ANNEXURE “D” TO DIRECTOR’S REPORT

FOR THE YEAR ENDED 31.03.2016

WHISTLEBLOWER POLICY

As part of our corporate governance practices, the Company has adopted the Whistleblower policy that covers our directors and employees. The policy is also available on our website, www.hastifinnace.com

The purpose of this policy

Hasti Finance Limited is committed to complying with the laws that apply to them, satisfying the Company's Code of Conduct and Ethics, and particularly to assuring that business is conducted with integrity and that the Company's financial information is accurate. If potential violations of Company policies or applicable laws are not recognized and addressed promptly, both the Company and those working for or with the Company could face governmental investigation, prosecution, fines, and other penalties. That can be costly. Consequentially, and to promote the highest ethical standards, the Company will maintain a workplace that facilitates the reporting of potential violations of Company policies and applicable laws. Employees must be able to raise concerns regarding such potential violations easily and free of any fear of retaliation. That is the purpose of this policy.

Your duty to report

Everyone is required to report to the Company any suspected violation of any law that applies to the Company and any suspected violation of the Company's Code of Conduct and Ethics. It is important that you report all suspected violations. This includes possible accounting or financial reporting violations, insider trading, bribery, or violations of the anti-retaliation aspects of this Policy. Consult the Company's Code of Conduct and Ethics for a more detailed description of potential violations and other areas of particular concern. Retaliation includes adverse actions, harassment, or discrimination in your employment relating to your reporting of a suspected violation.

It is the policy of the Company that you must, when you reasonably suspect that a violation of an applicable law or the Company's Code of Conduct and Ethics has occurred or is occurring, report that potential violation. Reporting is crucial for early detection, proper investigation and remediation, and deterrence of violations of Company policies or applicable laws. You should not fear any negative consequences for reporting reasonably suspected violations because retaliation for reporting suspected violations is strictly prohibited by Company policy.

Failure to report any reasonable belief that a violation has occurred or is occurring is itself a violation of this Policy and such failure will be addressed with appropriate disciplinary action, including possible termination of employment.

How to report

You must report all suspected violations to (i) your immediate supervisor or (ii) anonymously, by sending an email to : hastifinanceltd@gmail.com. If you have reason to believe that your immediate supervisor or any other Officer is involved in the suspected violation, your report may be made to the Audit Committee of the company.

Because you have several means of reporting, you need never report to someone you believe may be involved in the suspected violation or from whom you would fear retaliation.

Your report should include as much information about the suspected violation as you can provide. Where possible, it should describe the nature of the suspected violation; the identities of persons involved in the suspected violation; a description of documents that relate to the suspected violation; and the time frame during which the suspected violation occurred. Where you have not reported anonymously, you may be contacted for further information.

Investigations after you report

All reports under this Policy will be promptly and appropriately investigated, and all information disclosed during the course of the investigation will remain confidential, except as necessary to conduct the investigation and take any remedial action, in accordance with applicable law. Everyone working for or with the Company has a duty to cooperate in the investigation of reports of violations. Failure to cooperate in an investigation, or deliberately providing false information during an investigation, can be the basis for disciplinary action, including termination of employment. If, at the conclusion of its investigation, the Company determines that a violation has occurred, the Company will take effective remedial action commensurate with the nature of the offense. This action may include disciplinary action against the accused party, up to and including termination. Reasonable and necessary steps will also be taken to prevent any further violations of Company policy.

Retaliation is not tolerated

No one may take any adverse action against any employee for complaining about, reporting, or participating or assisting in the investigation of, a reasonably suspected violation of any law, this Policy, or the Company's Code of Conduct and Ethics. The Company takes reports of such retaliation seriously. Incidents of retaliation against any employee reporting a violation or participating in the investigation of a reasonably suspected violation will result in appropriate disciplinary action against anyone responsible, including possible termination of employment. Those working for or with the Company who engage in retaliation against reporting employees may also be subject to civil, criminal and administrative penalties.

Document retention

All documents related to reporting, investigation and enforcement pursuant to this Policy shall be kept confidential and in the safe custody of the concerned authorized person.

Modification

The Audit Committee or the Board of Directors of the company can modify this Policy unilaterally at any time without notice. Modification may be necessary, among other reasons, to maintain compliance with federal, state or local regulations and / or accommodate organizational changes within the Company.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in

Contingent Liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements

1.13 Impairments

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any indications exist, the assets recoverable amount is estimated. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on average pre-tax borrowing rate of the country where the assets are located, adjusted for risks specific to the asset.

After impairment, depreciation is provided on the assets revised carrying amount over its remaining useful life. A previously recognized impairment loss is increased or decreased depending on changes in circumstances. However, an impairment loss is not decreased to an amount higher than the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized in the prior year.

1.14 Earnings per share

Basic and diluted earnings per share are computed in accordance with Accounting Standard-20-Earnings Per Share. Basic earnings per share is calculated by dividing the net profit or loss after tax for the year attributable to equity share holders by the weighted average number of equity share outstanding during the year. Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the reporting period. Diluted earning per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding as at the end of the reporting period.

1.15 Cash flow statement

The cash flow statement is prepared in accordance with indirect method as explained in the Accounting Standard on cash flow statements (AS) 3 issued by the institute of Chartered Accountants Of India.

1.16 Cash and cash equivalents

Cash and Bank Balances that have insignificant risk of change in value including term deposits, which have original durations up to three months, are included in cash and cash equivalents in the cash flow statement.
