“Our Vision”

Many ask us what business are we in. Most think we are in the business of real estate. The business of 'building'. They are right and wrong too. They are right because we do build some of the most sought after residences and commercial, but that's not all what we do.

We think we are in a business to bring smiles. Smiles on the face of thousands of families that find peace and solace in the way we build homes for them, not houses. Smiles from every single corporate for whom we build intelligent office spaces so that they can concentrate on just one thing, business.

Smiles on the face of our employees who work with us, not for us. Smiles for all the contractors, architects, interior designers and masons who sweat with us, always. Smiles on the face of the thousands of shareholders who have entrusted us to grow their wealth.

We do not measure our success through the number of stakeholders we satisfy or delight. We measure success through the happiness index. The smiles that we build through opportunity, trust, strength and growth.

Management Discussion & Analysis

Management Discussion and Analysis is an explanation, through the eyes of management, of how an entity has performed in the past, its financial condition, and its future prospects. We have pleasure in submitting hereunder the Management Discussion & Analysis Report on business of the Company. We have attempted to include discussions on the matters to the extent relevant.

ECONOMY SCENARIO

FY2013 was a challenging year for the economies across the world. The Indian economy had its own sets of challenges during the year. At present, the economic space is constrained because of a high fiscal deficit; reliance on foreign inflows to finance the current account deficit; lower savings and lower investment; a tight monetary policy to control inflation; and strong external headwinds. This led to a slowdown in the overall growth of the economy. In the year 2013, the Central Statistical Organisation (CSO) has estimated growth at 5 percent while the Reserve Bank of India (RBI) has estimated growth at 5.5 percent.

Real Estate sector is not only the biggest contributor to Gross Domestic Product (GDP) of the country but is also one of the largest sectors in terms of Foreign Direct Investment (FDI) inflows in the country. The two main reasons responsible for boom in the real estate industry in India include liberalization of Government policies, which has decreased the need for permissions and licenses before taking up mega construction projects and the expanding industrial sector. Urbanization and increasing household income are some of the major factors that influence demand for residential /commercial property which results in India's economic growth.

However, India is expected to gain back its growth momentum in the medium term owing to higher savings and easing inflationary pressures which would lead to capital formation and fresh investments.

INDUSTRY STRUCTURE AND DEVELOPMENT

The Indian economy has witnessed robust growth in the last few years and is expected to be one of the fastest growing economies in the coming years. Infrastructure and real estate form the backbone of the country's progress and are critical drivers of its economic development. The Real Estate Industry is perhaps one that impacts the lives of people aspiring to live the life they have cherished in their own dream house. This industry not only shaped the life and lifestyle of people, but also opened the doors to wealth and prosperity for countries people.

With such importance, it is no surprise that real estate industry grosses one of the largest share of spends for a person. It is probably the most expensive thing a person ever buys. So, for an industry of this stature, it is the second largest employer after agriculture. This sector has been contributing about 5-6% to India's GDP. Not only does it generate a high level of direct employment, but it also stimulates the demand in over 250 ancillary industries such as cement, steel, paint, brick, building materials, consumer durables and so on.

Demand for residential/commercial property is being driven by India's economic growth. One of the core sub-sectors of residential, commercial, retail and housing, the first category offers maximum promise, while the balance three sectors are also growing well and have a bright future. Residential segments are nowadays hero of the moment due to continuous demand.

FINANCIAL PERFORMANCE OVERVIEW

OPPORTUNITIES & STRENGTHS

Real Estate plays an important role in the economy. The real estate sector witnessed significant growth

over the last 10-15 years. The increased business and consequent employment opportunities led to heavy migration to metros which in turn increased the demand for all real estate segments. Real Estate is the second largest employer in the economy. It comprises of four sub-sectors - housing, retail, hospitality, and commercial. While housing contributes to five-six percent of the country's GDP, the remaining three sub-sectors are also growing at a rapid pace, meeting the increase in infrastructural needs. There are various opportunities available in the Infrastructure sectors such as:

- High Domestic Demand for housing.
- Increase in Income levels of the public.
- Strong economic growth and promising future.
- Availability of both technically skilled and unskilled labor
- Diversified product mix ranging across residential, commercial and retail and strategically located projects.
- Assured quality and attention to detail.

