Chairman's Letter to Shareholders

Dear Shareholders,

It gives me great pleasure to share with you the Company's financial performance for the financial year ended March 31, 2015. The Board of Directors of your Company has approved the results for this period and I wish to share some of its key highlights with you.

Financial Highlights

- ❖ Revenue was Rs. 487.76 Crores as against Rs. 429.92 Crores for the previous year, a growth of around 13.45%
- ❖ EBITDA was Rs. 57.41 Crores
- ❖ Profit after tax was Rs. 6.72 Crores

Operational Highlights

- ❖ Highest and best ever productivity from Achenbach Foil Mill & H & P Laminator
- ❖ Highest ever printing production from Printing Department
- ❖ Best ever recovery at Printing Section.
- ❖ Highest dispatch from Conversion Plant
- ❖ Developed High Heat Resistant Printing on Aluminum Foil
- ❖ Developed both Side-printed and One-side Registered foil
- ❖ Developed Communication foil as an anti-counterfeiting activity

Business Highlights

During the year, having consolidated and positioned ourselves on the growth path in our industry, we at Gujarat Foils Limited placed a lot of focus on augmenting our capabilities. We have achieved the operational highlights with a strategic focus to shift the business from bare foil to converted foil for better value addition with focus on maximum loading of printed products. Volume and demand is picking up from pharma customers in value added products, i.e., printed foils. Further, we have streamlined and consolidated our customer base and honed our marketing serviceability approach. I feel proud to see that this has yielded positive returns in terms of the strategic progress we have made, especially in the midst of acute global economic uncertainty, which has equally affected the Indian economy and some of the sectors including the metal industries have been faced with demand slowdown that is unlikely to turnaround quickly.

Your Company is delighted to inform you that at our Chhatral plant, we had successfully completed recertification process of Integrated Management System to cover ISO 9001, ISO 14001, OHSAS 18001 from BSCIC. Accreditation of prestigious Good Manufacturing Practice Certification (GMP) with reference to ISO 15378 : 2011 by BSCIC and certification from prestigious U.S.F.D.A has been maintained successfully. This enables your Company to provide packaging materials to Indian as well as Multi National pharmaceutical companies for their final products. In this short span of time your Company has been certified as vendors to the top pharmaceutical companies in India and now broken through in to the top five aluminum based packaging companies in the country. This is no mean task given the exceptional tailor made requirements of customers in the foil packaging business.

Last year due to heavy rainfall in Chhatral, the plant had to be shut down due to flooding for 72 hours. I take pride in saying that due to the massive efforts by the GFL team, the plant operations were restored in seven days and normalcy prevailed and work began in full swing.

Last year we also ventured into a new activity in the consumer segment and commenced manufacturing of Semi-Rigid Containers, which are used mostly by restaurants to supply packaged food to cater to the orders from households. NUTRIWRAP continues to be one of the leading brands in the country today.

Today your Company is enjoying the status of being one among the preferred suppliers to pharma companies because of our orientation towards customer service and product quality. We are confident that we are on the right path and with the impending economic reform your Company will sustain the growth.

For the future, your Company is looking actively at expansion in the aluminum foil plant after the successful commissioning of the projects at Chhatral and Bhiwandi. We are looking to establish ourselves as a prime manufacturer, providing end to end packaging solutions. We also understand the need for backward integration of our facilities and our present activities include preparation feasibility studies for large scale expansion in these areas. As of now we are actively approaching government authorities for allotment of suitable land for the proposed expansion projects.

We are strong believers of value proposition and the requirements of Human Resource, which add comprehensively to the total reserve of the Company. We, in this short period of time, have been able to put together a dedicated team of professionals and been able to retain them at Gujarat Foils Limited.

I would like to take this opportunity to express my gratitude to the Board of Directors, Bankers, Employees, Vendors and Shareholders for their continued support and the confidence reposed on us.

Warm Regards,

Abhay Lodha
Chairman

A. Conservation of Energy:

The Company has a strong commitment towards energy conservation for the benefit of the Nation and itself. Efforts to optimize process parameters, modernize & upgrade technology as well as equipments, with the objective of increasing energy productivity are continuous and ongoing. Company ensures optimization of resources and is committed to control wastages and avoid air and water pollution.

