CIN: L36999TN1988PLC015475

We have conducted the secretarial audit of the compliance of statutory provisions under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India, Foreign Exchange Regulations, EXIM Laws, STPI / SEZ Scheme, Customs and Labour Laws listed hereinafter and the adherence to good corporate practices by Info-Drive Software Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Management's Responsibility

Management is responsible for the preparation and filing of all the forms, returns, documents for the compliances under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India, Foreign Exchange Regulations, EXIM Laws, STPI/SEZ Scheme, Customs and Labour Laws listed hereinafter, and to ensure that they are free from material non-compliance, whether due to fraud or error.

Secretarial Auditor's Responsibility:

Secretarial Audit is a process of verification of records and documents on sample basis to check compliance with the provisions of laws and rules/procedures under the Companies Act, 2013, regulations laid down by Securities and Exchange Board of India, Foreign Exchange Regulations, EXIM Laws, STPI / SEZ Scheme, Customs and Labour Laws listed hereinafter.

The procedure for secretarial audit is selected on the secretarial auditor's judgment, including the assessment of the risks of material non-compliance of the documents filed. In making those risks assessments, the secretarial auditor considers internal control relevant to the Company's preparation and fair presentation of the documents in order to design secretarial audit procedures that are appropriate in the circumstances.

Our responsibility is to express an opinion on the secretarial compliances of the aforesaid laws done by the Company on the basis of our audit. We have conducted our audit solely on the basis of the compliances and filing done by the Company under the aforesaid laws.

Based on our verification of books, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we report that in our opinion, the Company has, during the financial year ended on March 31, 2015, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

- (m) The Sexual Harassment of Women At Workplace (Prevention, Prohibition and Redressal) Act, 2013;
- (n) The State Shops and Establishments Act and the State Rules made thereunder.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India. Secretarial Standards have not been approved by the Government of India for implementation during the financial year 2014-15. Hence the current Para is not applicable for the year under audit.
- (ii) The Listing Agreements entered into by the Company with Stock Exchange(s);

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards mentioned above subject to the following observations:

1. The Companies Act, 2013:

- a) Pursuant to the provisions of the Companies Act, 2013, the Annual E-forms and event based forms in regards to increasing in authorised capital, sub-division of equity shares of the Company, Allotment of Foreign Currency Convertible Bonds (FCCBs), Allotment of equity shares consequent upon conversion of FCCBs, change in top ten shareholders of the Company, list of unpaid and unclaimed shareholders for the financial year ended March 31, 2014 were pending filing as on March 31, 2015.
- b) As required under Rule 20 of the Companies (Management and Administration) Rules, 2014, the Company has not published an advertisement in a newspaper regarding availability of e-voting facility.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Companies Act, 2013.

Based on inspection of the minutes of the Board of Directors and its Committees, there were no dissenting views mentioned by the member of the Board of Directors and its Committees.

2. Listing Agreement with the Stock Exchanges:

- a) Pursuant to Clause 31, the Company had filed the Annual Reports to the Stock Exchanges, however the applicable Form-A has filed beyond the prescribed time.

3. Foreign Exchange Management Act, 1999:

- a) In terms of Notification No. FEMA.120/RB-2004 dated July 7, 2004, the Company had submitted the Annual Performance Reports for the financial year ended March 31, 2014, in respect of its subsidiaries beyond the prescribed time:
- b) In terms of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) (Amendment) Regulations, 2004 ('FEMA Regulations'), as amended from time to time, the Company had submitted ODI forms in respect of loan/investments made in various tranches to its subsidiary beyond the prescribed time and Annual Return on Foreign Liabilities and Assets (FLA) for the financial year ended March 31, 2014 was pending filing as on March 31, 2015.
- c) The company had received an advance of Rs.4,00,12,568/- to provide services to a company called M/s. Persian Dam Keshte Aria located in Tehran, Iran. However, while remitting the advance by the remitter the swift message for the advance was wrongly mentioned as 'Feed Corn Purchase'. RBI approval was accorded in the month of June 2014 for refund of advance remittance, which is yet to be refunded as on the financial year ended 31st March 2015.

4. Exim Policy, Software Technology Parks Scheme, SEZ Act and Rules:

- a) The Company has undertaken in the "Legal Agreement for software exports by the units registered with the Software Technology Parks of India", Chennai executed with STPI, to file Quarterly Progress Reports (QPRs) within 10 days of the close of each quarter. QPR, Monthly Progress Report and Annual Performance Report were pending filing as on March 31, 2015.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. A quarterly compliance certificate is submitted by the respective department heads of the Company which are placed before the Board in their meeting along with the action taken report.

We further report that during the audit period the company has signed the Financial and Technical Collaboration agreement with Alchemy International FZC, UAE but the precise impact of such collaboration cannot be reasonably estimated for the time being.

