Management Discussion and Analysis

The Management of Milestone Global Limited is pleased to present the following Management Discussion and Analysis Report which contains a brief write-up on the industry structure, opportunities and concerns, performance of the Company with respect to the operations other information. This chapter on Management Discussion and Analysis forms a part of the compliance report on Corporate Governance

Indian Economy and Industry Overview

Recovering from the global meltdown effect of last two years, India is now poised and set to be the second fastest growing economy in the Asia Pacific Region. The productivity growth rate of Indian economy is estimated to be around 8% and it is expected to sustain until 2020. Infrastructure integrated with real estate development has been the backbone of such sustained growth and continues to be the focal point for our economy. High per Capita income resulting in high per capita spending is directly related to the demand of our products and we foresee a bright future ahead.

Economic Overview (2015-16)

The overall GDP forecast for 2016-17 is estimated at 7.9%.

Soaring CPI due to increase in food prices, has undermined consumer spending, RBI has resorted to monetary tightening in an effort to curb inflationary pressure on the economy.

Due to improvement in the investment scenario and FDI expected in great volumes in the year 2016-17, it can be assured that India has escaped the global crisis and confidence has been gained in the economic prospects.

Granite Industry-Structure and Developments:

Granite is increasingly being preferred over other stones due to its resistance to wear and tear as well as weathering which makes granite ever-lasting stone. The market potential is abundant and there are excellent prospects for the

I have also examined compliance with the applicable clauses of the following:

The Listing Agreements entered into by the Company with Stock Exchange: During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. Mentioned above.

We further report that: -

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The Changes in the composition of the Board of Directors that took place during the Period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent adequately in advance, and a system exists for seeking and obtaining further information and clarifications on the Agenda items before the meeting and for meaningful participation at the meeting.
- Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes. We further report that based on review of compliance mechanism established by the Company and taken on record by the Board of Directors at their meeting(s), we are of the opinion that the management has adequate systems and processes commensurate with its size and operations, to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines; and
- as informed, the Company has responded to notices for demands, claims, Penalties etc levied by various statutory / regulatory authorities and initiated Actions for corrective measures, wherever necessary.

We further report that during the audit period, there are no specific events / Actions having a major bearing on the Company's affairs in pursuance of the laws, rules, regulations, guidelines, standards, etc. referred to above.

Indian Granite Industry to get its due share in the world market. India has one of the best granite deposits in the world having vast varieties comprising over 200 shades. India accounts for over 20% of the world resources in granite.

Granite reserves in India have now been estimated by Indian Bureau of Mines at over 42,916 million cubic meters. Splendid black and multi-colour varieties of granite are available in the states of Karnataka, Andhra Pradesh, Tamilnadu and Uttar Pradesh. Granite deposits are also widespread over provinces of Rajasthan, Bihar, West Bengal and Gujarat. India continues to be one of the leading countries in the production and export of granite and other stones. Granite is a very hard crystalline, igneous or metamorphic rock primarily composed of feldspar, quartz and lesser amounts of dark minerals. India has vast resources of granite with about 125 varieties of different colors and textures such as black, grey, pink, multi colored etc. These varieties are used to produce monuments, building slabs, tiles, surface plates etc. About 125 varieties of granites have been identified for processing as products for exports. The deposits are widely spread over the entire country. However, popular varieties are mainly found in South India.

Granite is a non-scheduled industry and hence entrepreneurs are only required to submit Industrial Entrepreneur Memorandum. Looking at its export potential, Government of India has been encouraged setting up of 100% Export Oriented Units in this sector to promote export of value added granite products. Export of Granite and Marble is freely allowed. Granite is exported mainly to Japan, USA, UK, Germany, Netherlands, Italy, West Asia and Australia.