The foundation of our business, developed by being honest in all our dealings and actions. With clarity of vision and focus on meeting commitments, the Company developed a reputation for timely delivery of quality projects. This is made possible by the factors which mainly include:

- **Teamwork**
To maximize efforts, satisfaction and results by having everybody working together toward a common goal.
- **Trust**
The customers trust for timely delivery of affordable properties just as they were promised at the time of sale.
- **Adaptability**
To withstand the competitive and cyclical nature of our industry by being dynamic, flexible, innovative and operationally excellent.

The factors includes other than above are the locations of the project of Company situated in Indore (Madhya Pradesh) and Mumbai (Maharashtra), dependable set of consultants and agencies, professional team and so on.

THREATS, RISKS AND CONCERNS

In our view, the Indian economy in general and the real estate sector in particular, are well set to thrive over the ensuing decades. Real Estate projects involve agreements that are long-term in nature. All long term projects have inherent risks associated with them and involve variables that may not necessarily be within our control. Accordingly, we are exposed to a variety of implementation and other risks, including inflation, interest rates movements, liquidity, commodity and oil prices, governance, construction delays, material shortages, unanticipated cost increases, demand-supply imbalances, government policies and global economic environment which are beyond the control of an individual Company, will dampen the performance of the real estate sector.

Following are the risks faced by the real estate sector:

- **Liquidity Risk**
The time required for liquidity of real estate property can vary depending on the quality and location of the property.
- **Regulatory Risks**
The rules, regulations and legalities, demonstration of frequent changes make real estate sector a cumbersome option in India.
- **Transparency Risks**
Being a market with less than 100% transparency, a strong professional valuation and regulatory institutions are needed.
- **Macroeconomics Risks**
Interest rates, inflation and exchange rate risks are amongst the important macroeconomic indicators.

As a part of the overall risk management strategy, the Company consistently insures its assets and generally follows a conservative financial profile by following prudent business practices.

SEGMENT WISE PERFORMANCE

At present Company is engaged in the business of real estate development and there is no separate reportable segment.

FUTURE OUTLOOK

The real estate sector is being recognized as an infrastructure service that is driving the economic growth engine of the country. In fact, Foreign Direct Investment (FDI) in the sector expected to increase to US \$25 billion in the next 10 years, from present US \$ 4 billion.

The country's urban population will soar to 590 million by 2030, from 340 million in 2008. India's cities could generate 70 percent of the net new jobs by 2030, produce more than 70 percent of the country's Gross Domestic Product (GDP), and simulate a near four fold increase in per capita income. The growth in opportunities will increase employment leading to a rise in disposable incomes and consumption expenditure. Increase in consumption will further drive the growth of the manufacturing, retail, residential and commercial sectors.

The Indian households are relatively deleveraged having household saving rates of 21-24%. Nowadays, more credit is available to Indian households through availability of easy loans and this has increased the purchasing power of consumers. The ability to afford housing is important to the aspirations of the rapidly increasing middle and upper middle segment of the urban population, which is desirous of a higher standard of living. Residential units are one of the most favored investment options of the Indian household and as incomes rise, many households will invest in second homes as investment vehicles.

Residential demand is the main stay of the Indian Real Estate sector. The major demand drivers for the residential market include increasing disposable income levels, increase in the number of nuclear families/households, tax savings on home mortgage products as well as real estate being considered a "necessary" investment. Demand for houses increased considerably whilst supply of houses could not keep pace with demand thereby leading to a steep rise in residential capital values especially in urban areas.

The commercial office space in India has evolved significantly in the past 10 years due to change in business environment. The growth of commercial real estate has been driven largely by service sectors, especially IT-ITeS. However with the emergence of IT-ITeS, which had huge office space requirement, commercial development started moving towards city

suburbs. It resulted in multifold development of city outskirts and suburbs in Indore (M.P.) and Mumbai etc.

Your Company's recent policies of creating affordable housing have been very successful. The Company is developing residential as well as commercial projects mainly in Indore (Madhya Pradesh) and Mumbai (Maharashtra).

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company lays great importance on internal control systems across the organization. The Company has adequate system of internal control which helps the management to review the effectiveness of financial and operating control as well as to ensure that all the assets are safeguarded and more productive.

We have a qualified and independent Audit Committee which comprises of our Board of Directors. The Audit Committee reviews the adequacy and efficiency of internal controls and recommends any improvements or corrections. These internal controls ensure efficiency in operations, compliance with internal policies of the Company, applicable laws and regulations, protection of resources and the accurate reporting of financial transactions.