During the year, the Company has issued 91 Zero Coupon Foreign Currency Convertible Bonds of US\$ 100,000 each due 2019 pursuant to Offering Circular dated December 12, 2014. The bonds are mandatorily convertible with Bondholders having an option to convert each bond into fully paid up equity shares of Re.1 each at the conversion price of Re.1 per share translated from US\$ at the fixed exchange rate of Rs. 60.09 per US\$ at any time up to the Close of Business on December 12, 2019.

We further report that during the audit period the Company has converted 18 FCCBs into 10,81,62,000 equity shares of Re.1 each in terms of conversion notices received from the Bondholders. As on March 31, 2015, 73 (Seventy Three) FCCBs were outstanding.

A. INDUSTRY STRUCTURE AND DEVELOPMENT- IT & IT ENABLED SERVICES

The information presented in this section has been obtained from publicly available documents from various sources, including officially prepared materials from Government bodies and industry websites/publications. Industry websites/publications generally state that the information contained therein has been obtained from sources believed to be reliable but their accuracy and completeness are not guaranteed and their reliability cannot be

assured. Although it is believed that industry, market and government data used is reliable, it has not been independently verified. Certain information has been relied on, based on the data available on the data from NASSCOM and other website. These websites do not provide any assurance, as to the reliability of such information.

According to Gartner report Forecast: Enterprise IT Spending by Vertical Industry Market, Worldwide, 2013-2019, 1Q15 Update, worldwide IT Services spending in 2014 was \$948 billion, a growth of 1.8% over the previous year. Global IT service providers offer a range of end to end software development, IT business solutions, research and development services, business process services, consulting and related support functions.

India's technology and BPM sector (including hardware) is estimated to have generated US\$ 146 billion in revenue during FY15 compared to US\$ 118 billion in FY14, implying a growth rate of 23.72 per cent

- The contribution of the IT sector to India's GDP rose to approximately 9.5 per cent in FY15 from 1.2 per cent in FY98
- The top six firms contribute around 36 per cent to the total industry revenue, indicating the market is fairly competitive, with TCS being the leader accounting for about 10.1 per cent

Over the past two decades, India has risen to become the leading destination for global IT services sourcing, business process services and research and development services. Global IT services providers, based in India, have a proven track record for providing business and technology solutions, offering a large, high quality and English-speaking talent pool and a friendly regulatory environment. These factors have facilitated the emergence of India as a global sourcing hub.

According to the NASSCOM report, revenues for fiscal year 2015 for the IT-BPM industry based in India is estimated to be US\$146 billion, which would represent growth of approximately 13% over fiscal year 2014. According to the NASSCOM Report, IT export revenues from India, including hardware, are expected to grow at a year-on-year rate of 12% in fiscal year 2015, driven by greater demands for social, mobile, analytics and cloud based solutions. While exports remain the focus area for the IT industry in India, the IT services market in India represents approximately 18% of the total business of India-based IT services industry and is also expected to be a key growth driver.

In FY 2015, NASSCOM estimates that the Indian IT industry will account for revenues of USD 146 billion, an increase of 13 percent over the previous year. Industry exports will be more than USD 98 billion, a growth of 12.3 per cent, while the domestic segment, which has benefited from the inclusion of ecommerce and mobile app industry, is estimated to touch USD 48 billion. Software products, Engineering Research and Development (ER&D) and product development segments together have over 16 per cent market share (Source: NASSCOM Strategic Review 2015)

IT and ITES companies have moved up the value chain and have expanded their product and service portfolios gravitating towards higher value processes and achieving increased traction in engineering and product development services. India's edge in the off shoring domain was based on factors such as availability of people's skills, a conducive business environment, focus on information security and operational excellence by leading IT-ITES vendors and relevant financial structures.

CO-OPERATIVE CREDIT SOCIETY AUTOMATED SOLUTION

Employees' Cooperative Thrift and Credit Society is a non-agricultural credit society, started mainly for saving the employees from the hands of money lenders. Separate Employees' Cooperative Thrift and Credit societies have been organized for different categories of workers. The objectives of the societies are to encourage thrift and cooperation among the members, to borrow funds from the members for being utilized as loans to members and to act as agents for joint purchase of domestic and other requirements of the members. The successful financial performances of these societies are very essential to the employees to save their money.

The regulation of co-operative societies (other than those operating in more than one State) is a State subject and is governed by the State laws on co-operative societies. In the case of co-operatives with objects not confined to one State, their regulation is governed by the Multi-State Co-operative Societies Act, 2002. As the vast majority of co-operative societies are operating only in one State, the State Government and the Registrar of Co-operative Societies appointed by the State are the main regulatory authorities for the cooperative societies. Since the functioning of these have grown rapidly and some Data of state controlled Societies and almost all of them need a strong connectivity support with current technology.