It is a fact that conventional source of energy is limited in this universe. In the context it is prime responsibility of all of us to ensure optimum utilisation of energy. There are two fold benefits by ensuring the same:

Every unit of power saved is equivalent to same quantity of power generated without any additional cost & without generating Green House Gases.

Such savings helps us in reducing our cost of production.

B. Technology Absorption, Research & Development and resultant benefits:

It is a fact that high speed foil rolling operations are very prone to fire hazards. However, the Company could stabilize the process parameters in such a way, that we did not encounter even a single instance of fire at our rolling operations. To achieve this milestone your company had taken following corrective actions:

Implementation of additional Heat Exchanger in rolling oil circulation system.

Fundamental redesigning in the Achenbach Mill.

Introduction of Low Voltage, High resolution Audio / Video Camera surveillance system.

As a result of various technological up-gradations, various direct Pharma customers have been added by the Company during the Financial Year 2014-15.

Management Discussion and Analysis

INDUSTRY STRUCTURE & DEVELOPMENTS

Indian Aluminium Industry is one of the leading industries in the Indian economy. In the previous decade experienced substantial success among the other industries despite of the fact that, globally aluminium industry continued to go through a difficult phase. But the aluminium market in India is still growing at a CAGR of 9% to 10% over the last five years and it is going to remain so in the near future.

This favourable situation is expected mainly due to the government's focus on uniform infrastructure development in rural areas, cultural change resulting in more & more nuclear families with higher disposable income, strong growth in pharma, confectionary & ready-to-eat food sector.

In order to take advantage of favourable situations, Indian aluminium industry is developing fast and the advancement in its technologies is boosting the growth even faster. It has a bright future and it can become one of the largest players in the global aluminium market as in India, the consumptions are fairly low as compared to developed countries.

We are aware that Aluminium Rolled Products i.e. "SHEET & FOIL" are commonly used by Pharma Industry, Food & Beverage Industry, Chocolate, Confectionary & Liquor Industry. As per the report by "Indian Pharma 2015, Unlocking the Potential of the Indian Pharmaceutical Market" from McKinsey & Company, India is projected as 10th largest market with turnover of US\$ 20 billion. Further this report states, based on absolute growth between 2005 to 2015, India is placed at no. 3 just behind US & China with an incremental growth of US\$ 14 billion during the period. The above statement clearly places India among the top 5 emerging pharma markets in the world. McKinsey & Company in their report "Indian Pharma 2020" quotes that Indian pharma market is growing at 14.5% on CAGR basis & expected to touch US\$ 55 billion market by 2020.

From the above reports it is evident that Indian pharma market will continue to register a strong double digit growth rate till 2020 & onwards. Based on above report, we assume that current foil requirement by Indian pharma industry is at 24,000 MT / Annum & the same will increase to 66,500 MT / Annum by 2020.

According to the Indian Institute of Packaging (IIP), the turnover of the Indian packaging industry is likely to touch USD 43.7 billion by 2016, from USD 27.6 billion in 2012. India's per capita consumption of packaging is only 4.3 kg per person per annum (approx), as against Germany's 42 kg and China's 20 kg and is thus very low compared to the global standards.

Consumer Products Business Division (CPB) caters to household and HORECA food packaging opportunity. With growing user base for household use and HORECA use this branded category is growing at about 15% per annum.

OPPORTUNITIES & THREATS

Opportunity

Indian Healthcare Industry is believed to be the next big industry after IT and this will result in growth of Indian Pharma Packaging industry. Further due to rapid urbanisation, nuclear family concept & increase in population of higher income groups leads to increase in demand of FMCG products like ready to eat food products, frozen yogurt, packed juices, milk, liquid products, premium chocolates etc.

Aluminium Foil is most preferred packaging material for these Pharma & FMCG products due to its excellent barrier properties. Since Pharma & FMCG industry is growing at very fast pace, this is resulting in continuous increase in demand for aluminium foil industry. Gujarat Foils Limited (GFL) strongly believes that availability of good quality foil in Indian market would also result in increase of demand further.

Presently Aluminium Foil for packaging of Pharma Products & aseptic packaging are controlled by very few companies but in a difficult economy & competitive market place, GFL has established & positioned itself very quickly in the market. The positioning of GFL is evident from its growing direct pharma company client list. Today GFL is perceived as one of the leading supplier of aluminium packaging material to the pharma industry. State of Art Foil Rolling & Converting facility under one roof with strong technical team to provide after sales service gives GFL edge over their competitors in the market.

