“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF OVOBEL FOODS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Ovobel Foods Limited** as of March 31, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory paragraph

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act, the standalone IND AS financial statements of the Company, which comprise the Balance Sheet as at March 31, 2018, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report even dated expressed an “unqualified opinion thereon”

1 First time adopter and summary accounting policies followed by the company

1A Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

For all periods up to and including the year ended 31 March 2017, the Company prepared its financial statements in accordance Accounting Standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other provisions of the Act.

These financial statements for the year ended 31 March 2018 are the first financial statements the Company under Ind AS. Refer note 1B for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements are presented in Indian Rupees in Lakhs, except when otherwise indicated.

1B First-time adoption of Ind AS

Transition to Ind AS

These are the Company's first standalone financial statements prepared in accordance with Ind AS

The accounting policies set out in note 1C have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS Balance Sheet at 1 April 2016 (the Company's date of transition). In preparing its opening Ind AS Balance Sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the Accounting Standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions & Exceptions availed

A.1 Ind AS mandatory exceptions

Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

B. Notes on first-time adoption

I. Fair value of Investments

Under the previous GAAP, investments in shares & securities were classified as long-term investments or current investments based on the intended holding period and realisability. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value.

Under Ind AS, these investments are required to be measured at fair value. The resulting fair value changes of these investments have been recognised in retained earnings (net of related taxes) as at the date of transition and subsequently in the Statement of Profit and Loss for the year ended 31 March 2017.

II. Excise Duty

Under the previous GAAP, revenue from sale of products was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty. The excise duty paid is presented on the face of the Statement of Profit and Loss as part of expenses. There is no impact on the total equity and profit.

III. Discounts, Price reductions & Incentives directly relatable to revenue

Under previous GAAP, the discounts, price reductions and incentives (**Commissions**) on sales were shown as other expenses. Under Ind AS, these are required to be netted off against revenue. There is no impact on the total equity and profit.

IV. Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the Statement of Profit and Loss for the year. There is no impact on the total equity.

V. Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in the Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the Statement of Profit and Loss as 'other comprehensive income' includes remeasurements of defined benefit plans, effective portion of gains and losses on cash flow hedging instruments etc. The concept of other comprehensive income did not exist under previous GAAP

1C Significant accounting policies

i Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

ii Change in accounting estimate for accounting of FPS (MEIS) Licence

During the previous year, the Company has changed the method of recognising Focus Product Scheme (FPS) from receipt basis to accrual basis as the Management is of the opinion that the Company is receiving most of the entitlement applied with Director General of Foreign Trade (DGFT) authorities. Accordingly, the Company is carrying forward FPS receivable (2017-18) balance of Rs. 140 lakhs (2016-17 : 115 lakhs) and contending that the amount will be recoverable and there is no doubtful receivable amount as at year-end.

iii Property, plant and equipment and depreciation/amortisation**A. Property, plant and equipment**

Property, plant and equipment except land are carried at historical cost of acquisition, less accumulated depreciation and amortisation.

Cost represents all expenses directly attributable to bringing the asset to its working condition capable of operating in the manner intended.

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company measures its 'value in use' on the basis of undiscounted cash flows of next five years projections estimated based on current prices.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Assets under installation or under construction and the related advances as at the Balance Sheet date are shown as Capital Work in Progress.

B. Transition to IND AS

On Transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April 2016 measured as per previous GAAP which in case of the Company, corresponds with carrying costs measured in accordance with Ind AS 16 Property, plant and equipment.

C. Depreciation and amortisation methods, estimated useful lives and residual value**a) On tangible Assets**

- I a) Depreciation is provided on a pro rata basis on the straight line method to allocate the cost, net of residual value over the estimated useful lives of the assets.
- b) Where a significant component (in terms of cost) of an asset has an estimated economic useful life shorter than that of its corresponding asset, the component is depreciated over its shorter life.
- c) Useful life of assets are determined by the Management by internal technical assessments except in case where such assessment suggests a life significantly different from those prescribed by Schedule II- Part 'C', the useful life is as assessed and certified by a technical expert.

