MANAGEMENT DISCUSSION AND ANALYSIS REPORT
(Forms part of Director's Report)

Strengths & Opportunities:

Company is still in the process of exploring the possibility of water resources to get better yields to get back routine products like earlier, the lease got terminated last year and company is running on its own like earlier.

Karnataka State Government support in subsidizing for the replacement of poly sheets and also on planting material, power tariff like other states Maharashtra through SIFA (south Indian floriculture association) Bangalore.

Company is also in the process of developing new varieties to suit international markets particularly countries like Japan.

The demand for the Floriculture products not only worldwide even locally (Indian markets) has increasing. Still the problem on drought situation prevailed for more than 6 years.

Risks & weakness:

Professional competence has improved a lot. After lease agreement got terminated last year company is operating on its own in a professional way and trying for other export markets like Japan for better price realisations.

Still Unforeseen natural hazards, foreign exchange fluctuations, policies like import and export could have an impact on the performance and profitability of the company. Still the threat from other countries like china , Kenya and Ethiopia. at competitive prices has threat to this Industry always.

High turnover and experienced, skilled and competent man power.

Central Government air freight subsidies from APEDA not receiving on time/substantial delays will also affect company performance.

Varieties:

Floriculture products mainly consist of cut flowers, pot plants, cut foliage, seeds bulbs, tubers, rooted cuttings and dried flowers or leaves. The important floricultural crops in the international cut flower trade are rose, carnation, chrysanthemum, gagera, gladiolus, gypsophila, lialtris, nerine, orchids, archilea, anthuriu, tulip, and lilies. Floriculture crops like gerberas, carnation, etc. are grown in green houses. The open field crops are chrysanthemum, roses, gaillardia, lily marygold, aster, tuberosc etc.

Floriculture in India

Floriculture is an age old farming activity in India having immense potential for generating gainful self-employment among small and marginal farmers. In the recent years it has emerged as a profitable agri-business in India and worldwide as improved standards of living and growing consciousness among the citizens across the globe to live in environment friendly atmosphere has led to an increase in the demand of floriculture products in the developed as well as in the developing countries worldwide. The production and trade of floriculture has increased consistently over the last 10 years. In India, Floriculture industry comprises flower trade, production of nursery plants and

potted plants, seed and bulb production, micro propagation and extraction of essential oils. Though the annual domestic demand for the flowers is growing at a rate of over 25% and international demand at around Rs 90,000 crore India's share in international market of flowers is negligible. However, India is having a better scope in the future as there is a shift in trend towards tropical flowers and this can be gainfully exploited by country like India with high amount of diversity in indigenous flora.

After liberalization the Government of India identified floriculture as a sunrise industry and accorded it 100 percent export oriented status. The liberalization of industrial and trade policies paved the way for the development of export oriented production of cut flowers. The new seed policy has already made it feasible to import planting material of international varieties. Floriculture products mainly consist of cut flowers, pot plants, cut foliage, seeds bulbs, tubers, rooted cuttings and dried flowers or leaves. The important floricultural crops in the international cut flower trade are rose, carnation, chrysanthemum, gerbera, gladiolus, orchids, anthurium, tulip and lilies.

Marketing

In India Marketing of cut flowers is much unorganized. In most of the Indian cities flowers are brought to wholesale markets, which mostly operate in open yards. From here the flowers are distributed to the local retail outlets which more often than not operate in the open on-road sides, with different flowers arranged in large buckets. In the metropolitan cities, however, there are some good florist show rooms, where flowers are kept under controlled temperature conditions, with considerable attention to value added service. The government is now investing in setting up of auction platforms, as well as organized florist shops with better storage facilities to prolong shelf life. The packaging and transportation of flowers from the farms to the retail markets at present is very unscientific. The flowers, depending on the kind, are packed in gunny bags, bamboo baskets, simple cartons or just wrapped in old newspapers and transported to markets by road, rail or by air. However, the government has provided some assistance for buying refrigerated cargos and built up a large number of export oriented units with excellent facilities of pre-cooling chambers, cold stores and reefer vans.

Export Constraints

In spite of an abundant and varied production base, India's export of floricultural product is not encouraging. The low performance is attributed to many constraints like non-availability of air space in major airlines. The Indian floriculture industry is facing with a number of challenges mainly related to trade environment, infrastructure and marketing issues such as high import tariff, low availability of perishable carriers, higher freight rates and inadequate refrigerated and transport facilities. At the production level the industry is faced with challenges mostly related to availability of basic inputs including quality seeds and planting materials, efficient irrigation system and skilled manpower. In order to overcome these problems, steps must be taken to reduce import duty on planting material and equipment, reduce airfreight to a reasonable level, provide sufficient cargo space in major airlines and to establish model nurseries for supplying genuine planting material. Training centres should be established for training the personnel in floriculture and allied areas. Exporters should plan and monitor effective quality control measures right from production to post harvesting, storage, and transportation.

