation products, in accordance with Ind AS 108 (Operating Segments).

1.5. Inventories

Inventories are measured at lower of cost or net realizable value after providing for obsolescence if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. The cost of raw materials is determined on FIFO basis, cost of process chemicals, stores, packing materials are determined on weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Not usable wastes are valued at net realizable value.

1.6. Property, Plant, and Equipment

Land, buildings, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes are stated at historical cost or deemed cost less accumulated depreciation (except Land) and any accumulated impairment losses. Cost comprises the purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Intangible Assets

Intangible Assets are stated at cost less accumulated amortization.

1.7. Impairment of Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

1.8. Depreciation

Depreciation on buildings, machinery, and equipment has been provided on straight-line basis over the estimated useful lives of the respective assets. Intangible assets are amortized over their estimated useful economic lives on a straight-line basis. Land and construction in progress are not depreciated. The estimated useful lives considered for providing depreciation on other substantial assets are as follows:

Factory Buildings – 30 Years
Non Factory Buildings – 60 Years
Plant & Machinery - 10-15 Years
Furniture and Fixtures – 10 Years
Office Equipment – 5 Years
Computers – 3 Year
Vehicles – 6-8 Years
Software - 4-6 Years

The residual values estimated useful lives and depreciation methods of each item of property, plant, and equipment are reassessed annually.

2. Leases

Operating Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company, as lessee, are classified as operating leases. Payments made under operating leases, if any, are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

2.1. Investments and other financial assets

Financial assets are initially measured on the trade date at fair value, plus transaction costs. All recognized financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

a) Classification

The Investments and other financial assets have been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised Cost:

Assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss:

Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in other gains/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

c) Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 36 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

d) Derecognition of financial assets

A financial asset is derecognized only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

e) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

f) Income recognition

Interest Income

Interest income from debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognized in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

2.2. Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to an insignificant risk of change in value.

2.3. Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected lifetime credit loss is recognized on initial recognition.

2.4. Borrowings.

Borrowings are recognized initially at fair value, less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortized cost with any difference between cost and redemption value being recognized in the statement of profit or loss over the period of the borrowings using the effective interest method.

2.5. Provisions.

Provisions are recognized when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

2.6. Employee Benefits

Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

Post-Employment Benefits

Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

Defined Benefit Plans

The employee Gratuity Fund Scheme managed by a trust is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to an additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans are based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations. In case of funded plans the fair value of the planned assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on net basis.

The obligation to leave encashment will be done on a payment basis.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

2.7. Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, and value-added taxes.

Sale of Products

The Company recognizes revenue from the sale of goods when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and significant risks and rewards of ownership have been transferred to the customer. No element of financing is deemed present in sales.

2.8. Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognized in the income statement on the date the entity's right to receive payments is established.

Company has elected to present gains or losses arising from fair value adjustments of financial instruments, gains or losses on disposal of property, plant and equipment, gain or losses from disposal/redemption of investments and regular foreign currency transactions and translations as a separate line item "other gains/(losses) - net" on the face of the statement of profit and loss as permitted in para 85 of Ind AS 1

2.9. Claims and Benefits

Claims receivable is accounted on the accrual basis to the extent considered receivable.

2.10. Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.11. Foreign currency transactions and translation

Transactions in foreign currencies are recorded in functional currency at the exchange rates prevailing at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit and loss with the exception for exchange differences on foreign currency borrowings relating to qualifying assets under construction are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates at the date of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of gain or loss on change in fair value of the item

2.12. Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Transaction cost in respect of long-term borrowings is amortized over the tenure of respective loans using effective interest method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

2.13. Contingent Liability and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.14. Earnings Per Share

Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

32.2 Fair Value Hierarchy							
(a)	This section explains the judgments and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Total	32.88	-	-	32.88			
	Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is						