II Assets which are depreciated over useful life/residual value indicated by Schedule II are as follows:

Asset Class	Life As per Schedule II
Factory Buildings	30 years
Office Equipments	5 years
Furniture & Fixtures	10 years
Plant & Machinery - Continuous process plant	8 years
Plant & Machinery - Electrical Installations & General Laboratory equipments	10 years
Plant & Machinery - Others (Material handling pipelines & welding equipments)	12 years
Plant & Machinery - Other Equipments	15 years
Plant & Machinery - Vessels / Storage tanks and drying equipments / centrifuges	20 years
Plant & Machinery - Transmission lines, cables & other network assets	40 years
Computers & data processing units	3 years
Motor Vehicles	8 years

III Depreciation on additions is being provided on pro rata basis from the month of such additions.

IV Depreciation on assets sold, discarded or demolished during the year is being provided up to the month in which such assets are sold, discarded or demolished.

b) Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units)

iv Inventories

Cost of inventories have been computed to include all costs of purchases (including materials), cost of conversion and other costs incurred, as the case may be, in bringing the inventories to their present location and condition.

Inventories comprising of Raw materials, Finished goods and Goods in transit are valued at cost or net realisable value whichever is less. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

v Investments & financial assets**i) Classification**

The Company classifies its financial assets in the following measurement categories :-

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost.

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value in the case of 'financial asset not at fair value through profit or loss', transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at 'fair value through profit or loss' are expensed in profit or loss.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

iii) Derecognition of financial assets

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

iv Income recognition**Interest Income**

Interest income from Financial assets (Rent deposits) is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial asset but does not consider the expected credit losses.

Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

vi Foreign currency transactions

- i) Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.
- ii) On initial recognition, all foreign currency transactions are recorded at foreign exchange rate on the date of transaction as notified by CBEC from time to time
- iii) Monetary items of current assets and liabilities in foreign currency outstanding at the close of financial year are revalued at the appropriate exchange rates prevailing at the close of the year.
- iv) The gain or loss on decrease/increase in reporting currency due to fluctuations in foreign exchange rates, in case of monetary current assets and liabilities in foreign currency, are recognised in the Statement of Profit and Loss in the manner detailed in note 20 to financial statements.

vii Cash & Cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

viii Revenue Recognition**A. Sale of Products:**

Revenue from Sale of products is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

1. Export Sales

2. Domestic Sales

Domestic sales are recognized at the point of dispatch of goods from the factory/warehouse of the company. Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer usually on delivery of the goods.

B. Sale of Export license:

Revenue from sales of export license is recognized on accrual basis

C. Interest Income:

E. Duty Draw Back Income:

ix Write back policy for provisions / liabilities

Accrued Interest on loans recorded in the books are retained until the Company receives the "No due certificate" / Account closure letter from the financial institutions / authorities and after receiving the "No due certificate", the liability shall be written back and recorded as income.

x Foreign Currency Transactions

Sales made to Overseas Clients and collections deposited in bank accounts are recorded at the exchange rates prevailing on the date of the respective transactions. Expenditure in foreign currency is accounted at the exchange rate prevailing on the date on which such expenditure is incurred. Exchange differences are recorded when the amount actually received on sales or actually paid when expenditure incurred is converted into Indian Rupees. The exchange difference arising on Foreign Currency transactions are recognized as income/ expense during the period in which they arise.

