FORWARD LOOKING STATEMENT

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements – written and oral – that we periodically make contain forward looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realized, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward looking statement, whether as a result of new information, future events or otherwise.

Chairperson's Statement

We shall continue to add value to our operations with higher plant efficiencies and processes for long-term sustainability. We deal with an essential commodity and we think the future is likely to be different as we await a price rise.

Dear Shareholders,

The year 2013-14 has been a tough one with the nation witnessing slow GDP growth. With the growth levels hovering below 5% in all four quarters, it was another cautious year for the sugar industry.

SUGAR INDUSTRY SCENARIO

The sugar industry has been constrained over the past couple of years by the growing divergence between raw material and sugar price realisation. The Cabinet Committee on Economic Affairs decided to decontrol the sugar sector by giving freedom to mills to sell sugar in the open market and removing their obligation to supply the sweetener at subsidised rates for ration shops.

As a result, the regulated release mechanism - under which sugar quantity for open market sale is fixed by the government - has been abolished and mills are freed from mandatory supply of 10% of their production to the government at cheaper rate.

Rising inventory levels, lower exports and slow implementation of the ethanol blending programme continue to be the overriding factors. Partial decontrol was certainly a great step forward to liberate the industry, but it failed to reap in the dividends. There was a further dip in the profitability parameters of sugar companies, post-decontrol.

Going forward, any surge in export from India will only pull global prices down further and keep pressure on the domestic prices. This will, in turn, widen the gap between domestic and international prices substantially in favour of the former and make exports unviable.

Successful implementation of the Rangarajan Committee's recommendations is likely to positively impact the UP-based mills by making them competitive with their counterparts and is, therefore, expected to help the sector. Linking cane

prices to the realisation of sugar and its by-products is also likely to help millers improve their overall profitability, even during a down-cycle.

However, implementation of this in a few states like Karnataka and Maharashtra has already helped their sugar industry with higher production and timely payment to farmers. The problem persists in Uttar Pradesh, where the fixed price mechanism continues to prevail, with the government not initiating any reform.

Over the past few years, the relentless rise in cane prices has left mills bleeding, saddling them with high cane payment arrears. Due to continued losses, the cash flows of mills are expected to remain stressed in the coming season as well, consequently a further increase in cane arrears, translating into reduced cultivation.

OUR PERFORMANCE

We reported an increase in gross sales of ₹ 81,849.73 lacs in 2013-14, compared to ₹ 53,196.15 lacs in 2012-13. However we reported a loss of ₹ 1,939.38 lacs, compared to profit of ₹ 1264.86 lacs in the previous year. At Upper Ganges, we crushed ₹ 222.12 lac quintals of sugarcane during the sugar season 2013-14, compared to ₹ 244.39 lac quintals in sugar season 2012-13.

Some of the primary reasons for the operational loss were:

- The sugar industry's continuous downward trajectory
- Deadlock between the UP government and the millers
- Undistributed rainfall

OUTLOOK

It is expected that there might be a marginal decline in sugar production and inventory levels, which might result in sugar prices to rise. In 2013, the ethanol market situation

improved, and the global volume of the ethanol production crossed the 72.5 mt mark.

The top five manufacturing countries (namely the US, Brazil, China, India and Canada) captured almost 90% of the overall ethanol supply. However, changes proposed to the Renewable Fuel Standard (RFS) and possible modifications in the ethanol blend will have a positive impact on the ethanol industry.

India as a country is known for its low-cost, non-conventional power. At present, India has around 206 co-generation units with a cumulative installed exportable capacity of 3,123 MW (peak season). India also has the potential of generating 500 MW of power through bagasse. With the ongoing modernisation of new and existing sugar mills, India is expected to generate surplus power of 5000 MW across all sugar factories in the future. We feel our Company can leverage this advantage of clean power from our co-generation facilities.

The future of the sugar industry seems tied to government bottlenecks. However, we shall continue to add value to our operations with higher plant efficiencies and processes for long-term sustainability. We deal with an essential commodity and we think the future is likely to be different as we await a price rise.

On behalf of the Board of Directors, I would like to take this opportunity to thank our employees, customers, bankers and stakeholders for their relentless service. As we work through the challenges together, I am confident we can overcome these tough times

Warm Regards,

Nandini Nopany
Chairperson

Directors' Report

To
The Members,

Your Directors take pleasure in presenting their report as a part of the 82nd Annual Report and the audited accounts of the Company for the financial year ended 31st March, 2014.

OPERATING PERFORMANCE

- A detailed analysis of the Company's operations, future expectations and business environment has been given in the Management Discussion & Analysis which is made an integral part of this Report and marked as Annexure "A".

FINANCIAL PERFORMANCE 2013-14

- The Company had recorded Net Revenue of ₹ 78896.52 lacs (including other income aggregating to ₹ 521.96 lacs) for the financial ended 31st March, 2014. The Gross Sales of the Company for the year 2013-14 stood at ₹ 81849.73 lacs.
- The Profit before Finance Costs, Depreciation & and Tax (PBIDT) for the year under review stood at ₹ 6373.89 lacs representing 8.08% of the net revenue. The decline in PBIDT of the Company during the period under review is mainly attributed to lower sales realisation on free sugar coupled with higher cane prices.
- During the period under review Sugar production was lower as sugarcane crushing operations were delayed in Uttar Pradesh by a month due to a stalemate between the industry and the State Government on cane pricing.
- The Government of India raised the Fair and Remunerative Price (FRP) of sugarcane to ₹ 210/- per quintal up from ₹ 170/- per quintal of sugarcane for the immediately previous season.
- In Uttar Pradesh the State Advised Price has not changed and remained the same as per last year i.e. ₹ 280/- per quintal. Millers were allowed to pay the Cane Price in two installments. ₹ 260/- to be paid in 1st installment and balance ₹ 20/- to be paid after closure of the Crushing Season. State Government has also provided Subsidy of ₹ 11.03 per quintal of cane on account of Purchase Tax, Society Commission and Entry Tax on Sugar. State Government has also assured to provide ₹ 8.97 p. per quintal of cane for which a Committee has also been constituted which will give their recommendation as to how much amount out of

₹ 8.97 p. shall be paid by the State Government. The sugar industry of Bihar in consultation with its State Government fixed a price of ₹ 255 per quintal similar to the last year. To maintain last year's cane price State Government of Bihar has also provided subsidy of ₹ 10.83 per quintal of cane including cash Subsidy of ₹ 5/- per quintal, ₹ 1.75 p. per quintal for cane tax and ₹ 4.08 per quintal for ZDC.

9. The performance of the Industrial Alcohol division and the renewable Power divisions of the Company improved during the year due to better availability of molasses and bagasse. Supply of Ethanol to Oil Marketing Companies has helped to improve the profitability of Distillery.
10. The performance of Tea segment continued to be strong during the year under review due to better realisation.

RESEARCH & DEVELOPMENT

11. During the year under review the Company has undertaken Research & Development initiatives with an intention to improve the sugar recovery ratio and to educate the cane growers to cultivate improved variety of sugarcane and to otherwise improve the sucrose contents of their produce.

DIVIDEND

12. The Board of Directors does not recommend any dividend for the year under review in view of the losses.

CORPORATE GOVERNANCE

13. Pursuant to Clause 49 of the Listing Agreement, Management Discussion & Analysis, Statement in respect of Conservation of Energy, the Report on Corporate Governance, Declaration of Whole-time Director on Code of Conduct and Auditors' Certificate on compliance of conditions of Corporate Governance form an integral part of this Report and are attached to this Report as Annexure "A", "B", "D", "E" and "F" respectively.

DIRECTORS

14. The Company has eight Non-Executive Directors having experience in varied fields and a Whole-time Director.

15. During the year under review the term of Mrs Nandini Nopany, as Managing Director expired of 30th September, 2013 and she continued to be a Non-Executive Director with effect from 1st October, 2013. The Board of Directors at their meeting held on 1st November, 2013 appointed Mrs Nopany as the Chairperson of the Company with effect from that date. Mrs Nandini Nopany retires from the Board by rotation and is eligible for re-appointment. Mr Bal Kishore Malpani, was appointed as the Whole-time Director of the Company for a period of three years with effect from 1st November, 2013, subject to the approval of the shareholders at the ensuing Annual General Meeting.
16. Pursuant to the provisions of Section 149 of the Companies Act, 2013 the Board of Directors at its meeting held on 15th May, 2014, designated Mr Ishwari Prosad Singh Roy, Mr Gaurav Swarup, Mr Sunil Kanoria, Mr Padam Kumar Khaitan and Mr Pradeep Kumar Singhi as Independent Directors and recommended to the shareholders for their appointment for a period of five consecutive years with effect from the date of the ensuing Annual General Meeting.
17. Other information on the Directors including the required particulars of Directors retiring by rotation and being reappointed are given in the Annexure to the Notice, under the head Information Pursuant to Clause 49 of the Listing Agreement.

COMMITTEES OF DIRECTORS

18. The Board of Directors have aligned the existing Committees of the Board with the provisions of Companies Act, 2013 (Act). Accordingly, the Company has renamed its existing Remuneration Committee as Nomination and Remuneration Committee and have delegated to it powers as required under Section 178 of the Act. The existing Investors' Grievance Committee has been renamed as "Stakeholders' Relationship Committee".

The scope of Audit Committee has also been widened so as to bring it in accordance with the requirement of the Section 177 of the Companies Act, 2013.

INTERNAL COMPLAINTS COMMITTEE (ICC)

19. An Internal Complaints Committee was constituted by the Company in terms of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 which had come into force from December, 2013. The Act aims at protecting women's right to gender equality, life and liberty at workplace to encourage women's participation in work.

The Committee meets all the criteria including its composition as mentioned in the Act and its relevant rules. No complaint has been received by the Committee during the year.

DIRECTORS' RESPONSIBILITY STATEMENT

20. Pursuant to Section 217(2AA) of the Companies Act, 1956, the Directors state as follows:

- i. That in the preparation of the annual accounts for the for the financial year ended 31st March, 2014 all the applicable accounting standards had been followed along with proper explanation relating to material departures;
- ii. That the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit or loss of the Company for that period;
- iii. That proper and sufficient care was taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

To ensure this, the Company has established internal control systems, consistent with its size and nature of operations, in weighing the assurance provided by any such system of internal controls and in recognising its inherent limitations. These systems are reviewed and updated on an ongoing basis. Periodic internal audits are conducted to provide reasonable assurance of compliance with these systems. The Audit Committee meets at regular intervals to review the internal audit functions;

- iv. That the Directors had prepared the annual accounts on a 'going concern' basis.