Info-Drive sensed this opportunity and is channeling its efforts into exploring and utilizing excellence especially in the areas of computerization of Cooperative Credit Societies scattered in India (e-governance).

The Company has come up with the concept of a cost effective web enabled solution on cloud wherein comprehensive end to end web enabled solution which would facilitate societies to just plug in , configure , load data and start using the solution.

On the strength of the above concept the Company has been able to secure an order from the Registrar of Cooperative Societies in Chennai region on a BOT basis for a period of (5) years . The company would be the system integrator for the solution.

➤ **Growth platforms**

The Company's growth platforms - systems integration and technology, business consulting and outsourcing - are the engines through which the Company develops its knowledge capital; build world class skills and capabilities; create, acquire and manage key assets to the development of solutions for its clients. The professionals within these areas work closely with operating groups to deliver those integrated services and solutions to clients.

➤ **Geography Spread**

The Company operates globally with a wide array of specialized services with an ROI-centric value proposition. This geographic dimension is critical to the proper execution of its strategy and the Company operates in a way that is both globally efficient and locally responsive to its clients and its people. The Company markets and sells its services across different geographies such as India, Australia, Middle Eastern countries and Africa that enable it to address various opportunities in key market segments such as Banking, Financial, Hospitality, Real Estate and Telecom.

➤ **Successful Client Relationship**

The client centric approach is built on in-depth understanding of customers' needs in order to provide high value, cutting edge technology solutions. The Company leverages its capability as an integrated solutions provider, with appropriate technology expertise and domain knowledge, to deepen its relationships with its clients.

➤ **Business Strategy**

The Company has different strategies to enhance stakeholder value in each of business services offered. The Company has established a strong client footprint across all the major emerging market segments in Far East, Middle East, North Africa and Australia. All major support functions for Sales, Marketing and Service Delivery are consolidated through the regional hub offices and an optimal offshore-onsite mix depending upon the kind of services.

➤ **Continue to grow Systems Integration and IT services business**

The Company continues to focus on emerging trends and new technologies in specific business verticals to develop market leading solutions for clients, in its target business verticals including telecommunications, banking, and financial services sectors. It continues to invest significant resources to develop customized product, service and solutions offerings that differentiate us from the competition, and generate repeat business. The Company intends to continue to focus on expanding its system integration offerings by increasing its share of business from the private sector and entering new sectors, including e-governance, health and education.

The Company intends to grow its IT infrastructure management service offerings, including long-term managed outsourcing services, which have been and expect will continue to be major contributors to our growth in MENA region. The Company also intends to offer new service delivery models that minimize risks and improve efficiency of processes and productivity.

➤ **Enhance capabilities through technology alliances and acquisitions**

The Company has established a dedicated in-house team to explore strategic acquisition opportunities to gain access to specific technologies, target new markets and customers as well as catalyse synergies with existing business. It believes that acquisition will support long-term strategic direction, strengthen competitive position, particularly in acquiring new domain expertise, expand customer base, increase ability to expand service offerings, reduce time to market and provide greater scale to grow earnings and increase shareholder value. The Company also intends to pursue acquisitions of companies outside India to expand global footprint by leveraging domain expertise and low cost offshore delivery model to move a significant portion of the work offshore to India.

The Company also intends to continue to explore the formation of new alliances as well as strengthen existing partnerships with key technology vendors to enable it to leverage its partners' strengths.

B. Opportunities and Threats

According to Gartner report Forecast: Enterprise IT Spending by Vertical Industry Market, Worldwide, 2013-2019, 1Q15 Update, worldwide IT Services spending in 2014 was \$948 billion, a growth of 1.8% over the previous year. Global IT service providers offer a range of end to end software development, IT business solutions, research and development services, business process services, consulting and related support functions.

Over the past two decades, India has risen to become the leading destination for global IT services sourcing, business process services and research and development services. Global IT services providers, based in India, have a proven track record for providing business and technology solutions, offering a large, high quality and English-speaking talent pool and a friendly regulatory environment. These factors have facilitated the emergence of India as a global sourcing hub.

Information technology is one of the most dynamic, fast-changing and fiercely competitive industries in the world, characterized by relentless cycles of innovation and commoditization. The Indian IT industry has been primarily identified with software services, while the software products segment has mostly remained in the background. More recently the world is observing a change in this segment growth. Emerging technologies present a range of exciting new opportunities for IT firms in India. According to the software product think-tank iSpirt, software products could be a \$100 billion industry in India by 2025. This affirms our faith that a new generation of Indian software products will have a sizeable impact on improving productivity and the way businesses are run.

