**"ANNEXURE B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE
FINANCIAL STATEMENTS OF OVOBEL FOODS LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **Ovobel Foods Limited** as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures

selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

4. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

5. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

6. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

OVOBEL FOODS LIMITED**Notes to Financial Statements for the year ended March 31, 2017****Note 1****Summary of Significant Accounting Policies****1 Basis of preparation of financial statements**

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The Company is a Non- Small and Medium size Company ("Non-SMC") as defined in the General Instructions of the Rules in respect of Accounting Standards notified. Accordingly, the Company has complied with the accounting standards as applicable to a Non-Small and Medium size Company. All amounts are stated in Indian Rupees, except as otherwise specified.

2 Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

3 Change in accounting estimate for accounting of FPS (MEIS) Licence

During the previous year, the Company has changed the method of recognising Focus Product Scheme (FPS) from receipt basis to accrual basis as the Management is of the opinion that the Company is receiving most of the entitlement applied with Director General of Foreign Trade (DGFT) authorities. Accordingly, the Company is carrying forward FPS receivable (2016-17) balance of Rs. 115 lakhs (2015 : 365 lakhs) and contending that the amount will be recoverable and there is no doubtful receivable amount as at year-end.

4 Tangible and Intangible Fixed Assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. The Company capitalises all costs relating to the acquisition and installation of fixed assets.

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company measures its 'value in use' on the basis of undiscounted cash flows of next five years projections estimated based on current prices.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Assets under installation or under construction and the related advances as at the Balance Sheet date are shown as Capital Work in Progress.

5 Inventories

Inventories comprising of raw materials, finished goods and goods in transit are valued at cost or net realisable value whichever is less. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

6 Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are valued at the lower of cost and fair value. Changes in the carrying amount of current investments are recognized in the Statement of Profit and Loss. Long-term investments are valued at cost, less any provision for diminution, other than temporary, in the value of such investments; decline, if any, is charged to the Statement of Profit and Loss. Cost comprises cost of acquisition and related expenses such as brokerage and stamp duties.

7 Revenue Recognition

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The Estimates towards warranty claims made against the company is on a technical basis.

9 Foreign Currency Transactions

Sales made to Overseas Clients and collections deposited in bank accounts are recorded at the exchange rates prevailing on the date of the respective transactions. The exchange difference arising on Foreign Currency transactions are recognized as income/ expense during the period in which they arise.

Monetary Current Assets and Monetary Current Liabilities denominated in foreign currency are translated at the exchange rate prevailing at the date of the Balance Sheet. The resulting difference is also recorded in the Statement of Profit and Loss.

10 Cash Flow

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

11 Sales Commission

Sales Commission payable is provided as and when the revenue from such sales is accounted.

12 Earnings Per Share

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

13 Retirement Benefits

Retirement benefit costs for the year are determined on the following basis:

There is no obligation other than the contributions payable to the respective fund.

2. All employees are covered under Employees' Gratuity Scheme which is a defined benefit plan. The Company has made contribution to LIC of India. Gratuity cost is recognised on the basis of the year-end liability actuarially determined as per the actuarial valuation report in accordance with AS-15 (Revised). All

actuarial gains/losses arising during the accounting year are recognised immediately in the Statement of Profit and Loss as income or expense.

3. Accrual for leave encashment benefit is made on the basis of a year-end actuarial valuation in pursuance of the Company's leave encashment policy. The liability as at the Balance sheet date is provided for based on the actuarial valuation in accordance with the requirements of Revised AS 15 at the end of the year.

14 Segment reporting

Identification of segments

The company's operating businesses are organized and managed according to the geographical locations of the customers.

15 Accounting for Tax on Income

Current tax is determined based on the amount of tax payable in respect of taxable income for the year. Deferred tax is recognized on timing differences: being the difference between the taxable incomes and accounting income that originate in one year and are capable of reversal in one or more subsequent years. Deferred tax assets and liabilities have been enacted or substantively enacted by the Balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

16 Contingent Liabilities & Provisions

In terms of the requirements of the Accounting Standard 29 (AS 29) on "Provisions, Contingent Liabilities and Contingent Assets" notified by Companies (Accounting Standards) Rules, 2006:

- where, as a result of past events, there is a present obligation that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation- an appropriate provision is created and disclosed;
- where, as a result of past events, there is a possible obligation that may, but probably will not require an outflow of resources- no provision is recognized but appropriate disclosure made as contingent liabilities unless the possibility of outflow is remote.