AUDITORS' AUDIT QUALIFICATIONS AND BOARD'S EXPLANATIONS

21. The Auditors' Report is self-explanatory. However, the Auditors have made an observation regarding recognition of Deferred Tax Assets of ₹ 4,036.85 lacs (including ₹ 1,260.08 lacs for the year) up to 31st March, 2014. In view of partial decontrol of sugar industry as well as strengthening of market prices of Company's by products, the Company is certain that there would be sufficient profit to claim the above deferred tax credit.
22. The Auditors, Messrs S.R. Batliboi & Co. LLP, Chartered Accountants, retire at the forthcoming Annual General Meeting and are eligible for re-appointment. According to the certificate submitted to the Company by the said firm of Auditors the said appointment, if made by the Shareholders, will be well within the limits prescribed under the Companies Act, 2013.
23. The Board, on the recommendation of the Audit Committee, proposed that Messrs S.R. Batliboi & Co. LLP, Chartered Accountants, be appointed as the Statutory Auditors of the Company for the period beginning the conclusion of the ensuing Annual General Meeting of the Company and ending on the conclusion of the Annual General Meeting to be held next thereafter.

COST AUDITORS

24. In accordance with the provisions of Section 148 of the Companies Act, 2013, the Board of Directors, on the recommendation of the Audit Committee, appointed Mr Som Nath Mukherjee, Cost Accountant, as the Cost Auditors of the Company for the financial year 2014-15. In terms of Section 148 of the Companies Act, 2013, read with the Rules thereof, the remuneration payable to the Cost Auditor for the year ending 31st March, 2015 is being placed for ratification by the shareholders at the ensuing Annual General Meeting.
25. Cost Audit Reports for all the applicable products for the nine months period ended 31st March, 2013 were filed on 27th September, 2013 with cost audit cell of Ministry of Corporate Affairs department within specified due dates.

SUBSIDIARY COMPANY AND CONSOLIDATED FINANCIAL STATEMENTS

26. The Company has a wholly owned Indian Subsidiary viz., Uttar Pradesh Trading Company Limited. In compliance with General Circular No. 2/2011 of Government of India, Ministry of Corporate Affairs and the Board Resolution passed by the Board of Directors, the Company has opted to avail the exemption provided under Section 212(8) of the Companies Act, 1956 and accordingly the Audited statement of Accounts along with the report of the Board of Directors and Auditor relating to the Company's subsidiary is not annexed as required u/s 212(8) of the Companies Act, 1956. Management Discussion and Analysis

ANNEXURE A

GLOBAL ECONOMY

The global economy is expected to be more promising in 2014 compared to 2013. Fears over the fiscal cliff in the United States, the European recession and the rebalancing of China's economy were dampening growth prospects across the world. Besides, business confidence was at its lowest since the financial crisis of 2008-09 globally.

The global economy grew around 3% in 2013, its slowest being in 2009. However, prospects for 2014 look brighter, with robust growth forecast in developed economies, such as Germany, Japan, the UK and the US. In addition, because of their scale, a recovery in these economies is likely to boost global growth to 3.6% in 2014, accelerating to 4.0% in 2015. Having contracted marginally in 2013, the Eurozone is expected to grow again.

INDIAN ECONOMY

India's Gross Domestic Product (GDP) growth slowed considerably from 6.7% during 2008-09. According to the interim budget, GDP growth for the year is expected to be 4.9% with expected 5% growth in the third and fourth quarters of 2013-14. Fiscal deficit for 2013-2014 is expected to be around 4.6% of GDP, below the targeted 4.8%. However on the positive side it is projected that fiscal deficit will be at 4.1% of GDP by 2014-15. Stability of the rupee, rising exports, new reforms, normal monsoons and positive global economic growth will drive India's economic growth.

INDUSTRY STRUCTURE AND DEVELOPMENT

Global Sugar Industry

The global sugar market is in a state of surplus for the fourth consecutive year. According to the US Department of Agriculture (USDA), global stockpiles will increase to an all-time high of 43.4 million tonnes (mt) in the year ending 2014. The global sugar surplus in 2013-14 at 6.1 mt is the third largest. The largest sugar surplus recorded in 2011-12 was 7 mt.

(Source: Fitch Report)

Fast Facts: Global Sugar Industry

- More than 123 countries produce sugar worldwide, 70% of the world's sugar is consumed in producer countries and 30% is traded internationally.
- About 80% of the global production comes from sugarcane (which is grown in the tropics) and 20% from sugar beet (grown in temperate climates, including Europe).
- Around 170 mt of sugar is produced annually. The largest producers are Brazil (22%), India (15%) and the European Union (10%).

The top five consumers of sugar use 51% of the world's sugar. They include India, the EU-27, China, Brazil and the US.

(Source: Action Financial Services, research report, May 2013)

Global Sugar Demand and Supply

According to the International Sugar Organisation, global sugar supplies exceeded demand by nearly 6 mt in 2013-14. A continued global surplus will result in a further build-up of global inventories following the 2009 and 2010 supply deficits.

(Source: Fitch Report)

Production

The global surplus situation is expected to stretch in the sugar season (SS) 2014 and 2015 but the surplus level may shrink considerably in 2015. Provided there is no further currency depreciation in sugar producing/exporting countries, prices in the range of 15-16 cents per pound could influence producers to reduce acreage or divert more sugar towards ethanol production. This will impact the global surplus significantly, compared to SS14.

Regional Play

Brazil, which accounts for 45% of the overall global sugar trade, is expected to produce an output similar to that of SS14. Unfavourable weather developments in the region reduced the yield, restricting scope for a good harvest. Higher sugar production was further constrained by diversion towards ethanol production (particularly anhydrous ethanol) due to the Government's mandatory requirement to blend 25% anhydrous ethanol with gasoline (implemented from May 2013).

Consumption

Global sugar consumption grew by 2% to 178.96 million tonnes in 2013-14. On a national crop year-basis, which starts when each of the producing nations begins harvesting, the 2014-15 sugar season is expected to be lower than the current year.

GLOBAL PRODUCTION AND CONSUMPTION TRENDS SINCE SS07

(Source: Fitch Report, 2014)

EXIM of Sugar

In SS14, Brazil, Thailand and India are expected to dominate global sugar exports with 25.7 mmt, 7.9 mmt and 2.0 mmt respectively. On the other hand, China and Indonesia are expected to remain large importers on account of locally decreasing production levels.

World Sugar Prices

Given the global demand-supply dynamics and stock levels, the average global raw sugar prices estimated for 2014 is expected to remain between 16 cents per pound-18 cents per pound.

Higher stock to use ratio in SS13 resulted in a 21.6% yoy decline in average raw sugar prices to 18 cents per pound. Anticipating higher global surplus for SS14, Brazilian exporters are currently liquidating raw sugar inventory at a discount to New York future prices.

This move has helped raw sugar refiners, who are currently taking delivery from the physical market and selling white

sugar at a premium in markets such as Africa and Middle East where sugar prices are more lucrative thus improving profitability.

Indian Sugar Industry

The Indian sugar industry, with an annual productive capacity of over 25 mt, is the second largest in the world after Brazil. India accounts for around 15% of the global sugar production. The country consumes approximately 22 mt of sugar annually, with Maharashtra contributing over 60% of it while the rest comes from states like Tamil Nadu, Karnataka, Uttar Pradesh and Madhya Pradesh.

Sufficient and well distributed monsoon rains, rapid population growth and substantial increases in sugar production capacity have made India the largest consumer and second largest producer of sugar production in the world. Highly fragmented with organised and unorganised players, the sector supports over 50 million farmers and their families, making significant contributions towards socio-economic development in the rural areas.

- Mills are free to sell sugar on their own commercial considerations
- Sugar prices are range bound
- No levy on sugar obligation: savings of about ₹ 3000 crores
- Public distribution of sugar being bought directly by states through tenders
- Low import duty still allowing sugar imports
 - About 6 lac tonnes of raw sugar for domestic consumption

- About 1.25 lac tonnes of white sugar from Pakistan

(Source: Indian Sugar Mills Association [ISMA])

Investments Required in the Sector

- Rangarajan Committee suggested that in the next five years, the sector has the potential to grow to ₹ 160,000 crores from ₹ 80,000 crores
- For this, large investments are required both at farm & mill levels
- Rationalisation in the cane pricing policy is expected

Indian Sugar Demand and Supply

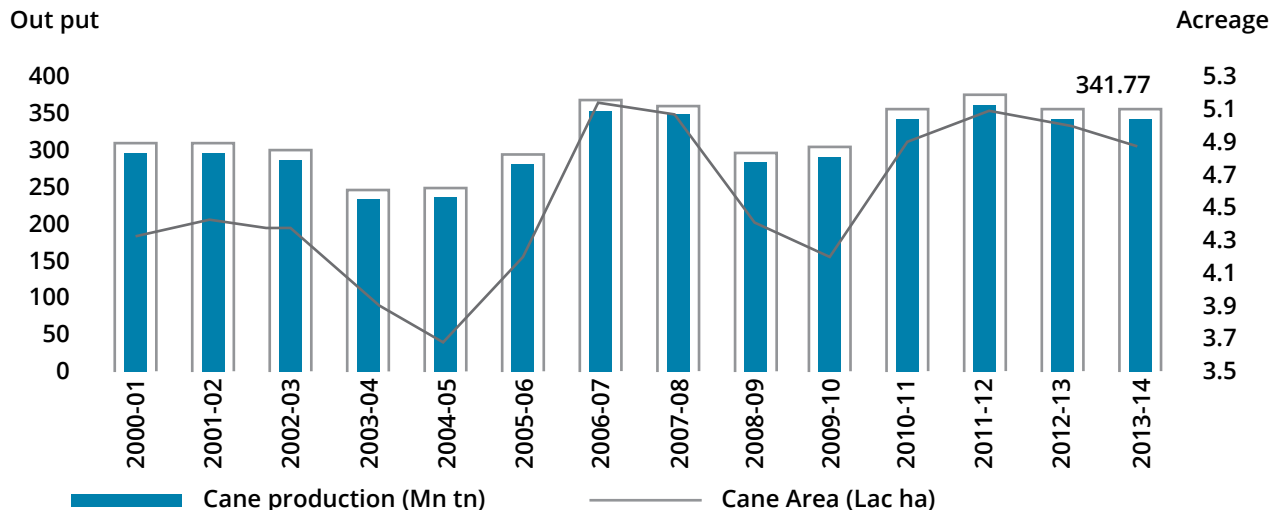

Production

According to the first advance estimates released by the Ministry of Agriculture, sugarcane production is expected to increase to 341.77 mt in 2013-14, compared to last year's 338.96 mt, an increase of 0.8%.

