4. **OPPORTUNITIES AND THREATS**

The Indian Government focus on Make in India projects and involving new business ideas and market oriented organization. Printing and Print - Packaging industry in India is growing slowly & gradually. There are numbers of emerging competitors both in the form of organized or unorganized players mostly at regional level. Digital Print, E-media, E-magazines and E-pamphlets are the main threats for our industry.

5. **OUTLOOK**

Globally, industry strives to increase their revenues by maximizing the reach of their content. Having recognized this universal fact, your organization has focused its energies on helping its customers reach their content to newer markets, through newer channels and through newer platforms. This is done by aggregating their content, managing it, converting it and finally disseminating it to customer anywhere in the world. This is a mission that enables us to participate in the process of spreading education regarding printing and print-packaging, making content available to more clients and enabling our customer's growth.

6. **RISKS AND CONCERNS**

In any business, risks and prospects are inseparable. As a responsible management, the Company's principal endeavor is to maximize returns. The Company continues to take all steps necessary to minimize its expenses through detailed studies and interaction with experts.

7. **INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

INDEPENDENT AUDITORS' REPORT

To the members of

KIRAN PRINT-PACK LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **Kiran Print-Pack Ltd.** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March 2018 and its Profit (financial performance including other comprehensive income), the changes in equity and its Cash Flows for the year ended on that date.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order 2016 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, based on our audit, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules 2015, as amended.
 - (e) On the basis of written representations received from the directors as on 31st March, 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer our separate report in Annexure B to this report.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which could impact its financial position.

Annexure B - referred to in clause (f) of paragraph 2 under the heading “Report on Other Legal and Regulatory Requirements” of the Independent Auditors’ Report of even date on the Financial Statements of Kiran Print-Pack Ltd. for the year ended 31st March, 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of Kiran Print-Pack Limited (“the Company”) as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) by the ICAI and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Control. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, including obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of

management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

**Notes forming part of the Financial Statements for the year ended 31st March, 2018****1. Company Information**

Kiran Print-Pack Limited (“the Company”) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956.

2. Basis of Preparation

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended and the presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to Financial Statements.

These Financial Statements are the Company’s first Ind AS Financial Statements and are covered by Ind AS 101, “First- time adoption of Indian Accounting Standards”.

For all periods up to and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with Accounting Standards notified under section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (previous GAAP).

An explanation of how the transition to Ind AS has affected the Company’s equity and its net profit is provided in Note No. 40.

The financial statements have been prepared on an accrual basis and under the historic cost basis.

The preparation of the financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in the outcomes that require a material adjustment to the carrying amounts of assets or liabilities in future periods.

3. SIGNIFICANT ACCOUNTING POLICIES**3.1 Current versus Non-Current Classification**

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle, and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and services provided and the time between the acquisition of assets for processing and rendition of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as up to twelve months for the purpose of current / non-current classification of assets and liabilities.

3.2 Property, Plant and Equipment

Property Plant and Equipment are stated at cost of acquisition, installation or construction including other direct expenses incurred to bring the assets to its working condition for its intended use, less accumulated depreciation / amortization / impairment losses, if any.

Property, Plant and Equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses arising in the case of the retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognised in the Statement of Profit & Loss in the year of occurrence.

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP and used that carrying values as the deemed cost of the property, plant and equipment.

3.3 Depreciation on Property, Plant and Equipment

Depreciable amount for property, plant and equipment is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on property, plant and equipment is provided on Straight Line Method using the rates arrived at based on the useful lives of the assets as specified in Schedule II of the Companies Act, 2013. Depreciation on property, plant and equipments acquired and/or disposed off during the year is provided on pro-rata basis.

The assets’ residual values and their useful lives are reviewed at each financial year-end and adjusted prospectively, if considered appropriate.

An asset’s carrying amount is written down to its recoverable amount if the asset’s carrying amount is greater than its estimated recoverable amount.

3.4 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets**Classification**

Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss, on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial Recognition & Measurement

All financial assets are recognised initially at fair value, plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition cost of the financial assets.

Subsequent Measurement

For the purposes of subsequent measurement, financial assets are classified in two broad categories:

- Financial assets at fair value
- Financial assets at amortised cost

When assets are measured at fair value, gains and losses are either recognised in the Statement of Profit & Loss i.e. fair value through profit or loss (FVTPL), or recognised in other comprehensive income i.e. fair value through other comprehensive income (FVOCI).

Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost when asset is held within a business model, whose objective is to hold asset for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method less impairment, if any. The losses arising on impairment are recognised in the Statement of Profit & Loss.