Threats

With the Foil Industry showing signs of growth, new entrants are looking to enter in the market. Cheap import from China is major area of concern. Availability of good quality foil stock & its pricing in local market is also a major area of concern, coupled with competition with unorganized sector. The Company has to cope-up with these threats through a combination of cost reduction, adopting technological innovations to improve productivity & continuous innovation from the technical team and creating end use

sensitivity to quality for thwarting this threat.

Product wise performance

GFL is presently dealing in Manufacturing and supply of Aluminium Sheet, Foils (Bare, Coated or Laminated & Printed), Strips, Containers for Food, Pharmaceuticals & Packaging Applications.

In our Aluminium Sheet Business, GFL sheet products are positioned as quality products & are comparable with international quality standards. Your Company had taken some measures in order to ensure better services to its customers & improving the realisation from sheet business. The details of corrective measure are as under:

Our industry had witnessed a great deal of metal price fluctuation in F.Y. 2014 - 2015. In order to safeguard the interest of our customers & the Company, GFL had continued with NALCO based pricing policy for sheet business. This policy will ensure the mitigation of risks associated with metal price fluctuation & also have a transparent pricing mechanism.

Your Company is continuously evaluating the product wise sales price realisation in sheet business. Products with lower sales price realisation had been phased out in a systematic manner & they have been substituted with value added options.

In our **Aluminium Foil Business**, during the F.Y. 2014 – 2015, the focus was to maximise the sales of value added products resulting in increase in printed production by 98% & production of Converted product by 21% as compared to production in F.Y. 2013 – 2014.

GFL has a very wide & complete range of products. Also we are among very few companies in the country who have integrated state of art foil rolling & foil converting facility under one roof. Our technical team & after sales service makes GFL an established leader in the market. GFL had set a very stringent quality benchmarks which is complemented with continual improvement. This is the reason why GFL has established itself as a prime player in the market within a very short time. Today GFL is considered as a preferred supplier of Light Gauge Foil, Coated & Laminated Foil. Our Gravure Printing Machines are capable of printing up to 5 colours & are truly state of the art. These Printing Machines are equipped with advance turner bar for reverse printing & also equipped with auto registration system.

Today major pharma companies are in our fold. The list of our major Pharma Customers is given below in alphabetical order only;

AJANTAPHARMA
ALKEM LABORATORIES
APEX PHARMA
AUROBINDO
CADILA PHARMA
CAPLIN POINT
EMZOR PHARMA

MAYER ORGANICS
MSN LABS
SANOFIAVENTIS
SERDIA CHEMICALS
SPARSH BIOTECH
SUN PHARMA
TORRENT PHARMA
WOCKHARDT
ZYDUS CADILA

Management Discussion and Analysis

During the F.Y. 2014 – 2015 we have not only retained the existing customers but have also been able to successfully add few more prestigious pharma companies in our clientele. Further in order to improve the profitability from foil business, the Company is continuously monitoring every element of operational cost at micro level. Suitable measures to control the overall operating cost have been taken in various processes which has improved the bottom line of your Company.

As regards CPB business, Nutriwrap as a brand has strengthened itself among the top three brands with national footprint. Sales and distribution, sales team quality, product portfolio enhancement have been strengthened, leading to good growth in both the general trade segment and the modern trade segment. The base building work done provides a good platform for performance in the immediate future.

RISK AND CONCERNS

Your Company faces risk with similar to those faced by companies operating in the non-ferrous metal sector. The volatility of the primary metal LME linked price on account of fluctuation in \$ and LME continues to be a key issue and the success or failure is linked on how effectively companies are able to manage their purchase to tide over these critical periods. Profitability may also be affected on account of competition from existing and prospective manufactures of the same products and cheaper import from China.

QUALITY MANAGEMENT:

GFL had been accredited Certificates of Registration for following from renowned agencies:

SAFETY, HEALTH & WORK ENVIRONMENT

First of all your Company feels proud to announce that there were no major accidents reported during the F.Y. 2014 – 2015. This became possible only because of our continuous focus on safety. Your Company conducts training & counselling sessions for its employees under the umbrella of GMP on regular basis.

Continuation of small group activities & housekeeping competition had improved the motivation levels at shop floor resulting in good work environment at plant level.