Ministry of Agriculture and the Indian Sugar Mills Association (ISMA), which had estimated sugar production for 2013-14 to be lower to around 23.5 mt have now further revised their estimates to last year's output levels of around 25 mt, thus the country will witness a fourth year of surplus situation. Due to a sharp depreciation in the Rupee, India managed to bag some export orders. However, since international prices are lower, exports from India are unviable.

SUGARCANE ACREAGE AND PRODUCTION IN INDIA

(Source: Angel Commodities, Research Report, 2013)

Consumption

Domestic production has superceded domestic consumption at 23.5 million mt, which together with imports of 0.5 million mt has resulted in higher stocks of sugar at 8.5 million mt, higher than normative season stocks by around 3 million mt.

(Source: ICRA Report February 2014)

Export

According to the ISMA, India exported around 8.5 lac tonnes of sugar till 31st January, 2014, of which about 4.5 lac tonnes was raw sugar and the rest white and refined. It may be recalled that the Cabinet Committee on Economic Affairs (CCEA) had recently approved a subsidy amount of ₹ 3,333 per tonne for export of 4 mt of raw sugar.

Regional Play in India

The state-wise sugarcane production estimates are as follows:

Maharashtra

- The sugarcane acreage is reported to be around 9.4 lac hectare, which is almost similar to that of 2012-13.
- No substantial yield enhancement is expected over last year, due to larger sugarcane acreage under ratoon crop than the usual.
- ISMA projected that the state would produce about 78 lac tonnes in 2013-14, which is almost similar to last year's output (about 80 lac tonnes)

Uttar Pradesh

- Uttar Pradesh showed an acreage of around 25.13 lac hectare.
- ISMA is expecting a slightly lower yield than last year on account of lesser millable sugarcane per hectare availability due to excessive rain, which affected the late sown sugarcane plants.
- 77 lac tonnes sugar production is expected from the northern state in the SS 2013-14.

Karnataka

- Sugar production in the southern state is expected to remain at almost the same level as last year's (i.e. around 34 lac tonnes in 2012-13)

Sugarcane Pricing

For SS14, a Fair Remunerative Price (FRP) of ₹ 210 per quintal was announced by the Government while the State Government of Uttar Pradesh announced a State Advised Prices (SAP) of ₹ 280 per quintal. For SS15, the Commission for Agricultural Costs and Prices has recommended a price of ₹ 220 per quintal (4.7% higher than the previous year's).

PORTERS FIVE FORCE ANALYSIS OF INDIAN SUGAR INDUSTRY

To determine industry attractiveness and long-run profitability of the Indian sugar industry, we applied Porter's Five Forces in our analysis. Porter's Five Forces are: (1) Barriers to entry and exit, (2) Threat of substitutes, (3) Buyer bargaining power, (4) Supplier bargaining power, and (5) Industry competition.

Barriers to Entry and Exit: The Indian sugar industry is characterised by modest entry and exit barriers. Integrated business model and increasing capital requirement in the industry restrict new entrants. The Government's earlier practice of giving incentives to set up new plants by granting higher free sales quota for the first five to eight years of operation led to mushrooming of small units. This incentive has been withdrawn and the new sugar units are required to comply with the levy quota regulation from the first year of operations. The Government has also put a restriction on setting up of two sugar factories within the radius of 15 kms.

Threat of Substitutes: Being an essential commodity, the demand for sugar is not elastic. Gur and khandsari are alternate sweeteners to refined sugar in India. However, with increased per capita income and easy availability of sugar at competitive rates, consumption of gur and khandsari is seeing a downward trend and is mostly confined to rural areas. Hence, threat of substitute is low in the industry.

Buyer Bargaining Power: India's sugar market is highly regulated by the Government. This influences distribution, purchase price of levy sugar and free sale quota releases for sugar. Hence, buyer's power is highly restricted in this sector.

Supplier Bargaining Power: Allocation of the area from where the sugarcane can be procured is decided by the Government. Sugar mills have no choice but to purchase all the cane sold to them, even if it exceeds their requirement. Sugar producers are not allowed to own cane fields in India. Though recent sugar de-control is likely to give higher pricing power to the mills, the Government can still influence the prices with its PDS system.

Industry Competition: Competitiveness among the Indian sugar players is high. With around 500 units engaged in production of sugar, the industry is highly fragmented.

Private individual players do not have a big market share. Cooperatives are relatively high as they account for more than 50% of the industry's production.

OUTLOOK FOR 2014-15

Rangarajan Committee Recommendations: Successful implementation of the committee's recommendations would positively impact the UP based mills more than their southern counterparts and would be overall beneficial for the sector. Linking the cane prices to the realisation of sugar and by-products would help millers improve their overall profitability even during a down-cycle. However, the implementation of the committee's recommendation seems unlikely in the short- to medium-term.

Sugar Upcycle: A sharp decrease in sugar production, compared to estimated end SS15 levels may rapidly change the current surplus scenario to one of deficit. In such an event, sugar prices could rise resulting in higher margins and improved credit profiles of sugar companies.

International Prices Diving to New Lows: Any further deterioration in prices below 15-16 cents per pound based on a higher-than-expected global surplus could further affect profitability and impact credit profiles.

UPPER GANGES SUGAR & INDUSTRIES LIMITED - BUSINESS SEGMENT REVIEW

Sugar

Production

Sugar segment registered a production of ₹ 20.69 lac quintals during the sugar season 2013-14, as against ₹ 22.89 lac quintals during the sugar season 2012-13.

Crushing

At Upper Ganges, we crushed ₹ 222.12 lac quintals of sugarcane during the sugar season 2013-14, compared to ₹ 244.39 lac quintals in sugar season 2012-13.

Sugar Realisations

The realisations per quintal (net of excise) of free sugar decreased to ₹ 2,938.00 in 2013-14 from ₹ 3,333.66 in 2012-13, thus registering an decrease of 11.87%.

ETHANOL INDUSTRY STRUCTURE AND DEVELOPMENT GLOBAL SCENARIO

In 2012, global ethanol supply registered a 2.3% y-o-y decline and exceeded 69.49 mt. However, in 2013, the market situation improved, and the global volume of the ethanol production crossed the 72.5 mt mark. In the same year, the top five manufacturing countries (namely the US, Brazil, China, India and Canada) captured almost 90% of the overall ethanol supply.

In 2013, global annual production capacity of ethanol exceeded 94.5 mt. North America and Latin America accounted for large shares of the overall capacity. Global ethanol supply will likely go beyond 100 mt in 2018. The US, Brazil and the EU are poised to occupy the leadership in ethanol production in coming years.

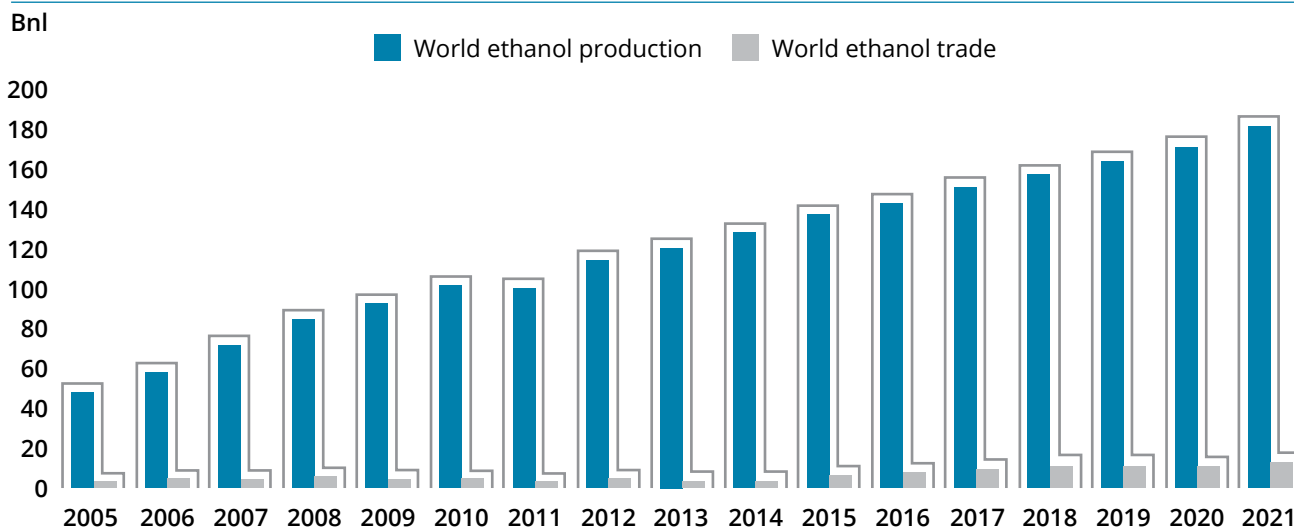

(Source: Ethanol (EtOH) 2014 World Market Outlook and Forecast up to 2018)

Production of Ethanol

Despite a fragile global economy, the Global Renewable Fuels Alliance (GRFA) is expecting almost 2.7% growth in global ethanol output this year, up from 88 billion litres produced in 2013 to 90.38 billion litres in 2014. The world's two largest producers, Brazil and the United States, are forecasted to maintain and increase their production by almost 2.5%, respectively. Another major producer, the European Union, is estimated to achieve an 8% jump in ethanol production this year. Africa, an emerging region, with huge biofuel production potential is anticipating a growth of more than 136% in ethanol production in 2014.

(Source: Global Renewable Fuels Alliance (GRFA), Outlook 2014)

DEVELOPMENT OF THE WORLD ETHANOL MARKET

(Source: OECD and FAO secretariats)

Consumption

Changes proposed to the Renewable Fuel Standard (RFS) and possible modifications in the ethanol blend will impact the ethanol industry. A decline in gasoline consumption will automatically result in low ethanol demand unless the industry can find new growth avenues.

Retaining the status quo, 10% ethanol blend in gasoline in the US would be enough to cause concern among the nation's major ethanol producers. Domestic gasoline consumption has been steadily declining since the inception of the RFS. The trend should continue as standards established in 2011 to reduce greenhouse gas emissions and increase fuel efficiency for medium- and heavy-duty trucks take effect this year and are slated to last until 2018.