Financial Assets Measured at Fair Value Through Other Comprehensive Income (FVOCI)

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income.

Financial Assets Measured at Fair Value Through Profit or Loss (FVTPL)

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

Investment in Equity Instruments

Equity instruments which are held for trading are classified as FVTPL. All other equity instruments are classified as FVOCI. Fair value changes on the instruments, excluding dividends are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

Derecognition of Financial Assets

A financial asset is derecognized when the right to receive cash flows from the asset has expired or the Company has transferred its right to receive cash flows from the asset.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition.

Financial Liabilities

Classification

Company classifies all financial liabilities as subsequently measured at amortised cost or Fair Value through Profit or Loss.

Initial Recognition & Measurement

All financial liabilities are recognised initially at fair value, and in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Classification and Subsequent Measurement

If a financial instrument that was previously recognised as a financial asset is measured at fair value through profit or loss and its fair value decreases below zero, it is a financial liability measured in accordance with Ind AS. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities as fair value through profit or loss.

Loans and Borrowings

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through EIR amortisation process. The EIR amortisation is included as finance costs in the Statement of Profit & Loss.

Derecognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are

substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit & Loss.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis to realise the asset and settle the liability simultaneously.

3.5 Inventories

Inventories of Stock-in-Trade, Raw Materials and Consumables are valued at lower of cost and net realisable value after providing for obsolescence and other losses wherever considered necessary. Costs include all cost of purchase and other incidental costs incurred in bringing the inventories to their present location and condition. Cost is arrived at on FIFO basis.

Materials and other items held for use in production of inventories are not written below cost, if the finished products in which they will be incorporated are expected to be sold at or above cost.

Finished products are valued at lower of cost and net realisable value.

3.6 Cash and Cash Equivalents

Cash and Cash Equivalents for the purpose of cash flow statement comprise of cash on hand and cash at bank including fixed deposit with original maturity period of three months or less.

3.7 Cash Flow Statement

Cash flows are reported using the indirect method, whereby the net profit before tax is adjusted for the effects of transactions of the non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.8 Fair Value Measurement

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing an asset or liability acting in their best economic interest.

Company measures financial instruments at fair value at each balance sheet date in accordance with Ind AS 113. Financial Statements have been prepared on the historical cost basis.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure the fair value, maximize the use of relevant observable inputs and minimizing the use of unobservable inputs.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability.

3.9 Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction. The net gain or loss on account of exchange differences arising on settlement of foreign currency transactions and / or restatement are dealt with in the Statement of Profit & Loss as income or expenses of the period in which they arise. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported using the rate prevailing as on that date. The resultant exchange differences are recognised in the Statement of Profit & Loss

3.10 Income Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable after the deduction of any trade discounts and rebates and the contractually defined terms of payment and excluding taxes or duties collected on behalf of the Government.

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, as per the terms of the contract.

Revenues from services are recognized when the services are rendered. Interest income is recognised on time proportion basis taking into account the amount outstanding and applicable interest rate.

3.11 Employee Benefits

Short Term Employee Benefits

These are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the period in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability after deducting any amount already paid.

3.12 Operating Lease

The Company has leased certain tangible assets, and such leases, where the Company has retained substantially all the risks and rewards of ownership, are classified as Operating Lease. Lease income is recognised in the Statement of Profit & Loss under "Rent" in Note No. 20 on a straight-line basis over the lease term. Initial direct costs are recognised in the Statement of Profit & Loss.

3.13 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the company's earnings per share are the net profit after income tax for the period.

**3.14 Accounting for Tax**

Provision for Current Tax is made on the basis of estimated taxable income for the year in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax resulting from timing differences between the book and tax profits for the year is accounted for using the tax rates and laws that have been substantively enacted as of the Balance Sheet date.

Current and deferred tax are recognised in the Statement of Profit & Loss, except when they relate to items that are recognized in Other Comprehensive Income or directly in Equity, in which case the current and deferred tax are also recognized in Other Comprehensive Income or directly in Equity, respectively.

In case of unabsorbed losses and unabsorbed depreciation, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profit.

The Company writes down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which deferred tax asset can be realised.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been substantively enacted by the balance sheet date and are expected to apply to the taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the enactment date. The carrying amounts of deferred tax assets / liabilities are reviewed at each Balance Sheet date.

3.15 Provisions, Contingent Liabilities, Contingent Assets and Commitments**General**

Provisions are recognised when there is a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. Then discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not recognised in the financial statements.

Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are neither recognized nor disclosed in the financial statements.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

3.16 Investments

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments.

Current Investments are stated at lower of cost and fair value. Non-current Investments are carried individually at cost, less provision for diminution, other than temporary, in the value of such investments.