Info-Drive's recent business focus is on niche domains like providing e-Governance solutions to the Employees Cooperative Thrift & Credit Societies across India. Employees' Cooperative Thrift and Credit Society is a non-agricultural credit society, started mainly for saving the employees from the hands of money lenders. Separate Employees' Cooperative Thrift and Credit societies have been organized for different categories of workers. The objectives of the societies are to encourage thrift and cooperation among the members, to borrow funds from the members for being utilized as loans to members and to act as agents for joint purchase of domestic and other requirements of the members. The successful financial performances of these societies are very essential to the employees to save their money.

The regulation of co-operative societies (other than those operating in more than one State) is a State subject and is governed by the State laws on co-operative societies. In the case of co-operatives with objects not confined to one State, their regulation is governed by the Multi-State Co-operative Societies Act, 2002. As the vast majority of co-operative societies are operating only in one State, the State Government and the Registrar of Co-operative Societies appointed by the State are the main regulatory authorities for the cooperative societies. Since the functioning of these have grown rapidly and some Data of state controlled Societies and almost all of them need a strong connectivity support with current technology.

Info-Drive sensed this opportunity and is channeling its efforts into exploring and utilizing excellence especially in the areas of computerization of Cooperative Credit Societies scattered in India (e-governance). The Company has tied up with a comprehensive end to end solution on cloud computing model. This would result in the societies just having to Plug-In, Configure, Load Data and Start Using the solution. While e-Governance has attracted a lot of focus from the IT industry in last couple of years, Info-Drive is working in this sector since two years. Success of e-Government projects depends not only on the technological skills but also on deep knowledge of Government processes.

One of the top concerns of the industry is on outstanding payments. Issues pertaining to various clauses in Contracts are causing concerns to Company, particularly relating to unlimited liabilities, dispute resolution and arbitration, payments etc., most of which were felt to be one-sided, with risk overload on the Implementation partner.

Technology is changing at such a fast pace while the government speed is rather slow. Within a matter of months these days, the entire technologies change – old ones become obsolete and new ones become standard.

C. Segment-wise or product-wise performance.

The entire operations of the company are related to one segment viz., Information Technology.

D. Outlook

Infodrive believes that with its recent change in its strategy and newer opportunities, the company has the potential to achieve growth as it has

- continued to invest and focus on Greenfield initiatives and newer markets like Australia and Indonesia.
- strengthen capabilities for competitive differentiation in technology horizontals and expanded to new Industrial verticals.
- continue to invest in domain expertise to enhance productivity and operational efficiency for ROI-centric offerings like cash conservancy services and Supply Chain Management that deliver tangible savings for our customers.
- continue to drive growth through cross-selling and stronger account mining to optimize the cost of new business acquisition.
- focus on emerging mid-market opportunities in the North Africa & Middle East where Company has established a strong sales & marketing footprint

We believe in a brighter future and with our vision to expand service offerings, we have the potential to achieve growth. During the year under review, we have created a strong branding and established customer base. Your Company is extremely confident that its specialized service offerings and its transformational initiatives, executed by inexperienced and energized global management team, will continue to surpass stakeholder expectations in both short and long-term horizons.

E. Risk and Concerns

In Provisions of Companies Act 2013, Cyclical Economic Situation and common risks like economic, political, legal/regulatory, and business risks the Company has Formulated its own Risk Management Policy. Risk management, by and large involves reviewing the operations of the organization followed by identifying potential threats to the organization and the likelihood of their occurrence, and then taking appropriate actions to address the most likely threats.

The basic activities in any risk management system are:

- (I) Risk identification
- (II) Risk assessment and finally
- (III) Risk control.

The Company uses Risk matrix for assessment of Risk. Risk matrix is the table in which rows show the risk and column shows their likelihood of occurrence.

The Company has adopted suitable measures related to development and implementation of a Risk Management Policy after identifying the following elements of risks which in the opinion of the Board can impact the performance of Company. The various Risks identified by the Company are given below:-

Cost pressures: Increasing operations expenses as well as rising employee cost can pose risk to the company. The company has internal controls to monitor costs and escalate any abnormal increase for taking corrective actions. Project level and Business Unit level costs are monitored through a regular MIS on budgets and variances for timely corrective action.

Operational efficiency: The operational risks are mainly associated with client acquisition, execution of projects, information security and continuity of customer's business operations. The Company has project level monitoring where such risks are identified and escalated to board for suitable corrective measures on time.

Compliance Risk: Increasing regulatory requirements has made Compliance part tough. The Company regularly monitors and reviews the changes in regulatory framework and has separate Legal & Secretarial to look after regulatory norms.

Foreign Exchange Risk: Your Company has many cross border transaction. Any volatility in the currency market can impact the overall profitability. The Company commands excellent business relationship with the buyers. In case of major fluctuation either upwards or downwards, the matter will be mutually discussed and compensated both ways.