Indian Scenario

India has 330 distilleries which can produce over 4 billion litres of rectified spirit (alcohol) per year in addition to 1.5 billion litres of fuel ethanol. Of this total, about 143 distilleries have the capacity to distill around 2 billion litres of conventional ethanol per year and could meet the demand for 5% blending with gasoline. India produces conventional bioethanol from sugar molasses.

The Indian sugar industry has the capacity to produce 250 crore litre of alcohol annually. Its major buyers are chemical industry, whose demand is 60 crore litre, potable alcohol industry, which source 110 crores. (Source: USDA Foreign Agriculture Service)

COGENERATION INDUSTRY

India's 527 operational sugar mills crush around 240 mt of cane annually and generate 80 mt of wet bagasse (50% moisture), of which 70 million is used for consumption, to meet captive requirements of power and steam. Thus, electricity production through cogeneration in sugar mills in India is an important avenue for supplying low-cost, non-conventional power. Presently, India has around 206 cogeneration units with a cumulative installed exportable capacity of 3,123 MW (peak season). India also has the potential of generating 500 MW of power through bagasse. With ongoing modernisation of new and existing sugar mills, India is expected to generate surplus power of 5000 MW across all sugar factories in the future.

What is Cogeneration?

Co-generation is the simultaneous generation of two different forms of useful energy from a single energy source. The two different energy forms are:

- Electrical energy and thermal energy
- Mechanical energy and thermal energy

Why Cogeneration?

Efficient conventional electricity generation using a large scale centralised power plant is assumed to be at 35%. A typical medium pressure boiler operates at an efficiency of about 85%. Assuming that an industrial process needs both heat and power in a ratio 1.5:1, the overall energy generation efficiency will thus be about 54%.

In case, similar thermal and electrical energy is supplied using a suitable co-generation system, the overall efficiency could range from 65 to 95%. If the efficiency is assumed to be 75%, the total primary fuel savings would be about 28%.

Government Policy

According to a Government policy regulating cooperative sugar factories, the State Government provides 5% of the capital expenditure on the cogeneration project while the factory concerned puts in an equal amount. The Sugar Development Fund of the Union Government provides 30% funding of capital investment and the remaining is secured through institutional funding. An investment of about ₹ 4.50 crores per MW is needed to start a cogeneration plant in a cooperative factory.

INDIA'S TEA INDUSTRY

India's tea industry has a two-fold benefit for the economy: on the one hand, it is one of the major foreign exchange earners for the economy; being labour intensive, it plays a vital role towards employment generation on the other, the country is the second largest producer of tea worldwide and contributes 30% towards global tea production.

(Source: *The Indian Tea Industry, 2014-15*)

Fast Facts of Indian Tea Industry

- India stands as the fourth largest exporter of tea in the world with China in the first position, having an export capacity of approximately 210 million kgs.
- The tea sector in the country is largely organised since 72% of the total area under tea cultivation and 74% of the total production comes from the organised sector.
- Tea in India is grown over an area of 600000 hectare (ha) which accounts for 16% of the total area under tea cultivation in the world.

- Assam produces over half of India's tea and accounts for over 12% of the annual global tea yield, according to ASSOCHAM.

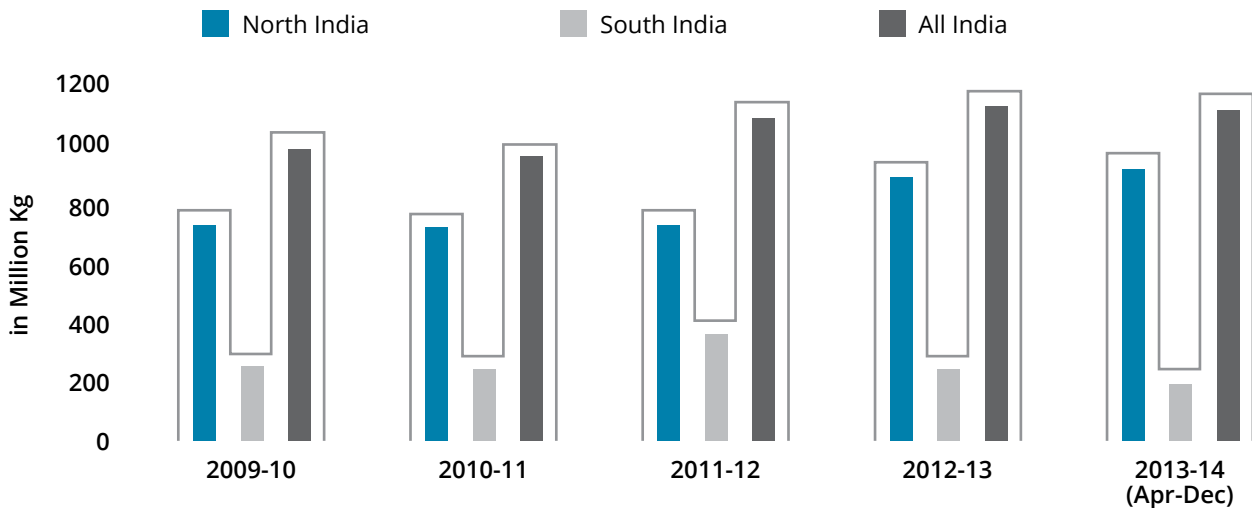

Production of Tea

Tea production is expected to inch up marginally higher in 2013-14 on account of better productivity from North India. India is the second largest producer of tea in the world with a 25% share of total production, but the country consumes 75-80% of its own produce. Annual tea production in 2013 stood at 1200 million kg, with North India accounting for 79% and the remaining coming from South India.

Tea production in India in 2013 grew by 6.5% with a production of 1200 million kgs, compared to 1,126 million kgs in 2012. The increased production had little impact on exports as majority of this tea was CTC (cut, twist, curl) grade and effectively was consumed by the emerging domestic market.

(Source: *Onicra Credit Rating Agency of India*)

TREND IN THE PRODUCTION OF TEA IN INDIA

(Source: The Indian Tea Industry, 2014-15)

Price Realisation

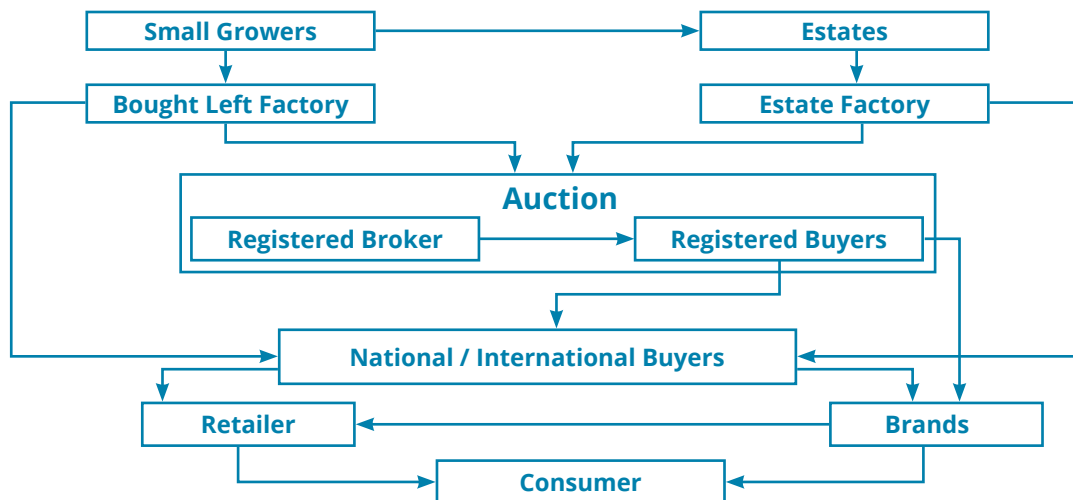

In India, more than 50% tea sales is routed through auctions conducted at various auction centres located in North & South India. Tea generally moves directly from the factory either to auction centres for sale or for direct sale to national or international buyers. Auction buying is much more fragmented with a sizable gap between

wholesale and retail prices. Seasonality in tea prices are also experienced within a year.

Stable prices are expected this year due to strong domestic demand as well increased demand from the export market. Due to last year's poor agro climatic conditions, the production was unable to meet the demand.

(Source: The Indian Tea Industry, 2014-15)

MARKETING CHAIN OF TEA THROUGH AUCTION

(Source: The Indian Tea Industry, 2014-15)

Export

Over the years, tea export has remained flat due to increasing competition from Kenya and Sri Lanka, which are selling the same quality tea at cheaper prices. In India, orthodox tea and CTC are the main types produced. However, green tea is also produced to some extent. India exports CTC grade tea mainly to Egypt, Pakistan and the UK, and the orthodox variety to Iraq, Iran and Russia.

(Source: The Indian Tea Industry, 2014-15)

Road Ahead for the Tea Industry

The Indian tea industry is expected to touch a turnover of nearly ₹ 33,000 crores by 2015 driven by increased demand from the domestic market. Tea consumption has increased, compared to production and this will help in better price realisation.

However, India needs to take initiatives to strengthen its stand in the global market and tap the potential market by improving the plucking standards, thereby enhancing product quality. The export growth of the tea has been decreasing and this has resulted in lack of competitiveness in the global market.

New strategies aimed at value addition and reducing production and marketing costs are also needed. Value addition and diversification for varied tea products need to be developed for balancing the supply-demand scenario. The Special Purpose Tea Fund (SPTF), set up by the Commerce Ministry to implement the uprooting and

replanting programme would help in improving productivity and yield, thereby reducing future costs.

RISK MANAGEMENT AT UPPER GANGES SUGAR & INDUSTRIES LIMITED

Risk is integral to all business operations, but the ability to counter potential risks determines the sustainability of a business enterprise.

The Company's effective risk management policy is approved by the Risk Committee.

The following are the risks and mitigation for Upper Ganges:

Revenues and Profitability could be weakened by Adverse Industry

Mitigation

The Company is equipped with economies-of-scale to withstand industry downtrends and optimise its costs. Besides, the Company invested in processes to enhance its recoveries, enhance quality and market it efficiently.

Unfavourable Regulatory Reforms could have a negative Impact on the Industry

Mitigation

The country's sugar industry is advancing towards progressive decontrol based on the findings of the Rangarajan Committee (abolition of regulated release mechanism and levy quota). A complete transition of these initiatives will result in a positive impact for the industry and company.