Cost of investments includes expenses directly incurred on acquisition of investments.

3.17 Impairment of Assets

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value. An impairment loss, if any, is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired. Reversal of impairment losses recognised in the prior years is recorded when there is an indication that the impairment losses recognised for the assets no longer exist or have decreased.

3.18 Non-Current Assets held for Sale

The Company classifies non-current assets as assets held for sale in their carrying amounts that will be recovered principally through a sale rather than through continuing use. Such non-current assets classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell. Any expected loss is recognised immediately in the Statement of Profit & Loss.

The criteria for held for sale classification is regarded as met only when the sale is highly probable i.e. an active program to locate a buyer to complete the plan has been initiated and the asset is available for immediate sale in its present condition and the assets are expected to be sold at a price that is reasonable in relation to its current fair value. Actions required to complete the sale should indicate that it is unlikely that significant changes to that plan to sale these assets will be made. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Property, plant and equipment once classified as held for sale are not depreciated.

Assets classified as held for sale are presented separately as current items in the balance sheet.

3.19 Recent Accounting Pronouncements

Appendix B to Ind AS 21, foreign currency transactions and advance consideration: On March 28, 2018, the Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact of the same is not material.

Ind AS 115, Revenue from Contract with Customers: On March 28, 2018, the MCA notified the Ind AS 115 – Revenue from Contracts with Customers. The core principle of the new standard is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the standard requires enhanced disclosures about nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contract with customers.

The standard permits two possible methods of transition:

- Retrospective approach – Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.
- Retrospectively with cumulatively effect of initially applying the standard recognised at the date of initial application (cumulative catch-up approach)

The Company will adopt this standard on April 1, 2018 and the effect of the adoption of Ind AS 115 is expected to be insignificant.

4. Critical Accounting Judgments, Estimates and Assumptions

The preparation of Company's financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the assets or liabilities in future periods.

- (a) Arrangement containing lease
At the inception of an arrangement, the Company determines whether the arrangement is or contains a lease. At the inception or on assessment of an arrangement that contains a lease, the Company separates payments and other considerations required by the arrangement into those for the lease and those for the other elements on the basis of their relative fair values.
- (b) Multiple element contracts with vendors
Company has entered into multiple element contracts with vendors for supply of goods and rendering of services. The consideration paid is/may be determined independent of the value of supplies received and services availed. Accordingly, the supplies and services are accounted for based on their relative fair values to the overall consideration. The supplies with finite life under the contracts (as defined in the significant accounting policies) have been accounted under Property, Plant and Equipment since the Company has the economic ownership in these assets. Company believes that the current treatment represents the substance of the arrangement.
- (c) Property, Plant and Equipment
Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalised – Useful life of tangible assets is based on the life as prescribed in Schedule II of the Companies Act, 2013.
- (d) Recognition of deferred tax and income tax
Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available in the future against which the deductible temporary differences can be utilised.
Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. Company reviews at each balance sheet date the carrying amount of deferred tax assets and liabilities. The factors used in estimates, may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.
- (e) Recognition and measurement of other provisions
The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figures included in other provisions.
- (f) Contingencies
Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.
- (g) Allowance for uncollected accounts receivable and advances
Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgment in making these assumptions and selecting the inputs to the impairment calculations are based on past history, existing marketing conditions as well as forward looking estimates at the end of each reporting period.

- (h) Impairment reviews
Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount. Recoverable amount is the higher of its fair value less costs to sell and its value in use. The value in use calculation is based on a discounted cash flow model. In calculating the value in use, certain assumptions are required to be made in respect of highly uncertain matters, including management's expectation of growth in the earnings, long term growth rates, and the selection of discount rates to reflect the risks involved.

Fair Value Hierarchy

The section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value; and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under Ind AS 113 – Fair Value Measurement. An explanation of each level is given at the end of the table.

(Amounts in Rs.)

Financial Assets and Liabilities measured at Fair Value	31 st March'18			31 st March'17			1 st April'16		
	Level			Level			Level		
	I	II	III	I	II	III	I	II	III
Financial Assets									
Recurring fair value measurements									
Investments	-	-	-	-	-	-	-	-	-
Non-Recurring fair value measurements									
Investments	-	-	-	-	-	-	-	-	-
Trade Receivables	-	-	13,23,929	-	-	15,99,772	-	-	20,33,199

Other Current Financial Assets	-	-	2,35,18,327	-	-	2,43,67,694	-	-	2,24,49,044
Cash and Cash Equivalents	-	-	45,98,733	-	-	36,86,461	-	-	17,48,785
Total Financial Assets	-	-	2,94,40,989	-	-	2,96,53,927	-	-	2,62,31,028
Financial Liabilities									
Non-Recurring fair value measurements									
Borrowings	-	-	12,00,000	-	-	27,00,000	-	-	27,00,000
Trade Payables	-	-	2,28,487	-	-	4,15,130	-	-	3,65,459
Other Current Financial Liabilities	-	-	14,32,256	-	-	13,76,608	-	-	8,15,067
Total Financial Liabilities	-	-	28,60,743	-	-	44,91,738	-	-	38,80,526

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value the instruments are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant input is not based on observable market data, the instrument is included in Level 3.