Competition Risk: Your Company is always exposed to competition Risk from Asian Countries like Sri Lanka, China, Taiwan, and other Countries. The increase in competition can create pressure on margins, market share etc. By continuous efforts to enhance the brand image of the Company by focusing on R&D, quality, Cost, timely delivery and customer service. By introducing new product range commensurate with demands your company plans to mitigate the risks so involved.

F. Internal Control Systems and their Adequacy

Internal control systems are a set of policies, processes and procedures put in place to help achieve the strategic objectives of an organization. Good controls encourage operational efficiency and compliance with laws and regulations, as well as minimizing the chance of errors, theft and fraud. At the same time internal controls also enhance reliability and accuracy of accounting data.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Company has an Internal Control System commensurate with the size, scale and complexity of operations. Internal Auditors recommended by the Audit Committee are then appointed by the Board with a well-defined internal audit scope. The Internal Auditor reports to the Chairman of the Audit Committee and presents significant audit observations to the Audit Committee. Based on the report of the Internal Auditor, process owners undertake corrective action in their respective areas and thereby strengthen the controls.

The CEO/CFO certification provided elsewhere in this report also places responsibility on the CEO and CFO to continuously ensure adequacy of our internal control systems and procedures.

G. Discussion on Financial Performance With Respect To Operational Performance

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("2013 Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). Accounting policies have been consistently applied except where a newly issued accounting standard, if initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company has six subsidiary companies, out of which five wholly-owned subsidiaries. H. Material Developments in Human Resources

Your company feels that human Resource is very vital as part of its continuous man power development. For this various trainings have been organized for employees whenever necessary.

I. Cautionary Statement

Statements in the Management Discussion and Analysis and Directors Report describing the Company's strengths, strategies, projections and estimates, are forward-looking statements and progressive within the meaning of applicable laws and regulations. Actual results may vary from those expressed or implied, depending upon economic conditions, Government Policies and other incidental factors. Readers are cautioned not to place undue reliance on the forward-looking statements.

Independent Auditor's Report

To the Members of Info-Drive Software Limited

Report on the Financial Statements:

I have audited the accompanying standalone financial statements of Info-Drive Software Limited ('the Company'), which comprise the balance sheet as at 31 March 2015, the statement of profit and loss and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility:

My responsibility is to express an opinion on these standalone financial statements based on my audit. I have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there-under.

I conducted my audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the standalone financial statements.

Opinion:

1. According to the information and explanations given to me and in accordance with the provisions of the Companies Act, 2013, the Annual e-filing forms and event based forms with regards to increase in authorised share capital, sub-division of equity shares of the company, allotment of Foreign Currency Convertible Bonds (FCCBs) and allotment of equity shares consequent upon conversion of FCCBs were pending filing as on 31st March 2015.
2. Without qualifying my opinion:
 - a. I draw attention to Note e of Notes forming part of financial statements for the year ended March 31, 2015 in connection with the value of investments:

The value of investments in Info-Drive Software Inc, USA (wholly owned subsidiary) have diminished and eroded the entire capital of the company as on the date of balance sheet. No provision for such diminution in value of investments is made in the books of the company.
 - b. I draw attention to Note u of Notes forming part of financial statements for the year ended March 31, 2015 in connection with the advance received from M/s. Persian Dam Keshte Aria, Tehran, Iran.

The company had received an amount of Rs.4,00,12,568/- from the above said company towards 'Feed Corn Purchases.' As the swift message for advance amount received had a wrong mention of purpose, RBI approval was accorded in the month of June 2014 for refund of advance remittance received to the remitter in Iran and the amount is yet to be remitted.

AUDITORS' REPORT

Subject to the above, in my opinion and to the best of our information and according to the explanations given to me, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2015 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2015 ('the Order') issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, I give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, I report that:
 - a. I have sought and obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purposes of my audit.
 - b. in my opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. the balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
 - d. in my opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e. on the basis of the written representations received from the directors as on 31 March 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2015 from being appointed as a director in terms of Section 164 (2) of the Act; and
 - f. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in my opinion and to the best of my information and according to the explanations given to me:
 - i. the Company has disclosed the impact of pending litigations on its financial position in its financial statements;
 - ii. the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Notes attached to and forming part of the Balance Sheet as at 31st March, 2015 and the Statement of Profit and Loss for the year ended 31st March 2015

1. GENERAL INFORMATION:

Info-Drive Software Limited (the Company) is a juristic person incorporated under the Companies Act, 1956. The address of its Registered Office and principal place of business is Buhari Buildings, No.3, Moores Road, Chennai – 600 006. The principal activities of the Company are development of computer software, business process outsourcing (BPO), hardware and software consultancy services. The Company is a software exporter registered under Software Technology Parks of India (STPI).

2. SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of Preparation:

The financial statements are prepared under the historical cost convention under accrual method of accounting and as a going concern, in accordance with the Generally Accepted Accounting Principles (GAAP) prevalent in India and the mandatory accounting standards issued by the Institute of Chartered Accountants of India (ICAI) and according to the provisions of the Companies Act, 1956.

b. Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts. Revenues from contracts priced on time and material basis are recognised when services are rendered and related costs are incurred.

Software services: Where the outcome of a turnkey contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the Balance Sheet date, as measured by the proportion that contract costs incurred for work performed to date bear to the estimated total contract costs, except where this would not be representative of the stage of completion.

c. Fixed Assets:

Fixed assets are stated at historical cost of acquisition and improvements thereon less accumulated depreciation.

The company had paid an amount of Rs.269.82 lacs to Kashi Infotech Private Limited to acquire/take over the assets and the same has been shown under fixed assets. This is due to the fact that during the offer document for Rights Issue in July 2007 Kashi Infotech delivering healthcare business was proposed to be acquired. Kashi Infotech is stabilizing their business in health care with firm orders and the same would be firmed up in the next financial year.

d. Depreciation:

The company has revised its estimates of providing depreciation on fixed assets effective 1st April 2014. The carrying amount as on 1st April 2014 is depreciated over the revised remaining useful life. The effect relating to the period prior to 1st April 2014 is Rs.14.17 lacs, which has been shown as 'exceptional item' for the financial year 2014-15 in the statement of profit and loss. Depreciation on fixed assets have been provided on Straight Line Method at the rates and in the manner prescribed in Part C of Schedule II of the Companies Act, 2013 and on pro-rata basis of the assets acquired during the year.

Class of asset	Previous useful life (Years)	Revised useful life (Years)
Plant & Equipment:		
- Computers & servers	6	4
- Others	6	10
Furniture & Fittings	15	5
Office equipments	21	5

e. Investments:

Investments are classified as current or long term in accordance with Accounting Standard 13 on 'Accounting for Investments'.

- Long term investments are stated at cost to the company. The company provides for diminution in the value of long term investments other than those temporary in nature.

The value of investments in Info-Drive Software Inc. USA though diminished as on the date of balance sheet, management is confident of augmenting resources against firm orders to mitigate any further erosion and hence carried at cost.

- Current investments

Info-Drive Software LLC-JV advance - Rs 6,145.95 Lacs

In case of foreign investments

- the cost is the rupee value of the foreign currency on date of balance sheet.
- the face value of the foreign investments is shown at the face value reflected in the foreign currency of that country.

f. Employee benefits:

Short term employee benefits are measured at cost. Long term employee benefits and post employment benefits such as gratuity are reviewed and provided at each balance sheet date.

g. Taxation :

Income Tax: Provision for Income Tax is made as per the applicable rules under the Income-tax Act, 1961. Income tax expense represents the sum of the tax currently payable. The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or exempt in earlier years and it further excludes items that are never taxable or exempt. The liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax: Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred Tax resulting from timing difference between book profits and taxable profits are accounted for to the extent deferred tax liabilities are expected to crystallise with reasonable certainty. However in case of deferred tax assets (representing minimum alternate tax) are recognised, if and only if there is virtual certainty that there would be adequate future taxable income against which such deferred tax assets can be realised. Deferred tax is recognised on adjustments to revenue reserves to the extent the adjustments are allowable as deductions in determination of taxable income and they would reverse out in future periods.

h. Secured Loans:

(i) Secured loan Working Capital (Cash Credit facility) from Axis Bank Ltd against bills receivable and book debts was closed under one time settlement (OTS). The surplus arises on account of such settlement has been appropriately dealt in the books of accounts.

(ii) Secured Loan includes outstanding dues to Indian Overseas Bank against undertakings.

i) Inventories and WIP (Projects): Rs. 85.92 Lacs (Rs.85.15 Lacs)

j) Preliminary and Issue Expenses: Expenses incurred in connection with issue of FCCB of Rs 70.25 Lacs have been amortised over a period of 5 years. Accordingly during the year an amount of Rs.14.05 lacs was written off (Previous year – Nil)

k) Segment reporting:

The company operates only in one segment viz. Information Technology.

CONSOLIDATED FINANCIAL STATEMENT - AUDITORS' REPORT

AUDITORS' REPORT

To the Board of Directors of INFO-DRIVE SOFTWARE LIMITED

I have audited the accompanying consolidated financial statements of INFO-DRIVE SOFTWARE LIMITED, and its subsidiaries, which comprise the consolidated Balance Sheet as at 31st March 2015 and the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement of the group for the year ended on that date annexed thereto, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements:

The management is responsible for the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from all material misstatement, whether due to fraud or error.