Inadequate Raw Material Supply could dent operations

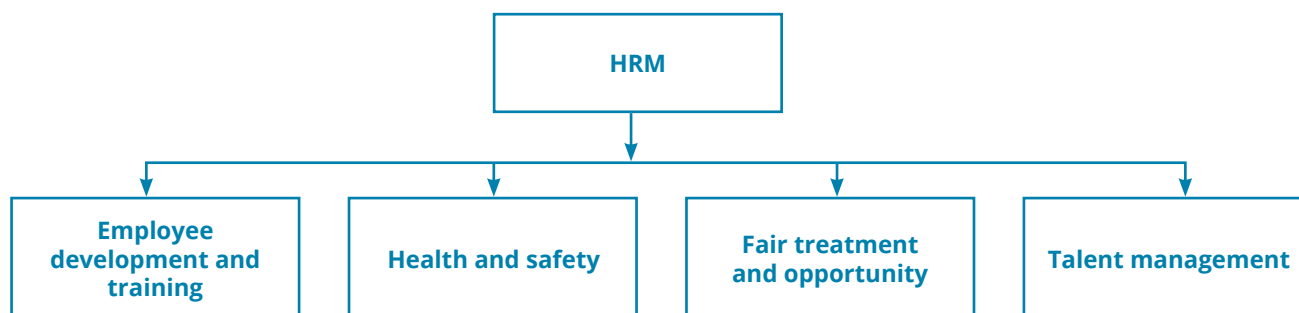

Mitigation

A lower cane output usually translates into lower production of sugar and byproducts. Over the years, the Company has selected to work with a large number of farmers across its three manufacturing facilities. This mitigates the Company from any shortage of supply of raw material.

HUMAN RESOURCES MANAGEMENT

Human resource management at Upper Ganges Sugar & Industries Limited plays a pivotal role in achieving organisational goals and objectives.

The following initiatives were taken during the year under review:

The current strength of management staff in 2013-14 is 60 and non-management staff is 1606.

INTERNAL CONTROL

The Company's internal control system is commensurate with its business size and structure. This system is designed to provide reasonable assurance about the integrity and reliability of the financial statements. Such systems provide adequate protection to its assets and adherence to performance standards. Regular internal audit is conducted by SS Kothari & Co, a firm of Chartered Accountants. Such audits continuously monitor the authenticity of the financial statements and the compliance with statutory norms and standards. The audit findings, along with corrective actions taken, are forwarded to the Audit Committee.

The Audit Committee after reviewing the findings, provides assurance about the internal control system's efficiency and effective performance. The Company has already implemented a robust accounting and internal reporting system with SAP package.

CAUTIONARY STATEMENT

The statements in the Management Discussion and Analysis Report detailing the Company's objectives, projections, estimates, expectations or predictions may be forward looking within the scope of applicable securities laws and regulations. As these statements are based on industry associations' estimates, certain assumptions and expectations of future events by the Company, there is a strong likelihood of actual results differing materially from those expressed herein or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting global or domestic demand and supplies, political and economic developments in India or other countries, Government regulations and taxation policies, prices and availability of raw materials, prices of finished goods, abnormal climatic and geographical conditions, etc. The Company assumes no responsibility in respect of all or any forward looking statement(s) contained in this Report as the same may be revised or modified in the future on the basis of subsequent developments, information or events.

ANNEXURE B

Statement showing particulars pursuant to the Companies (Disclosure of particulars in the Report of the Board of Directors) Rules, 1988 and forming part of the Directors' Report for the financial year ended 31st March, 2014

I. CONSERVATION OF ENERGY

i. The Company continues to take following initiatives to conserve energy during the year 2013-14 :

- a) Various machineries and equipment installed during earlier year besides increasing generation of steam tend to reduce consumption of steam and fuel.
- b) Auto control combustion system fitted with all the boilers reduces the consumption of bagasse.
- c) The modified system of heating sugarcane juices and bleeding of vapors for pan boiling is working satisfactorily in the form of considerably reducing consumption of steam and fuel.

The above measures have reduced the consumption of fuel and power substantially and consequently the cost of production.

ii. Additional investments and proposals, if any, being implemented for reduction of consumption of energy:

In view of lesser availability of funds, the Company does not intend to commit its already strained financial resources towards implementation of energy reduction programmes though the Company shall continue to use its existing resources and implement conventional methods to substantially reduce consumption of energy.

iii. Impact of measures of i and ii above for the reduction of energy consumption and consequent impact on the cost of production of goods.

None Significant.

II. RESEARCH & DEVELOPMENT AND TECHNOLOGY ABSORPTION

The Company continues to carry out Research and Development in the following specific areas

1) Control of Insect, Pest and Disease

- i) Through Moist, Hot Treatment: In order to maintain the genetic purity of varieties of Sugarcane, treatment is given to cane seed with moist hot air treatment. It improves the quality and yield of sugarcane. This process shall continue for the future also.
- ii) Chemical Control: In order to control the Insect, Pest and Borer, insecticide and pesticide is being applied on the crop just before indent of Pest and Borer for its control.
- iii) Biological Control of Bore: Parasites Trichogramma have been applied in the crop to protect from Insects, Pests and Borers.

2) Ratoon Management

To increase the yield of the Ratoon, farmers are being educated on constant basis to burn the trash in the field, stubbing the plant and giving the proper dose of fertilizers and irrigation. Farmers are educated also to fill the gaps by new and improved plants.

Owing to above efforts, higher yield of disease free cane is being made available to the Company's sugar mills resulting in higher return to cane growers as well as to the Company. This has also contributed to higher recovery of cane.

The Company has not imported any new technology.

The Company had incurred an expenditure on research and cane development amounting to ₹ 104.50 Lacs.

III. FOREIGN EXCHANGE EARNINGS AND OUTGO

Report on Corporate Governance

ANNEXURE D

1. COMPANY'S PHILOSOPHY

Upper Ganges Sugar & Industries Limited (UGSIL), a part of Birla Group of Sugar Industries, is of the firm conviction that Corporate Governance in essence refers to the rules, procedures, values, systems or laws by which businesses are operated, regulated, and controlled. A well-defined and enforced corporate governance provides a structure that works for the benefit of everyone concerned by ensuring that the enterprise adheres to accepted ethical standards and best practices as well to formal laws. Governance practices may vary but the principles are generic and universal. Accordingly the Board of UGSIL manages its business ethically and in a transparent manner with the profit objective balanced by long term value equitably for all stakeholders which term includes every one ranging from the board of Directors, management, shareholders, cane growers, customers, employees and society at large.

Given the fact that the business operations of UGSIL is well diversified, sound governance practices are indispensable for it to build and sustain trust in all its stakeholders.

UGSIL is committed to run its business in a legal, ethical and transparent manner with dedication that originates from the very top and permeates throughout the organisation. Besides adhering to the prescribed corporate practices as per Clause 49 of the Listing Agreement, it voluntarily governs itself as per highest ethical and responsible standards of business.

This chapter, along with the chapters on Management Discussion and Analysis and Shareholders' information reports UGSIL's compliance with Clause 49 of the Listing Agreement highlighting the additional initiatives taken in line with international best practices.

Corporate Governance Philosophy

UGSIL's philosophy is to constantly achieve business excellence and optimise long term value through ethical business conditions. Being a value driven organisation UGSIL envisages attainment of the highest level of transparency, accountability and equity in all facets of its operations including everyone it works with, the community it is in touch with and the environment it has an impact on. Strong Governance practices by the Company have boosted the level of stakeholder's confidence testified by improved

performance and various recognitions achieved by the Company. This has helped UGSIL to pay uninterrupted value based services to all its stakeholders.

The corporate governance structure in the Company ensures that its Board of Directors is well informed and well equipped to fulfill its overall responsibility by way of providing strategic direction to the senior management, employees, etc. which is the backbone of the ability to meet the aspirations of all stakeholders.

Independent Auditors' Report

To the Members of

UPPER GANGES SUGAR & INDUSTRIES LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Upper Ganges Sugar & Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2014 and the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards notified under the Companies Act, 1956 read with General Circular 8/2014 dated 4th April 2014, issued by the Ministry of Corporate Affairs. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal

control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BASIS FOR QUALIFIED OPINION

As indicated in Note 14 to the financial statements, the Company has recognised Deferred Tax Asset (DTA) (net) of ₹ 4036.85 lacs (including ₹ 1260.08 lacs for the year) up to March 31, 2014, based on the future profitability projections made by the management. In our opinion, in the absence of virtual certainty about the above projections, as required in terms of Accounting Standard – 22, had the above impact been considered, loss for the year would have been ₹ 5976.23 lacs (including DTA of ₹ 2776.77 lacs recognised up to March 31, 2013) as against the reported loss of ₹ 1939.38 lacs and reserves & surplus as at the balance sheet date would have been ₹ 403.55 lacs as against the reported figure of ₹ 4440.40 lacs.

Our audit opinion on the financial statements for the previous period was also qualified in respect of the above matter.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us, *except for the effect of the matter stated in the Basis for Qualified Opinion paragraph*, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the Statement of Profit and Loss, of the loss for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) *Except for the matter stated in the Basis for Qualified Opinion paragraph*, in our opinion, the Balance

Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with the Accounting Standards notified under the Companies Act, 1956 read with General Circular 8/2014 dated 4th April 2014 issued by the Ministry of Corporate Affairs;

- (e) On the basis of written representations received from the directors as on March 31, 2014, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.

Annexure to the Independent Auditors' Report

(REFERRED TO IN OUR REPORT OF EVEN DATE TO THE MEMBERS OF UPPER GANGES SUGAR & INDUSTRIES LIMITED AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2014)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) There was no disposal of a substantial part of fixed assets during the year.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 301 of the Companies Act, 1956. Accordingly the provisions of clauses 4 (iii) (a) to (d) of the order are not applicable to the Company and hence not commented upon.
- (b) The Company has taken loans from four companies covered in the register maintained under Section 301 of the Companies Act, 1956. The maximum amount involved during the year was ₹ 4135 lacs and the year-end balance of loans taken from such parties was ₹ 3135 lacs.
- (c) In our opinion and according to the information and explanations given to us, the rate of interest and other terms and conditions for such loans are not prima facie prejudicial to the interest of the Company.
- (d) In respect of loans taken, repayment of the principal amount is as stipulated and payment of interest has been regular.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas. There is no sale of services during the year.
- (v) (a) According to the information and explanations given to us, we are of the opinion that the particulars of contracts or arrangements referred to in Section 301 of the Companies Act, 1956 that need to be entered into the register maintained under Section 301, have been so entered.
- (b) In our opinion and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements exceeding the value of Rupees five lakhs entered into during the financial year, are at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) In respect of deposits accepted, in our opinion and according to the information and explanations given to us, the directives issued by the Reserve Bank of India and the provisions of Sections 58A, 58AA or other relevant provisions of the Companies Act, 1956 and the rules framed thereunder, to the extent applicable, have been complied with by the Company. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size of the Company and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the

maintenance of cost records under Section 209(1) (d) of the Companies Act, 1956 in respect of its products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.

