Management Discussions and analysis forming part of Directors' Report

The Management of Systematix Securities Limited is pleased to present the following Management Discussion and Analysis Report which contains a brief write-up on the industry structure, opportunities and concerns, performance of the company with respect to the operations other information. This chapter on Management Discussion and Analysis forms a part of the compliance report on Corporate Governance.

Indian Economy And Industry Overview

Recovering from the global meltdown effect of last two years, India is now poised and set to be the second fastest growing economy in the Asia Pacific Region. The productivity growth rate of Indian economy is estimated to be around 8% and it is expected to sustain until 2020. Infrastructure integrated with real estate development has been the backbone of such sustained growth and continue to be the focal point for our economy. High per Capita income resulting in high per capita spending is directly related to the demand of our products and we foresee a bright future ahead.

Economic Overview (2015-16)

For the Indian economy, 2016 has been one of its most disappointing years, with GDP growth plummeting to sub-5% levels even as inflation has remained stubbornly high. It is therefore natural that industry is hoping for better times in 2017. While there are early indications of a revival in the economy, it is by no means certain that a decisive turnaround will take place. The year 2016 has been a watershed for India in political and economic terms. On its part, the Reserve Bank of India (RBI) has been fine-tuning its policies to prop up growth and curb inflation. We expect growth to revive gradually going into the next fiscal; with an estimate for GDP growth of more than 8.0% in FY16. This will also be supported by affirmative action by the RBI, though the timing could be more during the second half of the year.

OPPORTUNITIES & THREATS

As a financial services intermediary, the company's growth and profitability are, to a large part, dependent on the stable growth and functioning of the Capital markets. The growth of financial services sector will allow the Company to grow businesses in each of the verticals. However, stubborn inflation, high fiscal and slow pace of reforms has led to the sliding of Indian GDP growth to around 7.6%. Renewed political uncertainty at the centre currently is continuing to cast its shadow on the return of growth. Given this not too-rosy scenario for FY16, the goal for this year for the Company will be to improve operating efficiency.

RISKS AND CONCERNS

The Company faces normal business challenges of market competition in its business and needs to continuously seek attractive growth opportunities. The Company adopts suitable business strategies to counter these challenges. As a part of the overall risk management strategy, the Company consistently insures its assets and generally follows a conservative financial profile by following prudent business practices.

INTERNAL CONTROL SYSTEM

The Companies Internal control/supervisory system is established to ensure that board and management are able to achieve their business objectives in a prudent manner, safeguarding the interest of Companies shareholders and other stakeholders whilst minimizing the key risk such as fraud, misleading financial statements, breach of legal and contractual obligation, unauthorized business activity.

HUMAN RESOURCE

Your Company follows a strategy of attracting and retaining the best talent and keep employees engaged, motivated and innovative. The Company continues to have cordial relations with its employees and provide personnel development opportunities for all round exposure to them.

FINANCIAL & OPERATIONAL PERFORMANCE

Financial and Operational performance forms part of the Annual Report and is presented elsewhere in the report.

CAUTIONARY STATEMENT

Some of the Statements in Management discussion and Analysis describing companies objective may be "forward looking statement" within the meaning of applicable Securities law and Regulations. Actual results may differ substantially or materially from those expressed or implied. Important factors that could influence companies operation include various global and domestic economic factors.

Annexure A to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We have audited the internal financial controls over financial reporting of Systematix Securities Ltd. ('the Company') as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