Over the last three decades the Indian granite industry has modernized to global standards. Sculptures and monuments made in India are being exported all over the world. With its skilled manpower and stone technology, India has contributed to the world prestigious monuments such as the Holocaust Museum and the Vietnam War Memorial in Washington; Hiroshima Atom Bomb Memorial in Japan and Black Forest of Germany.

By general consensus, India and Brazil have been blessed by nature with the widest variety of the most beautiful granites. Yet, when it comes to processing facilities, their development has been way below the potential. The volatile nature of the Brazilian economy with lot of uncertainty every two years or so, has discouraged investment. The market share of China in the international trade in granite has been steadily increasing in recent years. Only China remains a threat to other countries in the manufacture and export of granite.

Further, the global recession has dampened India's hopes for bigger exports. However during the year under review it is witnessed the slow recovery of economy across the globe.

PROBLEMS RELATED TO GRANITE MINING INDUSTRY**• PRODUCTIVITY**

The main problem of Granite Mining Industry in India is the low productivity and high wastage. The granite mining industry in India is far behind in terms of productivity compared to countries like Italy, Brazil, Spain, Norway, South Africa etc. The low productivity is mainly due to conventional methods of mining adopted at present. The industry is slow in adopting the use of wire saws and slot drilling instead of conventional blasting burner. Though the wastage had come down to 23% in the year 1997 from 28% of the year 1993, and has reduced some more in the following years, there is still a long way to go to match international standards.

• MODERNIZATION

The main obstacle for the slow rate of modernizing the quarry is due to very high rate of import duty on capital equipment like diamond wire saw machines, drilling equipment and on consumables like diamond wire, drilling rods etc. To encourage the industry to modernize the quarry operations, the Government should consider granting mining industry 100% Export Oriented Unit status or full duty exemption for imports against export of blocks. Such help from the Government will not only make the quarry operations profitable but also can encourage entry of corporate companies into the granite sector.

• LABORS MANAGEMENT

The low productivity per worker and less man-hour utilization is another problem for the granite quarrying in India. The lack of exposure to modern quarrying and training for the Indian workers is a major reason for the low productivity of the workers. It is high time that Government and the industry should work together to establish a Training Institute to educate and train the work force, which will help the mining industry to a great extent.

• INDUSTRIAL STATUS FOR GRANITE MINING

16

The future of the granite mining industry depends on the immediate attention of both the Union and State Governments to the problems of the industry. The foremost step should be declaring granite as a major mineral and granite mining as an industry. Since the granite industry is one of the important sources of foreign exchange earning, it is high time the Government of India steps in to encourage the granite mining industry.

LEASING POLICY

The Government should announce a long-term mining policy and stop frequent changes of leasing policies as adopted by various state Governments. Granite mining is a high-risk area where there is no guarantee on return on investment. The mining of a natural product requires a long period of time to develop the land and infrastructure and high investment for economical operations. Hence the leases of quarry lands should be on long-term basis of minimum of 30 years as in other countries like Spain etc. where it is normally ranging from 30 to 90 years, or in Brazil, where policies are even more liberal. It is impossible for any one to invest in machines and modernize the quarry in the absence of long time leasing.

EXPLORING NEW AREAS

As per the geological survey, India has a vast area of abundant granite deposits of various colours that are still to be explored. The government should encourage entrepreneurs to explore the new areas on recommendations as stated above. Every effort should be taken by both the government and the granite industry to improve the country's share in the world market by exploring new areas.

The government should also guarantee free trading without imposing any restrictions on exports of blocks.

SIMPLIFICATION OF PROCEDURES

The procedures of lease agreements, permits for movement of blocks, payments of royalty etc., must be simplified. Most of the times the dispatches are held up due to delay in getting the permits and particularly during holidays, strike etc. Since highly valuable goods are presently allowed on self-removal scheme, the granite blocks can also be allowed under the same scheme in place of the present permit system. This will avoid eliminating delays in dispatching blocks and meeting the delivery schedules of the buyers.