HUMAN RESOURCE DEVELOPMENT

Our vision drives our ambitions and our people define our business excellence. Your Company firmly believes that motivated employees are the key for a competitive advantage. It believes that people's contribution is the main engine for growth. They include encouraging participative management style, improvement of job skills of the employees, inculcating the spirit of innovativeness so as to improve their growth and quality of their work, empowering and motivating them and thereby raising their productivity by delegating authorities and responsibilities, establishing system of evaluation of employees, their performance, need for training and

consequent rewards by way of increased salaries and perquisites, and their advancement through promotion.

The Company is in real estate sector and for the development of projects we are in, we engage the services of consultants, contractors and sub-contractors who work on our projects, employ a significant labour force which includes skilled, unskilled and semi-skilled workers. In addition to our employees, the Company engages third party consultant engineers, architects, interior designers and landscape designers.

Report on Corporate Governance

(Pursuant to Clause 49 of the Listing Agreement)

Corporate Governance essentially is a set of standards, which aims to improve the Company's efficiency, effectiveness and social responsibility. The concept emphasizes on transparency, accountability, independence and integrity of the management, with focus on public interest in particular. It further inspires and strengthens investors' confidence by ongoing commitment to overall growth of the Company.

The Company's Corporate Governance philosophy encompasses not only regulatory and legal requirements, such as the terms of listing agreement with stock exchanges, but also several voluntary practices at a superior level of business ethics, effective supervision and enhancement of shareholders' value.

The Company believes that timely disclosures, transparent accounting policies and a strong and independent Board go a long way in protecting shareholders trust while maximizing long-term corporate value.

Our philosophy on Corporate Governance begins with our Board of Directors.

- Half of the Board of Directors comprises of Independent Directors.
- A Non- Executive Director chairs the Audit Committee.
- The Board has established terms of reference for its operation and the operation of Audit Committee in line with clause 49 of the listing agreement and section 292A of the Companies Act, 1956.

In compliance with the disclosure requirements of Clause 49 of the Listing Agreement, the details are set out as under:

1. BOARD OF DIRECTORS

A. Composition

The Company's policy is to have an appropriate mix of executive, non-executive

and independent directors to maintain the independence of the Board, and to separate the Board functions of governance and management.

As on 31st March 2013, the Board of Directors of the Company consists of six directors, three of whom are non-executive independent directors thus making the 50% of the Board members as independent.

The Company has one Executive Director in the Board as Managing Director and two other non-executive directors who are not independent. According to clause 49, if the Chairman is executive, at least 50% of the Board should consist of non-executive, independent directors. This provision is adequately met at Shri Krishna Devcon Limited. There are three non-executive directors and all of them are independent as defined by Clause 49 which ensures a good blend of executive and independent directors and achieves the desired level of independence of the Board.

B. Meetings and Attendance

During the financial year 2012-13, the Board of Directors met Four (4) times on the following dates: May 30, 2012, August 14, 2012, November 10, 2012 and February 13, 2013. The last Annual General Meeting of the Company was held on 20th September 2012.

The gap between any two meetings never exceeded four months as stipulated in the revised clause 49.

The details of the Board of Directors, their designation, category, other directorship and committee membership, their attendance at the board meetings/last annual general meeting, are given below: (as per separate Chart)

Auditors' Report

To,
The Members,
Shri Krishna Devcon Limited,
Mumbai

Report on the Financial Statements

We have audited the accompanying financial statements of Shri Krishna Devcon Limited ("the Company") which comprise the Balance Sheet as at 31 March, 2013, the Statement of Profit and Loss and Cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in

conformity with the accounting principles generally accepted in India:

- (i) in the case of the Balance Sheet, of the state of affairs of the Company as at 31 March, 2013;
- (ii) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (iii) in the case of the Cash Flow Statement, of the cash flow for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report), Order 2003 ("the order") issued by the Central Government of India in terms of Section 227(4A) of the Companies Act, 1956, we give in the *annexure* a statement on the matters specified in paragraphs 4 and 5 of the order.
2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956; and
 - e) on the basis of written representations received from the directors as on 31 March, 2013, and taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March 2013, from being appointed as a Director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2013