Auditor's responsibility:

My responsibility is to express an opinion on these consolidated financial statements based on my audit. I conducted my audit in accordance with the standards on auditing issued by the Institute of Chartered Accountants of India. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place adequate internal financial controls systems over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion:

1. I did not audit the financial statements of subsidiary companies Infodrive Software LLC, Dubai, Infodrive Software Mauritius Limited, Mauritius, Infodrive Software Limited, Canada, Infodrive Software Inc, USA, Infodrive Systems Sdn Bhd, Malaysia and Infodrive Enterprises Pte Ltd (formerly known as Infodrive Software Pte Ltd) whose financial statements reflect total assets Rs.22,282.25 lakhs as at March 31, 2015, total revenues of Rs.7,259.67 lakhs and cash inflows amounting to Rs.35.18 lakhs for the year ended on that date and I have not audited the Branch at Singapore. These financial statements and other financial informations have been incorporated in the consolidated financial statements based on un-audited financial statements as certified by the management of the Company as audited financial statements of these entities as at 31st March 2015 were not available.
2. *As certified by the management the financial statements of Technoprism LLC being the subsidiary company of Info-Drive Software Inc., USA are not made available and hence not included in the consolidated financial statements. In the absence of any financial information non provision for diminution in value of investments, if any, I am unable to quantify the effect of such non provision on the value of investments and the net worth of the respective companies.*
3. *Confirmation of balances in respect of the subsidiary companies that have been incorporated in the consolidated financial statements of the Company have not been obtained and completely relied upon the information and explanations provided by the management as audited financial statements of these entities as at 31st March 2015 were not available.*
4. *According to the information and explanations given to me and in accordance with the provisions of the Companies Act, 2013, the Annual e-filing forms and event based forms with regards to increase in authorised share capital, sub-division of equity shares of the company, allotment of Foreign Currency Convertible Bonds (FCCBs) and allotment of equity shares consequent upon conversion of FCCBs were pending filing as on 31st March 2015.*
5. Without qualifying my opinion, I draw attention to Note aa of Notes forming part of the consolidated financial statements for the year ended 31st March 2015 in connection with carrying value of net assets as regards investment in Info-Drive Software Inc, USA. Though the entity have been incurring losses since the commencement of commercial operations based on management's internal assessment, the management is of the view that the carrying value of the net assets as regards to investments in Info-Drive Software Inc. are appropriate.

CONSOLIDATED FINANCIAL STATEMENT - AUDITORS' REPORT

6. I draw attention to Note ab of Notes forming part of financial statements for the year ended March 31, 2015 in connection with the advance received from M/s. Persian Dam Keshte Aria, Tehran, Iran.
7. The company had received an amount of Rs.4,00,12,568/- from the above said company towards 'Feed Corn Purchases.' As the swift message for advance amount received had a wrong mention of purpose, RBI approval was accorded in the month of June 2014 for refund of advance remittance received to the remitter in Iran and the amount is yet to be remitted.
8. Based on my audit and on consideration of reports of the management on separate financial statements and on the financial information of other companies in the Group, and to the best of my information and according to the explanations given to me, I am of the opinion that the attached consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - i) in the case of the Consolidated Balance Sheet, of the state of affairs of the company as at March 31, 2015;
 - ii) in the case of the Consolidated Statement of Profit and Loss, of the profit for the year ended on that date; and
 - iii) in the case of Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL INFORMATION

Info-Drive Software Limited (the Company) is a juristic person under the Companies Act, 1956. The address of its Registered Office and principal place of business is Buhari Buildings, No.3, Moores Road, Chennai 600 006. The principal activities of the Company and its subsidiaries (the Group) are computer software, business process outsourcing (BPO), hardware and software consultancy services.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared under the historical cost convention in accordance with the Generally Accepted Accounting Principles (GAAP) in India and the provisions of the Companies Act, 2013 and on the going-concern basis.

The financial statements are prepared in accordance with the principles and procedures required for the preparation and presentation of Consolidated Financial Statements as laid down under the Accounting Standard on Consolidated Financial Statements issued by the ICAI.

a) Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries) except Malaysia and USA. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired during the year are included in the consolidated financial statements.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the holding company.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Minority interests in the net assets on consolidation are disclosed separately in the Balance Sheet.

b) Business combinations

The acquisition of subsidiaries have been based on the cost that are measured at the aggregate of the fair values on the date of exchange of assets given, liabilities incurred or assumed, plus any costs directly attributable to the business combination. The acquirer's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition are recognised at their fair values at the acquisition date.

