MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Overview:

There has been a number of causes behind growth of Indian economy in last couple of years. A number of market reforms have been instituted by Indian Government and there has been significant amount of foreign direct Investment made in India.

India's foreign exchange reserve have gone up in last few years. Real estate sector as well as information technology industries of India have taken off. Capital Markets of India are doing pretty well too. All these factors have contributed to the growth of Indian economy.

However data shows a perceptible decline in the performance of core sector. Sectors like Natural Gas, fertilizers, cement and steel are largely responsible for this poor performance.

The BSE Sensex barely moved despite the Prime Minister's economic advisory council forecasting a GDP growth of 5.5% in 2014-15, marginally better than the 4.7% pace at which India grew in 2013-14.

Industry Structure and Development – Overview:

Indian economy is going through a period of rapid 'financial liberalisation'. Today, the 'intermediation' is being conducted by a wide range of financial institutions through a plethora of customer friendly financial products. The segment consisting of NBFCs, such as equipment leasing/hire purchase finance, loan and investment companies, etc. have made great strides in recent years and are meeting the diverse financial needs of the economy. These NBFCs provide a variety of services including fund-based and fee-based activities and cater to retail and non-retail markets and niche segments. They are being recognized as complementary to the banking sector due to their customer-oriented services, simplified procedures, attractive rates of return on deposits, flexibility and timeliness in meeting the credit needs of specified sectors.

With virtually all finance company business lines coming under greater competitive pressure, defining strategic initiatives and backing each with the necessary resources has become imperative for success. On the consumer side of the business, the ability to compete in various product offerings often is dictated by operational efficiencies and economies of scale. In this respect NBFC's face problems of high cost of funds because they lack the nation wide branch network and have a comparatively lower Tier-I and Tier- II capital base.

We witness that NBFC sector, in India are facing stiff competition from different banks and financial institutions. The cost of funds of banks is lower as compared to NBFC's. Not only this, they have a very wide network and huge capital base which makes them more attractive than NBFC'. However as the market is volatile in nature, the long term growth of capital market calls for a matter of concern.

Opportunities, threats, risks and concerns:

Being a Financial company, SVIL is exposed to specific risks that are particular to its business and the environment within which it operates, including interest rate volatility, economic cycle, credit risk and market risk. The most important among them are credit risk, market risk and operational risk. The measurement, monitoring management of risk remains key focus areas for the company.

Your Company has operations in finance and equity investments. The independent finance industry issues debt and lends the proceeds to individuals (consumer finance companies) and corporations (commercial finance companies) on both a secured and unsecured basis. Unlike the commercial banks, whose deposit taking ability adds significantly to funding availability, finance companies rely almost exclusively on institutional borrowings and access to the public debt markets for funding. Consequently, the ability to access the short, medium and long-term markets at competitive rates is

critical to their ongoing viability. Your company faces tough competition from Nationalized, Foreign and Private Sector Banks due to their inability to grant loan at a considerably low rate of interest.

The company has its own specific risks that are particular to its business including default risk, fluctuation of interest rates, economic cycles etc. Moreover existing banks are moving into retail sector and regional banks like Assamese banks are coming into play, which poses major concern for your company. The volatility in the market is a matter of concern. However economic parameters being strong will upsurge the economy. Your company has a well defined and prudent business practice and a comprehensive Risk Management Policy to manage this risk.

Future Outlook:

Your Company is currently engaged in NBFC activities & Financial Management Services. The Company intends to continue focusing on NBFC activities including financing, Inter-corporate Investments & Capital Market activities. At the same time the company has plans to expand its business by offering a wide array of financial products and services.

With a dedicated team of people, the Company expects to establish growth ahead of market in the coming years. It would definitely try to establish itself and remain as a strong player in the finance industry. With the Capital market expected to be in a better mode than the previous few years and with our efforts we can look forward to a prosperous year for the company.

Internal Control Systems and their adequacy:

The Company has a proper and adequate system of internal control in all spheres of its activities to ensure that all its assets are safeguarded and protected against loss from unauthorized use or disposition and that the transactions are authorized, recorded and reported diligently.

The Company ensures adherence to all internal control policies and procedures as well as compliance with all regulatory guidelines.

Material Development in Human Resources/industrial relations front number of people employed:

The company has been able to maintain its existing resources by keeping pace with the changing business environment and by ensuring staff continuity. The Company has a team of able and experienced industry professionals and employees. The Company believes that people are the key ingredient to the success of an organization. Looking after people makes good business sense because, if people are motivated, service excellence will follow. The relations remain cordial throughout the year between employees and the management.

Financial and Operational Performance:

The performance of the company during the current year has not improved in comparison to previous year.

Cautionary Statement:

The Board of Directors have reviewed the Management Discussion and Analysis prepared by the Management, and the Independent Auditors have noted its contents. Statement in this report of the Company's objective, projections, estimates, exceptions, and predictions are forward looking statements subject to the applicable laws and regulations. The statements may be subjected to certain risks and uncertainties. Company's operations are affected by many external and internal factors which are beyond the control of the management. Thus the actual situation may differ from those expressed or implied. The Company assumes no responsibility in respect of forward looking statements that may be amended or modified in future on the basis of subsequent developments, information or events.

NOTES TO THE FINANCIAL STATEMENT**SIGNIFICANT ACCOUNTING POLICIES****Note -1****A. Basis of Preparation of Financial Statement**

The financial statements are prepared under the historical cost convention in accordance with the generally accepted accounting principles in India and the provisions of the Companies Act, 1956.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and estimates are recognised in the period in which the results are known /materialised.

C. Own fixed assets

Fixed Assets are stated at cost less accumulated depreciation and impairment, if any. Direct costs are capitalized until fixed assets are ready for use. Capital work-in-progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date.

D. Depreciation and amortization

Depreciation on fixed assets is provided on the written down value method over the useful lives of assets estimated by the Management at the rates and in the manner prescribed in Schedule XIV of the Companies Act, 1956.

E. Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection. Dividend income is recognized when right to receive is established. Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable. Depreciation for assets purchased/sold during a period is proportionately charged.

F. Impairment of Assets

An assets is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

G. Investments

Current investments are carried at lower of cost and quoted/fair value computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

H. Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis. By-products are valued at net realisable value.

I. Employee Benefits

Short term employee benefits are recognised as an expense at the undiscounted amount in the Profit and Loss account of the year in which the related service is rendered. Post employment and other long term employee benefits are recognised as an expense in the Profit and Loss account for the year in which the employee has rendered services.

NOTES TO THE FINANCIAL STATEMENT**J. Provision for Current and Deferred Tax**

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that enacted or substantively enacted as on the balance sheet date. Deferred tax assets is recognized and carried forward only to the extent that there is a virtual certainty that the asset will be realised in future.

K. Provisions, Contingent Liabilities and Contingent Assets

Provision involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

L. Previous year's figures have been regrouped and rearranged.