(ix) (a) The Company has generally been regular in depositing undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax,

custom duty, excise duty, cess and other material statutory dues with appropriate authorities.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, custom duty, excise duty, cess and other material statutory dues were outstanding, at the year-end for a period of more than six months from the date they became payable.

(c) According to the records of the Company, the dues outstanding in respect of sales tax, income tax, custom duty, wealth tax, service tax, excise duty and cess on account of any dispute are as follows :-

Name of the statute	Nature of dues	Amount (₹ in lacs)	Period to which the amount relates	Forum where dispute is pending

2.1 Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period and the results from operations during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Fixed Assets and Depreciation on Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses determined, if any. The cost comprises the purchase price inclusive of duties (net of CENVAT Credit), taxes, incidental expenses, erection / commissioning expenses and borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use.

Machinery spares which can be used only in connection with an item of tangible fixed asset and whose use as per technical assessment is expected to be irregular, are capitalised and depreciated over the residual life of the respective assets.

The classification of plant and machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on tangible fixed assets is provided under Straight Line Method at the rates prescribed in Schedule XIV of the Companies Act, 1956 or at the rates based on the useful lives of the assets estimated by the management, whichever is higher. Based on this, the Company has depreciated its assets based on the rates prescribed in the Schedule XIV of the Companies Act, 1956.

Leasehold properties are depreciated over the primary period of lease or their respective useful lives, whichever is shorter.

Intangible assets are amortised on a straight line basis over the estimated useful economic life of the asset. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use.

Intangible assets being Specialised Software are amortised on a straight line basis over a period of 5 years.

as at and for the year ended 31st March, 2014

(c) Leases

Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of the ownership of the leased assets are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on straight line basis over the lease term.

Finance Lease

Assets acquired under lease agreements which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased items, are capitalised at the lower of the fair value of the leased property and present value of minimum lease payment at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and the reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of their liability. Finance charges are charged directly to the expenses account.

(d) Borrowing Costs

Borrowing cost includes interest and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(e) Impairment of Fixed Assets

The carrying amounts of assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount which is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to

their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(f) Government Grants and Subsidies

Grants and subsidies from the government are recognised when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognised as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of shareholders' funds.

(g) Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

(h) Inventories

Raw Materials, stores and spares are valued at lower of cost and net realisable value. However, these items are considered to be realisable at

Notes to Financial Statements

as at and for the year ended 31st March, 2014

cost if the finished products, in which they will be used, are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on annual weighted average method / moving average method.

Goods under process, finished goods (including Power Banked), traded goods and standing crops, are valued at lower of cost and net realisable value. Finished goods, Goods under process and Standing Crops include cost of conversion and other costs incurred in bringing the inventories to their present location and condition based on normal operating capacity. Cost is determined on weighted average basis.

By products, Country crop and Saleable scraps, whose cost is not identifiable, are valued at estimated net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(i) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which usually coincides with delivery of the goods. The Company collects Sales Tax(s) and Value Added Taxes (VAT) on behalf of the government and, therefore, these not being economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty and Cess deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the period.

Income from Renewable Energy Certificates (RECs) is recognised at estimated realisable value on confirmation of RECs by the concerned Authorities

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend income is recognised when the shareholders' right to receive the payment is established by the reporting date.

Insurance and other claims, Interest on doubtful loans and advances to cane growers and Compensation receivable in respect of land surrendered to / acquired by the Government due to uncertainty in realisation, are accounted for on acceptance basis.

(j) Foreign Currency Transactions

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange Differences

Exchange differences arising on the settlement/ conversion of monetary items are recognised as income or expenses in the period in which they arise.

(k) Retirement and Other Employee Benefits

Retirement benefits in the form of Provident and Pension Funds are defined contribution schemes and are charged to the statement of profit and loss of the period when the contributions to the respective funds are due. The Company has no obligation other than contributions to

Notes to Financial Statements

as at and for the year ended 31st March, 2014

the respective funds. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the selected service.

Gratuity liability being a defined benefit obligation is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Short term compensated absences are provided for based on estimates.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

(l) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to tax authorities in accordance with Income Tax Act, 1961 enacted in India. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

The deferred tax for timing differences between the book and tax profit for the period is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the reporting date. Deferred tax asset is recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised. If the Company has carry forward unabsorbed depreciation and tax losses, deferred tax asset is recognised only to the

extent that there is virtual certainty supported by convincing evidence that sufficient taxable income will be available in future against which such deferred tax asset can be realised.

The carrying amount of deferred tax assets is reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient taxable income will be available in future.

At each reporting date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period. In the period in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each reporting date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.

(m) Segment Reporting

Identification of Segments

The Company has identified that its operating segments are the primary segments. The Company's operating businesses are organised and managed separately according to the nature of products, with each segment representing

Notes to Financial Statements

as at and for the year ended 31st March, 2014

a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Inter Segment Transfers

The Company accounts for inter segment transfers at mutually agreed transfer prices.

Allocation of Common Costs

Common allocable costs are allocated to each segment on case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis are included under the head "Unallocated".

Unallocated Items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment Accounting Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole

(n) Earnings Per Share

Basic Earning per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(o) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and on hand and short-term investments with an original maturity of three months or less.

(p) Derivative Instruments

As per the announcement made by the Institute of Chartered Accountants of India, Derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss after considering the offsetting effect of the underlying hedged item is charged to the statement of profit and loss. Net gains are ignored as a matter of prudence

(q) Excise Duty

Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of stocks as on the reporting date.

(r) Shares Issue Expenses

Shares issue expenses are adjusted against Securities Premium Account.

(s) Provisions

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on the best estimate required to settle the obligation, at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current management estimates.

(t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

Independent Auditors' Report

To the Board of Directors of

UPPER GANGES SUGAR & INDUSTRIES LIMITED

We have audited the accompanying consolidated financial statements of Upper Ganges Sugar & Industries Limited ("the Company") and its subsidiary which comprise the consolidated Balance Sheet at March 31, 2014 and the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the

assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BASIS FOR QUALIFIED OPINION

As indicated in Note 14 to the Consolidated financial statements, the Company has recognised Deferred Tax Asset (DTA) (net) of ₹ 4036.85 lacs (including ₹ 1260.08 lacs for the year) up to 31st March, 2014, based on the future profitability projections made by the management. In our opinion, in the absence of virtual certainty about the above projections, as required in terms of Accounting Standard – 22, had the above impact been considered, there would be a loss of ₹ 5843.69 lacs (including DTA of ₹ 2776.77 lacs recognised up to 31st March 2013) as against the reported loss of ₹ 1806.84 lacs for the year and the reserve and surplus balance would be ₹ 2928.01 lacs as against the reported figure of ₹ 6964.86 lacs as on the balance sheet date.

Our audit opinion on the Consolidated financial statements for the previous period was also qualified in respect of the above matter.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matter stated in the Basis for Qualified Opinion paragraph*, the consolidated financial statements give

a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the consolidated Statement of Profit and Loss, of the loss for the year ended on that date; and
- (c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

OTHER MATTER

We did not audit total assets of ₹ 3972.78 lacs as at March 31, 2014, total revenues of ₹ 174.82 lacs and net cash outflows amounting to ₹ (-) 0.72 lac for the year then ended, included in the accompanying consolidated financial statements in respect of the subsidiary, whose

financial statements and other financial information have been audited by other auditor and whose report has been furnished to us. Our opinion, in so far as it relates to the affairs of such subsidiary is based solely on the report of other auditor. Our opinion is not qualified in respect of this matter.

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

1. PRINCIPLES OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements of Upper Ganges Sugar & Industries Ltd. ("the Company") and its subsidiary company, have been prepared on the following basis:

- (a) The financial statements of the Company and its subsidiary are consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenditure, after fully eliminating intra group balances, intra group transactions and any unrealised profit / loss included therein in accordance with Accounting Standard (AS-21) "Consolidated Financial Statement".
- (b) The consolidated financial statements have been prepared using uniform accounting policies, except stated otherwise, for like transactions and are prepared, to the extent possible, in the same manner as the Company's separate financial statements.
- (c) The difference between the cost of the Company's investments in the subsidiary and the equity capital of the subsidiary (as defined in Accounting Standard – 21) as on the date of investment, is treated as Goodwill / Capital Reserve, as the case may be, in the financial statements.
- (d) The Subsidiary Company considered in the financial statements is as follows:

Name	Country of Incorporation	% of ownership/voting power	
		As on 31st March, 2014	As on 31st March, 2013
Uttar Pradesh Trading Company Ltd.	India	100	100

2. BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956 read with General Circular 8/2014 dated 4 April 2014, issued by the Ministry of Corporate Affairs. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those used in the previous year.

2.1 Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the

management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period and the results from operations during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(b) Fixed Assets and Depreciation on Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairment losses determined, if any. The cost comprises the purchase price inclusive of duties (net of CENVAT Credit), taxes, incidental expenses, erection / commissioning expenses and

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the assets to its working condition for the intended use.

Machinery spares which can be used only in connection with an item of tangible fixed asset and whose use as per technical assessment is expected to be irregular, are capitalised and depreciated over the residual life of the respective assets.

The classification of plant and machinery into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation is provided under Straight Line Method at the rates prescribed in Schedule XIV of the Companies Act, 1956 or at the rates based on the useful lives of the assets estimated by the management, whichever is higher. Based on this, the Company has depreciated its assets based on the rates prescribed in the Schedule XIV of the Companies Act, 1956.

Leasehold properties are depreciated over the primary period of lease or their respective useful lives, whichever is shorter.

Intangible assets are amortised on a straight line basis over the estimated useful economic life of the asset. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use.

Intangible assets being Specialised Software are amortised on a straight line basis over a period of 5 years.

(c) Leases

Operating Lease

Leases where the lessor effectively retains substantially all the risks and benefits of the

ownership of the leased assets are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on straight line basis over the lease term.

Finance Lease

Assets acquired under lease agreements which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased items, are capitalised at the lower of the fair value of the leased property and present value of minimum lease payment at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and the reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of their liability. Finance charges are charged directly to the expenses account.