Monetary Current Assets and Monetary Current Liabilities denominated in foreign currency are translated at the exchange rate prevailing at the date of the Balance Sheet. The resulting difference is also recorded in the Statement of Profit and Loss.

xi Cash Flow Statements

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

xii Sales Commission

Sales Commission payable is provided as and when the revenue from such sales is accounted.

xiii Earnings Per Share

Basic earnings per share amounts are computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

xiv Retirement Benefits

Retirement benefit costs for the year are determined on the following basis:

1. All employees are covered under contributory provident fund benefit of a contribution of 12% of salary and certain allowances. It is a defined contribution scheme and the contributions are charged to Statement of Profit and Loss for the year when the contributions to such fund is due. There is no obligation other than the contributions payable to the respective fund.
2. All employees are covered under Employees' Gratuity Scheme which is a defined benefit plan. The Company has made contribution to LIC of India. Gratuity cost is recognised on the basis of the year-end liability actuarially determined as per the actuarial valuation report in accordance with AS-15 (Revised). All actuarial gains/losses arising during the accounting year are recognised immediately in the Statement of Profit and Loss as income or expense.
3. Accrual for leave encashment benefit is made on the basis of a year-end actuarial valuation in pursuance of the Company's leave encashment policy. The liability as at the Balance sheet date is provided for based on the actuarial valuation in accordance with the requirements of Revised AS 15 at the end of the year.

xv Segment reporting**Identification of segments**

The company's operating businesses are organized and managed according to the geographical locations of the customers.

xvi Taxation

Current tax is determined based on the amount of tax payable in respect of taxable income for the year.

Deferred tax is recognized on timing differences: being the difference between the taxable incomes and accounting income that originate in one year and are capable of reversal in one or more subsequent years. Deferred tax assets and liabilities have been enacted or substantively enacted by the Balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

xvii Contingent Liabilities & Provisions

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation such as product warranty costs. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

During the year 2014-15 the company had based on BIFR directions arrived at a scheme of settlement of the dues of both KSIIDC as well as MFPI, totally amounting to Rs. 824 lakhs in terms of approval given by each of them and pending its approval/sanction by BIFR. The company has also remitted the dues as claimed by both of them, though a part of the claims are protested, a final decision is awaited and which was linked to the consent of BIFR. However, with the replacement of SICA with effect from 1st December 2016 the said consent /sanction from BIFR for the above settlements are no longer required/ possible and accordingly the company has once again approached KSIIDC/MFPI for :

- Issue of no due/accounts closure letters
- Arrangement for satisfaction for charge as well as for modification of charge providing for exclusive first charge in the favour of Vijaya bank
- Arrangement for transfer of the equity in favour of the company.

c. Once KSIIDC/ MFPI approve the said request and issues necessary consent and the matter reaches finality, necessary entries will be passed in the books of accounts giving effect to the sacrifice/ concessions extended by each of them

d. As far as MFPI are concerned, though they had during January 2014, computed their recoverable dues at Rest. Rs. 122 lakhs in line with the DRS prepared by operating agency, no effect of the same has been given in the books of accounts as on 31st March 2017 for want of approval by Honourable BIFR.

e. During the year 2014-15 the Company has, based on BIFR directions, arrived at a scheme of settlement of the dues of both KSIIDC as well as MFPI, totally amounting to Rs. 824 lakhs in terms of approval given by each of them pending its approval/sanction by BIFR. The Company has also remitted the dues as claimed by both of them, though a part of the claims are protested, a final decision is dependent upon the rehabilitation scheme to be sanctioned by BIFR under the provisions of the Sick Industrial Companies (Special Provisions) Act, 1985.

f. The Company had remitted the dues as claimed by KSIIDC and MFPI under the OTS Scheme in the earlier years. The Company had not recorded the final entries in the books of accounts giving the effect of concessions provided by KSIIDC and MFPI till previous year.

However, during the year the KSIIDC has given the No Due certificate with respect to the loan outstanding and interest accrued. Hence the Company has written back the interest accrued portion of KSIIDC. The MFPI portion of financial assistance is still disclosed without giving any effect to the settlement since the No due certificate was not received. Refer also Note No. 17 with respect to Interest accrued but not due on MFPI borrowings. Also Refer Schedule No. 4 for the advance against OTS Offers paid but not adjusted for non-receipt of No due certificate.
