Further, the Article related to payment of sitting fees to Directors needs to be suitably amended in consonance with the latest provisions of the Companies Act, 1956.

**SIGNIFICANT ACCOUNTING POLICIES AND NOTES FORMING PART  
OF ACCOUNTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2011**

**A. Significant Accounting Policies**

**i. Method of Accounting**

- a. The Financial statements have been prepared under the historical cost convention in accordance with the generally accepted accounting principles and provisions of the Companies Act, 1956.
- b. The company generally follows mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis.

The Company complies in all material respects, with the prudential norms relating to income recognition, asset classification and provisioning for bad and doubtful debts and other matters, specified in the directions issued by the Reserve Bank of India in terms of Non-Banking Financial Companies Prudential Norms (Reserve Bank) Directions, 2007, as applicable to it.

- ii. **Fixed Assets:** Fixed Assets are stated at cost, less accumulated depreciation and impairment loss if any. All costs which are incidental to the acquisition/installation of the fixed assets are capitalized.
- iii. **Intangible Assets:** Intangible assets are stated at cost of acquisition less accumulated amortization.
- iv. **Depreciation:** Depreciation on fixed assets is provided on straight line method at the rates and in the manner as specified in Schedule XIV of the Companies Act, 1956.
- v. **Impairment of Assets:**

The company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than the carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the profit and loss account. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

**vi. Income Recognition**

1. Interest is recognized when no significant uncertainty as to its realization exists.
2. Income from services is recognized as they are rendered based on agreements/arrangements with concerned parties.

3. Dividend Income on Investments is accounted for when the right to receive the income is established.

vii. **Employee Benefits:**

- a. **Defined Contribution Plans:** The company has defined contribution plans for employees, comprising of Government administered Employees Provident Fund. All Employee benefits which are wholly due within twelve months of rendering the services are recognised in the period in which the employee rendered the related services.

- viii. **Investments:** Investments are held for Long Term and are stated at cost. However diminution in the value of investments is provided to recognize a decline other than temporary in nature in the opinion of the management.

- ix. **Taxation:** Provision for current tax is made on the basis of tax payable in respect of taxable income for the period in accordance with the provisions of the Income Tax Act, 1961. The deferred tax is calculated for timing difference between the book profit and tax profit for the year which is accounted for using the tax rates and tax laws that have been enacted or substantively enacted as at the Balance Sheet date. Deferred Tax Asset arising from the timing difference is recognized to the extent that there is virtual certainty that the asset will be realized in future.

- x. **Provisions, Contingent Liabilities and Contingent Assets:** The company creates a provision when there is a present obligation as a result of past events and it is probable that there will be outflow of resources and a reliable estimate of the obligation can be made of the amount of the obligation.

Contingent liabilities are not recognised but are disclosed in the notes to the financial statements. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are neither recognised nor disclosed in the financial statements.