(d) Borrowing Costs

Borrowing cost includes interest and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(e) Impairment of Fixed Assets

The carrying amounts of assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount which is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

Depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

(f) Government Grants and Subsidies

Grants and subsidies from the government are recognised when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, it is recognised as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

Where the grant or subsidy relates to an asset, its value is deducted from the gross value of the asset concerned in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of shareholders' funds.

(g) Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

(h) Inventories

Raw Materials, stores and spares are valued at lower of cost and net realisable value. However, these items are considered to be realisable at cost if the finished products, in which they will be used, are expected to be sold at or above cost. Cost of raw materials and stores and spares is determined on annual weighted average method / moving average method.

Goods under process, finished goods (including Power Banked), traded goods and standing crops, are valued at lower of cost and net realisable value. Finished goods, Goods under process and Standing Crops include cost of conversion and other costs incurred in bringing the inventories to their present location and condition based on normal operating capacity. Cost is determined on weighted average basis.

By products, Country crop and Saleable scraps, whose cost is not identifiable, are valued at estimated net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(i) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer, which usually coincides with delivery of the goods. The Company collects Sales Tax(s) and Value Added Taxes (VAT) on behalf of the government and, therefore, these not being economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty and Cess deducted from revenue (gross) is the amount that is included in the revenue

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

(gross) and not the entire amount of liability arising during the period.

Income from Renewable Energy Certificates (RECs) is recognised at estimated realisable value on confirmation of RECs by the concerned Authorities.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend income is recognised when the shareholders' right to receive the payment is established by the reporting date.

Insurance and other claims, Interest on doubtful loans and advances to cane growers and Compensation receivable in respect of land surrendered to / acquired by the Government due to uncertainty in realisation, are accounted for on acceptance basis.

(j) Foreign Currency Transactions

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange Differences

Exchange differences arising on the settlement/conversion of monetary items are recognised as income or expenses in the period in which they arise.

(k) Retirement and other Employee Benefits

Retirement benefits in the form of Provident and Pension Funds are defined contribution schemes and are charged to the statement of profit and loss of the period when the contributions to the respective funds are due. The Company has no obligation other than contributions to the respective funds. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the selected service.

Gratuity liability being a defined benefit obligation is provided for on the basis of actuarial valuation on projected unit credit method made at the end of each financial year.

Short term compensated absences are provided for based on estimates.

The Company treats accumulated leaves expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the end of each financial year. The Company does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

(l) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

measured at the amount expected to be paid to tax authorities in accordance with Income Tax Act, 1961 enacted in India. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years.

The deferred tax for timing differences between the book and tax profit for the period is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the reporting date. Deferred tax asset is recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised. If the Company has carry forward unabsorbed depreciation and tax losses, deferred tax asset is recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient taxable income will be available in future against which such deferred tax asset can be realised.

The carrying amount of deferred tax assets is reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient taxable income will be available in future.

At each reporting date, the Company reassesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable

income will be available against which such deferred tax assets can be realised.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period. In the period in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each reporting date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period.

(m) Segment Reporting

Identification of Segments

The Company has identified that its operating segments are the primary segments. The Company's operating businesses are organised and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which the customers of the Company are located.

Inter Segment Transfers

The Company accounts for inter segment transfers at mutually agreed transfer prices.

Allocation of Common Costs

Common allocable costs are allocated to each segment on case to case basis applying the ratio, appropriate to each relevant case. Revenue and expenses which relate to the enterprise as a whole

Notes to Consolidated Financial Statements

as at and for the year ended 31st March, 2014

and are not allocable to segments on a reasonable basis are included under the head "Unallocated".

Unallocated Items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment Accounting Policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(n) Earnings Per Share

Basic Earning per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, net profit or loss for the period attributable to equity share holders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(o) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise of cash at bank and on hand and short-term investments with an original maturity of three months or less.

(p) Derivative Instruments

As per the announcement made by the Institute of Chartered Accountants of India, Derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss after considering the offsetting effect of the underlying hedged item is charged to the

statement of profit and loss. Net gains are ignored as a matter of prudence.

(q) Excise Duty

Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of stocks as on the reporting date.

(r) Shares Issue Expenses

Shares issue expenses are adjusted against Securities Premium Account.

(s) Provisions

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions made in terms of Accounting Standard 29 are not discounted to its present value and are determined based on the best estimate required to settle the obligation, at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current management estimates.

(t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

31. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the Company's risks and rates of return are affected predominantly by differences in the products produced. Secondary information is reported geographically. The operating businesses are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Accordingly, the Company has identified "Sugar", "Spirits", "Co-generation" and "Tea" as the operating segments :

- Sugar - Consists of manufacture, trading and sale of Sugar, Molasses and Bagasse
- Spirits - Consists of manufacture and sale of Industrial Spirits (including Ethanol), Fusel Oil and Bio-Compost
- Co-generation - Consists of generation and transmission of Power
- Tea - Consist of cultivation, manufacture and sale of tea
- Others - Consist of Miscellaneous business comprising of less than 10% revenues.

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No 4, 5, 6, 7 & 8

Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria are Independent Directors of the Company and have held the positions as such since their respective appointments.

The Securities and Exchange Board of India (SEBI) has amended Clause 49 of the Listing Agreement inter alia stipulating the conditions for the appointment of Independent Directors by a listed company.

It is proposed to appoint Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria as Independent Directors under Section 149 of the Companies Act, 2013 (the Act) and Clause 49 of the Listing Agreement to hold office for 5 (five) consecutive years for a term up to the conclusion of the 87th Annual General Meeting of the Company in the calendar year 2019.

Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria are not disqualified from being appointed as Directors in terms of Section 164 of the Act and have given their consent to act as Directors.

The Company has also received declarations from Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria that they meet with the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under Clause 49 of the Listing Agreement.

In the opinion of the Board, Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria fulfill the conditions for appointment as Independent Directors as specified in the Act and the Listing Agreement. Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria are independent of the management. Brief resume of Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria, nature of their expertise in specific functional areas and names of companies in which they hold directorships and memberships / chairmanships of Board Committees, shareholding and relationships between Directors inter-se as stipulated under Clause 49 of the Listing Agreement with the Stock Exchanges, are provided as annexure to the notice calling the AGM.

This Statement may also be regarded as a disclosure under Clause 49 of the Listing Agreement with the Stock Exchanges.

Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria are interested in the resolutions set out respectively at Item Nos. 4, 5, 6, 7 and 8 of the Notice with regard to their respective appointments.

The relatives of Mr Padam Kumar Khaitan, Mr Ishwari Prosad Singh Roy, Mr Pradeep Kumar Singhi, Mr Gaurav Swarup and Mr Sunil Kanoria may be deemed to be interested in the resolutions set out respectively at Item Nos. 4, 5, 6, 7 and 8 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are in any way, concerned or interested, financially or otherwise, in these resolutions.

The Board recommends the Ordinary Resolutions set out at Item Nos. 4, 5, 6, 7 and 8 of the Notice for approval by the shareholders.

Item No. 9

The Board of Directors had on the recommendation of the Audit Committee, approved the appointment and proposed the remuneration of Mr Somnath Mukehrjee, Cost Accountant, as Cost Auditors for conducting the cost audit of the cost records of Sugar, Industrial Alcohol, Power and Tea units of the Company for the financial year 2014-15 at a remuneration of ₹ 95,000/-.

The Company has received a Certificate dated 17th April, 2014 issued by the above firm regarding their eligibility for appointment as Cost Auditors. A copy of the certificate would be available for inspection by the members at the Registered Office of the Company during normal business hours (11.00 am to 1.00 pm) on all working days excluding Saturday up to the date of the Annual General Meeting.

In accordance with the provisions of section 148 of Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor needs to be approved and ratified by the Shareholders of the Company. Hence, this Resolution is put for the consideration of the Shareholders.

The Board recommends the resolution at item no.9 of the notice for approval by the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 9.

Item No. 10

The Board of Directors of the Company was authorised to donate to charitable funds under Sec 293(1)(e) of the Companies Act, 1956 upto ₹ 30 lacs (Rupees thirty lacs only) by an Ordinary Resolution passed by the shareholders of the Company on 09.07.1991 over and the above the limits specified therein.

As per Section 181 of the Companies Act, 2013, the Board of Directors of the Company may contribute to bona fide charitable and other funds, any amount the aggregate of which, in any financial year shall not exceed 5% of its average net profits for the three immediately preceding financial years. Accordingly, contribution to bona fide charitable and other funds of any amount which is higher than the limit prescribed requires the sanction/approval of shareholders in general meeting.

It is therefore, necessary to seek a fresh approval of the shareholders of the Company by way of an Ordinary Resolution pursuant to the provisions of Section 181 of the Companies Act, 2013 and the rules made thereunder to make contributions to bona fide and charitable funds etc. in excess of 5% of the average net profits of the three immediately preceding financial years or upto an amount not exceeding ₹ 50 lacs (Rupees fifty lacs only), whichever is higher.

The Board recommends the resolution at item no.10 of the notice for approval by the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 10.

Item No.11

The present Authorised Share Capital of the Company is ₹ 32,00,00,000/- divided into 16000000 Ordinary Shares of ₹ 10/- each and 1600000 Preference Shares of ₹ 100/- each. The present issued, subscribed and paid up Equity Share Capital is ₹ 11,55,72,390/- comprising of 11557239 Ordinary Shares of ₹ 10/- each.

The Board of Directors propose to issue 3000000, 12% Non-Convertible, Cumulative, Redeemable Preference Shares of ₹ 100/- aggregating to ₹ 30,00,00,000/- . This can be done only after increasing the Authorised Capital. The new Authorised Share Capital will comprise of 16000000 Equity Shares of ₹ 10/- each and 3400000 Preference Shares of ₹ 100/- each.

The Resolutions proposed for alteration of Clause 5 of the Memorandum of Association of the Company is required to enable the above proposal to be implemented. Hence, the Board recommends the resolution No 11 of the Notice for approval of the members.

A copy of the Company's Memorandum of Association will be available for inspection at the registered office of the Company during normal business hours on any working day, excluding Saturday, up to the date of the Annual General Meeting.

The Board recommends the resolution at item no.11 of the notice for approval by the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 11.

Item No.12

Section 203 of the Companies Act, 2013 ('the Act'), which came into force from 1st April, 2014, provides that unless the Articles of Association of the Company provide otherwise, an individual shall not after 1st April, 2014 be appointed / reappointed as Chairperson of the Company as well as its Managing Director or Chief Executive Officer at the same time.

The existing Articles of Association of the Company do not provide that the Chairperson / Chairman of the Company can also be its Managing Director or Chief Executive Officer at the same time, as there was no such requirement under the Companies Act, 1956.