ENERGY

The Company has a strong commitment towards energy conservation for the benefit of the Nation and itself. Efforts to optimize process parameters, modernize & upgrade technology as well as equipments, with the objective of increasing energy productivity are continuous and ongoing. Your Company ensures optimization of resources and is committed to control wastages and avoid air and water pollution.

It is a fact that conventional source of energy is limited in this universe. In the context it is prime responsibility of all of us to ensure optimum utilisation of energy. There are two fold benefits by ensuring the same:

Every unit of power saved is equivalent to same quantity of power generated without any additional cost & without generating Green House Gases.

Such savings help us in reducing our cost of production.

Following actions have been initiated to have continuous mapping on consumptions during the F.Y. 2014 – 2015:

Your Company is continuously monitoring machine wise power consumptions in all the processes. This type of monitoring is helping us to identify machine wise power consumption in form of KWH / MT or NM³ / MT processed from individual machine centres further enabling us to find out product wise energy consumption. Increased energy consumption / MT of processed

material will clearly indicate us about the health of equipment at very beginning stage. The same can be corrected at appropriate time before machines goes on breakdown.

Your Company feels proud to announce that we at GFL continued to take Credits from Uttar Gujarat Vij Company Ltd. (UGVCL) for consistently maintaining our power factor up to 0.97. We also feel proud to announce that your Company had taken the credit from UGVCL amounting Rs.3,59,589/- in F.Y. 2014 – 2015 on account of maintaining power factor consistently as per the set out regulation.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company views Internal Control as a tool for improving operational performance and ensuring reliability of reporting mechanism. The Company is equipped with adequate internal control systems for its business operations which determine the efficiency of its operational strengths in financial reporting and ensure compliance with applicable laws and regulations. The Company continuously monitors the effectiveness of the internal controls with an objective to provide to the Audit Committee and the Board of Directors, an independent, objective and reasonable assurance on the adequacy and effectiveness of the organization's risk management, control and governance processes. The Company also assesses opportunities for improvement in business processes, systems and controls; provides recommendations designed to add value to the organization and follows up on the implementation of corrective actions and improvements in business processes after review by the Audit Committee and the Senior Management. The internal control systems are supplemented by extensive audits conducted by internal auditors. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization, and ensuring compliance of corporate policies.

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company understands that employees are vital and valuable assets. Your Company recognizes people as the primary source of its competitiveness and continues to focus on people development by leveraging technology and developing a continuously learning human resource base to unleash their potential and fulfill their aspirations. It believes in creating a favorable work environment which can lead to innovative ideas. The Company has an optimum process of recruitment and awarding its human resource which leads to attraction and retention of highly qualified and productive individuals in the organization. The Company believes in promoting and nurturing work environment which is conducive to the development and growth of an individual employee, by employing the best HR practices such as performance management, reward and recognition policy, open work culture and effective employee communication.

The total number of employees in the Company stands at 317 (including employees employed on contract basis).

Financial Report

Independent Auditor's Report to the Members of GUJARAT FOILS LIMITED

To the Members of
GUJARAT FOILS LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **GUJARAT FOILS LIMITED** ("the Company") which comprise the Balance Sheet as at 31 March, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of the financial statements that gives a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Opinion

Notes forming part of the Financial Statements

Note 1

SIGNIFICANT ACCOUNTING POLICIES

I. Accounting Convention

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013. The financial statements are prepared on accrual basis under the historical cost convention using prudence.

II. Use of Estimates

The preparation of financial statements in conformity with generally Accepted Accounting principles requires judgments, estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and differences between actual results and estimates are recognized in the periods in which the results are known/ materialize.

III. Inventories :

- Raw Materials are valued at cost on FIFO basis
- Stores and Spares are valued at cost on FIFO basis.
- Finished Goods and Work-in-Process are valued at cost which includes material cost; cost of conversion and other related costs or realizable value whichever is lower.
- Scrap is valued at estimated realisable value.

IV. Fixed Assets

Tangible Assets are stated at cost, net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent expenditures related to an item of Tangible Asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

V. Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation is provided on pro-rata basis from the date the asset is put to use.

VI. Revenue Recognition

(i) Sales

- a) Sales are recognized when the products leave the premises of the company.
- b) Sales are net of Excise Duty, VAT and CST.

(ii) Other operations

Time is essence when Interest Income is accounted for.

