MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Forward Looking Statement**

The Indian media and entertainment industry has again grown strongly in the past year. According to the KPMG-FICCI report, the entire industry has grown by almost 12%, which is again more than double of the country GDP. The more we, as industry players, can enable the growth of this industry, the more people across the country can be made aware of issues, be educated and entertained, see how other parts of the country and world are and connect with others. The management has carefully examined these trends and our planning and strategy going forward is to look at the areas where we see significant growth and advantages. We will continue to be cautious in areas where we believe there are significant challenges and threats ahead.

There were no major changes in the accounting policies during the year ended March 31, 2015.

Outlook:

The Company plans to produce commercial Films, Serial, Animation, 3D Unit and Joint Venture and to open 100% Subsidiary in Middle East, UK, USA for doing joint ventures /acquiring rights of films and TV Serials.

Some key themes that emerged last year in the film space are as follows:

1. The rally of sequels will continue as brand continues to be the king in films. Taking a direct clue from Hollywood, we expect that more sequels will be generate and more and more content is acquired from branded content in terms of TV shows, books and other language remakes.
2. Hollywood is meeting Bollywood in earnest and in many different areas and ways. A lot of Indian talent has made its way west to try their hand in the bigger budget films in America.
3. Piracy remains the largest issue. With the internet base in India growing strongly both wired and wireless, Peer-2-Peer networks have made the distribution of media assets easy and in most cases free. Thus to force a consuming base, which is aware of such technology, to begin to legitimately purchase these assets is becoming a huge challenge. Faster networks will hasten the emphasis of monetizing media assets but whether consumer mindsets can be adequately changed is the big question going forward.
4. Rising cost of talent is becoming a huge hindrance. Today even the largest Studios and Production Houses are battling the viability of their larger projects because talent is costing almost 50% of the budget. Today the leading stars have hiked fees substantially as well as taking points in profit participation.
5. There has also been a slowdown in real estate development which has in turn slowed down the delivery of new multiplexes. India remains an under-screened market however as new real estate projects stall, the opportunities for multiplexes in malls or Greenfield residential areas is therefore also hampered until these projects complete and demand is available.

Note No 1 - Notes for Financial Statements for the year ended 31st March, 2015**A. Significant Accounting Policies:****1. Fixed Assets:**

- Tangible fixed assets are stated at cost of acquisition or construction less accumulated depreciation. The cost of fixed asset includes non-refundable taxes & levies, freight and other incidental expenses related to the acquisition and installation of the respective assets. Borrowing cost attributable to acquisition or construction of qualifying fixed assets is capitalized to respective assets when the time taken to put the assets to use is substantial.
- Depreciation on fixed assets is provided on Written Down Value on the basis of the depreciation rates prescribed in Schedule II of the Companies Act, 2013 or based on useful life of the asset as estimated by the management, whichever is higher.

2. Basis of Accounting:

The financial statements have been prepared and presented under the historical cost convention on accrual basis of accounting and in accordance with the Generally Accepted Accounting Principles (GAAP) in India. GAAP includes Accounting Standards (AS) notified by the Government of India under Section 133 of the Companies Act, 2013, provisions of the Companies Act, 2013, pronouncements of Institute of Chartered Accountants of India and guidelines issued by Securities and Exchange Board of India (SEBI). The Company has presented financial statements as per format prescribed by Revised Schedule III, notified under the Companies Act, 2013, issued by Ministry of Corporate Affairs. Except where otherwise stated, the accounting policies are consistently applied.

3. Investments:

Long Term Investments are stated at cost except that there is permanent diminution in value of the said investment as required by AS-13. Company has acquired 50% stake Four Lions Films Pvt. Ltd.

4. Taxation:

Provision for current tax is made for the tax liability payable on taxable income after considering the allowances, deductions and exemptions and disallowances if any determined in accordance with the prevailing tax laws.

Deferred tax resulting from "timing differences" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. In the case of unabsorbed depreciation or carry forward losses, deferred tax assets are recognized only to the extent there is virtual certainty or realization of such assets. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Such assets are reviewed as at each Balance Sheet date to reassess realization.

5. Earnings per Share:

Basic earnings per share are calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

6. Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make assumptions, critical judgements and estimates, which it believes are reasonable under the circumstances that affect the reported amounts of assets, liabilities and contingent liabilities on the date of financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Difference between the actual results and estimates are recognized in the period in which the results are known or materialize.

B. Other Notes on Accounts:

- 1) In the opinion of the management, the current assets, loans and advances have the values on realization in the ordinary course of business at least equal to the amounts at which they are stated in the balance sheet except the trade receivables and loans and advances which falls under management's policy for bad and doubtful debts as taken in the previous years.

- 2) All debit and credit balances are subject to confirmation and reconciliation.
- 3) There are no dues to Micro, Small & Medium Enterprises as at Balance Sheet date and no interest has been paid to any such parties. This is based on the information on such parties having been identified on the basis of information available with the Company and relied upon by the auditors.
- 4) Earnings Per Share (EPS) The following reflects the profit and share data used in the basic and diluted EPS Computations:

	31st March, 2015 (₹)	31st March, 2014 (₹)
Profit / (Loss) after tax	79,79,917	(8,52,83,101.74)
Number of equity shares in calculating basic EPS	3,48,80,000	3,00,40,000
Earnings Per Share (EPS) (Basic/Diluted)	0.23	(2.84)

- 5) As stated in earlier years annual reports, the Farm and Hatchery land together with the structures and ancillary assets/material stocks on the land including moveable assets related to farm division which was mortgaged with the consortium banks, was disposed off by the banks in the financial year 2005-06 and 2006-07 respectively by holding auction sale under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. Besides the sale of above moveable and immovable assets, banks also auctioned the agricultural land kept as collateral security by one of the promoters with the lending banks at the time of disbursement of loan. Since there was neither any feedback nor any intimation by the banks regarding the ratio in which they distributed amongst themselves the said realized amount, it is apportioned between the consortium banks in proportion to the various loans outstanding and provided in the books till the date of recalling of advances by individual banks. On sale of said properties including moveable assets during the year by the banks under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, the amount against said facilities and loans has been categorized as unsecured loans.
- 6) Cash Credit, Packing Credit and demand working capital loan from banks were secured by hypothecation of stock and book debts and term loan from banks were secured by pari-passu charge on all the immovable properties of the company and hypothecation of moveable assets. On sale of said properties including moveable assets by the banks under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, the amount against said facilities and loans has been categorized as unsecured loans of the accounts.
- 7) In Compliance with Accounting Standard - 22 "Accounting for Taxes on Income" issued by The Institute of Chartered Accountants of India, the deferred tax assets/liabilities (net) accruing during the current year ` 9,843/- (Previous period ` 2,378/-) has been shown in the statement of Profit & Loss. Deferred Tax Assets/ Liability are calculated at the end of Financial Year as per Companies Act, 2013.