Having regard to the provisions of the newly enacted Section 203 and since the Company has the practice of appointing the same person as the Chairperson / Chairman and Managing Director the Board, it is proposed therefore to alter the Articles of Association by inserting a new Article 96A after the present Article 96, providing for the Chairperson / Chairman of the Company to be also appointed, and to act as, the Managing Director or Chief Executive Officer of the Company at the same time.

The proposed new Article 96A has been set out in extenso in the text of the Special Resolution at item no. 12 of the Notice. The alteration of the existing Articles of Association in the manner provided in the Special Resolution at item no. 12 of the Notice would require to be approved by a Special Resolution of the members in general meeting in terms of Section 14 of the Act. Hence, the Special Resolution.

A copy of the Company's Articles of Association will be available for inspection at the registered office of the Company during normal business hours (11.00 am to 1.00 pm) on all working days excluding Saturday up to the date of the Annual General Meeting.

The Board recommends passing of the Special Resolution proposed at item no. 12 of the Notice.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 12.

Item No. 13

The Board of Directors at its meeting held on 1st November, 2013, had appointed Mr Bal Kishore Malpani, as the Whole-time Director of the Company, for a period of three years, at no remuneration. As a Whole-time Director of the Company Mr Bal Kishore Malpani shall be responsible to give direction to the Management team of the Company in accomplishment of its business plan.

His appointment as the Whole-time Director is considered desirable in the interest of the Company and the Board of Directors, accordingly, recommend the Resolution mentioned in Item No 13 of the Notice for your approval.

Mr Bal Kishore Malpani holds 750 equity shares of the Company in his own name.

The Board recommends passing of the Special Resolution proposed at item no. 13 of the Notice.

Except Mr Malpani, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 13. This Explanatory Statement may also be regarded as a disclosure under Clause 49 of the Listing agreement with the Stock Exchange. However, a brief resume of Mr Malpani is provided in the annexure to the Notice calling the AGM.

Item No. 14

The members of the Company at their Annual General Meeting held on 30th March, 2006 approved by way of an Ordinary Resolution under Section 293(1)(d) of the Companies Act, 1956 borrowings over and above the aggregate of paid up share capital and free reserves of the Company provided that the total amount of such borrowings together with the amounts already borrowed and outstanding at any point of time shall not be in excess of ₹ 500 crores (Rupees five hundred crores).

Section 180(1)(c) of the Companies Act, 2013 effective from 12th September, 2013 provides that the Company can borrow money, where money to be borrowed, together with the money already borrowed by the Company may and will exceed aggregate of its paid up share

capital and free reserves, apart from temporary loans obtained from the Company's bankers in the ordinary course of business, with the consent of the shareholders accorded by way of a special resolution.

It is, therefore, necessary for the members to pass a Special Resolution under Section 180(1)(c) and other applicable provisions of the Companies Act, 2013, as set out at Item No. 14 of the Notice, to enable the Board of Directors to borrow money in excess of the aggregate of the paid up share capital and free reserves of the Company. Approval of members is being sought to borrow money in excess of the aggregate of the paid up share capital and free reserves of the Company and upto a sum of ₹ 1,000 crores (Rupees one thousand crores) outstanding at any point of time.

The Board recommends the resolution at item no.14 of the notice for approval by the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 14.

Item No. 15

At the Annual General Meeting of the Company held on 30th March, 2006, the Members had, by way of Ordinary Resolutions and in pursuance of the provisions of Section 293(1)(a) of the Companies Act, 1956, approved of creation of a mortgage or charge for the said borrowings, as security by way of mortgage / hypothecation on the Company's assets in favour of lending agencies and trustees for the amounts borrowed i.e. upto ₹ 500 crores, including interest, charges, etc. payable thereon.

Section 180(1)(a) of the Companies Act, 2013 effective from 12th September, 2013 requires that the Board of Directors shall not mortgage / hypothecate the Company's assets in favour of lending agencies and trustees for the amounts borrowed, except with the consent of the Company accorded by way of a special resolution.

It is, therefore, necessary for the members to pass a Special Resolution under Section 180(1)(a) and other applicable provisions of the Companies Act, 2013, as set out at Item No. 15 of the Notice, to enable to the Board of Directors to create mortgage or charge for the said borrowings, as security by way of mortgage / hypothecation on the Company's assets in favour of lending agencies and trustees for the amounts borrowed i.e. upto ₹ 1,000 crores, including interest, charges, etc. payable thereon.

The Board recommends the resolution at item no.15 of the notice for approval by the shareholders.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 15.

Item No 16

Pursuant to Section 188 of the Companies Act, 2013 and The Companies (Meetings of Board and its Powers) Rules, 2014, no contracts or arrangement with a related party with respect to the transactions specified in that Section can be entered by the Company, other than transactions which are entered in the ordinary course of business on an arm's length basis without the consent of the shareholders by special resolution.

In view of its normal course of operations, the Company requires to transact the sale, purchase or supply of goods or materials with the Related Party Messrs The Oudh Sugar Mills Ltd.

Even though the transaction would be entered in the ordinary course of business and on arm's length basis, as abundant caution and good Corporate Governance measures the consent of the shareholders by way of special resolution pursuant to Section 188 of the Companies Act, 2013 and the Rules made thereunder is being requested to enable the Board to enter into contracts / transactions for Sale, Purchase or Supply of Molasses, Baggases, Bio-fertilizers and Stores, Spares & Consumables, any other material with the above Related Party for a period of 5 years with effect from 1st April, 2014 for an amount not exceeding ₹ 10 crores per annum.

The particulars of the transaction pursuant to para 3 of Explanation (1) to Rule 15 of Companies (Meeting of Board and its Powers) Rules, 2014 are as under :

1. Name of the related party : The Oudh Sugar Mills Ltd.
2. Name of the Director or key managerial personnel who is related :Mr Chandra Shekhar Nopany and Mrs Nandini Nopany
3. Nature of relationship : Mr Chandra Shekhar Nopany is a common board member in both the Companies and Mrs Nandini Nopany a Director in the Company and relative of Mr Chandra Shekhar Nopany.
4. Monetary value : Estimated consideration of up to ₹ 10 crores per annum.
5. Nature, material terms and particulars of the contract or arrangement : Sale, Purchase or Supply of Molasses, Baggases, Bio-fertilizers and Stores, Spares & Consumables, any other material in ordinary course of the business and on arm's length basis, for a period of 5 years with effect 1st April, 2014, for an amount not exceeding ₹ 10 crores per annum.
6. Any other information relevant or important for the members to make a decision on the proposed transaction: None.

The Board recommends the resolution set forth in Item no. 16 for the approval of the members as a Special Resolution.

Except Mr Chandra Shekhar Nopany and Mrs Nandini Nopany, as stated aforesaid, to whom the resolution relates, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 16.

Item No 17

Your Company is facing many business challenges and the Board considers it necessary to strengthen the capital of the Company in order to successfully get over these challenges. The reason for the passing of this special resolution is to provide the Company with a mechanism to raise cost-effective capital to pare debt as part of a general capital management programme which, in the opinion of the Directors, is deemed appropriate for the activities of the Company, without diluting the Ordinary Share Capital of the Company.

The Board of Directors have considered it expedient to make the issue of preference shares on a private placement basis to select few investors, to ensure full subscription, to minimise the cost of issue and raise the required funds in the shortest time.

Section 62 of the Act read with the Companies (Share Capital & Debentures) Rules, 2014, provides, inter alia, that whenever it is proposed to increase the subscribed capital of a company by issue of further shares, such shares may be offered to any persons, whether or not those persons are holders of the equity shares of the Company or employees of the Company, if authorised by way of a Special Resolution.

Furthermore, as per Section 42 of the Act, read with the Companies (Prospectus and Allotment) Rules 2014, a company offering or making an invitation to subscribe to securities, including Non Convertible Cumulative Redeemable Preference Shares on a private placement basis, is required to obtain the prior approval of the Shareholders by way of a Special Resolution, for each of the offers and invitations.

The approval of the Members is accordingly being sought by way of a Special Resolution under Sections 42, 55 and 62 of the Act read with the Rules made there under, for the issue of Non Convertible Cumulative Redeemable Preference Shares aggregating an amount not exceeding ₹ 30 crores and to offer and allot the Non convertible cumulative redeemable preference shares on a private placement basis on the terms and conditions set out hereunder.

Given below is a statement of disclosures as required under Rule 9(3) of the Companies (Share Capital and Debentures) Rules, 2014 and the terms of issue of the Non-Convertible Cumulative Redeemable Preference Shares:

Issue size	Upto 3000000 (thirty lacs) Non-Convertible Cumulative Redeemable Preference Shares of ₹ 100/- each for an amount not exceeding ₹ 30,00,00,000/-	
Nature of Issue	The present issue of capital would be Redeemable, Cumulative, Non-Participating and Non-Convertible.	
Objects of the Issue	The objective of the issue is to raise funds to strengthen the long term capital base of the Company and to pare debt.	
Manner of Issue	The Non-Convertible Cumulative Redeemable Preference Shares will be issued and offered on a private placement basis in accordance with the provisions of Section 42 of the Act and the Rules made there under.	
Issue Price	Non-Convertible Cumulative Redeemable Preference Shares will be issued at par i.e. at ₹ 100/-	
Rate of Dividend	12 % per annum	
Tenure	Not exceeding 5 years with an Option to issuer to redeem after 12 months of issue.	
Terms of Redemption	Redemption at par along with unpaid cumulative dividend, if any, in accordance with Section 55 of the Act, out of profits available for distribution as dividend or out of proceeds of a fresh issue of shares made for the purpose of redemption	
The current equity shareholding pattern of the Company	Category	%
	Promoters	56.37
	Mutual Funds, Financial Institutions, Banks, Insurance Companies, etc.	3.45
	Private Bodies Corporate	5.90
	Indian Public	33.46
	NRIs / OCBs / FIIs / Foreign Nationals	0.82
	Total	100.00
Expected dilution in equity capital upon conversion of preference shares	Nil , since the Non-Convertible Cumulative Redeemable Preference Shares are non-convertible	

The issue of Non-Convertible Cumulative Redeemable Preference Shares is in accordance with the provisions of the Articles of Association of the Company. There is no subsisting default in the redemption of preference shares issued by the Company or in payment of dividend due on any preference shares issued by the Company.

The Board recommends the resolution set forth in Item no. 17 for the approval of the members as a special resolution.

Except Mr Chandra Shekhar Nopany, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 17.