Goodwill arising on acquisition is recognised as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised.

c) Goodwill/Capital Reserve

Goodwill/Capital Reserve arising on the acquisition of subsidiaries represents the excess or deficit of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiaries and is recognised at the date of acquisition. Goodwill/Capital Reserve is initially recognised as an asset/liability at cost and is subsequently measured at cost less any accumulated impairment losses or otherwise. The exchange translations and fluctuations arising on consolidation are adjusted against Goodwill/Capital Reserve.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating divisions expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

d) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts.

Revenues from contracts priced on time and material basis are recognised when services are rendered and related costs are incurred.

e) Software services

Where the outcome of a turnkey contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the balance sheet date, as measured by the proportion that contract costs incurred for work performed to date bear to the estimated total contract costs, except where this would not be representative of the stage of completion.

f) Foreign currencies

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (its functional currency). For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in Currency Units, which is the functional currency of the Company, and the presentation currency for the consolidated financial statements.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are recorded at the rates of exchange prevailing on the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising if any on the retranslation of non-monetary items when carried at fair value would be included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Currency Units using exchange rates prevailing on the balance sheet date. Income and expense items (including comparatives) are translated at the closing exchange rates for the year.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

g) **Retirement benefits**

Short term employee benefits are measured at cost.

Payments made to state-managed retirement benefit schemes are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

h) **Taxation**

Income Tax

Income tax expense represents the sum of the tax currently payable. The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred Tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in computation of taxable profit, and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

i) **Property, plant and equipment**

Plant and Machinery, Fixtures and equipment are stated at carrying amounts less accumulated depreciation and any accumulated impairment losses.

Depreciation is charged so as to write off the cost or valuation of assets over their estimated useful lives, using the straight-line method.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

j) **Patents and trademarks**

There are no patents and trademarks owned by the company.

k) **Impairment of tangible and intangible assets excluding goodwill**

At each balance sheet date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a re-valued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a re-valued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

l) Inventories and WIP (Projects): Rs. 85.92 Lacs (Previous year Rs 85.15 Lacs)

m) Financial instruments

Financial assets and financial liabilities are recognised on the Group's balance sheet when the Group becomes a party to the contractual provisions of the instrument.

n) Trade receivables

Trade receivables are measured at initial recognition cost. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence that the asset is impaired. No interest is charged on trade receivables till the date of recovery. The directors consider that the carrying amount of trade and other receivables approximates their fair value.

o) Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

p) Financial liabilities and equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

q) Trade payables

Trade payables are initially measured at fair value.

r) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

s) Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event, and it is probable that the Group will be required to settle that obligation. Provisions are measured at the directors' best estimate of the expenditure required to settle the obligation at the balance sheet date.

t) Share-based payments

The Group has not issued any equity-settled and cash-settled share-based payments to any employee.

u) Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. The carrying amount of goodwill at the balance sheet date was Rs.21.28 crores (Rs.23.50 Crores). No impairment has been recognised in view of estimated future cash flows from the activities to which the goodwill has been allocated.

v) Reconciliation of balances between subsidiaries

Reconciliation of balances between subsidiaries is under final stages of completion.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

w) Debtors, Loans & Advances

Confirmation of balances from Debtors, Creditors and for Loans and Advances are yet to be received in some cases though the company has sent letter of confirmation to them. The balances adopted are as appearing in the books of accounts of the company.

x) Bank balances and cash

Bank balances and cash comprise cash held by the Group and bank deposits. The carrying amount of these assets approximates their fair value.

y) Credit risk

The Group's principal financial assets are bank balances and cash, trade and other receivables.

The Group's credit risk is primarily attributable to its trade receivables. An allowance for impairment is made where there is an identified loss or event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

The Group has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers.

z) Minority Interest

Minority interest is that part of the net profit attributable to third party ownership interests in the company's subsidiaries. The step subsidiaries' minority interest has been reclassified / adjusted against other subsidiaries' minority interest wherever necessary.

aa) Investments

The value of investments in Info-Drive Software Inc. USA though diminished as on the date of balance sheet, management is confident of augmenting resources against firm orders to mitigate any further erosion and hence carried at cost.

As regards the investments in Technoprism LLC by the subsidiary company Infodrive Software Inc, the subsidiary company has initiated legal course for recovery of the investments. The company is confident of winning the case and therefore, no provision has been made to the extent of investment of Rs.855.49 lacs (USD 1.58 million).

ab) Advance received for services:

The company had received an advance of Rs.4,00,12,568/- to provide services to a company called M/s. Persian Dam Keshte Aria located in Tehran, Iran. However, while remitting the advance by the remitter the swift message for the advance was wrongly mentioned as 'Feed Corn Purchase'. RBI approval was accorded in the month of June 2014 for refund of advance remittance received from the above said company in Iran and the company is taking steps to remit the amount as early as possible.