Note	Particulars
1	Corporate information
	Shri Krishna Devcon Limited ('the Company or 'SKDL') is a real estate developer engaged in the business of construction, development of townships, housing projects, commercial premises and other related activities.
2	Significant accounting policies
2.01	Basis of preparation of financial statements
	The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies has been consistently applied by the company.
2.02	Use of estimates
	The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise. Significant estimates used by the management in the preparation of these financial statements include computation of percentage completion for projects in progress, project cost, revenue and saleable area estimates, classification of assets and liabilities into current and non-current, estimates of the economic useful lives of fixed assets, provisions for bad and doubtful debts. Any revision to accounting estimates is recognised prospectively.
2.03	Tangible fixed assets
	Tangible fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Borrowing costs directly attributable to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.
2.04	Depreciation and amortisation
	Depreciation on fixed asset are provided for in accordance with schedule XIV of the Companies Act, 1956 on the straight line method. Depreciation on addition/deduction during the year has been provided on pro-rata basis.
2.05	Impairment of tangible assets
	The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.
2.06	Investments
	Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. Current investments are carried at lower of cost and fair market value. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2013

Note	Particulars
------	-------------

Note 2 Significant accounting policies (contd.)

2.07 Inventories

(i) Trading Stock

Trading Stock represents Plots of land and Flats for resale. Trading stock are valued at lower of cost and net realisable value. Cost includes cost of acquisition and other related cost on acquisition.

(ii) Work in progress

Work in Progress represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Work in Progress are valued at lower of cost and net realisable value. Cost includes cost of land/development rights, materials, construction, services, borrowing costs and other overheads relating to projects.

(iii) Finished Goods

Finished Goods represents unsold units of completed projects. Finished Goods are valued at lower of cost and net realisable value. Cost is determined by including cost of land/development rights, materials, services and other related overheads.

2.08 Revenue recognition

i) Revenue from real estate projects

Revenue from real estate projects is recognised when it is reasonably certain that the ultimate collection will be made and no significant uncertainty exist regarding the amount of consideration. The Company follows the percentage of completion method for its projects. The revenue recognition policy is as under:

(a) Project for which revenue recognition has commenced prior to April 1, 2012

Revenue from these real estate projects is recognised on the 'percentage of completion' method of accounting. Revenue is recognised, in relation to sold areas only, when the stage of completion of each project reach a significant level which is estimated to be at least 30% of the total estimated construction cost of the project. Revenue is recognised in the proportion that the construction cost incurred for work performed upto the reporting date bears to the estimated total construction cost. Land costs are not included for the purpose of computing the percentage of completion.

(b) Project for which revenue is recognised for the first time on or after April 1, 2012

With effect from April 1, 2012 in accordance with the Revised Guidance Note issued by Institute of Chartered Accountants of India ("ICAI") on "Accounting for Real Estate Transactions (Revised 2012)", the Company revised its Accounting Policy of revenue recognition for all projects commencing on or after April 1, 2012 or project where the revenue is recognized for the first time on or after the above date. As per this Guidance Note, the revenue has been recognized on percentage of completion method provided that all of the following conditions are met at the reporting date.

- at least 25% of estimated construction and development costs (excluding land cost) has been incurred;
- at least 25% of the saleable project area is secured by contract or agreements with buyers; and
- at least 10% of the total revenue as per agreement to sell are realized in respect of these agreements.

The estimates relating to percentage of completion, costs to completion, area available for sale etc. being of a technical nature are reviewed and revised periodically by the management and are considered as change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2013

Note	Particulars
------	-------------

Note 2 Significant accounting policies (contd.)

- (ii) Share in profits of partnership firm investments
The Company's share in profits from a firm where the Company is a partner, is recognised on the basis of such firm's financial statements.
- (iii) Dividend income
Dividend is recognised when the shareholders right to receive payment is established at the Balance sheet date.
- (iv) Interest Income
Income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- (v) Other income
Other Income is accounted on accrual basis except where the receipt of income is uncertain.

2.09 Employee benefits

Employee benefits include short term benefits like salaries and wages which are recognized as an expense in the statement of Profit and Loss of the year in which the related service is rendered.

2.10 Borrowing costs

Borrowing cost relating to the acquisition/construction of a qualifying asset (including real estate projects) are considered as part of the cost of the asset/project. All other borrowing costs are treated as period cost and charged to the statement of profit and loss in the year in which it is incurred.

2.11 Segment reporting

The Company has only one reportable segment i.e. Real Estate Development Business on the basis of nature of risks and returns and the internal organisation and management structure of the Company.

2.12 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.13 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised.

2.14 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence is confirmed by the occurrence or non-occurrence of one or more uncertain future events not fully within the control of the company.