PROBLEMS RELATED TO GRANITE PROCESSING INDUSTRIES

INFRASTRUCTURE DEVELOPMENT

The existing infrastructure to meet the needs of the stone sector in India is extremely poor and inadequate for the growing demand. The infrastructure facilities like road, rails, electricity services, water sources need to be improved. The movement of either the blocks from the quarries or the containers from the factories to the ports is always cumbersome. Quarry access roads are still not developed which restricts the sizes and the movements of the blocks. Even the highways are not sufficient for easy movement of trucks. The absence of spacious National Highways to reduce the traveling time as well as the safe travel is responsible for the slow growth of the stone industry. The planning of new ideas should be properly followed up with timely and proper implementation and continuous supervision or otherwise the main purpose is defeated.

The infrastructure is the backbone for any industry to operate economically and compete in the world market. Unless proper facilities are created for smooth traffic and movement of materials, further development will not be possible.

AVAILABILITY OF BLOCKS

The major problem highlighted by the processing industries is the non-availability of best quality blocks for the processing. As exporting of blocks is more advantageous due to high value realization, the processing companies are finding it difficult to buy certain colour granite blocks as per their requirement. The first quality blocks, which are free from defects and larger in size, are always given preference for exports. Hence the local processing factories have to depend on smaller size blocks, which resulted in high processing wastage, higher production cost and thereby, high selling price. This is one of the reasons for the less competitiveness of finished products in the world market. It must be the aim for both government and the industry to expand the processing capacity of the country to get more value addition.

17

- The world wide improvement of transportation system with more and more bulk vessels will also help many countries to import more thereby boosting our exports.
- The demand for stone products is expected to continue increasing for the simple reason there is still a low level of consumption in many countries. The share of the stone industry is just 5% out of the world's annual consumption of 5 billion square meters and ceramics; wood, glass etc. occupy most of the market. Even a moderate increase of another 5% will increase hugely the demand for stone products.
- The export market for finished products and particularly for monuments is picking up in Europe and Australia. The consistent quality control and strict adherence of the delivery schedules of the buyers is most important to get more orders. The processing industries should try to concentrate on low thickness and pre heated surface materials, which is getting more and more popular. The construction materials with thickness less than 10 mm which will weigh not more than 20 kg are getting more popular. Hence such new products should be developed with upgrading of technology with the support of finance to sustain the growth. It is true that Indian industries should try to economize their operations to make the products competitive in the world market.
- The market potential is abundant and there are excellent prospects for the Indian granite industry to get its due share in the world market. The professional and realistic approach towards solving the practical problems and careful planning of facilities by the Industry and Government can make India the leading exporter of the world market. We have challenging years ahead but the potential for growth is beyond any reasonable doubt.

Internal Control Systems and their adequacy:

The Company has adequate system of internal control relating to the purchase of raw materials, Stores, Consumables and Packing Materials, and for the sale of goods commensurate with the size of the Company and the nature of business.

The system of internal control of the Company is adequate keeping in mind the size and complexity of your Company's business. Systems are regularly reviewed to ensure effectiveness.

The Audit Committee of the Company meets periodically to review and recommend quarterly, half yearly and annual financial statements of the Company.

Discussion on Financial Performance with respect to operational Performance:

The Turnover achieved by the Company for the year ended 31.03.2016 is Rs 849.13 Crores compared to the Previous Year turnover of Rs 732.52 Crores showing an increase of Rs. 116.61 Crore. The Company has reduced net Profit of Rs. 3.80 lakhs as against a profit of Rs. 14.02 lakhs in the previous year. The Earning per is. Rs.(0.08)

Human Resources / Industrial Relations

Save as situation explained at Board Report, the overall relation with employees has cordial. The management has been striving to maintain the harmonious relations.

