ITEM NO. 7.

The company is a registered non-banking finance company under Reserve Bank of India regulations and is engaged in the loan finance business. Lending funds is core business of the Company. The Company has excess fund lying unutilized. On the other hand, the Company repeatedly receives request for loan finance from concerns / persons in which directors / promoters of the Company are interested.

The CEEJAY Group has diversified business interest and to meet their funds requirements, the Board of Directors considers it as a prudent decision to finance them which will provide to the Company, secured as well as reasonable return on such unutilized surplus funds.

With the above background, it seems fit to lend the funds at not lower than the applicable rate of interest as may be prescribed under the Companies Act, 2013 and other applicable provisions, if any, to promoters/directors/firms/companies or related parties in which directors of the company are interested.

Mr. Deepak Patel, Mr. Kiran Patel and Mr. Shailesh Patel are interested in the resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS OUTLOOK AND OPPORTUNITY

The Indian economy retained its tag of the fastest growing major economy in the world in 2018-19. However, overall growth for 2018-19 slumped to a five-year low of 6.8% compared with 7% projected in the second advance estimates released in February. A few factors that have helped India in maintaining its status quo as the fastest growing nation such as Policy reforms, Improvement in infrastructure, Development campaigns etc.

The Indian economy is expected to grow at 7.4% in 2019-20 on account of steady improvement in major sectors as government and private consumption remains robust and investment is steadily picking up. One of the main factors - domestic consumption, which drives 60% of the GDP growth is expected to grow up to USD 6 trillion by 2030, supported by a 1.4 billion population. The World Bank (April, 2019) expects India's GDP to accelerate moderately to 7.5% in FY 2019-20 due to sustained strengthening of investments, particularly by the private sector, an improvement in export performance and resilient consumption.

NBFC sector is expected to remain at the forefront and drive new credit disbursements for India's underserved retail and rural space. In the last five years the lending book of NBFCs has grown nearly by 18% due to a deep understanding of target consumer segments, technological advancements, lean cost structures and differential business model to reach credit-starved customer segments. But with that the year 2018 was a year of crisis for some of the NBFC's. This resulted in huge defaults on the part of such companies and intensified fears that the funding cost for NBFCs will zoom and result in a sharp deterioration of their margins. However, the government took several quick measures not letting this crisis turn into a contagion and spilling over to other sectors. Though the outlook for NBFCs for 2019 seems weak, a gradual improvement in the liquidity situation indicates that there could be a stabilisation in the coming years. Since your company has no outside borrowings from debentures or fixed deposit, we do not anticipate any problems on this front. On the contrary, slowdown of finance business by large NBFC may open new pocket of finance for the company.

The domestic two-wheeler sales stood at 14,40,663 units in FY 2018-19, as against 17,42,307 units sold in 2017-18. The drop in volumes is alarming considering that the two-wheeler sector has grown consistently in the previous years. Two-wheeler sales in the domestic market hit a road block in the 2018-19 financial year as sales saw a 17.31 per cent decline in volumes. Factors including a weak customer sentiment, increase in prices and overall increase in insurance for vehicles contributed to slow buying period, especially in the second half of the financial year. Another alarming decline in volumes was recorded for scooters that have been outperforming motorcycles in recent times in growth. Domestic sales for scooters during FY 2018-19 stood at 387,552 units, dropping by 25.19 per cent over 518,015 units sold in 2017-18. Motorcycle sales, on the other hand, continued to bring in the larger chunk of volumes even as sales dropped by 14.27 per cent. Sales dropped to 982,385 units in 2018-19, as against 11,45,879 units sold during the previous fiscal. Moped sales dropped by 9.80 per cent 70,726 units from 78,413 units in 2017-18.

The company's significant share of revenue comes from two wheeler finance in rural area. The thrust on rural and infrastructure sectors by the government could rejuvenate rural demand and also crowd in private investment. We continue to focus on Two wheeler and Second-hand Four Wheeler Vehicle financing and we adopt such business models which generates required return on assets and the quality portfolio. While the company is keen to increase this portfolio, the endeavor will be to balance between yields, asset quality and growth. Out of 55.54 Cr. of finance during the year 46.88 crores stands towards two wheeler and in second hand four wheeler segments, while Rs.2.68 Cr. Towards Micro Finance, Rs. 5.83 for mortgage loan and remaining is towards other loan business secured/unsecured by assets.

As interest rates continue to be low and trend downwards on account of lower inflation and liquidity returns to the system, growth in the automobile sector is expected to bounce back, especially as customers pre-pone their purchases to avoid paying the anticipated higher prices that may result from BS-VI emission standards implementation from April 2020 onwards. However the main cause of worry for the company is own product financing at lower rate by manufactures company through their NBFC business.