B. Financial Risk Management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk

(i) Risk Management framework

The Company's board of directors has the overall responsibility of overseeing and establishing the Company's risk management framework. The Company has a comprehensive risk management policy relating to the risks that the Company faces under various categories like strategic, operational, reputational and other risks and these have been identified and suitable mitigation measures have also been formulated. The board of directors reviews the key risks and the mitigation procedures periodically.

(ii) Credit Risk

Credit risk is the risk that a counter party will not meet its obligation under a financial instrument or a customer contract, leading to a financial loss. Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities.

(a) Trade Receivables

Customer credit risk is managed subject to Company's established policy, procedures and control leading to customer credit risk management. Credit limits are established for all customers based on internal rating criteria. Outstanding trade receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis. Management believes that the unimpaired amounts that are past due are still collectible in full, based on the historical payment behaviour and analysis of customer risk.

Break-up of Trade receivables under simplified approach

(Amounts in Rs.)

	31 st March'18	31 st March'17	1 st April'16
Gross Carrying Amount	17,23,929	15,99,772	20,33,199
Less : Impairment	4,00,000		
Carrying amount of trade receivables (net of impairment)	13,23,929	15,99,772	20,33,199

(b) Financial Instruments

The credit risk from balances / deposits with banks and other financial assets are managed in accordance with the Company's approved policy. Investment of surplus funds are made only with approved counter-parties and within limits assigned to each counter-parties. The limits are assigned to mitigate the concentration risk. These limits are actively monitored by the Company.

(iii) Liquidity Risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting its obligations. The Company monitors its rolling forecast of its liquidity position on the basis of expected cash flows. The Company's approach is to ensure that it has sufficient liquidity or borrowing headroom to meet its obligations at all point in time. The Company has sufficient short term fund based lines, which provides healthy liquidity.

(IV) Market Risks

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and commodity prices – will affect the Company's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

40. First time adoption of Ind AS

Pursuant to the Companies (Indian Accounting Standard) Rules 2015, the Company has adopted 31st March 2018 as the reporting date for first time adoption of Indian Accounting Standard (Ind AS) and consequently, 1st April 2016 as the transition date for preparation of financial statements. The financial statements for the year ended 31st March 2018, are the first financials prepared in accordance with Ind AS. Up to the financial year ended 31st March 2017, the Company prepared its financial statements in accordance with the Accounting Standards notified under section 133 of the Companies Act 2013, read together with the Companies (Accounts) Rules 2014 (previous GAAP). For preparing these financial statements, opening balance sheet was prepared as at 1st April 2016 i.e. the date of transition to Ind AS. The figures for the previous periods and for the year ended 31st March 2017 have been restated, regrouped and reclassified wherever required to comply with Ind AS and Division II of Schedule III to the Companies Act, 2013 and to make them comparable.

This note explains the principal adjustments made by the Company in restating its financial statements prepared in accordance with the previous GAAP, including the balance sheet as at 1st April 2016 and the financial statements as at and for the year ended 31st March 2017.

Exemptions

Ind AS 101 allows first time adopters certain exemptions from the retrospective application of certain requirements under Ind AS.

On transition to Ind AS, the Company has applied the following exemptions:

- Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April 2016 measured as per the previous GAAP and used that carrying value as the deemed cost of the property, plant and equipment.

Exceptions

The following exceptions have been applied in accordance with Ind AS 101 in preparing the financial statements.

- Derecognition of financial assets and financial liabilities – Company has elected to apply the derecognition requirements for financial assets and financial liabilities in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS
- Classification and measurement of financial assets - Company has classified the financial assets in accordance with Ind AS 109 on the basis of the facts and circumstances that exist at the date of the transition to Ind AS.

41. Reconciliation of Equity as previously reported under Previous GAAP to Ind AS – As per Annexure A attached.

42. Reconciliation Statement of Profit & Loss as reported under Previous GAAP to Ind AS for the year ended 31st March 2017 – As per Annexure B attached.

43. Figures for the previous year have been regrouped, recast and rearranged wherever considered necessary to conform to the layout of accounts of the current year.