Cautionary Statement

Statement in the Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be forward looking statements within the meaning of applicable securities laws and regulations. As forward looking statements are based on certain assumptions and expectations of future events over which the Company exercises no control, the Company cannot guarantee their accuracy nor can it warrant that the same will be realized by the Company. Actual results could differ materially from those expressed or implied, significant factors that could make a difference to, the Company's operations include domestic and international economic conditions affecting demand, supply and price conditions in the industry the Company into, changes in government regulations, tax regimes and other statutes.

REPORT ON CORPORATE GOVERNANCE

INTRODUCTION

For Milestone Global Limited, Corporate Governance is not a destination, but a journey, a journey wherein it seek to perpetually improve the conscience of the well balance interested of all the stakeholders as it walks the miles, spends the years, does create more world class monuments and spread its presences through continents to touch more and more lives and their memories. Further, it is a blend of rules, regulations, laws and voluntary practices that enables the Company to attract the financial & human capital and perform more efficiently and effectively and thereby maximize the long term values for the shareholders besides respecting the aspiration of multiple stakeholders including that of society.

19

MODERNIZATION AND UPGRADATION OF PROCESSING TECHNOLOGY

The consistent modernization of the factory and upgrading of the processing technology by installing new machines will improve the productivity and reduce production cost.

For example, the use of diamond polishing abrasives replacing conventional abrasives will increase the belt speed of the line-polishing machine thus giving more production and higher polishing capacity with the same machine. Periodical maintenance of the machines is a must for the consistent quality and less downtime. This will reduce the raw material cost considerably as defective slabs and unwanted bushes of the blocks are eliminated at the quarry site.

FINANCIAL PROBLEMS

The high rate of interest charged by the financial institutions should be reduced to make the Indian products more viable in the world market. The present interest rate of 9 to 15% for export industries should be brought down to below 5%, as in other countries. Incentives like liberal working capital norms, longer repayment schedules for loans etc. should be implemented immediately.

Rising production cost and decline in the dollar rates have seriously affected the export realizations and had a drastic impact on the profits of the Company. Economic slowdown in the US and cry by environmentalists to prevent damage on account of excess quarrying are other major threats to the granite industry

The major threat areas include:

- The Economic slowdown in major countries.
- Non Availability of best quality blocks for processing.
- Frequent power disruptions and high dependency on diesel affecting the production and the cost of raw materials and finished goods.
- Lack of Proper infrastructure.

PROSPECTS FOR THE GRANITE INDUSTRY

In Europe and Australia, Consistent quality control, and prompt deliveries to the buyers are very important to procure more orders and stay in business, new products with new design should be developed by constant up gradation of existing technology to sustain growth.

One of the most positive developments for the granite industry is the greater awareness of it among the architects, and its growing popularity in major projects. Whether it be office buildings, airports, commercial centers or even hotels, granites is becoming more and more popular for the big projects all over the world. The following factors are motivating the growth of granite industry

- Introduction of Stones for new applications and utilities etc.
- Spurt in demand for Indian Granites Worldwide.
- Increased domestic demand.

Technologies advances and market competition has changed the basis feature of the industry the margins it works with. While granite has an image of a luxury product, in the production side, the processing industry has changed from being a low volume high margin one to a low margin high volume business.

Today's subdued market situation is due to several factors. The economic crisis in Indonesia, Japan, Korea, Taiwan, Italy, USA and Thailand affected the exports to these countries. Also the recent introduction of synthetic stone like materials is affecting exports. The competition from China for rough blocks and finished products like slabs and monuments has contributed to the slow growth of exports from India.

However the future for the granite industry for both blocks and finished products is encouraging. India can improve its export performance as the processing capacity is very low, with less than 5% of gangsaws installed in the world. The increase in export of blocks and finished products during the last year is an indication of the encouraging signs of market improvement. In spite of so many problems, the demand for granite products is increasing everywhere with consistent growth rate of consumption.