Our mission is to be sound NBFC among regional players in terms of product offerings, technology, service levels, risk management and audit and compliance etc. The objective is to continue building sound customer / franchises across distinct businesses so as to be a preferred provider of NBFC services for its target retail and customer segments, and to achieve a healthy growth in profitability, consistent with the Company's risk appetite. The Company's range of retail financial products and excellent services and branches net work is fairly exhaustive to meet up the coming challenges. The objective is continue to build sound customer/dealer friendly atmosphere to achieve healthy growth in profitability, consistent with Company's risk appetite. The Company also emphasizes to develop innovative products and services that attract its Customers, Increase its market share as NBFC and financial services industry by following a disciplined growth strategy focusing on balancing quality and volume growth while delivering high quality customer service, maintain reasonably good standards for asset quality through disciplined credit risk management; and continue to develop products and services that reduce its cost of funds; and Focus on healthy earnings growth with low volatility. Our Company growth is more important especially looking to the concentration in rural area for the business. The Company grew its retail assets portfolio in a well-balanced manner focusing on both returns as well as risk. Company intends to follow conservative view in the coming years. Company also expects continuous threats to small/medium Company like us, from global/giant players in the retail finance market especially with large size/volume, lower rate of interest and ability to sustain in the market is inevitable for the Company to sustain in the market. Overall, in spite of various pros and cons your Company has demonstrated outstanding achievement in terms of earned valued and well-built market presence. Your Company is cash rich, has better liquidity, improved working capital and it has shown its readiness to accept market challenges. All of these are signs of strong fundamentals which the Company has been able to establish with the help of better and professional management support. The main growth drivers for the company is Unique value proposition, Regional outreach, Deep understanding of the customer segment, Customised product offerings, Availability of capital, Leveraging technology, Co-lending arrangements and Risk management.

RISK MANAGEMENT / SWOT ANALYSIS

The RBI has been tightening regulations to manage the risk in the sector and has been proposing higher capital and provisioning requirements. It has also been stressing on higher disclosures to safeguard public money and prevent systemic shocks. In addition, the RBI has taken rapid preventive actions in addressing specific issues to manage systemic risk. It is expected that RBI will continue to monitor the activity and performance of the

NBFC sector with a focus on major entities and their inter-linkages with other sectors to maintain financial stability in the short, medium and long-term.

Your Company has comprehensive Risk Management System towards identification and evaluation of all potential business risks. Management has developed Risk Management Plan and reviews its implementation regularly. The Company is exposed to external and internal risk associated with its business. To counter these risks, the Company continues to broaden its product portfolio, increase customer profile and geographic reach. Taking on various types of risk is integral to the NBFC business. Sound risk management and balancing risk reward trade-offs are critical to a Company's success. Business and revenue growth have therefore to be weighed in the context of the risks implicit in the Company's business strategy. Of the various types of risks your Company is exposed to, the most important are credit risk, credit concentration risk, market risk, business risk, strategic risk, interest rate risk, model risk, technology risk including liquidity risk price risk and operational risk. The identification, measurement, monitoring and management of risks accordingly remain a key focus area for the Company. For credit risk, appropriate distinct policies and processes are in place for the retail businesses. Overall portfolio diversification and reviews also facilitate mitigation and management. Especially a small capital based Company faces multiple problems due to poor recovery systems. The specific NPA provisions that the Company has made continue to be more conservative than the regulatory requirements. This will help the Company to maintain high standards for assets quality through disciplined credit risk management. The Company has strength as being the pioneer in the two wheeler vehicles financing sector in Gujarat/Maharashtra, Oldest NBFC since last 25 years, sound financial position since inception, a well-defined and scalable organisation structure, strong financial track record with low Non Performing Assets (NPAs), Experienced and stable management team, strong relationships with public, private as well as banks, fast Procedure. However your Company is facing the threat of, small organisation structure, availability of cheaper fund, competition with large NBFC's/Banks, direct manufacturer involvement in finance business and rain fall affecting rural area. Regulatory restrictions - continuously evolving Government regulations and uncertain economic and political environment may impact operations.

NBFCs accounted for over 17% of the total credit in India and registered growth of 20% in 2018 according to the data available till September, 2018. Further, their Capital Adequacy (capital as a % of total advances) is quite comfortable at around 23%, (Our Company 62.42%) compared to around 14% of banks, reflecting their resilience. The retail credit stood at Rs 8.3 trillion as at September, 2018, registering a 25% growth year-on-year in H1FY19. However, the prevailing liquidity scenario is likely to slow down the growth to 16-18% during 2019.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on these financial statements based on our audit. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably

be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2019, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Annexure B to the Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Ceejay Finance Limited of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2019, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the

financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