	valued using the closing price as at the reporting period.						
	Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques that maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.						
	Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.						
	There are no transfers between level 1 and level 2 during the year						
	(b) Valuation technique used to determine fair value						
	Specific valuation techniques used to value financial instruments include: - The use of quoted market prices or dealer quotes for similar instruments. - The fair value of forwarding foreign exchange contracts is determined using forward exchange rates at the balance sheet date. - The fair value of the remaining financial instruments is determined using a discounted cash flow analysis. All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.						
	(c) Fair value estimation						
	Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary for arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.						
	The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.						
	Interest-bearing borrowings						
	Fair value is calculated based on discounted expected future principal and interest cash flows. The carrying amount of the Company's loans due after one year is also considered as reasonable estimate of their fair values as the nominal interest rates on the loans due after one year are variable and considered to be a reasonable approximation of the fair market rate with reference to loans with similar credit risk level and maturity period at the reporting date.						
	Trade and other receivables/payables						
	Receivables/payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.						
	Other long term receivables						
	These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.						
	(d) Valuation process						
	The accounts & finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods. The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated as follows: <ul style="list-style-type: none"> • Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset. • Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group. • Earnings growth factor for unlisted equity securities is estimated based on market information for similar types of companies. Changes in level 2 and 3 fair values are analyzed at the end of each reporting period during the quarterly valuation discussion between the CFO, AC and the valuation team. As part of this discussion the team presents a report that explains the reason for the fair value movements.						
33.	Financial risk management						
	(a) Risk management framework						

	<p>In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk, and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.</p> <p>This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.</p>						
(b)	Credit risk						
	<p>Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.</p> <p>The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in the domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.</p>						
	Trade and other receivables						
	<p>Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses by the Company. The management has an advance collection /credit policy criteria in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. Before accepting a new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limits separately for each individual customer. The gross carrying amount of trade receivables as at 31st March 2019 aggregates Rs 2955.03 lacs (Previous year ended 31st March 2018 Rs 3439.02 Lacs). The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of trade receivables.</p> <p>Investments are reviewed for any fair valuation loss on a periodical basis and necessary provision/fair valuation adjustments have been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.</p>						
(c)	Liquidity Risk						
	<p>Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.</p> <p>The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.</p>

(d)	Market risk						
	<p>Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as of March 31, 2019 and March 31, 2018. The</p>						

objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing the return. The Company uses derivatives like forward contracts to manage market risks on account of foreign exchange.					
Currency risk					
The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the company's functional currency (Rupees).					
Exposure to currency risk					
The summary of quantitative data about the Company's exposure (Unhedged) to currency risk as reported to the management of the Company is as follows :					
Nature	Cross Currency	As at 31st March 2019		As at 31st March 2018	
		Foreign Currency	INR (In Lacs)	Foreign Currency	INR (In Lacs)
Financial Liabilities					
Trade and Other Payables	USD: INR	-	-	-	-
Financial Assets					
Trade Receivables	USD : INR	-	-	-	-
Interest rate risk					
The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2019 and 31 March 2018, the Company's borrowings at the variable rate were denominated in INR. Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

Dear Shareholders,

RE: SHAREHOLDERS HOLDING SHARES IN PHYSICAL MODE

SUBJECT: TRANSFER OF SHARES COMPULSORILY IN DEMAT MODE

Amendment to Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) with respect to mandatory dematerialization for transfer of securities

- a. SEBI vide gazette notification no. SEBI/LAD-NRO/GN/2018/24 dated June 8, 2018, has mandated that transfer of securities would be carried out in dematerialized form only which will come into effect from December 5, 2018.
- b. According to the aforesaid notification, request for affecting the transfer of securities shall not be processed unless the securities are held in the Dematerialized form with the depository with effect from December 5, 2018.
- c. This restriction shall not be applicable to the request received for transmission or transposition of physical shares.
- d. Shareholders are requested to get in touch with SEBI registered Depository Participant to open a Demat account
- e. Shareholders holding shares in physical form are requested to dematerialize shares at earliest to avoid any inconvenience in the future for transferring those shares enabling them to trade in electronic form.
- f. Please refer to the following procedure for dematerialization of shares.

PROCEDURE FOR DEMATERIALIZATION OF SHARES

- Dematerialization starts with opening a Demat Account. For Demat account opening, you need to shortlist a Depository Participant (DP) that offers Demat services. A DP is an agent of the depository (NSDL and CDSL) providing depository services to investors.
- Shareholders should submit the duly filled in Demat Request Form (DRF) along with physical certificate(s) to the concerned DP.
- DP intimates the relevant Depository of such requests through the system.
- DP submits the DRF and the Certificate(s) to the Company's R&TA.
- The Company's R&TA confirms the dematerialization request from Depository.
 - The Company's R&TA, after dematerializing the certificate(s), updates accounts and informs concerned depository regarding completion of dematerialization.
- Depository updates its accounts and informs the DP.
- DP updates the Demat account of the shareholder.