India, which is blessed with various types of unique colours and large deposits of granite, is certain to get its due share in the ever-growing world market. Many countries are worried about the strong entrance of China in the market but the fact is that China landed up importing more rough blocks and finished products due to high domestic demand.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF MILESTONE GLOBAL LIMITED**

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of MILESTONE GLOBAL LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes

ANNEXURE - B TO THE INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MILESTONE GLOBAL LIMITED

Report on the Internal Financial Controls under Clause (f) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of MILESTONE GLOBAL LIMITED ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2016**i) SIGNIFICANT ACCOUNTING POLICIES:****i) Accounting Concepts:**

The Company follows the mercantile system of accounting recognizing Income and Expenditure on accrual basis. The Accounts are prepared on Historical cost basis and as a going concern. Accounting policies not referred to otherwise are consistent with generally accepted accounting principles in India and the applicable Accounting Standards issued by the Institute of Chartered Accountants of India.

ii) Depreciation:

Depreciation on Fixed Assets is provided on Written Down value basis on the useful Life computed in accordance with Schedule II of the Companies Act, 2013.

iii) Investments:

Long term investments are valued at cost. A provision for diminution is made to recognize a decline other than temporary, in the value of long term investments.

iv) Inventories:

Inventories are valued at the lower of cost and net realizable value. The cost is determined by using First in First out (FIFO) basis and includes appropriate allocation of production overheads.

v) Foreign Exchange Transactions:

a. Foreign Currency transactions are recorded at the rates prevailing on the date of transaction. Foreign currency monetary assets and liabilities are translated at year end rates. Exchange difference arising on settlement of transactions and translation of monetary terms are recognized as income or expense in the year in which they arise.

b. Investment in subsidiary company is expressed in Indian Rupees at the rate of exchange prevailing on the date of investment.

vi) Revenue Recognition:

a. Revenue in respect of sale is recognized when goods are identified as ready for sale and corresponding invoice is raised.

b. Sales are net of discounts.

vii) Retirement Benefit:

a. Liability for Employees' gratuity is accounted for on the basis of contribution determined by Life Insurance Corporation of India under their Group Gratuity Cash Accumulation Scheme. Leave encashment is accounted for on payment basis.

b. Company's contribution to Provident Fund is charged to Profit & Loss Account.

viii) Borrowing Costs:

Borrowing costs directly attributable to the acquisition and construction of qualifying assets are capitalized. Other borrowing costs are recognized as expenses in the period in which they are incurred.

ix) Provision for Current and deferred Tax:

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income tax Act, 1961. Deferred Tax resulting from "Timing Difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted on the Balance Sheet date. The deferred Tax Assets is recognized and carried forward only to the extent there is a reasonable certainty that the assets will be realized in future.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2016, and their consolidated Loss and their consolidated cash flows for the year ended on that date.

Other Matters

(a) We did not audit the financial statements of two subsidiaries whose financial statements reflect total assets of (Rs24,11,890) as at 31st March, 2016, total revenues of Rs. 60,26,490 and net cash flows amounting to (Rs4,10,929) for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (1) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on such unaudited financial statements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.
Report on Other Legal and Regulatory Requirements

45

As required by Section 143 (3) of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2016 taken on record by the Board of Directors of the Holding Company and its subsidiary companies incorporated in India, none of the directors of the Group companies, is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- With respect to the adequacy of the internal financial control over financial reporting of the group and the operating effectiveness of such controls, refer to our separate report in "EXHIBIT A".
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. (Refer Note No. 25) to the consolidated financial statements.
 - The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies.

**EXHIBIT "A" TO THE INDEPENDENT AUDITORS REPORT OF EVEN DATE ON THE CONSOLIDATED
FINANCIAL STATEMENTS OF MILESTONE GLOBAL LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended 31st March, 2016, we have audited the internal financial controls over financial reporting of MILESTONE GLOBAL LIMITED ("the Holding Company") and its subsidiaries which are incorporated in India as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries, which are management incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

46

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiaries which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