Demand and Supply

The demand for flowers is seasonal as it is in most countries. The demand for flowers has two components: a steady component and a seasonal component. The factors which influence the demand are to some extent different for traditional and modern flowers.

(i) Traditional Flowers:

The steady demand for traditional flowers comes from the use of flowers for religious purposes, decoration of homes and for making garlands and wreaths. This demand is particularly strong in Kerala, Karnataka, Tamil Nadu, Odisha and West Bengal, as the use of flowers for above mentioned purposes is part of their local culture. The bulk of seasonal demand comes from festivals and marriages. The demand is generally for specific flowers.

(ii) Modern Flowers:

The bulk of the steady demand for modern flowers comes from institutions like hotels, guest houses and marriage gardens. The demand is concentrated in urban areas. With increasing modernization and globalization the demand for modern flowers from the individual consumers is likely to grow enormously as the trend of “say it with flowers” is increasing and the occasions which call for flower giving will continue to present themselves. Although there is an increasing demand for modern flowers from individuals, institutions continue to be the dominant buyers in the market. The price of these flowers also depends on their demand and varies accordingly.

Risks & weakness:

Professional competinace has improved a lot. After lease agreement got terminated last year company is operating on its own in a professional way and trying for other export markets like Japan for better price realisations.

Still Unforeseen natural hazards, foreign exchange fluctuations, policies like import and export could have an impact on the performance and profitability of the company. Still the treat from other countries like china , Kenya and Ethiopia. at competitive prices has threat to this Industry always.

High turnover and experienced, skilled and competent man power.

Central Government air freight subsidies from APEDA not receiving on time/substantial delays will also affect company performance.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF

NAGARJUNA AGRITECH LIMITED

Referred to in Paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our Report

- i) a) The Company has maintained proper records, showing full particulars, including quantitative details and situation of fixed assets on the basis of available information.
- b) As explained to us, all the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such physical verification.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has acquired land in the name of individuals. The Rules in Karnataka State do not permit the companies to hold agricultural land in their names. However, the company has entered into agreement with the respective individuals for execution of necessary legal documents in respect of the title of the land. The consideration for purchase of said land has already been paid out of the company's funds, hence treated as an asset of the company. (Refer Note No: 2.2.8 of Notes to the financial statements).
- ii) The Company does not hold any physical inventories. Thus, paragraph 3(ii) of the Order is not applicable to the Company.
- iii) The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained U/Sec.189 of the Act.
- iv) In our opinion and according to the information and explanations given to us, in respect of loans, investments, guarantees and security the Company has complied with the provisions of Section 185 and 186 of the Act.

- v) According to the information and explanations given to us, the Company has not accepted any deposits from the public and accordingly the provisions of Clause (v) of paragraph 3 of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.
- vi) The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the activities rendered by the Company
- vii) a) The Company is regular in depositing with appropriate authorities undisputed statutory dues, including Income Tax and other statutory dues applicable to it.
- According to the information and explanations given to us no undisputed amounts payable in respect of Income Tax and other statutory dues applicable to it were in arrears, as at 31st March 2017 for a period of more than six months from the date they became payable.
- b) According to the information and explanations given to us, there are no dues of Income Tax and other statutory dues applicable to it, which have not been deposited with the appropriate authorities on account of any dispute
- viii) The Company does not have any loans or borrowings from any financial institution, banks, government or debenture holders during the year. Accordingly, paragraph 3(viii) of the Order is not applicable.
- ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable.
- x) In our opinion and according to the information and explanations given to us, no fraud by the Company and no fraud on the company by its officers or employees has been noticed or reported during the course of audit.
- xi) During the year the Company has not paid or provided any managerial remuneration. Thus, paragraph 3(xi) of the Order is not applicable to the Company.
- xii) Since the Company is not a Nidhi Company, the provisions of Clause (xii) of paragraph 3 of the Companies (Auditor's Report) Order, 2016 are not applicable to the Company.
- xiii) In our opinion and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act and as required by the applicable accounting standards the details of the transactions with the related parties have been disclosed in the notes to the financial statements. (Refer Note No: 2.24 of Notes to the financial statements)

- xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him.
- xvi) In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

**ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE
STANDALONE FINANCIAL STATEMENTS OF
NAGARJUNA AGRITECH LIMITED**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of
Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Nagarjuna Agritech Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NAGARJUNA AGRITECH LIMITED

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS FORMING PART OF THE BALANCE

1. SIGNIFICANT ACCOUNTING POLICIES:

a) Basis of preparation of Financial Statements:

The Financial Statements have been prepared under the historical cost convention in accordance with generally accepted accounting principles in India and comply in all material aspects with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 as adopted consistently by the Company.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles followed by the Company.

b) Fixed Assets:

Fixed Assets are valued at historical cost less depreciation. Attributable costs and expenses including borrowing costs for bringing the respective assets to working condition for their intended use are capitalized.

c) Depreciation:

Depreciation is provided on straight line method basing on the useful life of the assets prescribed under Schedule II of the Companies Act, 2013.

d) Investments:

Un-quoted long term Investments are valued at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

e) Revenue Recognition:

Revenue from the sale of grown items is recognised upon passage of the title to the customers which generally consists with the delivery and acceptance thereof.

Operating lease rentals are accounted on mercantile basis as per the terms of the lease agreement.

f) Foreign Exchange transactions:

All foreign currency transactions were initially recognized at the rate on the date of transaction.

Exchange differences arising on the settlement of monetary items were recognized as income/expense.

Monetary items as on the date of Balance Sheet are stated at the closing rate/realistic rate.

g) Cash Flow Statement:

The Cash Flow Statement has been compiled from and is based on the Balance Sheet and the related Statement of Profit and Loss for the year ended on that date. The Cash Flow Statement has been prepared under the indirect method as set out in the Accounting Standard - 3 on Cash Flow Statement issued by ICAI

Cash and cash equivalents in the cash flow statement comprise cash at bank, cash/cheques in hand and short term investments with an original maturity of three months or less.

NAGARJUNA AGRI TECH LIMITED

SIGNIFICANT ACCOUNTING POLICIES:

h) Impairment of Assets:

The Management assesses using external and internal sources whether there is any indication that an asset may be impaired. Impairment of an asset occurs where the carrying value exceeds the present value of cash flow expected to arise from the continuing use of the asset and its eventual disposal. The provision for impairment loss is made when recoverable amount of the asset is lower than the carrying amount.

i) Provisions and Contingent Liabilities and Contingent Assets:

Provisions in respect of present obligations arising out of past events are made in the accounts when reliable estimate can be made of the amount of obligations and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but if material, are disclosed in the notes to accounts. Contingent assets are not recognized or disclosed in the financial statements.

j) Operating Lease:

Operating Lease payments are recognized as an expense in the Profit and Loss Statement of the year to which they relate

k) Earnings Per Share:

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

l) Use of Estimates:

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known / materialised.

2.26 Segment Reporting:

As the Company's business activities falls within single segment the disclosure requirement of Accounting Standard 17 "Segment Reporting" is not applicable.

2.27 Deferred Tax Asset / Liability:

The management has taken the view that, floriculture activity comes under agricultural activity and since agricultural income is exempted from income tax, there is no need to recognise deferred tax asset/liability in the books of account.

2.28 Note on Land:

The company has acquired land in the name of individuals. The rules in Karnataka State do not permit the companies to hold agricultural land in their names. However, the company has entered into agreement with the respective individuals for execution of necessary legal documents in respect of the title of the land. The consideration for purchase of said land has already been paid out of the company's funds, hence treated as an asset of the company.

2.29 Note on Pending Litigations:

3.00 acres of land ownership is under dispute. The company was not aware at the time of purchase of land, that the sellers of the land belongs to Scheduled Casts and Scheduled Tribes. As per Karnataka Scheduled Casts and Scheduled Tribes (Prohibition of Transfer of Certain Lands) Act, 1978 they have no right to dispose / sell the land. The seller of the land claims that he belongs to Scheduled Casts and Scheduled Tribes. The matter is pending before Assistant Commissioner, Dodballapur Sub-Division, Bangalore. The Company is pursuing the matter and trying its best to protect the interests of the Members of the company. The proportionate cost of 3.00 acres land is Rs.5,69,419/- approximately.

2.30 Previous Years Figures:

The previous year's figures have been reworked / regrouped / rearranged / reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.

2.31 Balances subject to Confirmation:

Balances under sundry creditors, deposits, Investment in share application money, advances, amounts payable / receivable are subject to confirmation and reconciliation.