VII. Retirement benefits

Retirement benefits have been recognized as per actuarial valuation.

Notes forming part of the Financial Statements

VIII. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. The impairment loss as determined above is expensed off. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

IX. Income Tax

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/period. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised if there is virtual certainty that sufficient future taxable income will be available to realize the same.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

X. Foreign Currency Transaction

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Monetary assets and liabilities are restated at the year end rates.

Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Statement.

XI. Provisions, Contingent Liabilities and Contingent Assets

Provision is recognized in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed by way of notes to accounts.

Contingent assets are neither recognised nor disclosed in the financial statements.

XII. Segment Reporting

The Board of Directors of the company is of the opinion that there are no separate reportable segments as per AS-17 as the entire operations of the company is related to one reportable segment comprising of Aluminum Rolled Products and Foils.

XIII. Investments

Current investments are carried at lower of cost and quoted/fair value, computed category-wise. Non Current investments are stated at cost. Provision for diminution in the value of Non Current investments is made only if such a decline is other than temporary.

The re-appointment of Mr. Prasenjit Datta as Whole Time Director is in the interest of the Company and the Company expects to gain substantially by his vast experience. His re-appointment will help the Company to achieve its future endeavors.

The Company has received notice along with deposit amount from a member proposing the candidature of Mr. Prasenjit P. Datta for the Office of the Whole Time Director of the Company.

The Board accordingly recommends the resolution as set out in Item No. 7 of the Notice for approval of the members.

None of the Directors other than Mr. Prasenjit Datta / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No.7of the Notice. The Board commends the Special Resolution set out at Item No. 7of the Notice for approval by the shareholders.

ITEM NO. 8

The Registered Office of the Company is situated at 3436-3439, Chhatral G.I.D.C Phase- IV, Taluka Kalol, Dist. Gandhinagar, Gujarat- 382729 and Corporate Office is at 16th Floor, 1601, Tower 3, Indiabulls Finance Centre, Senapati Bapat Marg, Elphinstone Road (West), Mumbai – 400013, Maharashtra.

Since the Secretarial and Finance Department are functioning from Corporate Office and it is the primary responsibility of these departments to keep the registers and documents as mentioned in the above resolution, it is necessary that all the above referred documents and registers should be maintained and kept at the Corporate Office only instead of keeping the same at the Registered Office. More than 10% of total members reside in Mumbai, Maharashtra. It will be beneficial for the Company without incurring any additional expenses.

The Board recommends to keep the registers maintained under Section 88(1) [i.e. Register of Members etc.] and copies of the annual returns filed under Section 92 of the Act and other documents at the Corporate Office at Mumbai.

In terms of the provisions of Sec. 94(1) of the Companies Act 2013, Registers and copies of the returns as aforesaid may also be kept at any other place in India other than at the Registered Office of the company, in which more than one-tenth of the total number of members entered in the Register of Members reside, by passing a Special Resolution at the general meeting of the Company. The Board commends the resolution as set out at Item No.8 for approval of Members as Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise in the Resolution.

ITEM NO. 9

The Company, in order to meet its growth objectives and to strengthen its financial position, is required to generate long term resources by issuing securities. It is therefore deemed appropriate to increase the Authorised Share Capital of the Company and for that purpose, the Memorandum of Association of the Company is proposed to be suitably altered.

The provisions of the Companies Act, 2013 require the Company to seek the approval of the Members for increase of the Authorised Share Capital and for the alteration of capital clause of the Memorandum of Association of the Company. Accordingly, the Board of Directors recommends the resolutions set out at Item No. 9 of the Notice as Special Resolution for the approval of the Members.

None of the Directors and Key Managerial personnel of the Company or their relatives is/are, in any way, deemed to be concerned or interested in the said resolution, except to the extent of their shareholding, if any, in the Company.

ITEM NO. 10

The proposed Special Resolution set out at Item No. 10 is an enabling Resolution authorizing the Board of Directors (including any committee thereof for the time being exercising the powers of the Board) to raise resources by issue of Convertible/Non-Convertible Non-Cumulative Redeemable Preference Shares of face value of ₹ 10/- each, for an aggregate value not exceeding ₹ 40 Crores ("Preference Shares") for the purpose of net worth rebuilding and strengthening the long-term resource base of the Company, including meeting the working capital requirements.
